The first prize will be given to the person who constructs the shortest sentence, in English, containing all the letters in the alphabet. The other prizes will go in regular order to those competitors whose sentences stand next in point of brevity.

CONDITIONS. The length of a sentence is to be measured by the number of letters it contains, and each contestant must indicate by figures at the close of his sentence just how long it is. The sentence must have some meaning. Geographical names and names of persons cannot he used. The contest closes February 15th, 1896, and the results will be published one week
