## Laker tennis team nets regional win -- on to state!

**REGIONAL TENNIS CHAMPS!** The Laker Varsity Tennis Team won the Class C Regional Championship at Imlay City last Friday, and travels to Kalamazoo June 3 to participate in the state finals!

Coach Dick Pauly's squad tied for the regional crown last year, but won it outright in strong team play, with a 21 score. Goodrich in second place with a 20, also enters the finals. Armada was third with 17.

Winning flight championships for the Lakers were Brian Elston at second singles, Len Garza at third singles, Cory Schlieper at fourth singles and Dale Killinger and Ken Hurley at third doubles.

Jeff Elston was defeated in the finals of the first singles flight, while Matt Brunett and Dave King were defeated in the semi-finals of the first doubles flight, Coach Pauly says.

"This was definitely a team effort, as everyone contributed to the championship," the proud coach said Monday. Laker team members who are undefeated so far this year are Brian Elston in second flight singles, Len Garza in third flight and the Killinger-Hurley team in third doubles.

The Lakers and Goodrich battled down to the final match of the day to decide the championship. The top three teams were followed by Almont, Bad Axe, Flint Hamady, Marlette, Flint Atherton and Flint Academy.

Picture above are members of the Laker Tennis Team from left, coach Dick Pauly, Leonard Garza, Boyd Buschlen, Dale Killinger, Jeff Elston, Dave Voelker, Cory Schlieper, Brian Elston, Ken Hurley, Dave King and Matt Brunet.

## Steinman awarded Pigeon insurance bid

Pigeon Village Council deliberated nearly an hour Monday night before awarding the village's total insurance package to Lee Steinman Agency of Pigeon.

Steinman's bid of \$11,896 was not the lowest of the four bids received, but it was more complete and comprehensive than others, Council members decided at the special meeting. Bailey Insurance Agency of Pigeon was the apparent low bidder, at \$11,408 but some of its coverage levels were not as high as Steinman's.

Council members noted insurance offerings, with various deductibles, limits and other considerations are difficult to judge against each other. Council members James Armbruster and Paul Walsh, who both voted against the Steinman proposal, said the village should make up specifications it wants in the future, and let agents meet them.

"I think this is comparing apples and oranges," Walsh said during the meeting. "If you're an insurance man, maybe you can decipher this," he said of the various plans. "I'm not an insurance man." Voting for Steinman's package were Kenneth Licht, Fred Orr, Dryden Haist and Anthony Kula. The new package coverage begins June 1.

An incomplete bid from the Michigan Municipal League's representative agency was removed from consideration, as

was a \$19,996 bid from the McIntyre Agency of Pigeon.

**PICKUP:** A new three-quarter ton pickup truck was approved for purchase for the Pigeon DPW, from Pigeon Motor Sales. The Dodge truck sells for \$8815.

**LICENSE TRANSFER:** A request to transfer the Class C liquor license with dance permit from June and Leonard Malpass of June and Fargo's Bar was approved. IKEK, Inc., owned by Gary and Kathleen King of Clio is seeking the transfer. The couple plans to move to Pigeon soon to run the business.

**GRASS NO-NO:** Village residents were reminded by Village DPW Supt. Don Otto to bag grass and leaf clippings and not blow them into the street. "They're really clogging up our sewer lines," Otto said of grass clippings.

**WATER LINE:** The Lamplighter Restaurant will be hooked up to village water, following approval of a hook-up request from owner Tony Loewe. He complained that water quality is not as good as it should be, and was unhappy that a 1970s special assessment against his business quadrupled normal water line setup.

Council said the \$1088 assessment was the restaurant's share of water line construction, in addition to the \$245 hook-up fee. Loewe was given permission to pay the special assessment quarterly.

**PLANTING MAY FLOWERS:** Last week's warm days were perfect weather to plant flowers, as Mrs. Audrey Beachy of Elkton shows.

She enlisted her granddaughters, four-and-a-half year-old Melissa Albrecht (with watering can) and her two-year-old sister Dana and the girls' mother, Anne Albrecht, to help with the planting at her home at 4912 Mill Street.

Mrs. Beachy is the wife of Roy Beachy, while the Albrecht's husband and father is Galen Albrecht, all of Elkton.

## Caseville site for C.R.A.M. races

Sunday's weather wasn't beautiful and sunny as sailors would like, but that didn't stop dozens of boat owners from participating in this year's first Catamaran Racing Association of Michigan (C.R.A.M.) event at Caseville.

Divisions and winners in the annual event are:

Prindle 16: Eric Kennedy of Flint;

Nacra: Ted Flack and Bryan Garcia, both of Pontiac;

Hobie Cat 18: Carl Roberts of Whitmore Lake, Mike Gerratt of Ypsilanti and Commodore Mark Olin of Rochester;

Hobie 16: Les Gallagher and Steve McCallum, of Saginaw;

Portsmouth: Tom Hamill of Highland and Lowell Wyman of Saginaw, and Jim Cox of Flint.

Each winner received a trophy, and five races were held -- three on Saturday and two on Sunday.

Crash boat captain was Paul Hill of Warren. Race Committee co-chairmen are Chuck Uptegraff of Bay City and Mike Shaw of Whitmore Lake. Trophy co-chairmen are Mark Olin of Rochester and John and Eileen Medler of Troy.

This summer's next local C.R.A.M. race is set for July 29-31 at Caseville. Members invite the public to attend, watch the action and get to know various boats and designs.

## Memorial Day

\*\*\*\*\*

### Parades

are being planned throughout Huron County this year, in recognition of Memorial Day.

### GRANT TWP.

Ceremonies at Grant Township Cemetery, on Bach Road, are set for Sunday afternoon.

### BAY PORT

Bay Port's Parade begins at 10 a.m. this Monday, through the center of the village. It ends at the Memorial Marker south of town, where ceremonies are planned.

### PIGEON

Pigeon's Parade is set for 11 a.m., to end at the Tip of the Thumb VFW Post flag pole on M-142 south of the village. Scouting, Little League, 4-H and other groups are invited to march, forming near Pigeon Elementary School.

### SEBEWAING

Sebewaing will be host to the Huron County Memorial Day Parade on Monday afternoon, May 30, with invitations issued to all veterans' posts in the area.

State Rep Dick Allen (R-Fairgrove) is the keynote speaker at Sebewaing. Vernon Henrichs, Caro, past commander of American Legion, Michigan Department, will also speak at the service at Sebewaing Village Park.

The parade will form between 1 and 1:30 p.m. near Sebewaing Fire Hall on Washington Street, and will step off at 2 p.m. The procession will march to Center Bridge where a Gold Star Mother will place a wreath on the water in memory of servicemen who lost their lives at sea. The parade will then move to Village Park for Memorial Day services.

### Club notes

#### ELKTON SENIOR CITIZENS

There were 58 present when the Elkton Senior Citizens met for their weekly meeting.

Mildred Dietzel gave the table blessing. The chairman welcomed guests Henry Romain and Alice and Norman Bowles, newlyweds. He greeted "snowbirds" Ruth Avery, Alta Haynes, Bob Brown, Glen Wakefield and Doris Beaver.

The Bowles were feted with a surprise chivari of 10 men in a "kitchen band." "God Bless America" was sung and the pledge to the flag recited. At the request of centenarian Fred Jous, Bea Gregor played a polka

sola on the piano. Harold Gregor asked for song request from members for the open meeting. The Birthday Song was sung to Virgil Brimberry, Max Ritter, Dorothy Carty, Laura Lenzner, Hazel Humphrey and Jim Hoffman.

Alvena Walsh reported that Dora Shaw is now a patient in Scheurer Hospital's Long-Term Unit. The secretary's report was given and approved.

Marie Hoffman gave a reading, "The Tourist's Prayer," Mildred Dietzel recited several jokes, Laura Jimpkowski read "If I Had My Life to Live Over" and poems "Resolved" and "What's a Greeting Card."

**BUTTONS READY:** Pigeon's 10th annual Farmers' Festival is just around the corner -- and watch for buttons reminding everybody of that fact, which are now on sale! This year's button for the event about nine weeks away is on sale in Pigeon Chamber of Commerce member stores, and contains a number which could earn up to \$100 in cash prizes, according to organizer Ron Cobb.

Two \$100 gift certificate cash awards will be presented, from numbers posted during the July 27-31 event. And, the famous "Keystone Kops" will be putting miscreants in jail who don't wear at least one such button.

### Newspaper copies now microfilmed!

With the microfilming now completed for the six-year period of 1977 through 1982, the complete history of Pigeon and vicinity through pages of The Progress-Advance is on display at the Pigeon District Library.

The first issue of the Pigeon Progress was printed by the late George H.A. Shaw on Sept. 3, 1897. The film series -- available for public use -- starts with that issue and continues unbroken through Dec. 30, 1982, according to Pigeon Historical Society organizer Alvin DeGrow, who began the filming project while serving as State Senator.

Of special interest to persons using the microfilm viewer is the new copy-machine attachment that can make an instantaneous copy of any article the searcher may find. This is especially helpful to persons doing genealogical research, Sen. DeGrow says.

Not so fortunate are the people of Caseville and Elkton. Although the Pigeon District Library has film of portions of their newspapers, the files are not complete, Sen. DeGrow notes.

"Evidently Caseville had a newspaper beginning at least in 1874 to '75. Through the generosity of Mr. Francis Crawford, issues of 'the Caseville Critic' from Jan. 29, 1874 through Jan. 21, 1875 are filmed and on display. However, nothing is known of the missing issues," he says, since the paper is known to have published longer than that.

Many more issues of the former Elkton Advance are on film -- but dozens of years are still missing. Advance films start with the Jan. 6, 1938 issue and ends Dec. 30, 1954, when the Advance and Progress were merged into the present Progress-Advance. But full volumes from the Advance's first issue in 1898 until 1938 are not to be found, Sen. DeGrow says.

Anyone with any information on any of the missing issues is urged to contact Mark or Sally Rummel at the Progress-Advance, Sen. DeGrow or any member of the Historical Society.

This latest filming project is being paid for by the Progress-Advance owners, because they realize how important these historical documents are to the present and future residents of the Western Thumb.

### Inspector Gordo's Minute Mystery THE CASE OF THE Post office box

"Don't tell me Tony deTantos just handed over the Pondfield necklace to you!" bellowed Captain Nilsen.

Evert the Ear backed against the wall of the captain's office. "Now wait," he begged, "it wasn't like that. See this key? It's to Tony's mailbox in the Birch Street post office.

The greasy little informer shifted his feet nervously. "You been looking for the Pondfield necklace, ain't you?" he asked. "Old man Pondfield insured it for a million. I bet the insurance company is breathing down your neck."

"The insurance people want the police to recover the necklace," admitted the captain. "What are you selling?"

"The necklace," said Evert grandly. "Before the cops shot him onto a slab, Tony mailed the necklace to his postal box --"

"Nuts!" exclaimed the inspector. "Are you telling me Tony just made you a present of his mailbox key?"

"No," said Evert quickly. "Last month when he was hiding after the Rockland job, he sent me out to a hardware store to have his car keys duplicated. Gave me his whole key ring. I duplicated everything on it, and kept the extras for myself. Just in case."

"When Tony got riddled yesterday, and the necklace ain't anywhere, I begin to think. Sure enough, one of the keys I had made fits his mailbox. The necklace is in one of them insulted bags. Now I figure it's worth --"

Evert the Ear's voice halted in a gasp as the captain lifted him by the seat of the pants. Inspector Gordo, who was coming into the office, held the door wide for one of Evert's head-first departures.

Why did Evert the Ear get the heave-ho? Answer on Page 8

#### NEW PARTY SHOP:

Pete's Party Store is opening for business Friday morning in Caseville, offering a full line of groceries and party supplies, plus self-serve Union 76 gasoline.

Owner is Bob Peter of Caseville, who has been doing all construction and remodeling himself, as a licensed builder.

Pete's will be open from 7 a.m. to 11 p.m. seven days a week, and will add beer and wine for takeout when licensing is completed soon. Slushes, coffee, pop by the cup and hot sandwiches will also be featured.

The business is located at 6641 Main Street, at Oak in downtown Caseville. Peter invites people to stop in and

say hello during the grand opening.

Click! Flash! Press! Extra! Index! Galleys! Stop the Presses! Truth, justice! It's a prin! Now is the time for all The quick brown .30. Masthead

#### OBSERVATIONS BY THE PUBLISHER AND OTHERS

**BUSY WEEKEND** - Elkton - Pigeon - Bay Port and Unionville-Sebewaing Area students are celebrating graduation this weekend, and it's also the Memorial Day holiday weekend. Caseville High's baccalaureate ceremonies are coming Sunday, too. There's lots going on, so get involved -- and enjoy life here in the Thumb Area!

**EARLY DEADLINES** - Since Monday is the official observance of Memorial Day, all news stories for next week's Progress-Advance issue must be in our hands by 12 noon on Saturday. Ad deadline is 5 p.m. Friday. Thanks for observing these earlier deadlines, next week only.

**OPERATION C.A.R.E.** - Michigan State Police will again be working on their "combined accident reduction effort" this weekend. Operation C.A.R.E. uses federal funds to assist in safety campaigns -- and helped hold state traffic deaths to nine last Memorial Day weekend.

Nearly 3000 additional patrol hours are being used, surveilling holiday traffic. Be glad those extra police patrols are there -- and drive carefully.

**SAFETY IS NO ACCIDENT** - Speaking of fewer fatalities, the U.S. death toll fell last year to its lowest level in two decades, according to the National Transportation Safety Board.

Highway, rail and marine accidents fell last year, while aviation fatalities rose sharply in 1982. A total of 48,040 people were killed in transportation accidents last year, down from nearly 54,000 deaths in 1963. Keep up the good (and safe) work, folks!

**THAT BRIDGE!** - Now the State Transportation Department is saying the infamous Zilwaukee Bridge won't be finished until 1986, two years later than previously announced.

And remember the \$80 million price tag? It's set at nearly \$100 million -- and we're betting it hits \$120 million before it's done!

All for a bridge nobody really needs! There's no great amount of river traffic on that part of the Saginaw River anymore! Why don't they stop right now, build a low-level (cheaper) bridge and quit while they're ahead? This is disgusting!

**ANOTHER SAFETY TIP** - Secretary of State Richard Austin reminds Michigan residents to drive safely and wear their seatbelts this Memorial Day weekend. "No motorist wearing a safety belt was killed on Memorial Day, July 4th or Labor Day weekends in 1982," Austin says.

As we say, a word to the wise should be sufficient...

