Looking back on the times spent with friends,
We remember the laughing and singing,
The hopes and dreams,
The love and hate,
The hassles and happiness.

The outside world was only half-real —
Problems could be discussed but rarely solved.
Telling wrong from right came easily,
And some people didn't care either way.
We thought we were safe from it all.

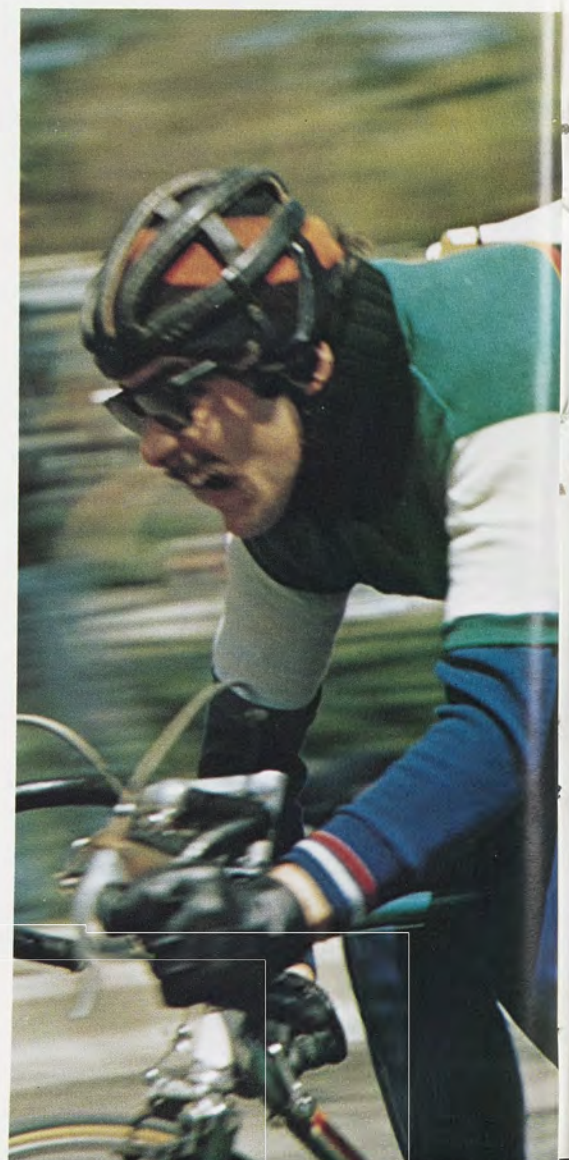

But time passed and we had to move on.
Our paths became more difficult
And friends went other ways.
Decisions, joys, sorrows —
Life carried us along without telling us why.

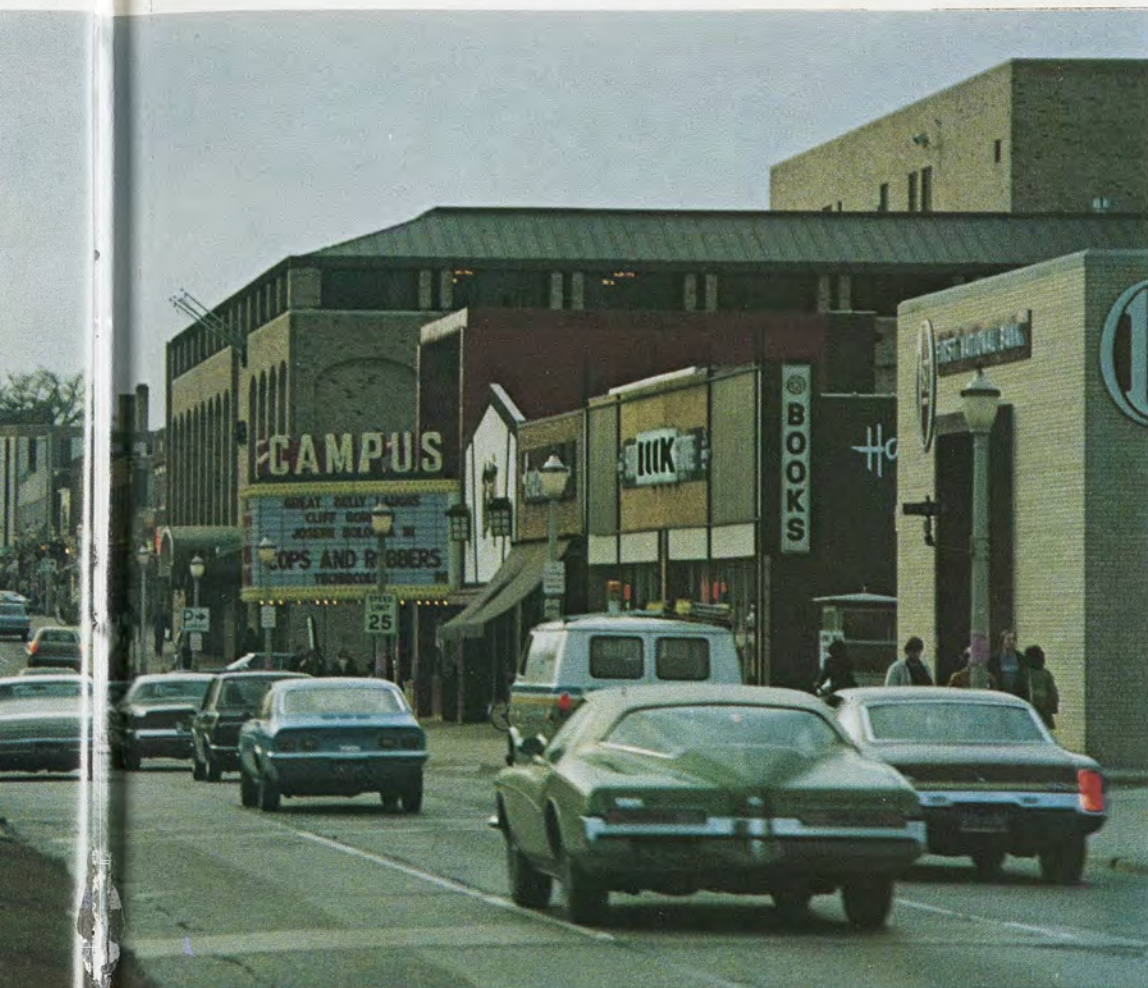

And now looking back —
Wouldn't we give it all
If our lives could be simple again?

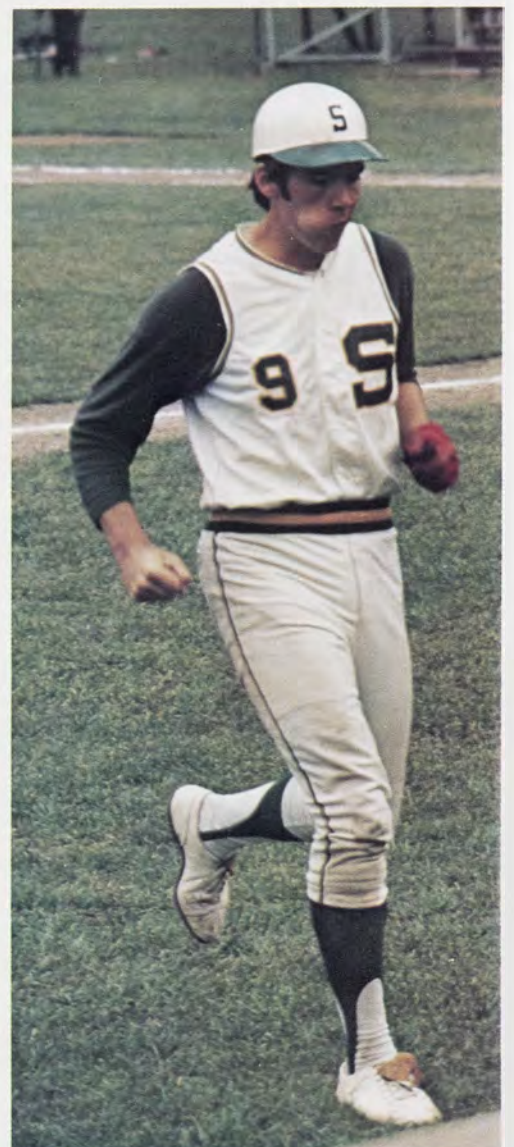

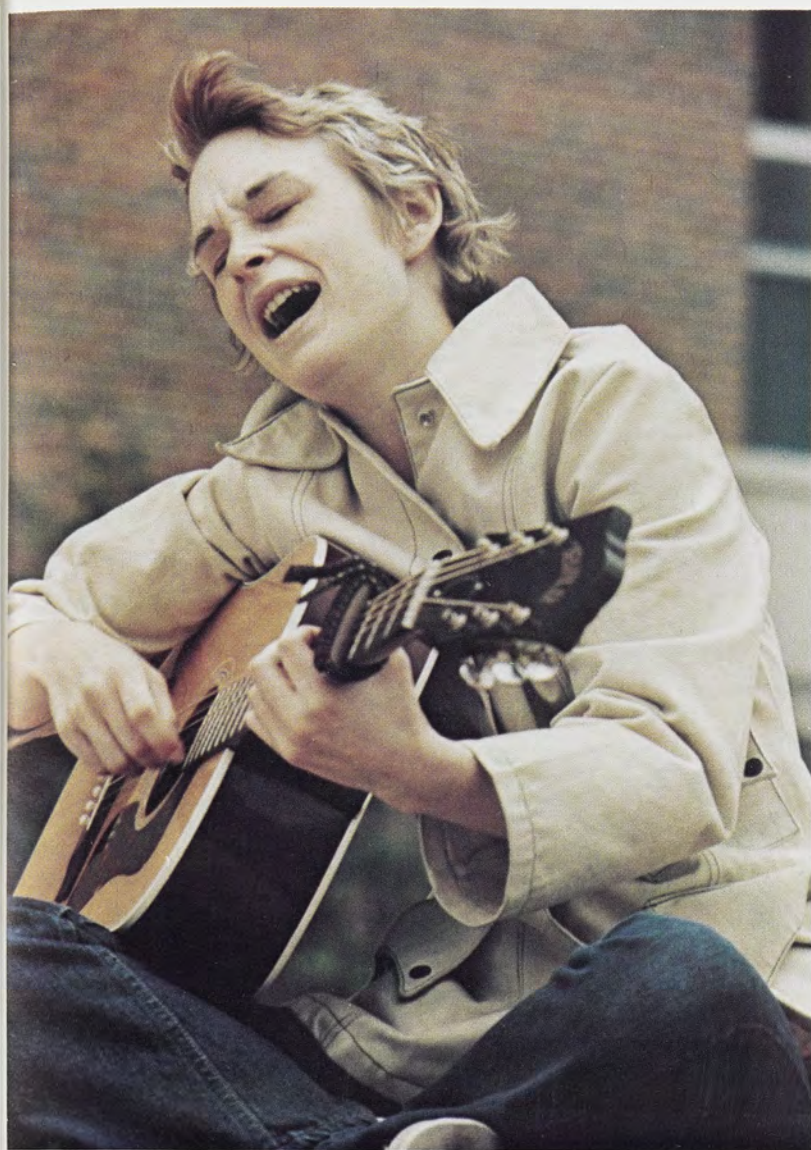

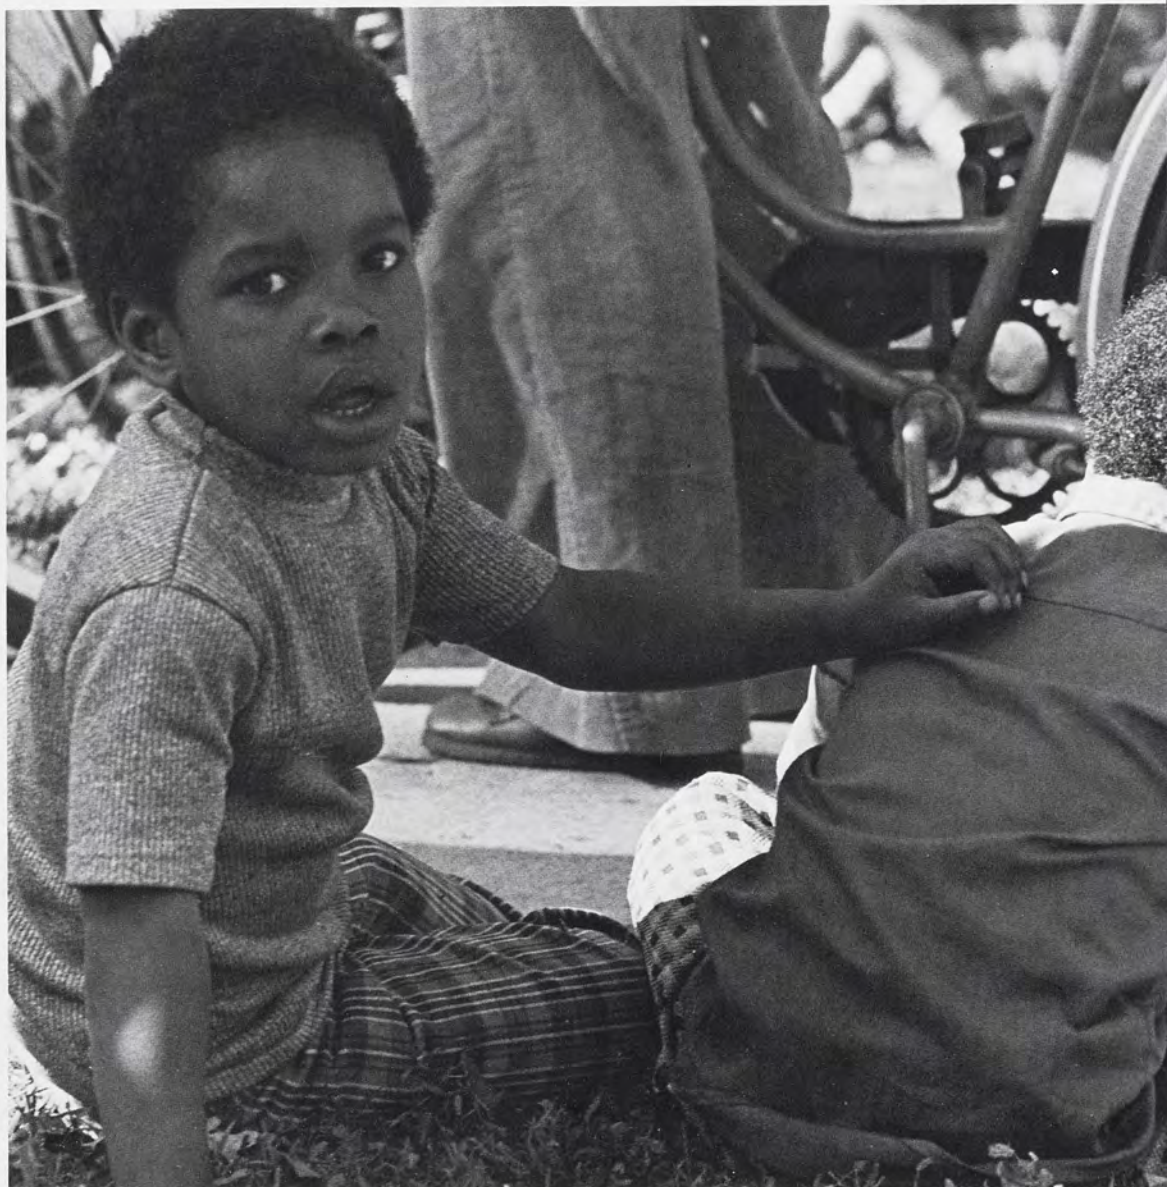

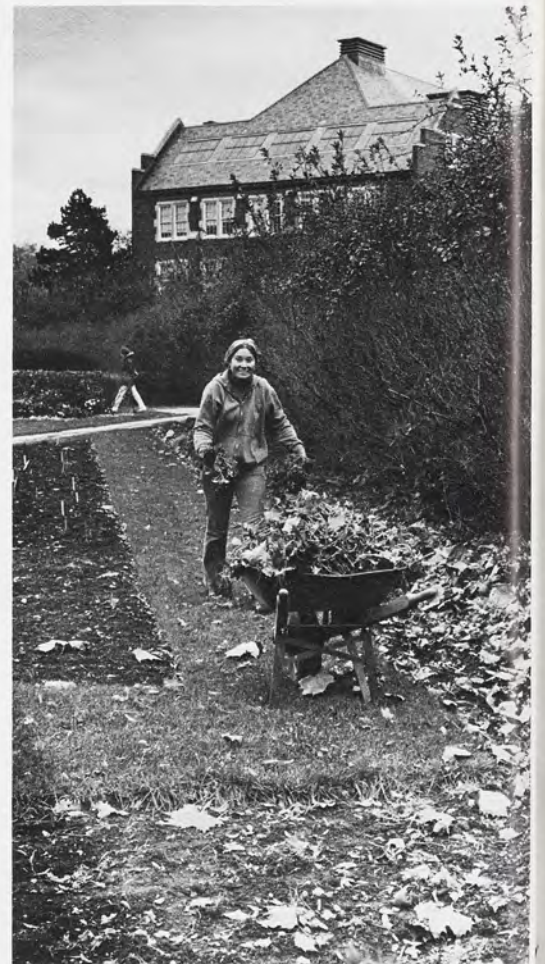

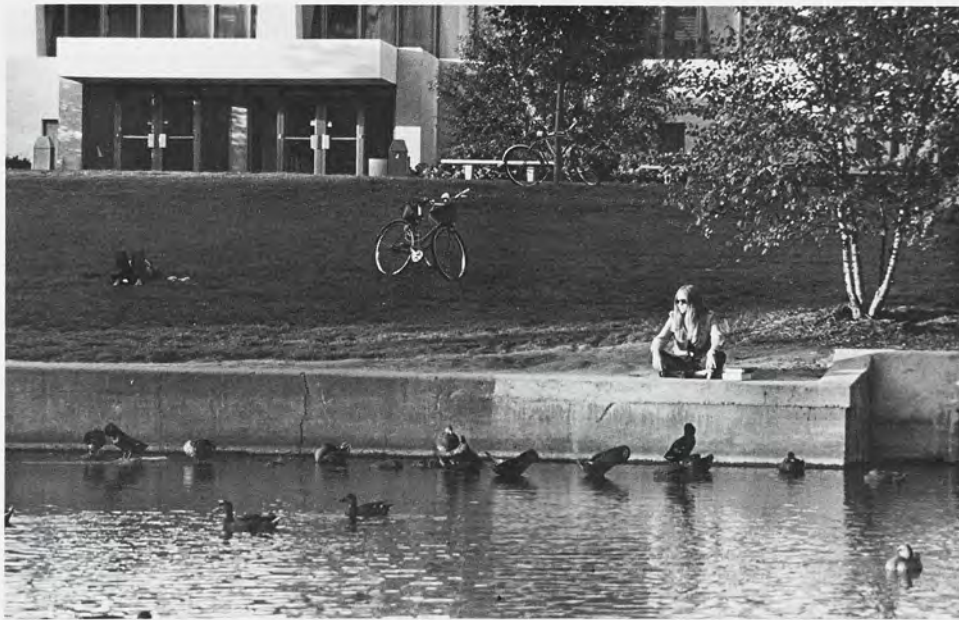

Friends.
They brought me joy,
smiles, anger, problems.
Yet the heartache
and happiness
they brought
caused me to be alive.

511
I will remember them
as Friends.

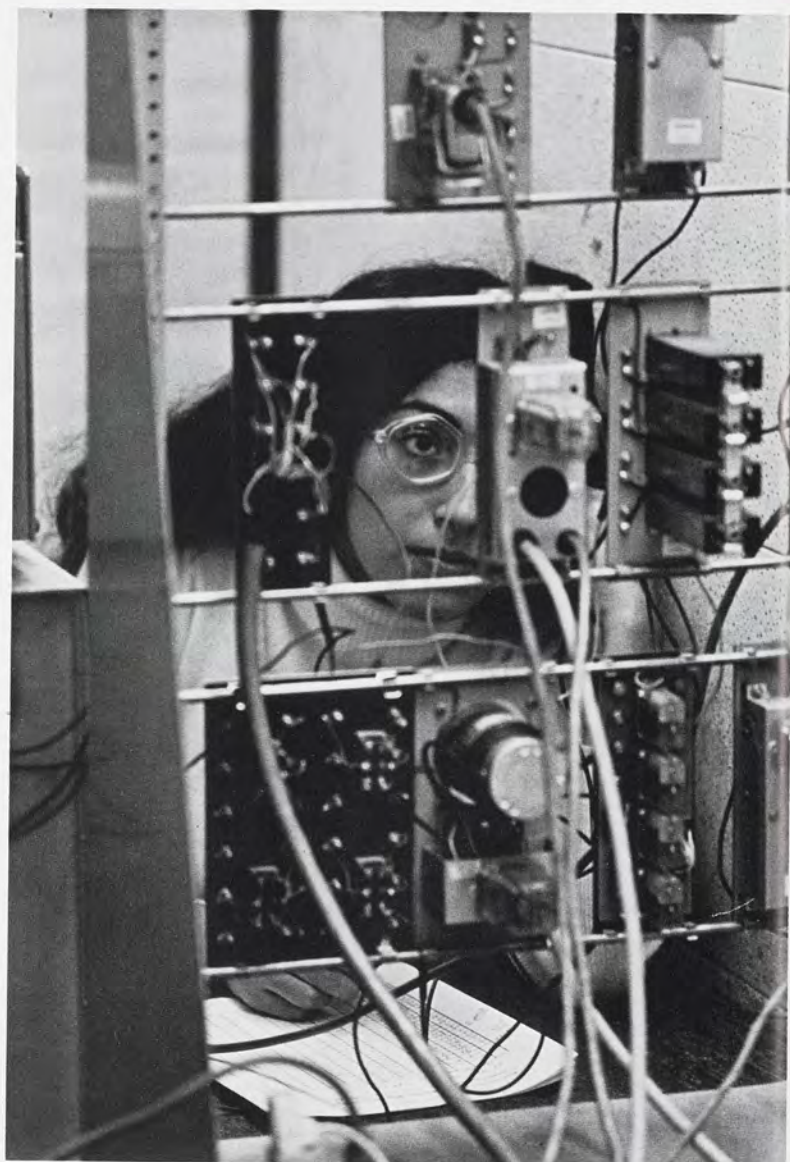

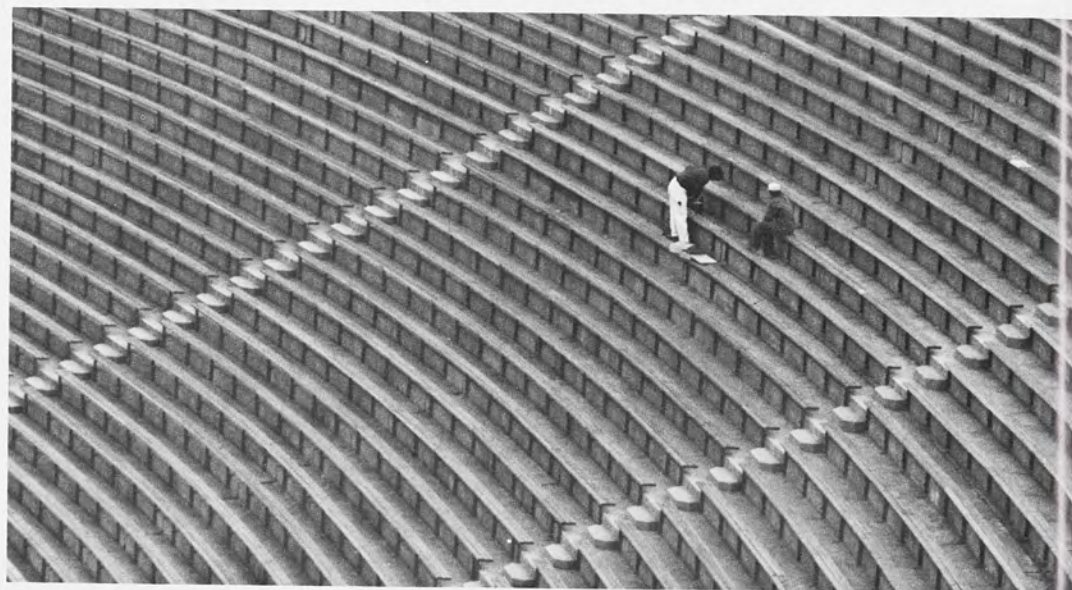

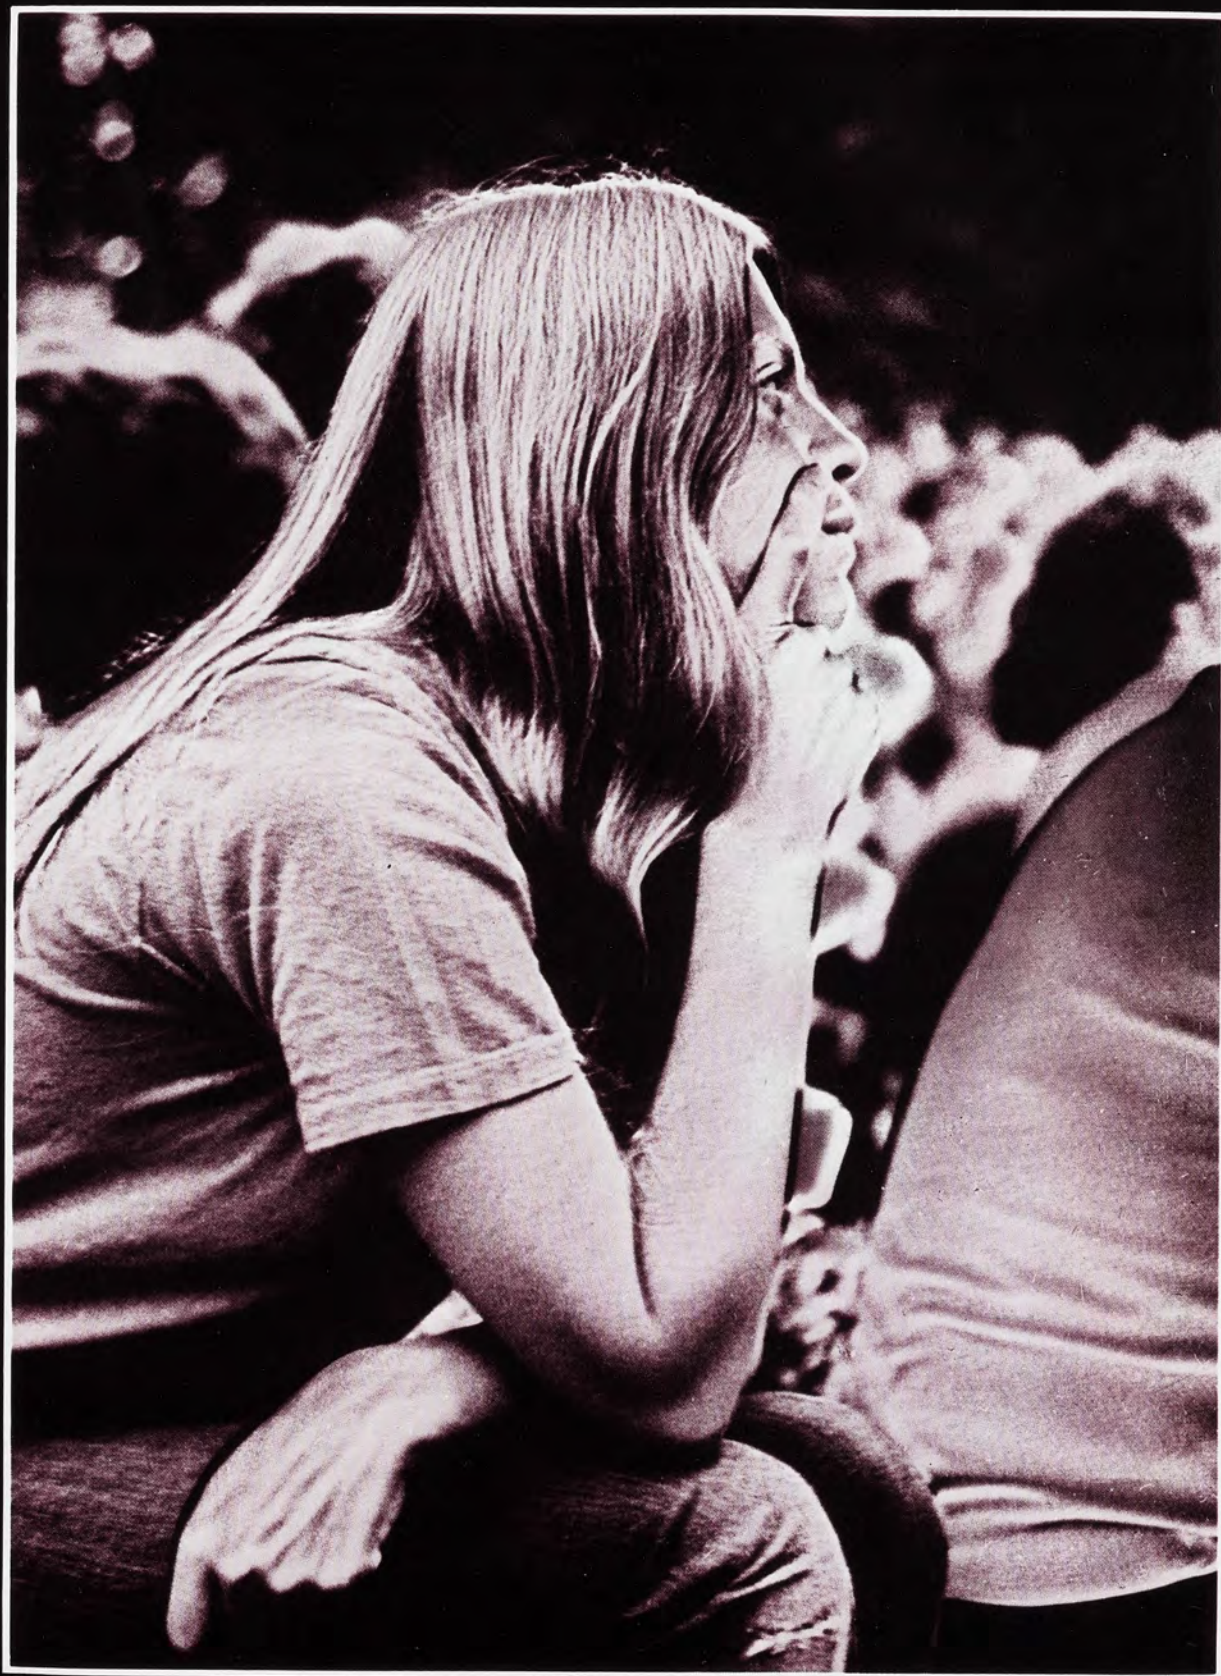

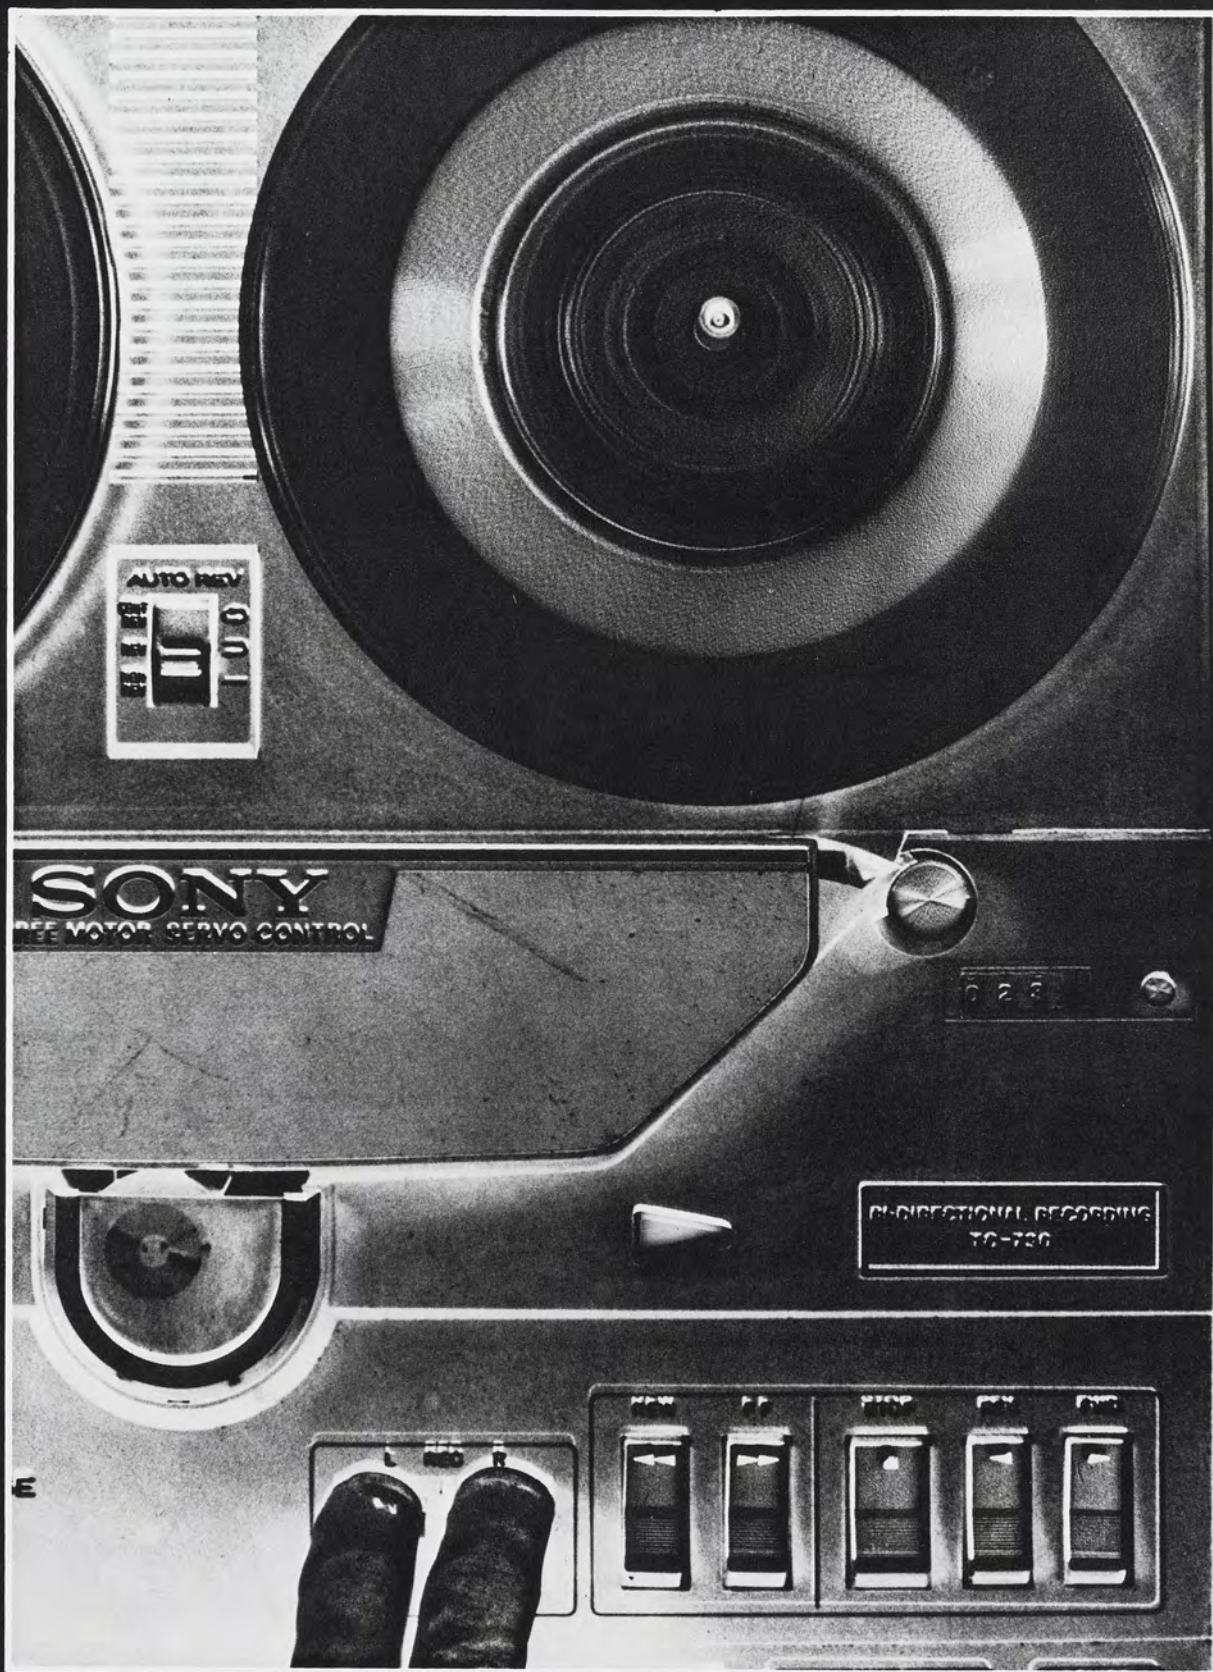

... for we may never
pass this way
again.

Highlight '74

History will show that Richard Nixon may be one of our greatest presidents, say presidential aides. History will also show that these same aides were indicted on charges of perjury and the obstruction of justice, and most of them have had to resign their positions.

Richard M. Nixon, who won the 1972 election by sweeping 49 of our 50 states, now finds himself with the lowest Gallup Poll ratings in his term in office; and finds himself being faced with the possibility of impeachment because of the "Watergate Affair" and other activities in which he has become involved.

There is also an energy crisis, would you believe it??? There are also shortages, crises, demonstrations, political kidnappings, increased crime, strikes, high unemployment, inflation, and countless other events which lead us into a distrust of each other, our leaders, and our ways in life.

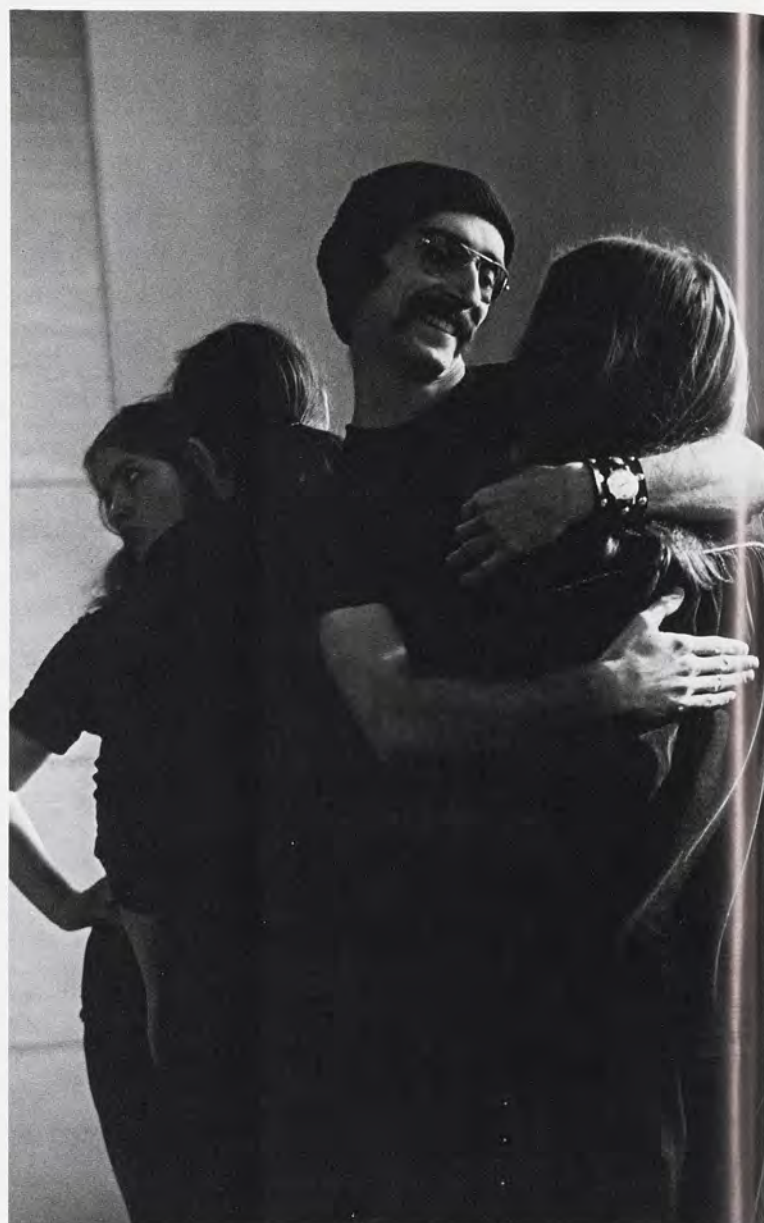

People aren't going to church anymore . . . so where do we turn. Is it only in God that we trust? Do we trust our friends? Or is it that we only trust ourselves?

