### PSC COMING TO THUMB

The Michigan Public Service Commission will present a Consumer Forum next Wednesday, Oct. 3 from 7 to 9 p.m. in the Huron County Courthouse's third floor meeting room in Bad Axe.

The forum will provide Thumb Area residents a chance to meet with PSC commissioners and to discuss electric, natural gas, telephone and motor carrier issues.

This is one of eight such forums planned throughout the state this fall, offering citizens a chance to see how state government works up close, and all three PSC members -- William E. Long, Steven M. Fetter and Ronald E. Russell -- will be on hand.

Any person having further questions may contact PSC spokesman Mary Jo Kunkle at 334-6983.

### RAFFIN PLEADS AS ACCESSORY

Sandra Krohn Raffin, 30 of Owendale, pled guilty to being an accessory to a felony after the fact, and the open charge of murder filed against her has been dismissed, in the July 18 murder of Mariano Sanchez, 41 of Elkton.

Raffin told Huron County District Judge Karl Kraus she originally lied about her involvement in the murder to protect her family and Ronald Griem, 36 of Port Austin, who is being held without bond in the Huron County Jail on an open murder charge.

Being an accessory after the fact carries a penalty of up to five years in prison and a \$10,000 fine. Raffin will be sentenced Feb. 19, after Griem's trial is concluded. That trial is expected to start in January.

Raffin is currently serving a nine-month sentence in the Tuscola County Jail on a charge of felonious assault, stemming from another case.

## Dwight Gascho gets full-time Scheurer Administrators' job

Dwight Gascho has been named Administrator of Scheurer Hospital, Pigeon, following a unanimous vote of the Hospital's Board of Trustees on Sept. 17.

Gascho, 42 of Pigeon, was one of nine applicants for the position. He had served since May 15 as interim Administrator, replacing former Administrator George Desmarais, whose contract was not renewed by the Board.

Gascho says some of the work which began during his interim term is progressing well, and he is pleased to be following through in such hospital priorities as expanding physician services and bringing more specialists here. "My decision to accept the full-time position was

easier because of the complete support shown by the Board. This is a very excit-

ing challenge, since we are in the middle of so many things right now," Gascho says.

**He calls the on-going work** with Pigeon Clinic and Dr. Ali A. Khan to continue improving medical care the most important priority at this time. "We're in the middle of so many things right now, that I felt it would be inappropriate to step away," Gascho says. "We're not trying to compete. That's not our intent."

Interviews inviting physicians to locate in the Western Thumb are continuing, with top priorities being pediatrician, obstetricians and other specialists.

## Sugar tops in Farm Bill talks

Sugar legislation in the 1990 Farm Bill tops the agenda of the Great Lakes Sugar Beet Growers Association,

following the group's annual meeting in Gaylord.

"We will continue to concentrate on maintaining the sugar provisions in the 1990 Farm Bill because they have worked well and at no cost to the American taxpayer," said GLSBGA executive vice-president Robert D. Young after the recent meeting. According to Young, not only did the old system run without cost to taxpayers, it actually generated income through interest on the loan program and import fees.

Great Lakes president Donald Keinath of Caro added that he's "cautiously optimistic" about the sugar section of the Farm Bill.

"Both the Senate and House have passed a Farm Bill, and an amendment to reduce the loan price by 2¢ a pound was soundly defeated -- by almost 2-1 in the House and 24-54 in the Senate. A 2¢ decrease would have been hard on local growers, reducing the loan rate by about \$75 per acre in this area.

"A conference committee will now produce a compro-

mise bill, but we feel the 2¢ reduction will not be re-introduced because it was so soundly defeated. We feel we've done all we can do, but we continue to monitor the legislative work very closely."

Local farmers, as well as Michigan Sugar Company executives and factory labor leaders have visited Washington several times during the past year to voice their support for provisions that will keep American-produced sugar in good supply on US tables.

Great Lakes members also vowed to work harder to show the importance of the sugar industry in the Michigan economy, and promote the positive aspects of sugar in a healthy diet.

In addition to Keinath, officers elected by GLSBGA members to lead the group this year are: John Tagget of Saginaw, vice-president and Loren Humm of Ithaca, secretary-treasurer. Board members are Stanley Gettel of Sebewaing and Albert Stoutenburg of Sandusky.

### Locals enter swine program

Four Thumb swine producers have entered pigs in the Michigan Genetic Improvement Program—MGIP—formerly referred to as the Winter Barrow Show, according to Dr. Beth Ellen Doran, Extension livestock agent for Huron and Sanilac Counties.

The Thumb competitors include Thumb Swine Enterprises of Bay Port-Pigeon 20 pigs, Dale Christner of Pigeon 10 pigs, Smith Hog

Farm of Snover 12 pigs and Roger Baumeister of Decker-ville 6 pigs.

MGIP is a cooperative effort between Cooperative Extension Service, MSU Animal Science Department, Michigan Pork Producers Association and Michigan Livestock Exchange. It has served to help Michigan pork producers evaluate their genetic and health programs.

