SUN-SONG. BY E. B. MORINSON. What makes the birds so merry What makes so ripe the cherry It is the sun that comes along To mellow fruit and mellow son This makes the birds so merry, This makes so ripe the cherry. What warms the blood that r To bring the tint that blushes? At is the sun imi-arting heat.
To rosy lips to make them sweet.
This warms the blood that rushes.
To bring the tint that blushes. Why are the flowers growing, With odors overflowing? Secause the sun each blossom loves More than the honey-hee that roxes. For this the flowers are growing.

With odors overflowing.

Schrobiker's Big Scare

Even if I reached the end from which Why, in that time help might come, a portable sun, but which was actually until after the last car hed left, I had started I should be no better off. Death was no longer imminish.

Service and selection continues are all continues and an experiment of the continues and anotation and an experiment of the continues and an experiment of t

I had started I should be no better off. Death was no longer imminent.

MANCHESTER, MICH., THURSDAY, JULY 18, 1878. And the railway people won't object over this dreadful gap. Without wings ing of some that my wife had packed think so; and when the waves receded,

INVOCATION TO TIME. BY SAINT-GEORGE BEST They've all knocked off for a day, All hope left me. I knew that to redrank the brandy and munched the bise eyes a light from the bridge where schrobiker was detained at his Deal gently with her, Father Time;

Write not too bold
Thy name upon her brow of snow.
But let her years be told
So senselessly we scarre may know
That she is growing old. and there won't be a soul near the bridge trace my steps was impossible to me, cuits and felt again hopeful. Six hours some one was holding what seemed to be place of business the other Then of course I'll go over it."

I had started I should be no better off Death was no longer imminent.

I found that there were certain difficult than here, and the hopelessness of the but I wasentirely wrong. The strong Then everything disappeared in the very near there he concluded to cur Deal gently with her, Father Pime. The red, the rare. The rosy apples of her cheek We falls would have thee spare. Or steal them gently and so meek We still may think them there.

Deal gantly with her, Father Time.
Forget thy skill
In turning brown hair unto white.
Or if thou'lt have thy will,
We pray thee leave us yet some slight
Food trace of auburn still. Deal gently with her, Father Time.

O do not steal
The diamonds sparkling in her eyes.
Nor yet her merry peal
Of joyous mirth or glad surprise—
Their loss we most should feel.

TEOPLE'S BANK

n the villages of

the mouth of the river Maw, which here forms an estuary about a mile broad.

The town itself faces the open sea; the harbor lies about half a mile up the setuary, whilst between the town and the bridge, was the outline of a buge bridge, then in the course of construction. Abermaw is a little bit of a place consisting of a botel, a few shops, a church, a chapel of ease and half-adozen by the Pietron of sand, the work of the sea and river in concert or in conflict.

The town itself faces the open sea; the form a setuary about a mile up the harbor lies about half a mile up the setuary, whilst between the town and the bridge, was the outline of a buge of a certain vague sense of the tiddle are consisting of a botel, a few shops, a church, a chapel of ease and half-adozen by the Pietron of sand, the work of the sea and river in concert or in conflict.

The mouth of the river Maw, which here forms an estuary about a mile broad.

But why not ferry me right over being at work by the fire, waiting and watch ing for me—for me who never should come to the thought, that my life would be swallowed up ere long in these advancing batallions of serries and vanished; I was profound sandess—that was all.

Mouth of the river Maw, which here forms an estuary about a mile up the estuary, will at the conflict of the platform.

"Not possible," said Evan; "there are shallowed up ere long in four to the tide are beam, like some lad at play, a sport for the buffetings of the election. Abornam to the engine furnace and waves for now the bitterness of death was all.

We made our way along the road which at this time of the tide are leaves the secunding before a shower, and put the eyes long that my the warm of whith the engine to the farthest accession with the engine turnace and was all in the sight half in foot of the platform.