People can not be blamed for not having trust in their leaders. People can not be blamed for questioning the validity of the energy crisis. And people can not be happy with life if their grocery bills climb with every turn of the shopping cart.

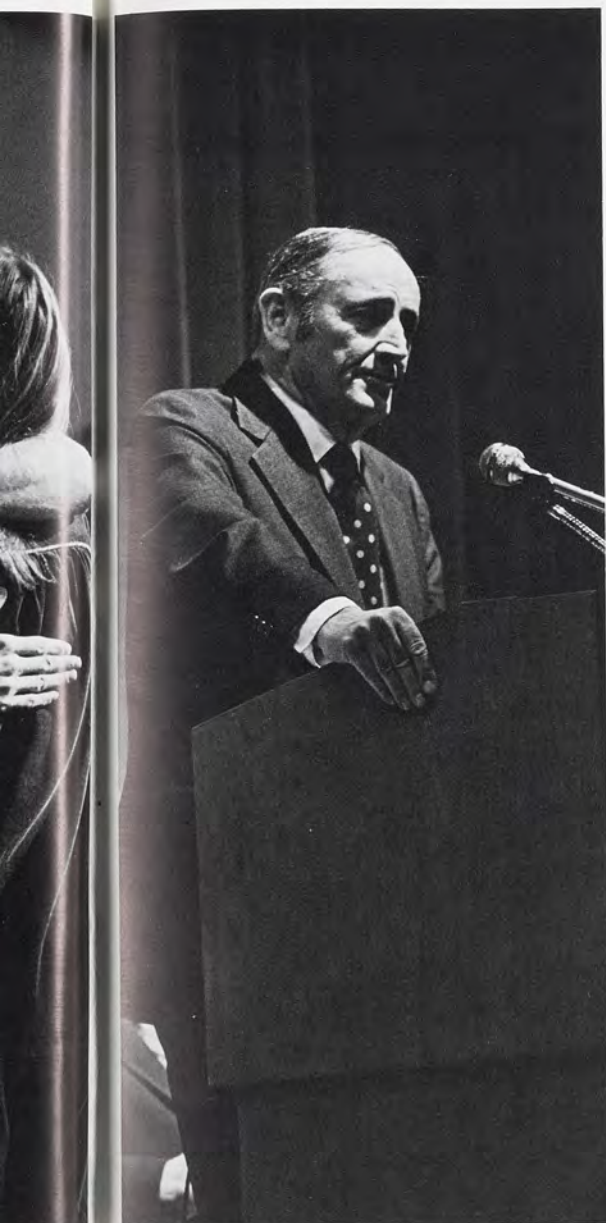

What are people turning to for their lifestyles? The family is getting smaller in size despite the church asking people to refrain from using the pill. Wives are calling for liberation from aprons while husbands are standing by bewildered with what is happening. And the average high school student doesn't come home with homework any longer.

The biggest movie of the year shocked everyone into a state of fear, and even the Duke, John Wayne turned to the making of cop movies. What is the world coming to?

Next year will tell . . . if anyone dares to look ahead.

Is it only in God we trust?

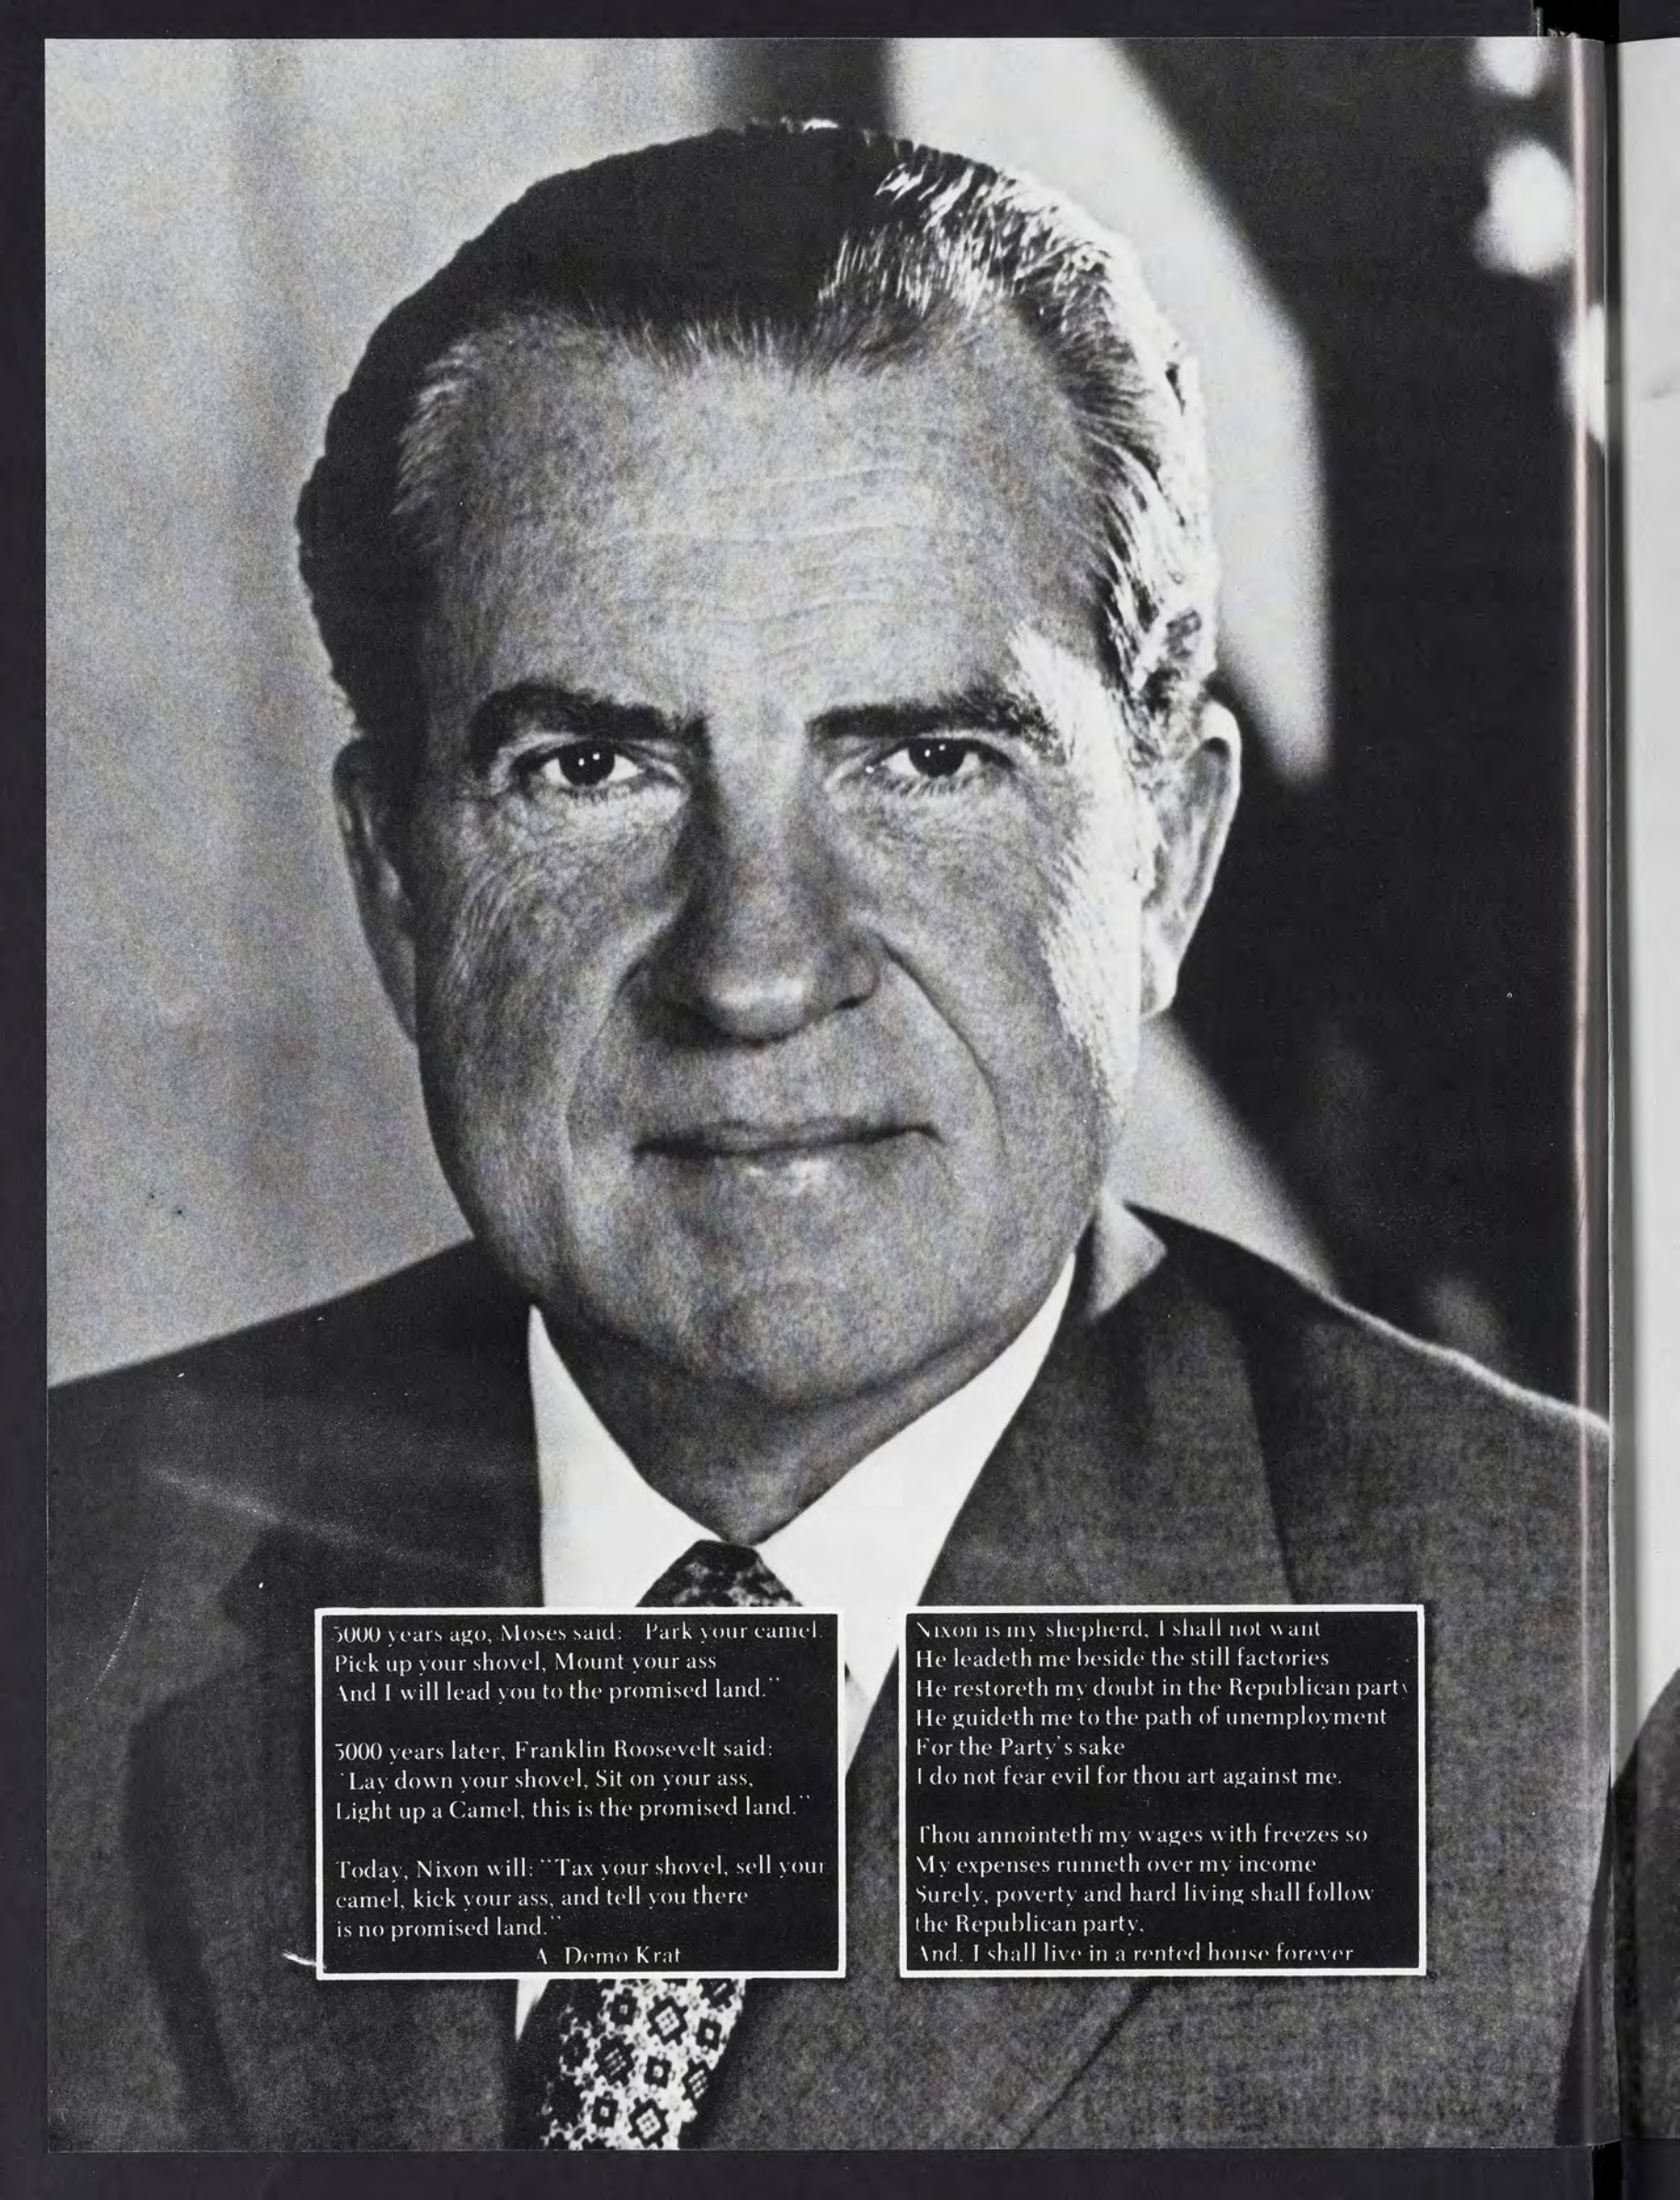

Opposite Page, Top: Most of us still trust a friend.

Opposite Page, Bottom: This gas station has the right idea.

Top, Left: John Gardner, founder of Common Cause, visited campus during fall term. He is the founder of one of the most active consumer groups.

Above: The most popular and most controversial movie of the year (ever since Linda Lovelace got a sore throat) "The Exorcist."

Left: Walter Adams speaks at a fall "Impeach Nixon Rally."

5000 years ago, Moses said: "Park your camel.
Pick up your shovel, Mount your ass
And I will lead you to the promised land."

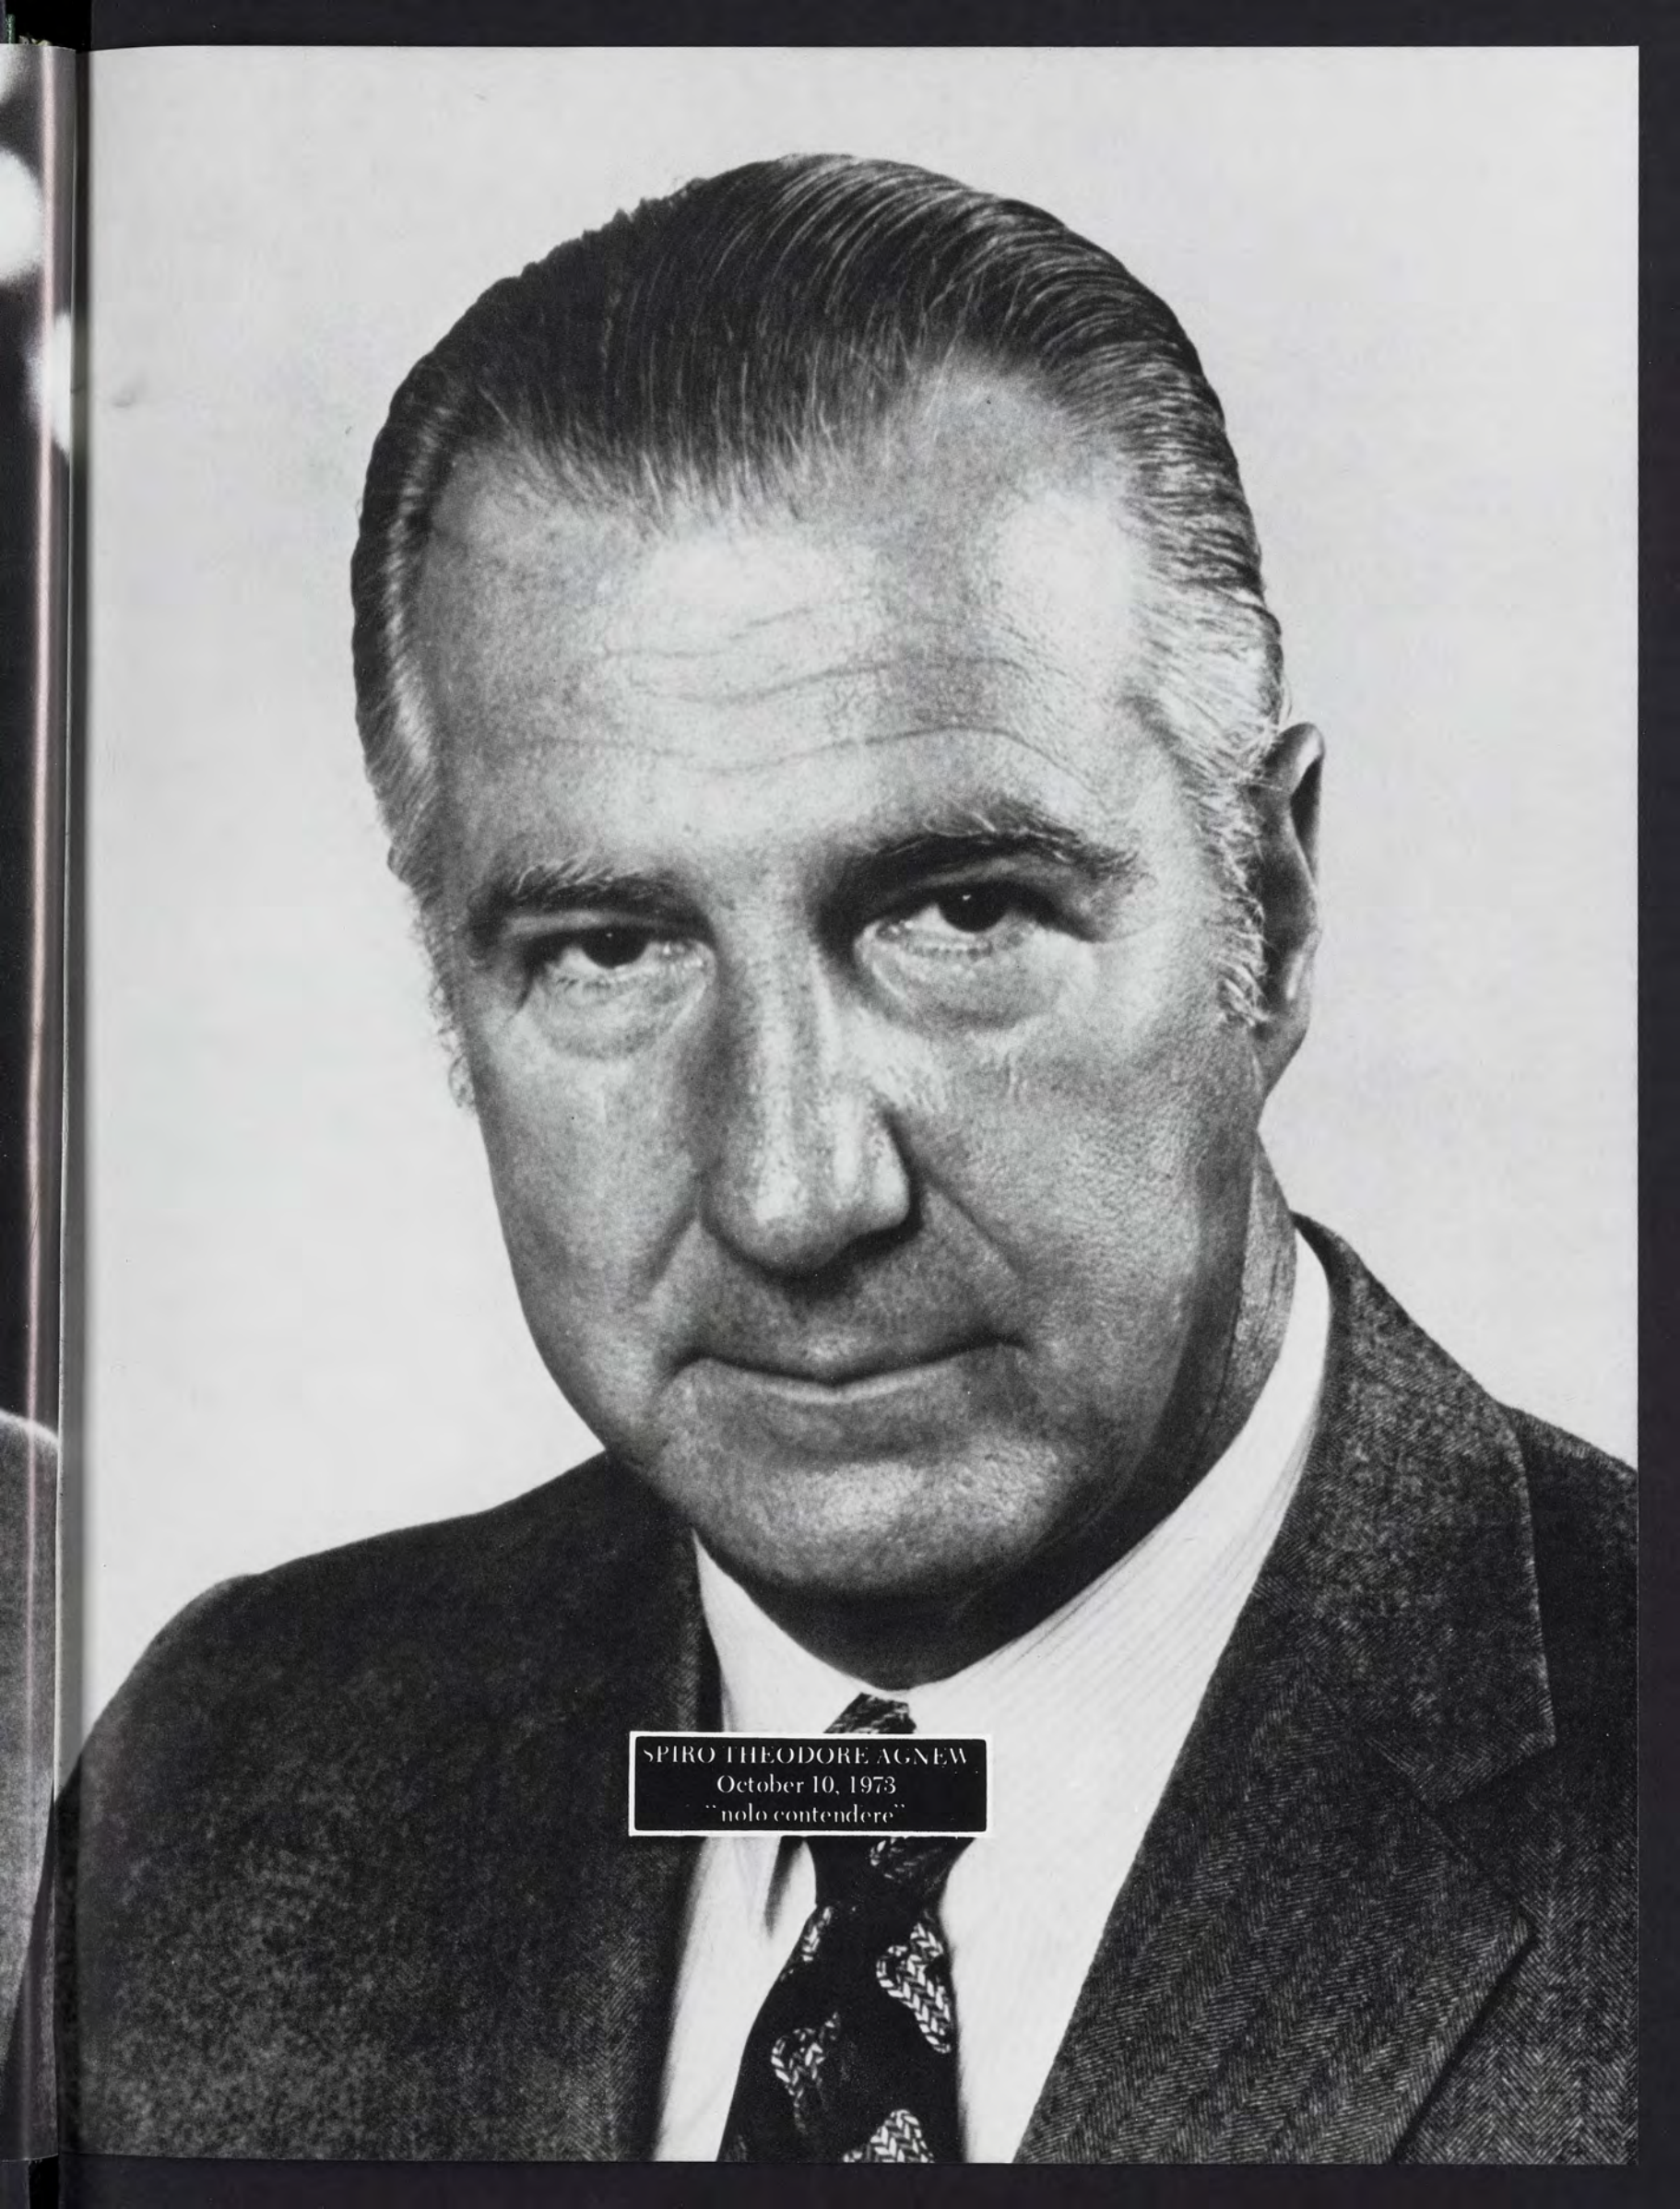

5000 years later, Franklin Roosevelt said:
"Lay down your shovel, Sit on your ass,
Light up a Camel, this is the promised land."

Today, Nixon will: "Tax your shovel, sell your
camel, kick your ass, and tell you there
is no promised land."

A Demo Krat

Nixon is my shepherd, I shall not want
He leadeth me beside the still factories
He restoreth my doubt in the Republican party
He guideth me to the path of unemployment
For the Party's sake
I do not fear evil for thou art against me.

Thou annointeth my wages with freezes so
My expenses runneth over my income
Surely, poverty and hard living shall follow
the Republican party.
And, I shall live in a rented house forever

SPIRO THEODORE AGNEW
October 10, 1973
"nolo contendere"

Pickets for the Fruit of Union Labor

One of the most exciting movements of the school year was the United Farm Worker's Grape Boycott.

Dedicated pickets marched every Saturday at the Brookfield Plaza A&P until a court injunction forced them to move their picket lines to the Frandor Wrigley Supermarket.

The pickets protested the store policies of selling non-union picked grapes and non-union bottled wines while vineyard owners in California fought union efforts in organizing workers, most of them being migratory farm workers.

A rally on campus during Fall term brought Richard Chavez, and many of Michigan's state legislators to campus to participate in the rally and march.

Opposite Page, Top: Protesters are enroute to the Brookfield Plaza A&P to protest the sale of non-union picked lettuce and grapes.

Opposite Page, Bottom: Lansing's 57th District Representative Earl Nelson marches with House Speaker William Ryan.

Above: East Lansing Representative Lynn Jondahl holds the microphone for a U.F.W. entertainer.

Left: Richard Chavez, brother of the famous Ceaser Chavez, with two of Michigan's legislators.

Energy
Crisis

The year of the crisis. The word is beginning to lose its meaning as we are being faced with the daily problems of our modern world.

FREEZE, SHORTAGE, ALLOCATION, and CRISIS!!! They all tell the same story. They all warn, they all threaten, and it seems they are all "REAL."

Can there be any light in our threatening clouds of doom? Will we be able to conserve, recycle, and satisfy our huge appetite all at the same time? Will we leave anything for our future generations who will demand more tomorrow?

Some people speculate as to the reality of the current energy crisis. Some people feel that the major oil companies are holding back on the American public, hiding and hoarding their supplies while we suffer. Does it really matter? Isn't it about time that we did look at our consumption levels and curb our appetites?

Opposite Page, Top: Michigan State is an exclusive user of coal since the beginning of the energy crisis. The gas which was used to run university power stations has been diverted to other areas of the state.

Opposite Page, Bottom: Would you believe that there is a chlorine shortage?

Above, Left: All University thermostats are now set at 68 degrees to ease the energy use in heating buildings.

Above: What looks like the Lake Michigan shoreline is really our MSU coal piles

Left: Wells Hall at 8 a.m. This effort to ease the energy crunch came in the way of year-round daylight time.

Right: Oldsmobile, Lansing's largest employer is also one of the auto manufacturers hurt by the energy crisis and the public's move to the smaller economy models.

Bottom, Left: Pool It! A campaign being conducted with state employees urges the use of car pools. A similar effort is being conducted on campus.

Bottom, Right: Electricity — Your Servant

Is it still true?
Opposite Page, Top: Commercial airlines have been hard hit by fuel allocations, which have forced drastic cutbacks in schedules.

Opposite Page, Bottom Left: The luxury model cars are sitting in car lots while the consumer finds waiting lists for many of the small economy model cars.

Opposite Page, Bottom Right: What used to be an independent brand of gasoline these Crest gasoline pumps now gather dust their prices are set at 34.9 for Regular and 38.9 for Ethyl.

The Energy Crisis seemed to come out of nowhere, yet we are told it has always been lurking near by.

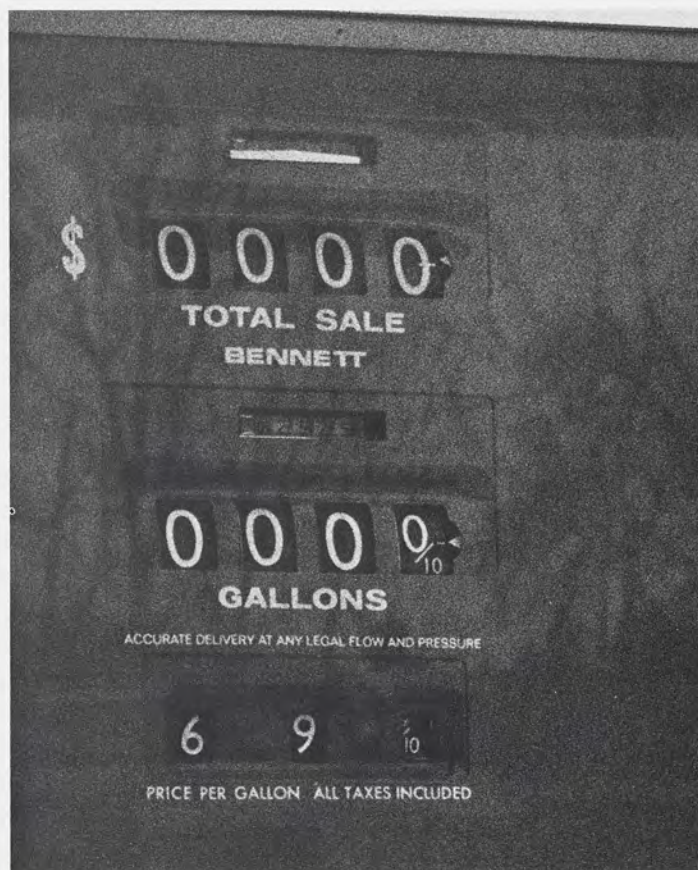

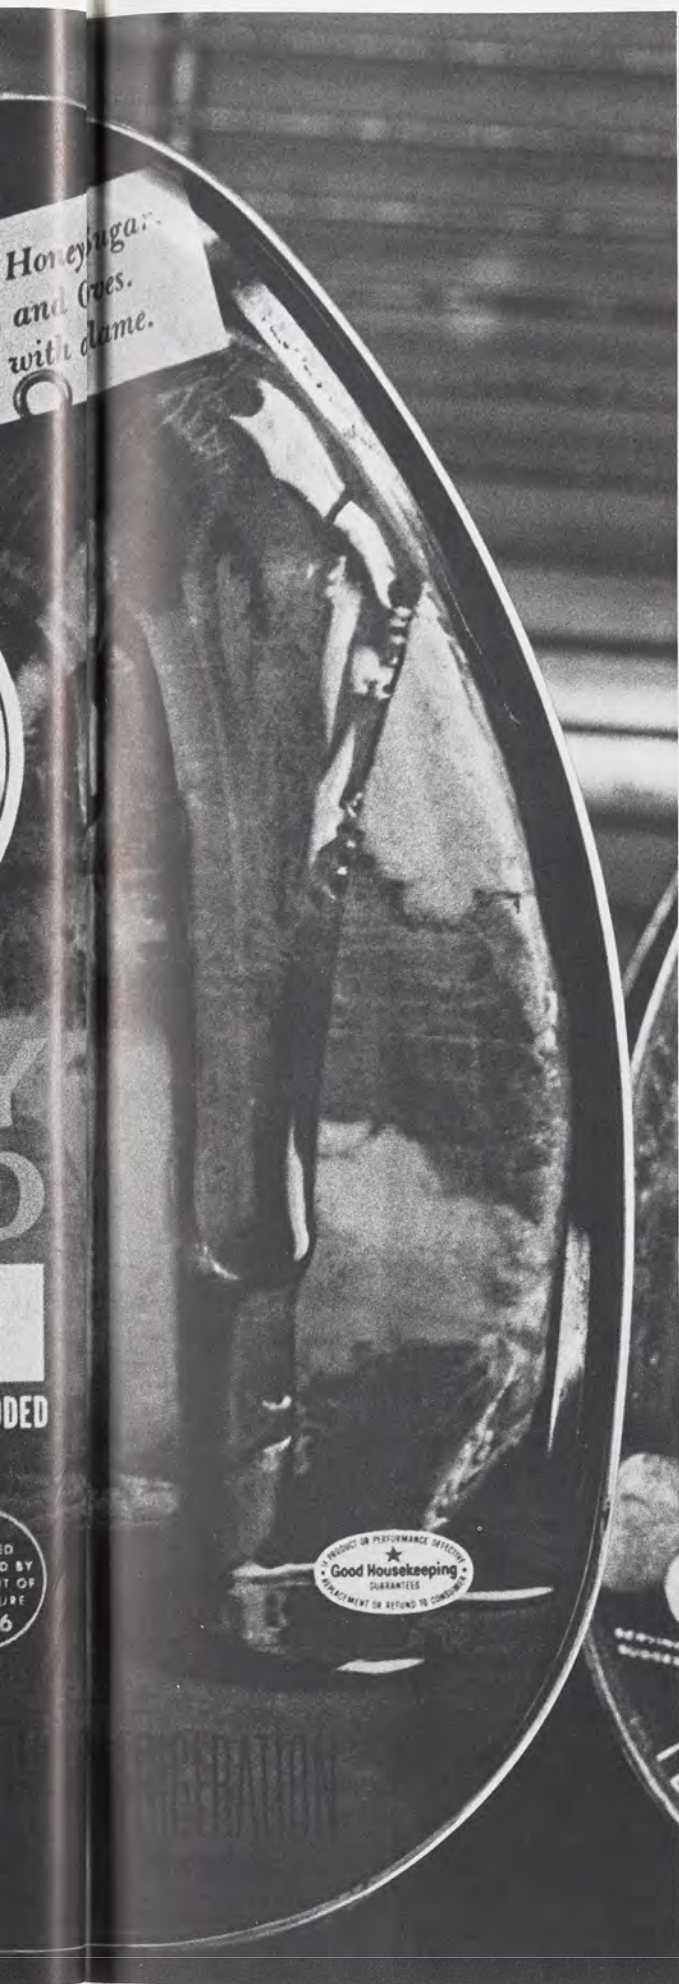

Long lines at gas pumps, reduced speed limits, thermostats set at 68, and year-round daylight time, are now integrated into the American way of life.

Layoffs at the Big Three automaker's assembly plants, trucker strikes, sky-rocketing prices, and other product shortages have thrust our economy toward a recession; despite the efforts of our administration.

Our future seems to be a world with limited travel, economy cars, mass transit, sweaters, dark Christmases, and the flickering of a fire in the fireplace. That is, if you are able to find the firewood.

Our Economy . . . Ph-h-hased Out

Election Day, the Minority Rules the City

What was originally billed as a battle between the more conservative residents of East Lansing and the students of MSU, turned out to be a victory for the non-campus electorate when incumbent Mary Sharp and political newcomer John Polomsky won the two seats on the East Lansing City Council in the November election.

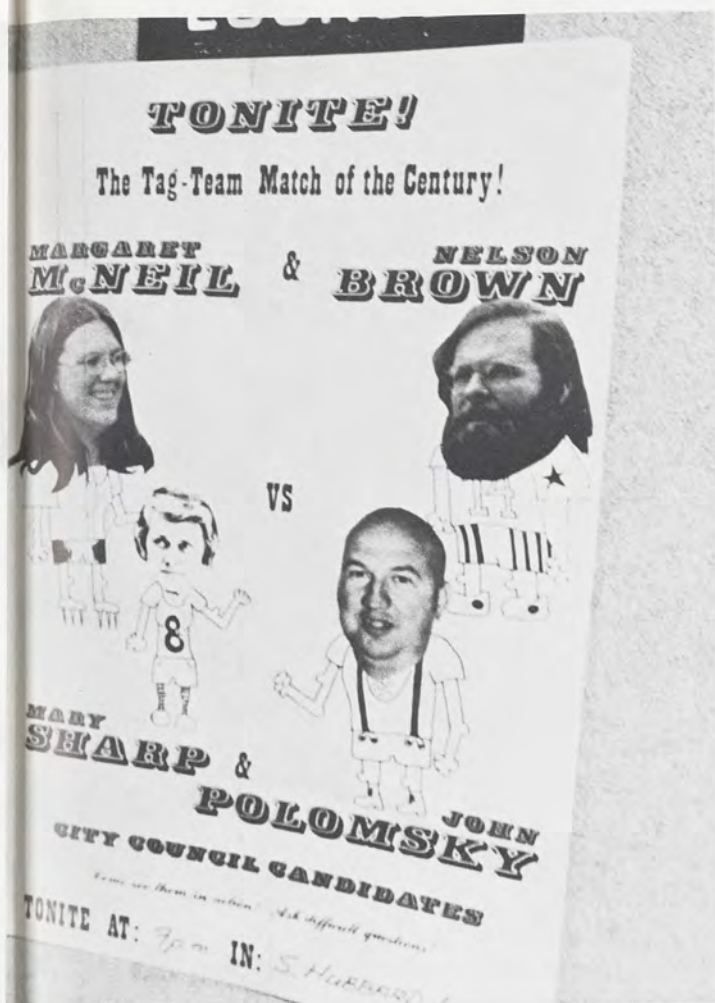

The 1972 election reforms which gave 18 year-olds the right to vote in their college towns turned the hand of power towards the students. In East Lansing over 65 per cent of the registered voters attend MSU. But this election showed that these students are not turning out at the polls to use their hand of power.

While 52 per cent of the local residents turned out to cast their ballots, only 30 per cent of the registered students voted.

Candidates Nelson Brown, 28, and Margaret McNeil, 22, ran on the platform of the Convention for a Responsible Council. The large amount of student support they had expected did not come, and consequently their bid for election failed.

Although they expressed disappointment in the student turnout, McNeil and Brown voiced hope in the future of East Lansing government.

Opposite Page, Top: Margaret McNeil, a 1973 MSU graduate, discusses campaign strategy at the McNeil-Brown campaign headquarters.

Opposite Page, Bottom: A local election official explains the ballot to a MSU student at the poll in the Union Building.

Left: This poster captures some of the spirit of the campaigning for the two city council seats.

Below: Council candidate Nelson Brown.

Bottom: All four candidates spent weeks attending forums in the dormitories and the community, in most cases the turnout for these sessions was poor. This forum was held in a Hubbard Hall lounge.

Administration And Trustees

To MSU students the administration seems to be a massive bureaucracy without face or identity. But in examining the administration and the Board of Trustees, which oversees the operations of the university, students will find a group that is unique in personalities and ideas.

Trustees and administrators discuss and strive to reach compromises on issues for the benefit of the whole university community.

Non-salaried Trustees are elected to eight year terms in state-wide elections. Their only gratification comes through the personal satisfaction of knowing they have served the university community well.