All pigs were weighed and tagged September 5-7.

# READING = It's More Than Books

It used to be that some jobs didn't require a whole lot of reading. Children learned by working beside their parents.

All that's changed: government regulations, increased emphasis on safety, and pressure to stay competitive have made good reading skills a necessary part of every job.

One out of every four adults in Huron County needs some help with reading. H.E.L.P. is available: free private one-one-one basic reading tutoring for people who want to make the best of themselves.

Tell someone about H.E.L.P. Encourage somebody to call Donna at 269-9502. Volunteer for free tutoring training.

LEARNING ABOUT SCIENCE and biology can be lots of fun, and the best way to learn is to actually see and touch all kinds of creatures. ing system at a public field day from 9 a.m. to 2 p.m. this Saturday, Sept. 29. Utilized is an earth-coupled closed-loop heat exchanger.

Thumb Electric Cooperative, a member-owned electric utility, the Water Furnace of Michigan and Shetler Plumbing and Heating of Pigeon, Cass City and Bad Axe joined forces to demonstrate a heating-cooling system that they say can save money for the consumer.

Demonstrated will be the geothermal heating-cooling system which operates by circulating an anti-freeze solution through 1,400 feet of plastic pipe. A 2-x5-foot trench will be cut for inspection of the piping system.

The system employs an old scientific principle applying a new technology, which builders say means energy savings of almost 60% for homeowners, compared with other fuels. TEC and Shetler officials will be on hand to answer questions.

The Sanford home is located two miles north and one-half mile east of Mayville, or two miles east and 2 1/2 miles south of the M-24 and M-46 intersection.

## PSC NAMES TELEPHONE TERMS

The Michigan Public Service Commission has approved settlement agreements which authorize 16 Michigan investor-owned telephone companies to temporarily reduce basic exchange rates to maintain earnings, including:

■ Pigeon Telephone Co., which serves 2500 customers in four exchanges in Huron, Antrim, Arenac, Iosco and Otsego Counties, will issue a temporary monthly credit to current customers of about \$1.35 per customer line, beginning with the Oct. 1 bills and ending about Sept. 30, 1991, averaging about \$16.20 per line.

■ Pigeon Telephone customers have received temporary monthly credits of 85 cents per line between Oct. 1, 1989 and Sept. 30, 1990 as a result of a PSC order issued Sept. 26, 1989. The order also authorizes the company to contribute \$20,244 to its depreciation reserve.

## Scheurer picks Dwight Gascho as Administrator

From Page 1

Hospital Board Chairman Paul Clabuesch says Gascho has done an outstanding job during the four-month interim period and earned the permanent Administrator's post.

"Dwight is extremely well-liked throughout the area and brings an enormous amount of enthusiasm and leadership to Scheurer Hospital.

"We reviewed nearly a dozen applicants, but his background and abilities consistently stood out. We're very positive he will continue helping lead the Hospital into the 21st Century."

Scheurer Hospital, founded in 1947 by the late Dr. Clare A. Scheurer, is a 47-bed hospital which had a \$4.5 million budget last year.

More than 150 persons are employed.

All in all, Gascho says he is growing into his job well. "The community has been very supportive of what's been going on. The employees have been absolutely marvelous and have welcomed me with open arms.

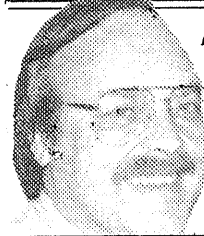

"My family has been very favorable, too. My wife has worked at the Hospital for 16 years and she's been a big help." He and his wife Mary Ann, a registered nurse, have three children, Chad, Vicki and Kim.

The Joint Commission on Hospital Accreditation is now reviewing Scheurer's procedures, as the Hospital seeks another three-year approval from the national group, and Gascho says new policies and department heads are in place to meet those standards.

He has resigned from his former position as Executive Director of Bluewater Youth For Christ and Campus Life, a post he has held since 1977 overseeing a staff of six full-time people.

KEEP YOUR CROP FINGERS CROSSED: Our local farm friends (including the elusive Farmer Bob) tell us we're looking good on crops this year -- if we can just get them all into the barn.

Bumper BEAN crops are being harvested now, and some WHEAT fields are in the modest 50- to very good 80-bushel-per-acre range.

The SUGAR BEET harvest has started in the area, too, and beets may be the best-looking local crop of all. Michigan Sugar Company says its 1200 growers will likely deliver 1.85 million tons of beets from the 96,000 acres under contract.

Last year, the company's four processing plants made 1.6 million pounds of beets into 448 million pounds of sugar, both records -- and this year's numbers are expected to be even better...

NOT GOOD TOURISM: Did you notice how many weekends had rainstorms this past summer? Lots of vacationers noticed the phenomenon, too -- and Michigan tourism growth fell this year, after five years of steady improvements.

