The democratic state central commitpart. The time of holding the convention was fixed for the 23d day of Angust and the place of meeting at Jackson

The national party, as known to the readers of the Democrat, had proviously fixed the time of holding their convention on the same day at Grand Rapids The question was very generally discusand by the members of the committee; and others of the desirability of uniting Dr. Hicks pronounced the benediction, and the Savior without the slightest ill The McCormick, Walter A. Wood, and upon a single ticket.

republican party. Every man also admit-ontside the jail rent the air with wild ted that to accomplish this end it was shouts. The body swung partly round. rpou a single ticket. That it is desirable, and subsequently there was

est man can question. The question is, how can this be done the most certainly? It most assuredly cannot be done by a divided vote. If the democratic and national conventions each put up a separate ticket, no man is surely insone enough to suppose the defeat of the republicans can be effected. That party has demonstrated beyond a question that its only care is to retain office and power. To do this it is necessary absolutely for this party to pander to the rich and powerful of the country for their own aggrandizement and the oppression of labor in all its forms. The question has therefore resolved itself down to this point, is there patriotism and common sense enough in the opposition to sink their petty differences and unite upon men for the over-

throw of the common enemy? Let the nationals meet in their convention, adopt a short, incisive, but comprehensive platform, striking at the root. of the evils, monopoly and protection, rope as soon as the noose was removed business. T in which all present took more or less entreated the Lord to pardon the doing Pather, for their vindictiveness in this of the beautiful village of Morristown and the Buckeye Cord Binder like the Electric Light has Come to Stay, and will shine in the harvest of 1882 not only in Texas, where it is now outstripping all competitors, but in Shiawassee County in the State of Michi gan, and in every other county in every other State in every other country where "Grass is Grown and Grain is Sown." ----

The Improved Buckeye Cord Binder is a Daisy and sells will toward a human being. Farewell, ye Deering, failed to come to time, evidently at sight, as witness the fact that we have now sold on straight orders in Shiawassee County seventeen of these machines up to date, May 29, 1882, the frantic efforts and gross misstatements of unscrupulous representatives of inferior concerns

The Buckeye Binder is winning new laurels every day in ers, and for a time it was difficult to tell the early southern harvests, and its tame is preceding it as the harvest season advances northward, and it is bound to be the superior excellence of this celebrated the **popular machine** in all the vast country between the machine soon exhibited itself. The Buck-Gulf of Mexico and the great northern lakes.

The great Buckeye Companies at Akron and Canton, Ohio, who are building yearly about 40,000 machines, and who, though putting forth their utmost efforts, have never yet failed to fall far short of supplying the demand for their popular goods have long ago established a reputation as first-class Manufacturers which no explosion of competing gas

The Buckeye Cord Binder in Texas again Heard From.

AUSTIN, Texas, May 19th, 1982. C. Authors & Co.,
All Cord Bluders throughout the State of Texas at work. Not a single complaint from anywhere

no breakages of any kind; no second visit needed; no use for experts. From the Hico (Texas) Times Editorial, May 13th, 1882.)

In the Harvest Field.

Last Monday we took time and Hellum's gray horse by the forelock and went out to the farms of Last Moniay we took time and Helium a gray norse by the forefock and went out to the farms of Messrs. McCarty and Hallow, who had just purchased one of the celebrated Duckeye Twine Binders. D. J. Brown, the local agent, sold the machine and, sesisted by Mr. J. Briggs, the traveling state agent, set it up and started it. Three rounds were make in the twenty acre field of May wheat, unevenly planted and ripened, but not a bundle was missed or slighted. Everything worked perfectly and those who witnessed the movements were delighted with the machine. Several other makes of Binders were working in adjacent fields, and parties who had seen them all at work said the Buckeye is far more simple taken up a third less work said is more assits constraint them are allocated. We much make the This vote gives glory enough to the Buckeye for one day. And that it was a profitable occasion is evidenced in the fact of the sale of the trial machine and the receipt of orders for four others. In

HULL'S VAPOR SUMMER COOKING STOVES.

ome Comfort! Fairy Queen! OVER 75,000 IN ACTUAL USE. Home Comfort!

Entirely New, Elegant, Economical;

Non-Explosive.

No Heat.

The Safety Reservoir, Universal Favorite, Most Successful. Self Generating Burner, Perfection in Operation.

