21 days to 21st Farmers' Festival

By AMY HEIDEN

There's only 21 days—that's three short weeks—left until Pigeon's busiest days come around.

Those busy days comprise the 1994 edition of the Pigeon Farmers' Festival, set this year for July 26-31.

The trio of Linda Clabuesch, Judy Niebel and Linda Walsh—plus a number of festival committees—are back this year with a full slate of activities, with something on the schedule sure to please everyone.

This 21st year's theme is "Downhome Fun in the Country," which is exactly what festival-goers will find in the farming community of Pigeon.

Some of the new events include the Kids' K-9 Extravaganza, with six classes for kids under age 15 and their canine friends.

There's also the Tie and Scarf Auction, featuring numerous items donated by celebrities worldwide.

Pigeon's new senior facility, Country Bay Village, will get into the Festival act, as it opens for tours on Wednesday, July 27 at 10 a.m., Thursday at 2 p.m. and Friday at 10 a.m.

day at 2 p.m. and Friday at 10 a.m.

"A Gathering of Quilts" takes place at Winsor Gallery, featuring beautiful hand-made quilts made by local women.

This year, duffers who like miniature golf will find more time to play on the Recreation Park course, because the golf schedule has been expanded to two days, Friday and Saturday.

Capitalizing on the burgeoning popularity of in-line

"DOLLS, BEARS AND CRITTERS" will be on display and on sale on Friday, July 29 during the 21st annual Farmers' Festival in Pigeon. Finely-crafted porcelain dolls and custom-dressed bears will be displayed along with John Deere tractors on Friday, July 29 from 10 a.m. to 6 p.m. at the Pigeon Elementary School gym, according to organizer Donna Orr, shown above on right.

"The display and sale will feature bears dressed as Victorian ladies, wizards and fair maidens; clowns, chefs and musicians," she says. Helping show their lovable wares are, from left, Sherry Harrington and Donna Ziel

skating, festival organizers have planned a Rollerblade tournament on Wednesday and Thursday.

The popular farm tours have been changed slightly, so that festival-goers will visit two or three farms in one tour.

The Festival Craft Show has been expanded this year, to include three full days of Downtown crafters along the sidewalks and in the municipal parking lot.

Crafters are coming from all over the state, to sell their wares from 9 to 5:30 on Thursday, Friday and Saturday of the Festival, say organizers Amy Guster and Donna Jacobs.

Sebewaing Cubs plan July 9 paper drive

The Cub Scouts of Pack #3584 will be having a Paper Drive in Sebewaing on Saturday, July 9.

Please have your newspapers in bags or bundles on your doorstep, we will pick them up between 9 a.m. and 12 noon, they ask.

Please call Judy Gregory at 883-2376 or Sue Kain at 656-7290 with any questions.

Last year's premier of the Doll, Bear & Critter Show is also making a return Friday, July 29 from 10 to 6 at Pigeon Elementary School. It's organized by Donna Orr.

Also new on the agenda are country line dancing lessons by instructor Sherry Leiprandt at the municipal parking lot.

All those new events are in addition to the tried and true favorites, such as the men's and women's golf tournament, the sidewalk sales throughout town, the quilt show and used book sale at the Pigeon District Library, the pony rides and moonwalk and kiddy arcade and the pedal tractor pull.

There's plenty of musical entertainment, too, at the Pigeon Band Shell, with a gospel concert, the family stage show featuring "The Fabulous Fakes" following the crowning of the Farmers' Festival Queen on Friday, plus "Infinity" on Saturday night.

Schedules are available at stores all over the Thumb, or for more information, contact Linda Clabuesch at 453-2330, Judy Niebel at 453-4321, Linda Walsh at 453-2345 or Chamber President Pam Sturm at 453-3113.

Watch for more details about the Farmers' Festival in future Newsweek issues, too.

USA School vote is Aug. 15

USA School District voters will go to the polls again Monday, Aug. 15 to decide on a request for enhancement millage. The district is again requesting passage of two additional mills for three years, to head off a projected budget shortage of up to \$150,000. A similar request was defeated 379 to 344 during the annual school elections June 6.

According to new regulations under State Proposal A, school districts can levy a maximum of three additional enhancement mills for up to a maximum of three years with voter approval. If approved, the millage would generate about \$226,760 the first year, and cost a property owner of a \$60,000 home \$60 a year.

MICHIGAN "by the numbers"

TIMES HAVE CHANGED: Michigan's original Constitution of 1835 banned state lotteries, even though they were common elsewhere at that time. It also limited the compensation of legislators to \$3 a day, a provision which wasn't abolished until 1948, according to the book "Michigan: A History of the Wolverine State."

Paul's Service/Unionville bowlers are best in state!

Five women have put the town of Unionville on Michigan's map—and they did it by winning the Michigan State Women's Bowling Tournament last week at Bay City.

The Paul's Service and Market Team became the top handicap team champions of the state by turning in the top performances of their bowling lives.

Connie Sy, Shelly Sakon, Diane Goslin, Carole Kata and Leisha Sting turned in a 3,639 series, including a 1,175 pin handicap... and all five bowlers got their average. They posted a score 16 pins better than the runner-up team.

The team posted their top scores back in March at Monitor Lanes in Bay City, but they do most of their bowling at American Legion Bowling Lanes in Unionville. They started out with a 721 game, over their average, then bowled an 814. Next game saw them get a score of 929—'way, 'way above their average, considering most carry averages in the 140s.

The title of state champions is worth about \$4,000 to the ladies, who plan a big celebration on July 24, just after the state bowling awards are handed out in Bay City. They plan a barbeque and picnic at the ball field to celebrate their new-found bowling "frame fame..."

New USA starting times

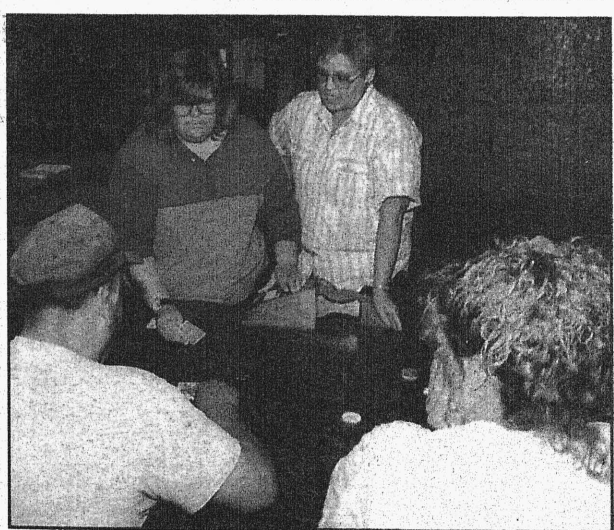

It will be early to bed and early to rise this fall when school resumes in the USA School District following the approval of time changes for starting and ending the school day.

Board of Education members approved starting classes 20 minutes earlier and ending the school day 10 minutes earlier during the 1994-95 school year. Classes will begin at 8:10 a.m. and end at 3 p.m.—compared with former start times of 8:30 a.m. and 3:10 p.m.

The change is necessary for high school students who attend the Tuscola Area Skill Center, to implement a breakfast program now mandated by the state and for the proposed earlier starting times for sports practices and events.

In March, the Tuscola Intermediate School District ap-

Inside: LOTS OF SUMMER EVENTS, FUN ACTIVITIES!

Coverage promised, as Ambulance workers take sick leaves

By WALT RUMMEL
"Don't panic! Don't worry!" is the gist of a message from Sebewaing Township Board as eight members of the Township Ambulance Service notified them Wednesday that they are taking a 30-day leave.

In advertisements in this edition of The Newsweekly, the Township Board is assuring residents that qualified, experienced personnel are on duty and the leave-action will "in no way affect the excellent service you have come to expect from our ambulance service."

Township Clerk Sheila Fiebig said that two new qualified members are now in action, and that four first-responders from Sebewaing Fire Department have also made themselves available.

Another first responder, Jesse Aguilera, has been made available by his employer to respond at any hour.

"Besides," Fiebig added, "neighboring ambulance services have offered us their support anytime should the need arise."

Presiding at the meeting that ran from 7:30 to 10:55 p.m. was Sebewaing Township Supervisor Willet Oeschger.