**WHAT'S IN A NAME?** - The title for this 5½-year-old column is a play on words from the New York Times motto "All the news that's fit to print." Well, my father-in-law, David Shotwell, wrote us from Naubinway this week with ANOTHER play on words with that motto. It's from a recent Sports Illustrated story about one of their editors, who places stories and pictures: "all the news we print he fits."

We love it!

**WISH I'D SAID THAT** - The trouble with having an hourglass figure is that the sands of time always end up in the bottom half!

**CASEVILLE VISITORS:** Caseville Village and Township officials welcomed the Mayor of Stanton and other guests May 16, during Mayor Exchange Day, observed as part of Michigan Week.

Shown presenting the key to the village are, from left, Jim and Charlotte Reeves, Bert Beadle, Mike Power (between Marcia and Robert Sawdy of Stanton,) Robert and JoDean Burns of Stanton and Ed and Deloris Steinman. The guests were treated to a day's tour and evening meal and celebration.

Caseville Mayor John Parr was "traded" to Stanton for the day, but has returned to again assume village control.

PHOTO BY SANDY GOSLEE

#### Four to SVSC's dean's list

Two graduating seniors and two underclassmen from the Western Thumb

area were recently named to the Saginaw Valley State College Dean's list for winter semester.

Those graduating include Brenda Krohn of Elkton with a BSN in nursing and Connie Frays of Caseville with a BBA in marketing.

Other area students named to the dean's list include Lori Chisholm of Pigeon and Ruth Klee of Elkton.

To qualify for the dean's list, scholars must earn a grade point average of 3.40 and 3.99 with 4.00 equaling all A's.

#### Mental health board meets

The regular monthly meeting of the Huron County Community Mental Health Services Act 258 Board will meet on Wednesday, June 1 at 7:30 p.m.

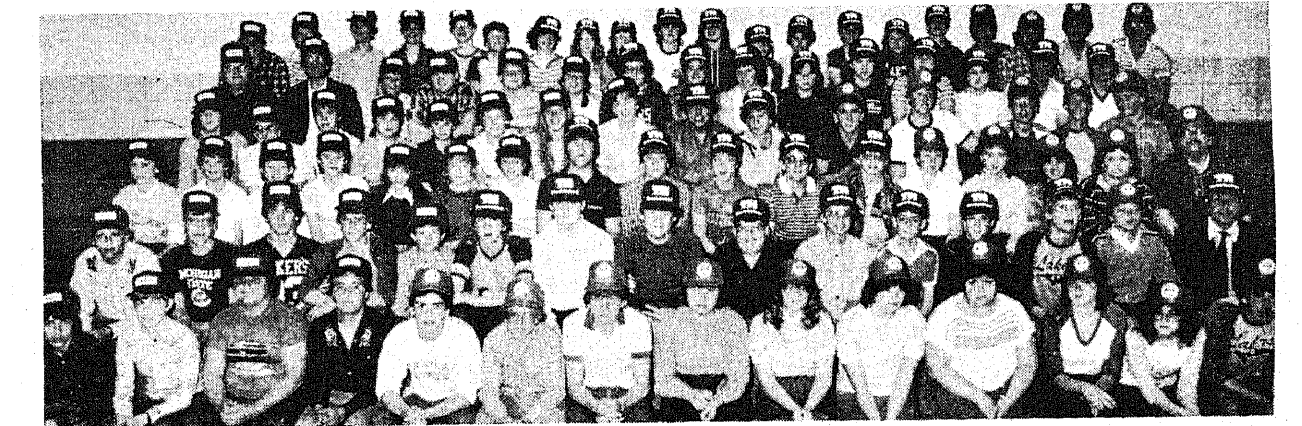

The meeting will be in the Mental Health Office, 1108 South Van Dyke, Bad Axe.

#### St. Roch chickens to sizzle this Sunday!

St. Roch's Catholic Church of Caseville invites the public to its first annual Chicken Bar-B-Q this Sunday, at the church on M-25 just north of Caseville.

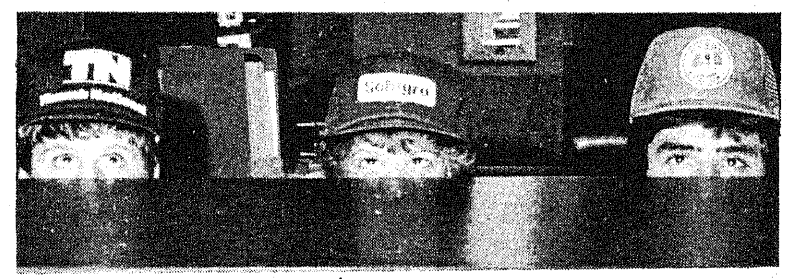

Members say serving of a half-chicken, home made baked beans, cole slaw, roll and dessert will begin at 12 noon and should run until 6 p.m., or until supplies run out. Beverages are also available, at extra cost.

"Come along, bring the family and enjoy this special treat," members urge. Adult and children's portions are available for take-out or eating there.

**HELPFUL HATS:** Laker Junior High students left Tuesday afternoon on their trip to Washington, D.C., each sporting an identifying hat donated by Thumb National Bank, Co-op Elevator Co. of Pigeon and Sohigro of Elkton.

Each of the 102 students from L.J.H. and Cross Lutheran School attending paid \$120 and earned an equal amount for the trip. They return, tired, but happy, Saturday morning. The hats will help keep track of the three bus groups attending.

#### Scenic notes

By MAVIS PECHETTE

The women golfers of Scenic Golf and Country Club recently had "Bingo-Bango-Bongo" for the play of the day. Peg Leipprandt, Bea Anklam and Marty Murdoch put together the lucky numbers to claim the prizes.

Three tables of ladies played bridge in the afternoon. Winners were Marie Beach, Nadene Barbret and Fran Seeley.

The Women's division is sponsoring a luncheon and card party at the clubhouse on Filion Road. The gathering will commence at noon on Wednesday, June 1. Tickets are available from Marian Rathje at 455-2524 and Nadene Barbret at 856-2135. None will be sold at the door.

The Wednesday Morning Swingers will begin at the two-lady team competition at 9 a.m. on Wednesday, June 1. The Wednesday Men's League has been playing for several weeks. The Monday Night Mixed League starts Monday, June 6 at 5 p.m. and continues until the middle of August.

### GARAGE SALE WEEKEND!

Friday & Saturday, June 10 & 11

It's garage sale time again. Let us help you have yours. Warm weather is here and that means it's time to sell those odds and ends and make a little extra money with the help of the Pigeon Chamber of Commerce's Annual Garage Sale Weekend! A \$5.00 listing fee is required for those wishing to participate in the Garage Sale Weekend, this fee covers advertising and map printing for distribution.

Contact Clark Eiftman at Kretschmer Home Center for more information.

Sponsored by the Pigeon Chamber of Commerce

As we see it editorially

Graduation thoughts, 15 years later

It's hard to believe, but 15 years have passed since this writer graduated from the former Sebewaing High School. In some ways, those years have gone very fast, and in others, very slowly.

The writer was fortunate to be asked to speak to the Laker High School prom five years ago, and it seems impossible five more years have come and gone in that time. Many of those students have gone on to finish college or trade schools, get married and perhaps start families.

But some of the comments expressed then - way back in 1978 - are still pertinent today. We're updating them slightly and sharing them with this year's Class of 1983, since Thumb Area students deserve one last dose of advice. "If you would have asked me to try guessing what I would do during my first 15 years after high school, I wouldn't have believed it. I've lived in five different towns since my graduation. I've held 11 jobs in all.

"I had wanted to try five different fields of work in my first 15 years after high school (until age 33), then pick a favorite to follow for the next 32 years of my life. That master plan was sidetracked, but I learned a great deal since the 1968 graduating class met for the last time.

"Can you imagine what the next 10 or 15 years will bring for you? Do you have any plans to direct what happens? It's your life. YOU should be in control. I left a big-city job running a \$2 million newspaper department to come back to the Thumb, because I chose what gave me the most pleasure and satisfaction. I took a big pay cut, too, but maybe you'll find someday (as I have) that money isn't everything.

"Five main points about life have occurred to me since I left high school. I've tried to apply these rules or thoughts to myself, and I'd like to believe they could help you, too:

"First, life is a contest. It's exciting, fun and you're in the spotlight sometimes. But often there's only one winner. You can't win 'em all, but KEEP TRYING! That's part of the fun.

"Second, you never stop learning. Pay attention! If you want to get ahead, think ahead. You won't learn everything in the classroom

anymore, but in the "real world." Learn from what's going on.

"Third, life is too short to continually complain about or to get upset about. You graduating seniors have more than 45 years of work ahead. Explore, sample and live life. You'll love it. Keep after it. Don't be bothered by the "small stuff." Concentrate on the many, many good things in life. They're worth it.

"Fourth, remember that you're the one in control of your own life. You don't have to go along with the "crowd," if you don't really want to. You can be what you want to be, if you apply yourself and prepare yourself properly. It might be lonely, but you'll feel better about yourself.

"Finally, add that extra spark, that extra step, that extra effort. Give a little more than you expect to get back. Stand out from the crowd. It's not bad being different...if you're trying to be better. Thomas Edison said genius is 10% inspiration and 90% perspiration. It might start in a firm faith or elsewhere, but that extra effort is what will make you a success or failure.

"Starting when you get your diploma on that high school stage, you're in control. Your parents' influence is fading away. You're making more and more decisions, starting now. Do you want to put forth the effort to do the best you can? Do you want to be better, or more happy, or more successful than others? You've read along this far, so you're at least interested in bettering yourself.

"It's up to you. Right now, and every day for the rest of your life. Enjoy every one of those days. Each day has been given to you to use, to work with and make into something. We're all given the same amount of time. What we do with it depends on each of us."

Members of the Class of 1983, what you make of your life is up to you. Best wishes, and good luck!

Letters to the Editor

Cancer crusades completed

To the Editor:  
The Winsor Township rural area Cancer Crusade has been completed with a total of \$1,048.50 collected. I would like to express my heartfelt thanks to all the wonderful people, who have given so generously and shown personal kindness to the Crusaders.

A special, special thank you to all the volunteer workers: Mrs. Amanda Strauch, Mr. and Mrs. Reinhold Bauer, Mrs. Mildred Oeschger, Mrs. Marian Kumaus, Mrs. Genevieve Buschlen and Mrs. Alta Mitin. They have given so graciously of their time, use of car, gasoline and donations.  
God bless you all.  
Mrs. Elsie Kern  
Chairman of  
Winsor Township

Dear Editor:  
Today, May 11, 1983, the Oliver Township Cancer Crusade is officially completed. Contributions totaled \$775.50, an increase of \$85 over last year. Perhaps the increase in giving is due to the fact that so many area people's lives have been touched by cancer. With the dedication of those in research and concerned citizens giving of both time and money, hope is in sight for a conquering of this dreaded disease... as polio was controlled by dedication and hope.

I would like to list each name of all 18 area people who so very willingly worked this year but since none did it for recognition, names are not necessary. Ten were new volunteers, eight were workers in the 1982 Crusade and many have worked other

years collecting funds. Some have agreed to solicit again in 1984. Whatever category our Oliver Township Crusaders come under, I want to personally thank each and every one and say "Congratulations on a job well done!"  
Sincerely,  
Mrs. Helen Woodward

Buddy Poppy sales were successful

To the Editor:  
The VFW Post No. 2236 and the Ladies Auxiliary of Pigeon, wishes to express their gratitude to the people of the Pigeon area for their generosity in making our Buddy Poppy sales a success to the tune of \$1,283.34.

Your donations will be appreciated by disabled American veterans, the children at our VFW National Home, our post relief fund for wheelchairs, walkers and hospital beds and Post members that are in dire need.  
A special thanks to Thumb Plumbing and Heating for the use of their store and to Peach Niebel for the deployment and receiving center during the Poppy Sales.

And a special thanks to Art Hughes and Cliff Witkovsky for their great salesmanship and determination and all the other VFW and auxiliary members who worked and made it a success. You should be proud of our organization.

Joseph J. McArdle & Jesse Otto  
Buddy Poppy Chairpeople

the Progress Advance

Subscriptions - \$8.00 for 52 issues (one year) in Huron, Tuscola and Sanilac Counties; \$11.00 for 52 issues (one year) elsewhere in the U.S.

Fore!  
By Mavis Pechette  
Notes on a quick trip

My springtime Southern trip has been completed once again. It must be close to summer as my friend is settled in her Saginaw Bay cottage after spending the winter in Florida.

The taking her and bringing her back has gotten to be a routine. Everyone should enjoy such a routine!  
The Saginaw to Sarasota flight is a beauty. When the skies are clear one can see the outline of the Thumb right after take-off. Leaving the Detroit area, the flight pattern follows I-75 down through Ohio, Kentucky and Tennessee. That is a familiar route and we are able to pick out the cities and rivers as they appear below. The plane approaches Sarasota from the Gulf side so we can see the still-damaged Skyway Bridge across Tampa Bay. Two years ago a ship rammed the bridge, destroying the south-bound span and leaving the approach hanging in midair. It looks like a bridge to nowhere, especially from the air.

As we prepared to leave the plane, several passengers agreed. The two and a half hour flight was a lot easier than the two and a half day drive back to Michigan.

Some of the drivers were starting back the next day. Lucky ole me got to stay a few days and soak up some sunshine.  
The Florida golf courses have dried out after a soggy winter. They are not so crowded at this time of year either. Even the alligators get on the course now. There was one at the edge of a pond on a fairway. He stayed long enough for me to get one snapshot. When I moved to try another angle he snapped into the water and disappeared.

Some aspects of the trip get to be routine but I'm always fascinated by things we see. I still can't get used to seeing ripe grain in the field in May. Both oats and wheat seemed about ready for harvest. A field of sunflowers, golden heads nodding in the breeze, reminded me of an August day in Michigan. Bales of hay in Kentucky even seemed a bit unusual.

There are familiar things we notice along the way too. Burning roadsides smell the same whether in Georgia or Michigan. Another familiar smell tickled my nose. I thought a cattle farm must be close by. About that time I realized the cattle were in the truck ahead of me. As I pulled out and passed it, I recognized the name and address on the door right away. Wonder if Mr. Siegwirt drove straight through or if he knows a motel where cattle are accepted.

We have the trip down to such a routine that we even stay at the same motels each year. By staying two nights we can take a little extra time to enjoy things along the way. We might enjoy some other things, too, if we could ever miss the rain in Tennessee. I bet the mountains would really be pretty if we could see them without looking between the raindrops.

The trip may be routine because we do it every year. But each time is different too. There are always new and different things to do and see.

