To steep that negative than include.
To when he sampgied him with care.
The upfart cum on, and, stits dead.
The band of bold, bad men came there. Darkness intense was in the room; No light give out a single ray, him Pasha, wishing to effect an entrance, thundered away at it for a whole day with artillery. He neither warmed up together, with vinegar, but-The Soph's began their prants to play. Then spoke the Frishmin: "Get ye Or, by all things that I hold don't I'll best into your head; more sense Than cisa will go there for a year." They arewired with a jeer. It gave The highest man the sign to rise. The busier did so: Heaven save The Soph who got it twist the eyes! Then in the darkness yells arose, Loud cries of agony and fear, As one man got it on the rose, Another loss beneats the ear. The window open od. Out they flew, Hoels ever head. And soon they for Themselves, all battered, black an I bi Stacked in a pile upon the ground.

Did they return? Oh, no, indeed: They hankered for no further knock From Pressby's fist. They all agreed They'd rather stand an earthquake s And now the Freshman wears his bat. -Boston Post,

EGYPTOLOGY. at texts thus far found in the corridor are cold comes in, as that the heat goes out. The past year will ever be memorable for the valuable and remarkable discoveries that it has yielded to Egyptology. M. Maspero has just published his official report of the great find of royal nummies at Thebes. The narrative is enlivened by numerous photographs, among which are those of the mummies of Thutmes IH. and Ramses II.—the grand old monarchs whose titles

the inscriptions of the two scribes who will prevent the case of the pyramid in the time of the XV. Dynasty. Recently discovered collateral evidence tends to strengthen the hypothesis that the hypothesis that the pyramid is that of King Snefroo, of the ward just enough to hold the filling, but do not make a thick ridge of crust; it will not be eaten, and will spoil the good looks of the pie. For a medium-sized pie take half a pound of figs, chop them tine, and cook with the addition of the inscriptions of the two scribes who and often a slight protection will premummies of Thutmes IH. and Ramses

II. the grand old monarchs whose titles
are inscribed on the Central Park obelisk. The texts of the interiors of the
pyramids of the V. and VI. Dynasties,
opened at Sakkara last spring and summer, are also appearing in rapid succession in M. Maspero's "Recueil," published at Paris Resides these discor-

Sente of a flower point of the control of the contr

Greek, hieroglyphic and demotic. This stella has already been placed in the Boolak Museum, which, with the additions of the past year, is now quite as rich in monuments, tablets, morturary relies and writings—barring historical papyrimas are the combined collections of Enrope. This is as it should be, for Egyptian relies have an artistic vaine, which they lose in the uncongenial climate and surroundings of Enrope and America.

The second discovery that I have to amounce is that of two tomis of the VI.

Dynasty, which present the earliest known instances of the arch. These tombs are of private persons of high rank. They were discovered hear the most southerst of private persons of high rank. They were discovered hear the most southerst of private persons of the Vi.

Dynasty thus a stone's throw of the loss, and within a stone's throw of the loss, hand within a stone's throw of the Pyramid of Syramid of the three great Pyramid of Syramid of the three great Pyramid of Syramid of Syramid of the three great Pyramid of the p stela has already been placed in the BonAt an exhibition of wild beasts the fire until it is quite dry.—Appleton's lak Museum, which, with the additions other day at Passwane Thile Journal.

Tyramids of Ghizob—there is a passage wounds.

White leaves and variegated white below where it is not constructed on the principle of an arch—that is to say, blocks were placed horizontally, one applicating beyond that immediately below it, still the uppermost two mot in the last dags of its soist.

White leaves and variegated white below where cut off, one bud, and green leaves indirected degeneracy in Just below where cut off, one bud, and green ally the one only, will burnt out and grow up strong. Wherever weak the title impermost two mot in the last dags of its soist.