Opposite Page, Top Left: John E. Cantlon, Provost.
Opposite Page, Top Right: Jack Breslin, Executive Vice President, and Board of Trustees Secretary.
Opposite Page, Bottom: A formal meeting of the Board of Trustees.
Above, Left: Trustee Chairman Frank Merriman of Deckerville, listens to the thoughts of Trustee Kenneth W. Thompson of East Lansing. These two trustee veterans are serving in their final year on the board.
Above: The most popular man on campus (his name appears on all university checks), Roger E. Wilkinson, Vice President for Business and Finance, and Treasurer.
Left: Clifton R. Wharton, Jr., University President, ponders before responding to a newsmen.

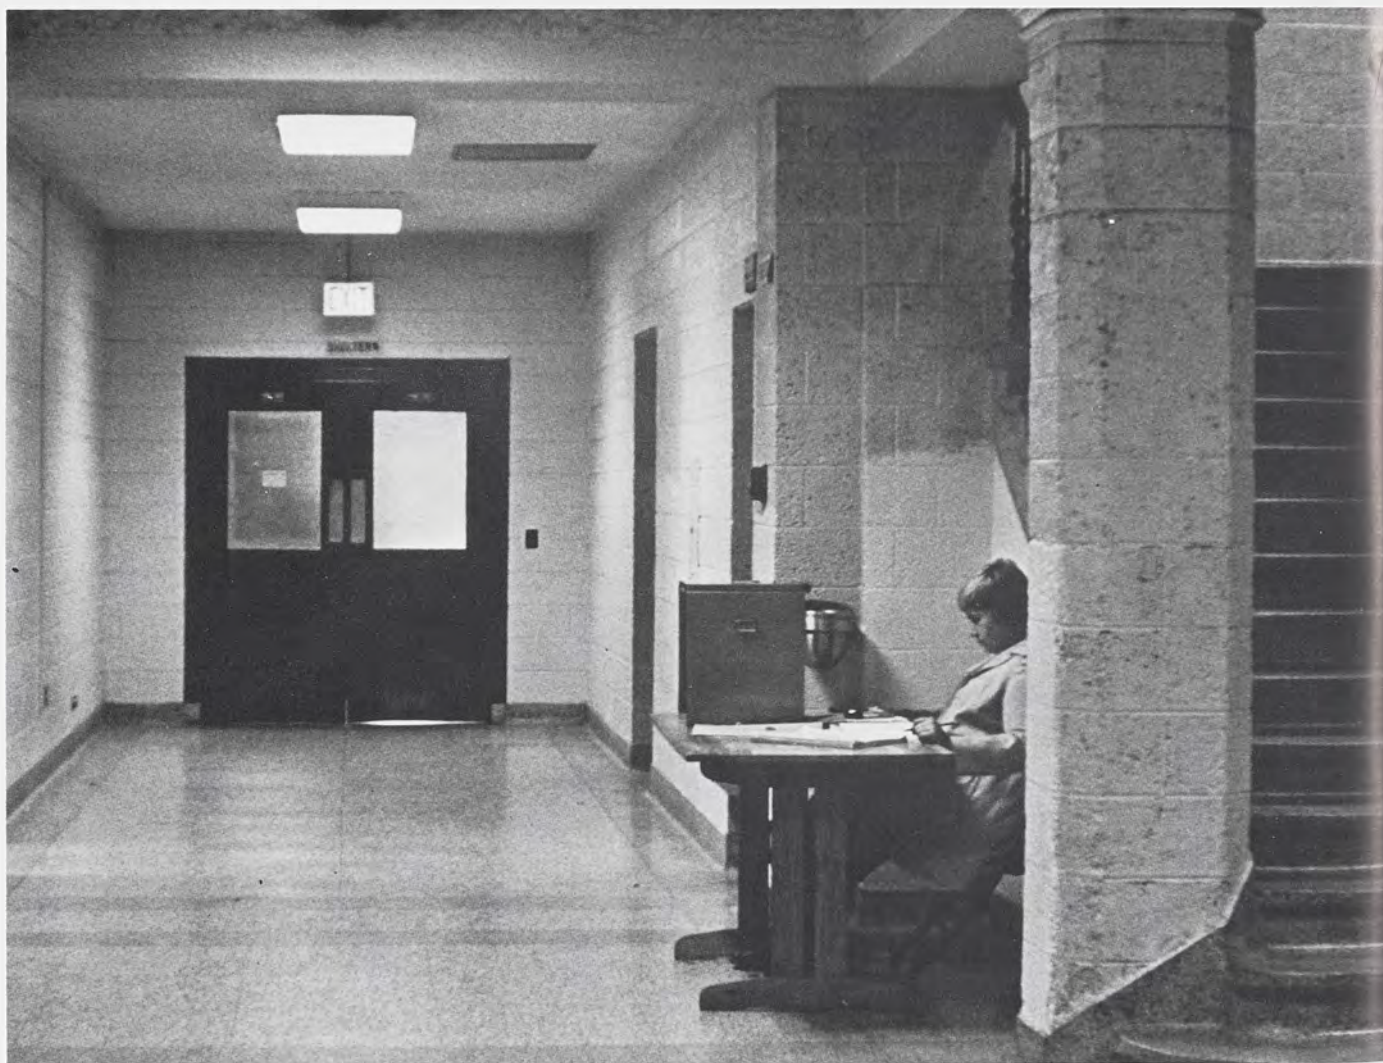

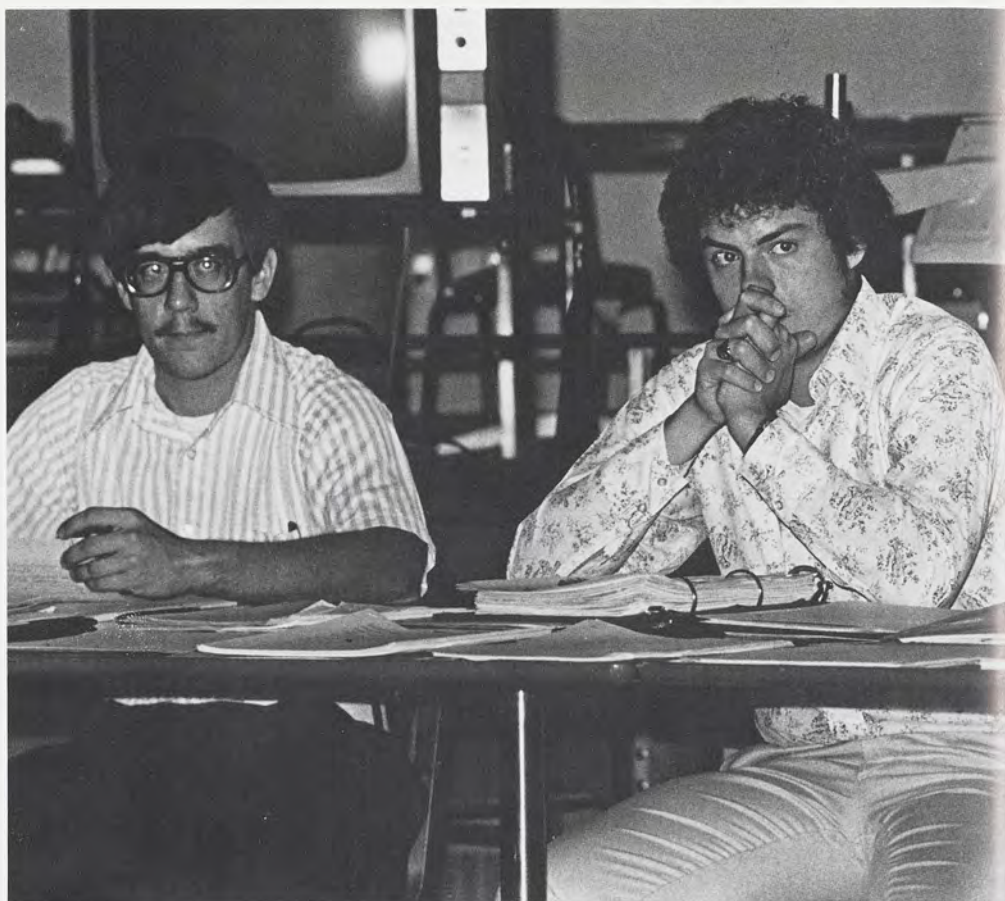

Right: ASMSU Comptroller, Richard Evans and President Ed Grafton listen to the proceedings at an ASMSU meeting.

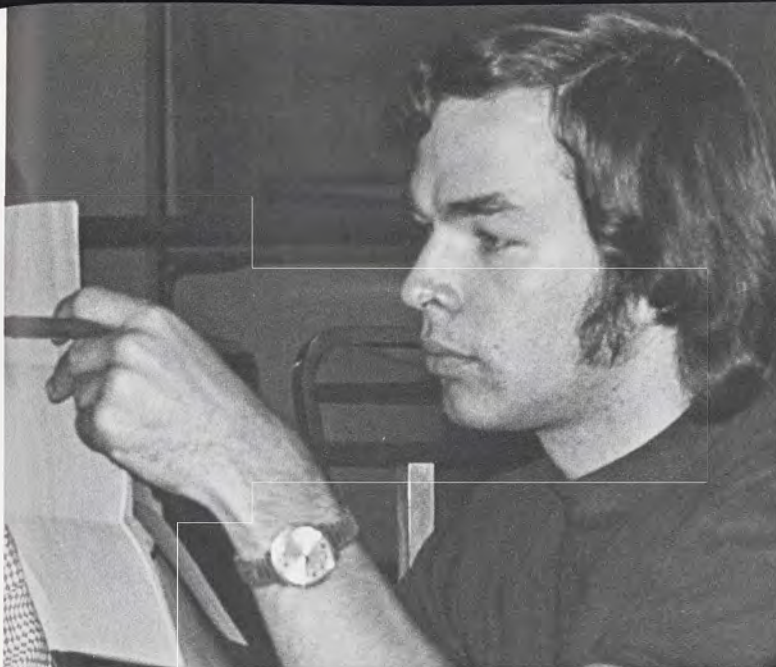

Below: A lonely election official reads while waiting for students to come and vote in the fall ASMSU election. The election official had plenty of time to herself all day, as less than one per cent of the eligible voters in the James Madison College and Communications Arts used their ballots.

Opposite Page, Top: Deane Sweet, Interfraternity Council President, studies the ASMSU meeting agenda.

Opposite Page, Middle: Residence Hall Association members Laurene Grimm, Gene Buckner and Karol Klopp run a RHA meeting.

Opposite Page, Bottom: Bradley Niles, a graduate student from Barbados, reads a letter to the Council of Graduate Students.

Student Governments, Voice of the People?

It is unfortunate, but the students of MSU have the same view of the administration as they have towards ASMSU. Students view it as bureaucratic and unresponsive to the student's needs.

Besides keeping up with its campus housekeeping, ASMSU continues to battle in the name of the students it represents. RHA and ASMSU teamed up to battle the Housing Office over the release of students living in over-crowded residence halls. And ASMSU has been fighting for a student voice on the Board of Trustees.

Yet, in the fall election for two vacant ASMSU seats only 50 out of 8,000 in two colleges voted. This was a poor 0.625%.

The Majority Minority: Women

Women's Liberation — what's it really about? Not very many women will burn their bra on a street corner. Yet, many women do feel that they deserve some recognition other than being mothers, wives, and a physically weaker sex.

Michigan State University is the school with the most women students in the Big Ten and the male counterparts are beginning to make their presence felt. Older aged women gather in luncheon discussions weekly to discuss their mutual experiences, there was a fall festival on women, and women have even entered the manly world of ROTC on campus.

Above: The sex barrier at MSU in Army ROTC was smashed this year with the addition of three co-eds.

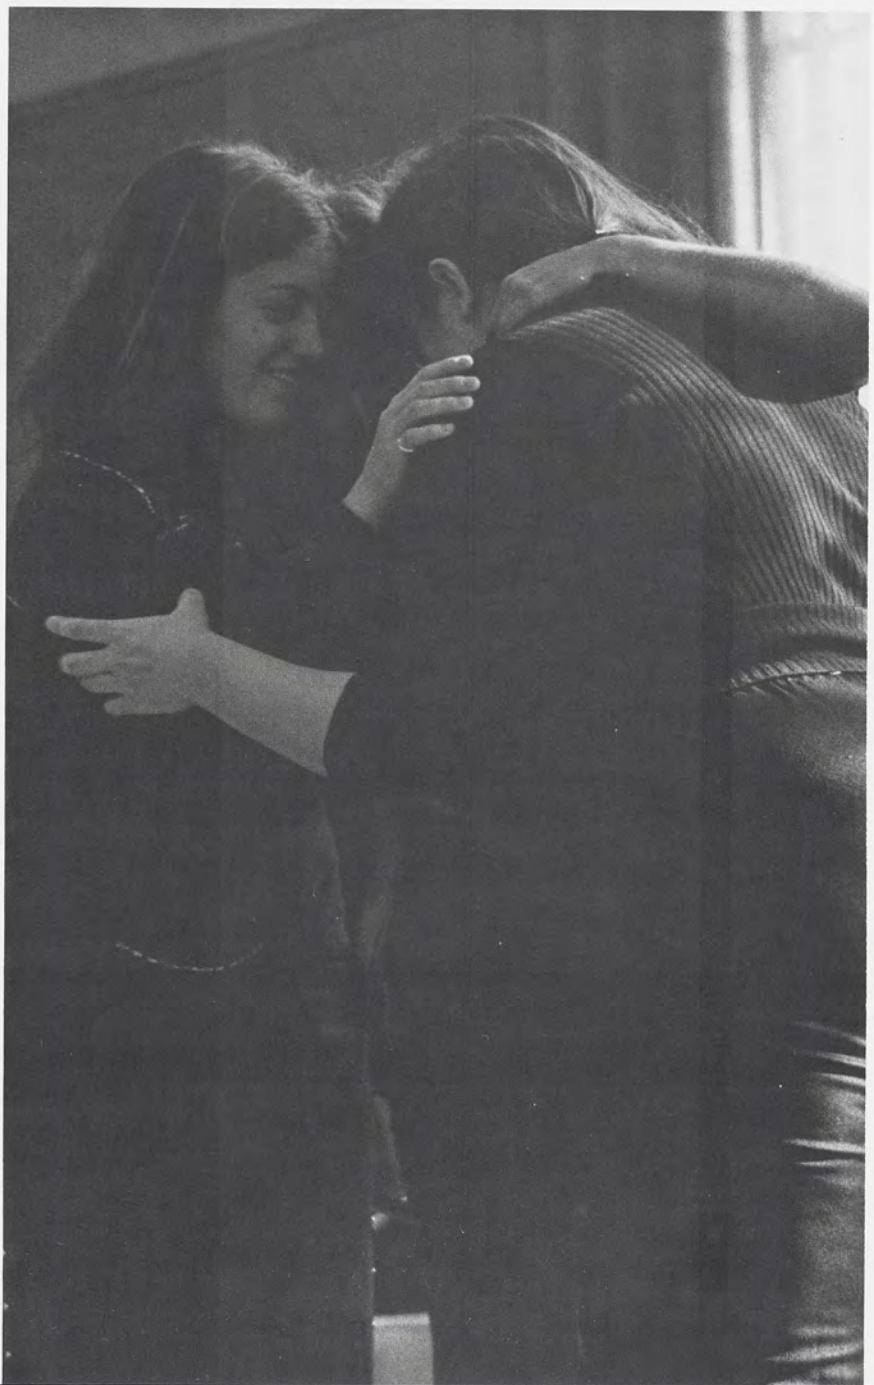

Right: Shirley Chisom, Democratic Congresswoman from New York spoke to a group of MSU and area residents.

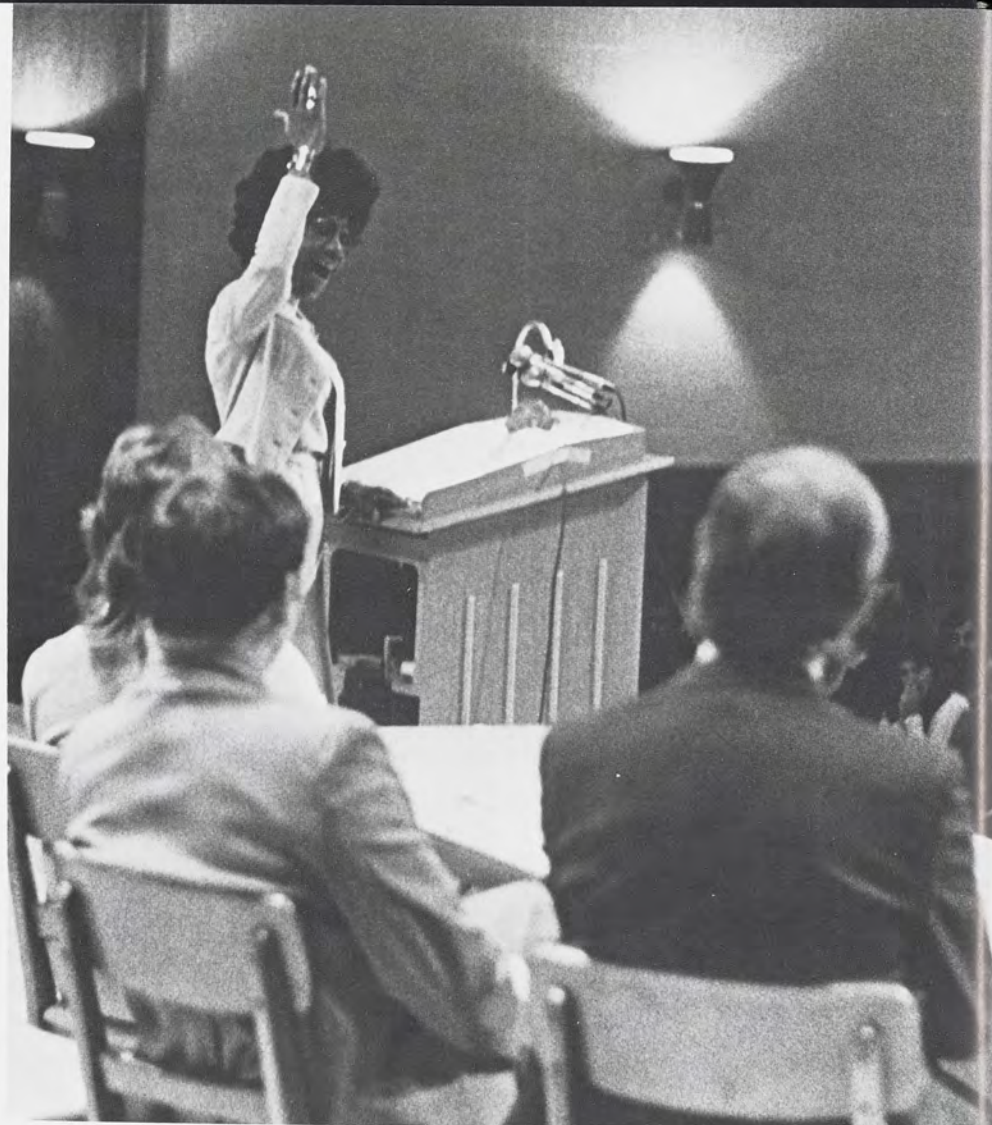

Center: An MSU co-ed browses through a magazine rack in a local news store.

Opposite Page, Top: Two MSU education majors study together in the library.

Opposite Page, Bottom: Three MSU co-eds staging a skit at the Festival on Women.

Top: Congresswoman Shirley Chisholm raised her hand in emphasizing a point at a speech at Lansing's Everett High School. Right: A group of Arab students gathered at the Mason Hall cafeteria to discuss the latest developments in the Mid-East War.

Opposite Page, Top: Israeli Students and faculty gather for a rally to urge U.S. support in the Mid-East War for the Israeli position.

Opposite Page, Bottom: An organizational meeting was held in Snyder Hall to discuss the crisis in the Mid-East after the outbreak of war in mid-October.

Minorities: the Whole Community

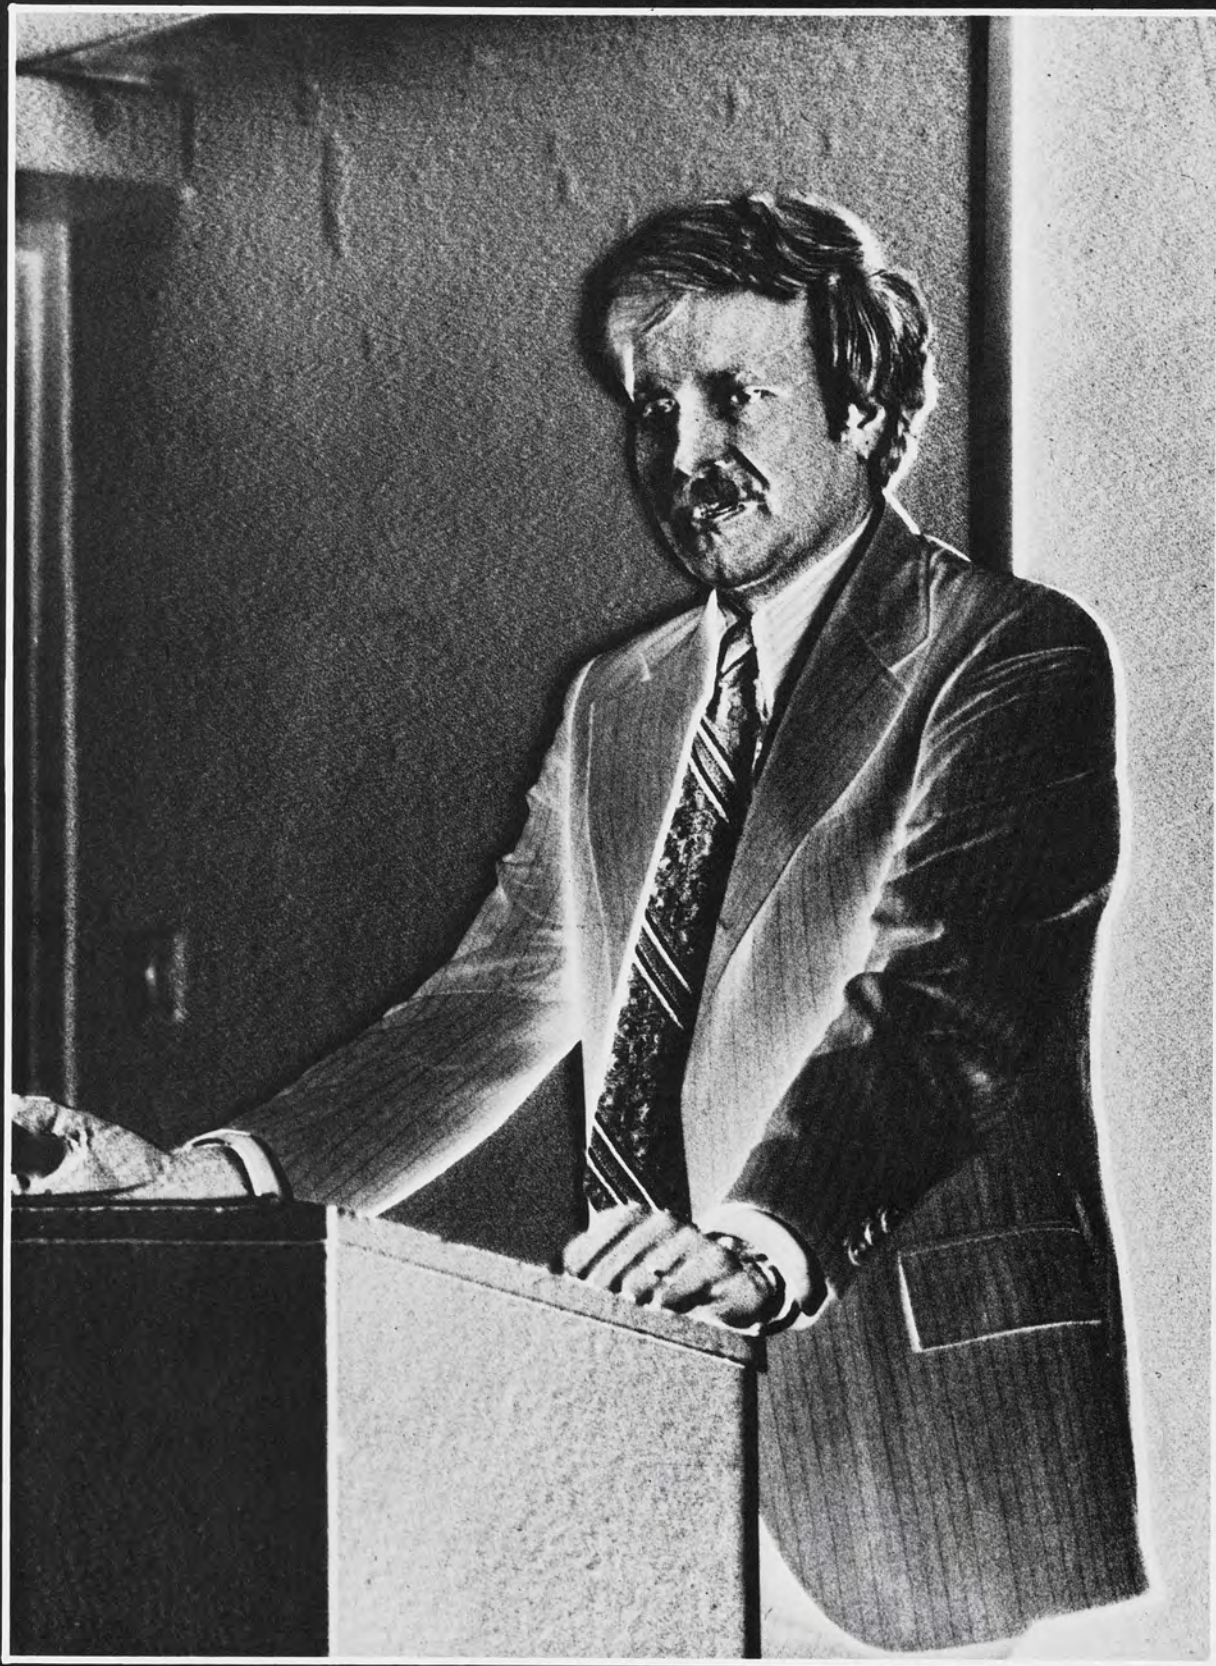

One of the most valuable commodities at Michigan State is the cultural diversity of its people. This is most evident throughout the school year in the types of gatherings that take place in the community.

There is Project Grapevine, Chicano Student organizations, Gay Liberation, the annual clash between the Pigs and Freaks at Spartan Stadium, the Arabs and Jews who both defended their countries' acts during the Mid-East War, and many others too numerous to mention.

They all draw people together to communicate, to learn, to experience a sharing with one another that makes this university much more than an educational institution.

Michigan State is its people. 40,000 different views build into minority groups, which build into larger groups, which all make this school a university community.

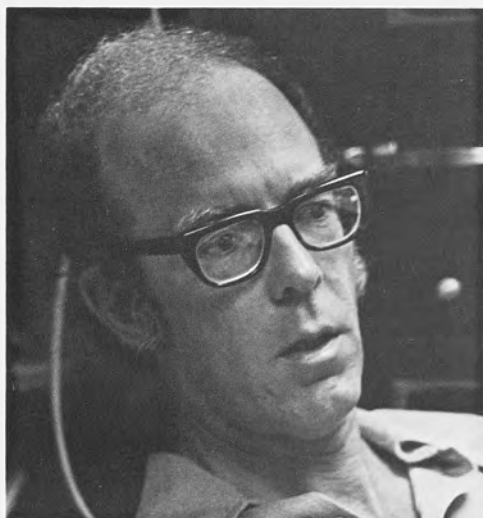

Academics

Wherefore Art Thou, Law School?

Above, Above Right, Right, and Opposite Page, Top: President Clifton Wharton, Governor William Milliken, Professor Harold Spaeth, and Provost John Cantlon have all at one time or another spoken in favor of a MSU Law School. Far Right: Unfortunately, the Michigan Legislature doesn't agree there is a need for a Law School here, therefore it vetoed the funds.

Highlight '74

"The committee concludes that there is an urgent quantitative need for another state supported law school in Michigan and, furthermore, there is a qualitative need that it be placed in East Lansing at Michigan State University." — Special Joint Legislature Committee on Legal Education, quoted in the Michigan State News, March 1972.

"No one has convinced me yet that we need another publicly supported law school in the state of Michigan" — Senator John Toepp, the State News, May 18, 1973.

First are the proposals, then the endorsements, then the legislature kills the request for funds.

This pattern has been going on since 1965.

The proponents of the law school, most notably President Clifton R. Wharton, Provost John Cantlon, Governor William G. Milliken, and Sen. Philip Pittenger, all believe that MSU is easily recognizable as the best location for a new law school. Within the community, the proposed College of Law could draw on many resources, including the federal judiciary system, the Attorney General's office, the Michigan Legislature, the Governor's office, the Michigan Supreme Court and state judiciary systems, and state agencies and commissions. Within the University itself there are a number of complimentary programs included within the Colleges of Social Science, Business, Criminal Justice, Education and Communication.

The proponents also believe there is a need for another law school in Michigan. A recent pamphlet distributed by the Office of the President states that "Although seventh in the country in population, Michigan ranks thirty-fifth in availability of legal services. The United States as a whole averages one lawyer for every 626 persons; but in Michigan it falls to one in 840."

So why doesn't MSU have its College of Law? Gov. Milliken has given his support for the last two years, but the legislature hasn't. The legislature almost did, however, in 1973. They actually appropriated funds specifically for a MSU Law School, but in doing so, cut funds from Urban Affairs and programs that involved tenure teachers. The University said they had to have money for these programs, so the legislature gave it to them — by taking the funds from the law school.

Meanwhile Sen. Pittenger continually proposes bills for an allocation of about \$900,000 for a law school, and the University continually talks to the governor's budget office, the Appropriations Committee and the Legislature Fiscal Agency trying to gain their support.

Harold Spaeth, professor of political science and advocate of a law school at MSU believes the administration is not trying too hard. However, he says they "clearly are not interested in a law school," and that there is a difference in "what they say and what they do." "If they wanted a law school, they would have had one long ago . . . as long as 15 years ago." Asked about the possibility of a law school in the future, he said it's possible, "but I wouldn't hold my breath."

Al Mandelstamm Means Business

Whether through an economics class, the Lecture-Concert Series, or the Faculty-Student Affairs Committee, MSU students have been meeting Handsome Al Mandelstamm for the last ten years. He came here from U of M to teach introductory economics and has worked on the Academic Freedom Report, which he claims was quite a challenge but enjoyable.

Mandelstamm likes the atmosphere and populace of MSU — students and faculty alike — but he has definite ideas about a university's purpose and student roles. Students are taking their studies more seriously, compared to three or four years ago when political rallies and demonstrations were the campus pastime. The purpose of school, from his view, is to study. Endorsing high educational standards, he deplores blanket grading.

In June, Mandelstamm leaves for a better position at Virginia Technological Institute which boasts an impressive number of the nation's leading profs. He'll leave quite a gap in the faculty.

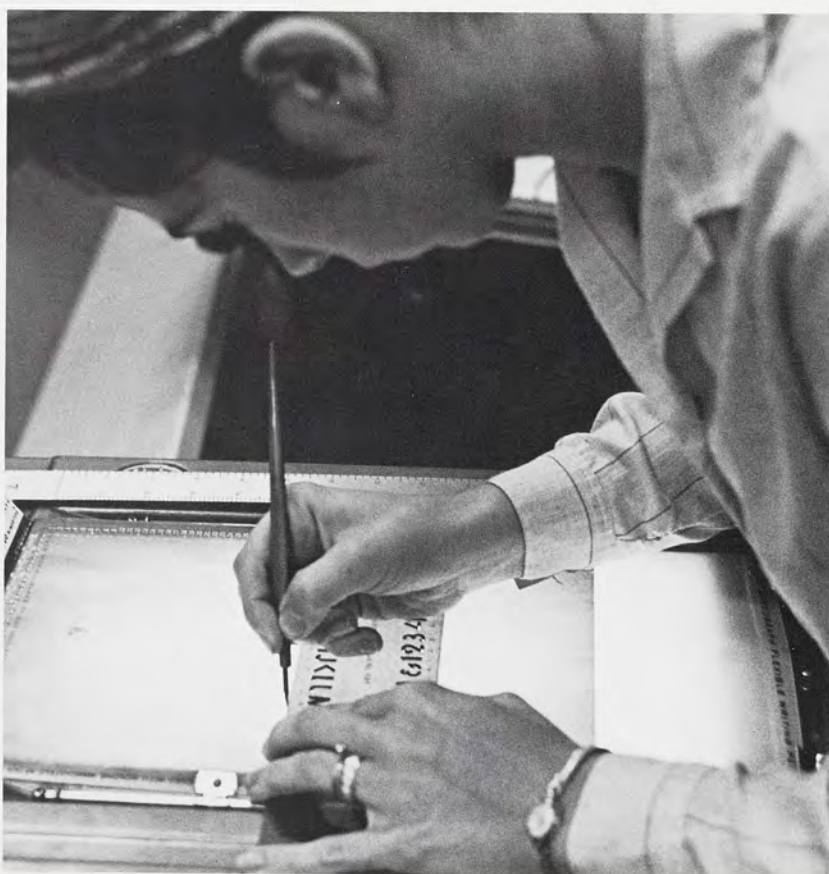

Opposite Page: Dr. Mandelstamm reacts to his Economics 200 class.

Left: Dr. Kraeer explains to a secretarial administration student the idiosyncrasies of an IBM executive typewriter.

Bottom Right: A student practices on a special type of stencil.

Bottom Left: Prof. Mandelstamm emphasizes a remark to his class.

Above: Dr. Robert L. Green, formerly director of the Center for Urban Affairs, was appointed Dean for the College of Urban Development by the trustees.

Above Right: Because of the small size of the new college, students had the advantage of small classes which allow for better student-faculty relations.

Below: Eric Winston's major task this year, as director of the Office of Student Affairs, is to meet as many students as possible and recruit them to the new college.

Opposite Page, Left: Wilbur Brookover, chairman of the Urban and Metropolitan Studies Department, is also mayor of East Lansing.

Dr. Green Appointed Dean of College of Urban Development

What correlation does a student's education have to the community he lives in? Robert L. Green, Director of the Center for Urban Affairs and Dean of the new College of Urban Development, feels that participation in community and organizational programs is a basic factor in education. In his own words, the newly formed college "will take students beyond the rhetoric stage into the action stage."

The College of Urban Development has been labeled "the greatest innovation" in the last ten years. Two departments have been created to handle student course needs. The Department of Race and Ethnic Studies probe the problems of being Black, Chicano, or Indian in America. Dr. Green hopes to expand the focus of the courses to include all ethnic groups such as the Irish, Italians, and Chinese.

Complementing the study of people are the courses concerning institutions and their related problems. This comes under the Department of Urban and Metropolitan Development.

Massive data was collected on education, health, welfare, transportation, and housing to insure that courses would cite the contemporary problems. With this information it is hoped to train students usable skills to function in a community.

In Race and Ethnic Studies this takes the form of conflict intervention. There is a great demand for this in corporate industry in the areas of management and development. In Urban and Metropolitan Development students train to be administrators.

One concern is job placement. The college sent surveys to local governments and schools to get an idea of the demand for public officials. The response was overwhelming.

The future of the Urban Development College is expansion. Planned for a later date are two additional divisions, research and service. Creative social change, above all other extensions, and studies, is the point to be focused on.

Education Is Constant Change

Right: Children are our future; even those with handicaps, such as this boy at the Michigan School for the Blind. He and a Special Ed major are preparing for an afternoon of skating.

Below: Dr. Eudora Pettigrew.

Opposite Page: Human Ecology students work and play with children at the Institute.

"Education should concern itself with learning; learning is defined as a relatively permanent change in behavior. That is, after we have learned something we either respond to it differently, or we verbalize whatever the concept is."

Dr. Eudora Pettigrew, who is quoted above, is a faculty member of the College of Education, and also jointly appointed to the College of Urban Development. She sees the College of Ed as having gone through a change for the better in the past five years.

Students are experimenting with new techniques in the Methods of Teaching series. They examine ways to control and convey knowledge to children without having to call in specialists. The emphasis on hurrying to get the work done should be shifted to one of understanding the subject matter.

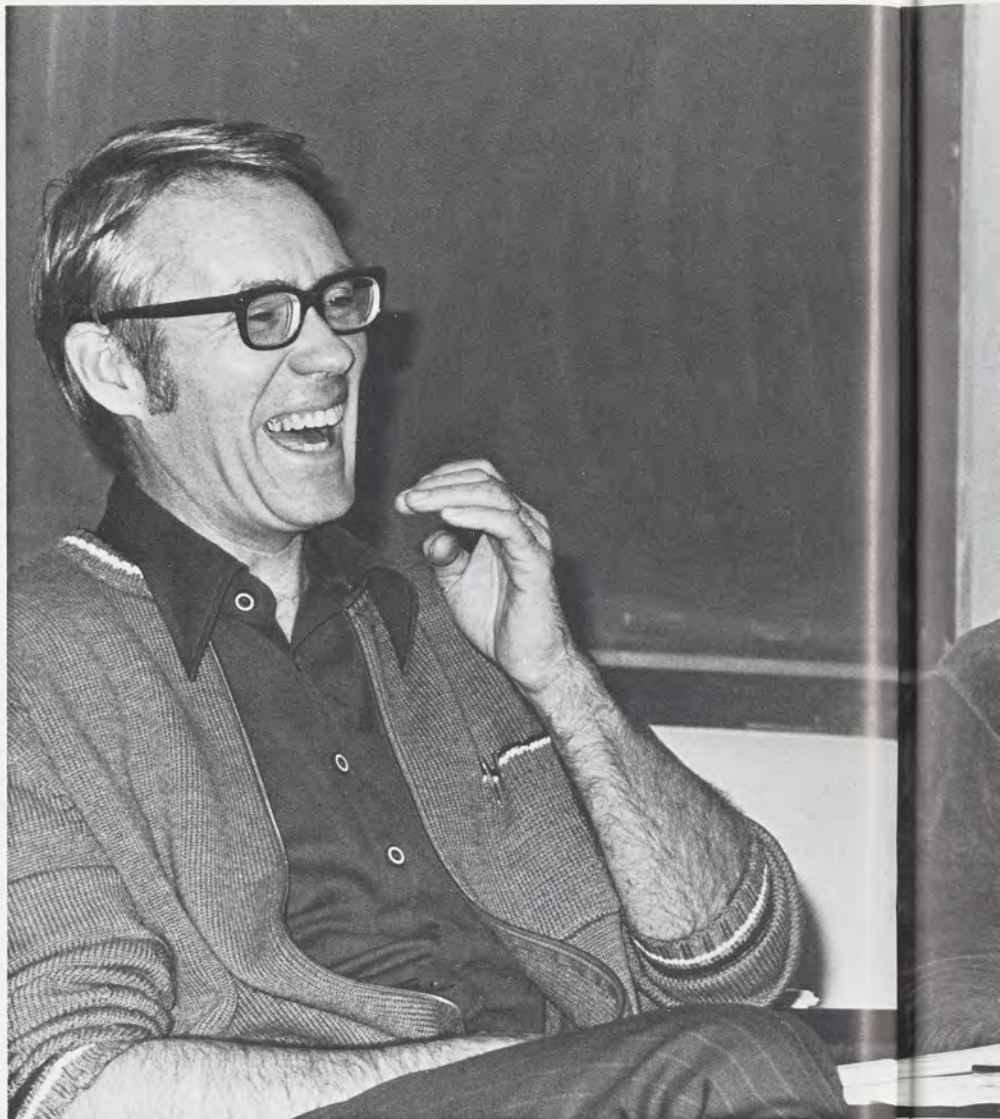

Human Ecology Focus On Society

The College of Human Ecology is concerned with the quality of life. Focusing on the relation of man and his near-environment, especially as it occurs within the family, they provide a broad range of curriculum to the intrigued. Family Ecology, Food Science and Human Nutrition, Human Environment and Design, and the Institute for Family and Child Sciences form the four departments.

Dealing with the most complex of subjects, the human being, the college conducts research in a new modular unit accomodating pre-school day care classes. Supported by the Office of Economic Opportunity, it helps develop significant pre-school curriculum. The quality of family life in which individuals are educated, nurtured, and motivated are basic elements in human development.