Eight members of the ambulance service brought a letter to the Wednesday evening meeting, complaining the Board has not reacted to their demand for removal of the

Ambulance Service captain. So, their letter continued, since the Board "has chosen not to honor our request, we feel a period of 30 days is required for us to put our feelings of hurt and betrayal behind us." They said a "time of healing is necessary."

The 30 days' leave began at 6 a.m. Thursday, June 30 and will end at 6 a.m. Saturday, July 30.

Oeschger and Fiebig said the Board has been advised by the Michigan Townships Association that under new state guidelines, it is the Township Board's responsibility to appoint a captain and other officers, rather than to elect them by ambulance and fire department personnel as has been the pattern in the past.

The Board had previously re-appointed Kathy Manary and the officials said they had heard no good reasons to make a change.

At Wednesday's meeting, Linda Luther was named by the Board as assistant captain and Jesse Aguilera is the secretary.

Oeschger and Fiebig said letters from the eight members were received at the June 6 meeting, but the Township Board could see no reason for

making a change in the leadership.

"We have our rules from the State of Michigan, and one of them is to appoint officers for the Fire Department and Ambulance Service. We did this, based on what we have found," they said.

"We cannot give our mandated control over to others, because this is our sworn duty," Oeschger pointed out.

Fiebig added that a new protocol of service is being worked on, following instructions

Saturday Fish Boil in Caseville

The fourth annual Caseville Methodist Church's fund raising dinner will be a "Fish Boil," served from 11 a.m.-3 p.m. this Saturday, July 9. It will be a traditional "Wisconsin Style" meal, with Whitefish, onions, rutabagas and carrots with lemon butter.

The dinner will be served on the church parking lot, next to "the most photographed church in Michigan" on M-25.

A bake sale and rummage sale will be held in conjunction with the dinner.

Sting Reunion coming July 17

The 69th annual Sting reunion will be Sunday, July 17 at the home of Gene and Pearl Parsell, 2917 Thomas Road, Fairgrove.

That is two miles north of town on M-138. The day will begin with a noon potluck, followed with reading of the minutes, and election of officers. A white elephant auction, children and adult games are planned, along with a 50/50 raffle.

There are a few copies of the family tree available, and family members would appreciate any information that would update the tree.

For details, contact Pearl Parsell at the above address.

Board Member Robert Kuhl are representing the Township Board and Captain Manary and Melvin Kuhl represent the ambulance service.

Now THAT's quite an anchor!

By AMY HEIDEN

Talk to just about any Bay Port resident over age 60 and you're likely to be regaled for hours with tall fishing tales.

After all, the tiny community on the shores of Saginaw Bay boasts a long, proud history related to fish and fishing boats.

But those elder statesmen of lake lore are stumped by the mystery that Bay Porter's Mike Shivley's anchor poses: What boat did it come from? How long has it been in the lake?

How did it come to rest in four feet of water near North Island?

Shivley found the half-ton anchor two weeks ago while searching for scrap steel along the north side of the island.

Only the shaft of the anchor was visible, with the flukes weighed down with a large boulder.

When he returned to shore, he told several friends about it, but apparently they believed it was simply an old iron post—a version of the big-fish-that-got-away story.

Later, Shivley and a couple of friends went back out to the island on a 16-ft. old steel tug they had scavenged and repaired, and, with 150 ft. of tow chains and a block-and-tackle, they pulled the huge

anchor free of its bed in the water. **Once back** on land, the speculation began about Shivley's find. Long-time Bay Port resident Henry Engelhard, who's kind

of a walking encyclopedia of local fishing history, came by to see the anchor and jokingly suggested that it was lost from Noah's Ark.

He also surmised that it could have been one of a pair of anchors used for barges.

"A professional diver estimated that it came off a boat at least 200 ft. long," Shivley says.

"Everybody's got their own theories. There's got to be somebody out there who's old enough to remember hearing about it."

There are no identifying marks on the solid steel cast anchor and no weld marks,

which leads its examiners to guess that it was made in the 1800s.

Shivley, a self-employed auto mechanic, grew up within shouting distance of Saginaw Bay and remembers searching the shoreline after storms looking for treasures washed up by high winds and waves.

The anchor, though, is his biggest find ever, but it also poses the biggest mystery.

"I'd just like to know where it came from and how old it is," he says. "Lots of different people have come by to look at it, but no one knows anything about it."

Want 2 free Lorrie Morgan tickets?

Nine lucky folks from the Western Thumb will win free tickets to this Sunday night's Lorrie Morgan boot-stampin' concert at Pine Knob Music Theater near Clarkston — just for reading The Newsweekly.

We're giving away the tickets for the 7:30 p.m. concert — which features special guests Collin Raye and Neal McCoy — as a special "thank you" to Newsweekly readers.

We're giving away five tickets at our Sebewaing Office and four at our Pigeon Office. Here's what you must do to be eligible to win:

Come into The Newsweekly's Office AFTER 1 p.m. this Wednesday, July 6 — and tell our smiling staff the **PAGE NUMBER** where the Lorrie Morgan July 10 concert advertisement appears, in this issue.

At Sebewaing, we'll give away ONE set of two tickets and ONE set of three tickets. At Pigeon, you can receive one of TWO sets of two tickets.

These will be very popular tickets, we're certain... and our decision for awarding will be final. Enjoy Sunday night under the stars at Pine Knob... watching Lorrie Morgan!

Men sentenced in death

The second man involved in the 1992 beating death of 88-year-old Helen Schaefer of Kinde in April 1992 has been sentenced to prison in Huron County Circuit Court.

Floyd E. Elliott, 20 of Kinde, was sentenced by Huron Circuit Judge M. Richard Knoblock to 20 to 40 years for second degree murder, and to six to 15 years each for two charges of breaking and entering an occupied dwelling.

The other man involved in the case, Leroy D. Boyer, 21 of Kinde, pled guilty in March to second-degree murder as part of a plea bargain to have the two breaking and entering charges dismissed. Boyer was sentenced to 13 to 30 years. Elliott and Boyer were arrested in December 1993 through a citizen's grand jury investigation.

According to police records, Elliott and Boyer broke into Schaefer's home April 26, 1992, severely beat her and stole \$70. Schaefer died July 5 that year, as a result of her injuries.

In other concerns, a very tight budget is in place for next year at USA. The 1994-95 budget estimates revenues of \$4.8 million and expenses of \$4.79 million, leaving a fund balance of \$2,886.

The budget expenses are up about \$200,000 from last year because of new state regulations that school districts have to pay FICA and retirement benefits for staff members. The new budget goes into effect Friday.

TISD to borrow \$2.3 mm

Making a paycheck last from one payday to the next isn't easy, especially when payday only comes once a year.

To help ease cash-flow needs, Tuscola Intermediate School District Board members approved applying to borrow \$1.7 million against special education state aid and \$600,000 against vocational education state aid.

"We borrow now and pay the money back when the bulk of our funds arrive from property tax payments in December," said Supt. John Moore. "This is standard procedure to help with cash flow until money starts coming in."

Board members expect to award the bid at the 7:30 p.m. Monday, July 18 meeting and to receive the funds Aug. 10.

2 townships vote on roads

Two local Tuscola County townships will decide on millage proposals during the Tuesday, Aug. 2 Primary Election.

■ **Columbia Township** officials are requesting approval of a tax renewal of 1.3544 mills for four years, for road construction, repairs, improvements and maintenance.

If approved, the millage would generate about \$37,737 the first year and cost property owners \$1.35 per \$1,000 of State Equalized Valuation, said Township Clerk Janice Vogel.

The original road millage was 1.5 mills, but was rolled back under the Headlee Amendment, which prevents municipalities from collecting increases higher than the rate of inflation.

■ **Wisner Township** officials are requesting approval of two new mills for six years, for road improvements and construction.

If approved, the millage would generate about \$28,606 the first year and cost property owners \$2 per \$1,000 of SEV, according to Township Clerk Larry Beach.

Huron road millage passes

The first Huron County road millage request in recent memory passed by a slim 15-vote margin last week. Voters approved the 2-mill request for five years, for highway improvements by a 2,184 "yes" to 2,169 "no" votes.

The millage will generate about \$1,373 million for county primary roads, and about \$408,000 for village and city streets annually, according to Huron County Road Commission's John Martin.

