**Changes in the Blood.**  
In an effort to determine what chemical changes take place in the blood with age, two French investigators, C. Dhérain and G. L. Grimme, have been examining the blood of dogs and rabbits for calcium content.

It was noted that in dogs the proportion of calcium in the blood decreased regularly with age, but no generalization from this can be drawn, inasmuch as rabbits' blood did not exhibit a similar characteristic, the proportion of calcium varying greatly with individuals of the same age.

**Banana Business Booming.**  
It is officially stated that the United States last year purchased bananas to the value of \$11,500,000, and exported nearly \$1,500,000 worth of the same fruit.

**Good Cookery and Happiness.**  
"Girls," said London's lord mayor recently, "should be taught to cook. The better the cook, the happier the husband."

## MICHIGAN EVENTS NOTED

### THE STORY TOLD BY A BRUTAL MURDERER TO THE DETECTIVES.

### LATEST DETROIT CRIME.

After Mutilating His Victim He Started to Commit Suicide But Was Too Cowardly.

### Walters' Story.

Because he is cursed with the cowardice of the lowest form of brute creation, which reveals in brutality to a helpless victim weaker than himself, but shines and snivels with any pain or suffering inflicted upon himself, David C. Walters, wife slayer, is steadily recovering in a Detroit hospital and probably will be almost well within a short space of time.

When his poor little wife lay in a working dress on the floor, Walters picked up a bottle of carbolic acid, which he had brought with him, with the purpose of ending his murderous existence. He pressed the bottle to his lips and poured out a mouthful of the fiery liquid. It burned his mouth. He spit it out upon the floor without swallowing a drop, for his throat was not burned.

This was the "desperate" man who had only a few seconds before fairly hacked to pieces the body of a frail little woman.

Walters' own story of the crime is a brutal tale of a most detestable crime. The only effort he makes toward a defense is that he knew that his wife loved Kirkpatrick more than she loved him; that she refused to leave him; that he refused to go back to live with him; that is all.

The detectives sat around his cot in the hospital, and he told the story of his life, leading up to the crime. He told of waiting in the house for his wife's return. "When she came in I begged her to go back and live with me again," he said. "Mamma, I said to her, 'You must come back to me and live with me and love me.' She refused, and then I said, 'Mamma, you have nearly killed me, and I'm going to kill you now.' Then I grabbed the hammer and struck her over the head with it three times. God when she fell I saw that she was dead; but I picked up the knife and slashed and slashed at her. Then I tried to kill myself, but I failed."

**Horribly Mangled.**  
Edward Martin was instantly killed by a Pere Marquette train, a short distance north of Muskegon Saturday. He was not identified until a piece of paper, on which his name had been written four times, was found in the lining of his coat by Coroner Baldrin. The body was terribly mangled.

It is thought that Martin had started out on a horse and while riding struck the baggage car. The body was dragged the entire length of the train. He was unmarried.

**Smallest in the State.**  
What is probably the smallest school in point of attendance in the entire state of Michigan, and one of the smallest in the entire United States, had its ending several weeks ago, when District No. 2 in Muskegon township closed for the season. The pupils who were under the tutelage of Miss Edith Hale, of Muskegon, left plates, blackboards and arithmetic and romped away to follow plows and pick berries at their home on the farm.

Miss Hale thinks that the number of her pupils compare favorably to any school in Michigan. The pupils were both young and were very orderly. One was a boy and the other a girl. They were both in the same grade in school.

District No. 2 hasn't always been so light in attendance, but early this spring many of the pupils left school to work at home.

**The Hermit's Estate.**  
Archimedes Galbraith, the swamp hermit who passed away in the St. Clair county poor house a supposedly rich man, did not have enough of his estate left to make it worth while probating. The appraisers find that the aged hermit left real estate valued at \$1,200, but this being highly mortgaged there will not be a question of the valuation, when the farm implements valued at \$45 and held 27,000 shares in "seventeen" different corporations. The value of the shares is placed at about \$2 or less.

**Detroit Valuation.**  
Surprising even to the assessors themselves is the increase of \$21,000,000 in the assessed valuation of land and buildings in Detroit, as figured out at the assessors' office. This includes an estimate of the value of the elevated road, which is placed at a little over \$3,000,000, and of the recent village of Fairview at \$4,000,000.

While working about an old tree Louis Bouffard, aged 56 years, a pioneer farmer of Delta county, was instantly killed by the tree falling on him. He was unmarried.

Fred Johnson, steward of the Lapeer Home for Feeble-Minded, is near the founding of the institution, is near

Harry Sermour, aged 35, was probably fatally injured by a falling pole at the Agricultural college grounds.

