COURT OF INQUIRY.

COMMISSION TO INVESTIGATE CONDUCT OF THE WAR.

Instructions Issued for Mustering Out the Volunteers Knights of Pythias Biennial Convention at Indianapolis Draws a Large Crowd.

Military Inquiry on Conduct of the War. Washington: The administration has decided to institute a military inquiry into the conduct of the war with Spain. It is the belief that a properly onducted military inquiry will reveal the men who are responsible for the alleged Santiago blunders and the mistakes of the quartermaster's department and would determine if any important orders had not been obeyed. The supporters of an investigation further say that the board of inquiry would make a report which would be of great value in resulting in new mil-

itary legislation. A military inquiry by a court whose members commanded respect by their rank, experience and character, would clear up the exact limits of failure. When these were known it could be made clear how much of the failure was due to lack of preparation, how much to the inevitable conditions of war, how much to a defective organization of the staff, how much to the inefficiency of regular officers, how much to the ignorance of volunteer officers and how much to civilian appointments. These things need to be known through a methodical and Puebla, the ast to carry troops to the searching inquiry conducted by ex- Philippines, or the present at least.

Hostilities are over. Congress is over— Capt. Gen. Blanco says he fears that three months distant: the public at the volunteers will incite the Spanish tention is aroused. There is grave danger of personal injustice due to mere clamor. If an adequate military commission investigates the whole field of operations-enlistment, organization, camp abuses and all the work of quartermaster, commissary, ordnance and medical staff departments - by December congress and public opinion will be informed, enlightened and educated, and fruitful legislation will follow. If nothing is done we shall have a congressional investigation, a swarm of grievances, slanders and scandals, personal and partisan reports and nothing accomplished.

The Situation at Manila Perfect order has thus far been main tained in Manila under American control. The city is quiet and seems almost to have resumed its normal busi ness and social activity. The rumors of troubles between the natives and unfounded The fact is that the insurgents have been unwilling to dis arm until assured of the permanence of American protection. Illness among the troops in Porto Rico is on the increase, and there are now nearly 1,000 cases of malaria and lysentery, with a few of typhoid fever. Surgeon-General Greenleaf has recommended that the sick be sent north as rapidly as possible. Rumors of yellow fever at San Juan are not confirmed.

Havana anthorities have declined to allow the landing of a number of American correspondents. Gen. Blanco says their presence, prior to the arrival of the military commissioners, might prejudice the work of the commissioners, and it would be impossible for the authorities to guarantee the safety of the correspondents against fanatics.

The Cuban military commission will sail Sept. 5 either from New York or Fort Monroe, on the cruiser New York, if she can be made ready in time. Ad miral Sampson says that the mines will be removed from Havana harbor before the commission enters. It is not known whether or not the United States will insist also that Morro castle

MRS. PINKHAM CONQUERS BACKACHE.

Four Women Who Owe Their Present Happiness to Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM:-When I wrote to you last June, I was not able to do anything. I suffered with backache, headache, bearing down pains, pains in my lower abs, and ached all through my body. Menstruations ere very painful. I was almost a skeleton. I folved your advice and now am well and fleshy, and able to do all my own housework. I took medicine from a physician for over a year, and it did not do me a particle good. I would advise all suffering women to write o Mrs. Pinkham. She will answer all letters promptly. nd tell them how to cure those aches and pains so common to women .- Mrs. C. L. Winn, Marquez, Texas. I think it is my duty to write and let you know what