We are back in time for graduation. By the third time that may seem routine, too. But, just as with the trip, each time is new and different because each child is different, making the event special for each one, and for us each time.

Pete Progress says:

"He who thinks by the inch... and talks by the yard... should be kicked by the foot!"

Produces a pure-white finish that dries velvety flat without streaks, lap marks. Covers most plaster, wallboard, etc. in 1 coat! CBW

RECOLLECTIONS

of by-gone days

By GEORGE KEIM

I suppose a lot of people think I'm always living in the past, but I do live in the present and I often wonder - do I enjoy the modern things more than I did those things of the past. One thing people move a lot faster than they did but if I would have been born 50 years later I'd be doing just like it.

On May 13 I went to the Laker Pancake and Sausage supper. It was very good, only I ate more than I should have.

On May 15, I went to the VFW Hall and had some more sausages, pancakes and eggs. I was eating at a table with some people when a little girl asked her mother if I was Santa Claus. But I told her I just helped Santa Claus. I told her to be good and she said she would.

I didn't eat quite so much and felt a lot better. After dinner I took a drive south and east of Pigeon. I came down Maxwell Road which is all black top now.

When I went to school and walked down that road it wasn't even a gravel road. We had to walk between the ditch and the fence. When

the water was high in the spring we had to walk on the road between the ruts. Once in a while a Model T Ford would go by with chains on or a farmer would go by with a wagon and a team of horses.

Once in a while Dad would take us to school, but there were always some kids walking and he'd say if they can walk so can you.

We didn't live in a swamp, but there were a lot of fish in the ditches. We used to catch minnows with our dinner pails and put them in the stock tank. Of course we had to pump the water by hand. One day the neighbor's cattle came in and drank up all the water and I didn't like it very well because most of my fish died.

In Psalms 11:18, it says now also when I am old and grey headed O God forsake me not until I have showed thy strength unto this generation and thy power to everyone that is to come. I'm not a preacher, but I feel it is my duty to show the young people that God has been good to me.

# Rural Round-up

## Mildew disease control needed now for wheat

The wet, cloudy conditions experienced in the Thumb in recent weeks are creating a lush growth of wheat fields, local experts say. This rapid, heavy growth can create favorable conditions for these fungal diseases to develop.

"We believe you should consider using Bayleton 50WP to protect your wheat crop," experts say. "Bayleton 50WP from Mobey Chemical has recently received full registration for use on wheat as a systemic fungicide."

The decision to treat is usually delayed until the "flag leaf" is visible. A decision to treat at this time is based on these considerations:

1. Disease is apparent on the upper portion of the plant;
2. Conditions existing for continued development of

the disease (cool, damp weather for mildew or warm, humid weather for rusts);

3. The field has a high yield potential, and
4. The field is susceptible to these diseases.

Research indicates that the portion of the cereal plant above the flag leaf contributes 60% to 85% of the final yield. If up to 10% of the flag leaf surface area is diseased, yield reduction will result. Further for each 1% of additional leaf surface area affected, yields will be reduced by about one-half bushel per acre, the experts say.

Bayleton 50WP may be applied by ground or aircraft spray equipment, but complete coverage is essential. Always read and follow label instructions, experts add, and talk to your ag chemical dealer for more details.

Corn acreage is half planted here in the Thumb Area, and bean planting should be nearly on schedule, local experts say. Recent heavy rains have helped most wheat stands, delayed corn planting but haven't adversely hurt corn - yet.

Local farmers usually expect to plant beans in early June, and that should be on target...if continuing rains ever stop.

Russia's acceptance of a U.S. offer to negotiate a new long-term grain sales agreement is being lauded by Michigan farmers, who hope - like U.S. Ag Secretary John Block - it marks "a milestone in a long series of efforts to normalize trade relations" between the two countries.

U.S. farm exports are expected to drop to \$35.5 billion this fiscal year, down \$3.6 billion from last year, the USDA says. Commodity prices are down 3% to 4% and shipments should drop 6%, thanks to large world crop supplies.

## SOMEONE'S IN THE KITCHEN

We welcome your favorite recipes (no more than three at a time, please), which should be sent to:

"SOMEONE'S IN THE KITCHEN"  
c/o The Progress-Advance  
P. O. Box 460  
Pigeon, MI 48755

We don't care if you copy them down from memory or send us a photo-copy from a favorite cookbook. Give them to us, with your name and address.

### "Egg Casserole"

This is a good June recipe, four basic ingredients are dairy products. It is a easy, tasty dish to serve overnight guests for breakfast.

- |                                       |  |
|---------------------------------------|--|
| 4 slices day old bread                | 1 T. onion salt  |
| ¼ c. oleo or butter                   | ½ c. of any of the two:                                  |
| a little less than ½ lb. Swiss cheese | cooked cubed ham, sliced mushrooms, crisp crumbled bacon |
| 2 c. milk                             |  |
| 6 eggs                                |  |

Cube bread and place in greased 9x9 baking dish or 8" round casserole dish. Drizzle melted oleo over bread. Sprinkle meat or mushrooms and cheese on bread. Beat eggs until foamy, add milk and seasoning. Pour over cheese.

Refrigerate overnight. Bake at 325° for approximately 1½ hours or until golden and bubbly. (When knife inserted comes out clean). Let set 5 to 10 minutes before serving. Yield: 9 servings.

Submitted by Dorcas Eberly, Pigeon

Helpful tip... It's much easier to bone chicken breasts if you freeze them slightly.

## USA SNAPSHOTS

AN INTERESTING LOOK AT NATIONAL STATISTICS

### Hunters and fishermen

In 1980, the latest year from which figures are available, fishermen and hunters spent \$27 billion on their sports. These were the most popular varieties of hunting and fishing:

Sport	Number of participants
Freshwater fishing	35 million
Small game hunting	12.4 million
Saltwater fishing	12 million
Big game hunting	11.8 million
Migratory bird hunting	5 million
Great Lakes fishing	3 million

Source: American Demographics, Jan., 1983

# Whatever your choice in navy beans, we've got your seed!

**FLEETWOOD** is a navy bean variety released by Agriculture Canada, Research Station, Harrow, Ontario in 1978. This variety is a tall bush-type which tends to produce a few short vines in some years. It is resistant to produce a and gamma races of bean anthracnose caused by Colletotrichum lindemuthianum and to the Type (V1) and NYIt (V15) strain of common mosaic virus. In three years of overstate trials in Michigan, Fleetwood has averaged 18.26 cwt. per acre compared with 17.31 for Sanilac, 16.23 for Seafarer and 16.22 for Tuscola.

**SANILAC** was the first of the bush-type navy bean varieties developed and released by the Michigan Ag Experiment Station and USDA. Sanilac is a selection from a three-way cross in which a bush-type mutant Michelite bean developed by x-ray was the principal recurrent parent. The new variety was released in 1956. Plants of Sanilac are upright, bush-type, vary from 14 to 21 inches in height, and produce a short determinant runner up to 14 inches in length. Sanilac is resistant to the V1 strain of common mosaic, anthracnose (alpha, beta & gamma strains), blight and halo blight but is susceptible to common and fuscous blight.

Sanilac is a mid-season variety that matures in 85-95 days. It is adapted for production under a wide range of climatic conditions. Yield and canning quality of the beans are good.

**SEAFARER** is an early maturing navy bean with excellent canning quality. It was developed cooperatively by the Michigan Ag Station and USDA and released in 1967. The plants of Seafarer are upright, bush-type, and range from 13 to 19 inches in height. The seed is smooth, white and indistinguishable from Sanilac. Seafarer is resistant to anthracnose (alpha, beta, gamma strains) and common bean mosaic, though susceptible to common blight, as are all the navy varieties. It is widely adapted and yields well in a diversity of environments. Its principal advantage is early maturing - some 7-12 days earlier than Sanilac.

**NEPTUNE** (Protected Variety) is a new variety of navy bean released by Michigan State University. This variety is one of the new upright short vine navy varieties that resists lodging and is more suited to direct harvest than the conventional bush-type navy beans. It is resistant to the common bean mosaic races V1 and V15, and halo blight, but is susceptible to the four races of anthracnose, and common fuscous blight. Neptune is a full season variety comparable to Fleetwood.

## Laker FFA team brings awards from state competition

**MEATS JUDGING** - Taking second place out of 86 schools were, from left, Steve Gayari, Grant Fluegge and Dan Ritter.

The Laker Future Farmers of America brought home several awards from Skills Contests at Michigan State University on April 23.

Skills were divided into different groups consisting of three members, and five members on the Dairy Judging team.

Laker FFA chapter advisor is Don Wheeler.

THE PIGEON PROGRESS

# The Past in Print

THE ELKTON ADVANCE

### 80 YEARS AGO

**MAY 29, 1903**  
At the meeting of the Pigeon village fathers it was decided unanimously to pay the street commissioner \$2 per day for actual labor; assessor \$1.75 when working and the treasurer \$10 per annum.

William Heasty, Pigeon, received a train carload of Maud S. windmills this week.

At a meeting of Pigeon school board, Miss Edna Surekus was engaged to teach the grammar department next school year.

Died Friday, the seven-month old daughter of Mr. and Mrs. David Schlucter, of Chandler Township.

Born to Mr. and Mrs. William Hartman, Bay Port, a son.

W.H. Wallace has donated an organ to the Bay Port Methodist Church.

Star spellers in Pigeon Intermediate are Lydia Koehn,

Irma Noble, Luella Paul and Emily Spaeth.

### 70 YEARS AGO

**MAY 30, 1913**  
Joseph Smith of McKinley now sports an auto.  
A hard frost Sunday night did considerable damage in this section of the county, as fruit was hit hard and garden truck suffered.

A young daughter arrived at the home of Mr. and Mrs. Henry Kleinfelt Tuesday. H.B. Harder and Joseph Schubach, Pigeon, were at Flint Tuesday and Mr. Schubach returned with a new Buick touring car.

Pat Barry of Elkton bought the Grand Central Hotel at Kinde.

A village ordinance to prohibit the use of streets for cow pasture wouldn't go bad in Pigeon.

Stockholders of Michigan Sugar Co. met in Saginaw and the usual dividend of 1 1/2 percent quarterly was

declared on preferred stock and there was no melon cutting on common. All were urged to help prevent the removal of the duty on sugar. President C.B. Warren said that the six factories will run as usual. It was decided it would be cheaper to operate than to shut down.

### 60 YEARS AGO

**JUNE 1, 1923**  
Martin Brandel was toastmaster at the junior-senior banquet of Pigeon High School and others on the program included Lucile Weidman, Dorothy Wiley, Lila Wurtz, Margaret Cramer, John Wagester, Ruth Clabuesch, Lennie McIlmurray, Clare Harder, Iva Leinbach, Clara Kleinfelt, Hazel Horn, Ida Richmond, Beatrice Haist, Ada Maxwell, Minnie Walker, Alice Cochran, Etril Leinbach and Margaret Morse.

Charles Fogle, Pigeon, shipped six baby beef that averaged 700 lbs. each and he received an average of \$63 each or \$380 for the six.

Willie Schultz, Chris Bolger, Arnold Buchholz, Otto Buchholz, Herman Brueggeman and Irvin Trost will be confirmed at Pigeon Lutheran Church Sunday.

All reports point to a coming shortage of horses. Soon, good young horses will be high and hard to buy. We think that the use of power machinery will increase but there's bound to be a continuing demand for horses.

### 50 YEARS AGO

**JUNE 2, 1933**  
Work has been completed on grading the 504 test papers of eighth grade students in county rural and parochial schools and 441 were successful, the largest class yet of graduates. Commencement exercises will be held in Bad Axe June 9.

John Morlock, 69, Pigeon, died Wednesday. He is survived by his widow and a daughter.

Mrs. Arthur Klein, Marie Mohr, Alvina Oberin, Meta Buchholz, Viola Lange, Verner Schulz, George Mohr, Alvin Deming, Adolf Licht and Edward Bergman

will be confirmed at Cross Lutheran Church Sunday. Kilmanagh School last day picnic will be held Tuesday at the John Engelhardt woods with ballgames, races and picnic lunch.

George, son of Mr. and Mrs. Freeman Motz, Elkton, died Sunday.

Cast members of the Bay Port junior class play, "Contents Unknown," were George Baur, Deloris Henne, James Fluette, June Fryer, Willard Richmond, Doris Harder, Willard Forman, Willo Henne, Bruce Murdoch, Charles Carrington, James Rose, Clara Baur, Gloria Stafford and Dorothy Holtzman.

### 40 YEARS AGO

**JUNE 4, 1943**  
John Henry McAulay, 60, died at his home in Caseville Township. He leaves his wife, a son and two sisters.

R.J. DeGrow purchased the Ray Thelen 5cents and \$1 store in Pigeon. For the past 16 years, the DeGrows have operated the A & P Store here.

Miss Beverly Ricker, Owendale, a graduate nurse, left to join the staff of the Station Hospital, Army Air Center, at Nashville, Tenn.

Edward Tennant, Pigeon Rt. 2 mail carrier, purchased the M.R. McBride residence on South Main Street, Pigeon.

Arthur William Fischer, 40, Chandler native, son of the late Mr. and Mrs. August Fischer, died June 2. A brother and sister survive.

Miss Gertrude Richter, daughter of Rev. and Mrs. E.G. Richter, became the bride of Adolph Schuette, son of Mr. and Mrs. August Schuette, Saturday.

### 30 YEARS AGO

**MAY 29, 1953**  
Mrs. Sophia Wilfong, 97, widow of the late Simon Wilfong, died Friday. Surviving are two grand, two great-grand and two great-great-grandchildren.

Robert E. Neely, 72, Pigeon farmer, passed away Wednesday. He leaves a sister and brother.

Ruben Gomez, 1 1/2 year old son of Mr. and Mrs. Jesus

Gomez, of Chandler, died Wednesday. He leaves his parents, one brother, two sisters, grandparents, Nieves Gomez, Elktion and Mr. and Mrs. Modesto Herrera, Bay Port.

At Pigeon High School honors assembly, Senior Keys were presented to Delores Hartman, valedictorian and mathematics; Doris Drummond, salutatorian and commercial; Allison Eicher, dramatics; Aaron Gettel, athletics and Ellen Ahearn, good school citizenship.

A class of 37 will graduate from Pigeon High School. Marguerite Walsh is valedictorian and Marjorie Alexander is salutatorian.

Miss Anne Gettel, daughter of Mr. and Mrs. Otto Gettel, Bay Port, will graduate June 6 from Alma College with a home economics degree.