Chief Shawan, of Sugar Island, claiming to be 102 years old, recently made what he says will be his last visit to the Soo.

A mob of men and women assaulted John Deery, who tried to act as peacekeeper at a fight at a Police christening in Jackson, and he was left senseless on the sidewalk with two bad scalp cuts.

## MONUMENT TO JEFF DAVIS IS UNVEILED

### VETERANS IN GRAY DEDICATE MEMORIAL TO PRESIDENT OF THE CONFEDERACY.

Great Military Parade Precedes the Ceremonies—Daughter of Leader of "The Lost Cause" Pulls Cord Releasing Covering.

Richmond, Va., June 4.—A memorial to Jefferson Davis, only president of the Confederacy, was unveiled Monday as the crowning feature of the annual reunion of the confederate veterans. There was a "grand military pageant" in which every veteran in gray who was physically able, as well as many who were not, participated with energy and enthusiasm.

The unveiling was the fruition of 18 years of patient and loving effort, and every man who wore the southern uniform had in his heart a desire to see it.

The streets were brilliantly decorated. There was scarcely a house or business building in the city that was not profusely draped with Confederate colors and bunting. This was especially true of Franklin street and monument avenue, the line of march for the procession to the monument.

The parade started at 11:30 o'clock. The military feature was similar to the parade on the first day of the reunion, when the statue of Maj. Gen. J. E. B. Stuart was unveiled, but there were far more veterans in gray in the ranks. Veterans of every section of the line. Veterans of every section of the line. Veterans of every section of the line.

The ceremonies at the Davis monument were opened with prayer by Rev. Dr. William Jones, of Richmond, chaplain-general. The first address was by Gov. Claude A. Swanson of Virginia. He was followed by Mayor Carlton McCarthy, of Richmond, who introduced Gen. Evans as orator of the day.

**Davis' Daughter Unveils Shaft.**  
Mrs. J. A. Hughes of Colorado Springs, Colo., daughter of Mr. Davis, pulled the cord that held the canvas which covered the bronze statue. Her two young sons caught the two cords used to complete the unveiling. There was a second or two of absolute silence, then cheering burst forth. Banners played, and the Richmond howlers began firing the presidential honors. Afterward garlands were placed on the pedestal of the monument.

Norman Randolph, of Richmond, chairman of the central committee of the monument association, made an address of welcome, to which a response was made by Mrs. William J. Behan, of Mississippi, president of the Confederate Southern Memorial association.

Mrs. George S. Holmes, of South Carolina, president of the monument association, made a report of the work done, and former Senator Carmack, of Tennessee, read a response prepared by Mrs. Lizette George Henderson, president general of the United Daughters of the Confederacy.

**Man Robbed and Murdered.**  
Washington, Pa., June 4.—The mangled body of an unknown man was found on the tracks of the Pennsylvania railroad at Meadowlands Monday. The pockets of his clothes were turned inside out and a watch and part of the chain were missing. The authorities believe the man was robbed and murdered and his body placed on the tracks.

**Train Wreckers Foiled.**  
San Jose, Cal., June 4.—An attempt to wreck the early morning Southern Pacific train between this city and San Francisco was thwarted Monday by the discovery of a large pile of ties on the track near Santa Clara. Two tramps have been arrested on suspicion.

## WANT MORE LIBERAL LAWS

### OBJECT OF CALL FOR PUBLIC LANDS CONVENTION.

Gov. Buchtel of Colorado Says There Will Be No Politics in Gathering at Denver.

Denver, Col., June 2.—Gov. Buchtel, who issued the call in accordance with resolutions adopted by the general assembly of Colorado for public lands convention to be held in Denver June 18, 19 and 20, has declared that there shall be no politics injected into the gathering if he can prevent it. When he sent out the call he distinctly and emphatically stated that the purpose of the convention was in no way to antagonize President Roosevelt and his administration with reference to the public land question. The program prepared for the convention by a committee of which United States Senator Teller is chairman, provides for the shaping of a more liberal policy to be submitted to congress for the enactment of laws which will make for the development of the western states by bringing more people to take up the lands to till them.

The American National Stock Growers' association, whose last convention endorsed the grazing and forestry policies of the administration, will be a factor in the coming convention.

### PREACHER HAD COIN MOULDS.

Federal Grand Jury to Hear Case Against Rev. J. R. Kaye.

