JAN. 31.—The resolution asking the names of American citizens confined in British prisons was taken up and addresses made by Messrs. Dunnell and Orth.

After rather a noisy debate, in which the chair rebuked Mr. Robinson (N. Y.) for attrol the destinies of the Republican party Garfield's removal, and that will be the ver-, tempts to interrupt other speakers, Mr. Orth's Mr. Prescott gave notice that he would call

up on Thursday the apportionment bill fixing postal routes, was presented from the commit-

2 cents. Referred. The house went into committee of the whol (Calkins in the chair), on the post-office approvisions of the bill. The amount appropriated come out of the general fund in the treasury department amounts to \$42,741,722. The committee on appropriations had cut down the es timates of the department in several particulars, the principal reduction being in the refusal to appropriate more than \$50,000 for the purpose of extending the free letter-carries

Mr. Morrison, in explaining the provisions of the bill, said the amount appropriated for lot ter carriers would permit the postmaster-general to increase the pay of the auxiliary letter carriers, now numbering about four hundred, and getting but \$400 per year.

Mr. Bingham gave notice that he would when the bill was read in sections, move to increase the sum of \$2,950,000, appropriated for the free-delivery system, to \$3,000,000. The bill was then reported to the house for general

debate to-morrow. A communication was received from the secretary of the interior in answer to an inquiry of the house. The inquiry was: "If all claims for pensions for the war of the

robellion shall be adjudicated within the sevon years, the period terminating June 80, 1888, and if at the end of that period the survivore of the Mexican war and their widows shall be pensioned, what will be the sum required to pay pensions during the next twenty-five years?"

The reply puts the entire sum at \$1,947,651,-503, of which \$51,921,616 is allotted to Mexican war elaimants. The annual requirements begin with \$62,000,000 for 1881, and gradually less field county. Virginia, Friday, buried sleighs passed through the gates. Spring generally bring liseases with it, and a good way to keep fowls healthy is to keep a Jump of alum n their drinking water; the sour from the alum mixed with water, helps to tone up their systems and keep them in healthy condition. To make fowl-healthy and lay well, a good way is to give change of diet, say soft food in the former part of the day and whole grain in the evening; and green food is very essential for the health of fowls, and also necessary to insure good success in hatching. But every farmer ought to see to it and have good fowls on his farm, for the first reason it takes no more to feed good ones than it does
