

A nervous, irritable mother, often on the verge of hysterics, is unfit to care for children; it ruins a child's disposition and reacts upon herself. The trouble between children and their mothers too often is due to the fact that the mother has some female weakness, and she is entirely unfit to bear the strain upon her nerves that governing a child involves; it is impossible for her to do anything calmly. She cannot help it, as her condition is due to suffering and shattered nerves caused by some derangement of the uterine system with backache, headache, and all kinds of pain, and she is on the verge

When a mother finds that she cannot be calm and quiet with her children, she may be sure that her condition needs attention, and she can-not do better than to take Lydia E. Pinkham's Vegetable Compound. This medicine will build up her system, strengthen her nerves, and enable her to calmly handle a disobedient child without a scene. The children will soon realize the difference, and seeing their mother quiet,

"DEAR MES. PINKHAM : - 'Honor to whom and honor of the mothers of America whom you have so blessedly helped and benefited. I have used Lydia E. Pinkham's Vegetable Compound when I would feel run-down, nervous and irritable, or have any of the achies and pains which but few women escape, and I have found that it relieved me at once and gave me new strength. Several ladies, members of our Literary Union, speak in the highest praise of your Vegetable Compound, as they have been cured from serious female troubles. One lady, who thought she must submit to an operation, was cured without using anything in the world but Lydia E. Pinkham's Vegetable Compound and Sanative Wash. You have hosts of friends in Chicago, and if you came to visit our city we would delight to do onor. Gratefully yours,—Mrs. MAY BROWN, 57 Grant Place, Chicago, Ill.

How Mrs. Pinkham Helped Mrs. McKinny. "Dear Mrs. Pinkham Helped Mrs. McKinny.

"Dear Mrs. Pinkham:—I feel it my duty to write and let you know the good you and your Yegetable Compound are doing. I had been sick ever since my first baby was born, and at the birth of my second, my doctor, as well as myself thought I should never live through it. After that menstruation never came regular, and when it came I suffered terribly. I also had womb and ovarian trouble. A friend of my husband's, advised him to get Lydia E. Pinkham's Vegetable Compound for me. At first I had no faith in it, but now nothing could induce me to be without it. Menstruation has become regular, and I feel like a new woman. Your medicine is a God-send to suffering women. I hope this letter will lead others to try Lydia E. Pinkhan's Vegetable Compound. Yours truly, Mrs. Mildred McKinny, 28 Pearl St., San Francisco, Cal."