Lincoln, Ill., June 4.—New developments occurred Monday in the case of Rev. James R. Kaye, under investigation for having molds of United States coins. A sensational hearing before the federal grand jury in Springfield is in prospect. Acting upon discoveries made here Saturday by Capt. Porter, of the secret service bureau of Chicago, District Attorney, Northcutt Monday caused to be issued a number of subpoenas summoning prominent citizens before the grand jury. They are to tell what they know of the actions of Mr. Kaye, former pastor of the Presbyterian church in this city, who now lives in Oak Park.

United States Marshal Townsend served the papers which make it necessary for friends and neighbors of Mr. Kaye to go before the grand jury on Friday, June 14. Included in the list of witnesses cited are men prominent in business and church circles.

The local police laugh at the idea that the preacher manufactured the molds they have discovered for the purpose of making medals for Sunday school children. Capt. Madigan, who first made the discovery of the coinage outfit in the basement of Mr. Kaye's former home, says the dies he found are surely for molding half-dollars and quarters. An affair for striking off money, which Capt. Porter found in an out-house at the old Kaye residence, is a rubber plate attached to a wooden base.

The police say they have been informed that a local merchant has in his possession a number of counterfeit half-dollars which were passed on him some time ago. This is being investigated.

**Defaulting Teller Sentenced.**  
St. Louis, June 4.—On a plea of guilty Charles F. Grotefend, defaulting teller of the Washington National bank of St. Louis, was sentenced Monday to five years' imprisonment by Judge Treiber in the United States district court. After embezzling \$3,387, Grotefend fled to Sweden, where he was apprehended. He was extradited and was returned to St. Louis by D. P. Dyer, Jr., son of Federal Judge Dyer, of St. Louis.

**Maritime Strike Ended.**  
Paris, June 4.—The extended strike of the seamen has virtually come to an end with the capitulation of the strikers, who are expected to resume work at the home and colonial ports Tuesday.

**Talk of Croker in Parliament.**  
London, June 3.—The newspapers are reviving the report that Richard Croker cherishes an ambition to enter the British parliament as an Irish nationalist member.

## TWELVE MEN SWORN TO TRY HAYWOOD

### JURY COMPLETED AND STATE READY TO OPEN THE CASE AT BOISE.

Summary of the Charge—Harry Orchard, Who Confessed, to Be an Important Witness—Prosecution Pleaded with the Jurors.

Boise, Idaho, June 4.—After weeks of tedious questioning, the jury in the trial of William D. Haywood, the secretary and treasurer of the Western Federation of Miners, charged with the murder of former Gov. Steunenberg, was completed at 12:30 Monday with the acceptance of O. V. Sebern, a farmer.

The Haywood jury, complete, is as follows: Thomas B. Gess, real estate; Finley McBean, rancher; Samuel D. Gilman, farmer; Daniel Clark, farmer; George Powell, rancher; O. V. Sebern, farmer; H. F. Messican, farmer; Lee Scrivener, farmer; J. A. Robertson, farmer; Levi Smith, carpenter; A. P. Burns, retired rancher; and Samuel F. Russell, farmer.

Tuesday morning at 9:30 o'clock James H. Hawley for the state will address the court with the state's opening statement. He has prepared no manuscript, and said that he would be very brief.

### What the State Will Charge.

Broadly speaking, the state will charge that Haywood, conspiring with Moyer, Pettibone and Simpkins and others of the alleged "inner circle" of the Western Federation of Miners, plotted a campaign of terrorism that had for its purpose the removal by assassination of those opposed to the organization, and the retention and increase of control and power within the organization. It will allege that the explosion at the Victorville mine, the blowing up of the Independence depot, the murder of Light Gregory, a detective of Denver, the murder of Arthur Collins, of Telluride, the alleged blowing up of Fred Bradley, of San Francisco, and the alleged attempts on the lives of former Gov. Peabody and Judges Gabbert and Goddard of Colorado, were all part of a single great conspiracy to which the single great conspirator was Haywood, the murder of Gov. Steunenberg was included in the plan.

It will be alleged that Haywood and his associates, standing and working in the background, planned the long list of crimes and sent Harry Orchard and Steve Adams as hired executioners.

**Orchard to Testify.**  
The state's testimony will begin with the rehearsal of the Caldwell tragedy in which Frank Steunenberg was blown to death by a bomb on the night of December 30, 1905, and then the presence at Caldwell of Harry Orchard and John L. Simpkins, a member of the executive board of the Western Federation of Miners, will be shown. After that Harry Orchard, who actually murdered Steunenberg, will be connected with the scene and the stand to retell the confession which it is alleged he made to Detective McParland. After that will come the state's effort to corroborate Orchard's story and to clinch by other testimony the general part of the Western Federation of Miners and the particular part of William D. Haywood alleged in connection with the murder of Frank Steunenberg.