Michigan Travel Bureau Director John Savich says this year's numbers will match last year's record \$10 billion summer impact, but rain was recorded sometime on every weekend between May 1 and Aug. 19.

Believe it or not, tourism is a \$16.5 billion force in our state each year...

OFFICE NOTE: Our office is open from 8:30 a.m. to 5 p.m. Monday through Friday (as it's been for years), but some folks just don't believe that. They tell us they try calling the office as early as 5:30 some mornings, but we've got news for them -- Our phone system is turned off until 8:30 a.m., and we can't hear any ringing phones until then.

So, we advise you early birds to save your dialing energy and time -- and wait until 8:30. We can't answer until then!

GOT IT HERE, TOO! I noticed a Bay City Times story about Audrey Stubbart of Independence, Mo., who still is a "proof-reader" at age 95 at the Independence Examiner. She's been doing that error-finding job for 20 years -- and it reminded me of our best proof-reader ever, our own Marge Heckman!

Marge worked here more than 30 years in all, and always had a keen eye for wrong words. She's retired now, of course, and she's several DECADES short of Audrey's 95 years -- but every now and then I hear about a "typo" we missed from Marge (and others!)

The story is correct -- almost NO proof-reading is done these days, as we've traded in Linotype and Intertype machines for computer keyboards...

# 'Laker Machine' chews up North Branch, 27-6

By AMY HEIDEN

The track announcer calling Secretariat's race in the 1973 Belmont Stakes described him as running like "a tremendous machine."

That could well be an apt description of this year's Laker football team -- a machine that has allowed only 26 points from its opponents, while scoring 152.

The Green Machine chewed up its latest opponent, with a big win over North Branch, 27-6 Friday night, in what will probably be their last meeting. The Lakers will be moving out of the Thumb B Association into the four-team Blue Bay Conference for the 1991-92 school year. The Lakers used a balanced attack to defeat the Broncos, mixing up their plays, with nearly equal success in the air and on the ground.

Quarterback Jeremy Esch completed 8 of 11 passes for 210 yards, while 224 yards were gained on the ground.

The Broncos threatened to score on their first possession of the game, when they moved the ball to the Lakers' 2-yard line.

But a Bronco fumble and a Laker recovery gave the Lakers possession. The Lakers tried moving the ball up the field, but the Bronco defense stayed tough throughout the first quarter, and forced the punt.

The Broncos turned the tables and recovered a Laker fumble at the start of the second period, but could only move the ball to the 45-yard line. When the Lakers took possession, they said "enough is enough," and quickly took the ball downfield.

With 8:00 left in the period, Eric Wissner took the ball into the end zone on a 9-yard run for the first score of the game. He then kicked the PAT, giving the Lakers a 7-0 lead.

A minute later, Rick Dufty recovered another North Branch fumble and raced to the Bronco 36-yard line. Dufty took a 24-yard bomb

## 5 on Laker XX-team set personal marks

The Laker cross country team traveled to three meets last week. Robert Hartz was the top Laker at the Caro league meet, with a 3-mile time of 18:09.

At the Frankenmuth Invitational, Hartz was a medalist in the three-mile in a time of 18:50. The team finished eighth out of twelve teams.

Five team members had personal best times last week.

Jeremy Eden had a three-mile time of 20:26; Tim Young ran in 20:25; Jeremy Meyersieck ran in 21:09; Norm Christner ran in 22:56; and Steve Jaworski finished the three miles in 23:54.

from quarterback Jeremy Esch for the TD, and the Wissner PAT put the Lakers up 14-0.

The Broncos could only hold onto the ball for a short time after the kickoff, and with less than a minute left, Dan Gonzales took a 9-yard pass from Esch for the Lakers' third TD. Wissner again made the PAT, and the team headed for the locker room with a commanding 21-0 lead.

A clipping penalty on the first play of the second half caused the Lakers to start from the Broncos' 5-yard line, but the Bronco defense couldn't stop them from moving up the field. Gonzales ran 39 yards for the Lakers' fourth TD. The 2-pt. conversion failed.

The fourth quarter saw a couple of turnovers, with the Lakers recovering a Bronco fumble, and the Broncos intercepting an Esch pass. The Broncos finally got on the scoreboard with a 47-yard run by Gary Guilloz, and the 2-point conversion pass to Rich Smith failed.

One key to the Lakers' success, says Coach Bill McLellan, is being able to count on some good numbers from a variety of players. Five different Lakers came up with some significant statistics, along with Esch's gains in the air.

Reggie Ignash carried 10 times for 75 yards, Scott Fisher carried 6 times for 60 yards, and Wissner carried 11 times for 48 yards and brought down 3 screen passes for 70 yards. Rick Dufty caught two passes for 66 yards and a touchdown, and Dan Gonzales had 2 catches for 58 yards and a touchdown.

North Branch has always been a tough competitor, and McLellan didn't expect anything else from this road trip. "It was a big game for us. We figured it would be a real battle," McLellan said. "We thought we were the better football team going in, and we knew they'd really come after us and go for the upset."

