IT is a fact that can be substantiated by the most respectable testimonials ever offered in favor of any proprietary medicine, that the RADIGAL CURE FOR CATARRY does in every case afford instant and permanent reitef. No matter of how long standing, or how severe the disease, the first doed gives such evidence of its value in the treatment of Catarrial affections that confidence is at once felt in its ability to do all that is claimed for it. The testimony of physicians, druggists, and patients is manimous on this point, and the accumulating evidence is in point of respectability superior to a vidence is in point of respectability superior to a vidence is in point of respectability superior to the sever before obtained in favor of a popular remedy.
