"What did it do? Why, it jis sailed up to my basket, and seizin' it in its mouth sailed off thro' the bushes hold-25c; in' it as proudly as if it had gathered . every berry.

25c; that the snake carried off your basket Billy Sweatnam, the minstrel, who was Tree Press. one of the summer visitors.

"I jist mean that," replied the pioneer, as he brought his stout cane down on the platform with a thwack that made the boards crack. "An' that's not all; I'm not done with that snake vet." "Let's have the whole story," said

"Well, I didn't like the idea of losin' my basket, an' so I gave chase to the racer. And the way we thrashed around among the bushes for half an hour was a caution, the snake holdin' my basket all the time in its mouth. Finally I got near enough to hit it a blow on the back as it was crawlin' over a log, and that settled it.'

"Did you get the basket?" they all "Yes, sirree; but I had to pry its jaws open with a stick before it would let go of the handle!"

"Was it a big snake?" inquired the

 $-v\widehat{\mathbf{A}}$ big snake! It just measured nine fort long, and was as thick as a young saplin'," said Uncle John, as he pointed to a maple about four inches in thickness. And then he removed his spectaeles and leaned back in his chair like a Congressman after voting for some big

Gen. H. W. Earley, Democratic candidate for Congress in this district happened along before Uncle John had tinished his snake story, and became an interested listener. Everybody knew him, and they all demanded that he should tell a story

The General took a seat, and, removing his spectacles, began by saving: When I was up the Sinnemaponing Creek last winter, lookin' for timber, I discovered a black bear coming down the mountain pretty fast not far from . where I was standing, and, supposing that something had frightened him, I did not attempt to hide or climb a tree. as I thought he would keep on. But I soon discovered that he was mad, and that I had made a mistake, for the moment that he discovered me he gave a growl, and, opening his mouth very wide, rushed at me. I had no weapon with me but a stout pocket-knife with a long blade, and I hurriedly opened it, determined to sell my life dearly if the ferocious beant attacked me. I didn't have to wait long before bruin came up

The departurent of agriculture reports the average yield of oats to be somewhat high er than last year or in 1879, and the product nearly as large as that of wheat, probably about 480,000,000 bushels. Illinois, lowa, New York, Wisconsin, Missouri, Pennsylvania, Ohio, Indiano, and Kansas are the states of highest rank in production. The Eugene Bogardus, the eldest son of ing killed Hite and gave full details of average yield of tye, averaged from state returns, is 14 1-10 bushels, making a crop of 20,000,000 bushels, or nearly the same reported by the census. There is indicated an average yield of barley about 23 bushels per acre, aggregating 45,000,000 bushels. California, New York, and Wisconsin tobushels; product in 1879, 44,000,000. The prospect for buckwheat is good for nearly an laverage product, 11,000,000 to 12,000, 000 bushels. Pennsylvania produces near ly half the erop and reports 95 as the average of condition, 100 representing a full valley, and in Michigan, Wisconsin and Nebraska, the average is 100 to 106. In the northwest, and in the eastern and middle New York, 85 in Maine, and 84 in Vermont. bushels per acre on an area of nearly 2,000.

The yield per acre of corn will be report ed in November. The condition averages A train of twenty-five empty stock- | paratively low in the states of largest procars Wednesday made a test of the duction. In Illinois, with sper cent de Creuse of area, the condition is only it, in Iowa 70, and in Ohio 87. Three states produced 40 per cent, of the crop of 1879. A careful comparison of the changes in area The funeral of Major O'Conner and tives in sight. On the return trip eight and condition indicates an average yield of 35 bushels per acre against 28 in 1876 and 18 hast year. The average of a series of years Is between 26 and 27 bushels. New England will produce, according to the October returns, 7,000,000 to 8,000,000, the southern 340,000,000. Those north of Tennessee and west-of Virginia and Pennsylvania 1,200,

The tariff on steel rails is as big a sham as ever was conceived. The cost of steel as ever was conceived. The cost of steel ever, makes it impracticable for the goverails in England is on an average £6 a ernment to wait for Mr. Acton to sign them. ton, say \$30. The duty of \$20 a ton is as It is estimated that if he should work night effectually as prohibitory as one of \$28, and day for the next three months he could This very morning we see that the Brook-lyn Bridge contracted for steel rails at \$\frac{\pmathbb{E}}{845.25}\$ a ton. Therefore it will be seen duties and worked nights in order to keep that \$20 a ton duty is equal to \$50, without freight or charges. Whereas a reduction of \$15 a ton will still make the cost of foreign rails at present over and above the selling price here. We shall see, if such a sham passes, how much good it will do the monopolists in pownise.

