Ing it forgot that he was not at the office.

At the Brown house the maid looked surprised. Miss Stella, she said, was not expecting callers. Would be step in the parlor and wait? He would.

Half buried in a wealth of pillows, VanAlster pondered. The boy had told him the note had been delivered to Stella Brown in person. He could not understand. When Stella entered and extended her hand, looking more charming than he had ever seen her, the twinkle-in her eye only increased his mystification.

If health may be defined as a capacity for hanging on to life, then in many cases the weakest are the health iest. If such a definition is accurate women are healthier than men, their Mrs. Pinkham is a wothe twinkie-al act eye only increased his mystication.

"I'm so glad to see you," she said women are healthier than men, their average length of days being greater thoughtful."

"But the how " ana, merely because they are centenary thoughtful, the said said what life is a sociated to the more serious."

"Yes, I know," the girl went on. I'ans are absolutely the healthies. It says of the more serious.

any of the more serious ills of women, write to CEMENT known you were coming. Perhaps I unhealthy people are tenacious of life Mrs. Pinkham; she has helped multitudes. Your letter will be secredly

alty of genius, perhaps. Will you let me try to play it for you?"

"Play what? VanAlster spoke bluntily. He felt that even monosyltables were too expressive to convey his ideas.
"Why, the music, of course," smiled a face with the girl, as she led him to the plano the rows and a sense of well-being. A cup of tea now and again is a most refreshing and excellent thing, but when it is used to excess the digestive and nervous systems are especially affected. There is no doubt that there are cases of dyspepsia caused by the invodinate use of strong tea, and it is and began to finger the keys. Before the rows VanAlster's note, written at his worst. She played on—a series of discords that cut their way to Van Alster's heart. Each twang was a pang. When she had finished she half turned and looked roguishly up. Their faces were near together, so he spoke.

Alster's heart. Each twang was a pang. When she had finished she half faces were near together, so he spoke being. A cup of tea now and again is a most refreshing and excellent thing, but when it is used to excess the diges.

Nothing elso can possibility but when it is used to excess the diges.

Nothing elso can possibility but there are cases of dyspepsia caused by the invodinate use of strong tea, and it is matter of common observation that sleeplessness, palpitation of the heart and nervous irritability often follow the prolonged and excessive use of this beverage. People who drink tea turned and looked roguishly up. Their faces were near together, so he spoke. turned and looked roguishly up. Their of excess are to be found in all classes of society, and the fact should be impressed upon such persons that ten is not a food, and cannot, therefore, without risk to health, be substituted to my march. It is the last I shill ever write, and I'd like the title to be ensured and lone.
