

Aug 3, 1969

12-14-05 Willie Fuller Married, 2 children

H.S., ^{1 year} Louisiana University, FCC 1 year

Born: Monroe Louisiana

Day shift 5:00 AM, large building, mostly
caucasian environment and wasn't use to that
he went to all Black H.S. etc

Trim Regulators job 2 years B-Hardware

Supervisors - "yes man"

Union - 90 days

3 Blacks - hired same day. Quite a few hispanics
Spaced out all over plant, Fewer women.

Pay - didn't care as long as he was paid

1975 - Became Supervisor for Material Control -
put in because he didn't like what he was seeing on
the floor.

^{Per Diem} Supervisor - two standards between races
Safety in material dept - not an issue
stock rotation was necessary

he said they needed to work more with employees

Never Discharged an employee. Let people do their job.

^{Per Diem} Supervisor for 8 months, after that they would take
seniority from you, 1 week. Difference in pay scale
in Per Diem

Union - 1995 material Represent to the best of your ability
Wife worked in the plant - not hard on them to have a
relationship, do not believe what you hear.

transition - hourly vs salary,

lunch time, wagon - broke monotony

Salary - more leeway
ate lunch at desk, not with Salary
Parked in family lot.

Family members in plant - wife only

good mgr - Do what needed to do to get job done, Don't Bully employees
many Farmers from up north they only knew the T.V. Blacks
not what reality is. Perceptions of blacks was wrong.
This Changed over time.

1968 - labeled as radical because spoke his mind.

1990 - everything is getting a little better still
reflective of the country.

Changes you helped to make happen - History Programs

Fisher Body - Integrity in the Brand

"Capital of Quality" - right tools to build car.

Lunch time - Martial Arts, exercise

Best Memory - another plant member complimented
Not into pranks

Participated in dinners, etc

Vendor in plant - barbecue, D.J.

Union hall - 1

Family -

Strikes - no food stamps during this time.

Retiree -

Cars