The Lakers are 4-0 on the season.

JUNIOR VARSITY: The JV team lost its match with North Branch 30-26. TD's were scored by quarterback Jason Krohn on a quarterback sneak, Eric Maust in the 2nd quarter, John Klowowski in the 3rd, and Justin Maust in the 4th. Josh Santos also scored a 2-pt. conversion.

Santos was the leading rusher with 113 yds. in 18 carries. Maust carried 11 times for 55 yards, and quarterback Krohn completed 8 of 20 passes for 122 yards, including the three TD passes.

# Lady Lakers continue title march

By AMY HEIDEN

Having a roster of players who seem to take turns being high scorers is one of the strengths of this season's Lady Lakers team. It keeps opposing teams wondering who they should focus on. Any player could have 20 points in one game, and the next, score 20 points.

This week, the high scorer arrow swung around and pointed to junior center Holly Esch, who led her team with 11 points against Uby, and with 21 points and 11 boards in the 56-37 win over North Branch.

Not bad for a young lady playing with a bad foot.

"When she gets to be 100 percent, watch out. She'll be even tougher," said Coach Paul Beachy.

Tuesday's non-conference contest with Uby was a defensive contest, with the Lakers coming out on top 45-31. Both teams pressed the other, trying to stop their shots. The Lakers led by a single point at halftime, but outscored the Bearcats in the second half 28-15.

Jodi Weisenbach and Beth Roestel each scored 9, and Anne Sturm had 7 points in the contest.

Anytime the Lakers travel to North Branch they can expect a tough game. And they got one Thursday night, but only in the opening minutes of the game. The Broncos led by two points early on, but a couple of Laker steals made the Bronco girls lose their cool and they never recovered.

Once both teams settled down, the Lakers ran out to an early lead, and by the end of the third quarter had a 50-27 lead. The Broncos managed to outscore the Lakers by four in the last period, but the only way they could have won is for the Lakers to leave the gym and let the Broncos shoot by themselves.

"They couldn't handle our guards," Beachy said. "It's rare for him (Bronco coach Tim Zeeman) to have a team that's not competitive. But the next time we play I expect them to be much improved."

One of the Broncos' biggest problems was outside shooting. Marcia Goodfellow led the Broncos with 13 points, all inside shots, and the whole team shot a measly 14 of 50 from the field.

The Broncos, though, did force the Lakers to foul, with

Beth Roestel and Anne Sturm fouling out of the game in the fourth quarter. "That's one thing we're working on, our inside defense. North Branch was very aggressive inside. They just weren't making their shots," Beachy said.

Following Esch's game-high 21, Jodi Weisenbach had 13 points and Tammy Smith scored 8. Everyone on the team had at least one rebound, Beachy noted.

