WONDERFUL CURE OF PSORIASIS.

AS a sufferer for thirty years from the worst form of Psorlasis, finally cured by Guticura Soap and Guticura Ointment, I wish to tell you my experience, that others may benefit by it. I was so grievously afflicted that the matter that exuded from my porea after the scales had peeled off, would cause my underclothing to actually gum to my body. After remaining in one position, sitting or lying down, for an hour or two, the flesh on my elbows and knees would split, so thick and hard would the crusty scales become. The humiliation I experienced, to say nothing of physical agony, was something frightful. The detached scales would fairly rain from my coat sleeves. I have read none of your testimonials that appear to represent a case so bad as mine. But as to the cure. I commenced bathing in hot Cuticura Soap suds night and morning, applied the Cuticura Ointment, and then wrapped myself in a sheet. In two weeks my skin was almost blood red in color, but smooth and without scales. Patches of natural colored skin began to appear, and in less than a month I was cured. I am now passed forty years of age and have skin as soft and smooth as a baby's. Hoping that others may benefit by my experience, and regretting that sensitiveness torbids me from disclosing my name, I am yours gratefully, closing my name, I am yours gratefully, I. H.
