for the Blood and Nerves International Type-High Plates Dr. Greene's Nervura blood and nerve remedy, is the right medicine for every young girl who is just entering the first stage of womanhood. comes with pain is of itself certain to stop the development of beauty in face and figure. Excited nerves make sharp lines and hasty speech. The beautiful curves which make women attractive are not possible when the female organism is out of order, as it surely is when discomfort and pain are always or even periodically present.