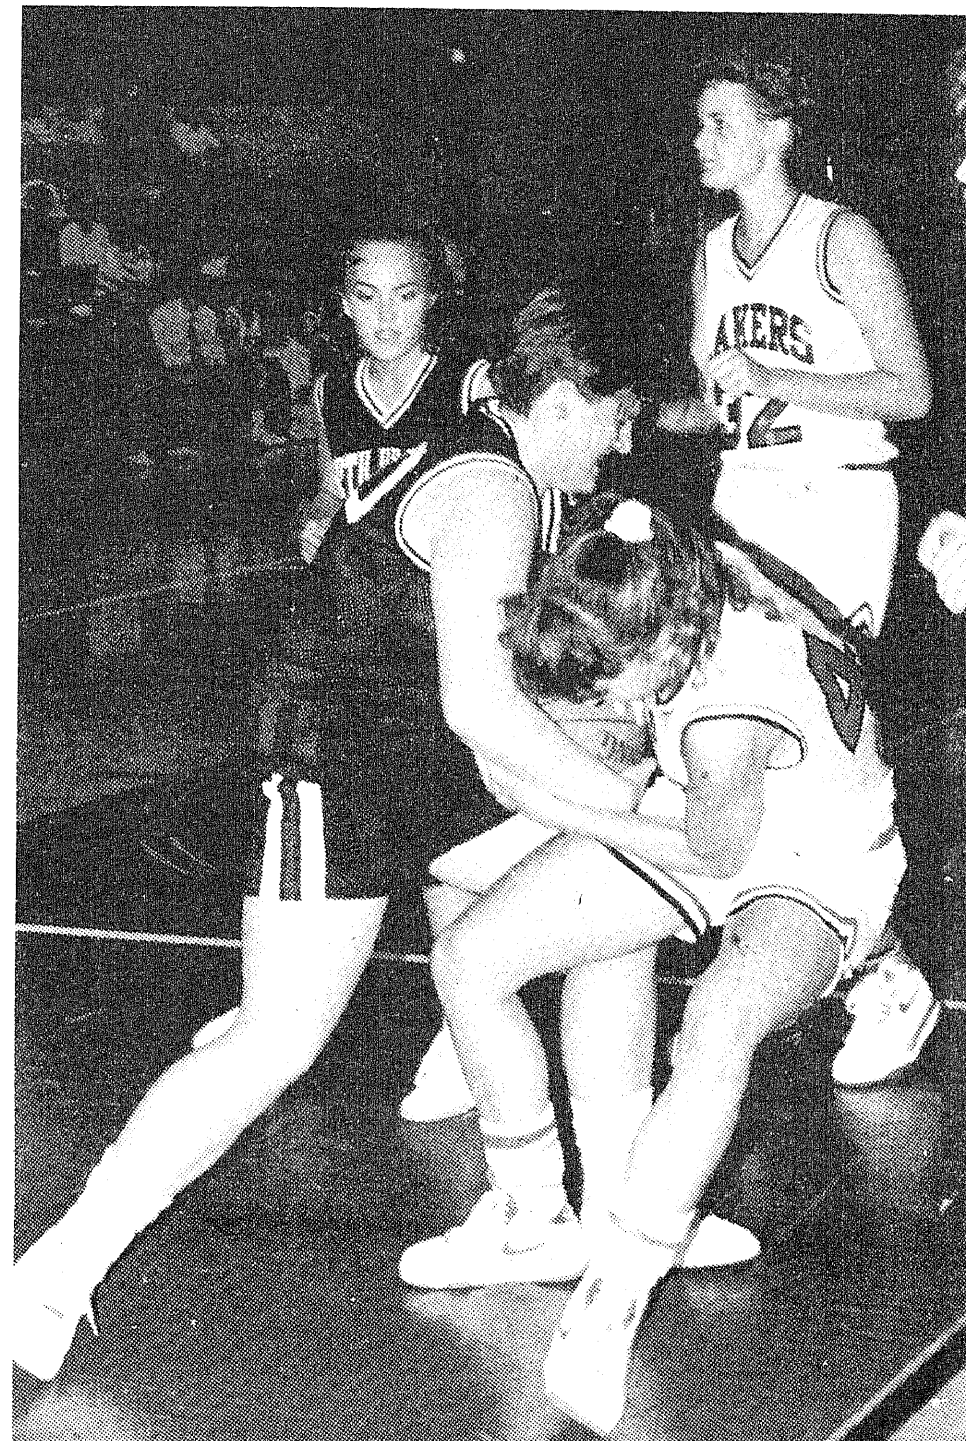

Their record is now 5-2 overall, and 3-0 in the league. JUNIOR VARSITY: The Laker JV team split a pair of games last week, losing to Uby 42-41, and stomping on North Branch 56-32.

Amanda Barry paced the Lakers with 15 points against Uby, while Connie Sherwood scored 10, and Kim Sturm had 8.

Barry and Kelly McLellan each scored 13 points against North Branch. Barry also had 11 rebounds, and Sturm pulled down 9 rebounds.

Their record now stands at 5-2 overall, 3-0 in the league.

FRESHMEN: The freshman team topped their record to 4-1 with a win over USA, 36-22. Darlene Jaworski led with 12 points, Christa Keim scored 8, and Trisha Rosenthal and Theresa Kranz both scored 6 points.

GIVE IT TO ME! Anne Sturm battles a North Branch defender for a rebound, in the Lakers' 56-37 victory over the Broncos.