### 20 YEARS AGO

**MAY 30, 1963**  
Lois Shetler, daughter of Mr. and Mrs. Omar Shetler, Pigeon, will receive a B.S. degree with nursing major June 3 at Goshen College, Goshen, Ind.

Robert Oeschger, son of Mr. and Mrs. Edward Oeschger and Ernest Schuette, son of Mr. and Mrs. Ernest Schuette, Sr., were each awarded a \$100 Michigan Bankers scholarship by Elkton branch of Hubbard State Bank and Pigeon State Bank. Other Laker seniors who were scholarship winners are Miriam Schuette, daughter of Mr. and Mrs. Adolph Schuette; Mary Walker, daughter of Mr. and Mrs. Philip Walker; Tom Knaus, son of Mr. and Mrs. Alex Knaus; Gary Sturm, son of Mr. and Mrs. LaVerne Sturm; Kathleen Thayer, daughter of Mr. and Mrs. Frank Thayer; Beverly Taschner, daughter of Mr. and Mrs. Charles Taschner; Kathleen Toner, daughter of Mrs. Vivian Toner; Charlene Elenbaum, daughter of Mr. and Mrs. Lloyd Elenbaum and Lenore Torres, daughter of Mr. and Mrs. George Torres.

Third annual all-sports banquet for Laker High School athletes was sponsored by Elkton Rotary and Lions Clubs with committee Barney Tamplin, Alvin Bittner, Kenneth Ginter and Jack Elsesser. The all-sports award was presented to Jerry Young by Coach Ed Wolford and basketball all-conference awards went to Young, Don Filion and Bill Hamilton.

Bixler, special services; Miss Grace Maurer, kindergarten and Mrs. Edna Wakefield, second grade, have been chosen outstanding elementary teachers of America for 1973. They were nominated earlier this year by their principal Stanley Bauman.

Albert Dillworth, Mrs. Marshal Hyde and Ervin Harder were elected new directors of Bay Port Summer Athletic Assn.

Richard M. McIlhargie, nine, son of Mr. and Mrs. Richard McIlhargie, Caseville, was seriously injured in a school bus accident at Pigeon Elementary School.

### Top achievers honored

Top achievers in the areas of both academics and athletics in area high schools were honored with awards by the U.S. Army Reserve.

The students selected for this honor include Lisa Novak and Christopher Murdoch, Caseville High School; Camie Gaskill and Jeff Elston, Laker High School and Vicki Alexander and Stan Andrakowicz of Owen-Gage High School.

The winners will receive awards similar in design to Olympic medals, in recognition of their accomplishments.

## OUTDOOR Report

By DUANE GUENTHER  
The spring salmon fishing peaked during last week. Boats reported excellent success all along the east shore of the Thumb. Harbor Beach and Port Austin provided great fishing on both Thursday and Friday. The standard answer seemed to

be "lots and lots of fish," no matter who you asked. If you don't have a boat you will get in on the action by contacting one of the many charter captains in our area. The cost is surprisingly small, and they supply everything but your license.

Cuts in the west Thumb area are full of pike and bass. While you have to wait until May 28 to be legal on bass, you can get into some fast pike action most every afternoon. Mepp's, Johnson's minnows, Little Cleos and Kastmasters have been working well in most areas, but any of your favorites that resemble a fast fleeing, or wounded bait-fish will do just as well.

If it has been a while since you have been bass fishing, you owe yourself a treat. Although the weather has been cold and the fish are still on their spawning beds, we still should have a great opener this weekend. Any number of bass lures will do, but in the local cuts which are full of weeds and other obstacles, plastic worms equipped with torpedo heads are a sure killer.

Perch continue to hit all along the shoreline. Giant fish have been reported in the Port Austin area, and if you want to find them, all you have to do is look for the boats.

Crappies have been hitting in rivers, cuts and ditches. Warmer weather will increase their activity, but reports have indicated that good fish are being taken every day.

### EXTRA NITROGEN SOLUTION

BENEFITS CAN MAKE IT YOUR BEST NITROGEN BUY.

The combination of three nitrogens in nitrogen solution means a quick boost for seedling crops and long-lasting availability of nutrients.

Nitrogen solution also offers uniform coverage and is virtually streakproof. It can be stored and applied without pressure. And, it goes on almost any time. Rain or shine.

In some situations, herbicides can even be more effective in a custom application with nitrogen solution.

Before you make any fertilizer decision, visit us where you see this sign. We'll develop a fertilizer program to help you produce optimum-profit yields. After all, helping you produce more is what we're here for.

### ASK DR. COE

By Dalton P. Coe, D.D.S.

### ASK DR. COE

By Dalton P. Coe, D.D.S.

I would like to take a few minutes to discuss a really exciting subject. The subject is flossing. In the past few months I have seen several hilarious skits on television involving the perils or pitfalls of flossing. One of my conclusions has been that the comedians involved have probably been bugged (urged) by their dentist to use floss regularly. When we recommend dental floss to clean between the teeth, we often hear such comments as "ugh" or "yuk", or "I tried it once" or "I flossed regularly after my last check-up -- for a week" or simply "I hate flossing". Unfortunately, most people hate to have fillings placed to repair decay between the teeth. Well, friends, most people can't have it both ways. Usually, either you floss on a regular basis or the accumulated plaque leads to dental decay and even gum disease.

The recommended technique goes something like this: Use unwaxed dental floss - wrap the floss about twice over each fore finger, leaving about two inches between the fingers. Keep the floss tight (don't amputate your finger tips) and work the floss gently between the two teeth. Once the floss has cleared the point where the two teeth touch, curve it gently around either tooth. Work it gently up and down on each tooth, slide it under the gums, being careful not to injure the gums. Use this same procedure for each area where teeth contact.

Also be sure to floss all tooth and root surfaces that have no other teeth touching.

If you should like a new perspective on flossing, think of all the jokes you see and hear about it on television. The same type of comedy greeted the rise of such things as dental braces or contact lenses and many other items which have gone on to become status symbols in our society. The "in" thing now is flossing.

## Pigeon notes

By DOROTHY DIENER

Attending the concert of sacred and patriotic music at the Huron Bible Church, Sebawaing on Sunday evening were Mr. and Mrs. Robert Brueggeman and Hans. Bob is a member of the Pigeon Community Men's Chorus who presented the concert directed by Lyle Shetler.

Mr. and Mrs. Nelmer Wright were Sunday guests of Mr. and Mrs. Dan Haley and family in Elkton. They helped celebrate the birthdays of Kristie and Magen. To honor their daughter Suzanne, a member of the 1983 graduating class of Laker High School, Mr. and Mrs. Elmer Schuette entertained 225 guests at the Pigeon VFW Hall on Sunday afternoon. Guests were from Sault Ste. Marie, Royal Oak, Utica, Hemlock, Sebawaing, Cass City, Elkton, Gagetown and the Pigeon area. Congratulations Sue from the John Dieners.

Mr. and Mrs. Herman Rathke attended the Sacred and Patriotic music concert given by the Men's Community Chorus given at the Huron Bible Church, near Sebawaing, where Pastor Michael Frazho serves on Sunday evening.

Spending Saturday with his parents, Mr. and Mrs. James Dean in Crosswell were Mr. and Mrs. Robert Dean and children.

Attending the Sacred and Patriotic music concert at the Huron Bible Church near Sebawaing on Sunday evening were Pastor and Mrs. Ernst Henkelmann. The concert was given by the Pigeon Men's Community Chorus of which Pastor Henkelmann is a member.

On Wednesday, Mrs. Elsie Kern visited Mrs. Esther Kunderinger in Sebawaing. On Friday afternoon she visited with Mrs. Mamie Sting.

Mr. and Mrs. Gerald Dietzel and Mrs. Alfred Dietzel were in Mt. Morris for Sunday dinner with Mr. and Mrs. Blouce. Mr. and Mrs. Alfred Dietzel and family met them there also to have dinner with them.

Mrs. Beatrice Marsh and son, Chad from Utica spent the weekend with her parents, Mr. and Mrs. Albert

Schuette. They were joined by Mr. and Mrs. Ben Crump and son Benjie of Hemlock and attended the graduation open house for Suzanne Schuette at the VFW Hall in Pigeon on Sunday afternoon.

Mrs. Marge Roemer from Sebawaing and Mrs. Elsie Kern attended a committee meeting at the home of Mrs. Barbara Krause in Argyle on Thursday afternoon.

Mr. and Mrs. Edwin Swartzendruber left Saturday to spend the summer on Drummond Island.

Spending the weekend with Mr. and Mrs. Gerald Gascho were their son, Lyle Gascho and Gene Hostelder of Nappinee, Ind.

Miss Dorothy Keim is a patient at St. Luke's Hospital in Saginaw. She wishes to hear from her relatives and friends.

Visiting with Mr. and Mrs. Cletus Cregeur and enjoying a potluck lunch Friday supper were Mr. and Mrs. Tom Wolschlagger, Sr. Mr. and Mrs. Tom Wolschlagger, Jr. and family, Mr. and Mrs. Bernard Wolschlagger and family all from Bad Axe.

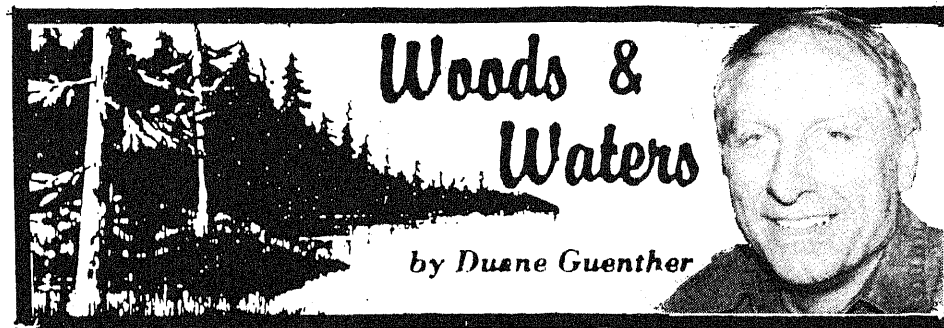

Ervin Schulz from New York and Mrs. Anna Alcock of Cheboygan left Tuesday after being Monday overnight guests of Mrs. Mabel Clark.

Mr. and Mrs. Harvey Weiss and Patti spent Sunday afternoon with her brother and his wife, Mr. and Mrs. Raymond Danks in Saginaw. Mrs. Danks has been ill at her home.

Mrs. Elaine Verheaghe and daughter Dawn of Essexville spent Wednesday with Mr. and Mrs. Roy Kleido and Connie. Dawn left by airplane from Metropolitan Airport for Darien, Conn., where she will care for the daughter of Mr. and Mrs. Allan Ziegler for the summer.

Mrs. Peggy Sharick and daughter Melissa of Unionville, Mrs. Helen Nimitz of Sebawaing visited with Mrs. Clara Bernard at the home of Mr. and Mrs. Joe Wolfram on Wednesday.

Mr. and Mrs. Joe McArdle visited Sunday afternoon with his brother and wife, Mr. and Mrs. Robert McArdle in Bad Axe.

## Back to nature

A couple of days ago, I looked out of my bedroom window to find 21 Indigo Blue Buntings, a very small, and incredibly beautiful song bird that is quite scarce in our area. I called my wife to the room and we marveled as the eight males, who are colored in a fashion that gives them their name, and 13 females intermittently hopped from the ground to the low branches of the red maple tree that grows in our front yard. They spent about 30 minutes entertaining us with their always cautious, always alert, quick movements as they busied themselves with their daily routing of feeding and preening.

The next day my wife remarked that an unusual amount of Goldfinches seemed to hang around our back yard for most of the afternoon. When I came home from work that evening, I was also treated to their flashes of yellow streaking past the sliding glass door while we were eating our supper.

While working in the yard, (a rarity that only happens when I can no longer stand the wrath of my spouse) this past weekend, I was aware of a constant turnover of different species of songbirds that took place throughout the day. First there were Red Cardinals. Not just one or two, but at one time I counted 10 that were within the confines of my boundaries.

Next came the Bluejays, screaming at anything that seemed to threaten their feeding process. Colored in brilliant blues that are streaked with bold strokes of whites and grays, with just enough black to accent both, they flushed from my lawn to perch and scold from the wires that hold my grapevines erect.

Doves filtered in from the woods located across the road. Their buff color blending with the rip-rap of my driveway, allowing them to appear mystically on the bright green of our lawn. Cooing their appreciation for whatever I had to offer, they moseyed through my shrubs and perennials and then popped back out to the lawn where they pecked and scraped.

Rose Breasted Grosbeaks, with their ruby throats flashing in the morning sun, flitted and soared around the spruce trees that line my side yard. Disappearing for a moment, and then materializing from nothing to show off their bright feathers, as if putting on a show.

I thought that this was rather peculiar, as our winter had been so warm and snow-free that these birds did not congregate at feeders like they normally do, but rather had abundant food most anywhere they looked. Why then were they suddenly converging on my trees, shrubs and lawn? What was this mysterious attraction that kept drawing them within easy reach of both my windows and my camera? Then it finally dawned on me.

When Betty and I built our home some 14 years ago, we spent an exhausting summer searching for the right kind of wooded plot. However, in the end, we opted for a chunk of sandy open land within the village limits. At that time, our feelings were that with the young children, it would be better to be close to school, church and neighbors. We decided that we would provide our own woods.

Starting with a 150-year-old White Pine located in the front of our house, we gleaned every free tree and shrub that was small enough to transplant, and bought those we could not find. Most were five to seven years old, and gave us the advantage of size that made for an immediate mini-forest. Dirt was hauled in from the Sugar Factory, and after being worked into a suitable base, was planted with Merion Bluegrass seed. (A

**Decisions had to be made. Should we rip up the lawn and start again, this time with a more durable and less dependent type of grass. Or should we get rid of the grass all together and go with some sort of ground cover.**

mistake that I regret each year that I live here).

Having a background in agronomy and golf courses greenskeeping, I decided that I wanted a beautiful lawn, so I picked the prettiest grass I knew. I guess in my zeal, I forgot Merion Blue is also the least disease resistant and needs the most care and water of any grass save the bent grasses that make up golf greens.