There are about 336 miles of primary roads in the county, and the money generated from the five-year tax plan would pay for improvements to about 170 miles worth improvements. An estimated 10 miles of primary road work is being done this year, Martin says.

As we see it

THAT would make folks recycle!

Princeton, Ill. residents know a good thing when they see one, and that familiar adage was proven again: money talks.

Princeton started its curbside recycling program several years ago. As with some trash collection efforts, a local sheltered workshop picked up and sorted the items. Everything was fine... except barely 200 of the city's 3,400 households were participating.

What's the government to do?

First, they spoke to service clubs and sent out publicity. That improved results: 300 local homes were then participating.

But what more could the government do?

Finally, they took a clue from the "real world" and offered an incentive program, to encourage recycling. The government started the \$100 A Month Club, which became "Cash For Trash" after the first news story appeared about winning MONEY.

Each month, one address is randomly selected from all the households on the city's utility billing list. When the refuse truck reaches that address, the trash bags are broken open as they're put in the truck. If no curbside recyclables are spotted, that homeowner wins \$100 in cash — plus the winner gets his/her picture in their local newspaper.

If there ARE recyclables in the house's trash, the prize rolls over to the next month, and can grow to a maximum of \$500. Folks are aware of the program... and they're participating more, too!

Today, more than 1,200 of those 3,400 homes ARE recycling, and nearly all are familiar with the program. After all, ANYONE could be chosen for the \$100 prize now. That makes it more appealing to more people.

If there's no winner, the address — but not the name — of the homeowner is published. Those who fail to win can see just how much they had missed.

About 50 Princeton residents called City Hall at first, asking not to be included in the program. Nearly all returned later, and asked to have their names put back on the list. They had seen how the first few winners got favorable news coverage... and money... and they wanted part of the cash!

Peg Carr of Princeton's Street Department sums it all up neatly: "Some people just don't get interested until you hit them in the pocketbook." THOSE are true words, and they could apply here for towns wanting to begin or expand their curbside recycling programs.

And to think, building an 8% involvement rate to 35% is as easy as placing a crisp, green \$100 bill under people's noses. It works in Princeton, Ill., and we'd wager the same would happen here in the Thumb!

Questions about Sugar Fest parade judging

By MYRTLE JACKSON, Sebewaing

I believe I speak for many in our community who were as surprised as I was to hear that the Barrels received first prize in the Sugar Festival Parade in the religious category.

We take pride in helping our community make the parade a top drawing card for the festival by entering a new and different float each year.

But it takes the heart out of the excitement when for the last three years the same entry has won with nothing new added.

I would like to know, as we have not seen or heard it any-

where, what the prize is, who the judges are and what they look for in determining the winners. The prize is not really important, but how they choose the winner is.

If we ALL entered the same thing each year, what would happen to the parade? I'm sure it would no longer attract as many people from surrounding areas, or keep the enthusiasm of our own community. It would be the same old parade!

We have a great festival, one we are proud of, but we would like some answers before the next Sugar Festival Parade comes around.

Don't criticize policeman for doing his job

By BONNIE FRITZ, Caseville

I would like to answer the letter in your paper from Mrs. Jewell Drake of Pilon.

It was a terrible shame what happened to Annette VanEten on the motorcycle. When there is an accident of any kind, you always worry about who is going to take care of the children when a loved one is killed.

Chief Officer Lonnie Hedley was only doing his job in trying to stop a man who was going over 100 mph, which you did not put in your letter.

How would you like being on the same road as this crazy driver and maybe being killed by him? Ask yourself, Mrs. Drake, why was he going so

fast? What was he hiding, and why was he trying to outrun an officer?

When an officer of the law has his lights flashing and siren going and he is behind you, he's asking you to stop. He isn't always going to give you a ticket. Did you know sometimes they stop you because they have to get hold of you because of an emergency in the family?

I have never gotten stopped by Chief Hedley but if I do, I'm sure I would have done something wrong, or if it was an emergency with my family. I would not be bad-mouthed him all over the county.

He is a very good man and I know he felt sorry this woman died.

Caseville parent applauds Caseville School

By VIRGINIA BAKER, Caseville

I would like to take offense at statements made in one paragraph insinuating "bigger is better" in a letter pertaining to the Caseville release of students in The Newsweekly dated June 28.

First, I want to state that Caseville School has been doing all right since the high school was established here, and Caseville decided to keep its own high school!

Not only did my children and their friends and majority of graduates go on to college and other good educational institutions (many on the Dean's List at times) and graduated into well-respected professions and occupations:

surgeons, medical technicians, lawyers, dentists, principals, teachers, special education, engineers and plant owners, FBI, secretaries, parks and recreation directors in Gold Medal Parks, jour-

nalism, entrepreneurs, TV producers, supervisors of cost accounting for major firms and so many more. There are many skilled in computer science, math and other sciences from elementary through high school.

There is a variety of talents among them, including art, music and drama. Socially, I do not know of many students lacking in self-confidence and travel experience. As a whole, our children seem to be good citizens, courteous and very willing to work!

A small school has much support from parents, teachers, counselors - in fact, is a great part of the spirit of the town!

To you who are saying "bigger is better," please don't try to fool the public with this type of ignorance.

Let's give credit where credit is due!

EDITED BY MARK RUMMEL, News Manager

Our mid-summer July 4th Holiday is behind us, although lots of vacations, barbecues, swimming, fishing and travel adventures are ahead for most folks. Hope your "long weekend" was a good one.

More and more folks are faxing their "Phone Forums" to us. That's fine — 883-9211 or 453-3877 are our numbers. We don't care how you send 'em, just keep sending 'em! Here's what's on the minds of your neighbors and friends:

J. of Elkton: I'm glad the road millage passed, even though it was close. We will only pay more in the future. Now, maybe they can repair these north of town before they completely fall apart.

L. from Caseville: The spokesmen and parents of the unleased Caseville students should start telling the truth. If sports has nothing to do with the reason why their children are going to Lakers, why do some of their children go to Caseville School? The ones who aren't athletes go to Casville and the athletic children go to Lakers. They should start stating the facts.

S. of Sebewaing: We really like the Phone Forum. Also, my family and I really enjoyed the beautiful fireworks at this year's Sugar Festival. It's always a highlight and was especially nice this year!

M.J. of Sand Point: Anyone who didn't attend the Pigeon Band Shell concert with Jonathan Stars Thursday night really missed a wonderful show. For a \$2 admission fee, we got first-class entertainment. And we don't have to drive to the city to see it.

D.M. of Unionville: Remember the USA Athletic Foundation's Las Vegas Party and Millionaire Raffle this Sunday, from 1 to 6 p.m. All proceeds go to completion of the USA School Athletic Complex. It's at Gateway Sportsmen's Club.

B.J. from Sebewaing: The fireworks at the Sugar Festival were beautiful. Thanks to the committee who put together this highlight of the Sugar Festival. We certainly enjoyed it.

J. of Bay Port: Why are some of the fines so different in the court news, even though the charge is the same. Does the court play favorites with certain people? (No, different fines or jail terms for what appears to be the same offense may result because the original charges involved might have been different. For instance, a second- or third-time offense, if pled down to one lesser charge, might result in a bigger fine than a first-time offense.)

District Court records are computerized to keep track of multiple offenses, plus more and more of the fines/jail terms are being ordered and standardized by the state.)

T. of Pigeon: The Bay City paper says we'll have two CBS stations, now that Channel 5 is switching from NBC. How will I get to watch my Today Show every day? What are we supposed to do about all our NBC programs?

(Just wait until the dust clears. TV-25 won't be keeping the CBS network for long in addition to TV-5, since the networks pay the stations for carrying the shows. Since they will stop paying TV-25, watch for them to become your local NBC station. I'd bet...)

R.R. of Akron: I agree about toilet paper. It is wasteful and looks terrible in the neighborhood. A house down the road was papered a few years ago and they were not home. It looked that way for two weeks. People should respect other people's property more than they do.

Fan in the Stand of Sebewaing: To whomever is in charge of the umpires for Pigtail and Little Girls' Slowpitch: Please teach them all the rules of softball.

E. of Pigeon: Thank you for putting the businesses back into the regular pages in the Huron County Directory. It was too confusing when the stores were in their own section. (We'll pass along your gratitude to Michigan Directory Company, which produces the Huron County Directory...)

