FROM THE PRESIDENT'S DESK.....

I wish to take this opportunity to thank the membership for electing me as your President for the coming year. Also, for electing such fine men as officers to help me run the Association. Hope your trust in us will result in a successful year.

Heard at the National Ass'n. in California--

That the N.J. group was known as a very good and successful organization.

That some of the best golf courses in the country are located in the N.Y. and Philadelphia metropolitan areas.

Jack Ormond and "Scotty" had their heads together -- watch out Toro equipment!

That ALL of the N.J. boys attended ALL the turf conferences and meetings -- strictly business!

Our treasury is a little low -- please remember that your dues are now payable.