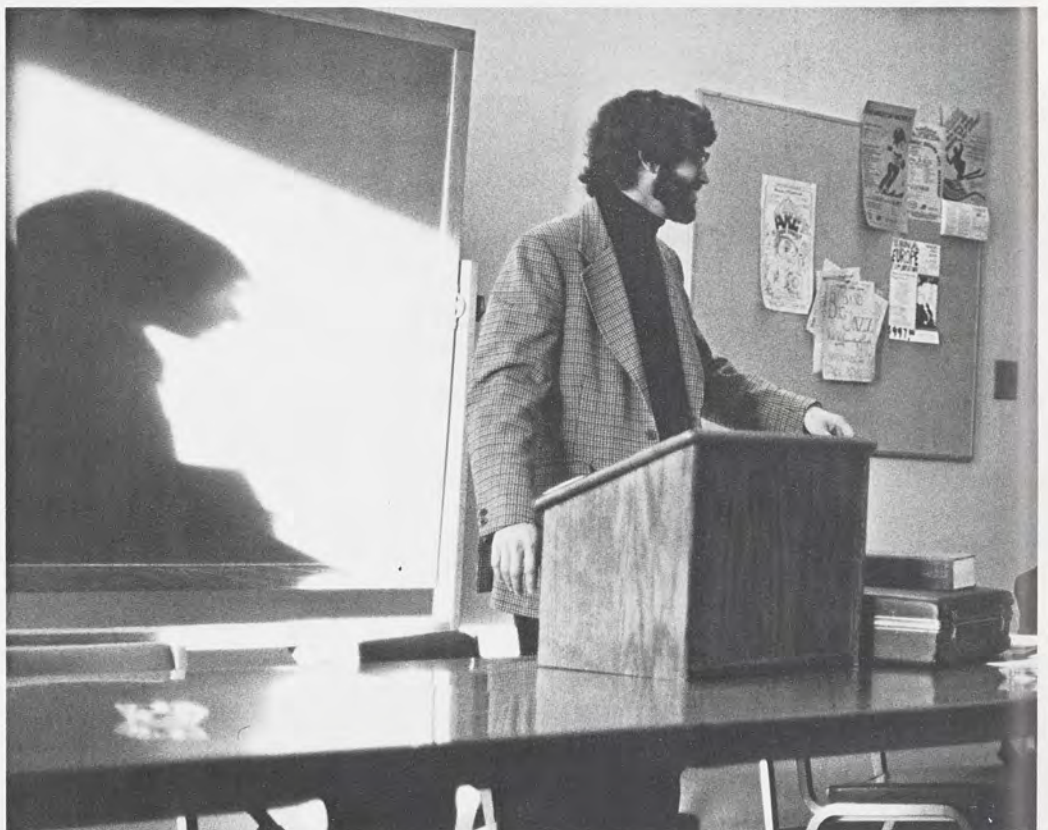

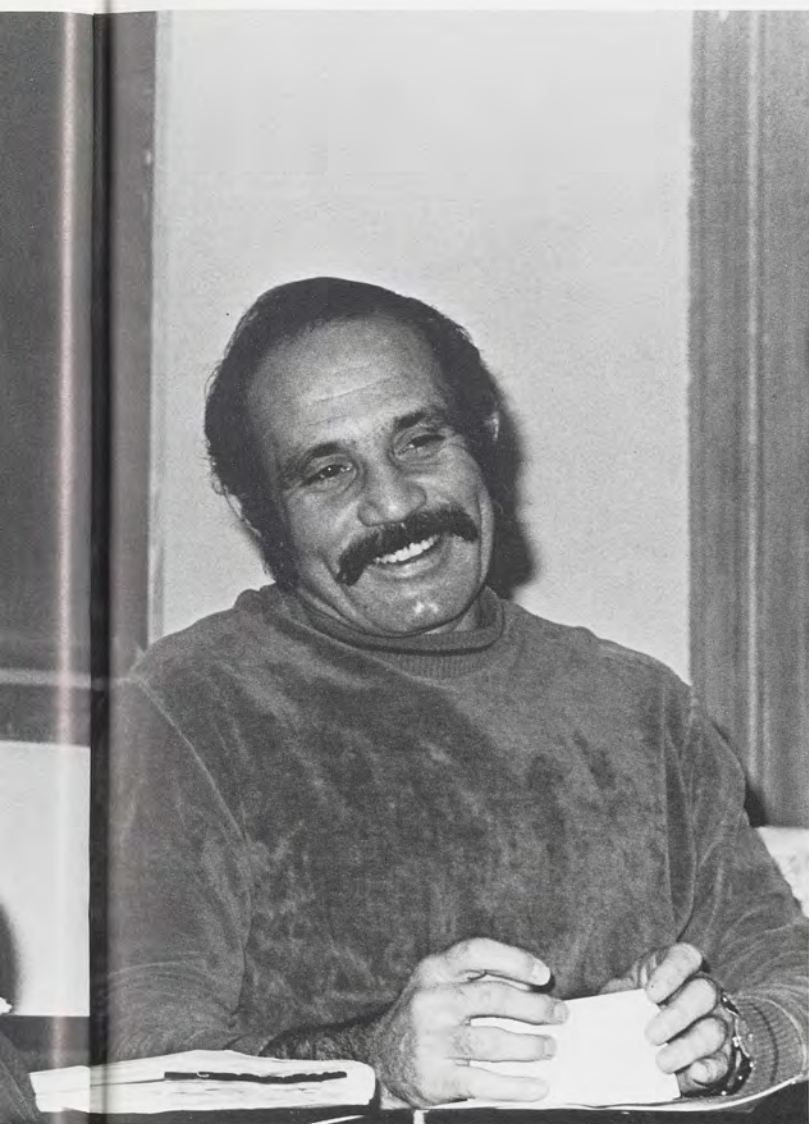

Above: A Lyman Briggs student works diligently on his lab assignment.
Above Right: Dr. Fred Graham and Father Jake Foglio, resource person for the Catholic faith, enjoyed team teaching the class "Roman Catholic Church in Crisis" for Justin Morrill College.

Right: Guest speaker for a humour class in James Madison College is Dr. Paul Somers. Dr. Somers also teaches ATL for Madison.

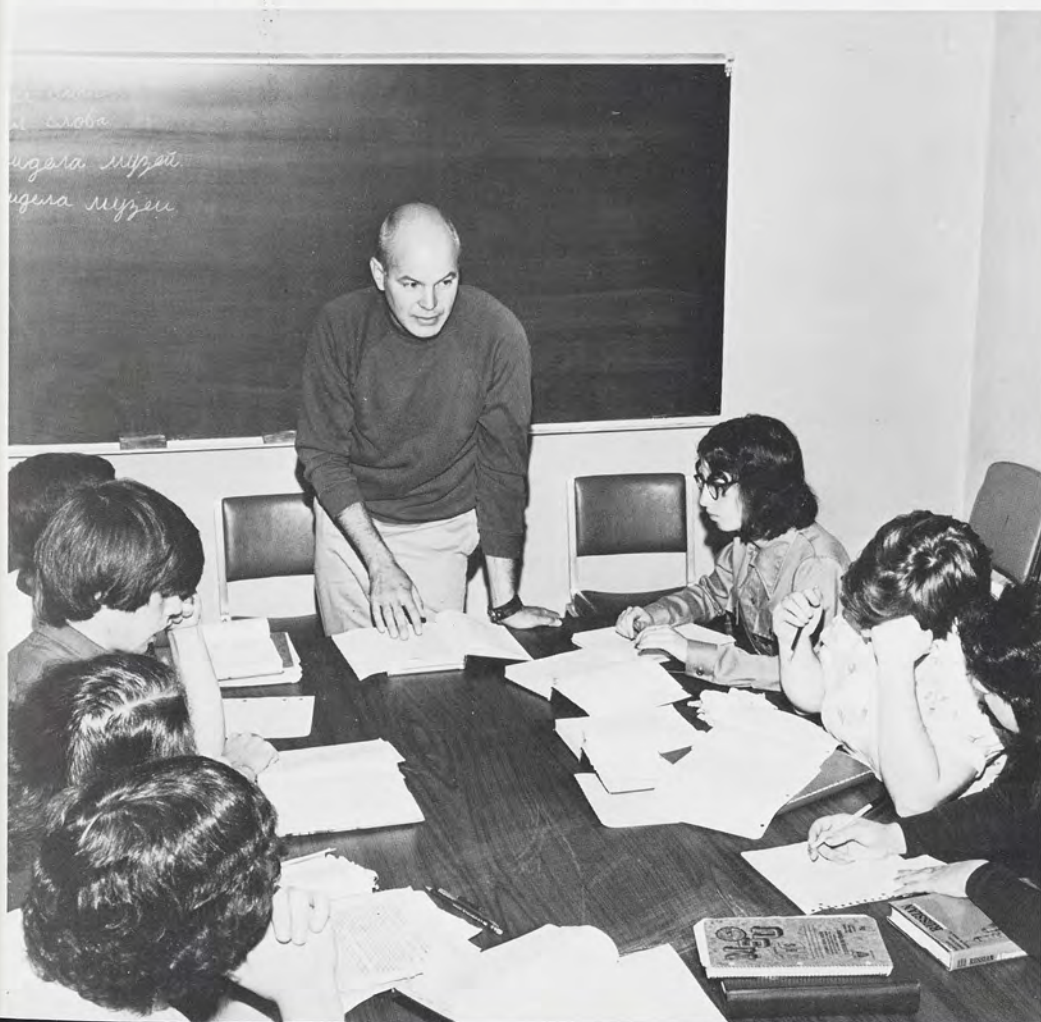

Opposite Page, Top: Peter Lyman jokes with a student in the James Madison humour class.

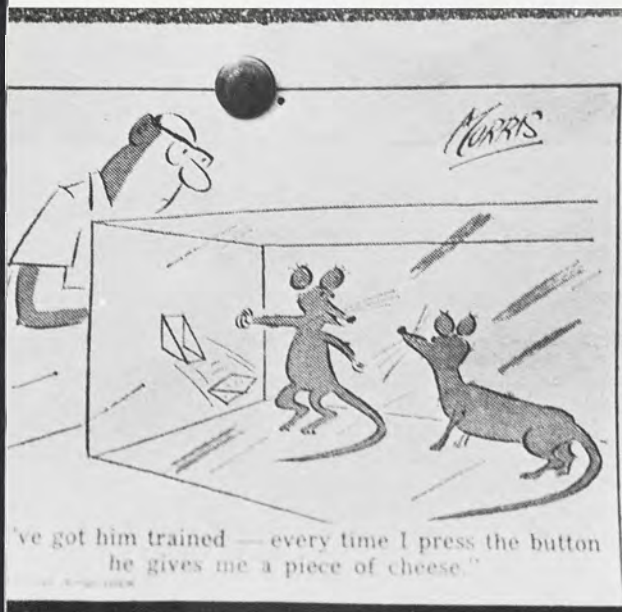

Opposite Page, Bottom: Dr. Frank Ingram teaches a Russian course for Justin Morrill.

Residential Colleges Give Intimate Atmosphere

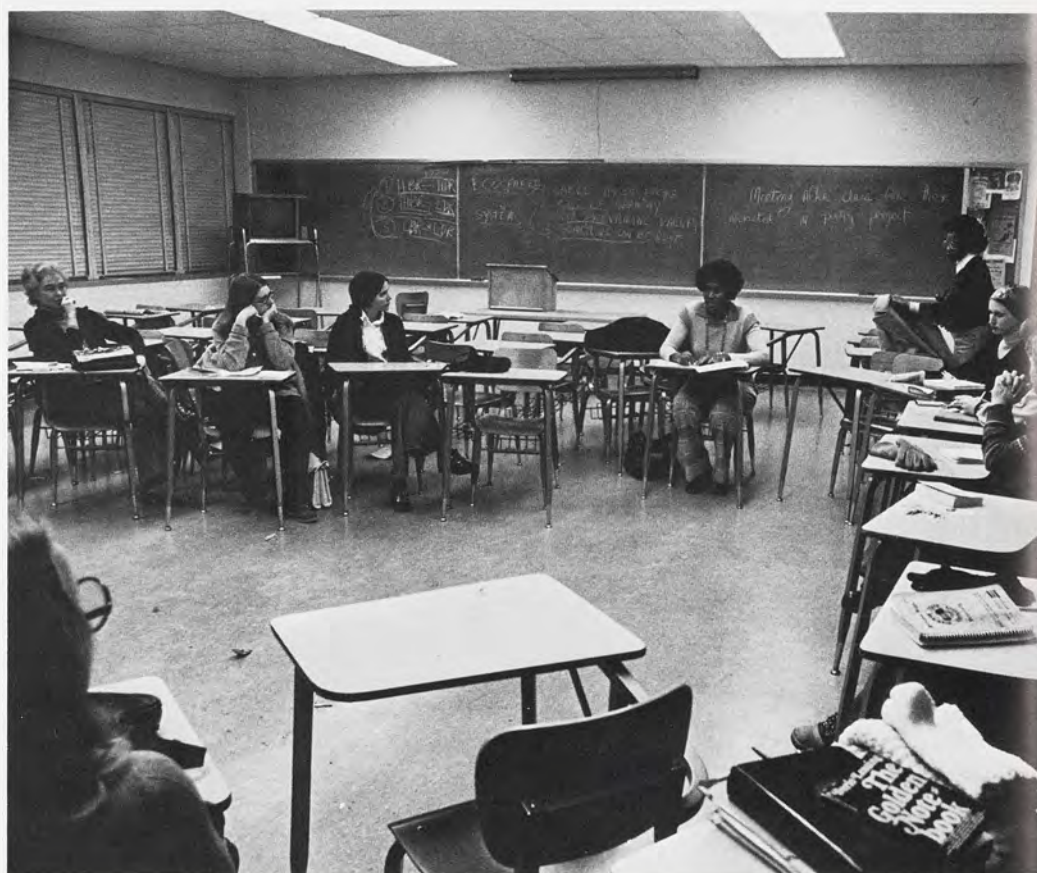

University College, More Than Requirements

Mention University College and what comes to mind? ATL, Nat Sci, Soc Sci, and Humanities! "Not so," say the faculty members who taught such courses as Integrative Studies, Selected Topics, and Great Issues. Of course, these classes are variations on the general requirements, but they do offer more for the person with specific interests.

Faculty members can volunteer their services as guest speakers if they have a chosen topic and it is approved by the department or the University College itself. This aspect encourages a random sample of attitudes from the most conservative to the most controversial. Some are serious, others show the speaker's sense of humor, but at any rate they add a little spice to the otherwise standard courses.

College of Social Science

The College of Social Sciences encompasses a variety of departments, ranging from geography and anthropology to criminal justice and labor and industrial relations. Despite the fact that the college is multi-disciplinary, a common goal exists: to discover man and his environment through the various spectrums. Study combined with intense research in a field of interest is encouraged by the department.

In psychology research students observed pigeons and recorded their responses on grids, which may have proved that people can learn a lot about themselves by studying the "lower forms of life"

Social Sciences, more than any other college, blends the work of men in the past with the theories and experiments of the future. The department stresses an understanding of the total society, its origins, individuals, development, and problems. In this way the college draws a picture of people learning about people by observing . . . people!

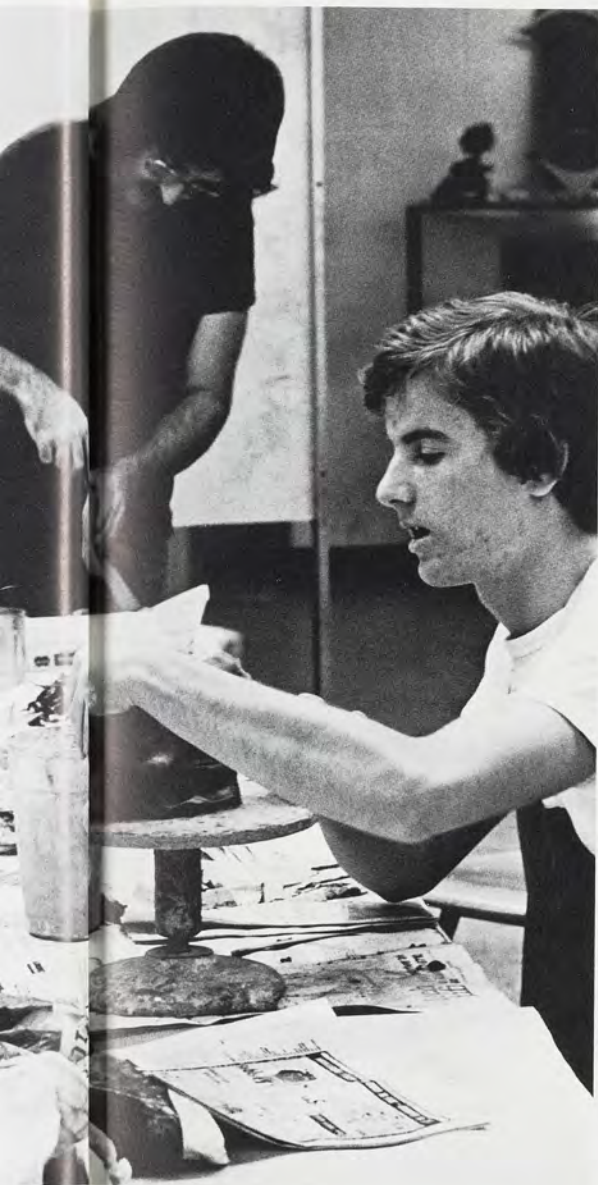

Diversity in Arts, Letters

Ceramics, sonatas, writing poetry, the theater — all are examples of students dreaming, thinking, and expressing themselves creatively. The College of Arts and Letters encourages total education, that is, stressing self-development by sampling a variety of courses for the sake of experience.

Majors in the college allow for endless combinations unlike many tightly scheduled fields of study in other subjects. An English major can choose creative writing as an emphasis and combine it with courses in advertising and psychology. Or why not use international business and tourism as cognates to a French major?

Diversity is the key to this college. A liberal arts background can prepare an individual to perform in multiple areas. It can free one of doing the same work, following the same routine year after year, which has advantages in today's rapid pace of change. It is the aim of the Arts and Letters College that a person become richer not only in money but in intellect.

Opposite Page, Top: An artist brushes up on her painting skills.
Opposite Page, Bottom: Professor McCagg of the History Department teaches a variety of courses on Eastern Europe.
Left: Pottery is another art learned in the MSU Art Department.
Below: Working with young children who have speech problems is very rewarding to the people at the Audiology and Speech Science Clinic.
Bottom: Television and Radio offers a course on direction and production.

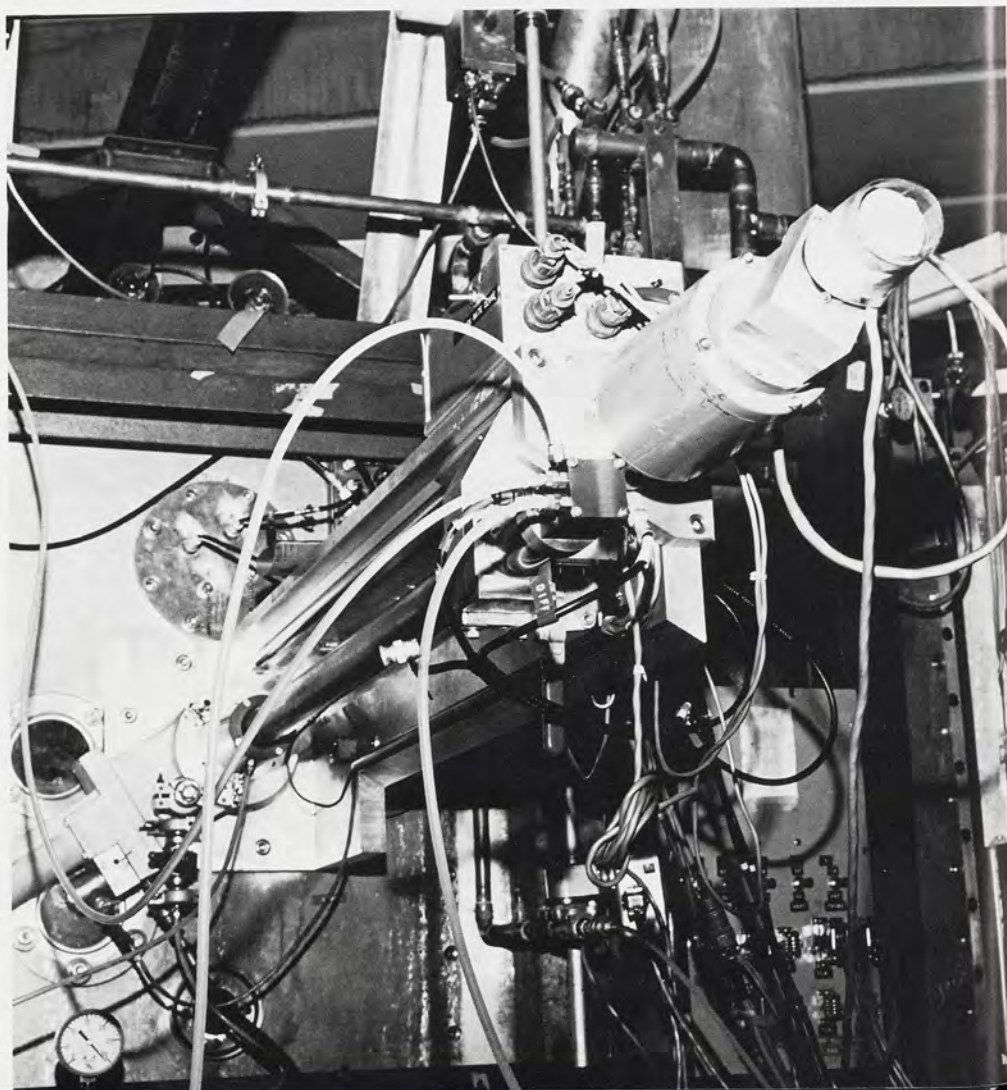

Therapy in Communications

The College of Communication's Department of Audiology and Speech Sciences must be one of the busiest on campus. Their day is based on the situational aspects of their services, which are in the areas of speech, hearing, and language disorders, as well as other handicaps.

The Department of Audiology and Speech Science not only deals with the education of MSU students; their services extend to both children and adults who are in need of specialized help, including the mentally retarded, emotionally disturbed, and the multiply handicapped. Therapy programs are designed to fit the need of the client, but may include group therapy.

The College of Natural Science, far from being a group of departments such as biology, botany, and chemistry, has a highly successful record in national research. A decade ago Dr. Barnett Rosenberg from the Department of Biophysics made a valuable discovery while working to find organic compounds that would control the growth of cancer. Platinum, it was found, proved to fight effectively against tumors. These platinum drugs stopped the DNA of cancerous cells from replicating, thus preventing any spread of the disease. The funding for this program comes from the National Cancer Society and the Englehard platinum company. MSU scientists have always maintained a fine reputation in this field, having discovered in addition to the organic compounds, a drug to stop Marek's Disease, a cancer in chickens that until recently caused a high loss to farmers from their poultry stock.

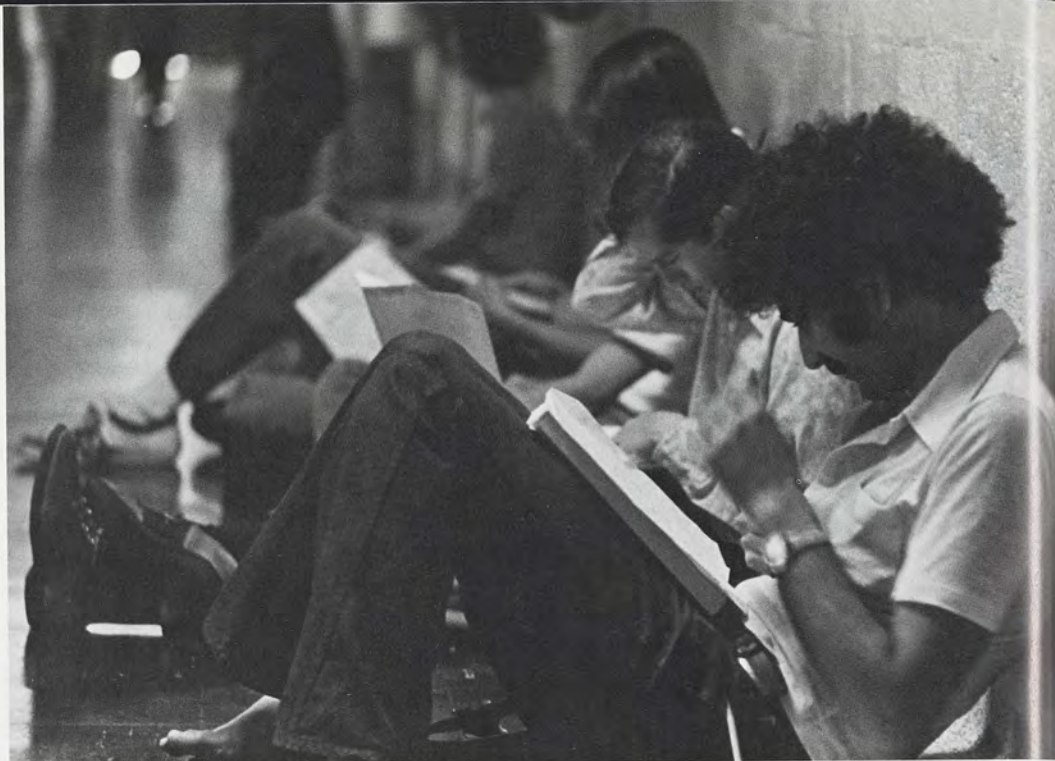

College of Natural Science Cancer Research

 Top Right: Waiting for their output, students struggle to accomplish something, anything!
 Below Right: Touch typing gives CPS students an edge in key punching.
 Opposite Page, Top and Bottom: Errors in your program can mean hours of debugging ... and maybe this time?

Above: A student tends to her plants in the Horticulture green house.
 Above, Right: A student checks his booty at the MSU cheese store in Anthony Hall.
 Right: MSU cheese made national news on ABC.
 Opposite Page: Mr. Ilangantileke is an Agriculture Engineering graduate student.

Agriculture Offers Future to New Country

Most developing countries find themselves, at one time or another, in a period of transition between dependence upon others and self-reliance. Sri-Lanka (formerly Ceylon) is in this situation, and Saraghchandra Ilangantileke is an integral part of it.

"Mr. I", as he is referred to at the office of the Institute of International Agriculture, is a graduate student concentrating on agricultural mechanization. His studies are geared toward one end: to help his fellow countrymen become more competent in agriculture.

"I am under contract with the government (to teach) for fifteen years," relates Mr. I. "It seems that Sri-Lanka has discovered the potential in our country," as Mr. I says, and he does not want to see it slip away.

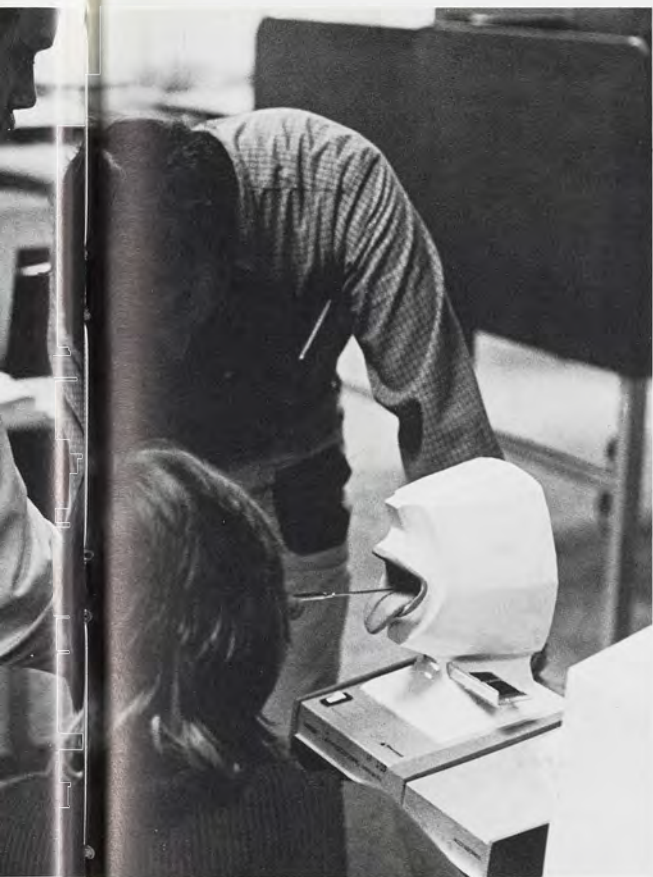

Clinical Experience Vital

Two years ago MSU received the OK for the first state supported College of Osteopathic Medicine. Their training program aims to produce the very best in family and community medical doctors. Quality health care is in great demand all across the country.

The dean, Myron S. Magen, put his hopes into words, "The college has prepared itself to realize these goals and others; to innovate wisely within its curriculum to improve the quality of medical education . . ." To insure this the program has four basic parts. Students first receive an education in the sciences before moving onto clinical instruction. The third step takes them to ambulatory clinics, culminating in actual hospital work. After graduation these students will join an intern and residency program somewhere around the country.

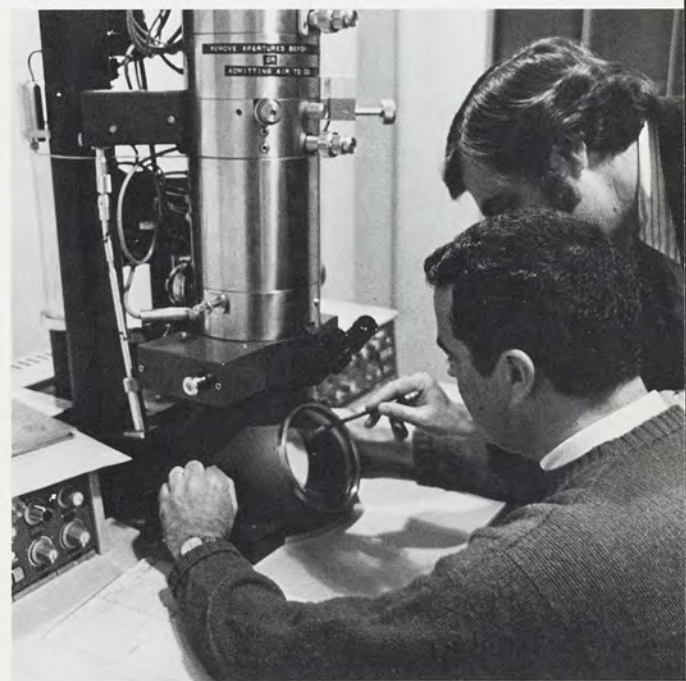

Opposite Page, Top: Television offers the chance for students to review a lecture or an explanation of a disease.

Opposite Page, Bottom: A student in a microbiology lab.

Left: Among the simulation facilities is this throat, which allows students to view slides of infections and diseases in a more natural setting.

Below, Left: Osteopathic medicine believes in manipulation as a way of combating certain ailments.

Below, Right: An electron microscope.

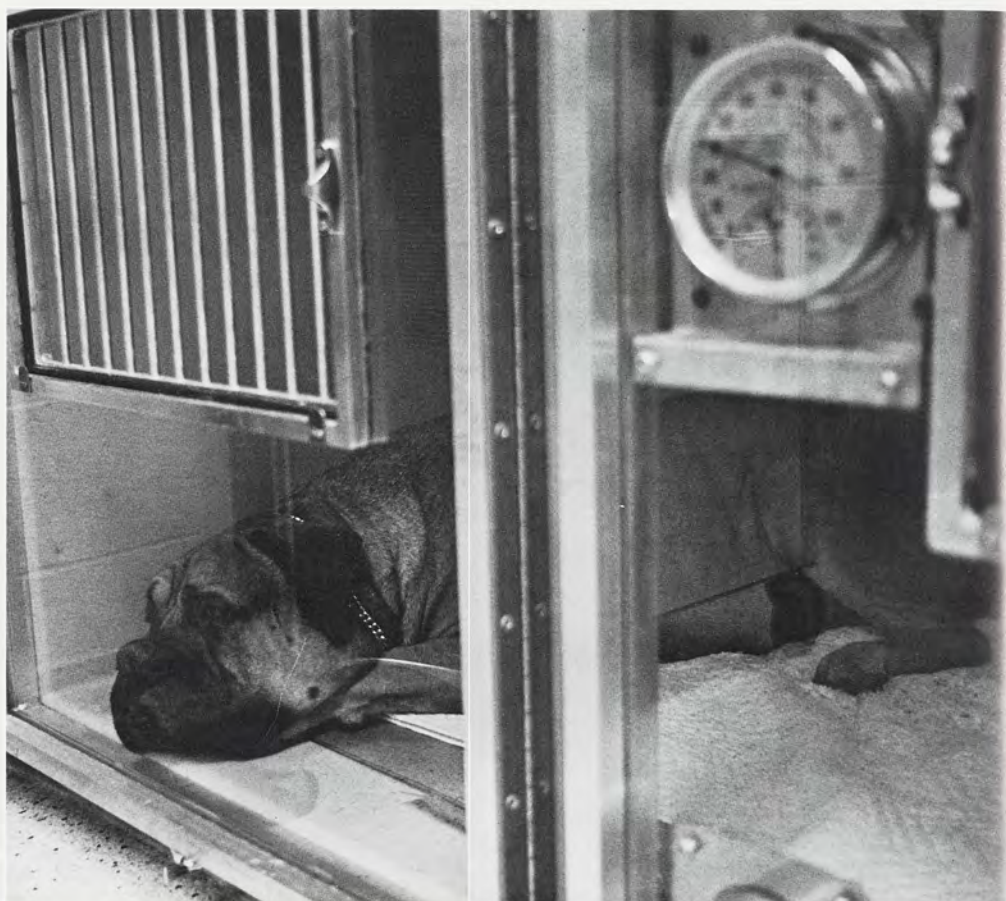

Right: The Small Animal Clinic's intensive care unit enables students to gain experience in the handling of seriously ill animals like this Bull Mastif.

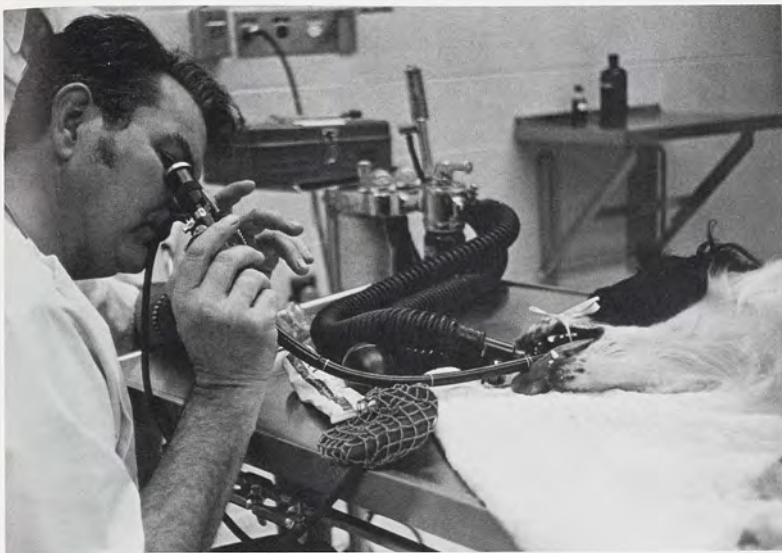

Bottom Right: A veterinary student prepares a horse for surgery.

Opposite Page, Top: New equipment, such as the Fiber Optics camera allows the instructor to shoot pictures of animals' internal organs for later use by students.

Opposite Page, Center: Students often bring in animals such as this cat to be examined by the Veterinary Clinic's doctors and students.

Opposite Page, Bottom: Two doctors from the Large Animal Clinic perform surgery on the horse.

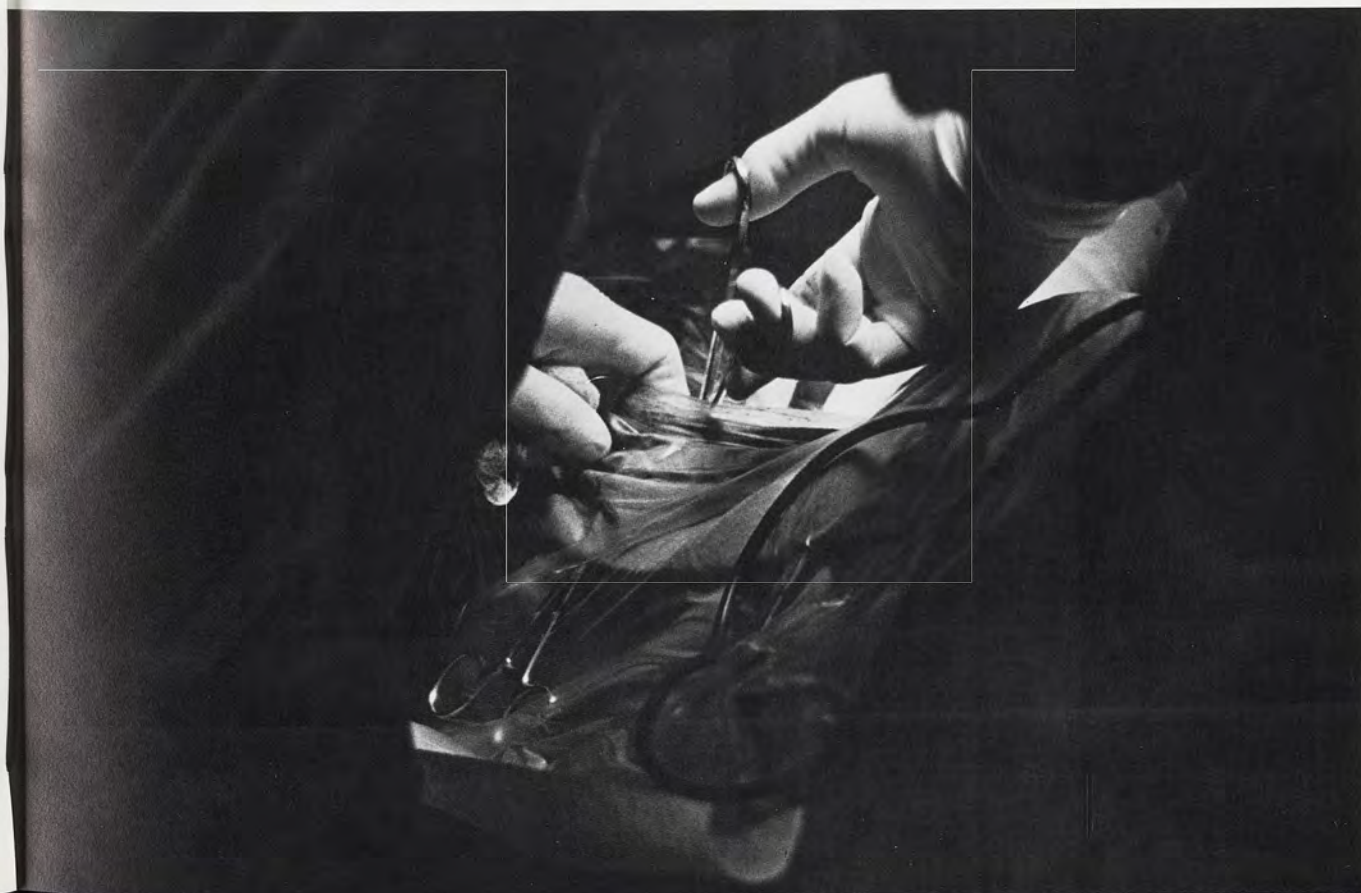

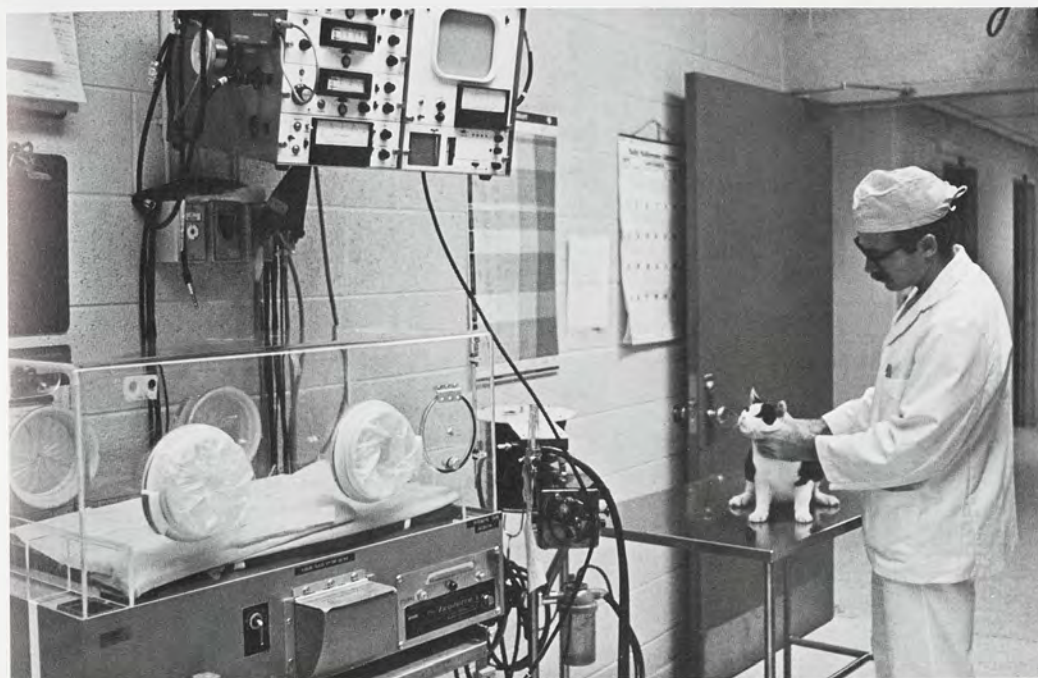

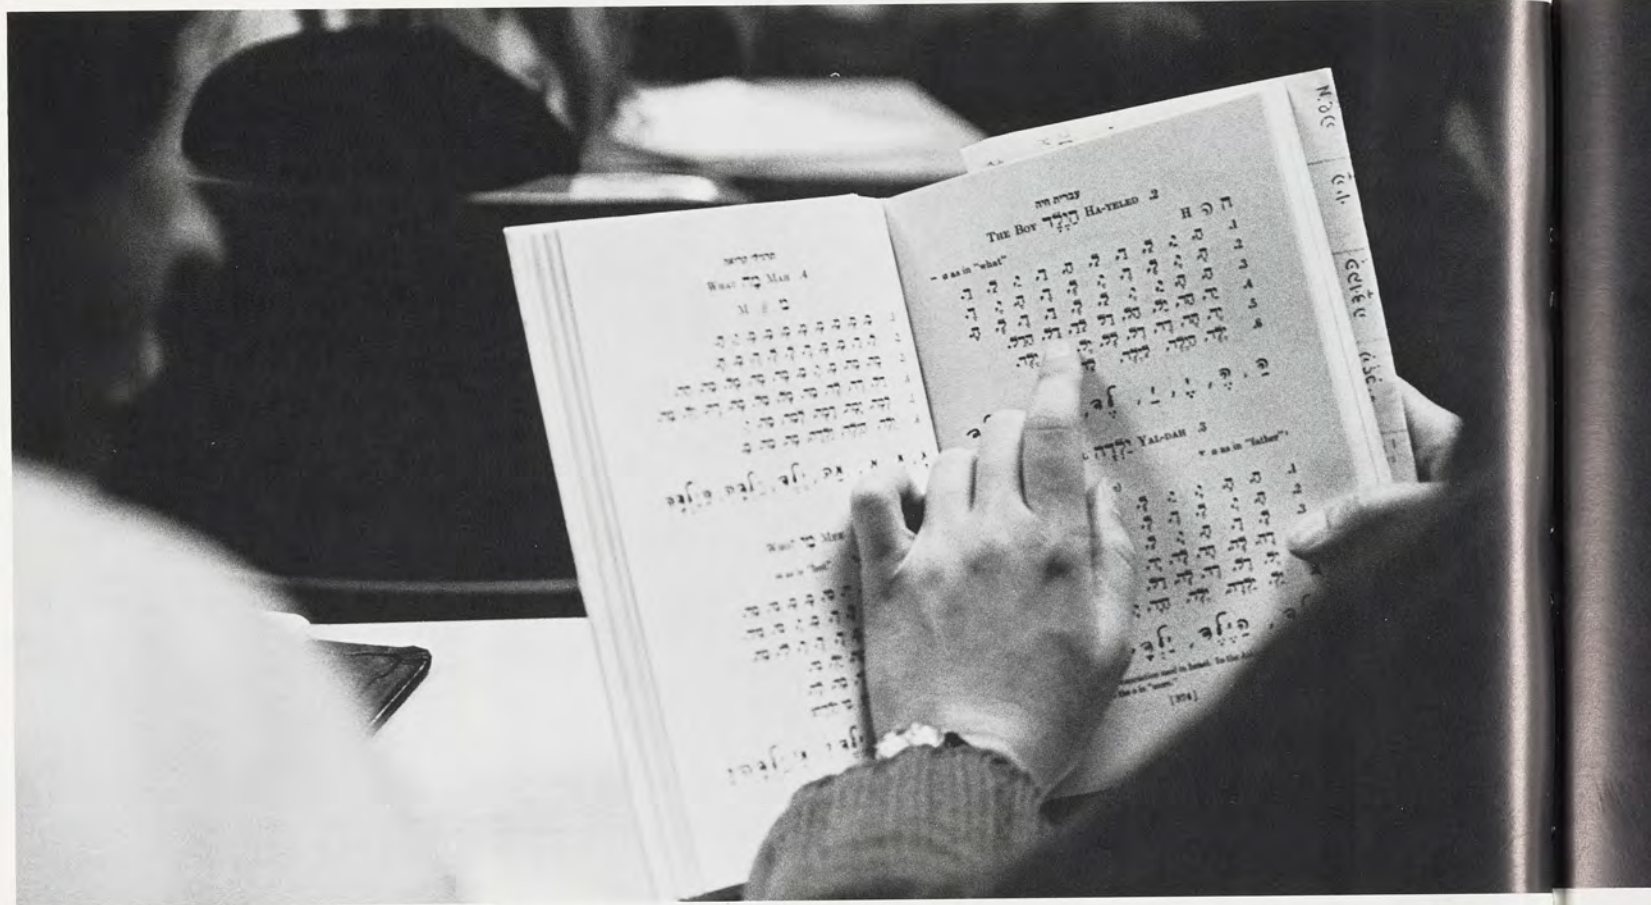

Veterinary Medicine

The College of Veterinary Medicine offers several programs and practical experiences for their students to choose from. A pre-veterinary program, professional program for Doctor of Veterinary Medicine and Graduate programs for Master and Doctoral degrees are offered to students. An Agricultural Technology program is also offered for the training of animal technicians.