R. of Local Town: Sign me this way, because I don't want to add prejudice to this topic. About this Caseville School situation, I think the reasonable thing would be for Caseville to face reality and allow those students to stay transferred, but not allow new ones to do so. All that happens now is hard feelings, plus these parents are paying sales tax and school tax and getting nothing for it. Thank you.

Yarns From The Thumb

by Walt Rummel

It's back to work, because the Fourth of July is past and we're heading for mid-summer! It's TUESDAY, JULY 5, Day No. 186 so only 179 days remain in 1994... At 3 p.m. today Planet Earth will reach aphelion, that point in its orbit when it is farthest from the sun (about 94.15 million miles).

So you may wonder why our weather is hot when we're FARTHEST from the sun. The answer is that it's the angle at which we're turned toward the sun, NOT the distance. The average distance from the sun in Earth's orbit comes in April and October, and we were nearest on Jan. 2, when we were 91.4 million miles away. The closest distance is called the perihelion...

Today, WEDNESDAY, JULY 6, is the 75th anniversary of the first airship crossing the Atlantic. It was a British dirigible which landed at New York's Roosevelt Field on JULY 6, 1919... Prior to 1933, major league baseball All-Star games were usually played before or after the regular seasons, with a few stars showing up and locals or pickups filling the rest of the positions. The first midsummer All-Star game was played at Comiskey Park, Chicago, on JULY 6, 1933. Babe Ruth hit a homer for the American League, which won 4-2 over the Nationals... Wojciech Jaruzelski, Polish army officer and briefly President of Poland, is 71...

Mary Surratt became the first woman executed for a crime in the U.S. on JULY 7, 1865, when she was hanged for conspiracy in the assassination of President Lincoln. Her execution has long been a source of controversy, since she was not charged with playing a role in the planning or shooting, but because she owned and operated the boarding house where John Wilkes Booth planned his crime... Fashion designer Pierre Cardin is 72 today, composer/trumpeter Doc Severinsen is 67 and ex-Beatle and actor Ringo Starr is 54...

The "granddaddy" of all Montana rodeos features a wild horse race, three rodeos, three parades plus Native American culture, at Wolf Point, MT, for the Wild Horse Stampede JULY 8-10... About 7,000 are expected to attend the Vermont Quilt Festival at Northfield this weekend where more than 250 quilts will be on display, "creating a panorama of color and design," and more than 60 workshops for beginners to pros will be offered. There will also be the "Dollmaker's Magic" at the same time... Former Michigan Gov. George Romney is 87 today, singer Steve Lawrence is 59 and TV executive Roone Arledge is 63...

Sebewaing Walleye Tournament is operating this SATURDAY, JULY 9, to "tell the world about the excellent Walleye fishing in Saginaw Bay" and Sebewaing's title as "Michigan Walleye Capital." In case of postponement, Sunday, JULY 10 is the rain date... An Ugly Truck Contest takes place at Pelican Rapids, MN, today where "the worse and more beat-up a truck is, the better." The only requirement is that the truck must travel under its own power... O.J. Simpson (you've heard of him, of course) is 47 today, actor Tom Hanks is 38 and actor Brian Dennehy is 56...

Three years ago today, on JULY 10, 1991, Boris Yeltsin was inaugurated president of Russia, the first popularly-elected leader in the 1,000-year history of the Republic of Russia... Arthur Ashe, one of the first black tennis stars, was born JULY 10, 1943. He won 33 career titles and was inducted into the International Tennis Hall of Fame in 1985. After a massive heart attack, followed by quadruple bypass surgery, he contracted the HIV virus and AIDS through tainted blood during a transfusion. He died in New York City on Feb. 8, 1993, of pneumonia...

It's MONDAY, JULY 11, "the 2000th day before the Year 2000." Think about it, if you take a moment each day to do something you ordinarily wouldn't (or couldn't), then, when the clock strikes Midnight on Dec. 31, 1999, you can say "Yep, I accomplished 2,000 things before 2000." For details, contact Adrienne Koopersmith in Chicago, phone 312-743-5341... John Quincy Adams, sixth U.S. President and son of the second President, was born JULY 11, 1767. After a single term as President, he served 17 years as U.S. Congressman from Plymouth, MA. He died Feb. 23, 1848, in the same room in the House Building where he had taken the presidential oath on March 4, 1825. JQA was the only President whose father had also been President...

Those of you who lived through World War II no doubt remember the War Ration Books, necessary for buying meat, sugar, dairy products, canned foods and shoes, with various tokens, red, blue and others. So, it was with a degree of joy that I discovered War Ration Book One, properly filled out and identified, with three stamps remaining inside among two heaped-full boxes of dress and clothing patterns I purchased at a recent auction.

A penned-in entry on the book was for 13 pounds of canning (presumably sugar), on Aug. 26, 1943. The book was issued to William Frederick Schulz and his wife, Martha, of RFD 3, Sebewaing. Mr. Schulz was described as 5'10", 165 pounds, male, with gray eyes and gray hair, age 54. The booklet was issued by Lenda Halstead of Local Board 32, Huron County.

Any of the Schulz relatives who'd like to have the Ration Booklet are invited to stop in our Sebewaing Office or drop us a line. The first one requesting it will be presented with this little piece of U.S. History...

Lake Township resident questions assessor's role

By PAUL C. MILLER, Port Austin

A message to the property owner taxpayers of Lake Township, Huron County:

Please be advised because of a complaint and subsequent investigation by the Department of Treasury, State of Michigan, the State Tax Commission of Sept. 24, 1993 issued a recommendation to the Supervisor/Assessor of the Lake Township board to initiate a complete reappraisal of all assessable property in the Township of Lake.

Consequently, after reviewing these seven-page ultimatum from the Tax Commission, the Lake Township Board approval or knowledge submitted a plan of action Oct. 10, 1993 to the State Tax Commission to remedy the lack of equity in assessments on the individual Property Data

Cards that were not properly maintained or updated by the Supervisor/Assessor over a period of 14 years.

Finally, it should be noted by all Lake Township Board Meeting a motion was approved to contract with the Landmark Appraisal Company of Flint to initiate immediately the complete reappraisal of all Lake Township properties at a cost of \$40,300.

The greater portion of the cost for the reappraisal will be paid for from funds transferred from the Lake Township Road Maintenance Fund. The balance remaining in the Township Road Fund for fiscal year 1994-95 will be reduced to \$2,500.

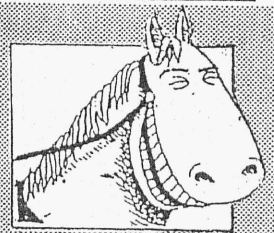

It would be expected that a large turnout of Lake Township taxpayers would be present at the July 11, Regu-

lar Township Meeting to question the Township Board as to why they allowed their employe (Township Asses-

sor) to receive payment while not properly and timely maintaining the Property Tax Data Cards for a period of 14 years.

Horsin' Around

Sports heroes

In every sport there are a few. You have your bad sports who are picky and argumentative, bad sports who cheat and play rough, bad sports who show no respect for officials, or who carelessly endanger others just to score a goal.

And you have them in horse-sports too. Poor sports who use drugs to get good performances from their horses, poor sports who use patch-and-go tricks to get one more race out of an injured animal, poor sports who buy their way to blue ribbons, and poor sports like the one I saw the other night... the worst "poor sport" of all.

Every summer we attend the Motor City Horse Show Grand Prix held at the Bloomfield Open Hunt Club. It's quite a festive "soiree" which I especially enjoy because we don't often get to see such high caliber horses and riders so close to home. But this year there was an unfortunate little keffuffel toward the end of the show. A gal who is a member of our United States Olympic Equestrian Team who is considered one of this nation's top riders (in fact, the announcer introduced her to us as "America's Premier Rider") was galloping like the hounds of hell were on her heels as she competed in the final phase. (This is the part of the competition where speed separates the champions from the also-rans.)

Well, she was doing a bang up job... and by the clock on the wall it appeared she was going to have first place nailed. But as she and her magnificent snowy-white stallion barreled toward the last huge oxer, she spurred him a bit too hard... and he jumped prematurely and crashed into the whole works!

Now, the obstacles are light and flexible, and are designed to break and fall apart easily to avoid injury and entanglement... but the rider was still flung headlong off her horse. She fell to the ground, and her horse went skidding on his knees a few feet to her left.

