FIBROID TUMOR CONQUERED.

Expelled by Lydia E. Pinkham's Vegetable Compound-Strong Statement from Mrs. B. A. Lombard.

Read what MRS. B. A. LOMBARD, BOX 71, Westdale, Mass., says:
"I have reason to think that I would not be here now if it had not been for Lydia E. Pinkham's Vegetable Compound. It cured me of a fibroid tumor in my womb. Doctors could do nothing for me, and they could not cure me at the hospital. I will tell you about it. I had been in my usual health, but had worked quite

hard. When my monthly period came on I flowed very badly. The doctor gave me medicine, but it did me no good. He said the flow must be stopped if possible, and he must find the cause of my trouble. Upon examination he found there was a fibroid tumor in my womb, and gave me treatment without any benefit clean inside, he is far from Godliness. A constipated sinner is a stench in the nostrils of the Deity. A man whose food sours in his stomach, and whose liver is leaden, can't help looking at the world hatefully with paundicigleye, and conjuring up evil thoughts in his tortured brain. Cleanliness of person begets cleanliness of thought. Cascarets, candy cathartle is the missionary medicine which purifies men's bodies and minds. Pure, fragrant, palatable, mid and positive, they clean out the intestinal canal, stimulate the liver and strenghten the bowels. Then a man enjoys actain feeling of charity and brotherly love for his featows, and recommends, others to take Cascarets and be as happy as he. whatever. About that time a lady called on me and recommended Lydia E. Pinkham's Vegetable Compound; said she owed her life to it. I said I would try it, and did. Soon after the flow became more natural and regular, I still continued taking the Compound for some time. Then the doctor made an examination again, and found everything all right. The tumor had passed away, and that dull ache was gone."
