ter, in which the ambassador himself joined, though with a wry face, for he was unmistakably annoyed. To conceal his feelings he would take a pinch of snuff—his snuff box was gone. Then he missed the seal ring from his finger, and lastly the gold toothpick which he always carried about with him in a little case. Amid the hilarity of the guests the sham tackey was re-quested to restore the articles, but the grand duke's merriment was changed into alarm and surprise when the thief produced two watches, two rings, two snuff boxes, etc. His imperial high-ness made the discovery that he himself had been robbed at the same time.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that ceince has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.