The crowd gasped! But in an instant both were back up. The grounds crew was running out to the field... and that's when I witnessed this inexcusable act of poor sportsmanship! "America's Premier Rider" rose from the ground, dusted herself off and walked briskly and forthrightly — right out of the stadium!

She did not inspect her horse for injury... she did not grab his bridle so that he would not endanger any grounds crew or spectators... she did not even turn around to see whether the animal was dead or alive! With this one flagrant act of selfish disregard she shattered the illusions of hundreds of young, aspiring female fans who had come to see and admire her... and one not so young!

But that wasn't the end of it. When one of the young men from the grounds crew caught up with her to ask if she was all right, she brushed him off and kept walking. When he pursued her and asked if she wanted help re-mounting her horse (standard procedure for any rider not seriously injured) she kept walking, and looking straight ahead, muttered "I don't even want to see that 'blankity-blanking' horse."

Now, these little accidents are common at these kinds of horse shows. These are tough competitions MEANT to glean the best from the mediocre.

Other riders fell that night... but none of them displayed such bad taste nor revealed such total lack of sportsmanship as did America's Premier Rider. I'm SORRY — you just never turn your back on your horse unless you're going out on a stretcher!

Sports heroes... they just ain't what they used to be!

Kitchens are pleased with Caseville Vision Clinic's response

By AMY HEIDEN

Many people recognize a need in a community, but do nothing about it.

Not so with brothers Albert, Jr. and Jason Kitchen — who "saw" a need for eye care in Caseville and went about opening their own office.

The Caseville Vision Clinic opened in February and since then, the Kitchens say their

welcome has been a warm one.

Jason, a business major at Grand Valley State University, and Albert, Jr., the resident optician, work with their dad Albert, Sr., who examines patients for eye care.

The Kitchen family originally hailed from Marlette, but have called Caseville home for the past five years.

Albert, Sr. previously worked as an optician for more than 15 years. He helped his sons determine that there was a need for optical services in the area.

"There are a lot more people in Caseville than people realize," Albert, Sr. says. "We sat down and talked about it and when this building became available, we jumped at the chance."

The clinic offers complete optical service, including exams, contact lenses, frame repairs, new frames and lenses and safety glasses. Most insurances are accepted for services and overnight service is available.

Caseville Vision Clinic is open from 9 a.m. to 5 p.m. Monday, Tuesday and Friday, and on Wednesday from 9 a.m. to 9 p.m. Their phone number is 856-7633.

A proverbial 'window of opportunity'

DEAR MR. ROSS:

A few months ago I wrote and asked if you could help me get a window for my house. It got knocked out when the weather was down to minus 22-degrees. I thought, "Mr. Ross will help." Then I thought, "God, \$300 is a lot of money to ask for."

But, I can't come up with that big amount on my own all at one time, because of my small Social Security check.

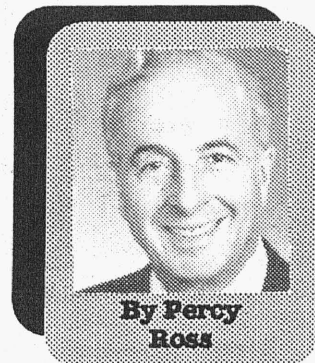

Then I read your column where you helped that man buy a truck who had been in prison. That's why it was so hard for me to ask.

You see, I lost my husband two months ago after 33 years, and most of them he spent in prison. I was always able to work and make a living for my four boys.

After smoking for 35 years, I have asthma and emphysema and have not been able to work since '89.

First you get sick, then you quit smoking, and then your husband dies of a massive heart attack. But don't worry. Somehow I will get the window on my own. — Mrs. K. H., Meridian, MS

DEAR MRS. H.: I never cared for the phrase "Life is unfair" because for some, it's so true. However,

By Percy Ross

it's said for every door that's shut, a window of opportunity is opened.

So, while that window of yours is still open, allow me to replace it with my forthcoming \$300 check.

You can now refer to me as "Your pane in the grasp - of a new dawn."

\$\$\$\$\$

DEAR MR. ROSS:

Over the last 18 months I've lost 30 lbs. jogging. Although I don't have much money, I learned quickly how important it is to have a good pair of running shoes.

I started with an old pair and developed blisters and back pain. I finally bought a new pair and they lasted over a year until they fell apart.

I sold an old coffee table and surfboard and was able to buy

my second new pair. Now the story begins.

I finished running about five miles and sat down on a park bench to cool off. An older man sat next to me and we began to chat. He turned out to be a homeless vet down on his luck.

At no time did he ask me for a handout, but he did tell me he walks almost 10 hours a day. I noticed both his shoes were torn and barely held together. Then he crossed his legs and I could see blood on his socks through the torn shoes.

Without a moment's hesitation, I took off my new shoes and gave them to my new acquaintance. He seemed deeply grateful.

The shoes fit great and I felt so good as I watched him walk off. However, within a week my car broke down, my rent went up, I lost my wallet and was laid off from work.

The real clincher is two weeks later I was running in my old torn-up shoes, when who do I see, but my old friend the walker!

The devastating thing was, he had his old torn shoes on, too! I stopped to talk to him and he acted as though he didn't remember me. Then he said he sold his new shoes for laundry money.

I was so depressed. I've not run for a couple weeks now and I feel gross. I started a new job, but will be catching up on past due bills for a while.

All I can say is, I gave while I lived and I know where it went, and I'm sure it wasn't for laundry!

dry! — Mr. A. P., Hermosa Beach, CA

Dear Mr. P.:

I'll bet after you gave that homeless man your shoes, you had this fantasy of him walking the streets with good

arch support and being blister-free.

He had a different vision than yours though — probably a little food and a bit of drink.

However, that shouldn't negate the good feeling you had when you helped him.

So that you'll always remember this as a positive experience, please accept my \$200 to purchase several pair of new running shoes.

After all, what goes around, comes around!

Red Cross blood drives in Thumb are...

"Now, more than ever, the American Red Cross needs your help," is the plea of Teri Benner of the American Red Cross, Wolverine Region, Flint, which includes the Thumb.

"Blood collections are extremely low, and if donations are not increased, blood may not be available to those who need it desperately," Benner says.

Lives will be jeopardized, so please help, she asks.

TLM 'Singspiration' Wednesday; 'New Perspective' coming next

Top-of-the-Thumb Leisure Ministries Vespers will feature a Singspiration on Wednesday, July 6 at 8 p.m. in the Caseville United Methodist Church. Those attending may request their favorite hymns and choruses and everyone will join in the singing.

Song leaders Dale and Floris Wertz of Bay Port enjoy music and will share some special numbers.

Wertz's sister, Nova Jean Miller, is TLM treasurer and will be the board representative.

Sebawaing's Trinity United Methodist Church and Bay Port RLDS Church will host the social time.

"New Perspective," an interdenominational group from the Caro Area, will present the Wednesday, July 13 Vespers program.

The music ministry team is led by Janelle Titus and consists of Lori Brown, Melissa Toner, Sherree Walker, Kathy Schallau, Al Lopez, Tim Smith, Troy Greenfield and Dan Kilmer.

This group of college students and young adults has sung together for seven years.

New pastor at Bay Port, Hayes UM

By AMY HEIDEN

As Rev. Norm Beckwith sees it, his mission in his new church is simple: "offer Christ."

What those words will translate into action for his two new congregations remains to be worked out, he says, whether it will be outreach programs or simply urging church members to strengthen their faith and love for God and their neighbors.

Rev. Beckwith took over the pulpits at Bay Port United Methodist and Hayes United Methodist Churches last week, following the retirement of Rev. Doug Leffler.

He and his wife Christina, plus sons Ricky, 6 and

Jonathan, 5, come to the Thumb from a pastorate in northwestern Ohio.

He's originally from the Shiawassee Area, so returning to the Detroit Conference of the United Methodist church is like returning home, he says.

"Living in Bay Port holds the promise of a lot of recreational things," Beckwith says.

"I'm an outdoors person and I like fishing and hiking and gardening, and I can do that here."

Although he's only been in Huron County a week, he's impressed with Bay Port and the number of festivals and celebrations held during the summer.