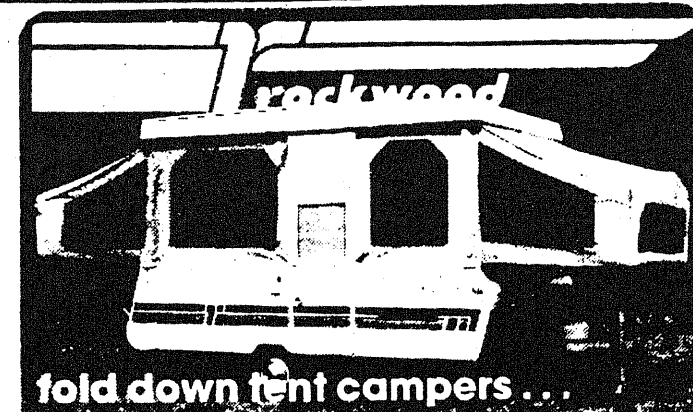

Everything went smooth for the first six or seven years, when I had some strong boys for help and was spellbound by the deep green color of the luxurious growth. But soon the boys had less time to help and when I would reach for some lawn care implements, I would always find a fishing rod or shotgun standing in front of the sprayers, fertilizer spreader, or weed fork. The lawn began to deteriorate and weeds crept into the fringes.

Decisions had to be made. Should we rip up the lawn and start again, this time with a more durable and less dependent type of grass. Or should we get rid of the grass all together and go with some sort of ground cover. Each year would find some excuse for not getting at the project and each year found the encroachment of the weeds to be more alarming.

This spring was the ultimate. The major weed, and I don't even know its name, has all but taken over the yard. It is a creeping type that chokes out the grass and covers the bare spots with a light green vegetation that is accented by small white flowers. The weed, rather pretty to look at, has another attraction. Its flowers provide a succulent morsel for the song birds in the area. Yes, that's right. After careful observation, we have found that it is this scourge on our lawn which is providing us with the myriad of wildlife that has descended. Maybe the weed is not so bad after all. You don't have to fertilize it, water it, and certainly it doesn't need methodical applications of weed killer. As a matter of fact, you don't have to do anything but cut it, enjoy it and watch the birds it attracts.

Some years ago, *The National Wildlife Magazine*, had an article about forest succession. It stated that if you quit mowing your lawn today, in five years it would become a forest grassland that would attract and provide for numerous amounts of wildlife. In 10 years small shrubs and bushes would appear, and in 20 years thick undergrowth and small trees would occupy the spot. In 30 to 40 years after you stop caring for your lawn, the forest would be harvestable, and if you allowed it to grow for 50 years, it would be a mature, climatic forest of mainly Beach and Maple trees.

When you drive by my house 50 years from now and all you see is a large stand of trees that is filled to overflowing with birds and animals, you will know that I decided that I liked my song birds better than a fancy lawn, and consequently let it go back to nature...

## Elkton-Pigeon-Bay Port Schools' Young Authors' Workshop

This week we present winning entries from Elkton Elementary School and several from Bay Port, which we will complete next week. Happy reading!

A DAY IN SPACE

**CARS**  
 -- Jamie Jeffers  
 8 years old, 2nd Grade Elkton Elementary, Miss Stephenson  
 My dad got a new car just a few days ago. I like it. It is blue. I like other cars too. All sorts of cars. Convertibles are the best. A car costs about a thousand dollars. That's a lot of money. Someday I would like a car like this. Would you? If you don't know what a car looks like, there is one in this book.

**THE MYSTERIOUS LETTER**  
 -- Tammy Pitcher  
 9 1/2 years old, 4th Grade Elkton Elementary Pennsylvania. That is by Lake Erie. I still can recall that night, it was Thursday, April 21, 1980. It was three more days before my birthday. Oh, by the way, my name is George Graf, Junior.

First I ate my supper, then I had to go up to my room to do my homework. The doorbell rang and I answered it because my mom was doing dishes and my dad was working late. I was going to call the maid, but I remembered that it was her night off. So I answered it and nobody was there. I looked all around and there it was, the first mysterious letter!  
 "My said, 'Who is it?'"  
 "Nobody," I said.  
 "Nobody! I know I just heard that doorbell ring!" she yelled back.  
 "Yes, I know, but when I opened the door nobody was there. All that I found was this letter. It seems kind of wierd," I remarked.

"What does it say?" she asked.  
 "I don't know, I haven't opened it yet," I said.  
 "Well open it!" she said.  
 So I opened it and it said: "Meet me at the dead oak tree tomorrow. No sooner or later. Yours truly???"  
 So the next day I got my coat and went in my bedroom. I got my water gun and filled it with ink, just to be on the safe side. When I got to the dead oak tree I saw a note nailed to the tree trunk. It said: "Climb up to the tree house and you will find another note. It will tell you where to go next. It will also tell you the tools you will need."  
 So I put my gun in my pocket and climbed up to the tree house. In a box I found there was a flashlight and another note.  
 I took out the flashlight and turned it on. I read the note. It said: "Go to the old weedy cave."  
 So I took my note and folded it and put it in my pocket. I jumped out of the tree and ran all the way to the cave.  
 When I got there I walked into the cave. I turned on my flashlight but could hardly see because of all the cobwebs. But I found the note. It was under a rock. I walked out of the cave and read it. It said: "Follow the trail of jelly beans leading out of the cave."  
 So I followed the trail of jelly beans leading out of the cave. They led to a pile of rocks underneath an old wooden bridge. I found another note. It said: "Meet me at the haunted house!"  
 I was kind of scared. But then I remembered that only silly people thought the house was haunted. So I hurried to the house. When I walked in the door it was as dark as midnight!  
 Then all of a sudden the lights went on and everybody yelled, "Surprise!"  
 I had forgotten that today was my birthday. All my friends were giving me a surprise birthday party! That was the best day of my life!

**THE PIANO CAPER**  
 -- Kristine Southworth  
 7 years old, 2nd Grade Elkton Elementary, Teacher: M. Eby  
 "Susy, practice your piano," said Susy's mother.  
 "Susy" mother was always telling her to practice her piano. Susy grumbled and wanted to ride her bike.  
 Susy's piano is so sad. It wants to be happy, it wants someone to play its keys and make beautiful music.  
 One night when the moon was full, when everyone was sleeping, some robbers came to Susy's house. In a whisper they said, "Let's sell this piano, she never plays it, all she does is play with her friends and ride her bike."  
 So they loaded the piano into the truck.  
 The next day when Susy found out her piano was missing she was so sad. She told her mother and father that her piano was gone.  
 They all went to the police station. The police said they would keep a look out.  
 One day the police saw two suspicious looking men moving a piano out of a truck. They saw the name Susy on the piano. They had found Susy's piano! They caught the two robbers and took Susy's piano back to her home.  
 Susy was so happy to see her piano again. Now after she comes home from school Susy always practices her piano. She loves her piano and her piano is very happy.

**TAKING CARE OF YOUR HORSE**  
 -- Elyse Champagne  
 9 years old, 4th Grade Elkton Elementary  
 Horses's Stall:  
 If a horse is kept in a roomy box stall he will be better off than in a old-fashioned straight stall. It should be large enough so that he can lie down and stretch out.

Twelve feet by twelve is a good size. Then he has room enough to move around when he is kept in during bad weather. A clay floor is best because it is easier on his feet.  
**Types of Feed:**  
 Hay should be greenish in color not yellow or brown. It should be fragrant. A horse's sense of smell is very keen and much of the pleasure in his food comes from the smell of the hay.  
 If it is cut at the right time and cured properly you will be well satisfied, for there are few odors so delightful as a stable full of good hay.  
 A horse can be kept in better condition on fine hay alone than poor hay and plenty of grain.  
 A juicy apple, a sugar cube or carrot are fine as treats.  
**Water:**  
 Your horse should have fresh water, not stale. Fresh water has a better flavor.  
 Stale water may also attract insects.  
 Plenty of fresh water should be available at all times.  
**Vets:**  
 There is an old saying that a veterinarian has to be smarter than an ordinary doctor. His patients can't talk!  
 If your horse doesn't look well check with the vet.  
**Grooming Tools:**  
 A rubber currycomb does a good job of unsnarling the mane and tail and does not annoy the horse.  
 A horse pick is necessary to keep the hooves clean.  
 A good body brush will keep your horse in a well-groomed look.  
 A comb is helpful on the blaze.  
**Washing:**  
 Washing is important to a horse, just like a bath is needed by us.  
**Hooves:**  
 You should clean your horse's hooves with a hoof pick and shine the hooves with hoof oil or black oil. A small brush is helpful.  
 You might as well paint the frog, the bottom of the hoof. It will keep them soft especially if a horse has to run on stones or rocky roads.  
**Bridles:**  
 There are four kinds of bridles. They are the Western Bridle, the Double Bridle and the Snaffle Bridle.  
 Each goes with a different type of saddle.  
**Saddles:**  
 There are three kinds of saddles. They are the English saddle, the Western saddle, and the Racing saddle.  
**Teeth:**  
 As a horse gets older his teeth grow. He wears them down by chewing.

**A COLLECTION OF POETRY**  
 -- Amanda Scott  
 12 years old, 6th Grade Elkton Elementary, Teacher: Mr. Love  
**Wonderful Books:** A book is a wonderful thing. You can learn about a princess and her magic ring. A king with his kingdom of old. A leprechaun with his pot of gold.  
**Overdue:** I have a book that's overdue. Due on July 7, 1972. And people think it's funny. 'Cause I don't have the money to pay for that book that's due on July 7, 1972.  
**All Kinds of Books:** I like all kinds of books! Some people think I'm a fool, 'Cause I even like books from school. I like to learn all kinds of stuff. So from books I can't get enough.  
**Summer Haiku:** Summer sun is warm. Summer is time to have fun... Vacation from school!  
**Winter Haiku:** Winter time is great! Winter time is crisp and cold. With Christmas and joy.  
**Book Haiku:** Lots and lots of books! Mystery and murder books. I love to read them!  
**Halloween:** Halloween is scary! Who's under that costume? Sue? John? A monster? Mary? I'm not going to wait and see, 'Cause if it's a monster, it might eat me!  
**Thanksgiving:** Thanksgiving is not just a day to eat. Not time to see relatives you've never had a chance to meet. It's time to give thanks for the country you live in. That's the real reason we have Thanksgiving.

**MY GREAT GRANDMA**  
 -- Marcie Gotts  
 8 years old, 2nd Grade Elkton Elementary, Teacher: M. Eby  
 I like to go into Grandma's house. She has a lot of old things. Her house smells like a grandma's house should. My grandma is eighty five years old. She still bakes her own bread and makes the best sour cream cookies.  
 In the summer I can ride my bike down to Grandma's. She lives just down from our house.  
 Sometimes I eat supper with her, just Grandma and me. I like to do that.  
 It must be lonely living all alone, but it must not be too lonely because Grandma gets lots of company.  
 She does a lot to keep busy and she likes to read too. She still goes to town just about every week.  
 Last summer she went on a trip to Delaware with my great aunt to visit my cousins.  
 Grandma is a real nice person. She gives me candy and cookies whenever I'm there. Grandma always has peppermint candy.  
 I love my grandma alot because she always has time for everyone. That makes her a very special person.

**ADVENTURES AT GRANDMA'S HOUSE**  
 -- Aaron Sweeney  
 9 1/2 years old, 4th Grade Elkton Elementary  
 It was Wednesday afternoon. My brother and I were riding home on the bus. Summer vacation had begun! Everyone was happy and excited. No more school until September.  
 No one was more excited than my brother, Chad and I. Grandma and Grandpa had invited us to spend a week on the farm. Even more exciting, they had also invited our cousin, Jason. Since he lived in the city we hardly ever got to see him.  
 The bus ride seemed longer than usual that day. When we got home, Mom said we would have to go to bed early because we would be getting up early in the morning.  
 That night I couldn't sleep. I kept thinking about all the fun we would have.  
 That morning Chad and I had to wake Mom up. We quickly ate breakfast and packed our clothes. Then we were off. I thought we would never get there. When we arrived, it was a surprise to find our cousins, Mike and Corey, spending the week with us. Jason wasn't there yet, so we went exploring.  
 The door opened and a little green man with big eyes and big pointed ears walked out toward Sam.  
 The green man was very friendly and seemed glad to see Sam. They shook hands and he handed Sam something that looked like a big carrot, and pointed at Sam's mouth. Sam ate it and it tasted great!  
 Sam reached into his coat pocket and pulled out a candy bar and gave it to the little green man. He ate it with the paper and all!  
 Sam looked at his watch and it was about time for supper, so he shook hands and got into the rocket. Then he remembered he had to turn the air tanks on. He got out and showed the little green man how to turn on the air tanks.  
 The rocket ship blasted off for earth. Sam looked around and spotted earth and turned the rocket toward it. Just as he was about to run out of air he landed in a straw stack behind Grandpa's shed.  
 Grandpa saw Sam land in the straw stack and ran out of the house and told him that his mother called and it was time for supper.  
 Sam rode home on the three wheeler bike. When Sam got in the house his mother told him what a good job he had done cleaning the garage. Sam just winked!

**MY BEST LOVED DOLL**  
 -- Tricia Bollenbacher  
 8 years old, 2nd Grade Bay Port Elementary, Teacher: Miss McIntyre  
 Once upon a time I got a doll named Tracy. I loved her alot. She looked like me. She was cuddly. She had a doll friend named Shawn.  
 Everytime I saw her she looked pretty. Everybody liked her. I loved her.  
 She liked to go for rides in the wagon by the lake. We liked to watch the fisherman catch fish.  
 We watched dogs romping in the water. Sometimes they came over to us and gave us a big wet kiss! Yuck!  
 We liked to go up in our room and read books and listen to music and draw.  
 We liked to smell the flowers outside. In the sky we saw birds, bees and butterflies. Sometimes while we were smelling the flowers, a bee would come up and sting our nose. That hurt!  
 She is always with me when I go to sleep. She is always with me when I go for walks. I will keep her forever. The end.

**PONCHO AND HIS PAL PINKY**  
 -- James Grigg  
 8 years old, 2nd Grade Bay Port Elementary, Teacher: Miss McIntyre  
 Once upon a time I had a dog and a cat. The dog's name was Poncho and the cat's name was Pinky. They always played together.  
 But one day Poncho found a little puppy to play with. Pinky thought that Poncho didn't like her.  
 So the cat ran away. I was very sad, so I walked down the road to see if I could find her. I couldn't find her, so I walked back home.  
 Poncho wanted to go to see if he could find her. I said "OK, Poncho, if you want to go, you can." I untied the rope from Poncho and he started down the road.  
 When he came back, there was Pinky. So Poncho and Pinky played together. They lived happily every after. The end.

