Woman as old as she looks."

Dr. Greene's Nervura Makes Beath and Beath for Women.

Remember 1 Not Age, but Disease, Weakness and Ill Health Make Women Look Old!

You cannot look your best unless you feel your best—that is, unless you feel well, strong, vigorous, with pure blood, strong and steady nerves.

If you have no appetite, poor digestion, are bilious and constipated, your skin will h

dark, sallow, pimply, with unhealthy pallor.

If you are sleepless, nervous, irritable, despondent, with nerves all on edge, feel as if you could fly, and are startled at every sound,—these nervous troubles will certainly line your face with wrinkles like age, make you look haggard, hollow-eyed, take the lustre from your eyes and the elastic spring from your step.

If you suffer from female troubles, the dragging pain, the aching head, the tired limbs, the utter weakness, prostration and misery will turn youth to old age unless cured

Beauty Means Good Health, and Good Health Always Means Beauty for Women.

DR. GREENE'S NERVURA BLOOD AND NERVE REMEDY

Always Makes Good Looks Because If Always Makes Good Tealth.

It will give a rounded form, the grace and elasticity of perfect womanbood, and the kind of youth that is not measured by years, and which ought to last till past fifty. It is a veritable fountain of youth for weak, fading and despondent women.

who have determined to put Jesus to death for telling the truth have finally succeeded in getting Him tried for treason to the Jewish church. He is accordingly found guilty of blasphemy and adjudged worthy of death. Another step has been taken in the effort to take away the Saviour's life.

Saviour's life. saviour's life.

Modern Application—Good men are often put on trial today for heresy because they seek to teach primitive Christianity. A hue and cry is raised and the general public comes to believesthe victim a heretic.—But truth cannot long be crushed and God's justice will yetrreign.

The full text of the day's lesson follows: 57. And they that had laid hold of Ofesus read Tim away to the house of Caiaphas, the high priest, where the scribes and the elders were gathered together.

66. What think ye? They answered and said, He is worthy of death.

Practical Lesson—Today mena-deny Jesus. This denial is as often by their actions as by their words. Tonight the follower of Jesus is testifying in prayer meeting, tomerrow he is fleeing from justice. This morning the Christian worker dreds. The work of barbarians! By

is on the mount of privilege; this after noon he is wallowing in the mire of infigurity. How can these things be? In most cases the explanation is found in some hidden sin, which comes to the surface and leads the sinner to deny his Master. The lesson is efternal watchfulness. There is no safety except in nearners to the Holy One. It is casy to blame Peter, but, oh, how much easier is it to follow Peter's example? "Wherefore let him that thinketh he stameth take heed lest he fall." (I. Cor: 10, 12). The personal application may be made along the itness of the answers to four questions:

Who is Jesus? Answers will be gilbly given without much thought behind them. The teachers' work is to endeavor to show just what the answers should mean. Here is an opportunity to reimpress the truth. Jesus is God.

What is Jesus to Me? Take "for example" the answer given by so many. He gold coins are made on a basis of value equal to their denominations.

WONDERFUL CURE OF PSORIASIS.

AS a sufferer for thirty years from the worst form of Psorlasis, finally cured by Guticura Soap and Guticura Ointment, I wish to tell you my experience, that others may benefit by it. I was so grievously afflicted that the matter that exuded from my porea after the scales had peeled off, would cause my underclothing to actually gum to my body. After remaining in one position, sitting or lying down, for an hour or two, the flesh on my elbows and knees would split, so thick and hard would the crusty scales become. The humiliation I experienced, to say nothing of physical agony, was something frightful. The detached scales would fairly rain from my coat sleeves. I have read none of your testimonials that appear to represent a case so bad as mine. But as to the cure. I commenced bathing in hot Cuticura Soap suds night and morning, applied the Cuticura Ointment, and then wrapped myself in a sheet. In two weeks my skin was almost blood red in color, but smooth and without scales. Patches of natural colored skin began to appear, and in less than a month I was cured. I am now passed forty years of age and have skin as soft and smooth as a baby's. Hoping that others may benefit by my experience, and regretting that sensitiveness torbids me from disclosing my name, I am yours gratefully, closing my name, I am yours gratefully, I. H.