"That shows a sense of strong community," he says. Christina Beckwith, before her marriage, served as a missionary on the Texas-Mexico. She's also taught school, from preschool to instructing classes in college.

But now her time is taken up by the care of the couple's two sons, who will be attending preschool and kindergarten this fall. Their presence marks the first time children have lived in the Bay Port parsonage in many years.

REV. NORM BECKWITH sits in the sanctuary of Bay Port United Methodist Church. He took over the pulpit of that church and Hayes UM Church last week. AMY HEIDEN PHOTO

HISD offers Summer Sizzlers

The Huron Intermediate School District will be sponsoring a Summer Sizzlers during the week of July 25-28.

These summer enrichment classes offer eager learners the opportunity to expand their interest and abilities in a variety of learning situations. Four sessions at the Huron Area Skill Center have been scheduled.

Summer Sizzlers brochures containing program specifications and registration information have been given to area students in grades K-6. If your child did not receive this information, please check at the public library in your town or call Grace Blair at 269-6406 and a registration form will be mailed to you.

Courses will be filled on a first-come, first-served basis, and there is a registration deadline of July 8.

Sebewaing corn crop doing well for turkey habitat

LARRY LENZ tilled the turkey feed field, providing food for the new birds.

By WALT RUMMEL

It was a Saturday in early May when a plot of land off Geiger Road was planted with corn, for the expected increase of the wild turkey families that were released into the wild on Feb. 9.

Now, well into the summer, the corn crop is doing well and more and more reports are coming that mature turkey hens, some with families of poults, are being sighted.

Wild turkeys have been extinct in the Western Thumb since early settlers cleared the land. That's why the Sebewaing Chapter of the National Wild Turkey Federation has

been organized, to reverse that trend.

About 40 years ago the late George Beadle, who owned and developed large areas of land in the northwestern part of the Thumb, released several groups of wild turkeys, and they were sighted for a number of years.

More recently, wild turkeys were released by the Department of Natural Resources in the eastern part of the Thumb, on what used to be Detroit Edison land.

Those flocks increased well and there has been legal hunting in that area for a number of years.

The West Huron turkeys released in February, 1994, were given their freedom west of Ridge Road, near Sebewaing.

JIM CHRISTNER, at the wheel, and Butch Gunsell, board member of the local chapter of the National Wild Turkey Federation.

TNB Dairy winners are...

Need a good dairy recipe? Then stop in at Thumb National Bank's Pigeon office and pick up a copy of the recipe book put together by the "Dairy Delectables," produced to celebrate June as National Dairy Month.

Officials at Thumb National invited people to submit recipes and sample dishes, and judges Carol Henry and Marie Lepprandt representing local dairy producers, and Dale Thompson of the Michigan Milk Producers Association chose Angela Ratkos' recipe for Brownie Mint Sundae Squares as the winner.

Joy Lepprandt's recipe for Fruit Dip was judged in second place, and Jeff Lepprandt's Homemade Strawberry Ice Cream won the third place award. Twelve entries were received for the contest.

IT'S PORTABLE MEAL SEASON!

Whether your summer destination is the park, the ball stadium, the beach or an outdoor concert, it's the season for "packing up and eating" when you get there.

Let our supermarket help you put together a great portable meal and save you time! Here are some simple, delicious ideas for warm weather eating.

Plan #1 - Deli-Delicious & Easy
No time to cook? Stop by our deli for prepared salads, subs, or sliced meats and cheese. Find pre-cut veggies in the produce department. Add whole grain sandwich rolls or a loaf of crusty bread and a special dessert from our in-store bakery.

Plan #2 - Burger Bash
Pick up pre-shaped ground beef patties and all your burger fixings to transport to your picnic site. Add your favorite chips, fresh fruit and cookies.

TIP: It's OK to carry frozen ground beef patties to the picnic site. This is one way to ensure that they remain well chilled until cooking time. If still partially frozen when it's time to cook, there's no need to thaw completely. Just allow a little extra cooking time and be sure coals are medium-low, so the inside of the burger has time to cook. ALWAYS cook burger to medium (160°F), until no longer pink and juices run clear.

Down Memory Lane

From The Pages Of The Sebawaing Blade

60 YEARS AGO JULY 6, 1934

Largest crowd in Sebawaing's history, about 12,000 persons, were entertained at the homecoming Tuesday and Wednesday. Four sugar beet queens were chosen. They are Miss Sebawaing Lorna Fiebig, Miss Bay Port Dorothy Holzman, Miss Kilmanagh Martha Fuerst, Miss Unionville Elizabeth Thorn-eau.

50 YEARS AGO JULY 7, 1944

Three local girls, Ann Calkins, Patricia Ritsma and Elaine Marotzke, will attend Interlochen Music Camp. Ensign Thomas E. Jahr is home on leave to visit his parents. He received his commission from the Coast Guard Academy at New London, CT.

Born to Mr. and Mrs. Karl Oehmke, a son, Kristopher Roy.

Born to Mr. and Mrs. Howard Gremel of Saginaw, a daughter.

Nominees of the Republican party for President and Vice-President are Gov. Thomas Dewey of New York and Gov. John Bricker of Ohio.

Mary June Pariseau and James Hintze, Seaman 1st Class, U.S. Coast Guard, were married July 1, in Rochester, NY.

40 YEARS AGO JULY 12, 1954

Largest registration in the history of Bay Shore Park, 208 boys and girls, are attending camp this week.

Glenn Smith, who hesitated to go to work for the railroad in 1904 because "he knew it wouldn't be a permanent job," finished a half century of service and is now preparing to retire.

Frank Irion was re-elected as a trustee of Sebawaing Board of Education, and in the organizational meeting following the election, Dr. John Ritsma was chosen board president, N.C. Fliegel secretary and Mr. Irion treasurer.

A street-widening project is going on along E. Main Street between Third and Fifth Streets in Sebawaing.

30 YEARS AGO JULY 2, 1964

Sebawaing High School's new superintendent, William Dodge and family have moved into their home on Gremel Road, Sebawaing, and Mr. Dodge has taken over leadership of the school, effective July 1. The Dodges moved here from Luther, MI. The Sebawaing Brewing Company, in business in the state since 1880, has changed its name to Michigan Brewery, Inc.

Orville Eidt, Owendale, announced his retirement on June 30 as manager of Owendale Elevator of Michigan

Bean Company division of The Wickes Corporation after 36 years of service. Born to Mr. and Mrs. Clark Eidt, a son, Tuesday, June 30.

20 YEARS AGO JULY 4, 1974

1974 Sugar Queen candidates are: Alice Wildner, Sheryl Beatenhead, Diane Herman, Yvonne Sattelberg and Margaret Linzner, all of Unionville; Suzie Hoeh, Debra Gettel, Rose Buehler, Susan Liken, Deborah Dodge, Joan Gremel, Dawn Diebel, Janet Gettel and Kathy Stecker, all of Sebawaing; Jeannie LaFave and Sherry Loeffler, both of Gagetown; Maureen O'Connor of Elkton; Pam Buchholz of Pigeon and Leslyn Harrington, Akron.

10 YEARS AGO JULY 3, 1984

Sebawaing's first Walleye Tournament is now less than two weeks away.

Another batch of small wall-eye fingerlings will be transferred from a holding tank at Fish Point to the DNR truck and then released into local cuts about the same time as the Walleye Tournament.

A \$500 prize from Sebawaing Sweetstake Raffle, staged as a fund-raiser for the 20th Michigan Sugar Festival, brought a big smile from Yvonne Ball, Sebawaing, who got the prize from Frieda Kling of the committee.

Anne Fournier of Sebawaing, a certified nanny, will soon leave for her first position in Virginia.

New Laker gym floor being installed

By AMY HEIDEN

For 34 years, the floor in the Laker High gym has felt the thunder of thousands of pair of sneakers and heard the swish of hundreds of graduation gowns.

Now that wooden floor full of memories is gone — and is being replaced by a state-of-the-art floor designed to eliminate moisture problems.

Workers from Bay Area Interiors plan to spend about seven weeks installing the floor, according to job foreman Garry Hammar.

After the old floor was pulled up (and pieces went to local memorabilia collectors), a layer of rubber sheeting was installed, followed by a layer of foam sheeting for cushion.