We take pleasure in presenting in the above out one of the most popular designs, the THREE BURNER, HOME COMFORT, VAPOR STOVE. It is marvelous improved over all others, and probably unequaled by 3 (6) anything in the market for extent of Top Surface and general operation. The specialties and prominent features of these Stoves are convenience, comparatively no heat, except what is utilized. Safety and Durability, Perfection in ease of Operation, can be started in less than two minutes; a gallon of water will boil in twelve minutes. Cooking for large families can be done at a less expense, also Washing, Ironing and Baking than in any other Stoves or Ranges. We would call special attention to the FAIRY QUEEN, in every way equal to other Stoves, but much smaller, be I' ing a perfect little daisy, and the latest thing out. No household is complete without one of these Stoves. They as 8 must be seen in operation to be fully appreciated.

Probably the only res son why lais not engiged it writing teports from lexas or a me other place, instead of joining the clarus of his broth-'er "dogs" is because he has nothing but might tell you how they are having to build over their Harrester in the heat of this bracy harvest, by replacing their

mers, by an angle iron bar somewhat similar to that which has been used so ing and successfully by the Buckeye Co. Bur then, that wouldn't be a congenial subject; he prefers to talk about "Dogs." upon the truth. He says "our sales are 15 wijust booming - never have sold-half semany McCormick machines in the County as this sesson Well, they have sold four or tive machines, not a very large number of course, but then that's a boom for the McCormick, and the little imbe-

flims, wooden cutter her, which they

have been trying to palm off, on the far

12 50 felle claps his hands and shouts, "just see our boom " "look at us machine men!" We were aware that they had former ly sold a few machines in Shiawassee Sounty and supposed they had sold more 13.75 than the half of four or live, but then, he knows; he's a "Machine Man" and they have got a "booming" trade. We shall 1187 probably hear reports of this wonderful Shiawassee County "boom" from out in 11 25 Dakota, (as soon as they get time to write 5.94 them up) where they say Mr. Dalrymple 107 is using 92 McCormick Binders, nearly all 13.75 of which, however, it seems were manu-2.76 factured by the Walter A. Wood Co. But 125 then, if four or five of them were McCormicks it would be a "boom" in the esti-13.75 mation of our innocent little "Machine

12.50 . Man. We don't claim a "boom" for the Buck eye. We have sold in this County this year five full carloads of Buckeye machines, and have telegraphed for another ear. But then, that's only a fair trade

We might brag by saying we had sold a binder to the Agricultural College farm at Lansing, which is a fact. The mana gers of the farm after a careful investiga tion, found superior merits in the Buckever and bought it without solicitation. But there is nothing surprising about it. Farmers are not fools, and they can tell a good thing when they see it.

They find that the Buckeye has an angle iron bar, with wide strong guards firmly rivoted to their places, a light, strong, wrought iron, drive wheel, a very superior elevator, a better and more perfectly adjustable reed, and later and better improvements than any other twine binder on earth, and the majority of people will always buy the best article. The Buckeye Binder is not only automatic, sizing its bundles with perfect regularity, but it also has a very convenient and important device, invented and patented by the Buckeye Ca., called a "hand trip" which enables the driver to start the needle at will, so that when taking up heavy lodged grain and it is desirable to clear the machine it can be done by simply touching a hand lever, or if spots of grain are given and wet, smaller hundles can be made at driver's will, or when approaching a corner bundles can be discharged in such a manner that they will not be in the way of the horses on the next round; or it when finishing a field. insufficient grain is under the packers to spring the binder, the machine can be tripped by the driver without leaving his seat and the last buildle neatly bound. This is a simple yet very important device, especially in such a harvest as the present one, and is used on no twine binder except the Buckeye. Farmers, if you want a Buckeye Binder this year, to Henry Caster to Elizabeth Caster, lot 3, and 28 to 'take up and save your heavy lodged and tangled grain, and help you through this harvest, which will probably be the worst seen for many years, on account of the heavy growth of straw, it is important that you decide quickly, as there will ers after another week, although the manufacturers are running their works night and day with double force and making every effort to fill orders from all their friends and customers

Still ANOTHER IN

To make housework a pleasure. It is a SUMMER COOK STOVE, and can be seen at

C. J. STUART

Who always is ahead with anything that is practical, and this time he has it sure. The DANGLER VAPOR STOVE

As far ahead of the Oil Stove, as the common stove is of a fire place. The public are invited to call and see the wonder boil and bake, and especially do we invite those who are contemplating buying a summer stove, as it is the only stove that will do all that any stove can do, and at one-half the expense and without heating the room at all.