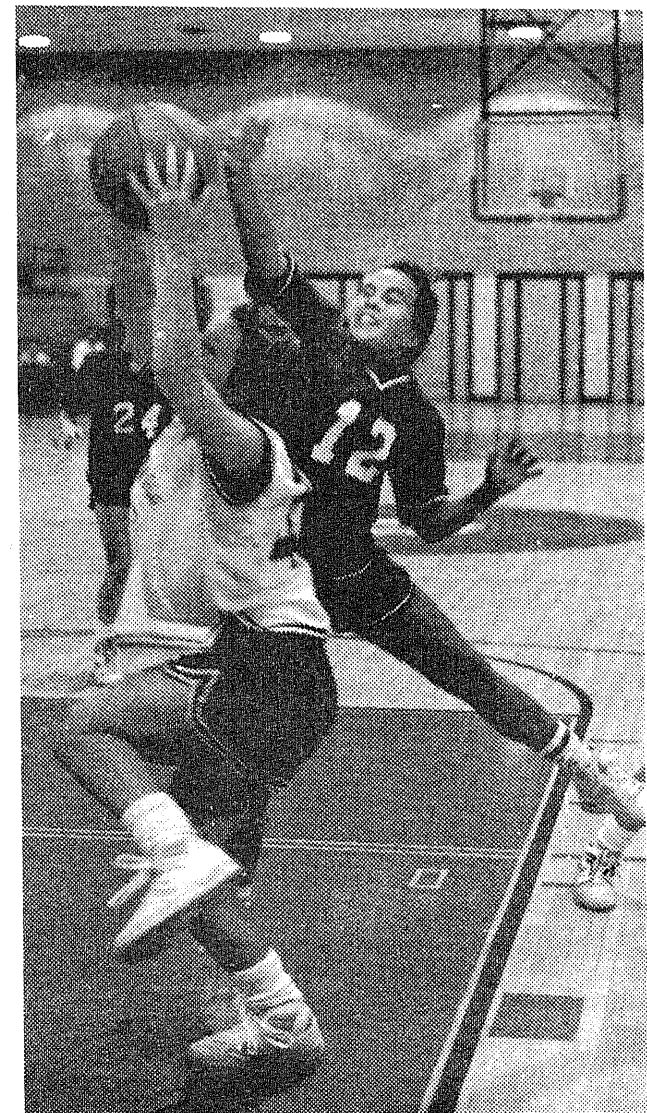

## One down for Lady Eagles

By KATHY MEYER

Caseville's Lady Eagles lost to one of the best teams in the North Central league on Tuesday, when they dropped a game to Peck 73-22. On

Thursday, their play was better as they lost to Port Hope 40-23.

Penny Murdoch scored 12 points and had 16 rebounds, and Kim Pittenger scored 6 points.

## Out in the Field WITH "FARMER BOB"

**RAIN, RAIN, GO AWAY!** And don't come back until after the crops are all in, Farmer Bob says. The bean harvest was well underway when the rains started coming. He had most of his beans out of the field when the rain came, but some were only pulled and not combined.

He's hurrying to get those beans turned over to dry and combined before more rain comes because too much moisture will cause the beans to turn black.

High winds over the weekend helped dry most fields, and Farmer Bob is hoping that the weather will stay nice enough to allow him to finish his harvest.

# Kids get a kick out of soccer!

By AMY HEIDEN

It's the biggest thing to hit the Western Thumb in a long time. It's called American Youth Soccer League soccer, and it's so popular that 110 kids from kindergarten through eighth grade are registered to play.

When Rev. Larry Salsbury, the Regional Commissioner for AYSO, came to the Elkton Area about three years ago, he started asking about soccer leagues in the area.

He found no interest then in forming teams, but this year Elkton residents Tom Bouvrette and Denny Ropp approached him about forming teams and a league. And since he'd been involved with AYSO soccer in Missouri and a coach, he knew just where to turn for help.

Soccer's not a new sport in the Thumb. Several of the present coaches played on area teams years ago, but interest had waned.

But parents and their kids were looking for a sport in which all the team members could play, and soccer fills the bill. As the AYSO motto says, "Everybody plays."

ALL AGES of kids get an opportunity to play in AYSO Soccer, organizers say. HERE, 6- and 7-year-olds try to score during a recent game.

The AYSO was instrumental in the initial success of the program, Salsbury says. "We wouldn't have gotten off to this quick start without their help. They provided the training for the coaches and the referees," he said.

And a bonus is that it's a relatively inexpensive sport, requiring only a good pair of shoes, a set of shin guards, and a ball.

The game is perfect for children of all ages, Salsbury says, because there's not much chance of them sitting around getting bored. "The smaller kids who couldn't play football can excel in soccer. And they're exercising the entire time they're on the field," he said.

AYSO Soccer is a family affair, with parents acting as team mothers, fathers, coaches, assistants, referees and even cheerleaders. HERE, a score is applauded by proud parents and friends.

## Remembering Our Men & Women... ARMED FORCES REPORT

by MARY DRIER

The desert sands of Kuwait are far away, but Thumb Area residents vow not to forget our country's service men and women who are out of sight in the Mideast.

In Sebawaing, the Francis and Lynn Francomb residence at 217 E. Sebawaing displays yellow ribbons for our county's military and for their son, 2nd Lt. Michael Francomb, who shipped overseas in August.

Michael Francomb, 23 is a 2nd Lt. in the Army and a 1985 Unionville Sebawaing graduate who was recruited by the West Point Military Academy to play basketball. "Michael's biggest worry was that he didn't want people to forget them. He wanted us to pray for them and to remember them," said Michael's mother Lynn Francomb.

According to his mother, Michael only played basketball at West Point for one year, but he liked the academy and decided to stay. "Academy graduates are expected to serve for five years in the service after graduation, and Michael is serving in the second year of his five years," said Francomb.

Michael was stationed in Fort Stewart, GA, before the Mideast conflict began. He commands an M-1 tank. "We worry the way any parent does," said Francomb. "We watch the news a lot and pray they will all come home all right and that there might be a peaceful settlement to this."

Letters from home helps boost the morale of our servants.

### — Grasshoppers Against Armies —

"We seemed to ourselves like grasshoppers, and so we seemed to them". Numbers 13:33  
It's an old Bible story, how Moses sent spies into the Land of Canaan, which God had promised to the Israelites. The spies were weak, fearful, and they warned against trying to occupy the land. We are small, like grasshoppers, against their superior size and power, the spies warned. The frightening news had its effect, for many wanted new leaders to guide them back to Egypt.  
Through all ages, there have been timid people, not willing to face danger, even for noble purposes. Terrifying reports come from turncoats who have their own selfish motives for holding back rather than going forward to free those who are shackled.  
At such times we must be honest, truthful, strong. We must be sure we are on the side of righteousness, willing to help the oppressed.  
We should make certain we are on God's side, rather than hoping God is on our side. When we choose correctly, pray constantly, when we test our position, and then ask for God's help, we can proceed confidently, as children of God. Not as grasshoppers.

