sat Man is Serving Time at the Jonia Prison by Assuming the Name of a Rogue - A Brighton Farmer Destroyed His Barns While Insue

If the story of Anson Caster, of Flint, is true, his son, Fred Castor, an innocent man, is serving a sentence of four years in Ionia prison, and the guilty party is free. Frank Logan was sent from Kalamazoo last November to Ionia prison on a sentence of four years for burglary. A few days ago Anson Castor was told by a man who had just completed a sentence at Ionia that his son Fred was serving time at that prison. The son told his brokenhearted father his story as follows: He had been tramping it some and had assumed the name of Frank Logan to nide his identity. While at Kalamazoo he was arrested and charged with burglary. It seems that some time ago there was a fellow about Kalamazoo by the name assumed by this young man who bore a very bad record, and this fellow being about the same age and build was mistaken for the other party. He was convicted on he evidence of one Wm Cavanaugh who was a partner in the crime, and who said that Frank Logan was the other party.

WAR NOTES,

Believing that the Kansas soldiers n the Philippines have done their full uty, Brig.-Gen. Funston has written to the governor and other state officers and friends in Topeka, suggesting that intercession with the President to have the Kansas regiment sent home at once will be appreciated. Gen. Funs. on is very careful in his communication to convey the idea that the Kansans are not making themselves liable to the charge of insubordination in this matter by making this request, "They have stuck to their posts, every man of them, and are entitled to relief. Now that so many regular troops are here, I believe the Kansas boys would like to get home. Not a man of them has asked me to take this liberty. I simply do it because I am sure the men would appreciate it. They have been at the front constantly, and bear the marks of the rough campaign."

The most popular and comfortable suit of today is the BLUE SERGE.

The Skeleton Coats and vests made of same goods, also of Plannel in company with a pair of Pancy Trousers under this put a suit of ONEITA COMBINATION UNDER-WEAR, above this one of those popular Elk Hart Shirts correct patterns, fine fitting and fast colors. With this connect a stylish white collar and nobby tie, above all put one of those Ounce Crush, the Yacht-shape Straw, or a comfortable Crash Hat, then with a pair of the celebrated Argersinger Street Gloves on the hands and a pair of fine hose on the feet all go to make a comfortable outfit

is very warm.

If we only had this stock in Jackson and would offer it at the prices we are offering it to Manchester people, it would hardly last a day. We would have it in Jackson in a hurry but we are remodeling our stores and we have no place to put it. It would cost us lots to cart it to the freight house, it would cost more for cars to Jackson, then it would cost again to cart it to our stores. We thought it best to give our customers in Manchester this large amount necessary to get the goods to Jackson. You may not realize that we are offering you good goods at rediculous prices, but we are, and you will realize it soon after we are gone. Remember, goods that we offer you were bought at the old price and that price is from 20 to 40 per cent cheaper than the same goods can be obtained now. Don't stand in your own light, gobble up the bargains while you can, don't allow the flimsy excuse, "not quite ready," to keep you from making and saving the big per cent. that you get by acting now. If you are going to need Furniture in the next two years to come it will more than pay you to get it now. The same is true of our Lace Curtains, Draperies, Carpets, Mattings, etc.

Don't wait until we are gone, then groan. Do the proper act just now and feel glad always after. We are going - - going, but we are not gone yet. Use us quick.

Yours truly,