The large and small animal clinics allow students to apply their knowledge from pre-veterinary courses. The college requires that all students spend a certain amount of time in the clinics gaining practical experience. Some students find it rewarding to gain other clinical experience by working part time with a vet either during the school year or summer.

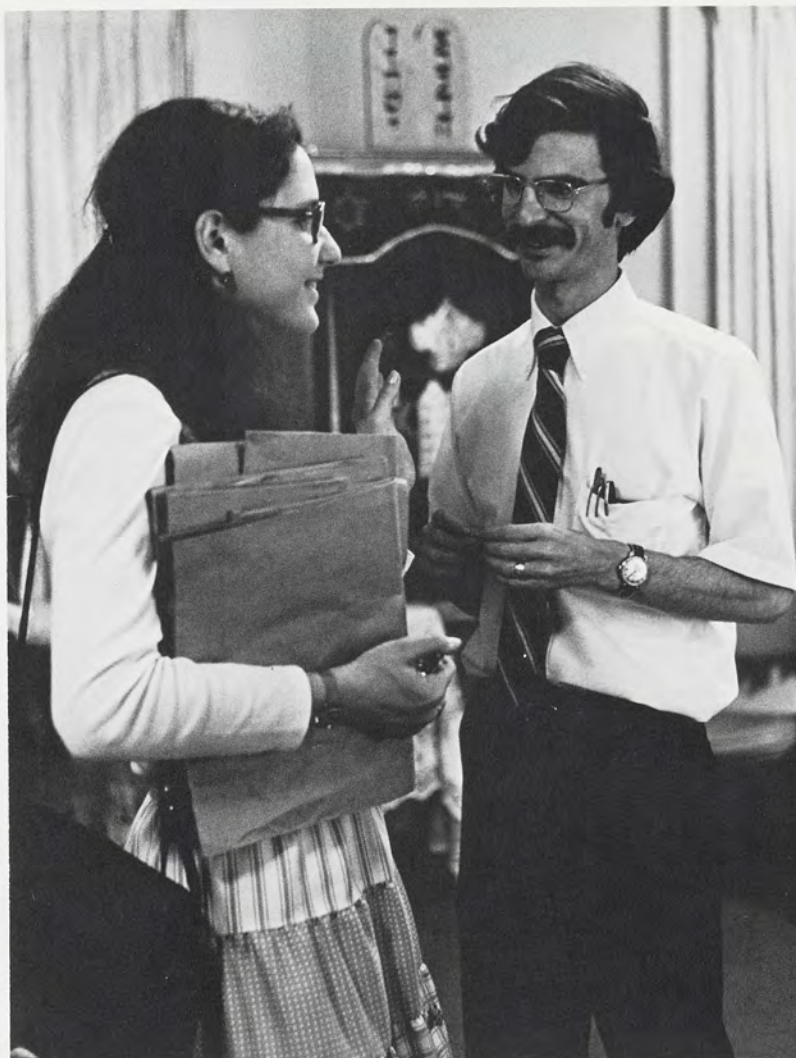

Above: Hillel Free U students learn the Hebrew language.

Opposite Page, Top: The rabbi checks over his notes before a class.

Opposite Page, Bottom: Ms. Maya ben-Tal explains to the class how to form the letters of the complicated Hebrew alphabet.

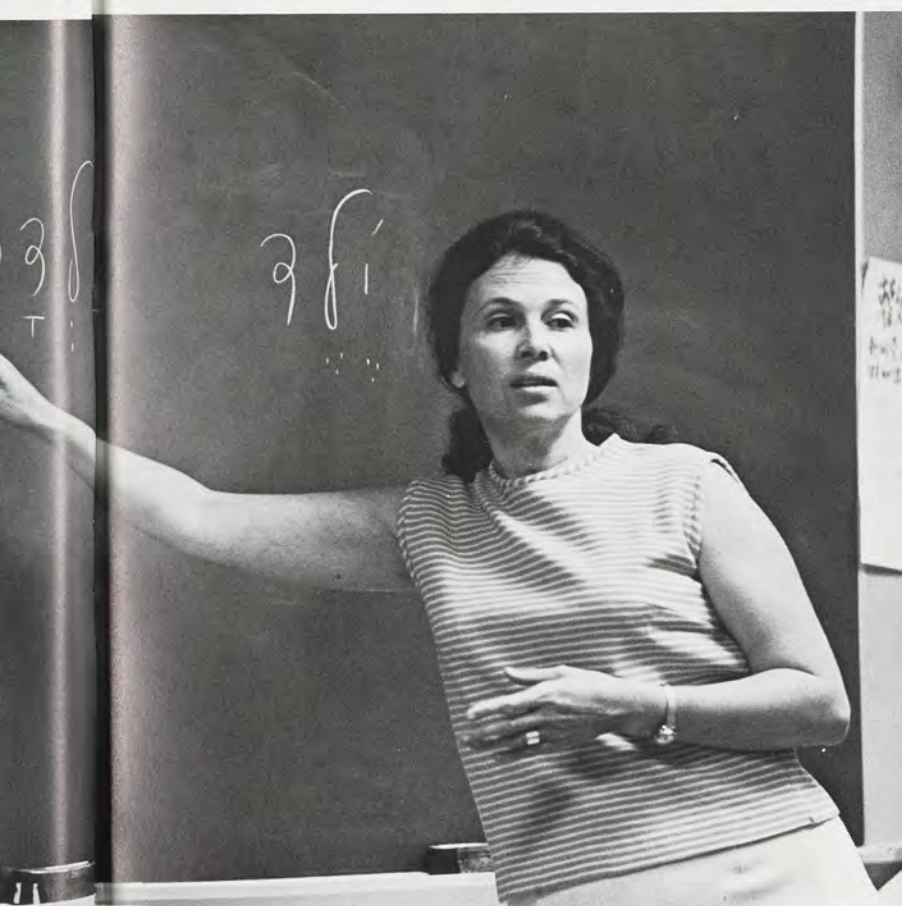

Hillel Free U, Judaic Studies

Following the example set by many universities around the country, the Hillel Foundation — under the direction of Rabbi Bill Rudolf — established a Free University of Judaic Studies for Fall term, 1973.

Universities throughout the country, from Georgetown in Washington, D.C. to Ohio State, offer a variety of courses under the heading of Judaic Studies. Choices range from Hebrew language, the history of Israel, to Jews in America. Unfortunately, MSU has only one offering under that heading. It is a sequence of two courses in the Religious Studies Department which deal with Jewish thought.

The Hillel Free U has a three-fold purpose. As is true of many people's religious studies, most Jewish students discontinue Hebrew School between the seventh and tenth grades. But that is the time when a person begins to understand what religion is. So Hillel, in setting up the courses, extended to Jewish students the chance to continue their religious education. Secondly, it is hoped that Gentiles will enroll in the courses to learn more of the Jewish faith and people. Thirdly, there is the plan to present to the University the results of the years program to demonstrate the need for a Judaic Studies program, and that it would be well received.

Fall term the curriculum consisted of seven courses to including such topics as Jewish Mysticism, Hebrew, the Talmud, and Biblical Prophets and Jewish Activism with an enrollment of seventy-five. In the following terms, the curriculum was expanded to include other courses such as modern Jewish history, Jewish novelists, and Women in Judaism.

MSU International Programs

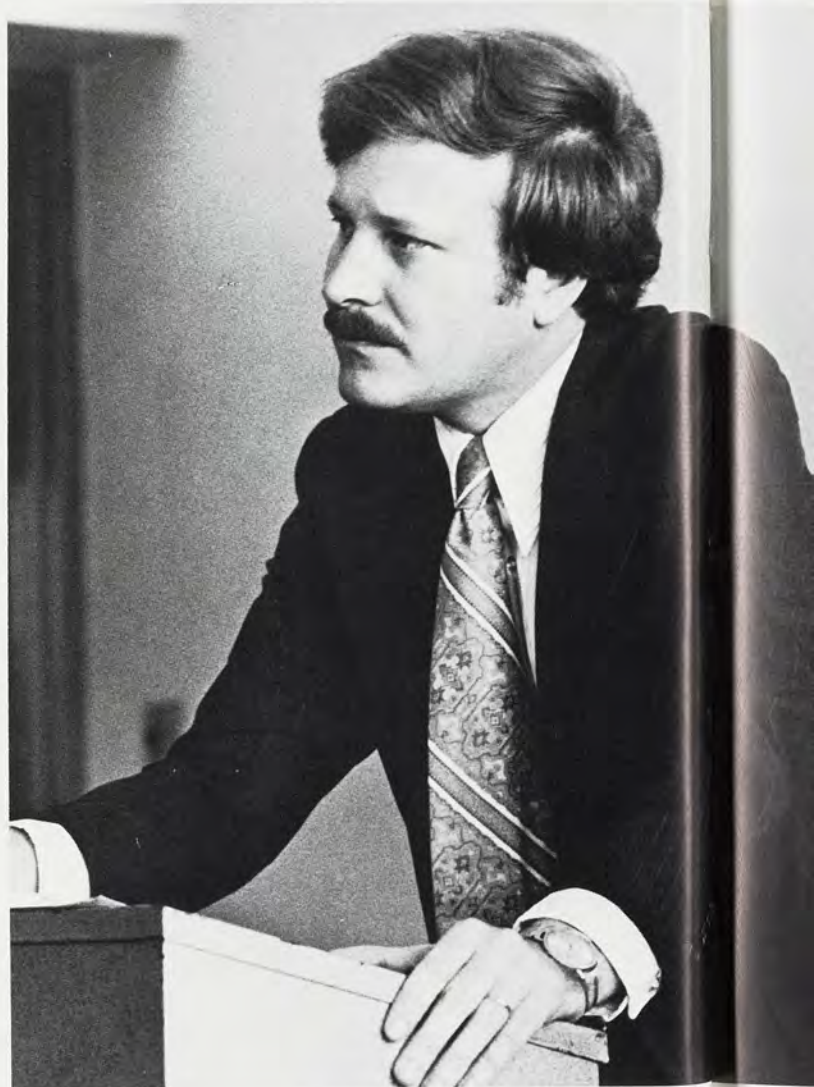

"Three-fourths of mankind still lives in subsistence and semi-subsistence. The quest for development will continue." — President Clifton R. Wharton on the challenge that International Programs faces.

In our increasingly crowded world the question is no longer one of isolation or participation, but how do we get involved? If personal development is your goal, area studies can prepare you to be a Foreign Service officer or work with the U.N. Study abroad for a term — Spanish in Mexico City, Humanities in London, or for a change, leave the western world behind and travel Russia. Taking this route offers a first-hand understanding for international business majors and others interested in volunteer work in a foreign country.

Volunteer programs, such as CARE or Red Cross, require specialized training in psychology, biology, and cultural fields. MSU offers not only courses, but films, lectures, and plays combining audio and visual knowledge of the world's citizens.

That we have as much to learn as to teach was pointed out by a visiting scholar from Nigeria, Samuel Akpabot, while discussing African music "It shouldn't be something exotic," he stated, "It should be part of the world's music literature."

The world is, indeed, moving onto this campus as there are students from more than 85 countries working and living together. International Programs hopes to encourage in-depth involvement between all men as opposed to only touching the surface.

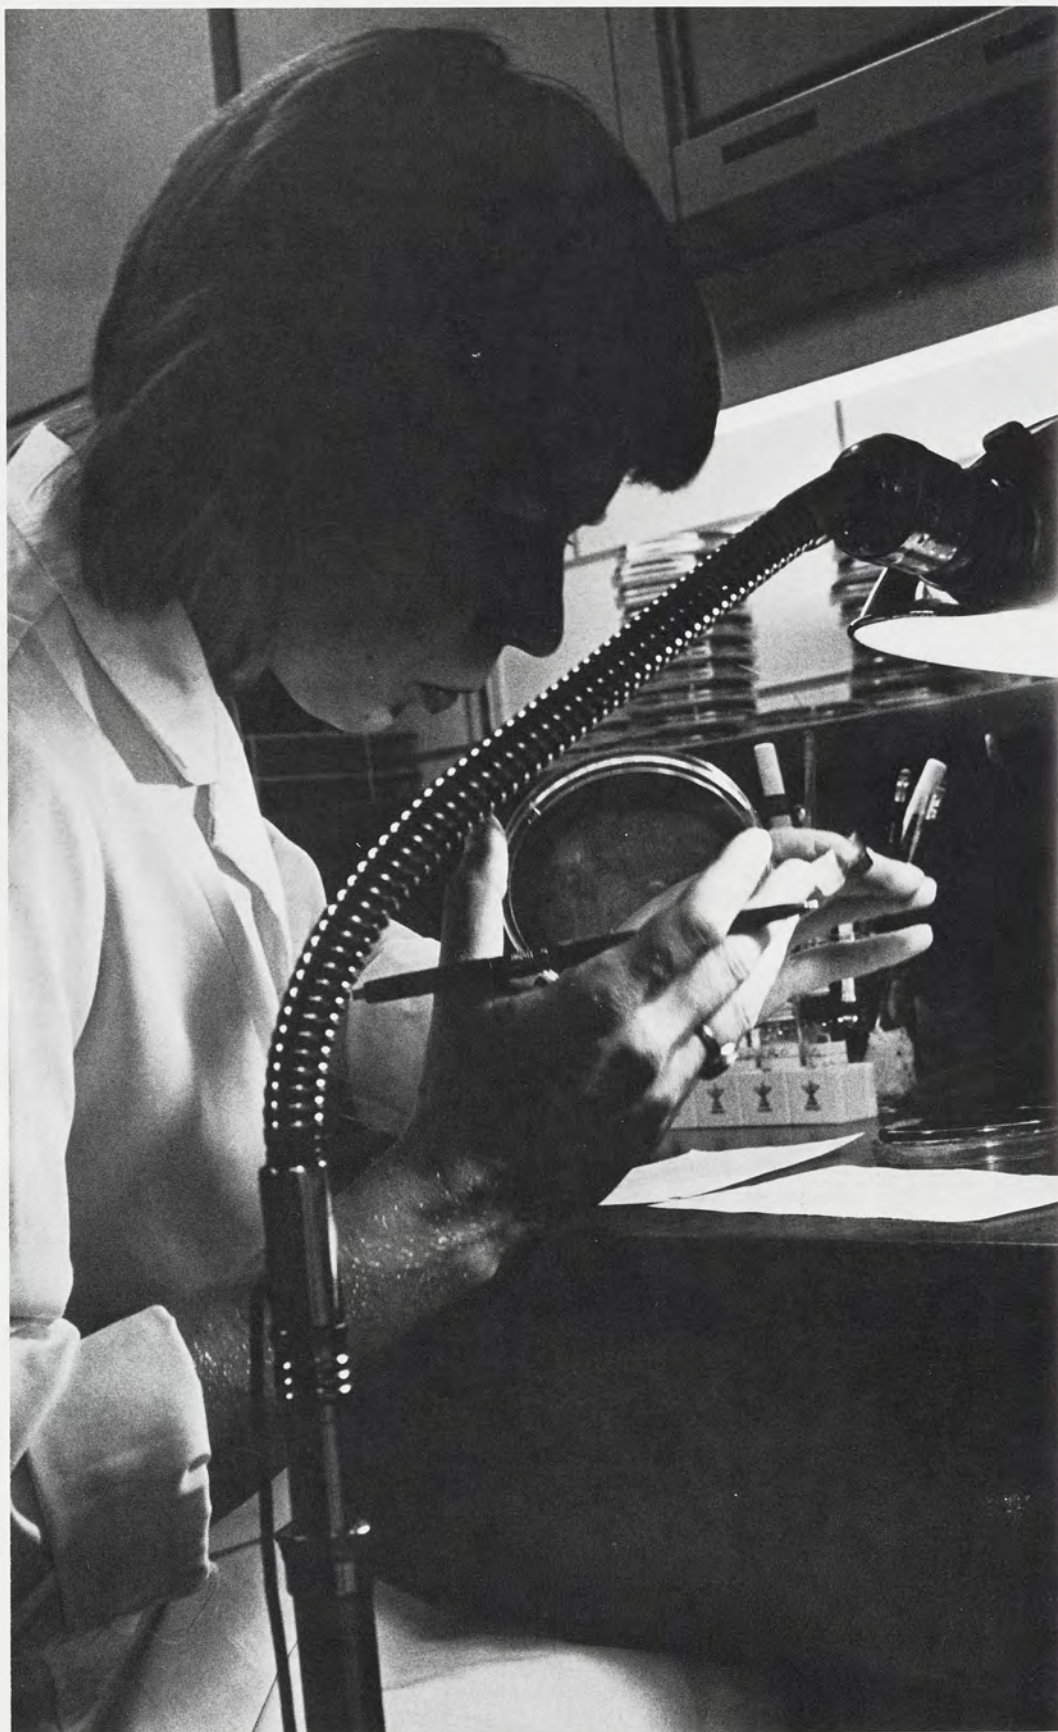

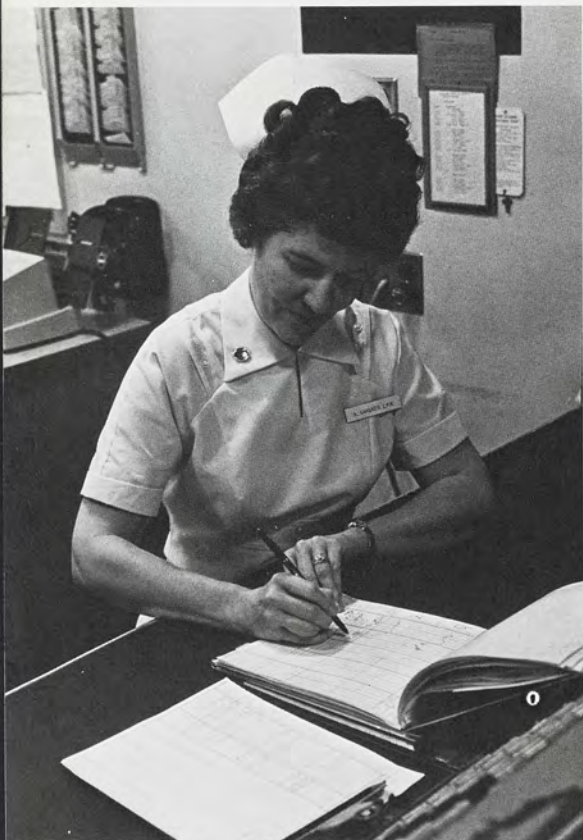

Opposite Page, Left: Samuel Akpabot shows the instruments and music of Africa.

briefed before beginning their patrol.
Opposite Page, Below: Officers do their best
to keep campus traffic under control.

Night Patrol

It was 12 midnight; checking for the unusual, the campus was serene. Then it happened, a car failed to perceive a stop sign. After pulling him over, a check was made; he was released; no ticket was issued.

12:22 a call was issued; a false fire alarm in Wilson Hall; upon arrival, the culprit greeted us, no problem, but the alarm had to be found and reset and without the cooperation from the students it was difficult. Returning to the car, the patrolman said, "Obviously you can tell policemen are not welcome in the dorms."

And so it continued. A night on patrol with the Department of Public Safety. In addition, DPS operates the ambulance, registers bicycles and cars, directs traffic with the help of students and handles any other emergency that may arise.

We've got magic to do, magic to do
Magic to do, magic to play
We've got foibles and fables to portray
As we go along our way

Parts to Perform, Hearts to Warm

This year MSU saw a big rise in its own talent. Almost any place had some MSU students entertaining — some even from stage. Luckily we caught a few.

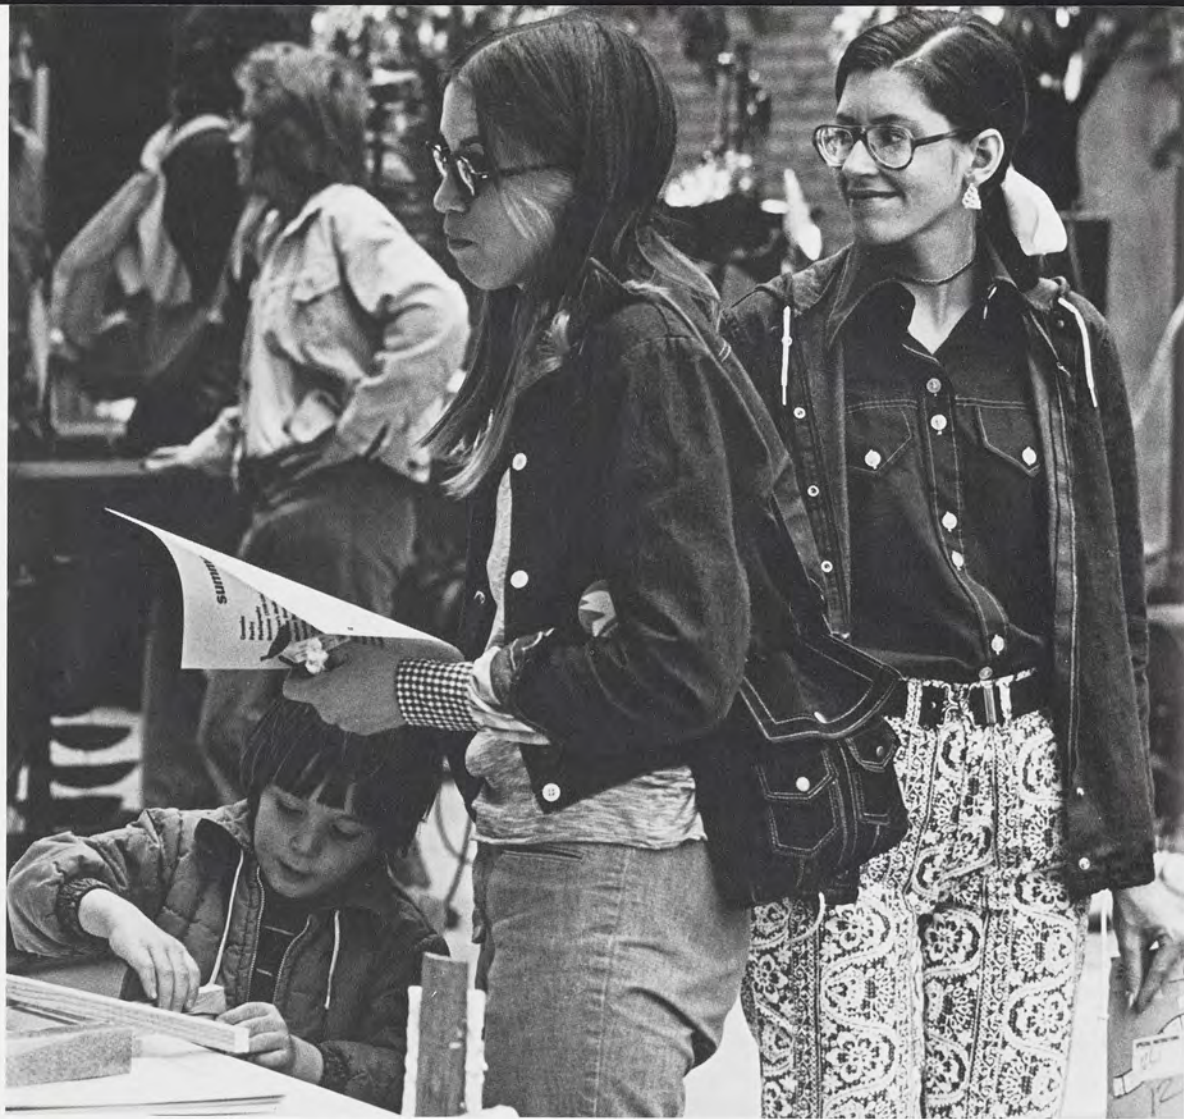

Opposite Page, Above Right: John Falluca proves that MSU is far from empty of talent itself.

Above Left: Sam Spiegel, MSU English prof, is also an expert on Trivia, which may or may not say something about the English Dept. here.

Bottom Center: The Blue Grass Extension Service, all members of MSU, play old time folk and bluegrass twice a week for all who care to hear.

Above Right: Joe Janetti opened up for Mariah several times this year and also was seen at many local bars.

Left: One of the many excellent groups who performed at the Olde World this year, and again they are all MSU students.

Magic to Do, Magic to Play

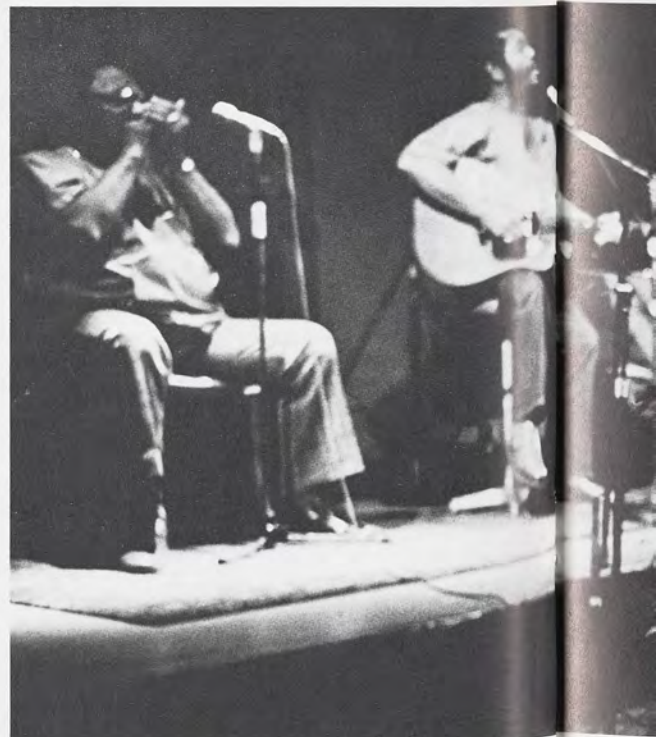

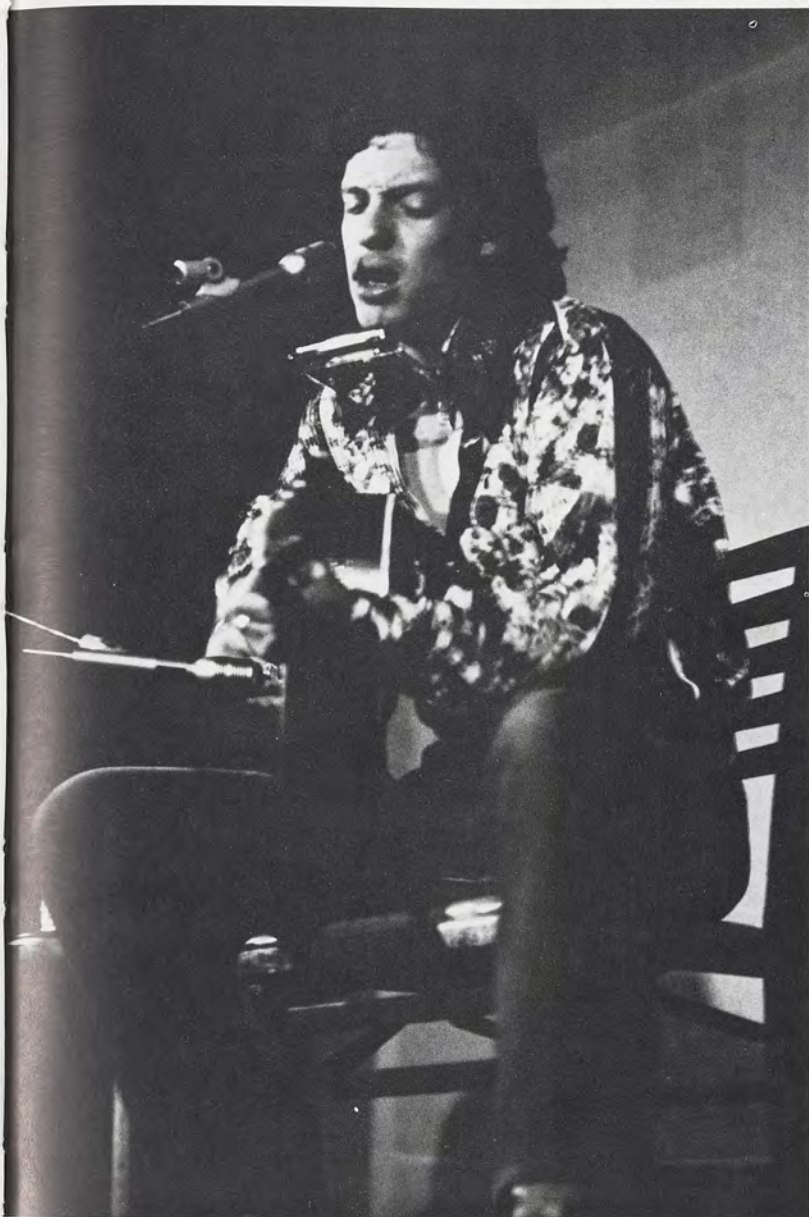

Bluegrass, And Folk, Or Just Plain Blues

Mariah is blues. Mariah is folk. Mariah is jazz. Mariah is a coffee-house. Mariah is the only such entertainment at MSU. Mariah was started by the students, and is still in their control. Mariah is one of the few such student organizations that is still running — successfully.

If you've never heard of these names: John Hammond, Doc Watson, Lightning Hopkins, Tom Rush, or Sonny Terry and Brownie McGee, then the time has come to switch off top 40, and turn on Mariah. It's one of the only places you'll ever get to hear lesser known, though fine quality musicianship. And it's cheap, too.

Opposite Page, Far Left: Doc Watson came to play bluegrass music, and play it he did.

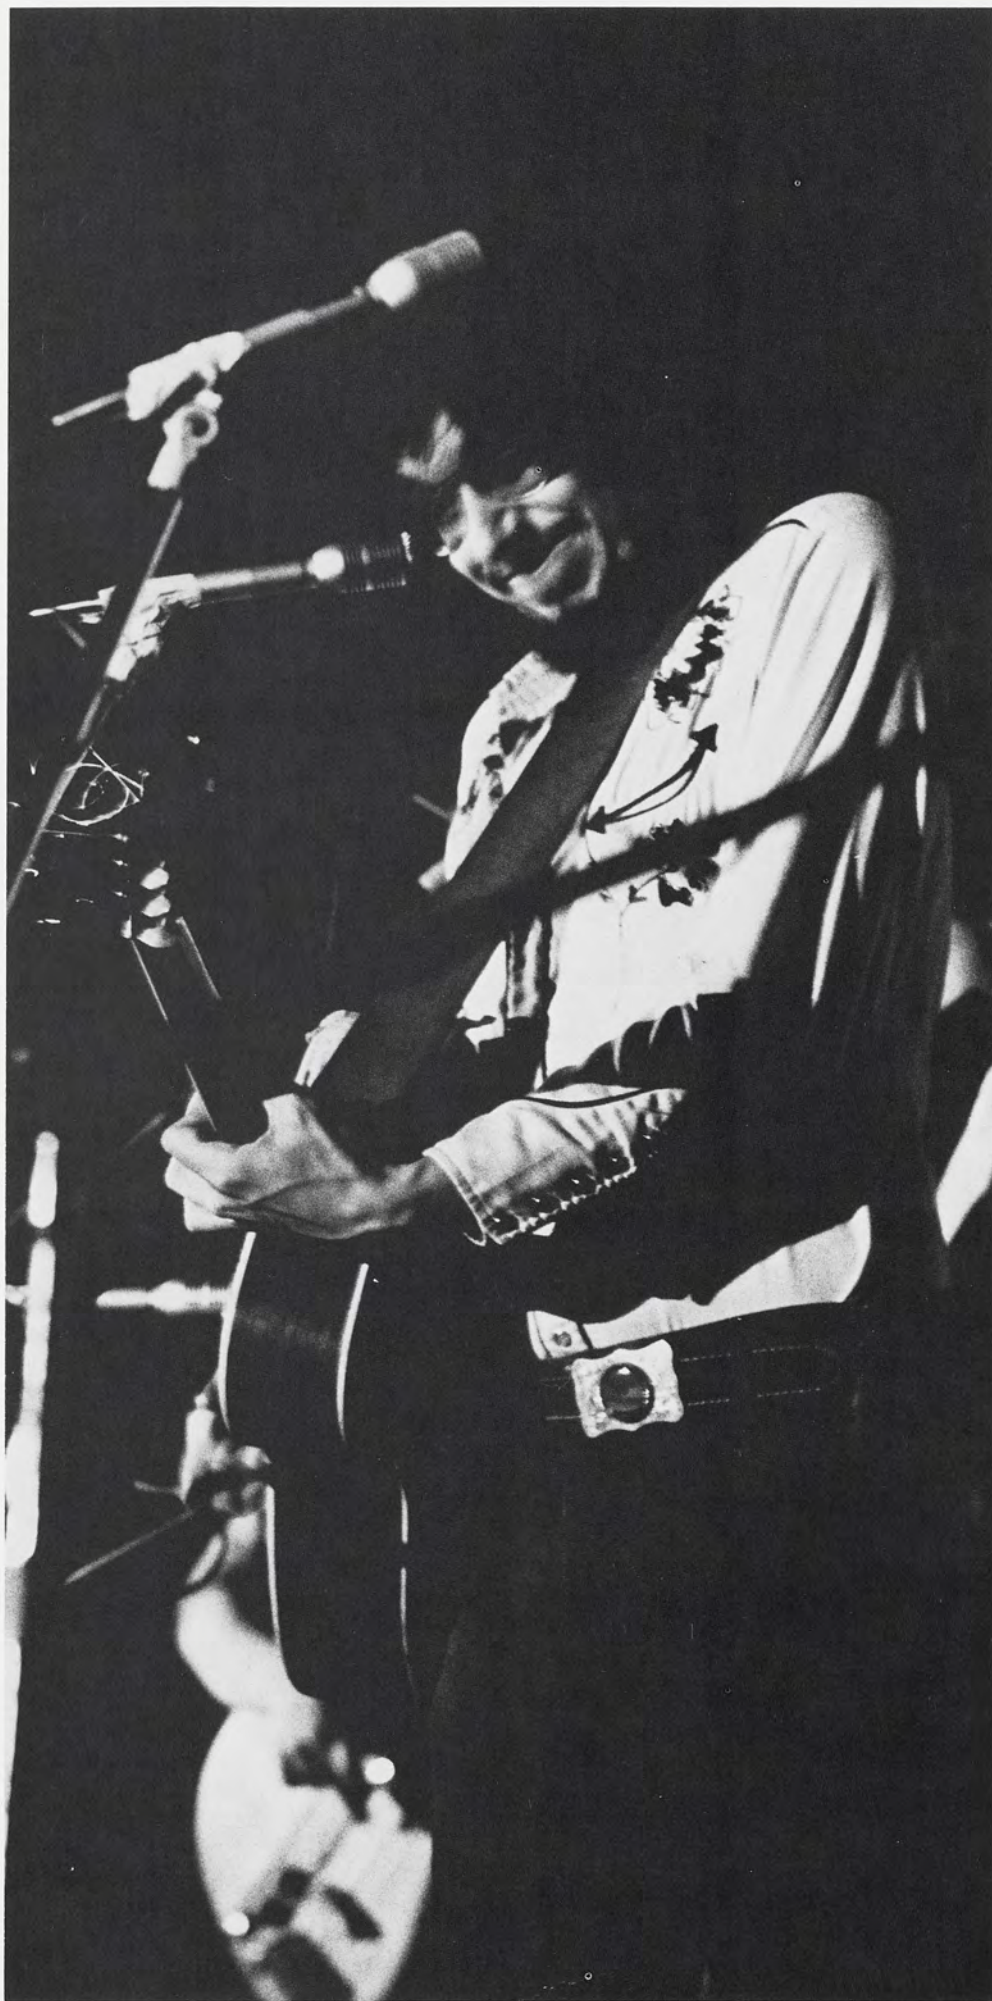

Opposite Page, Top Right: The unbelievable fingers of Lightnin' Hopkins proved that a fine musician has to be seen as well as heard.

