Artificial Teeth! I wish to say to the people of Iwosso and vicinity that I am prepared to mal artificial teeth on the Best Rubber Bose a the following low prices: A full upper or under set of teeth for \$19. Partial sets, \$3 for plate and one tooth, with \$1 for each additional tooth. I was rant my work to be equal with any made in the ! county and perfect satisfaction in every case. Having associated myself with several of the best dentists of New York city and this state for seveeral years, I feel confident of pleasing my patrone. My expenses are comparatively small with my office at my fathers' residence 8% miles north of the Union School building consequently having no rent to pay I can afford to work cheaper than practicing in the city. These wishing my services and who are not prepared to visit me at services and who are not prepared to visit me at my other, by leaving word at Dr. Parkill's or addressing me through the post office their requests will receive prompt attention at very reasonable.

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and ertain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, and all malarial disorders. In masmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extrenaties, are only premonitions of severer symptoms, which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration. It is a startling fact, that quinine, arsenic and other poisonous minerals, form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tomes," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were in-

tended to cure. AYER'S AGUE CURE thoroughly eradicates these nexious polsons from the system, and always curds the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack. For Li er Complaints, AYER's Acti CURE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition. We warrant it when taken according