Dear God, increase our faith, dispel our fears.

**DEAR MR. ROSS:**  
I am not asking you or anyone else for any money. With careful budgeting, I am able to have the things I really need and a few of life's comforts. My only wish is to make some comments about your column. To put it bluntly, you are a shameful man. You are exploiting the public to stroke your ego.  
Regarding the man to whom you gave a penile implant—although the cosmetic look may improve his attitude, he will always know that he is not perfect. Besides, he could avoid embarrassment if he would just choose to take advantage of the dark.  
And the woman with all the kids to whom you gave a washing machine—she needs counseling and instruction in birth control. Within a short time, she may find a dryer and then a microwave to make life even easier. What is she doing while the machines are doing her work? Spending too much time in bed on Welfare!  
If you really want to help people, you should give your money to worthy causes like building nursing homes or perhaps hospitals for the many children born with birth defects. You need not know my name or address as I want no answer. All I want is to see your column eliminated from my newspaper.—ANONYMOUS, Jefferson City, MO.

**DEAR ANONYMOUS:**  
May I suggest that, tomorrow when you get out of bed, you don't mount the same high horse you're riding today. Try walking in the shoes of a man with inadequacies or a woman who is struggling to make ends meet. You'll soon realize that maintaining a self-righteous attitude is more of a burden than an attribute.  
—\$\$\$\$\$\$\$\$\$\$—

**DEAR MR. ROSS:**  
Desperate and ashamed is what I feel as I write my letter. I have always been very independent, working since I was 14 years old.  
I raised three children on my own. We didn't have a lot, but my kids never went without a meal or shoes on their feet. At 51, however, I've met a crisis in my life.  
Over a year ago, I found out I have stomach ulcers. I was put on medication. Six months ago, I stopped taking the medication, because I felt good.  
Here's the clincher. Three months ago, the transmission on my car went out. My car has always been a good runner and is paid for. The lowest quote I got to rebuild it is \$300. If my son pulls it and brings it in, I could possibly get it done for \$150.  
I had been saving up the \$150, and then three weeks ago, I started having pains

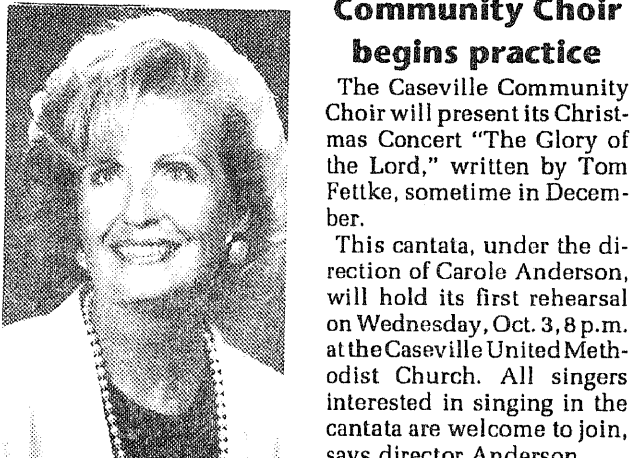

## Covenant Women plan Oct. 13 meet

The 10th annual Covenant Women Interdenominational Retreat is coming Saturday, Oct. 13, at the Laker High School Auditorium.  
The all-day retreat will feature the ministry of speakers Carol Kent and Judith King and the music of Lynelle Pierce. An evening concert at 7 p.m. is open to the public.

CAROL HUNT

Carol Kent is a teacher, author, and well-known speaker. She and her family live in Port Huron.  
She is the founder and director of "Speak Up With Confidence" seminars and has authored a book by the same title. Her most recent book "Secret Passions of the Christian Woman" will be the focus of her sessions at this year's retreat.  
Judith King is a clinical Social Worker who is presently working as a professional counselor in her private practice and at Pine Rest Christian Hospital. She and her physician husband, Stephen, are just returning from three weeks in Siberia, where they presented papers to a medical convention in Russia.  
King's topic will be "Anger is a Real Emotion." Her sessions are designed to show how to define, deal with and

### Caseville Community Choir begins practice

The Caseville Community Choir will present its Christmas Concert "The Glory of the Lord," written by Tom Fetke, sometime in December.  
This cantata, under the direction of Carole Anderson, will hold its first rehearsal on Wednesday, Oct. 3, 8 p.m. at the Caseville United Methodist Church. All singers interested in singing in the cantata are welcome to join, says director Anderson.