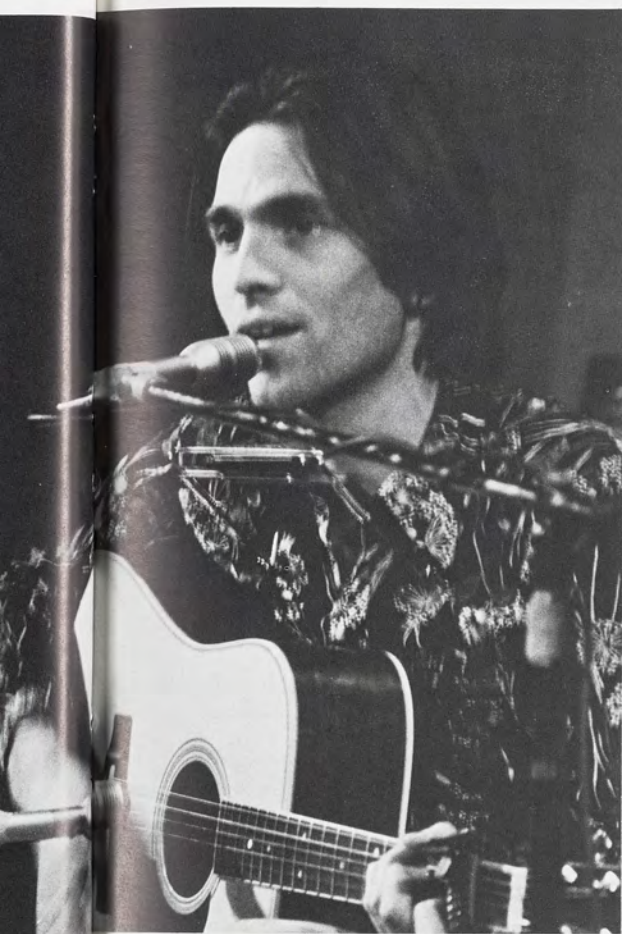

Bottom Center: Brownie McGee and Sonny Terry grow older every year yet seem to get only more mellow.

Left: A blend of quiet folk, blues, and talent is John Hammond.

Below: One of the finest country musicians shows his form.

Along With the Good Comes the Great

Opposite Page, Left: David Bromberg leaves out no emotions when he plays.

Opposite Page, Bottom: It's nice to know he enjoys what he's playing.

Left: Eric Anderson, the epitome of sensitive and beautiful music.

Below: Playing the piano, Eric sings a wistful ballad.

Night Music Light Music Right Music

Through the activities of Pop Entertainment, Mariah and other student associations, MSU has been a lively spot for a variety of talent and entertainment this year. Pop Entertainment alone has brought a montage of professional music makers.

Last spring, the campus was surprised and impressed with the quality of entertainment available. Jethro Tull gave their own brand of rock and reality, Scruggs proved he was still a threat in the country-bluegrass field, and Sunspark gave a good performance as an up-and-coming band.

These feelings continued this fall as one was kept busy standing in line at the box office. All in all, a variety of music, for a variety of people. That's the key to Pop Entertainment's continuing success.

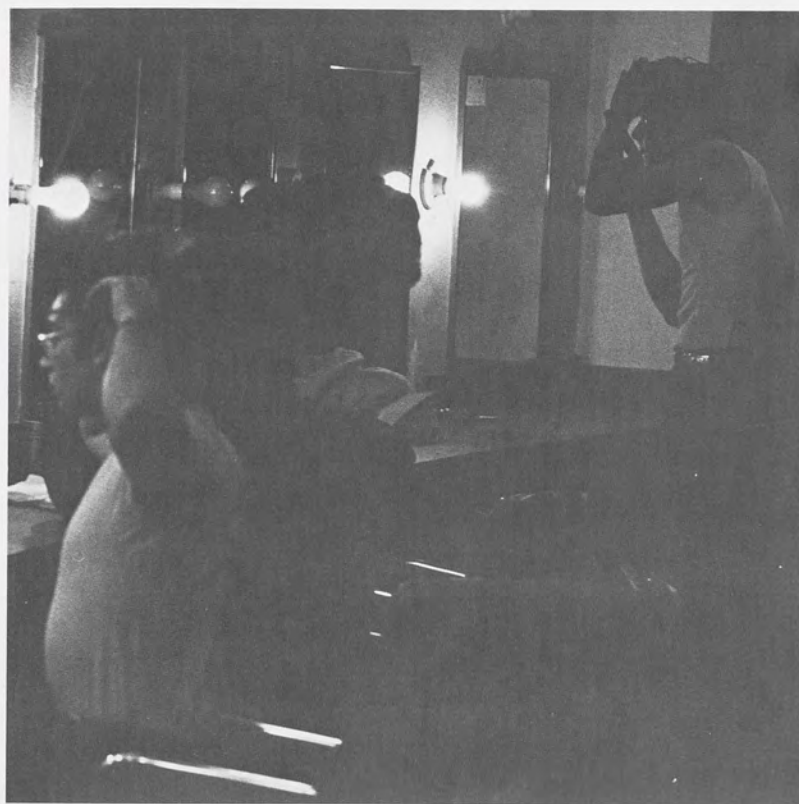

Opposite Page, Far Left: Sunspark introduce themselves to MSU.
 Opposite Page, Top Right: The Lord of the Flute, Jethro Tull.
 Opposite Page, Bottom Right: Earl Scruggs is still tops when it comes to bluegrass.
 Below: Livin' in the USA, with America.
 Bottom Left: Alice Coltrane performs with soul as well as hands.
 Far Right: The blues wailer, B. B. King.

Experience the World Around Us

Increased attendance and interest in part, serve as explanations why Lecture-Concert has been doing better this year than ever before. One way to learn about the world around you is to experience the best of what that world has to offer. And one good way to do that is to be right here at State and experience the Lecture-Concert series. Apparently, however, many people already know that.

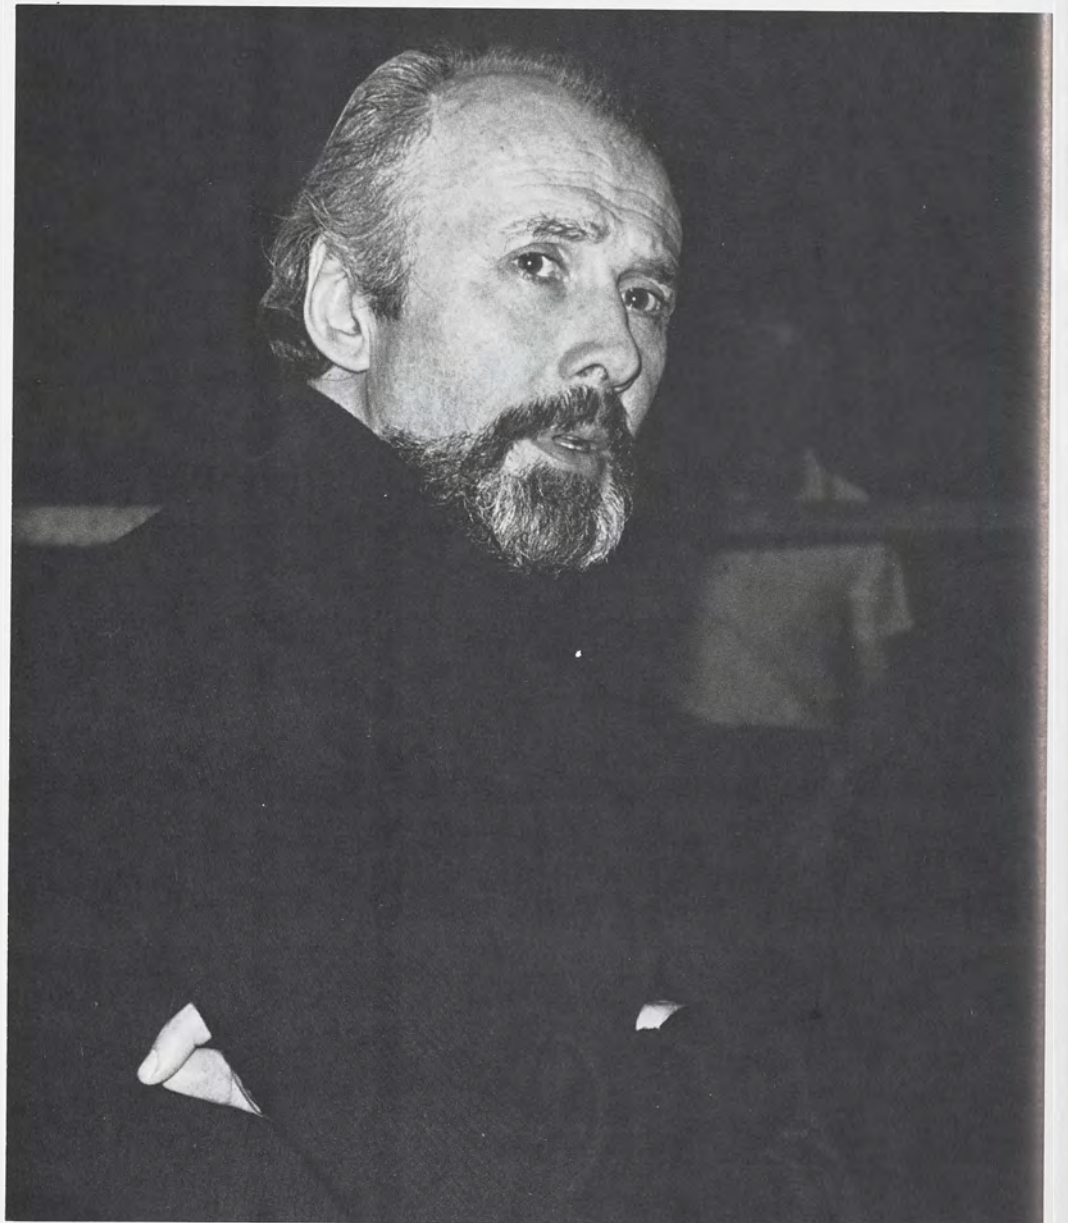

Opposite Page, Far Left: After Leonard Rose "Left" he came back for 3 more encores.
Opposite Page, Bottom Right: Grease was much more than what you find on your hair.
Above: The Warsaw Philharmonic, conducted by Rowicki, lived up to the acclaim that preceeded them.
Left: Looking like "rockers" takes time and preparation, as shown by some of the cast of "Grease".

Our Doorstep Is the World

What does an Indian ritual, a ballet, a piano player, a play out of the 20's, a symphony, Cervantes, jazz, and a guitar player all have in common? For one thing, they all appeared here at MSU, brought by the Lecture-Concert series. The stereo-type of Lecture-Concert as stuffy, boring, and out of date is way off key. It is culture for sure, but culture with a catch: the catch being interest. Whatever you are interested in, whatever you've heard of, and then some — Lecture-Concert brings it all. Music, Dance, Movies, Theatre, and Speakers, from all nations are the Lecture-Concert's daily trade and fare. You might say they try to put a part of the world, or at least the best of it, at our fingertips. And we need only to grasp it, and it is ours.

Opposite Page, Top Right: A scene from Arab Fantasy done by the American Ballet Theatre.

Opposite Page, Bottom Right: Richard Kiley after finishing his performance of "Cervantes" talks to some of the people backstage.

Left: Actors enter on stage for "No No Nanette".

Below Left: Betty Kean as the comic maid in "No No Nanette".

Below: Traditional Ballet as done by the American Ballet Theatre.

Below Right: Bennie Maupin came as part of the Jazz series, and gave a fine performance.

We Need Only
Step Out And
Open Our Eyes

Opposite Page, Far Left: The Kathakali dance ritual is not only centered on costumes, but also movement and stance.

Opposite Page, Top Right: The same Kathakali actor in full costume.

Opposite Page, Lower Right: Before his entrance Van Cliburn allows himself a moment of nervousness.

Left: Chris Parkening pauses to gaze out at his audience before continuing with his performance.

Bottom: The Leningrad Orchestra proved that language is no barrier when it comes to conveying musical ideas.

And We Are Always Ready to Step Out

Opposite Page, Top Left: Something a little different for MSU was the opera "La Traviata", here having a gay old time.

Opposite Page, Bottom Left: The principal characters of "La Traviata" engage in a seemingly futile encounter.

Center: Music by Three was by every spectrum a huge success.

Above: Obviously the two lovers are not alone in their discussion in "Two Gentlemen of Verona."

Left: Once again the happy lovers from "Two Gentlemen of Verona."

Right: Two students give a piano recital, one of the many going on all the time.
Below: The jazz ensemble more than lived up to their name.

Opposite Page, Top Left: Band members give their all, every breath of it.

Opposite Page, Center: No, this is not part of Herbie Mann, but rather another shot of our jazz musicians.

Opposite Page, Bottom: In between playing, the band sends a friendly greeting to the players.

You've Heard the Band — So Here Comes the Rest

It's pretty likely that most people have heard of the band here. But it would be interesting to note how many people know about all the other musical groups at State; like the Men's and Women's Glee Club, the MSU Singers, the Chorale, Orchestra, Chamber Orchestra, the 4 other bands besides the one we see at football games, and the many recitals given by music majors all through the year. Most would probably be surprised to find out that there is this much going on. Another surprise, every one of the members is a student, except the University Chorus which consists of townspeople as well as students. However, each must audition, and the only payment received is in credits.

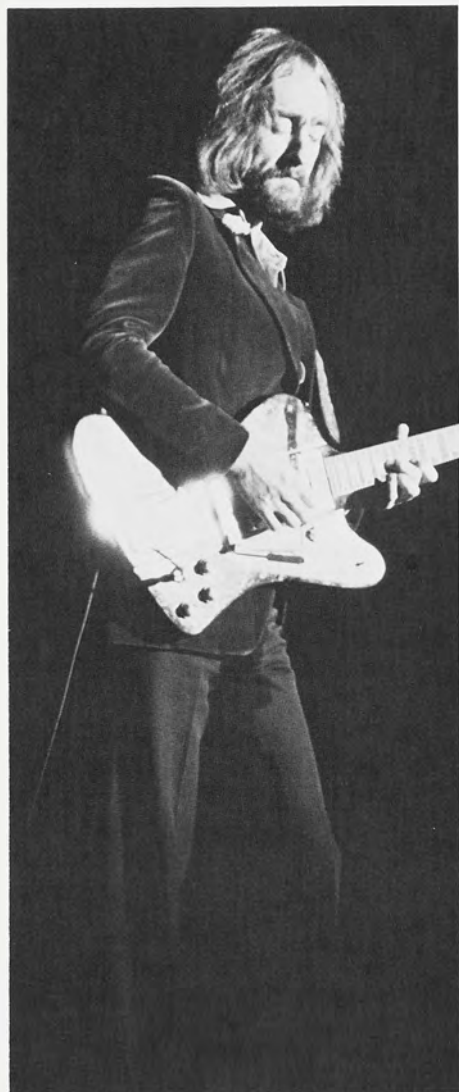

And It's Right
Here Among Us

Opposite Page, Top: The University Chorus entertains and looks pretty happy about it.
 Opposite Page, Right: The University Chorale and Orchestra in full regalia.
 Opposite Page, Bottom Right: A view from the inside of the MSU Symphony Orchestra.
 Top Left: Following the conductor, these students play as a unit.
 Above: The Women's Glee Club enlightened the Alumni Chapel for a while with their annual Christmas concert.
 Left: You get all kinds of expressions trying to hit a C.

Music And Only the Best of It

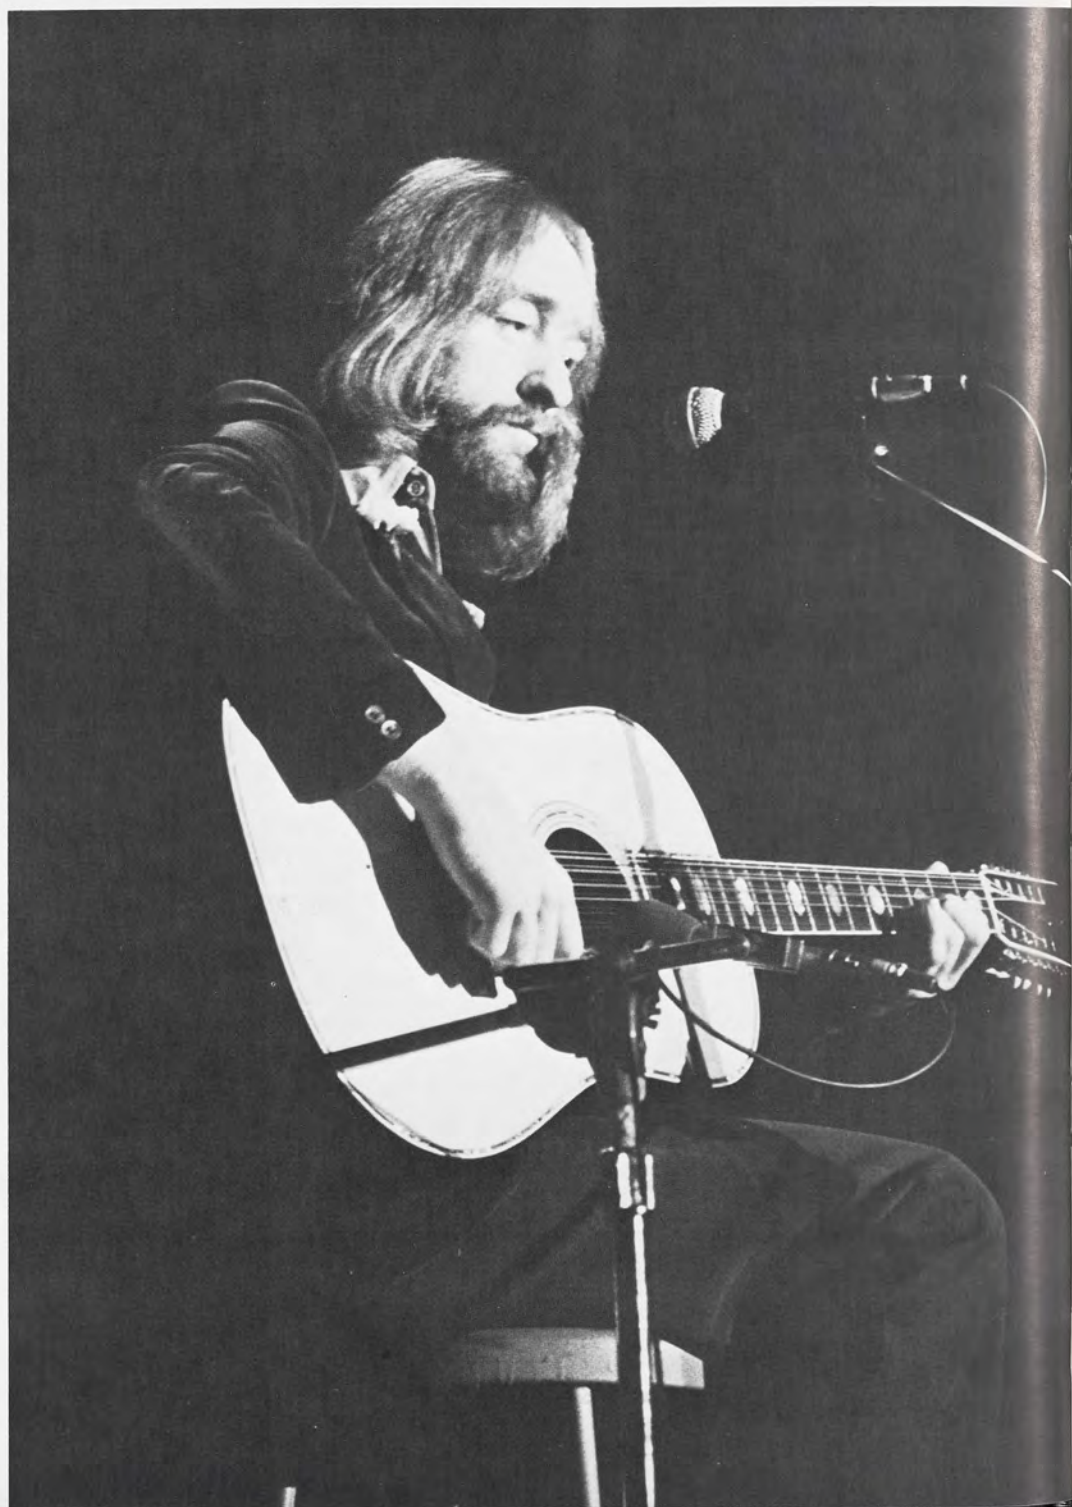

Above and Right: Dave Mason surely proved one of the true highlights of the Pop Entertainment year.

Above Far Right: Chick Corea took over when "Weather Report" didn't show, but he was all sunshine.

Opposite Page, Top Left: No, this is not Spiderman, it is the Wizard helping out at the Three Dog Night concert.

Opposite Page, Bottom: Three Dog Night performed in interesting attire.

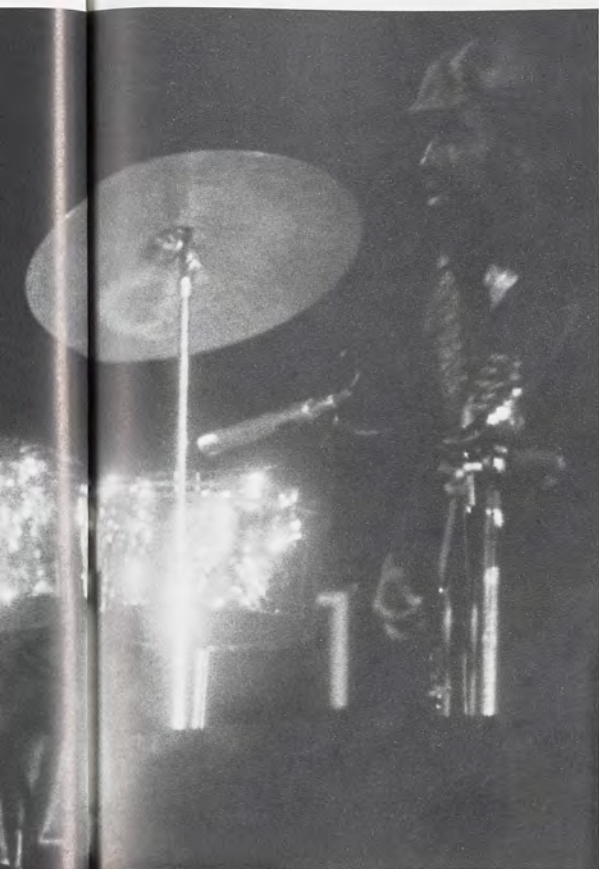

The Sound of Rhythm And Black

Black music has a sound of its own, a beat of its own, and a whole culture of its own behind it. It comes as no surprise then that Black entertainment stands in a category of its own, and deservedly so. This is not to say that others cannot revel in Black music, and vice versa. But whatever the case, one must admit that Black music is exactly that. Thus it was with great excitement that the groups War, and the Main Ingredient were brought to MSU this year. As any one who went to the concerts will tell you — they were distinctive, and held a more than captive audience. Don't let this give you wrong ideas though. There were many more than just two Black concerts, many more Black dances, and cultural awareness activities. This was only a small representation of the entertainment that went on in the Black community this year.

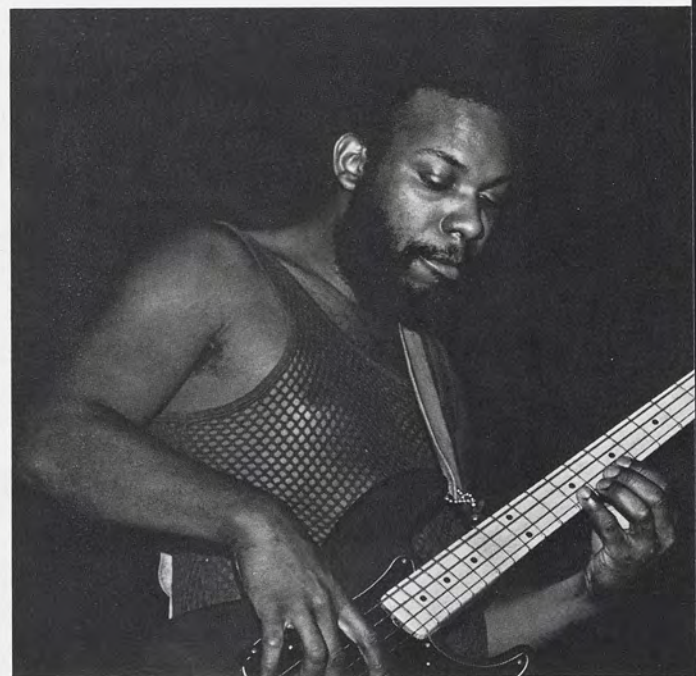

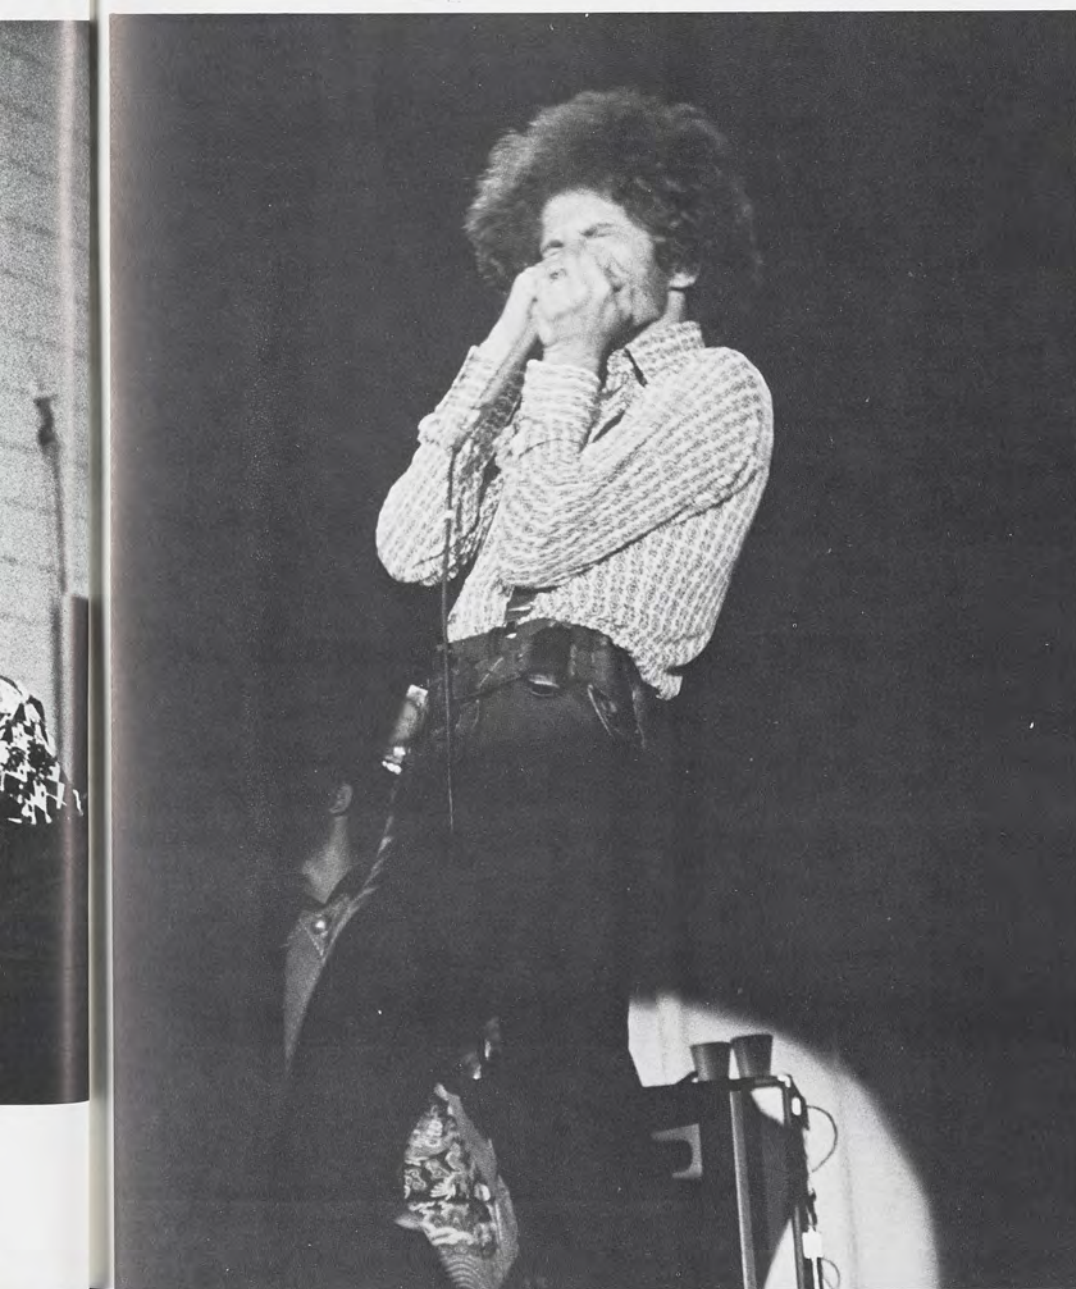

Opposite Page, Far Left: The Main Ingredient get it on in concert.
Opposite Page, Top Right: The drummer from War is intent on his music as he plays his heart out.

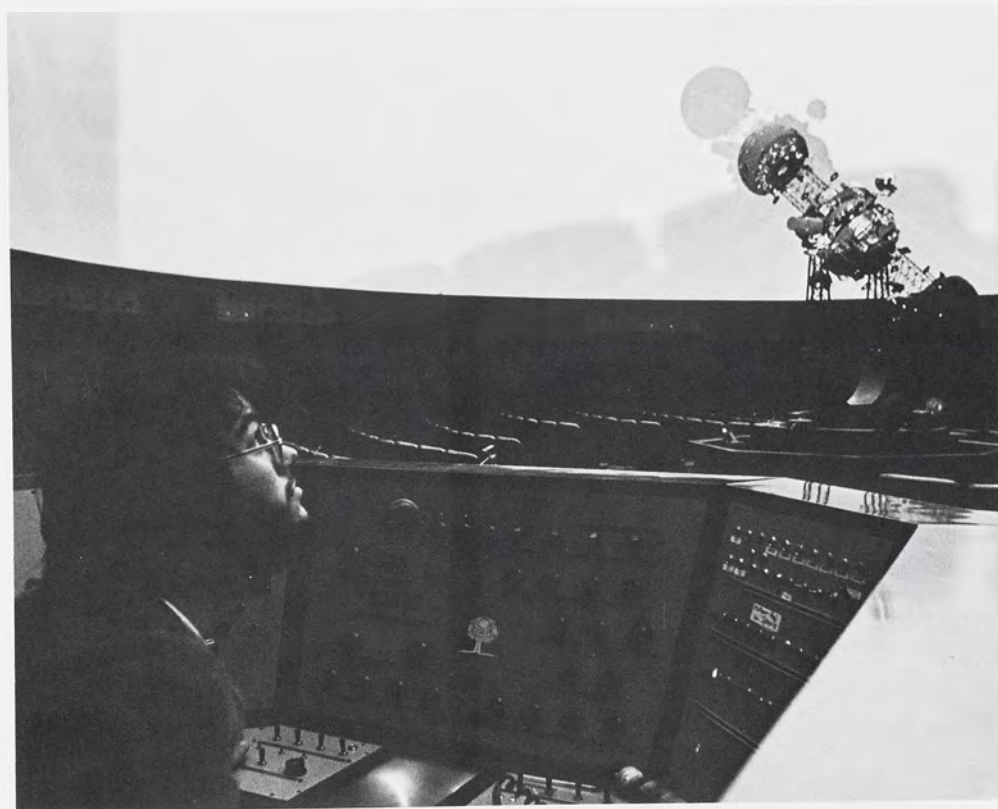

Opposite Page, Bottom Right: Two members of a local group proved that Black talent is alive and well in Lansing.

Below: The harmonica player from War had to be seen to be believed.

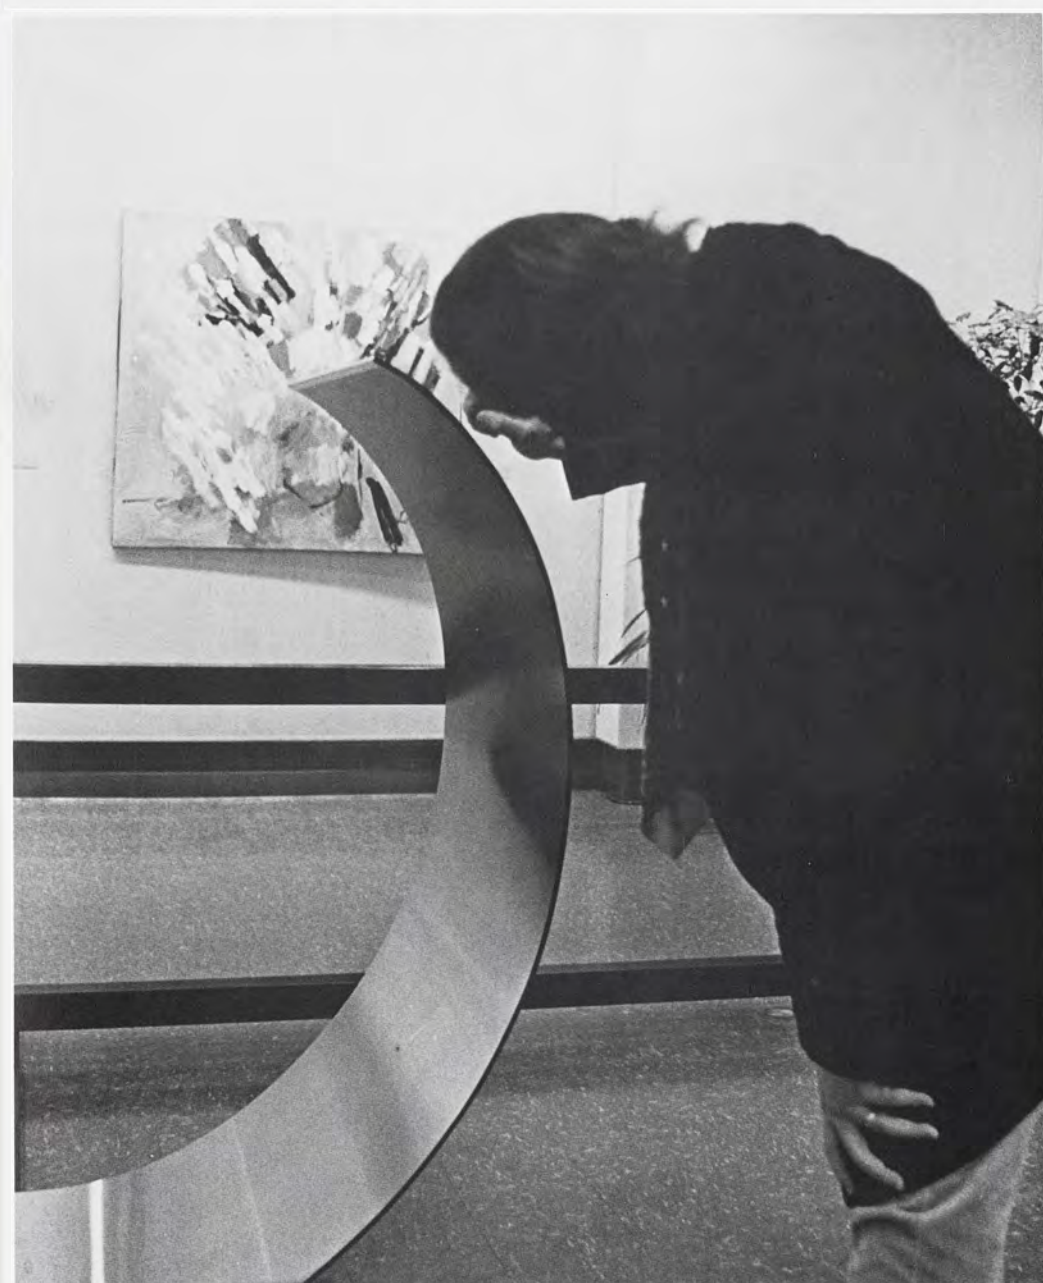

Far Right: Another member from one of the Jazz-Series groups lets his bass do his talking for him.

From the Universe Down

The earth or the stars? At MSU you can have both. One is completely free, and the other rarely costs more than a dollar. Our earth center is called Kresge. There is always the permanent collection of ancient and modern art. And to supplement this, there are always various shows and movies being offered. This year the Nigerian Textile Show, the Faculty Exhibit, and Salvador Dali — Bunuel movies just to name a few, were the highlights of the Kresge curriculum.

If you'd like the stars, all you have to do is trot over to Abram's Planetarium, and you'll get more than your fill here. Like Kresge, Abram's has a permanent mini-collection of stars, planets and the like. And there is always some specialty of the house, like a comet-watching session, or a look at our undiscovered space neighbors, or even a look at Mars, and of course the unbeatable ARC show every year, to keep you flying high — among other things.

Everything Has Its Seasons

The Performing Arts Company of Michigan State is not just another inexperienced group of performers. It's members are recruited and paid for their services. The company strives for a professional attitude which their audiences appreciate and enjoy.

The 73-74 season, marks the 10th anniversary of PAC. The variety of entertainment is outstanding, ranging from Moliere to 1930 musicals.

The undergraduates are not idle or willing to be outdone. Their first production transformed the Arena Theatre into an atmosphere of mysticism and sorcery with much success.

One of the many fringe benefits of the Department, is the Summer Circle Theatre. The place is Kresge Court, the stage is a raised platform, and the admission is free. Very little money is appropriated to this project, so it is done for pure enjoyment and entertainment.

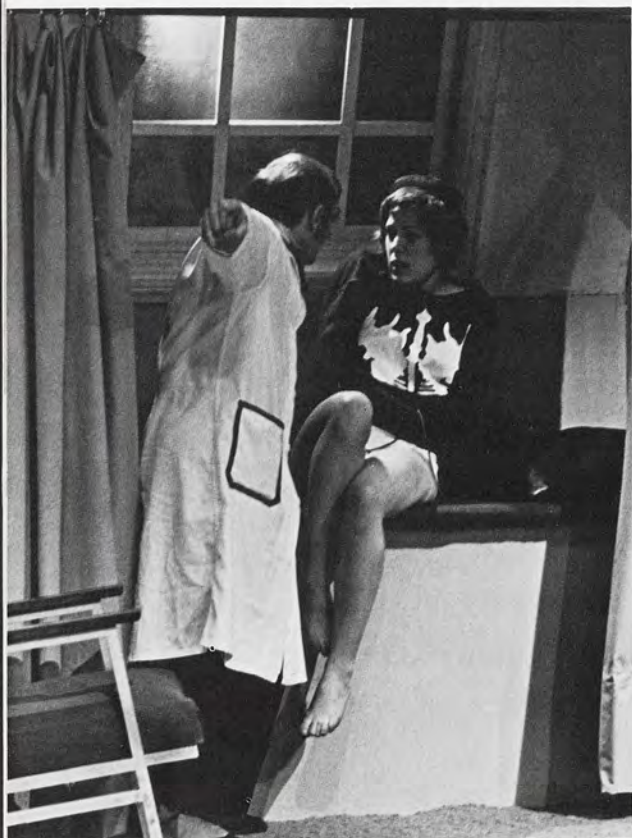

Opposite Page, Far Left: The tragic lovers in "Dark of the Moon".
 Opposite Page, Top Right: "MacBeth" gives his famous soliloquy.
 Opposite Page, Bottom: Some of the crew members from "Dames at Sea".
 Upper Left: Obviously, though "MacBeth" had a small budget, the actor's abilities were top grade.
 Bottom Left: The dancers create the eeriness and supernatural inherent in "Dark of the Moon".
 Above: One of the girls from "Dames at Sea" decides to tell her side of the story — and wastes no words.

Everything Has Its Time

PAC went into its second half of the season presenting several farces, a musical and a fantasy. "The Miser", and Arena's "What the Butler Saw" two comedies, were both well-received "The Miser" is a classic French farce, with modern appeal. "What the Butler Saw" is a fairly recent, typically zany, American expose on itself. And in usual American style, you have to be a typical zany American to appreciate it. "Babes in Toyland" was put on at Christmas as a children's play, though it was delightful to more than just children. And last but not least "Guys and Dolls", in the tradition of the musical-comedy, is fun, even at the rehearsal caught here. All in all, four fine plays guaranteed to help you forget your cares for at least an hour or two.

Opposite Page, Below Left: "What the Butler Saw" was a lot.

Opposite Page, Right: "The Miser" gets caught.

