the President's pulse rose to 124 last night, and fears are wide spread that he is too low to recover by a change of cliffedder which is cordinary waste. How short it is likely to be can be seen by the prices now being paid for hay, corn and oats. It is therefore well for farmers to put forth every effort possible to increase their stock of feed for the winter. All kinds of coarse fodder which is ordinary waste.

Boston Physicians on the President's

Last week the Springfield Republican Farmer. gave the opinion of several prominent physicians on the President's case, but whose names were not given for profes-

Sional reasons. The statement says: One says that he has no doubt the one says that he has no doubt the patient has chronic pyemia. He regards the case as critical in the extreme, and, notwithstanding the official bulletins, he sees but little ground for hope of recovery. He regards the parotid swelling as a matastatic abscess. Metastasis denotes in medicine the sudden removal of a discase from one place to another, and if the parotid swelling is due to the wound, it is a metastatic abscess, and proof positive and the progress of the flames through the case as critical in the extreme, and, fires start up in the woods and dry meadows on all sides, the sun shines stretch, making a wide, rounding curve, with scarcely a perceptible decline. The distance will be less than half a mile from through the city streets and into the open windows. The soil itself, penetrated in every direction by vegetable fibres as dry as tinder, smoulders and burns, and the progress of the flames through the city streets and burns, as dry as tinder, smoulders and burns, and the progress of the flames through the case as critical in the extreme, and, fires start up in the woods and dry meadows on all sides, the sun shines stretch, making a wide, rounding curve, with scarcely a perceptible decline. The distance will be less than half a mile from the windows. The soil itself, penetrated in every direction by vegetable fibres as dry as tinder, smoulders and burns, and the progress of the flames through the created at every street corner for blocks. it is a metastatic abscess, and proof posi- great forests is marvelous in its rapidity. tive of pyzemia. This being the case, there is the liability at any time of the formation of another abscess, as in the joints or the lungs. The lungs may become metastatic so as to-cause death, even when the percussion gives no evidence of the same peril, live stock is burnary when the percussion gives no evidence of the flames. The flames of the flames of the flames of the flames. The part of the flames of the flames of the flames of the same peril, live stock is burnary to the flames of the street corner for blocks. Settlements in wooded regions are quick-ly surrounded by the advancing fire, and of the night was as silent as the tomb. The white house during the greater part of the night was singularly warm, dead and night to save their homes. Farm houses are in the same peril, live stock is burnary to the commerce of New York, and alleging that rich corporations are given provided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the general committee of Tammany hall has decided to place before the cid and sometimes human lives are lost in the should be surprised if no other ulcer formed. THE FIRE RAGING WITHIN ONL MILE OF THE BAST SAGI. From special dispatches to the Detroit

sounts of the terrible fires raging in the East Saginaw, September 5.—Forest fires are raging fiercely in all directions, and incalculable damage is resulting, not only property but life being threatened.

NEAR BAGINAW. Three miles from this city, on the Deerfield road, there are 100 acres of timber burning, and the fire this evening threated to destroy the property of a farmer amed Volz and some others. Some fires are running west of this city in Saginaw Township, but not much damage has resulted as yet, save to timber and fences The Watrousville Plank Road, five miles east of this city, is reported on fire and travel has been stopped.

IN TUSCOLA COUNTY Fires are burning and people are struggling to save their property. Two mile east of Watrousville hundreds of acres oftimber are on fire. One barn has been burned near Watrousville and three barns have been destroyed three miles east of Vassar.

CLARE COUNTY of Mr. Fauth, just west of the city. The Is also troubled with burning forests Fire started this afternoon east of Clare Village; but not much damage, as yet

> definite so far received is that a farmer near Bad Axe has had his barn and 400 bushels of wheat destroyed. RAILROADS AND TELEGRAPHS. The wires are down between Caro and assar and no trains have passed over

The fires are very bad but the only

the Caro branch of the Michigan Central Railroad since noon. The train for St. Louis, on the Saginaw Valley & St. Louis railroad, dill not go a portion of the channel of Comstock Creek out to-night, as the conductor could not from Main street to the south line of the city take the risk of running through eighteen of Owosso, and to be hereafter known and des-

Telegraph lines are down between Vas-1 r and Lapeer, and communication in for the first and second time by its title.—

is obscured and a dense pall of smoke passd, ayes 5, nays 1. -A sad accident happened to George shrouds the Saginaw Valley. The smoke is so thick it can almost be cut with a FIRES ARE BURNING IN EVERY DIRECTION and seem to be confined within a radius of thirty miles from the city. There has been no rain for six weeks and the country is as dry as tinder. The heaviest fire to-day on the St. Louis & Saginaw Road,

> ommunication is cut off. EIGHTEEN MILES OF FIRE. From train men it is learned that for a listance of 18 miles on both sides o the road the country is on fire, commence ng about three miles west of Saginaw

PORTER'S STATION DESTROYED. Porter's Station, containing four or five buildings, was burned up to-day, and the train arriving here at 2 p. m. was badly corched, in running the gauntlet of fire Farm houses, barns, crops, and other property have been swept away. A farmer named Beach, living near Porter's, lost a large new house and barn to-day ON THE FLINT & PERE MARQUETTE RAIL

Fire is burning between Midland and his city west, and between Blackmere Station and Clio, south. Four or five miles of fence have been burned. Trains loaded with men and water have been ent out in both directions to fight the

> Anna Dickinson says "women are seldom deceived." They're lucky.

Worthy of Praise.

As a rule we do not recommend Patent Medicines, but when we know of one that is really is a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure Biliousness, Fever and Ague, Stomach, Liver and Kidney Complaints, even where all other remedies fail.