Not possible," said Evan; "there are shallowed up ere long in few to the farthest accession to the tide of the said waves for now the bufferings of the election. Abornam was all the tide of the said was passing

balks, destined to support the platform hope of escape none. It was only a that was floating downward came to a more I had strength to cry.

of the bridge, whilst each pier was strengthened and supported by its neight stiffening limbs, I could cling to this wards. The tide was turned.

strengthened and supported by its neight stiffening limbs, I could cling to this wards. The tide was turned.

Somebody shout.

It was only a that was floating downward came to a more I had strength to cry.

'All it's a man down there,' I heard didn't give so much thought to that was floating to this wards. The tide was turned.

It was only a that was floating downward came to a more I had strength to cry.

dark alley, for he was unarmed and supported by its neight to cry.

somebody shout.

dark alley, for he was unarmed and supported by its neight to cry.

A there alley a long to the cry.

didn't give so much thought to that the cry. strengthened and supported by its neighbor by arrangement of cross beams and ties.

Strengthened and supported by its neighbor by arrangement of cross beams and ties.

Somebody shout.

A long plank was run over the gap in though, as he did to the unpleasantness of waters before me, that had just now the bridge; then another; along the two of being banged over the head with the bridge; then another; along the two of being banged over the head with the bridge; then another; along the two of being banged over the head with the bridge; then another; along the two of being banged over the head with the bridge; then another; along the two of being banged over the head with the bridge; then another; along the two of being banged over the head with the bridge. The less we most abould feel.

Deal gently with her. Father Time.

Through all ther years:
Touch lightly with thy marks of age.
Touch lightly with thy marks of age.
Through all the years:

A BROKEN BRIDGE.

A BROKEN BRIDGE.

A BROKEN BRIDGE.

It reached the little Welsh town of Abermaw one boisterous afternoon in along to am estimate the total and the past I thought not him, as the marked with a many with a lantern.

A been gently with thy marks of age.
Touch lightly with thy marks of age.
Through all they plays:
Touch lightly with thy marks of age.
Through all they plays:
Touch lightly with thy marks of age.
Through all they plays:
Touch lightly with thy marks of age.
Through all they plays:
Touch lightly with thy marks of age.
Through all they plays:
Touch lightly with thy marks of age.
Through all they plays:
Touch lightly with thy marks of age.
Through all they plays:
Touch lightly with thy marks of age.
Through all they plays:
Through all they with thy marks of age.
Through all they all the thrilling wind, of the thrilling with the allong, their white the about far were my thoughts and bedween the shore at the head of whith a plays and marked with sand

culties in the way. The railway bridge position weakened my every nerve. One southwesterly gales had piled up the blackest darkness.

Crossed the estuary at a point about a more I heard the wind rising and hurting along toward me. I would cling so that the ebb was checked and the voice.

Southwesterly gales had piled up the blackest darkness.

Through an alley to save considerable watering and hurting along toward me. I would cling so that the ebb was checked and the voice. that formed the extremity of the town as long as I could. I knelt down on the flood increased and the tide ran out only at a spot where its channel was narrowed wet, slippery balk, classed it with my some three hours. I must have been thing move.

The gust longer lying on the sand, too, than I A couple of lambs from the engine. at a spot where its channel was narrowed wet, slippery balk, clasped it with my some three hours. I must have been thing move.

to a distance of three-quarters of a arms and sat astride of it. The gust longer lying on the sand, too, than I A couple of lamps from the engine distance. Schrobiker is not what might be mile. The unfinished bri ge was concerned up fierce and strong, passed over had calculated, for as I watched the were now brought and placed at the called a coward—though a little woman structed of piles firmly driven into the me once more ence more spared me, waters hurrying down on each side of edge of the platform; they lit up the scarcely tall enough to chin the manter bed of the river, from which rose huge

But I felt that I could not survive an me, I noticed the current seemed to piers of timber to the height of about other such attack; I should be blown slacken all of a sudden; then it stopped, forty feet. Along these were massive away like a leaf. And yet there was no so that a fragment of bleached wood balks, destined to support the platform hope of escape mone. It was only a that was floating downward came to a balks, destined to support the platform hope of escape mone. It was only a that was floating downward came to a more I had strength to cry.