Attorneys for the prosecution expect satisfaction with the jury, but counsel for Haywood, while believing the jurors honest of purpose, call attention to the fact that none of them has any natural kinship to labor organizations.

**KILLED IN AUTO SMASH.**  
Harry Hamlin, Rich. Buffalo Man, Meets Instant Death.

Buffalo, N. Y., June 4.—Harry Hamlin, one of the best known and wealthiest citizens of Buffalo, was killed in an automobile accident on the Williamsville road a mile north of the city late Monday afternoon. Mr. Hamlin's automobile collided with a light wagon driven by Jacob Schaller, a retired butcher of Buffalo. Hamlin was hurled to the roadside and instantly killed.

Schaller was badly hurt, but will recover. John Heckel, a 12-year-old boy who was in Schaller's rig, was fatally injured.—Both his legs were broken and his skull fractured.

Mr. Hamlin was 50 years old and lived at 1014 Delaware avenue. He was a son of the late Cleora J. Hamlin, famous as a breeder of trotting horses. He is survived by a widow and one son, Chauncey J. Hamlin.

**Shoots Two, Kills Himself.**  
Pittsburg, Pa., June 4.—Because they could not tell him the address of a young woman, Patrick Reardon, aged 23 years, shot Thomas Morton and M. M. Moorhead and then committed suicide, Monday afternoon. Moorhead and Morton are at a hospital in a critical condition.

**Secretaries to Visit Oklahoma.**  
Guthrie, Okla., June 3.—Secretary of War Taft and Secretary of the Interior Garfield have promised to visit Oklahoma in August and make public speeches.

## BEGIN ST. PAUL CATHEDRAL CORNER STONE FOR MAGNIFICENT BUILDING LAID.

Prominent Clerics of the West Present at the Ceremony—President Sends Congratulations.

St. Paul, Minn., June 3.—The corner stone of the fourth cathedral of St. Paul, which, when completed four years hence, will probably surpass any other American church in architectural distinction and beauty, was laid Sunday afternoon. Participants in the ceremony comprised Archbishop Ireland of St. Paul, Keane of Dubuque, Glennon of St. Louis and Christie of Oregon City, the bishops of Winona, St. Cloud and Duluth, Minn.; Sioux Falls and Lead, S. D., and Fargo, N. D., all assisting Archbishop Ireland in the province of St. Paul; a score of other bishops from various states, and 200 priests. About this notable group of ecclesiastics were gathered 30,000 laymen. The ceremonies followed a review by Archbishop Ireland and his guests, at the cathedral, of the largest religious parade yet seen in the northwest.

The cathedral will be completed in about four years. It will cost upwards of \$3,000,000, of which \$700,000 has already been subscribed. Bishop McGlockie, of Duluth, as senior bishop of the province, laid the corner stone with silver trowel and mallet.

Archbishop Ireland made the principal address and read this message from the president:

"White House, Washington, June 1.—Archbishop Ireland, St. Paul: In this fortunate country of ours liberty and religion are natural allies and go forward hand in hand. I congratulate all those gathered to witness the laying of the corner stone of the new cathedral of St. Paul. I congratulate those who are to worship there, and I congratulate especially you personally. (Signed) Theodore Roosevelt."

### AFFECTS TAXATION OF GRAIN.

Important Decision Made by Minnesota Supreme Court.

Minneapolis, Minn., June 1.—The supreme court has decided that the Northwestern Elevator company of Minneapolis need not pay the personal property assessment on 29,000 bushels of grain stored in its elevators at the Minnesota transfer. The only tax that can be collected from the Northwestern Elevator company is on its office furniture, which amounts to about \$250.

This is considered a most important decision, as it may affect every elevator company in the state in regard to taxation of the grain in the elevators. The assessment on the grain in the Northwestern elevator at the Minnesota transfer was about \$250.

**Voliva Is Deposed.**  
Chicago, May 29.—Wilbur Glenn Voliva, general overseer of the Christian Catholic Apostolic church, has been deposed as temporal head of Zion City, and the opposition to his rule is rejoicing in the belief that his spiritual leadership is dead. Tuesday Voliva was notified that his lease on the tabernacle, the administration building and the four school buildings in Zion City, which was canceled by John C. Hately, Voliva also was summoned to appear before Judge K. M. Landis of the United States district court Wednesday and make answer to the charge of contempt of court.

