The heusion. It is appalling. A hundred thousand office holders, levying two percent, upon a salary which will average \$1,000, will raise \$2,000,000. For what is that fund used ' Two millions of dollars to be used this fall in the Congressional districts. Let us look at it for a moment. i One-quarter of all the Congressional districts of this country are hopelessly Democratic. Another fourth are hopelessly Republican. There is no use spending money in those districts. There is one half of the Congressional districts that Boots, Shoes, Rubbers, are close districts, in which there is a fighting chance for both parties, and if! on take \$2,000,000 and divide it among half the Congressional districts, you will have from \$17,000 to \$20,000 for each dis

trict. Just think of that! Where, in God's name, for the purpose of preserving the purity of the ballot box and getting a fair count, can you use \$20,000 in this district. For what purpose? Is it for printing tickets? Is it for hiring halls, run any Congressional campaign in any district for \$2,500 at the very outside, and... you tax your candidate as much as that in most districts. For what purpose is the \$20,000 to be used? To secure a free, pure ballot? Yes. It is to buy up votes. That is what it is used for. It is to stuff that the producer soon found that he had formerly was, a party of the people, but with the purchased votes of expiring going to vote "Well, I guess I will bring the blush of shame not only to the bres, to call and examine my superb stock of goods.

is issued: By the president of the United States of America, a proclamation: In conformity with a custom the annual observance of which is justly held in honor by this people. I, Chester A. Arthur, president of the United States, do hereby set apart Thursday, the 30th day of November next, as a day of public thanksgiving. The blessings demanding our gratitude are numerous and varied; for the peace and amity which subsist between this republic and all the nations of the world; for freedom from internal discord and violence; for increasing friendship between different sections of the land of liberty, justice, and constitutional government; for the devotion of the people to our free institutions, and their cheerful obedience to mild laws; for the constantly increasing strength of the republic, while extending its privileges to our fellowmen who come to us; for the improved means of internal communication and the increas ed facilities of intercourse with other nations; for the general prevailing health of the year; for the prosperity of all our industries, a liberal return for the mechanic's toil affording a market for the abundant harvest of the husbandman; for the preservation of national faith and credit; for wise and generous provision to effect the intellectual and moral education of our couth; for the influence upon the conscience of a restraining and transforming religion, and for the joys of home—for these, and for many other blessings, we should give thanks.

Wherefore I do recommend that the day above designated be observed throughout the country as a day of national thanksgiving and prayer and that the people, ceasing ship, draw near to the throne of Almighty for the manifold good which He has vouch safed to us, and praying that His blessings and mercies may continue. And I do furth er recommend that the day thus appointed may be made the special occasion for deeds of kindness and charity to the suffering and needy; so that all who dwell within the land may rejoice and be glad in this season of national thanksgiving.
In witness, whereof I have bereunto set

my hand and caused the seal of the United States to be affixed. Done at the city of Washington, this 25th day of October, in the year of our Lord 1862, and of the independence of the United States the 107th. CHESTER A. ARTHUR, By the President