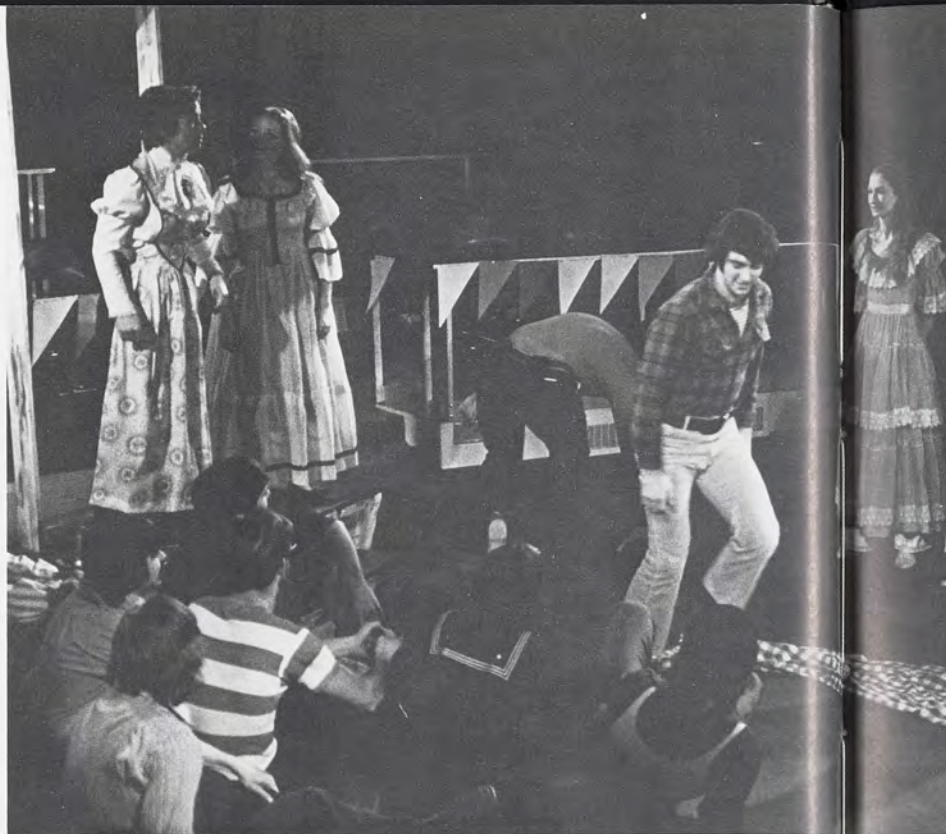

Opposite page, Below Right: Rehearsal for "Guys and Dolls" show promise.

Below: The children of Toyland always listen to stories.

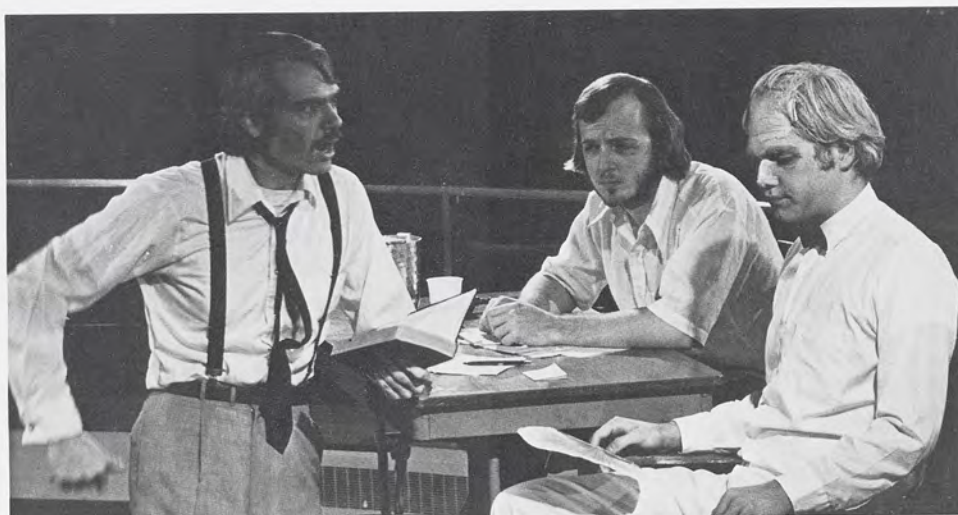

Bottom Left: Sleeping their cares away are "The Babes in Toyland."

Far Right: Children of "The Miser" make plans.

Above Far Right: In a scene from "Carousel" some of the big time toughs entertain the ladies.
 Above: "1000 Clowns", and here are two.
 Right: Jigger and Mrs. Mullin from "Carousel" have it out.
 Opposite Page, Top Right: "Inherit the Wind" was an extremely moving play with a still pertinent message.
 Opposite Page, Center Right: Hard-nosed reporter and minister's daughter clash in the meeting of two worlds in "Inherit the Wind."
 Opposite Page, Bottom: Big Jim and "Little Mary Sunshine" show us what true love is all about.

The Company Shines on!

The Company, a pleasant alternative to the University theatre on campus, is in its third year, and more alive than ever. This year more plays than ever have been put on, at least two a term, and more students have become involved than ever before. And when you consider that the organization is student — run from the administration, through board of directors, through directing and producing, through the actors and actresses themselves, — that is quite an accomplishment. They may not have big names, but like the night sky, they stand out and shine.

Lifestyles

Overcrowding!

Highlight '74

More than 2,500 students lived in overcrowded rooms this year. When freshmen registered last summer, the administration began to realize that the dorm situation was going to be crowded. Over 800 rooms had too many people in them.

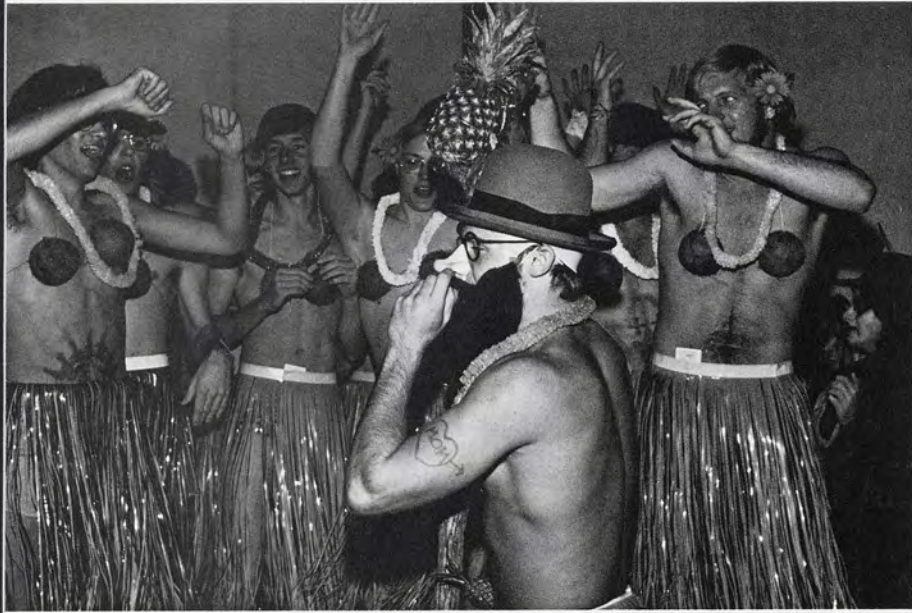

The cramped situation was worked on by the administration. From the start of fall term they began moving students from room to room, and dorm to dorm. Students were even moved into dorm libraries and study rooms.

The 'close-quarters' led to more than a few problems among roommates. It was difficult to study, to think and to find time to be alone. Roommates got on each other's nerves often, and unhappy people were inevitable.

Most of the dorm rooms on this campus are meant for two people, not three. When friends visit, it is difficult not to disturb one roommate who may be studying, and doubly difficult not to disturb two roommates.

These overcrowded conditions are a serious breach of the students contract. Many students who asked for a single room were assigned to triples. By over-assigning MSU is violating the housing code.

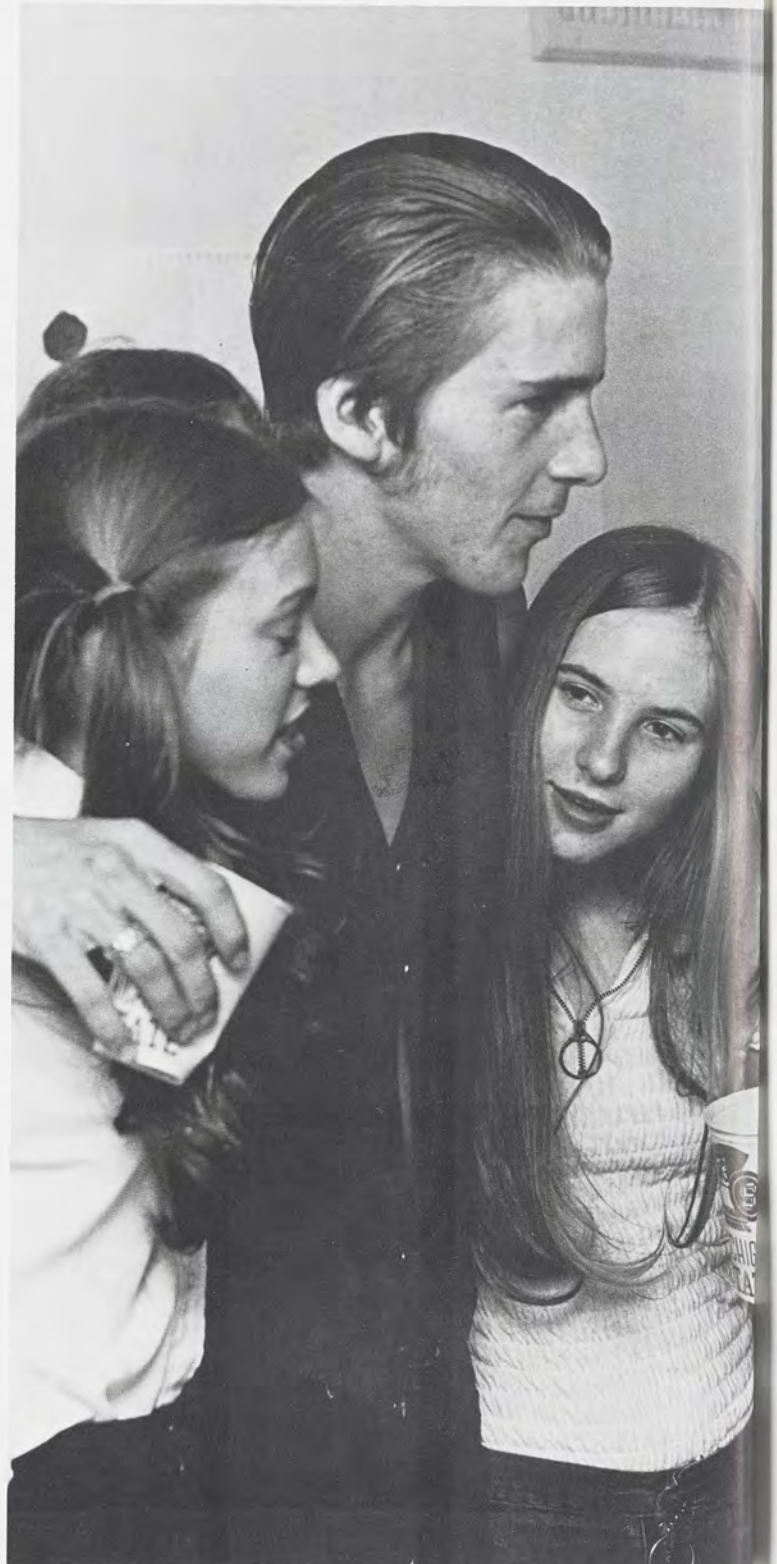

All Work, No Play?

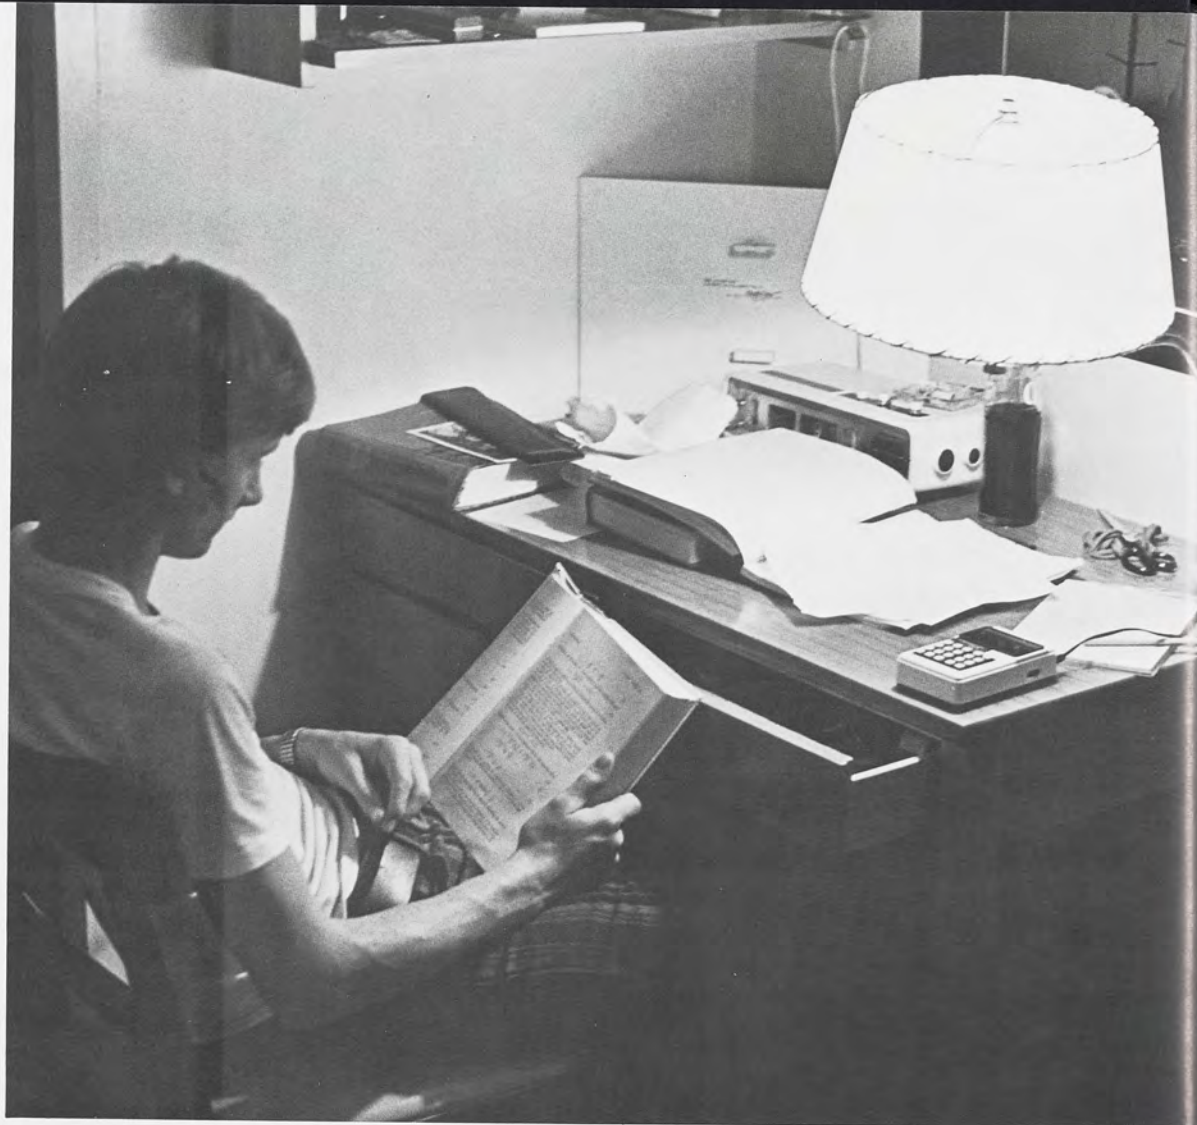

A Variety of Fun With Your 'Brother/Sister' Floor

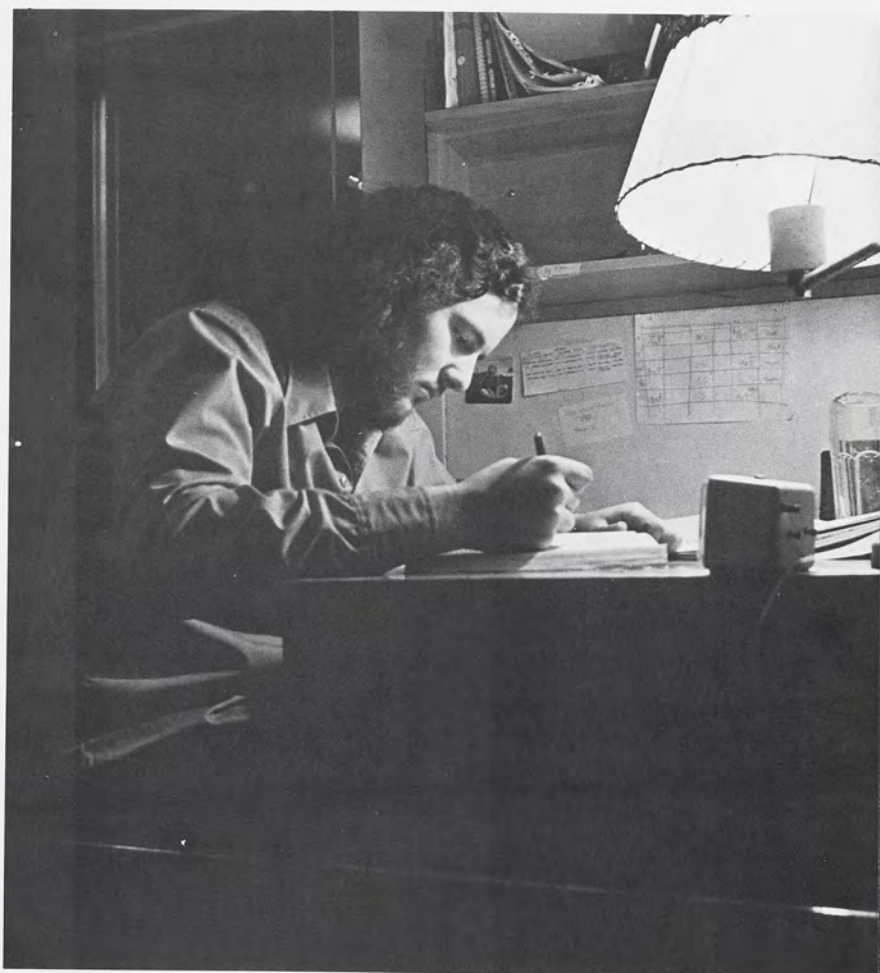

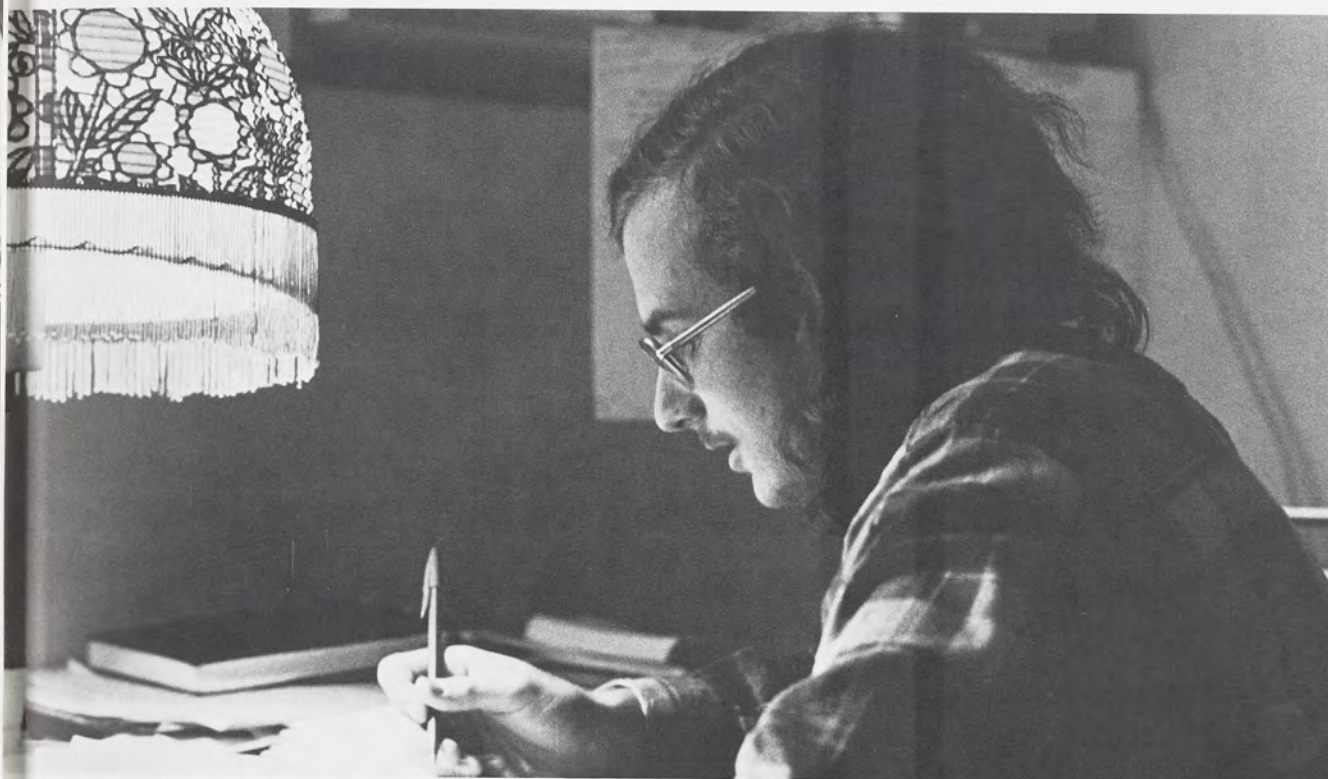

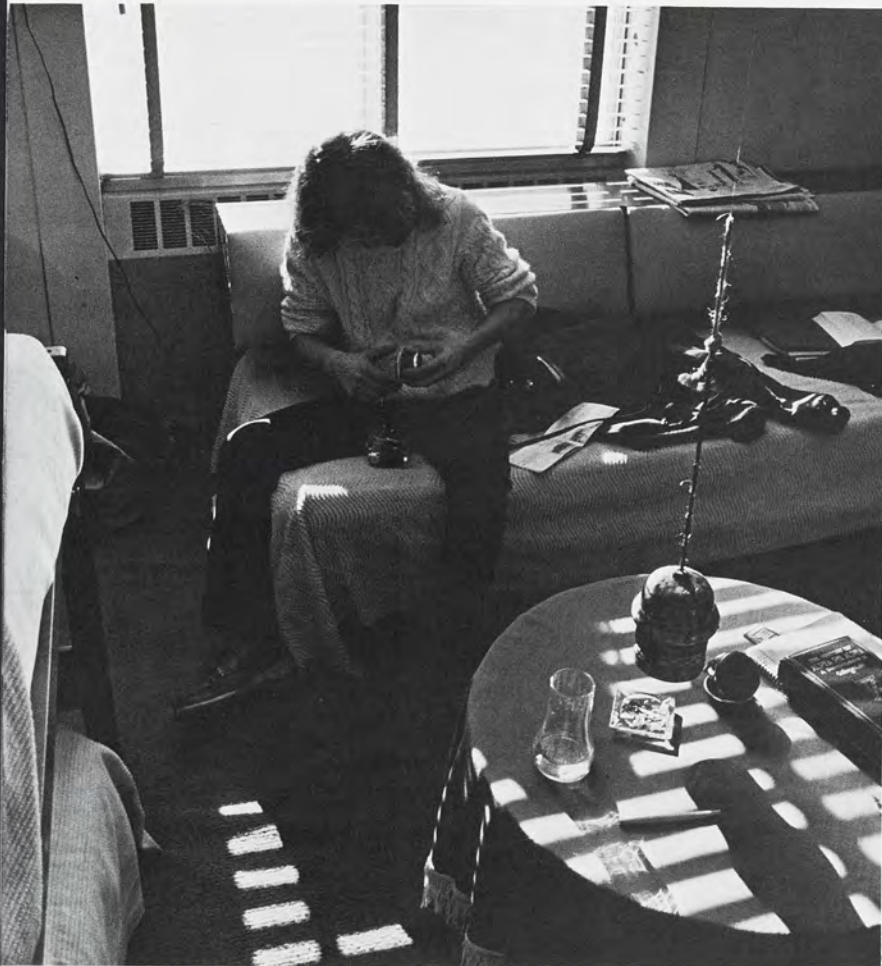

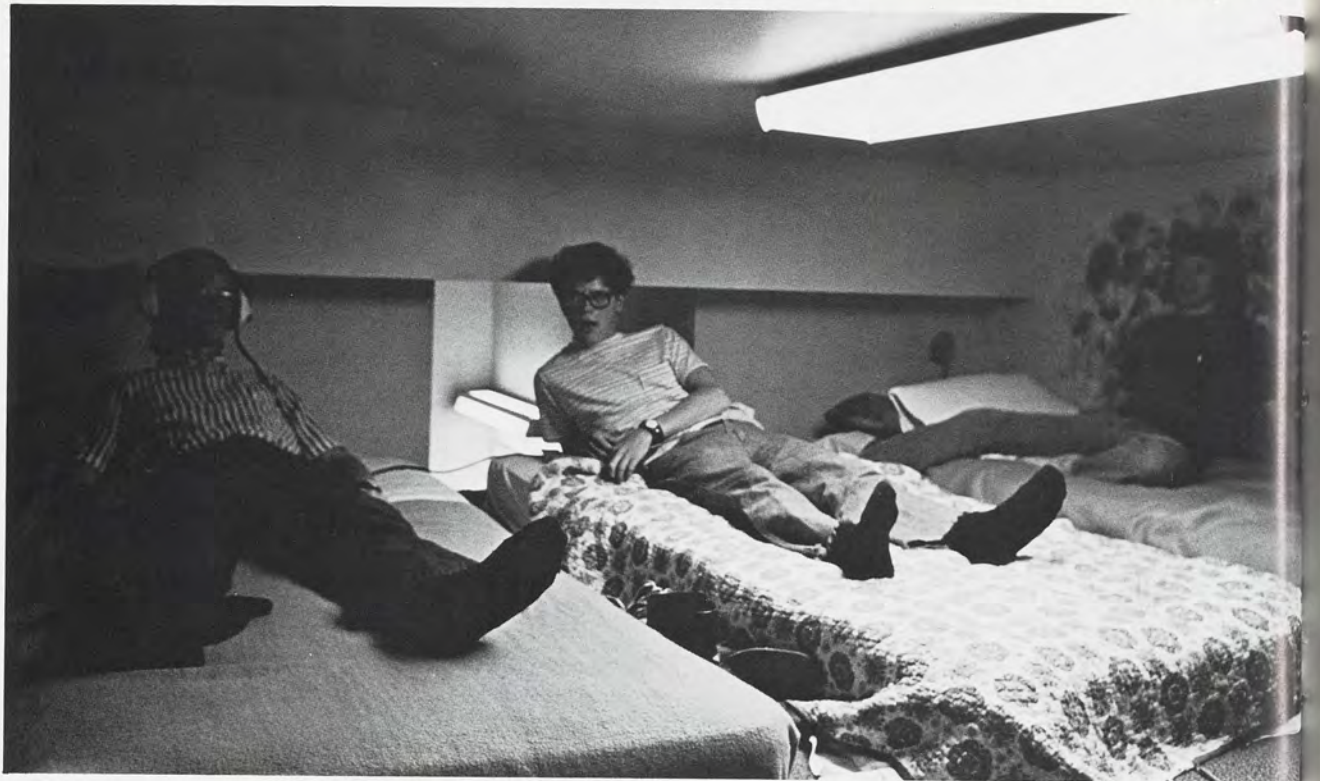

Upon moving into a dorm a student is automatically adopted into a new family, complete with brothers and sisters. This family is composed of the brother/sister floor found on the opposite side of the dorm. Brother and sister activities include cocktail parties, talking, hayrides, and football games — to name a few. It's great to know there is always someone to have a party with!

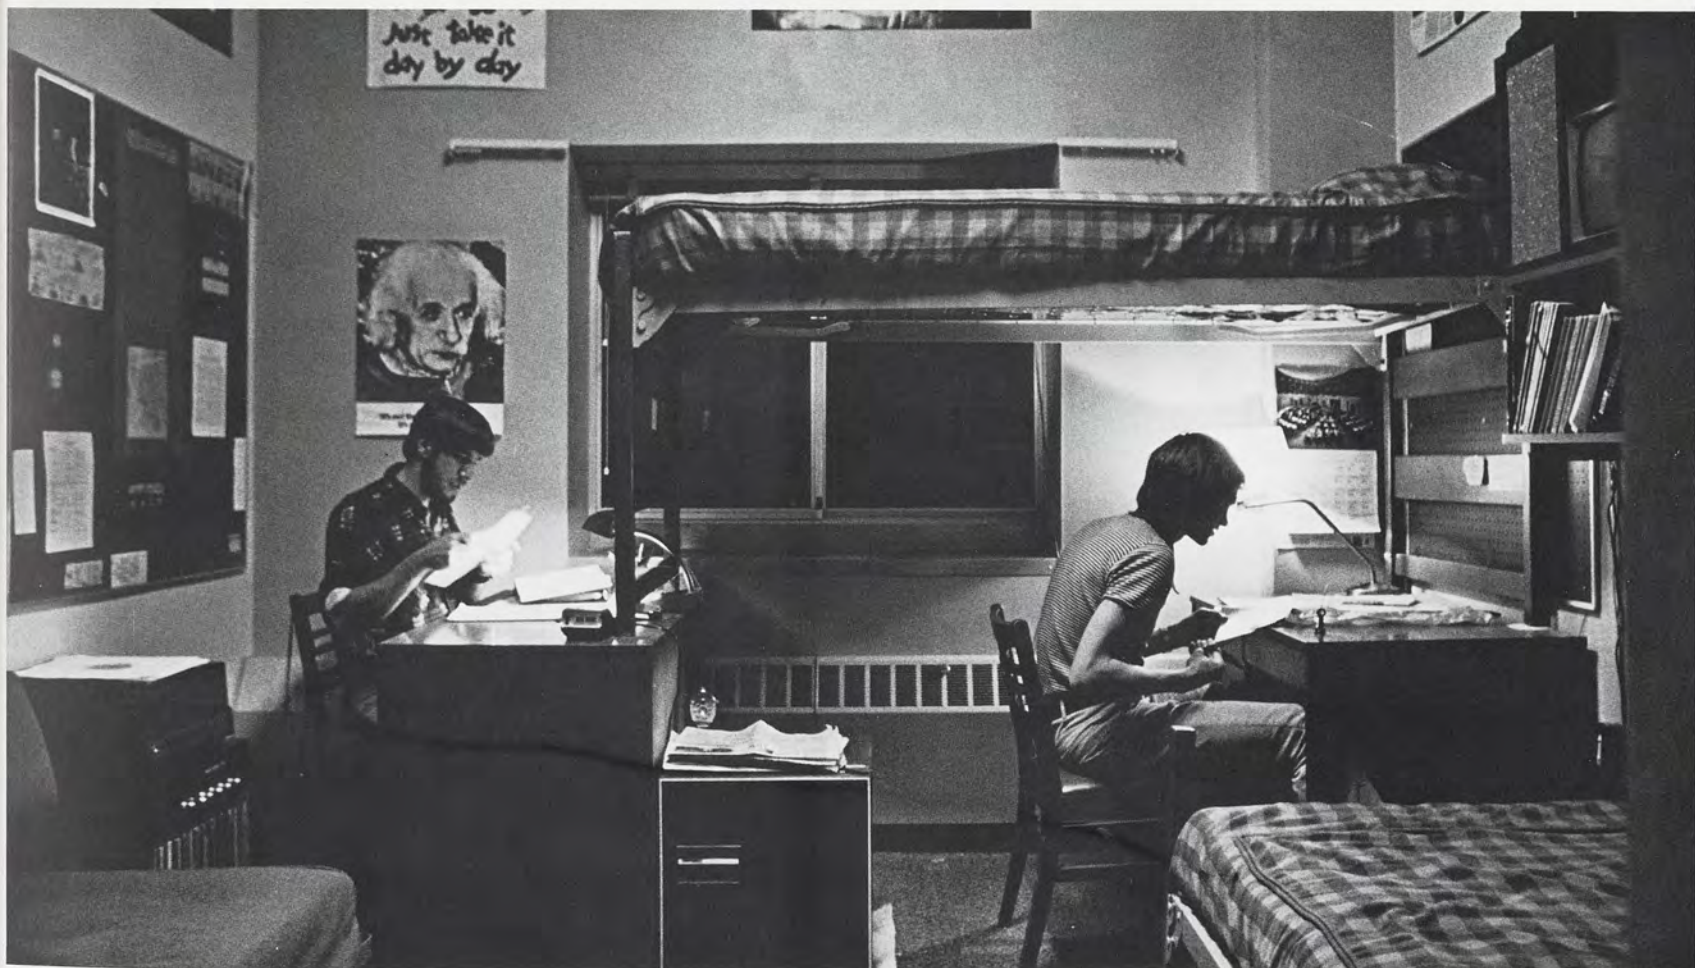

With a Little Hard Work . . .

Your Room — Your Way!

y!

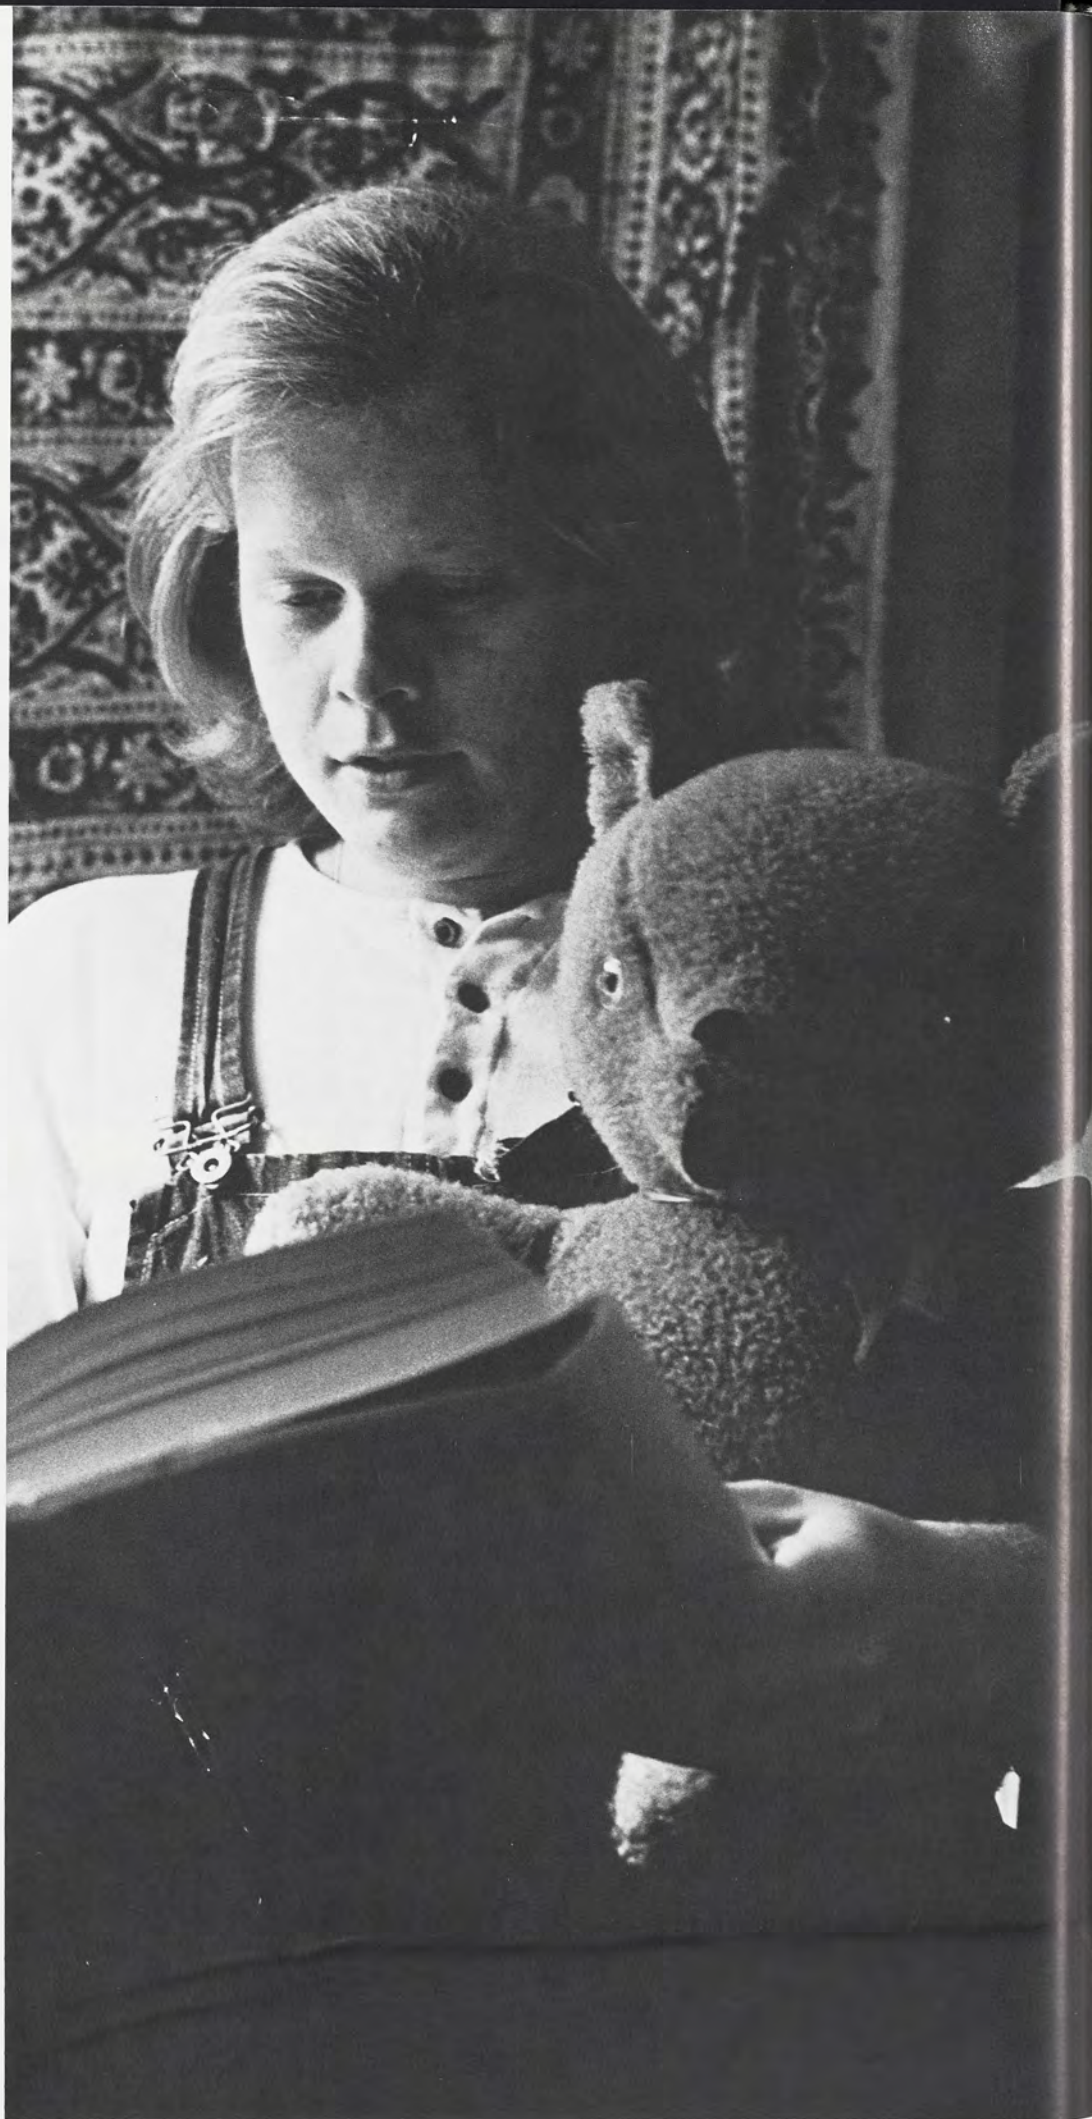

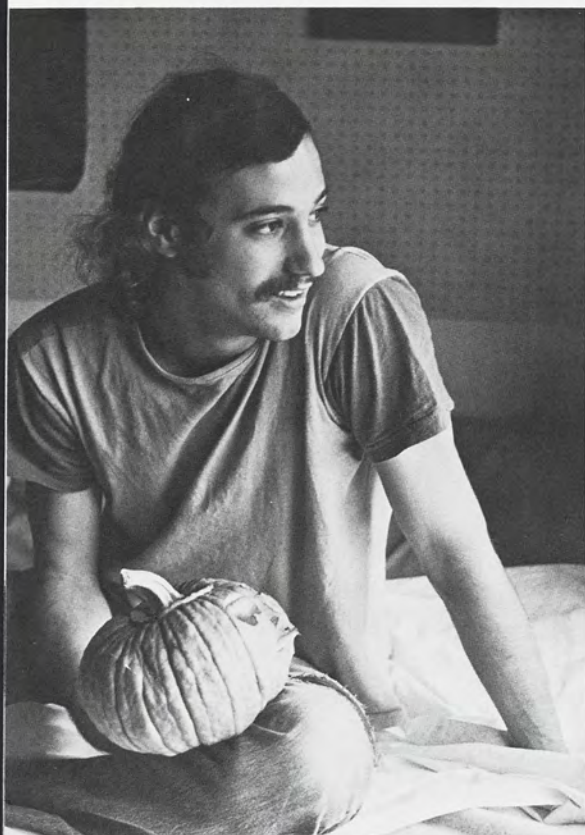

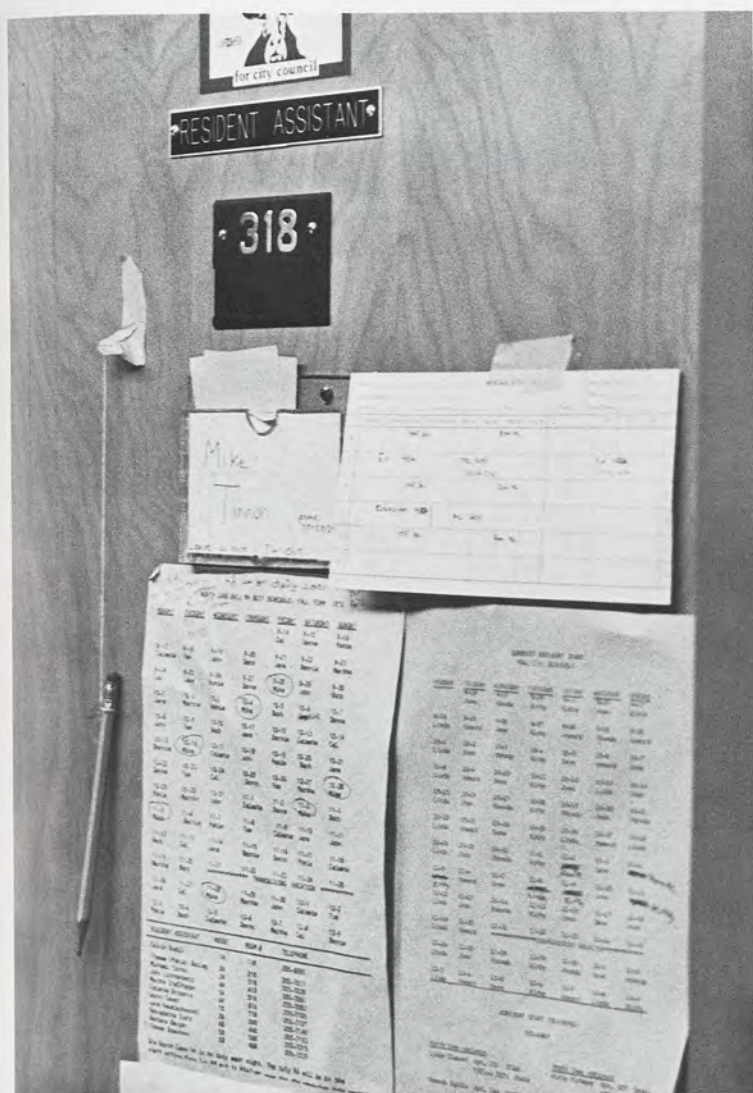

Services by the Students, for the Students

The University provides a large number of student positions. Tremendous amounts of the cafeteria food supplies are stored by the Campus Food Service, and then are prepared and served by the students. The cafeteria is cleaned by the students. Mailboxes are filled, the receptionist desk is kept up, and dorms are swept by the students.