Next, sheets of plastic were laid, then a two-layer, lattice-work arrangement of treated

HERE, former Laker Buildings and Grounds Supt. and now consultant Gordon Stirtett checks a volleyball net mount in the high school gym floor. With him is Bay Area Interiors job foreman Garry Hammar.

1 x 6 pine boards were installed.

The boards are criss-crossed and laid at a 25-degree angle to the walls so that they act in a "scissors" motion, Hammar said. If any moisture gets into the floor and the floor wants to move, it won't buckle as the previous floor did.

Humidists will be added throughout the floor, and once the floor is finished, the bleachers will be pulled out so that air blowers can be installed.

If the humidists sense too much moisture in the floor, they'll turn on the blowers to send air circulating throughout the floor.

New mounts for volleyball nets were also installed, to change the configuration of the courts. Now the courts will run east to west, so that the bleachers will open to the ends of the courts.

Cost of the project is about \$129,000 and has been budgeted during recent years, according to Laker Supt. Robert Drury.

Among the speakers were three State Officers who added extra fun to the camp: Dan Schulz, Charla Smith and Jason Martin. At the Regional Officers' elections, USA senior Terri Bell was elected 1994-95 Regional Sentinel. And for the third year in a row, the USA-FFA Chapter has won the Super Chapter Award.

Notice of Public Hearing on Increasing Property Taxes

The Sebewaing Township Board of the Township of Sebewaing will hold a public hearing on a proposed increase of 0.0498 mills in the operating tax millage rate to be levied in 1994.

The hearing will be held on Monday, 7-11-94 at 8:00 P.M. at the Sebewaing Township Hall Sebewaing MI.

The date and location of the meeting to take action on the proposed additional millage will be announced at this public meeting.

If adopted, the proposed additional millage will increase operating revenues from ad valorem property taxes 1-4124% over such revenues generated by levies permitted without holding a hearing. If the proposed additional millage rate is not approved the operating revenue will increase by 2.25% over the preceding year's operating revenue.

The taxing unit publishing this notice, and identified below, has complete authority to establish the number of mills to be levied from within its authorized millage rate.

Navy Petty Officer 3rd class Richard Welchner of Pigeon

is deployed aboard the guided missile cruiser USS San Jacinto, homeported in Norfolk, Va, and recently participated in the commemoration of the 50th anniversary of D-Day.

Fifty years ago, Allied forces stormed the beaches at Normandy, France, in the greatest amphibious assault in history. Code-named Operation Overlord, D-Day marked the turning point in the European campaign of World War II.

In little more than a month, 1 million soldiers were carried by sea to France with the weapons and enormous logistic support required, to turn direction of the war.

During the commemoration Welchner's ship visited Plymouth, England, and La Harve, France, and has now joined the U.S. Sixth Fleet in the Mediterranean. The 1987 graduate of Elkton Pigeon Bay Port High School joined the Navy in October 1988.

Achievements

Mark Prill of Caseville is spending part of his summer in school!

He's one of 100 students at Adrian College from June 26-July 9 attending the Michigan State Board of Education Summer Institute for the Arts, Sciences and Technology in a program called "SEEKS," - Sustaining the Environment Through Education Knowledge and Skills.

High school students participate in intensive programming in "The Interrelationship of Humanity to the Environment" with study areas such as improvisational theater, creative writing, dance, archeology, environmental journalism, sculpture, animal behavior and ecology, landscape architecture, freshwater ecology, environmental chemistry and cultural anthropology.

Prill, son of Peter and Janice Prill, is active at Caseville High School in baseball, basketball, golf, soccer, band and the National Honor Society. During SEEKS, he is studying freshwater ecology.

Kathleen Groth, F.I.C., a Lutheran Brotherhood district representative from Sebawaing, recently completed a unique three-day professional development program on the campus of Valparaiso

University in Valparaiso, IN. Called "Lutheran Brotherhood Summer School," the event was highlighted by the introduction and distribution of new notebook computers to the 250-plus LB students on hand.

The computer will be used by Groth to better serve the financial needs of her clients, she says, including LB's unique software. It will aid in analyzing and solving clients' financial needs and illustrating product performance.

Groth is associated with LB's Kurtz Agency in Saginaw, offering a broad range of financial services to Lutherans in the Tuscola, Huron and Sanilac County Area.

Shannon Krohn of Essexville, granddaughter of Elvera Deering and Rose Krohn of Elkton, was a recent recipient of a Community Excellence Award from Delta College.

The daughter of Gerald and Sandra Krohn of Essexville, she has been active in 4-H, working as a teen leader with the Bay County Environmental Institute; county trainer for 4-H SPACES: Preparing Kids for a High Tech and Global Future; resource person at the state 4-H Peer-Plus/Group Dynamite Training Workshop and is a member of the Michigan 4-H Youth Development Programming Committee.

She has also been active in "Adopt A Highway" and the EPA's "Adopt A Stream"

project. Krohn has collected funds for the March of Dimes, American Cancer Society and worked on the Youth Memorial Park in Essexville.

She also organized a food/household shower for the Ronald McDonald House in Ann Arbor, where her family stayed during her brother's hospitalization.

A member of the Bay Area Community Foundation's Youth Initiative, she also writes a monthly Teen Issues article in the Bay Area Gazette, helped with Hampton Twp.'s Sesquicentennial Celebration, taught Sunday School and planted and maintained flower beds at her church.

She is a busy young lady, having just completed her sophomore year at Garber High School, Essexville.

With the gift of money presented to her, she will help fund a trip to Japan this summer.

A total of 1,093 students completed the requirements for certificates, associate's, bachelor's and doctoral degrees at **Ferris State University**, Big Rapids, during the winter quarter.

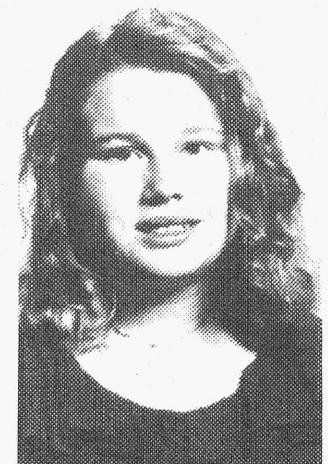

Those from this area are: **BAY PORT:** Tracie Henne, B.S. Criminal Justice; **UNIONVILLE:** Roxanne Volz, B.S. Insurance.

Ferris State University's winter semester academic honors list includes 1,042 students, including several from the Thumb:

ELKTON: Tricia Learman, KINDE: Andrea Davis, OWENDALE: Christina Gaeth. To be eligible a student must have compiled a 3.50 or better grade point average in at least 12 semester hours of work.

Duane Naffien of Sebawaing has been placed on the Delta College Vice-President's List for outstanding academic performance for the Winter 1994 Semester.

He received a 3.769 GPA in Business Administration. Naffien is currently employed at Sebawaing Tool & Engineering.

Gretchen Duever of Elkton is among close to 100 high school students representing 34 counties at the 1994 Summer Institute for the Arts and Sciences hosted by Madonna University in Livonia.

These young adults have exceptional interest or aptitude in one of the focus areas, the school says.

They can learn state-of-the-art information from experts and have access to resources and facilities not found in their high schools.

She will attend this program during the middle of this month.

Navy Fireman Recruit Corey Baker recently received a Letter of Commendation for superior performance of duty while assigned at Naval Submarine Support Facility New London, Groton, CN.

He consistently performed his demanding duties in an exemplary and highly professional manner.

Baker joined the Navy in January 1993. He is a 1992 graduate of Laker High School.

Joel Bolzman of Sebawaing has been named to the Dean's List at Delta College for achieving a grade point average of 3.5 or above for the Winter 1994 Semester.

He is the son of Joan Bolzman of Sebawaing and Donald Bolzman of Florida. His current area of study is computer science/data processing.

Four local students placed in the top 10% of their class following the spring semester at **Central Michigan University**, Mount Pleasant.

They include: Carol Hebert of Caseville, Angela Schaaf and Dawn Swartzendruber of Pigeon and Dale Truemmer of Sebawaing.

Field guide for shore plants

With interest high in the natural environment — especially regarding shorelines and wetlands — a new field guide has been published about soils and plants along the Great Lakes.

One of the main points in the book "Field Guide to Great Lakes Coastal Plants" is to provide a quick and easy means to identify Great Lakes shoreline plants and understand beach processes.

