Scarcity of Hemlock.

Annual reports of officers of the temlock Bark Company, of Michigan, Hemlock Bark Company, or michigan, which markets the output of 26 of the largest bark producers in the state, indicate that the peel will be 50 per cent smaller this year than last and cent smaller this year than last and the Chicago in price is ooked for. The condition is due large-y to the decreasing supply of hemiock hough the smaller number of operators this year has something to do with the matter. Four of the heavies: producers in the past will market no bark this year because their timber has been exhausted, and for the same reason other producers will show a heavy falling off in their supply.

Increase of Crime.

In the report of the penal instituwe years the number of prisoners fined in all the prisons of the state has penaky on their unpaid taxes. increased 211. In the penitontiary at John D. Blair, aged 55, of the state has penaky on their unpaid taxes. Inckson there were in December 681 prisoners; in Ionia, 519; in Marquette, 293; in Ionia asylum for criminal in-sane, 318, and in the Detroit house of correction, 488, Of this latter number, 427 are men and 61 women. The cost of supplying food and clothing to the prisoners in all these institutions is very small. In Jackson it averages 14 cents a day: in lonia it is 3% cents: in Marquette 10%; in lonia asylum rection 1314 cents per day.

Must Pay the Whole.

Attorney General Bradley hus re urned to the Wisconsin Central railroad a check for the payment of its delisquent taxes and penalty which the company had assumed to figure at 5 per cent, instead of 1 per cent a month, as the tax law provides. Accompanying the check, which was returned, was a statement by the auditor general that he could not accept any amount less than the full amount of the taxes, with interest at the rate provided in the law. The checks of other railroad comnanies for the payment of taxes, with-out the penalty, have been held up by the auditor general, and will not be ac repted until accompanied by the full

NEW CHINESE BILL.

Representative Denby, of Michigan, ntroduced a bill today making extenive revision of the Chinese exclusion act, it extends the operation of this act ten years and incorporates the recommendations of Commissioner-General Sargent for Amelican inspecors in China under the supervision of the immigration service and for the re-registration of Chinese now in this country. The bill is not intended to modify the basic policy of excluding Chinese laborers, but, according to Mr. Denby, is an attempt to find a compromise which shall harmonize

differences with China. It permits Chinese residents of this country to go and come at will under proper regulation in regard to return certificates, etc. It repeals the provision of existing law permitting Chi-nese laborers to leave the United States and subsequently return only in case they have wives or families or debts due to them in the United States and which limits their right of return to one year, it admits Chinese applicants for the writ of habeas corpus to bail-a privilege now denied them.

Spontaneous combustion among shavings in a bin on the first floor of the three-story shop of the Michigan Wagon Co., at the state prison caused fire which completely ruined the building and destroyed the machia-ery. The fire was discovered by a pe-destrian outside, who turned in an alarm and the city department was at the gates before the prison authorities knew of the blaze. Meantime a blower which carried the shavings to the bin fanned the flames so that they had spread throughout the build-ing and the firemen had no chance to save the structure. The loss to the state is \$25,000 on the building, and to the Michigan Wagon Co., \$15,000 on machinery and materials. The plant employed 35 men.