## United Methodists set Hymn Festival

The Port Huron District of the United Methodist Church will present a Hymn Festival on Sunday, Oct. 14 at 4 p.m. in the Brown City High School gymnasium.  
The public is invited to attend, with no admission charge. A free-will offering will be received.  
The Hymn Festival is celebrating the new United Methodist Hymnal, published in 1989.  
The Festival will be conducted by Rev. Roger Deschner, director of the Seminary Singers and the Sacred Music Program at Perkins School of Theology at Southern Methodist University in Dallas, Tex. The Rev. Deschner served as secretary of the Hymnal Revision Committee that prepared the new United Methodist Hymnal for the General Conference of the United Methodist Church.  
The Festival sermon will be preached by Bishop Judith Craig, resident bishop of the Michigan Episcopal Area of the United Methodist Church.  
In addition to leading the congregation of 1200 in singing many hymns and songs from the new hymnal, Rev. Deschner will conduct a 200-voice choir of singers from the 103 churches of the Port Huron District. Instrumental music will be provided

by Mrs. Averille Shoultz, organist from Brown City; Kevin Marsee, pianist from Oxford; a brass ensemble under the direction of Lewis Wilson of Oxford and combined handbell choirs under the direction of Pat Hart of Utica.  
On the planning committee for the Hymn Festival is Wanda Eichler of Pigeon, who is working with seven other individuals in planning the event.  
The Hymn Festival concludes the Port Huron District Hymnal Rally Weekend, which includes workshops conducted by Rev. Deschner at First United Methodist Church in Brown City on

## High horse a burden to be avoided

Would you believe your request is the one-thousandth letter I've received this year for a faulty transmission? Lucky you—YOU'RE THE WINNER OF \$300! Congratulations and stay on your ulcer medication this time until your doctor advises you differently.  
—\$\$\$\$\$\$\$\$\$\$—  
**DEAR MR. ROSS:**  
Last year I wrote you for any amount of money you could send me. I was poor and trying to save for college. I explained that I was an A student, that my mother stole whatever I saved and that my father was a drunk. I wasn't totally truthful. My mother doesn't steal, and my father isn't an alcoholic.  
**DEAR MR. S.:**  
Your sense of independence comes through loud and clear. I'm sure it was difficult to write me for help. I don't want to LOAN you \$300—I want to GIVE it to you. But how can I do that and still preserve your dignity?  
I'd like to offer you my sincerest thanks.  
I am now 17 and have since learned that honesty works wonders. By truthfully reporting my family's financial poverty, I received a full scholarship to one of the country's top 10 (and most expensive) universities! I don't know how you do it, Mr. Ross, but you always seem to do the greatest good.  
Please tell your readers that the best ends are achieved by honest means.—L.R., Fort Lauderdale, Fla.  
**DEAR L.R.:**  
You're not the only one who has jazzed up your letter with "dramatic" effect to add emphasis to their request. However, you're one of the few who has taken the time to write back and admit it. Honestly really does pay, because I'm now sending you a modest check. I might suggest you turn it over to your parents, who could probably use it.

The meeting saw planning for the new club year, which will include making cheese balls for community project benefits. Watermelons were furnished during the summer for a community picnic in village park. Auction items brought by hostesses were purchased by Mrs. Fahrner and the door prize was won by Mrs. Retford.

Mystery night will be marked at the October meeting with Barbara McCallum and Mrs. Retford in charge.

### PRESCHOOL STORY HOUR

The Tuesday Preschool Story Hour on Oct. 2 will be "A Book of Poems" by Cindy Szekeles.

Exercises, fingerplays, flannelgraphs, a song and a game will be part of the activities for the children. "Show and Tell" will highlight the Story Hour. The children are asked to bring only one item each to show.

Children from age three to five are invited to attend either the 9 or 10:30 a.m. sessions. A registration fee is required, per family per year.

### COFFEE HOUR

Pam Walsh, who spoke on "Recycling," was the special guest speaker for the Tuesday, Sept. 18 Library Coffee Hour.

Mrs. Walsh, who is active in the Huron County Recycling Coalition, talked about what Huron County residents can do to help the recycling effort. "Reduce, reuse, recycle, compost and buy recyclable products," was her message.

Eighteen adults attended the two sessions. For more

information about recycling in Huron County, call 269-2471.

### SHOWCASE DISPLAY

A collection of whittled items is on display in the community room of the library, made by Fred Rogers of Pigeon.

Rogers started to whittle at age 12. As a retired farmer, it is now his hobby. On display, visitors will see a tractor that took 200 hours to whittle, a plow, log sled, wagon, lumbering tools and "the Duke" (a car). These items required no blueprints, just pictures, sight and memory.

### NATIONAL PIZZA MONTH

National Pizza Month, Oct. 1-31, is to promote the good fun and nutrition of pizza. "America's number one fun food." For a long time, people in America did not know about pizza. A man named Gennaro Lombardini changed all that.

Lombardini came from Naples, Italy to live in New York City. When he lived in Naples, he liked to eat pizza.
