

Linda Johnson

November 23 2005

10 30 AM

June, 1978

Aug 6, 78 Seniority Date

Green House

divorced, 2 kids, College, 2 degrees

Larry Johnson husband worked @ Fisher

2nd Shift Trim - BMX moldings on 98's - 1 1/2 to 2 years

Then sent to cutlass line - Back light moldings

Pranks - No to her, yes to others.

1980 Employee involvement started - News letter editor

Supervisor - Favorite

Noisy, a lot of stock everywhere

Editor - acceptance by salary, not accepted at first only a helper

Editor responsibilities, edit the news letter, take photo's, graphic arts,

Education and training arena

~~Most Memorable~~

Best memory - 93 X-mas, Take photo in paint dept, turbo booth dumped because of photo flash. In trouble, shut line down, felt bad, cost \$300,000

Drive Scooter around,

Accident - cut arm, went to medical,

Liked stories about families. Stories came from employees.

Started Graduation issue news letter in 1987, Started at 30 kids went to 130 kids.

Boss - John Anjlockas - helped her become a better writer.

Later on John Rosendahl - good with people.

Rules - don't debate safety, no mgmt against mgmt or union against union member.

MSU Journalism degree

Methodist Publishing - Reviewed book covers

Editor hours - 2 day/week split shift. Sometimes brought kids to work.

4 page news paper - 1 per week

Over time went to one each
Body, Chassis, & Combined newsletters
Paid bills

Union member - bigger than her, it's about the group
not just one person.

Planning celebrations for the plant.

Best lunch ever - Great job to employees - given a lunch,
Team awards - pizza party for employees - She took photo for
the news letters.

Bring your child to work - took photo's for news letters.
Career Day at work.

Office parties - John Rosendahl's group - had a lot of parties
always did something for the employee.

Annual Party outside of the work environment.

Tuition Assistance Program to further education
Needed Computer experience

Didn't go on to many off site outings. Went to Saturn at
one time.

Plant tours at Saturn not the same as at Fisher Body.
They had great team rooms at Saturn.

Capital Of Quality - People - they want to do a good job.

Employee involvement improved our plant.

Many employees were educated that worked in our plant.