**Four Burned to Death.**  
Long Branch, N. J., June 1.—The two daughters of Walter A. Schiffer, a New York secretary of the United Cigar Manufacturing company, Marion, aged ten, and Ruth, aged 14, and two servants, Mary Diller, and Tilly Mopth, were burned to death in a fire which Thursday night destroyed the handsome residence of Jacob Rotman, which Mr. Schiffer had rented.

In attempting to rescue her children Mrs. Schiffer was so severely burned as to be in a critical condition and Mr. Schiffer suffered severe burns in fighting the fire.

**Bank Wreckers Lose on Appeal.**  
Denver, Col., June 4.—In an unanimous opinion the supreme court of justice Monday affirmed the decision of the district court in the case of Leonard Imboden and James A. Hill, who were convicted on December 19, 1905, of irregularities in banking which caused the failure of the Denver Savings bank and were sentenced to the state penitentiary for nine years each.

**Anxious to Fight Guatemala.**  
El Paso, Tex., June 4.—Acting Gov. Sanchez, of Chihuahua, Monday telegraphed President Diaz offering troops from Chihuahua to protect the national honor against Guatemala. He says every man in the state is anxious for service. The governors of Guerrero, Jalisco, Toluca and Morelos have also telegraphed similar messages.

**Wisconsin's Lumber Industry.**  
Washington, June 4.—The census bureau Monday issued a preliminary report showing that Wisconsin during the calendar year 1906 produced 2,311,305,000 feet of lumber, \$77,880,000 value and 302,876,000 shingles. The report shows a decrease of 212,000,000 feet of lumber in that state since the previous year.

**Seven Die in Ore Wreck.**  
Elyria, O., June 1.—Seven persons died of injuries received in the wreck of a Cleveland & Southwestern trolley car Thursday, when the car was struck by another car.

## PRESIDENT IS GIVEN OVATION AT LANSING

MAKES THREE ADDRESSES FRIDAY AFTERNOON IN THE MICHIGAN CAPITAL.

Occasion is Semicentennial of Founding of State Agricultural College—Speaks of Importance of Country's Rural Interests.

Lansing, Mich., June 1.—President Roosevelt, whose address Friday afternoon on the campus of the Michigan Agricultural college was the climax of the semicentennial celebration of the founding of that famous institution, arrived in Lansing at ten o'clock in the morning over the Lake Shore railroad in his special car. He made a number of short addresses during the morning from his car platform at small towns.

Special excursions on trains had been bringing in thousands of people since daylight and when the president's train arrived the number of strangers in the city was estimated at 50,000.

Has Escort of Guardsmen.  
Twelve companies of the Michigan national guard had been brought into the city to escort and guard the president, together with a troop of cavalry from South Haven, Mich., and two divisions of the Michigan naval reserve.

The president was given an ovation as he concluded his balcony speech and went into representative hall to address the members of the legislature. He spoke there about ten minutes. He said that the railroad problem in this country must be dealt with unflinchingly, but with sanity and with reason. There must be, he said, steady progress along the lines that already have been laid down. He also mentioned some of his own experiences as a member of the New York legislature.

**Guest of College President.**  
After the second address the president and his party entered the campus and were driven to the residence of President J. L. Snyder, of the agricultural college, where luncheon was served.

At two p. m. the president made his formal address from a platform erected at the head of the campus.

**Children the Best Crop.**  
That there is no relaxation in President Roosevelt's vigorous views regarding the importance of the country's rural interests was evidenced by his speech.

"The crop of children is the best crop of the nation," said the president. He also paid tribute to the work of the farmer's wife, who, he declared, should neither be an idler nor a drudge.

The cityward trend of the rural youth was deplored by the president, and he urged a more efficient course of agricultural education as a means of offsetting this exodus and upholding the integrity of the rural community.

Hereafter, according to the president, one of the most important tasks before the department of agriculture will be to improve the social life of the farmer and of his family.

"The people of our farming regions must be able to combine among themselves," he said also, "as a means of protecting their industry from highly organized interests which now surround them."

**"Points" of the Speech.**  
The telling points of the speech follow: Workers should get over the idea that to earn \$12 a week and call it salary is better than to earn \$25 a week and call it wages.

"Many country communities have lost their social coherence. In such communities, for instance, the country church has gone back as a social and religious factor."

"Ambitious native-born men and women who now tend away from the farm must be brought back to it."

"I emphatically believe that for the great majority of women the only really indispensable industry in which they can engage is the industry of the home."

"I have not the slightest sympathy with those hysterical and foolish creatures who wish women to attain easy lives by shirking their duties."

**TO INSPECT WESTERN POSTS.**  
Maj. Gen. Bell Will Make an Extended Tour.