**THE NEW NEIGHBOR**  
 -- Christina Eisiliones  
 9 years old, 4th Grade Bay Port Elementary, Teacher: J. Love  
 In the little village of Thumbton lived a group of Thumbbodies. On Thumb Street one house was empty.  
 One sunny afternoon there was a moving truck coming down the street. They all looked out of the window. Some even ran outside to get a better look.  
 It stopped at the empty house. Out of the truck umped a Thumbbody. He walked into the house. There was a moment of silence, except for the birds chirping. He walked back out of the house and told the moving man he would move in. They got all of the furniture into the house.  
 The Thumbbodies offered to help, and the Thumbbody said okay. By the end of the day the house was spotless. That night everybody on that street celebrated at the new neighbor's house.  
 The next morning was bright and sunny. Everyone got up and went to work. After the work was done the new neighbor went for a walk.  
 After the walk the new Thumbbody asked everyone to a picnic. They all went on a picnic by the lake. At the picnic they swam, played ball, and built sand castles. When they were done cleaning up the mess, they went home.  
 The next day was cloudy and raining. That day nobody did anything except play house games at the next door neighbor's. Well at the end of the day every Thumbbody was happy because the sun was shining, but some were unhappy because the sun was going down and they would not be able to play outside. That week was a very adventurous week. They hoped the next week is the same.

**THE CASE OF THE MISSING COMPUTER**  
 -- Ben Lang  
 7 years old, 2nd Grade Elkton Elementary, Teacher: M. Eby  
 The New School:  
 Our grandfather is rich so he bought some computers for our new school. They looked like this.  
**The Robbery:**  
 It was night time and it was almost time to go home from our night class. Suddenly a bell rang!  
 It was the robbery bell. We soon discovered the computers had been stolen.  
**The Clue:**  
 I ran outside and I found footprints. It had been raining and it was easy to track the footprints in the soft mud. I was afraid the computer would be damaged out in the rain.  
 Anyway, the footprints led to a house.  
**A Big Surprise.**  
 I went inside the houe. There he was setting up the computer! He said that computer was for me and he just wanted to surprise me. We sat down and had milk and cookies. The case was closed.

**THE NINETY DAY YEAR**  
 -- Carol Hebert  
 8 years old, 2nd Grade Elkton Elementary, Teacher: M. Eby  
 You may think that this couldn't possibly happen, but it can.  
 In December there was a terrible storm. It was so bad that up in space time had gone haywire. That made things bad.  
 It meant that the next year would have only ninety days. We wouldn't have time to do all the things we wanted to do. Things would be very unusual in those ninety days, like spring being mixed with summer. Fall would be mixed with winter. It was awful.  
 Leaves were coming on the trees in the winter. You know what I said, "It was awful!"  
 They (the leaves) were falling from the trees in the summertime. What a mess!  
 Everyone was shouting out for "Help" because they thought the end of the world had come.

**THE FAIR THAT MADE MY WISH COME TRUE**  
 -- Amy Terrian  
 9 years old, 4th Grade Bay Port Elementary, Teacher: Mrs. Love  
 It was a sunny Saturday afternoon in May, and my mother and I decided to go shopping. We were shopping for Mother's Day gifts for my grandmothers. As we were looking through the store, I saw the most beautiful handkerchief. It was white with pink lace on it. How I wanted to buy the handkerchief for my mother for Mother's Day. But I couldn't. It cost \$2.60 including tax all I had was \$1.32. Soon we left the store. As I rode home in the car, I kept wondering how I could earn some money so I could buy the handkerchief.  
 Soon Monday came and it was time for school. I had only one week to earn \$1.28. After school, I ran over to my grand-mother's house to tell her how I wanted to surprise my Mother with the handkerchief for Mother's Day. Grandmother told me she would give me 25 cents if I swept her garage. I was excited! I still needed to earn \$1.03.  
 Before I knew it, Wednesday was here. Mom kept me busy helping her after school, so I never got out of the house to earn any money. I didn't want her to know that all about my surprise for her.

# Students share their world through writing

Grandpa saw us looking around and asked if we wanted something to do.  
 We said, "Yes!"  
 He told us we could try to catch the rabbits, because they were eating Grandpa's garden. We found them under the corncrib and the chase began. I finally caught one, but he got away.  
 We heard Grandma's geese honking. We remembered Grandma said there were some baby geese so we went to look for them. When we were looking we saw a car drive in. It was Jason! We ran to greet him. Corey asked him if he wanted to help find the baby geese. When we found them it was time to eat supper.  
 After supper we played some games. At bedtime we unrolled our sleeping bags on the living room floor. That night Grandma had wall-to-wall kids.  
 The next morning we helped Grandpa with his barn chores. I heard Jason calling. I went to see what was going on. He pointed in the straw and there were five little kittens. We played with them until the mother cat came.  
 Then we went to ride the "Green Machine." (The "Green Machine" is a three wheeled motor bike). We took turns riding it. Soon Grandpa called and wanted a ride to the strawberry patch. Everyone picked strawberries until lunchtime.  
 Grandma said we could have a hot dog roast. Jason and I ran to the wood shed to get the wood while Chad, Mike and Corey went with Grandpa to get the sticks. It was a hard job because they had to be green not dead so they wouldn't burn in the fire.  
 Grandpa got a good fire going while we helped set the picnic table. I got the best place by the fire because I was the fastest to get the hot dog on my stick. Soon the yard was filled with the smell of roasted hot dogs.  
 It was a good thing that Grandpa was around because he likes his very well done and there were a few of those.  
 The best part was dessert, roasted marshmallows and ice cream cones with strawberries on top.  
 I ate so much I didn't think I'd be able to move, but after a short rest Grandpa said he needed our help. Uncle Gene, Mike's dad, was combining wheat. Grandpa wanted us to unload the wagons.  
 It was hard work shoveling wheat into the bins, but it was lots of fun.  
 That night we were so tired, that we fell asleep as soon as we crawled into our sleeping bags.  
 At breakfast the next day we were planning our day. We decided to play in the woods.  
 A stream ran through the woods. We followed it to "Cloud City." (That's what we named a small island). There we played "Star Wars."  
 Then we pretended to be cattle rustlers. We chased the cattle around the woods. I heard a gurgling a sound and wondered what it was. Mike said it was the "Babbling Brook." Off we ran to find it.  
 When we found it, I saw something strange swimming in the water. Jason grabbed one. Chad, Mike and Corey went to get Grandma.  
 Went Grandma saw it she said it was a pollywog. We took it back and built a cage in the water and put all the pollwogs in it. We said we would check on them every day.  
 We were very busy the rest of our vacation. We caught the kittens (although they put up a good fight). But we never did catch those rabbits.  
 All too soon it was time to go home. Our moms had everything in the cars, when I remembered the pollywogs. Jason and I took the "Green Machine" to the "Babbling Brook." We were surprised to see what was in our cage! Our pollywogs had turned into toads! We caught five of them, one for each of us, put them in our hats and drove back. When we got back we passed out the frogs and said our good-byes.  
 In the car, Mom was really surprised when she heard a strange sound coming from the back seat, "Ribbit!"

Some people thought that some alien had planned to bring a spaceship and destroy the earth.  
 Some people said, "So that's why we had ninety days this year." But of course that wasn't true.  
 I wonder why they didn't hear about the storm, it was all over the world on the news.  
 Maybe they just had on the wrong channel or turned off their TV at the wrong time.  
 I know you are thinking the news of such a big storm should have been in the newspapers, well, it was.

 Before I knew it, Wednesday was here. Mom kept me busy helping her after school, so I never got out of the house to earn any money. I didn't want her to know that all about my surprise for her.

Some people just don't read the newspaper. Nobody told them because they thought they knew about it. I don't think there were too many people like that.  
 Anyway, when ninety days were up time just stopped. It is January again and time started over.  
 I'm glad everything was back to normal and we will once again have our year with 365 days in it and the season are just where they should be.  
 If you think those events were strange, do you think it could happen only in that time period?

**THE UNUSUAL CAMPING TRIP**  
 -- Jenny Henne  
 7 years old, 4th Grade Bay Port Elementary  
 School had been out a whole month, when one Monday morning Jenny's dad surprised her family by telling them that this weekend they were all going on an unusual camping trip. They asked him, "Where will we be hiking to camp?"  
 "Beaver Island," he said, "but we're not going to hike there. We're going to fly there."  
 The days went by and the day finally came to go camping. They started to pack and load and were soon done. They all got into the car and drove to the airport where they boarded the plane. There were five in the family and Jenny's dad was a pilot. He owned part of the plane and some other men did too. It was a small plane but they all fit into it.  
 The whole family enjoyed the ride to Beaver Island Airport. Jenny's father landed the plane at Beaver Island Airport. They all got out and started to unload all their belongings. Jenny's dad did say there would be a little hiking on the trip, because they had to find the beach where they were going to camp. So they were off. Each member of the family carried something. The family carried their shelter, drinks, food, sleeping bags, clothing and more. While they were walking it started to rain but it soon stopped raining.  
 The family finally found the beach where they were going to camp. Once again they started to unload. Soon they got all their stuff unloaded and up. The family enjoyed the view, but it was time to go to bed. Michele, Shelly and Jenny got into their tent and their father and mother got into their tent just before it started to rain and thunder.  
 The next morning they all had Jiffy popcorn for breakfast because they forgot all the pots and pans. They had Jiffy popcorn because Jiffy popcorn was bought in a pan. And they used the pan from Jiffy popcorn to make their other foods in.  
 After they ate, all three girls decided to go for a swim and their mother decided to wash their clothes. The clothes came out really clean. The family stayed 4 days at Beaver Island. Soon it was time to go home. Each member of the family carried something. Each member of the family carried their shelter, drinks, food, sleeping bags, clothing and more. While they were walking they passed tall trees, cabins and flowers.  
 The family was soon out of the woods. Sure enough, there was their red and white plane. Soon they were in the plane. Jenny's dad said "prop clear" and they took off. The plane ride to the airport was very exciting. Jenny's dad landed the plane and the family started to unload.  
 Before they knew it they were in their car and heading for home. Jenny's dad turned the corner and there was their home. It was hard to believe they were already home. Jenny said to her mother, "Dad was right when he said it was going to be an unusual camping trip." The End.

## New field rep at Elkton Co-op

The Elkton Co-op recently announced the addition of Joe Cramer as a new field representative, specializing in the area of livestock nutrition and health.

JOE CRAMER

Cramer is a 1982 of Michigan State University, where he studied agribusiness, agriproduction, nutrition and communications. He worked on a 1,000-head swine operation in Stanwood, Michigan where he was raised.

Cramer is currently residing in Elkton.

## PUBLICATION AND NOTICE OF HEARING INDEPENDENT PROBATE STATE OF MICHIGAN FOR THE COUNTY OF HURON

File No. 26,928

In the Matter of the Estate of: Albertina Sturm, Deceased.

TAKE NOTICE: On May 19, 1983 the Will of the deceased dated April 21, 1970, was admitted to probate and administration of the estate was granted to Waldo DeVere Sturm. The estate is not being supervised by the Probate Court. Any interested party may file a written petition with the Court and with the Independent Personal Representative objecting to the appointment and to the admission of the Will to probate.

FURTHER TAKE NOTICE: On June 8, 1983, at 9:30 a.m., in the Probate Courtroom, Huron County Building, Bad Axe, MI 48413, before the Hon. Neil R. MacCallum, Judge of Probate, a hearing will be held on the petition of Waldo DeVere Sturm for a determination of heirs.

FURTHER TAKE NOTICE: Creditors of Albertina Sturm, Deceased whose last known address was 2450 Sturm Road, Pigeon, MI 48755, and whose Social Security No. was 363-22-1605, and who died on February 18, 1983, are notified that all claims against the decedent's estate are barred against the estate, the Independent Personal Representative, and the heirs and the devisees of the decedent, unless within four (4) months after the date of publication of this notice or four (4) months after the claim becomes due, whichever is later, the claim is presented to Waldo DeVere Sturm, Independent Personal Representative, of 2450 Sturm Road, Pigeon, MI 48755.

FURTHER TAKE NOTICE: That the estate will thereafter be assigned and distributed to the persons appearing of record entitled thereto.

## Lake-Chandler

By MILDRED BALLAGH

Here's a dessert for your graduation open house, compliments of Judy Ahearn, Saginaw.

### DAFFODIL PIE

1/4 c. butter or oleo

1 c. flour  
1/2 c. finely chopped cashews or pecans  
Mix and press into 13x9x2 pan. Bake 15 minutes at 375°. Cool.  
1 c. powdered sugar  
1 pkg. (8 oz.) cream cheese (room temp.)

1/2 c. chilled whip cream or 2 c. cool whip  
Whip until fluffy. Spread onto crust.

2 pkg. any flavor instant pudding and mix in 3 c. milk. (Remember just 3 cups milk).  
Mix until thick and pour over cream cheese mixture. Cover with 1 c. cool whip. Spread on top. Sprinkle with 2 c. finely chopped nuts. Refrigerate.

## Happy Birthday Nuclear 'college' celebrates first year

"Simulators," computer-controlled replicas of the control rooms at the utility's Palisades and Midland nuclear generating plants.

Gene Hinsley couldn't have asked for a better "birthday" present.

The Midland Nuclear Training Center which he directs celebrated its first year recently with the arrival of sophisticated equipment that makes the facility one of the largest and best-equipped in the nation.

In fact, the training center is so sophisticated that it actually is closer to a small technical college. Packed into its 70,000 square feet are 16 classrooms, 15 conference rooms, a library, an auditorium, and five laboratories filled with the most up-to-date equipment available. Nearly 50 instructors, technical and administrative personnel operate the \$42 million center.

The center is minutes away from the Midland Nuclear Co-generation Plant, which will begin operating in early 1985.

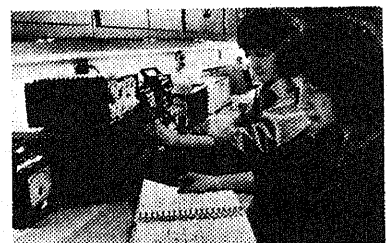

During its first year nearly 2,000 employees of Consumers Power Company, which owns and operates the training center, have taken classes there. The center offers 26 courses, ranging from basic introductory classes to advanced chemistry and health physics, and lasting from several days to several months.

But the pride of the nuclear training center are its "simulators," computer-controlled replicas of the control rooms at the utility's Palisades and Midland nuclear generating plants. With these simulators, licensed operators can update their skills and requalify for federal licenses, and new operators can receive advanced training under real-life conditions.

The control-room consoles duplicate instrument readings and reactions under any possible

situation, right down to the sounds the operator would hear. This lets operators gain experience in the way real plants would actually operate and react.

Control room operators aren't the only people using the training center. It also is designed to sharpen the nuclear knowledge and skills of technicians, inspectors, engineers, maintenance personnel, and clerical and secretarial support staffs assigned to the Company's Palisades, Midland and Big Rock Point nuclear plants.

