

STOP THE MASSACRE IN BOSNIA AND HERZEGOVINA NOW

Sad but true, the entire world that united so effectively against Saddam Hussein now seems to be torn apart in responding to the cries of the orphans, the widows, the elderly and the wounded waiting to be slaughtered by the heavily armed Serbian militia and the Serbian army. Ironically, these ruthless killers now claim to represent the same land of Serbs where the Nobel Prize winner, Mother Teresa, was born and from which she emerged to dedicate her life toward saving human lives.

LET US STAND TOGETHER AND RESPOND IN THE NAME OF HUMANITY EVERYWHERE