It's a 144-page book for nature lovers and observers, teachers and tourists, to help them answer their questions quickly about shoreline plants without having to take a botany course.

Author is Walter Hoagman, Michigan Sea Grant Extension district agent, who uses original ink drawings and a scientifically-based text.

The author often uses humorous memory aids to identify the 110 most commonly found shoreline plants.

Hoagman even tosses in rhymes to aid readers' memory.

For poison ivy he writes, "Leaflets three, let it be." Another is, "Furry raccoons like hairy puccoons." (Yes, there is such a word; it's an Algonquin Indian word for types of flowers that yield red or yellow pigment).

The new guide also explains fundamental vegetation patterns, processes of how shores are formed and basic shoreline law.

Hoagman grew up along the shores of Lake Erie, where

his early interest in "all things wet" developed into a career of research and teaching about the Great Lakes and oceans.

A Sea Grant agent since 1989, Hoagman conceived the idea for the book while trying in vain to locate suitable teaching materials on the topic.

Here's one last look at the Sugar Fest

SUGAR FESTIVAL FINAL RESULTS

Melvin Kuhl, chairman of the 1994 Michigan Sugar Festival held last weekend in Sebewaing, says the overall festival was hurt by a Friday downpour and intermittent rains on Saturday.

Kuhl reported to about 40 Festival committee members Thursday evening in Sebewaing Village Park. The event is sponsored by Sebewaing Chamber of Commerce, and President Steve Langford conducted the meeting.

Attendance was about 60% of former years, Kuhl said, but there was plenty of good news, nevertheless.

- Ride tickets sold very well;
- About 500 watched the Friday evening queen coronation at USA Middle School;
- Brats, Festival buttons and the chicken barbecue sold well;

- 84 cars were shown at the Classic Car Show Sunday and about 250 attended the pancake breakfast;
- The parade was well attended and there were only about six no-shows due to threatening weather;
- High compliments have been received on the quality and length of the fireworks display Saturday evening;
- Acts in the Park—Southern Stars, Country Western Dancing and Doc Steele's Old Time Medicine Show, were well attended and well received.

More details will be given when the treasurer's report is finished and at individual committee meetings, Kuhl said.

60 Seconds

Who made this?

"Lift up your eyes on high, and see who created these? He who brings out their host by number, calling them all by name; by the greatness of his might, and because he is strong in power, not one is missing." Isaiah 40:26

How did the world come into being? How big is the universe? Is mankind descended from monkeys? Do you believe in evolution?

Of course, there is evolution—changing, evolving conditions are around us at every turn. Today's generations of humans are taller than those of a century ago. Natives of the Japanese nation have grown more than 4 inches taller than their ancestors from before World War II. Dairy cows are raised to produce more milk. Hogs are bred to grow faster.

That's evolution—change, growth. It comes from better diets, more healthful conditions, so we grow taller, or heavier, or stronger.

But the kind of evolution that would bring a universe out of a grain of sand, that kind is being downgraded more and more as a historical fact.

Almost daily more modern scientists are discounting the Darwinian evolution theory from the mid-1850s or that everything came from a single grain of matter.

If you were walking in a forest and came upon anything from a small birdhouse to the grandest castle in the world, you might question where it came from, or who built it.

If someone told you, "That evolved from a splinter of wood, or a grain of sand," you would scoff at the foolishness of the statement. You would know that does not happen.

Then, on a summer night, as we gaze into the endless universe of billions of stars, or at the lapping waves of Lake Huron, or the swaying trees of a northwoods forest, would we agree "That just happened?"

Then combine what we see with the precision of the rising and setting sun, the perfect rhythm of the seasons. Look at the intricacy of how a human wrist or knee performs its bodily task. Or how a heart pumps blood, on schedule, in precisely the right amount.

Did all those just happen? Isaiah knew how it all came about. He accepted in faith that Jehovah not only created, but He also named and counted them all. In Psalm 139 David acknowledges, "I am fearfully and wonderfully made," as he praises the power and greatness of God.

Why do we feel so sophisticated that we cannot simply accept Him as our Creator? Why do we insist we are children of chance, instead of seeing that our great God made us. He also loves us, protects and leads us, and even planned our salvation to present us with an eternity with Him?

PRAYER: Creator/Redeemer, help us accept you in faith, that we rely only on you. Amen.

Tell me why...

WHY DO SAILORS WEAR BELL-BOTTOM TROUSERS?

Hey, maybe we need a government grant to study this.

THE MONTROSE BLUE-BERRY QUEEN and her court had the right idea during last Saturday's parade... they came attired with bright BLUE umbrellas!

We would be happy to travel the length and breadth of the country searching for the answer to this.

But alas, we probably couldn't get the time off, chained as we are to a desk and computer.

Just because we can't get away, though, doesn't mean we can't come up with some plausible theories.

Here's one to consider: The flared leg of the pants allows the pants to fit over boots easily.

And another: bell-bottoms are easily rolled up.

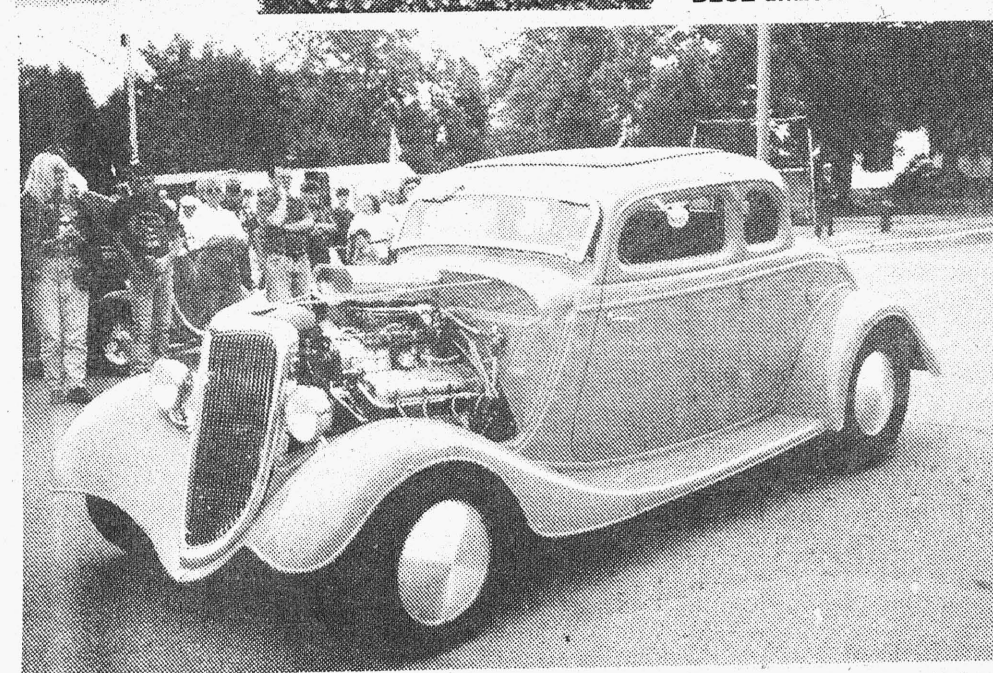

While scrubbing the decks, sailors often work with dangerous chemicals such as lye, and rolling up the pants would prevent damage to the pant legs.

And if the sailor needed to wade ashore, he'd just have to roll the pants up above the knee.

But if he were thrown overboard, the bell-bottomed pants are easier to remove. And the loose fit of the trousers makes them easier to remove in the water.

And here's one more: If the legs are tied at the ends, they hold a lot of air and could possibly be used as flotation devices. Pants as lifesavers? Stranger things have happened.

THANKS & MEMORIALS

WE WOULD LIKE TO THANK everyone who sent flowers, cards, memorials and food in our time of sorrow. Special thanks is given to Pastors Hagenow and Bahr, your thoughtful prayers and visits were greatly appreciated, to Vernita Loeffler, for being such a great friend, and to the staff of St. Mary's Hospital for their comforting care. Everyone's caring gestures help us to see how much he was loved. The Family of Frank Schnitker

MY HUSBAND whom I held so dear. Left me, this time last year. I loved him with all my heart. But, God deemed for him to depart. I understand the hows and whys. I pray for more strength to say my goodbyes.
You will be in my memory forever, your wife.