In the meantime the consumers would like to know why the following articles - The annual report of W. W. Dudley, of necessity should be taxed as follows:

Rice, 105 per cent. Chloroform, 85 per cent. Acetate of soda, 216 per cent. Caustic, 63 per cent.

Strychnia, 81 per cent. Cotton prints (valued at 14 cents per vard.) 58 per cent.

Spool thread (that gigantic monopoly.)

Window glass, 80 per cent. Plate glass, 100 per cent. Boiler iron, 74 per cent. Hollow ware, 82 per cent. Castor oil, 85 per cent.

fore them, the tariff monopolies may well be pitied. + [Detroit Evening News.

The duty on trace chains is 57 per ow or others. cent. That is, every farmer in the country who uses trace chains and halter chains pays a tax of 57 per cent to the manufacturer who manufactures them. June 5th, 1882, Mr. Turner, of Ken-

from and after the passage of this act no bursements made, \$500.641.324.75. Includ duty shall be collected on importations of trace chains and they shall be placed on the free list; and all laws inconsistent herewith are hereby repealed."

This was a bill for the benefit of the farming and laboring classes of this country and should have been passed yet, how did the vote stand? In favor of the bill 68 Democrats and 5 Republic cans; against the bill, 101 Republicans and 8 Democrats. There not being the necessary majority, the bill was defeat

added to the rolls during the year, and the names of 649 whose pensions had previously been dropped were restored, making an |-Castor oil, 85 per cent.

Woolen goods, from 58 to 140 per cent.

Many woolen goods bear a prohibitory tax. In short, the above is only a modicum of our abominable tariff. We shall see at the polls what the Solons who want to be re-elected will have to say—why they delegated tariff-making to a commission during seven months, and found at the eleventh hour that the country is paying war taxes and the tariff should be modified. With the thermometer at ninety-five, and the prospect before them, the tariff monopolies may well aggregate increase to the rolls of 28,313,rears due in new pensions computed from the date of discharge in the case of an invalid soldier, and from the death of the sol dier where pension was allowed to the wid-

The amount paid during the year upon first payments to new pensioners was \$26, 421.669. This amount was paid to 27,705 pensioners.

The report gives in detail the operations of the bureau covering the period since 1961 the tables being arranged by years for the purpose of ready comparison. A table has also been prepared which shows the number of pension claims filed and allowed since 1861, and disbursements on account of pensions since 1862. This table shows that the total number of claims filed during the period was the storage of the storage of the shows that the total number of claims filed during the period was the storage of the s od mentioned was 837,331; the total number allowed, 472,776, and the aggregate dised in this amount is the sum of \$25,234,232. 85 paid to pensioners for and on account or services rendered during the war of 1812. Another table shows that there 290,900 claims for pensions now pending, and 75, 268 on the rejected files of the office. This exhibit also shows that there were 75,087 claims filed during the last fiscal year. The special examination system, substituted by congress at the suggestion of the commissioner for the "special service," is said to be giving great satisfaction. On this subject the commissioner says: "This new system does nway with the exparte evidence formerly in use, so that the claimant is now afforded the opportunity to face the witnesses, and to appear in person or by coun-sel in the examination of his case. The expenses incurred in this service during the year amounted to \$88,275.23, while the gross The future contains nothing more poses saving to the government resulting from

Over 5000 Druggists **Physicians**

Have Signed or Endorsed the Following Remarkable Document:

Mesers. Seabury & Johnson, Manufacturing Chemists, 21 Platt St., New York: Gentlemen: -For the past few years we ave sold various brands of Porous Plasters. Physicians and the Public prefer Benson's Capcine Porous Plaster to all others. We consider them one of the very few reliable household remedies worthy of confidence. They are superior to all other Porous Plasters or Liniments for external use.

Benson's Capoine Plaster is a genuine Parmaceutical product, of the highest order of merit, and so recognised by physicians and druggists.

When other remedies fail get a Benson's Capcine Plaster.

You will be disappointed if you use cheap Plasters, Liniments, Pads or Electrical Magnetic toys. HURR REMEDY AT LAST. Price Meta A MEAD'S Medicated CORN and BUNION PLASTER.
