

Public opinion is never far wrong

You can cheat it for a time, but only for a time. The average life of a patent medicine is less than two years. They are pretty well advertised, some of them, but it isn't what is said of them, but what they are able to do which carries them through the years.

AYER'S Sarsaparilla (*bich mide Strapprilli famous)

has never recommended itself to do what it knew of itself it could not do. It has never been known as a cure-all in order to catch all. For half a century it has been the one true, safe blood purifier, made in the est way out of the best ingredients Thousands of families are using it where their fathers and grandfathers used it before, and its record is equaled by no

The two were lovers from the extreme northern part of Sweden. They were the children of sheer folk, very poor. They had despaired of marriage at home, but one day walked away together, reached a seaport town, and there both, with hard labor, had earned enough money to come across the ocean and to Kansas City. The interpreter was her cousin. He was also poor and had a family.

"Magnus has a place in the railroad yards," explained the cousin; "he live with you. After while they have money and they get married."

It was finally decided that Christina Erd should come to us. The lover was to bring her chest from the railroad station at once. It arrived in an hour.
