# Death in the Oil Can.

Ifferfington Hawker A man out on South Hill had reas to believe that his superintendent of cuisine was in the habit of using keresene to start the morning tires placed his suspicions in the form of charge, which was indignantly denied, and proof demanded. He wasn't ready with his testimony, and the case was dismissed for lack of evidence. But his suspicious increased, and he ordered a segret investigation, and appointed him self chairman of the committee, with

power to send for persons and papers. He laid his plans with care, and the next morning he followed his maid servant down states at a cassial and spectful distance, and had houself near the kitchen door, where he could not so much some while he could be track distinctly whatever was said The rustle of paper and the rattle of deviation in the rattle of paper and the rattle of deviation in light wood was succeeded by hasey steps toward the closet in the cellar way Then he heard the gurgling of liquid, as though it was bubbling out of a small tin spout. He heard the can set down and then the scrape of a neatch.
"If m, he heard the maid-servant remark. Then another match snapped

and a barely audible tizzle succeed Grimly smiled the silent man by the outer door. Well, I never did!! came from the . His

kitchen, and there was heard the sound more penring on the light wood. Another match and more sitence. " Well, did you ever?" queried the queen of the range, evidently anxious

to obtain testimony corroborative of her own experience, as set forth in her pre-vious statement that she never did. The man sitting outside the door throttled with both hands and softly pounded the ground with his heels. Something evidently excited him and when the pext match snapped he caught himself by the legs and bit fiercely into the door frame in a frenzied effort to smother a hollow grean,
"The old Scratch is in the oil, I

believe," said a troubled voice in the kitchen, and more pouring insued. Another match, another, another. And the man crawled off behind the distern

sound of rattling and scraping, and a tearful woman came to the door and hurled an armful of soaked paper and light wood out into the yard-and kicked an oil can after it. The smiling man The Extended Popularity crept back up stairs unseen. was late that morning, and when the queen of the kitchen was asked the rause wherefore, she said somebody had left the shed door open and all the light And no man that ever filled an oil can with non-explosive Teent as the man who sat at the head of a that table choking over a graham muffin