We have also added to our immense stock, a full line of FINE TOOLS, for Carpenters' and Cabinet Makers' use, and we invite all to come in and examine whether they want to buy or not, as it is a pleasure for us to show such goods, and it is worth the time to look

at them, as some time they may want, and then they will know where to find them Our stock in general never was more complete in all departments, and es pecially in Wind Mill Supplies, we have the most complete stock in the county. We have all sizes of Pipe from Loin, to 4 inches, and Fittings to match.
We are sole agents for many of our goods and they can't be found anywhere else in the city. We will name a few of them: First, the above Stove, J. W. Massury & Son's Paints, (the oldest and best paint makers in the United States) the Kelley Steel Barb Wire, the only wire that will measure 161 feet to the lb. The Parker & Whiffle patent Door Knob, the only knob that can be used with a mortise lock on an inch door, and others too numerous to mention, but space will not admit of it. We shall be as we have been in the past, Head-

quarters for Screen Doors as we have on hand now over 100 all ready to sell. Notwithstanding raw material has advanced from 10 to 25 per cent. we are selling goods lower than ever; especially Steel Goods, Shovels, Spades, Hoes, Porks and Rakes are way DOWN; and while some dealers will try to convince you that sill goods have advanced, it will be to your advantage to look around before you buy "and deal you farget it.

We have a very fine line of Refrigerators and Ice Tengs now in steck.

We have a very fine line of Refrigerators and los Tengs now in steck.

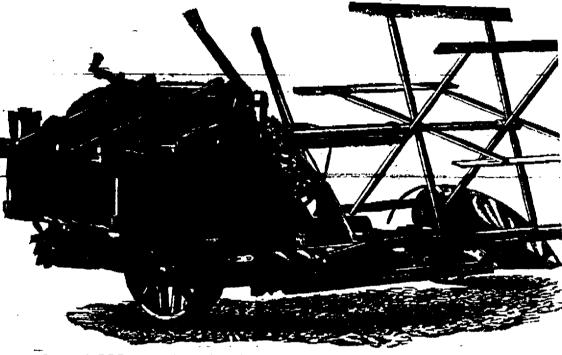

We have a very fine line of Refrigerators and los Tengs now in steck.

The have life with it his said, a very neat and cheap Ironiag Board, made by one of our exhibition, and any one in want of such is invited to call and examine, and patronize home industry.

WALTER A. WOOD I wine Self-Binding Harvester

The first successful Twine " 1 put upon the Market

Over 4.000 Wood Twine Binders were made and sold in 1880, and over 10,000 in 1881, and over 15,000 are being made for 1882. The Walter A. Wood Twine Binder is an entirely distinct and different type of machine from all others. No other manufacturer has the right to make it. For sale by

ARTHUR MCHARDY, Owosso.

THE FOLLOWING LETTER EXPLAINS ITSELF:

MR. ARTHER McHardy, Owesso, Mich.

DEAR SIR —The Walter A. Wood Twine Binder I bought of you in 1889 gives complete satisfaction.
I have done all my harvesting with it for the past two seasons, besides cutting some for my neighbors,
H. M. OLNEY. We have also recommends from lease Robrabacher, M. G. Phonix, Jno. Northwood, Wm. Shickle,

New Buckeye Light Mowers and Table Rakes, Triumph Reapers, the lightest and easiest handled Reaper in the market, raises both ends of platform from seat, at same time with perfect ease.

MILBURN WAGONS, Hollow Iron Axle and Wood $\overline{\Lambda}_{\rm x}$ le, both the strongest and lightest running wagons sold. Tiger Rake and Thomas Rake. They dump from both wheels. Don't be deceived by a one wheel dump rake; investigate before you buy.

WIND MILLS-We can sell you the best wheels, and put you up a better job andas cheap as any one in the trade. Don't jail to see us. We are selling the Mills. Seven of them were delivered on May 20th, and more orders were unfilled.

BUCKEYE DRILLS and HARVESTERS take the lead. We sell them. Plows, Carriages, Platform Wagons, and all small farm tools are carried in stock and sold by us at Low-EST PRICES. Call and see us.

May 301 1882. WILLIAMS & HARTSHORN, Owosso.
