It's hard to keep from the people the fact that a city store has Assortment, Variety, Style and Quality especially a "Furniture Store," that little stores in the small towns can not have. People are fast learning that

immense quantities purchased with cash makes quite a difference in the price that they must pay for things.

We have customers from nearly every town in lower Michigan, because it's business for them to come to us. They do not come to please us, they come because they can be suited with goods and price better than they can elsewhere. They give us business because it's good business for them to do so. When they see such a stock of Furniture, Carpets, Rugs, Draperies, etc., as we show; when by looking they are made to realize that such a stock contains hundreds of bright, new-style articles that they have never seen before, and never would if they made selections from the little ordinary stock that is shown, they are not slow to make the purchases they
