Before hight.

PERSONAL.—Last week we announced that Albert Speneer, Baggage Master at this station on the L. S. & M. S. R'y., of River

of River

Snow.—We were visited by a very incest agricultural region that I have seen is Eastern Kansas. That and the seen is Eastern Kansas. That and the adjoining county, was ceeded to the U. S. in 1867 by the Usage Indians. Mest of the lands from Kansas City to Humbolt is a flat prarie, and at present is desirable for sattlers; it is mostly adapted to graving. There is but listle timber throw this section, or in fact, in any part of Southern Kansas, but a listle studied growth along the beds of the streams, the Canada Southern Junction. Now Water as a motive power seems not to the Canada Southern Junction. Now Water as a motive power seems not If your Album needs repairing, leave we learn that he has been appointed be thought of in locating towns; coal being the this station, and that Mr. Monting cheap and in sufficient quantities for Those farmers who have maple trees gomery will go elsewhere.
