

When you buy UNICEF greeting cards, you give life

When you send a UNICEF Greeting Card, you're not only telling a loved one that you care, you're also helping to save lives.

Because UNICEF uses the proceeds to help needy children throughout the country who are victims of malnutrition, disease and neglect.

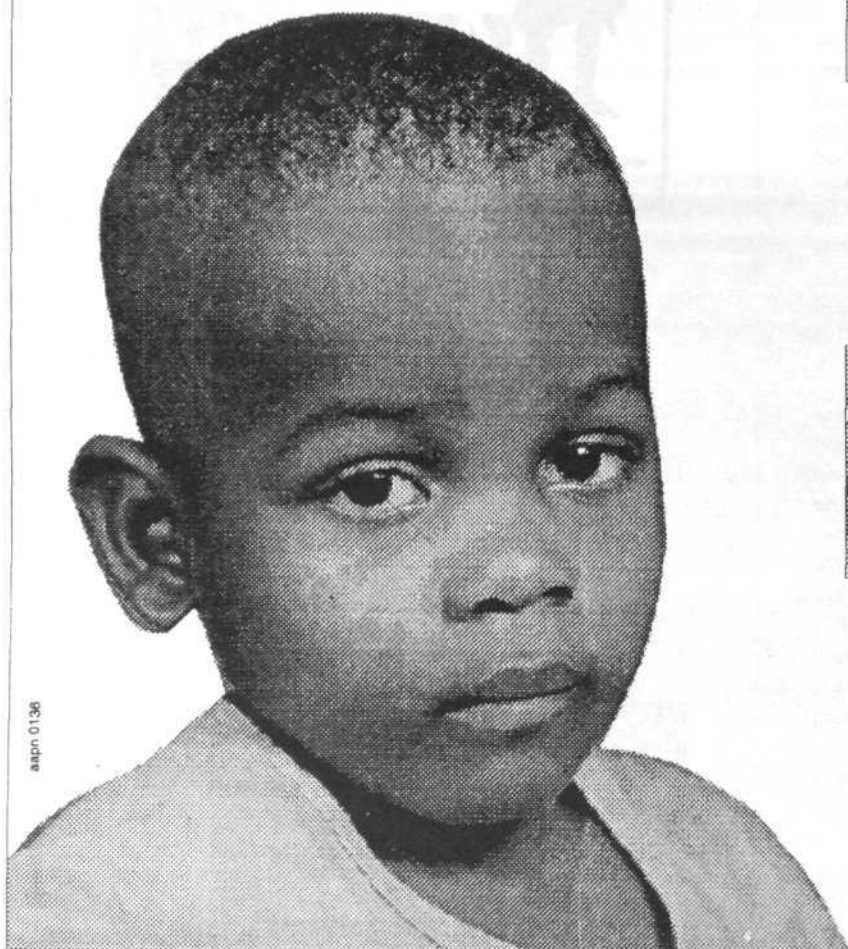

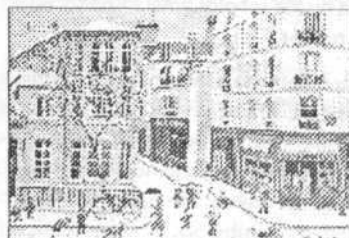

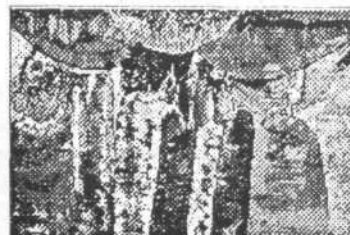

So if you have to give a card this season, LET IT BE A UNICEF CARD.

For details on how UNICEF Cards can be customised for your organisation, please contact our Lagos Office and any of our Zonal Offices.