Sharpening skills in one of five labs.

"The training facilities help us build a complete, well-trained team at each of our nuclear plants," says Hinsley. "The training offered here goes beyond what is required by the Nuclear Regulatory Commission. It's good insurance."

"We are committed to continuing a tradition of producing electrical power safely and efficiently at our nuclear plants. Safety and reliability are a direct result of thorough training, and you can't find a better place for that than the Midland Nuclear Training Center."

This advertisement is paid for by the shareholders of Consumers Power Company.

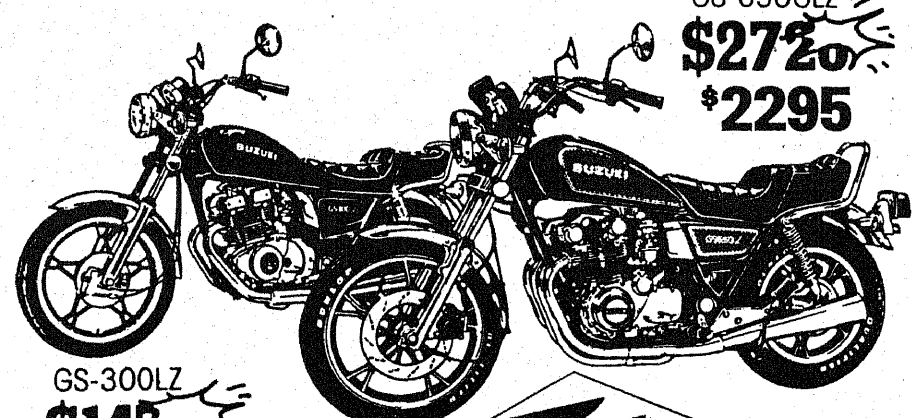

# THE GREAT SUZUKI PRICE BLOW-UP

## Your last chance to save on one of the biggest motorcycle price blow-ups in our history.

The Mad Suzuki Price Bombers are blowing our prices to bits. In fact, they're blowing hundreds of dollars off our already rock-bottom lows, making some of the best '81 and '82 Suzuki street, dirt and competition bikes more affordable than you ever thought possible. Which means there's never been a better time to buy your new Suzuki. Ever. See us right away to get in on these ridiculously low prices... before the Mad Suzuki Price Bombers blow everything out the door.

Come in and see us for complete model listing and details. Availability is limited.

Attend the Church of Your Choice This Sunday and Every Sunday

**OUR PRICE OF FREEDOM WAS OFTEN THE LIVES OF OTHERS**

Whenever you say something in public to the person next to you, or go to work at your chosen job, or read a newspaper such as the one you are now holding in your hands, remember that the right to do all these things did not just happen by accident. It was bought for us over all the years of our nation's history; and the price was all too often paid in blood, by those who were unselfish enough to want us to enjoy these blessings after they were gone. Remember them on Memorial Day; and on every Sabbath day by attending your House of Worship, the choice of which is yet one more sacred privilege that their sacrifice won for us on the field of battle. While you are there, give thanks to God for what they did; and pray to Him that our continuing vigilance will insure our freedom without the necessity for any further payment of this tragic price for it in human lives.

— Robert G. Ingersoll

Nine confirmands join St. John's Lutheran

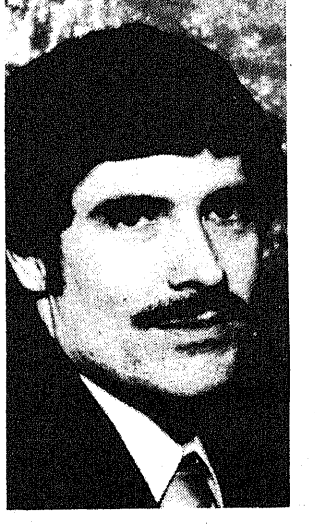

Nine young people were confirmed into their faith at St. John Lutheran Church, Killmanagh on Sunday, May 22. Those in the class and their instructors, are, front row, Michael and Matthew Boltzman, Andrea Haag, Jennifer Ziel, Richard Welchner and Ricky Prichard; second row, principal John Merrill, Steven Volz, Kurt Kern, Larry Welchner and the Rev. Paul Hoyer, vacancy pastor. HURLEBRINK PHOTO

Christian Fellowship meets

Christian Interfaith Fellowship will feature Ida Miller of Caseville as a speaker for their Thursday, May 26 Prayer Breakfast. She and her husband Jim have started a new church in Caseville called the Abundant Life Fellowship. A graduate of Victory Bible Institute, she was ordained in 1981 and has involved herself in jail and hospital ministries. She currently has a radio program over WKYO-FM in Caro on Sunday mornings at 8:15 a.m. The meeting begins at 9 a.m. with coffee and fellowship at the home of Willet and Sylvia Oeschger, 3825 Caro Road, Sebeawaing. Free babysitting is available by calling Lori Joles at 883-2076.

Kreh accepts pastorate

Former Pigeon resident Edward Kreh graduated from the United Wesleyan College in Allentown, Pa. with a Bachelor of Arts degree, summa cum laude, on May 15. He had membership in the United Wesleyan College Honor Society and Scholarship in Biblical Studies, Church History, Theology and Pastoral Ministries. His major was in Pastoral Ministry. Kreh was on the dean's list each semester in the 3 1/2 years he attended the college, and was one of eight students included in the "Who's Who in American Colleges and Universities." He and his wife, the former JoAnn Berry of Kingston, have a year old daughter, Nicole. They will return to Michigan in June to make their home in Mt. Pleasant, where they will pastor the Remus Trinity Wesleyan Church on Coldwater Road.

Rev. Edward Kreh

Church invites public

The Caseville United Methodist Church celebrates the dedication of its new addition with a special service on Sunday, June 5 at 2 p.m. An Open House will follow at 3:30 p.m.

Church news

**BAY PORT UM WOMEN**  
The May 12 meeting of the Bay Port United Methodist Women met at the home of Mrs. Edna McLeish. President Marie Darby had charge of the meeting. The Rev. Fred Cooley offered prayer. Mrs. McLeish was in charge of the program, a memorial for the deceased members of the women's group which had started as a ladies aid many years ago. A candle was lit and a vase of roses represented the deceased members. An open Bible was placed on the table with three rosebuds representing the most recently deceased members, Ethyle Steele, Fern Henne and Florence Wideman. A silent prayer for them was said. Lillian Boegert read verses from Chron. 5: 5-8 and Joshua 1:1-2. She sang "Beyond the Sunrise." The 23rd Psalm was read. Mrs. Boegert read a poem, "Don't stand at my grave and cry, as I am not there." A business meeting followed and was adjourned with the serving of a dessert. Rev. Cooley offered prayer.

By my Chumadu -- my burden-bearer

Read Acts 9:23-31  
Come to Me, all who labor and are heavy laden, and I will give you rest. Matthew 11:28.  
In India you don't take a load off your feet, but off your head. There's a unique device, every so often along a road, so you can do this: two slabs of cut stone mounted vertically with a third laid across to fashion a table. It's head-high so you can simply slide your load off and on. No stooping! It's called a "Chumadu." Christ has invited us to rest our burdens on Him, like in the text above.  
Agatun: "The Lord laid on Him the iniquity of us all." Physically and spiritually we find rest in God. He not only GIVES us rest; He IS our Rest -- our Chumadu.  
We rest in a divine Being, not on man-made supports. "O Lord," said Augustine, "our souls have come from Thee, and we find no rest until we rest in Thee."  
Small as she was, one little girl knew exactly how this works. Listen to the dialog: "I'm tired, Daddy. May I sit on your lap?" "If you're tired, why don't you go to bed?" "But I'm not tired like that; I'm tired for you."  
Come a day, finally... when Jesus' first-decade churches could rest from persecution.  
It stopped because God converted the chief persecutor. Once more we learn: "Ultimately our rest is in God."  
Lord Jesus, You labored for us when You bore our iniquity. Now we come to You, not to GIVE but to BE our rest. Amen.

# Pigeon students learn to love 'Great Outdoors'

Photos and Story By RICH SWARTZENDRUBER  
Jeannine Wilson's fifth grade class at Pigeon Elementary School "took to the woods" for several days last week for an education not found in the traditional classroom. The youngsters camped at the Sleeper State Park Outdoor Center last Wednesday, Thursday and Friday.

The 26 students participated in most of their planned activities despite rain during part of the three-day activity. Rain didn't dampen the youngsters' spirits during the nature hike as garbage bags were used to keep dry. Other activities for the children included practicing compass directions by mapping the campground, tie-

dying, using stones and cones for nature crafts, identification of leaves, a carnival and softball. Wilson was assisted by one college student and six high school volunteers who acted as counselors. "I was especially pleased with the counselors this year," said Wilson. "They did a tremendous job." College student Paul Booth

was back as a counselor for the sixth year. Although he is out of college for the summer, Booth is sacrificing several days of work for this event. When questioned about his motivation for the yearly camping trip, he replied that he has such a good time and loves working with kids. An activity of this sort provides him a stark contrast with his college ex-

periences, as he is studying computer science. Other counselors this year include Laker High School students Judy Bergman, Corinne Booth, Becky Krohn, Bea Garza, Bob Rogers and Scott Vollmer. Pigeon Elementary School secretary Phyllis Booth furnished experienced assistance in the area of food preparation on the camping

trip. She says major changes have taken place in meal preparation for the annual event. When she first helped eight years ago, all the meals were cooked with campstoves and charcoal. Now a modern kitchen and dining hall make the task much easier, she says.

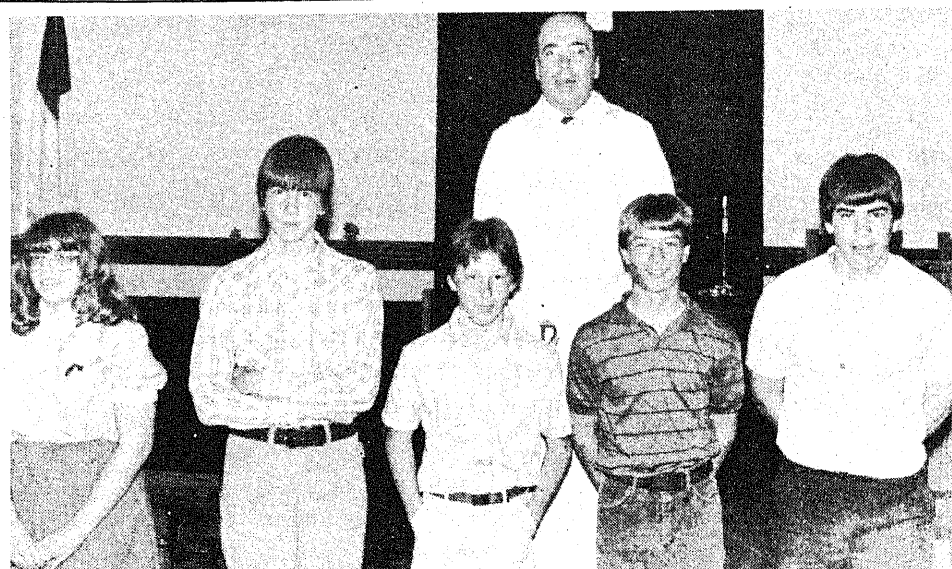

Young campers wouldn't let a few raindrops spoil a softball game!

## First Communion celebrated with dinner

Miss Marcie Gotts received her First Holy Communion on Sunday at the St. Francis Borgia Catholic Church, Pigeon by Fr. Michael H. Wolf. Dinner

guests in the home of her parents, Mr. and Mrs. Russell Gotts were Mrs. Charles Thiel, Mr. and Mrs. Stanley Schubach, Elktion, Mr. and Mrs. Robert Thiel

and daughters Patti and Mary and Mrs. Clara Faupel, Pigeon, Mrs. H. Kreh and William Gotts of Caseville.

**NEW HAYES UM MEMBERS** - Five junior high students were welcomed into the membership of Hayes United Methodist Church on April 8 during the morning worship service. Pictured, from left, are Cheryl Baur, Brett Cooley, Jason McIlhargie, Pastor

Fred Cooley, Mark Murdoch and Kenny Richmond.

**PUBLICATION AND NOTICE OF HEARING INDEPENDENT PROBATE STATE OF MICHIGAN IN THE PROBATE COURT FOR THE COUNTY OF HURON**

File No. 26,950  
In the Matter of the Estate of: Fred J. Schwartz, Deceased.  
TAKE NOTICE: On May 19, 1983, the Will of the deceased dated January 29, 1979, was admitted to probate and administration of the estate was granted to Phyllis R. Schwartz. The estate is not being supervised by the Probate Court. Any interested party may file a written petition with the Court and with the Independent Personal Representative objecting to the appointment and to the admission of the Will to probate.

## Village minutes

REGULAR MEETING - MAY 3, 1983  
ELKTON VILLAGE COUNCIL

The regular meeting of the Village Council of the Village of Elkton was called to order by President Haley at 7:30 p.m. Council members present Thompson, Knechtel, Fisher, Santos and Russell. Absent, Hoffman.

Motion by Santos supported by Knechtel to approve minutes of previous meeting. Carried.

Motion by Santos supported by Thompson to remove the one-way signs in the West Alley and change it back to two-way traffic. (Four eyes, one way). Carried.

Motion by Fisher supported by Santos to approve Claren Russell, Barb Thompson and Wayne Knechtel to the cablevision committee. Carried.

Ron Snider from Pioneer Cablevision said he is progressing on schedule and will be receiving a building permit from the township on May 4, 1983. He said physical movement should start on May 15, 1983.

Dennis Esch representing the Little League Program asked for donations from the village. Motion by Santos supported by Fisher to donate \$300 to the Little League Program. Three years, two way. Carried.

Six bids for the roof were received and opened. The bids were from H&H Insulation, Piffs Painting and Roofing, Keith Roth, Huron Hot Tar, George Gembarski and Ernest Watoski. Finance committee will study and report back at the next meeting.

Motion by Fisher supported by Knechtel to approve ordinance no. 79, Mandatory Child Restraints and no. 80 Abandoned Vehicle Procedure. Carried.

Motion by Russell supported by Thompson to write off ambulance charges on attachment B. Carried.

Barb Thompson, chairman of housing committee, reported that the committee recommended landscaping the Village Hall. Motion by Fisher supported by Thompson to purchase shrubs from the most competitive nursery. Wait will make decision. Carried. Street committee will study ditch clean-up on farm property with Wayne Krohn and Walt Forster. Wait Forster will make decision on person to level well and do work on ball diamond. Bids for asphaltting Smith and Brown Streets will be opened at the regular council meeting on June 7, 1983.

