The whelp knew that I wouldn't have said that had I remembered about his experience, and so he gazed at me without a bit of resentment in his expression.

Is that so? he said to me - 'All the same. I'm the only man on this reser vation who has got a certificate that ne is absolutely same.

"I suppose that wasn't a not one! It took me right off my pins. There, to that, and the only thing I could do was to slouch away and mak some quiet spot where I could think

Deserved His Liberty.

The smartest lunatic who ever-es aped from an English asylum seen to be a well-known Hadley man. Wearing a silk hat and a frock coat, he walked into a newspaper office in and after writing a thrilling story of how to elude the vigilant attendants at the Staffordshire county asylum, asked the editor to publish it. According to his story he waited for a foggy night and then, after dow, descended to the ground by rope ladder. He then visited Stock port and the poor law officers to look that a lunatic could not be apprehended after 14 days of liberation unles a fresh order should be made out against him, he gave himself up to unrestrained celebration of the new year. He complained in his story that the asylum system was too prisonlike and that it discouraged and depressed him

Moth a Hypnotist

played with a curious slitering hypnotizing machine of crysta "did you ever know that wants to. She makes a curious hum ming sound, and within a moment or two every bee in the colony falls into a hypnotic trance.

"The death's head hawk moth is also a hypnotist of great power. This creature, indeed, makes its living out of advance in appearance on her mothe hypnotism. Entering a hive, it makes a and grandmothe ound not unlike the queen bee's note, to see a child strikingly plain between and, the bees immediately sinking into the ages of two years slumber, the moth proceeds to plunder the majority of carefully nurtured at its leisure.

Use for Laurel and Sunflower.

People who live in damp localities particularly near undrained land, in France have discovered a simple remedy for damp situations. Successful experiments have shown that it is possible materially to improve the atmosphere in such neighborhoods by dog a runnin is a failure when it the planting of the laurel and the sun-"And does that wrove that you're flower. The laurel gives off an abund ance of ozone, while the sunflower is potent in destroying malarial conditions.
