ZAMBEZIA

Zambezia is the bi-annual journal of the University of Zimbabwe and its publication has been made possible by the generous support of the Publications Committee of the University. The main focus of the journal, as its name implies, is South Central Africa; but inaugural lectures and articles of a more general interest will also be published. A series of monograph supplements to *Zambezia* is also provided to cover the main disciplines in the University (Agriculture, Commerce and Law, Education, Engineering, Humanities, Medicine, Science and Social Studies); and this series will not necessarily have the same regional focus as *Zambezia* itself. Ten such supplements have appeared so far; those for 1980 will be on Deforestation, European Education, and an Education Supplement.