Motion by Fisher supported by Santos to install 5 m.p.h. signs on each end of northeast alley. Carried.

Barb Thompson, police committee chairman reported on meeting with police department. Motion by Thompson supported by Fisher that Lonnie Hedley be paid 15 hours at straight time and anything over that be paid in compensation time for the Strawberry Festival being it will be his weekend off. Carried.

Correspondence was read from Karl Kraus, Huron County Prosecutor about a meeting being held on May 11, 1983 of funds for in-service training. Also, letter was read from Dr. Francis Wilson about proposed all purpose building at the ball park. He was not in favor for various reasons. Letters can be obtained from the clerk.

Dede Russell gave a report from the Michigan Municipal League meeting that she attended on April 14, 1983. She presented each member a handout that was presented at the meeting.

Correspondence was read from area attorneys. They were Otto & Clabuesch, David Clabuesch and John Ferris. At this time the village is thinking of a possible replacement for village attorney. Randy Haley will get recommendations from townships and villages that they represent.

Resolution by Fisher supported by Russell to allow Ron Rabideau to build a garage 3' instead of the 6' normally required from property line according to ordinance and fire code if written approval is granted from LeVern Chioiti. Four years, one way. Carried. Harry Renn complained of shed on back portion of Mr. Rabideau's property.

Clerk will send letter to C&O Railway about closing of the depot in the Village. Randy Haley asked committees to have the reports in the clerk's office at least three days before meeting so they can be included in the agenda.

Dave Fisher, labor relations chairman recommended that the cap be taken off the medical insurance for the remainder of the contract year, but the rider remain optional. Motion by Russell, supported by Fisher to approve the above recommendation. Four years, one way. Carried.

Wayne Knechtel reported that Neilan Hoffman was in the hospital and that our thoughts and prayers should go with him.

Meeting adjourned at 10:20 p.m.

Randy Haley, President  
Darlene R. Ginter, Clerk

## SOUND-OFF!

Call 453-2323 anytime day or night to record your SOUND-OFF message. Selected statements will appear weekly in The Progress-Advance...so watch for yours!

About the two people holding three jobs, that takes ambition and hard work. Do you really think if they gave up one of those jobs, someone else would take it?

As a patron and taxpayer of the Pigeon District Library, I'm very proud of the service given by the girls in the last eight weeks that the Librarian has been ill. I think these girls have grown up a lot and have assumed responsibility very well. I'm very, very proud of them.

Did you enjoy the quartet at the Hospital dinner? You too can become a barber-shopper. Come to the Bad Axe Methodist Church house, Monday nights, 7 to 9 p.m. and join the gals for lots of singing fun.

Who are you to tell people how many jobs they can have and not have? If a person has the desire and ability, they've also gone out there and gotten the job. Try that yourself, instead of just complaining.

I really feel when I go in to get a permanent and a haircut uptown, I don't care to be preached at. Thank you very much.

I really feel Scenic Golf Club or other local business needs a motel, for all the people who are out golfing and need a place to stay. That's what we really need here.

I wish parents would tell their children who ride bikes to go into their own driveways, on the way home from school. We have

neighbors' kids come into our drive, ride across our lawn and go into their home, and we don't like it. We don't want hard feelings, but children should be told to do that. Thank you.

Any inquiries or questions regarding Meals on Wheels, you may again contact Mae Yackle, at her home.

Okay, Pigeon, Bad Axe and Elktion have their low-income apartments. Why can't something be done in Bay Port and Mud Creek for a low-income apartment building?

Our compliments again to Mrs. Witczak and the many

students and parents who helped make the elementary musical such a success. We were really impressed with your talent and abilities, kids. Thank you!

Help! The Reunion Committee of the '73 Laker Class has been unable to locate several class members. Do you know the whereabouts of Gerald Croteau (son of Gerald and Mary), James Galletta (son of Joseph), Keith Bittner, Greg Clark, Mary Hurren, Julie Wiese, Joyce Woycik (wife of David Schumacher) or Novella Cummings? Please call Patty Zinger 856-2884 or Sheila Leitch 375-4190 if you have information about these people. Thanks.

## Laker tracksters compete at USA Invitational

Young Laker tracksters had the opportunity to display their talent at the USA Invitational Track meet for ninth and tenth graders last Wednesday, May 18.

In the girls' division Lakers placed third in a field of nine teams with a total of 71 points. Akron-Fairgrove placed first with 93 points, with USA second with 84.

The 440 relay team of Kris Elenbaum, Shelly Wissner, Mary Thiel and Lori Diener captured a first place trophy with a time of 55.23. Other Lakers who placed were Lori Diener, second in the long jump; Melissa Dietzel, second in the 440, Karin Kimmel, second in the two mile; Sue Kohr, third in the discus and long jump; Kris Elenbaum, third in the 100 yard dash; Debby Ginter, fifth in

First place trophy winners for the 440 relay are pictured, from left, Kris Elenbaum, Shelly Wissner, Mary Thiel and Lori Diener.

the 110 low hurdles; Pam Morneau, fifth in the 880 and

Mary Thiel, was sixth in the 110 low hurdles.

### Lakers split doubleheader

The Laker baseball squad traveled to Caro to split a doubleheader, with both games decided by a single run.

Caro took the first game 9-8 despite being out-hit by Lakers 13-7. Five errors by Lakers proved costly.

The Lakers came back in the second game to win 8-7. Don Schulz picked up the loss in the first game and the win in the second game in relief of Troy Dubey.

Jim Binder proved to be Laker's most consistent hitter of the day, going four for five, including a double in the first game and added two more hits in the nightcap. Buck LePage belted a homerun for Lakers in the second game and Jeff Caverly hit a double.

hurdles field headed by Reese.

Laker boys who placed included Darrin Zadrzynski, first in the high jump, 5'8"

QUALIFIED - John Rathje, left and Dave Sturm, right, qualified to participate at the state championship track meet with their performance at the regional competition last Saturday at Saginaw Carrollton High School.

Rathje finished first in the Long Jump with a leap of 20'8 3/4" and also placed sixth in the High Jump. Sturm placed third in the Pole Vault at 11'11".

The state meet is scheduled for June 4 at Bangor. and second in the 880; Dan Ritter, third in the long jump

and 330 low hurdles; Mike Sturm, third in the pole vault

and fifth in the 120 high hurdles and Chris Eby placed fifth in the pole vault.

### Laker swingers lose to Caro, beat HB

The Laker softballers swept a doubleheader but dropped another pair of games in last week's action.

Last Friday the Lakers were turned back in two contests at Caro. In the first game the Lakers managed to score 10 runs, but allowed the Tigers to score 16 times. The nightcap was also claimed by Caro with a 13-0 whitewash of the Lakers.

Shelly Ginter was the losing pitcher in the first game, getting relief help from Kris Muentener. They combined to allow only five hits, but gave up 18 costly walks.

Muentener was tagged with the loss in the second game for Lakers.

Leading hitters for Lakers were Lynda Brown and Chris Steinman who each contributed a double and single.

The Lakers were more successful last Tuesday as they defeated Harbor Beach 7-4 and 12-0.

Shelly Ginter picked up both wins, giving up only one hit while striking out seven

in each game. Ginter recorded the only extra-base hit for the Lakers with her double. Lynda Brown, Gina Masocorro and Kris McArdle each hit two singles.

### ANNUAL SCHOOL ELECTION

NOTICE OF ANNUAL ELECTION OF THE ELECTORS OF ELKTON-PIGEON-BAY PORT SCHOOLS, HURON COUNTY, MICHIGAN TO BE HELD JUNE 13, 1983

TO THE ELECTORS OF THE SCHOOL DISTRICT: Please Take Notice that the Annual Election of the School District will be held on Monday, June 13, 1983, in the School District. THE POLLS OF ELECTION WILL OPEN AT 7:00 O'CLOCK, A.M., AND CLOSE AT 8:00 O'CLOCK, P.M.

At the Annual School Election there will be elected two (2) members to the Board of Education of the district for full terms of four (4) years, ending in 1987.

THE FOLLOWING PERSONS HAVE BEEN NOMINATED TO FILL SUCH VACANCIES: Lavern J. Chiotti James Clabuesch Virginia E. Leipprandt

TAKE FURTHER NOTICE THAT the following proposition will be submitted to the vote of the electors at the Annual School Election: MILLAGE RENEWAL PROPOSITION

Shall the limitation on the amount of taxes which may be assessed against all property in Elkton-Pigeon-Bay Port Schools, Huron County, Michigan, be increased by 1 mill (\$1.00 on each \$1,000.00) on state equalized valuation for a period of 3 years, 1983, 1984 and 1985, for the purpose of providing additional funds for operating purposes (this being a renewal of 1 mill for operating purposes which expired with the 1982 tax levy)?

THE VOTING PLACES ARE AS FOLLOWS: A. Everyone over 35 years of age should have their eyes checked for glaucoma at least every two years. If there is a history of glaucoma in your family, the testing should be done annually. During the glaucoma test, the optic nerves are checked for damage, your peripheral or side vision—usually the first area of seeing affected—is checked, and so is the pressure in the eye.

Q. Is the glaucoma test painful? A. No. Most optometrists use a tonometer to measure the pressure in the eye. The eyes are lightly touched by a small probe, or a puff of air. A small register records the amount of pressure in millimeters to see if your ocular pressure is within normal limits.

Q. Can glaucoma be prevented? A. No, but early detection and treatment can control abnormal pressure in the eye and so prevent damage to the eye or eyes and loss of sight.

## Athletes meet Tuesday for area's largest track meet

An estimated 4,000 track fans will meet Tuesday, May 31 at Caro's Stamatis Field for the 11th running of the Thumb Track and Field Meet of Champions.

Laker High School will be represented Tuesday by several members of its track team, according to Coaches Paul Beachy and Gordy Murphy.

This year the premiere track spectacular will feature more than 450 of the finest high school track performers from 30 Thumb area high schools.

This meet has been termed "Michigan's most prestigious high school track meet" by veteran high school sports writer Hal Schram of the Detroit Free Press. The meet also won praise during last year's 10th Anniversary Banquet which attracted some 800 sports fans and featured NBC Sportscenter Dick Enberg and former MSU football coach Frank "Muddy" Waters.

All field events will begin at 4 p.m. with running events starting immediately after the opening ceremonies which begin this year at 6:30 p.m.

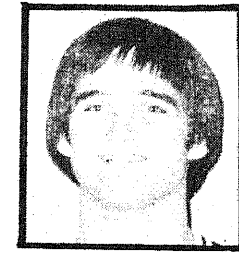

Two highlights of the annual meet include the awarding of the Thumb Sports Leader Award to an adult who has made special contributions to high school sports, and the awarding of

plaques to the most outstanding boy and girl athletes of the meet. This year's Sports Leader Award will go to veteran Uby coach and educator Fred Rutkko.

Mutual Savings office will be closed Sat., May 28th and Mon., May 30 in observance of Memorial Day.

By DAVID WATTS

Both the baseball and softball teams moved into third place in respective NCTL league races. The boys captured a pair from Deckerville 3-2 and 4-3, while the girls

## Caseville School in the news

copleted their task 6-2 and 18-1. Caseville took nine ribbons in the Harbor Beach Junior High Invitational Track meet.

**BOYS TAKE PAIR FROM DECKERVILLE**  
Caseville won the opening game 3-2 behind the pitching of junior Brian Gembarski, who gave up only two hits. Brian Gembarski had a double and a single, while

Brian Siegfried, Shawn Sarka, Chris Murdoch, Jerry Winkler and Wayne Simmons all had singles.

In the nightcap, Mike Duffy hurled the Eagles to a 4-3 come-from-behind victory. Chris Murdoch, Jerry Winkler, Dan Murdoch and Tony Seagraves all had singles.

The victories place the Eagles in third place in the NCTL with a 10-4 league record.

### JUNIOR EAGLES CLAIM NINE TRACK RIBBONS

Caseville came home with nine ribbons from Harbor Beach's Junior High Track Invitational. Nine teams competed in the events. ## Bridal shower

Miss Carol Negaard of Jefferson, Iowa was honored with a bridal shower on Saturday evening, May 21 at the RLDS church, Bay Port. Twenty five guests were in attendance. A special guest was the bride's mother, Mrs. Raymond Negaard of Gilford, Mo. The party was given by Lynda Brown, Mrs. Robert Collison, Mrs. Dorothy Collison and Mrs. Floyd Collison.  
"Bride" bingo and several other games were played with prizes awarded. House prizes was awarded to Mrs. Jim Brown of Caro.  
A dessert luncheon was served, and the guest of honor opened her lovely gifts. A special gift was a corsage she wore given by her fiancé, Terry Brown.  
The wedding will July 2 at Gilford, Mo.

## Cheese distributed Thursday

The Human Development Commission will distribute surplus cheese and butter on Thursday, May 26 at the following locations: USA Middle School, Sebewaing, Bad Axe Fairgrounds and the American Veteran's Hall, Port Hope, from 10:30 a.m. until the supply is exhausted.  
Individuals must report to the distribution site and present their Surplus Commodity Registration Card. Persons who are unable physically to go to the distribution themselves, may have someone pick up their surplus commodities ONLY if the card is shown.

# Musical draws large audience

Dozens of youngsters in the Elkton, Pigeon and Bay Port Elementary Schools got first-hand experience at performing in front of a large audience, with their presentation of "P.T.," the story of the life of circus showman P.T. Barnum, staged May 9 and 10 at the Laker High School auditorium.

Directed by Music Teacher Mrs. Laura Witzak, each school took a turn at performing starring roles, with a chorus comprised of all the schools providing special music.

ABOVE, the chorus sings an expressive number for the almost 1,000 people who viewed the show both nights.

AT LEFT, these two "elephants" lumbered through the audience at Monday's performance, handing out candy and goodies to the audience.

## Piano students perform

Nearly two dozen piano students of Shirley Nusz presented a piano recital Sunday at First United Methodist Church, Pigeon.

Solos, duets and trios were presented by student performers Beth Bussema, Brad Buschlen, Anusuya Kamlapurker, Kristin Southworth, Daniel Depner, Cheryl Baur, CheriAnne Coyer,

Christie Pieper, Renee Bushey, Anne Limberger, Connie Abdalla, Aileen Mayol, Melissa Bivens, Janice Bushey and John Crumm.

Works ranging from Schubert, Gershwin and Tchaikovsky to Frank Mills, Scott Joplin and John Williams were performed.