The University has made available to all students the opportunity of working with fellow students in almost any way. The student services that are provided by the University are a convenience to all students. They may help you find a job and meet people, or provide you with many services that help keep dorm life agreeable.

R.A.'s — a Helping Hand

Knock! Knock!

"What's up?"

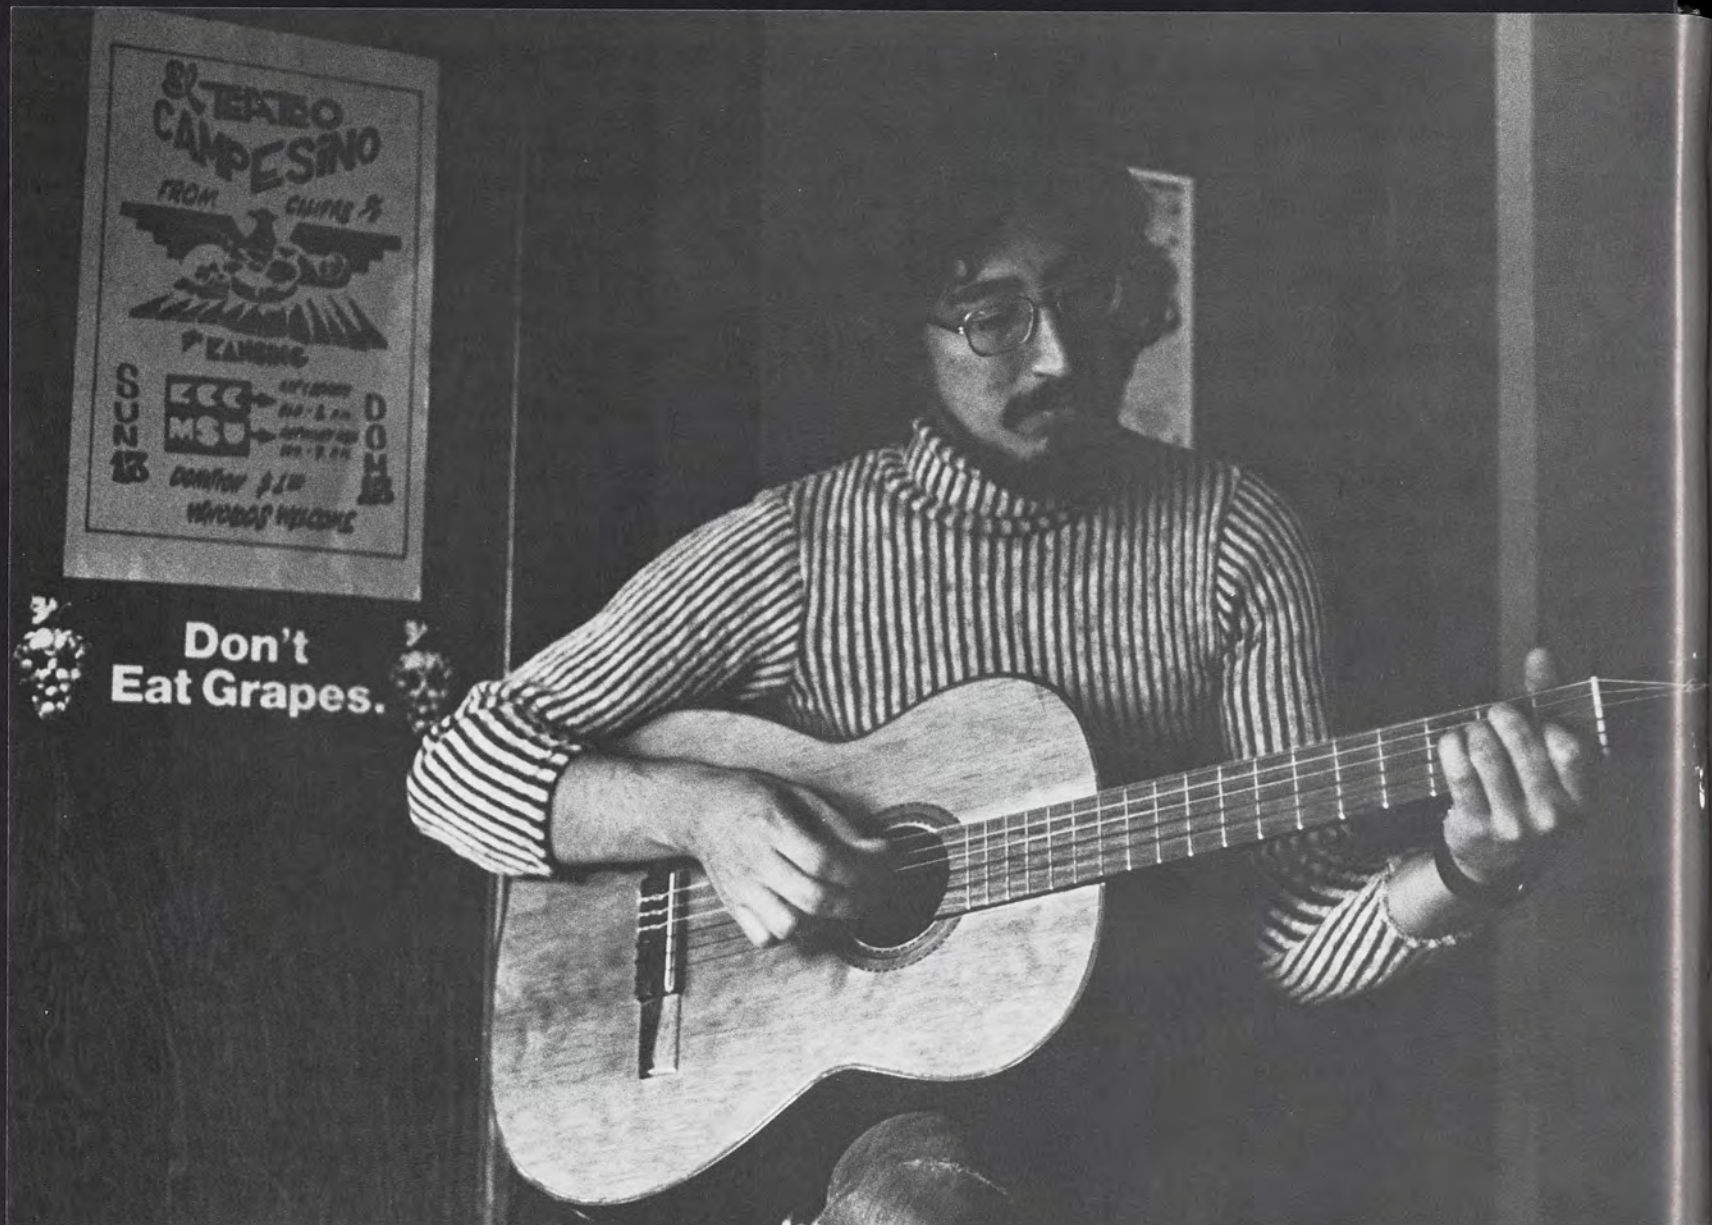

"Well, it's like this . . ."

Who listens to problems and complaints at all hours of the day or night? Or, who is it that gives up their free time to spend it with about 50 crazy kids planning a kegger or a hayride? Who is it, Resident Assistants of course!

R.A.'s are definitely a rare breed. They put up with headaches and sorrows and end up with many a wet shoulder. They organize activities, listen to everyone and everything, try to make life a lot of fun on your floor, and even occasionally switch places with another R.A. on your corresponding brother or sister floor to answer other student's questions, and try to help them with their problems.

Who can R.A.'s talk to when they have problems? You!

Chicano Aides

The goals of the Chicano Aide program include working on the academic success of the Chicano students living in MSU Residence Halls, and forming a liason among the Chicano students.

Chicano Aides help the students fill out forms, and find information that is needed to get financial aid to enable schooling of students. The Aides also serve as intermediaries between the students and the University. They relate to the students more completely than anyone else. They answer all questions, if possible, and know the referral sources available on campus. They also co-ordinate athletic and social activities for the Chicano students in an attempt to bring the students together.

The students find that they have someone to turn to that they can trust completely, the Chicano Aides.

Married housing appeals to many

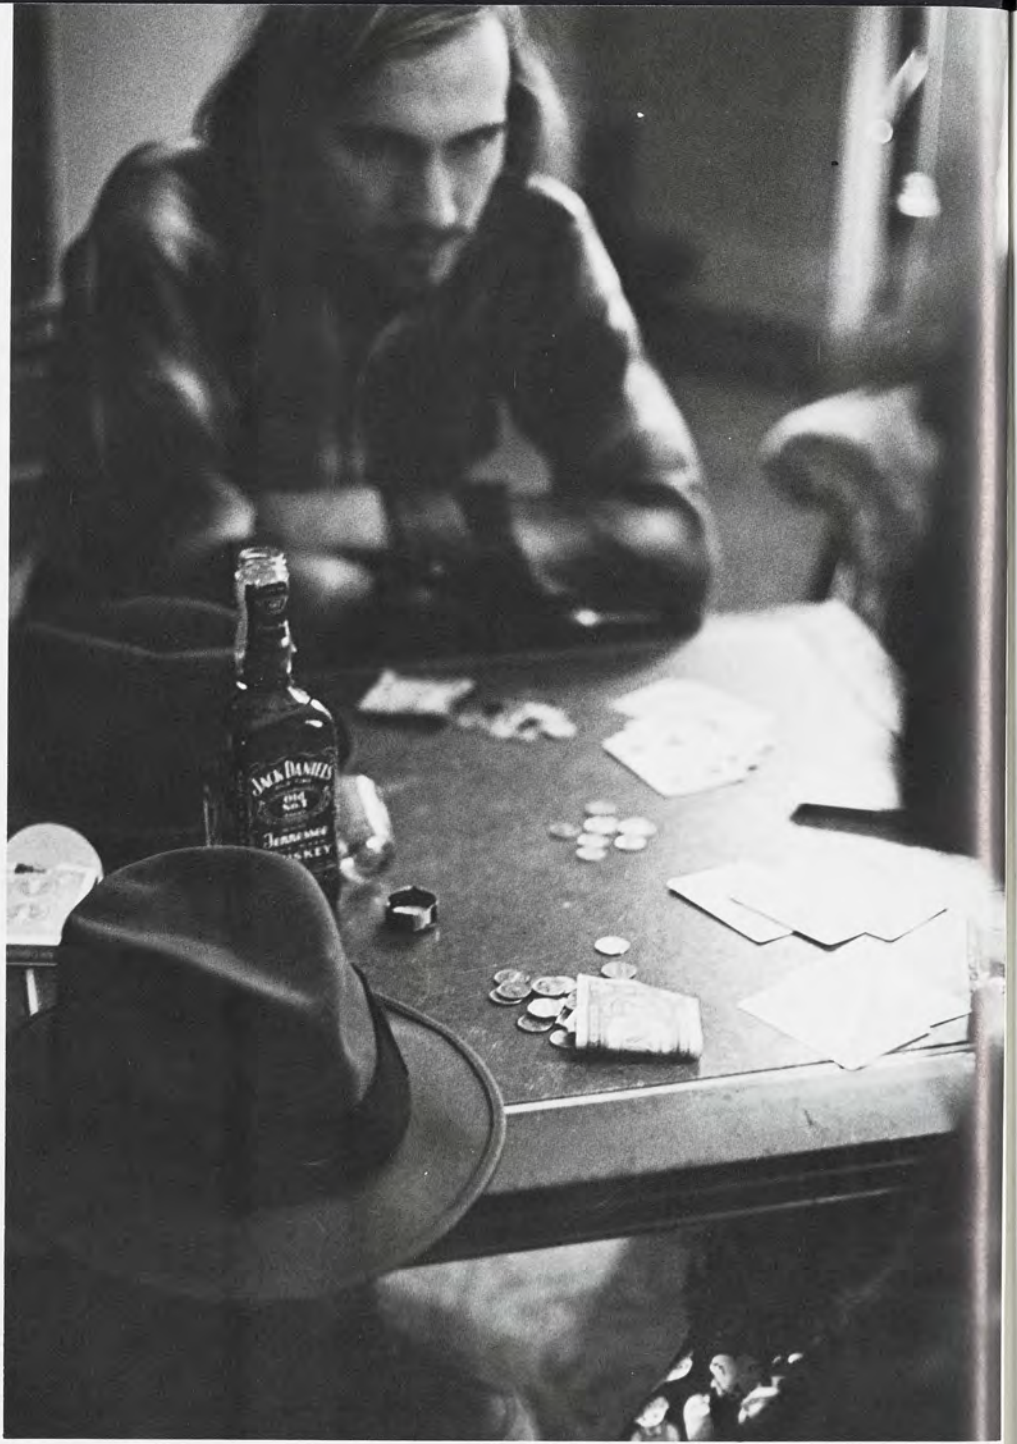

Junior freedom!

Apartment life has always held a strong attraction to MSU students, and this year was no exception. Again a large number of students are living in apartments. Juniors have the opportunity to choose between many life styles, and many choose apartments.

The rise in cost of everything, rent and groceries included, has not stopped many students from living in apartments; it has only added a little more worrying about money.

Students enjoy having their own place where they can do what they want. There is the advantage of quiet when it is wanted, or a chance to have parties continuously! Rooms can be kept the way they are wanted, and food can be cooked the way it is most enjoyed.

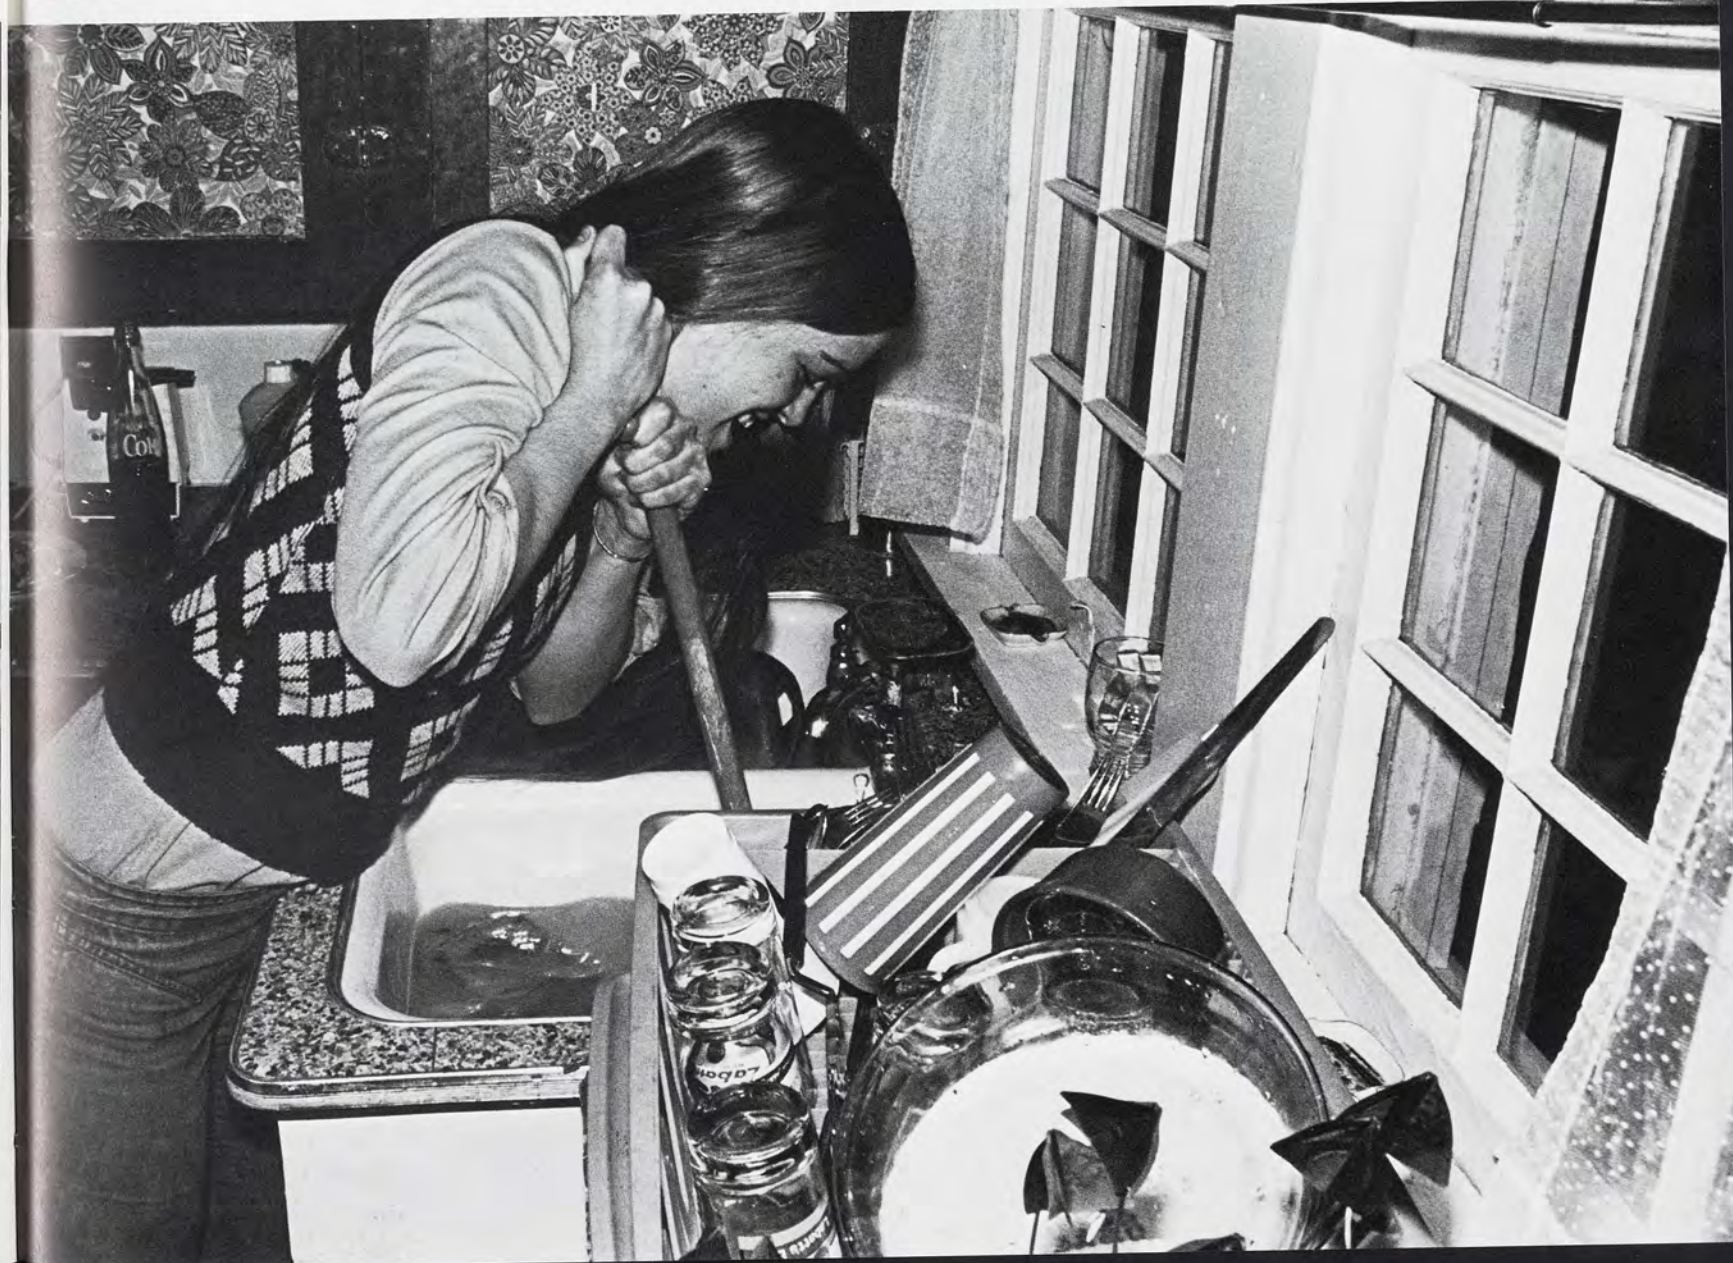

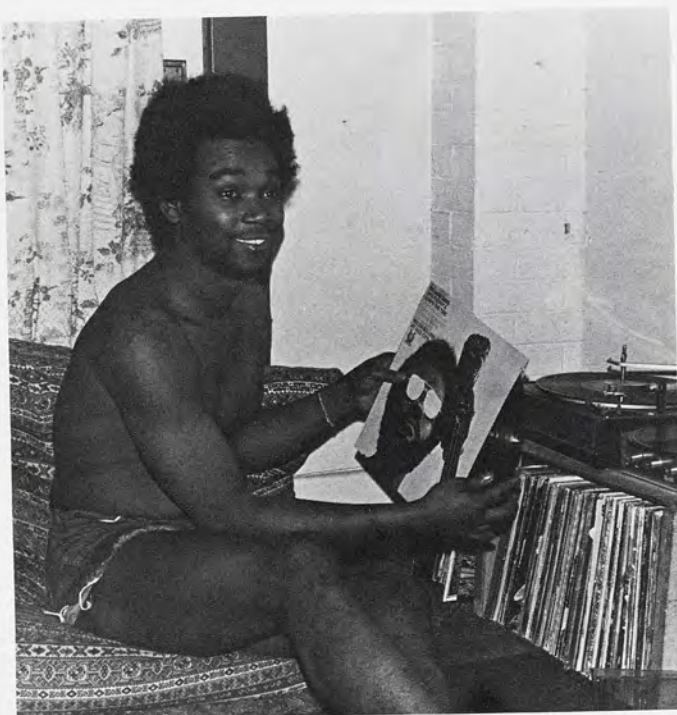

Apartment life is chosen by many students

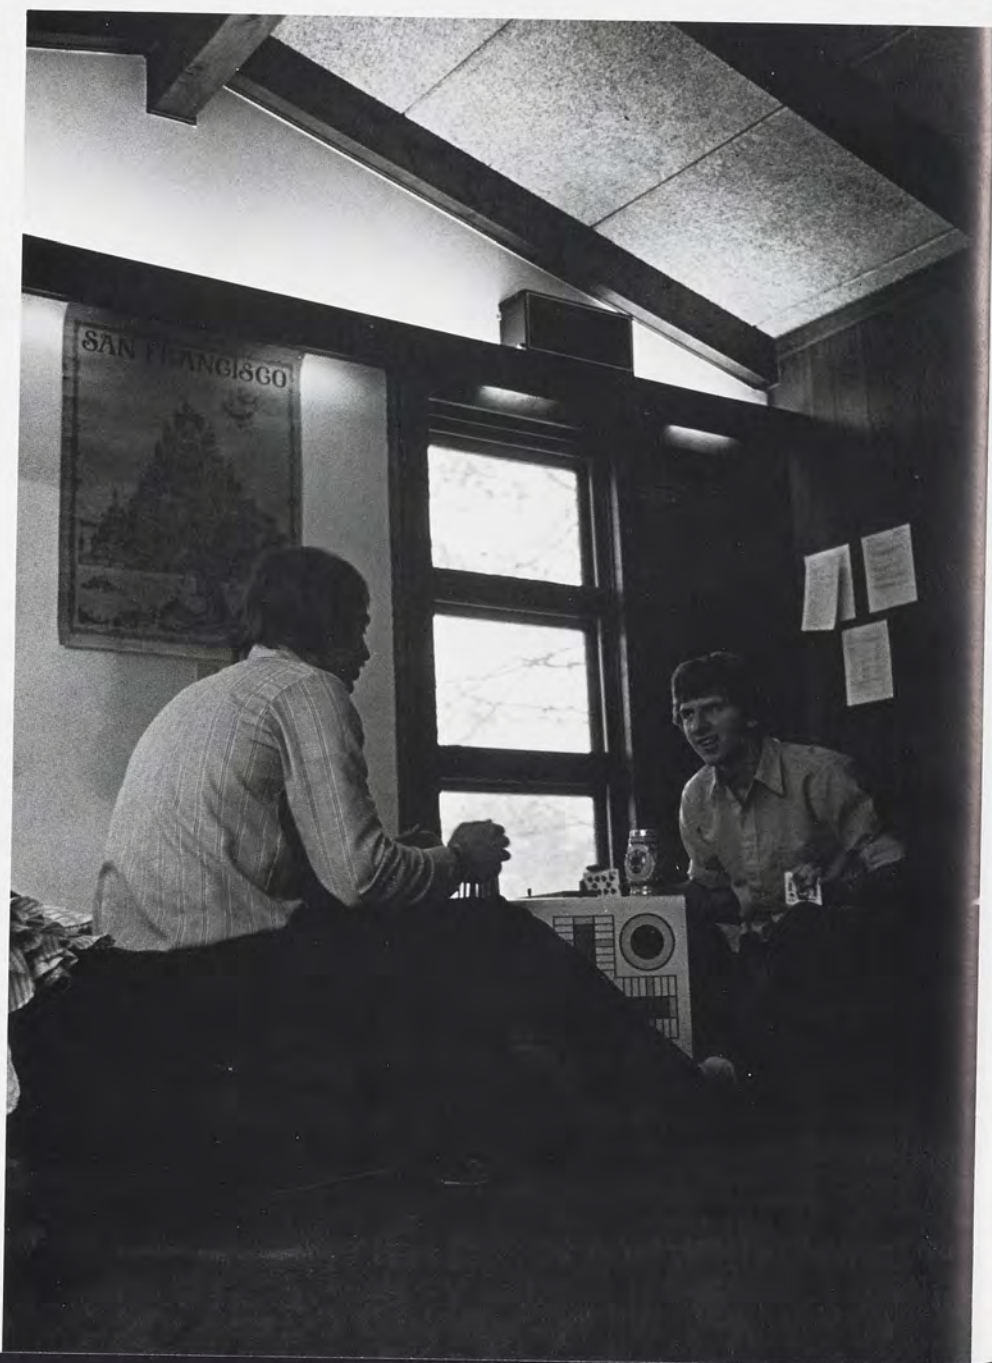

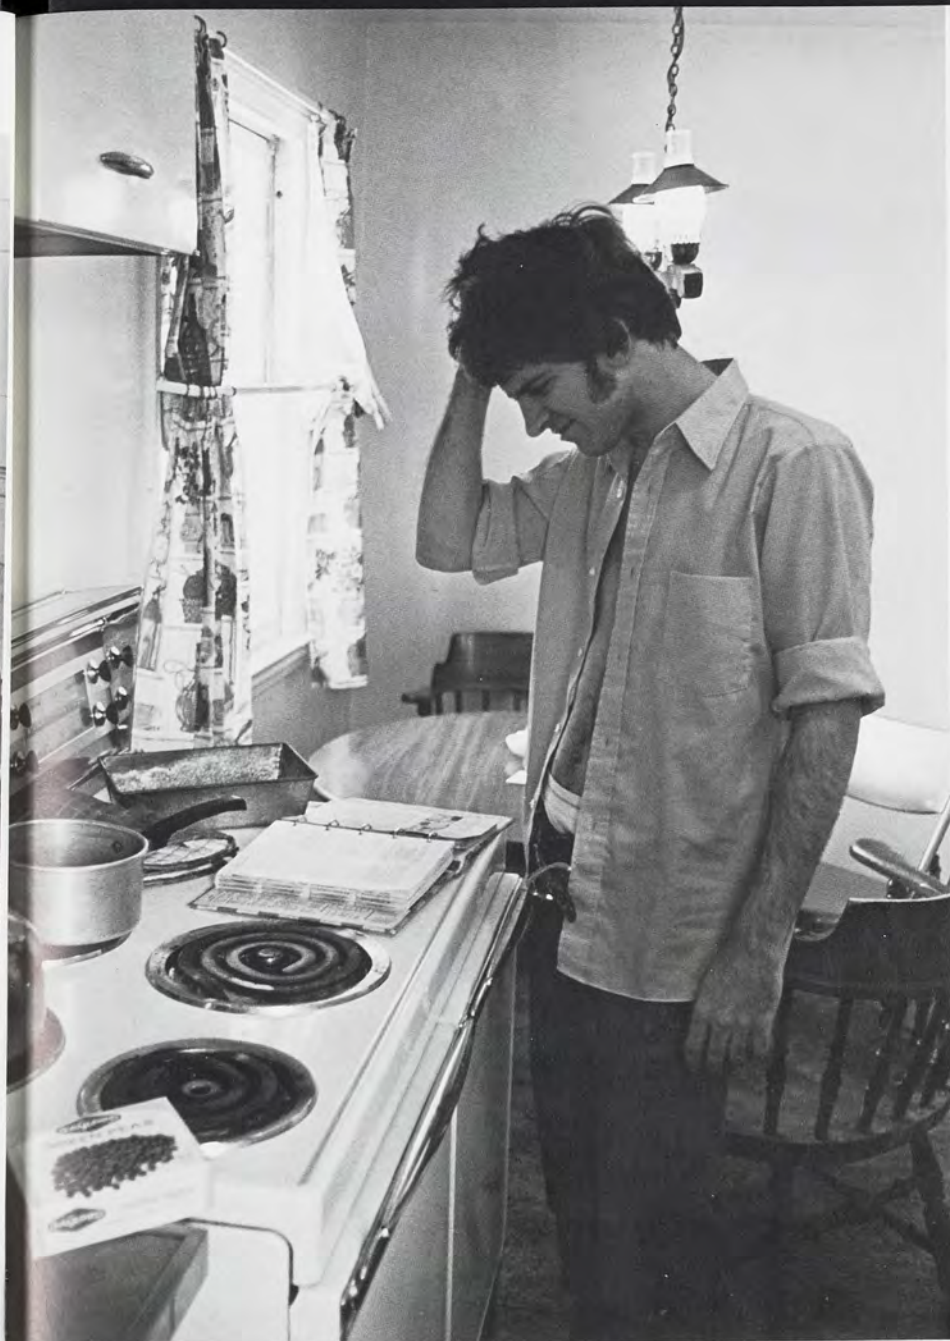

Rent a house!

e!

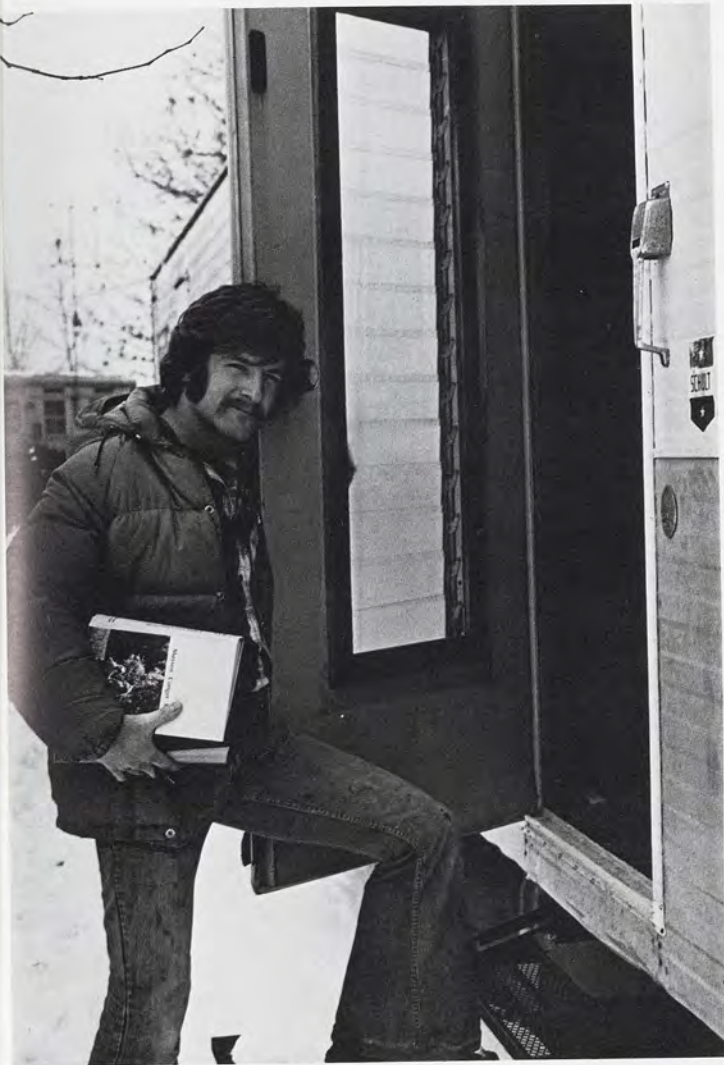

A house of your own offers opportunities to do things your way. Anything is possible — cleaning, parties, talking to friends, playing cards, and keeping pets.

Trailers — a quiet atmosphere away from campus

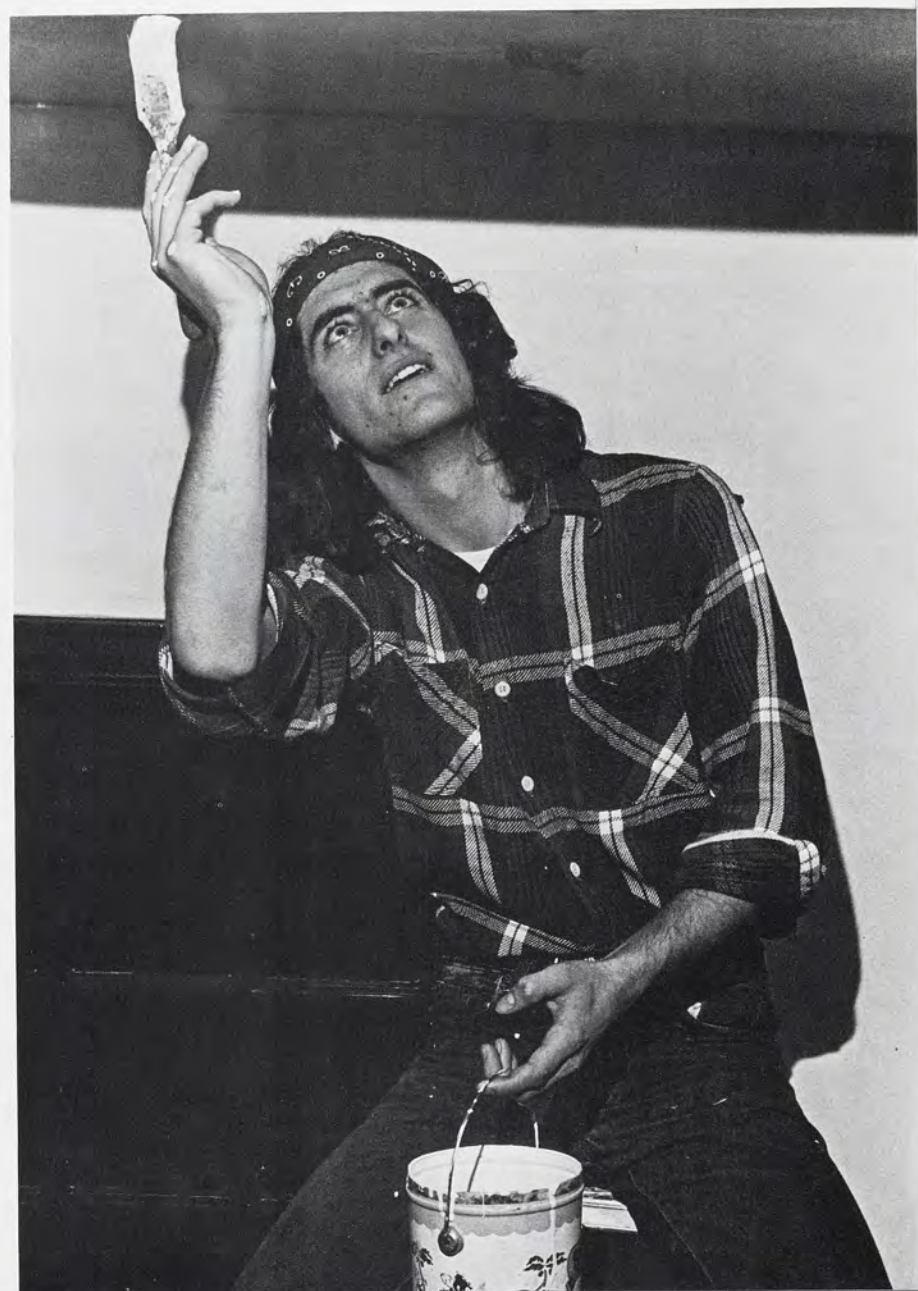

Co-ops supply something different for students

Co-operatives are one of the many off-campus life styles which are available to students, but they're something special to the students who live in them.

Co-ops are an un-structured, yet organized living unit. Each student can do his own thing, as long as he doesn't step on anyone along the way. Students have a chance to live their own lives amongst others. The chance to be creative is available, with opportunities to make lunches, dinners, or anything you want. Roommates and friends are there when a helping hand is needed, and if you want someone to talk to. Quiet sanctuaries are available in the line of study rooms, libraries, and your own room.

A co-op has a variety of personalities gathered together under one roof, with the intent of co-operation towards everyone's best interest in mind.

Greek Population Rising, Stress Campus-Community Ties

Greek life is an alternative lifestyle that more and more students are choosing. Over 1,700 men now belong to the 28 fraternities at MSU and the 23 sororities are also experiencing membership gains.

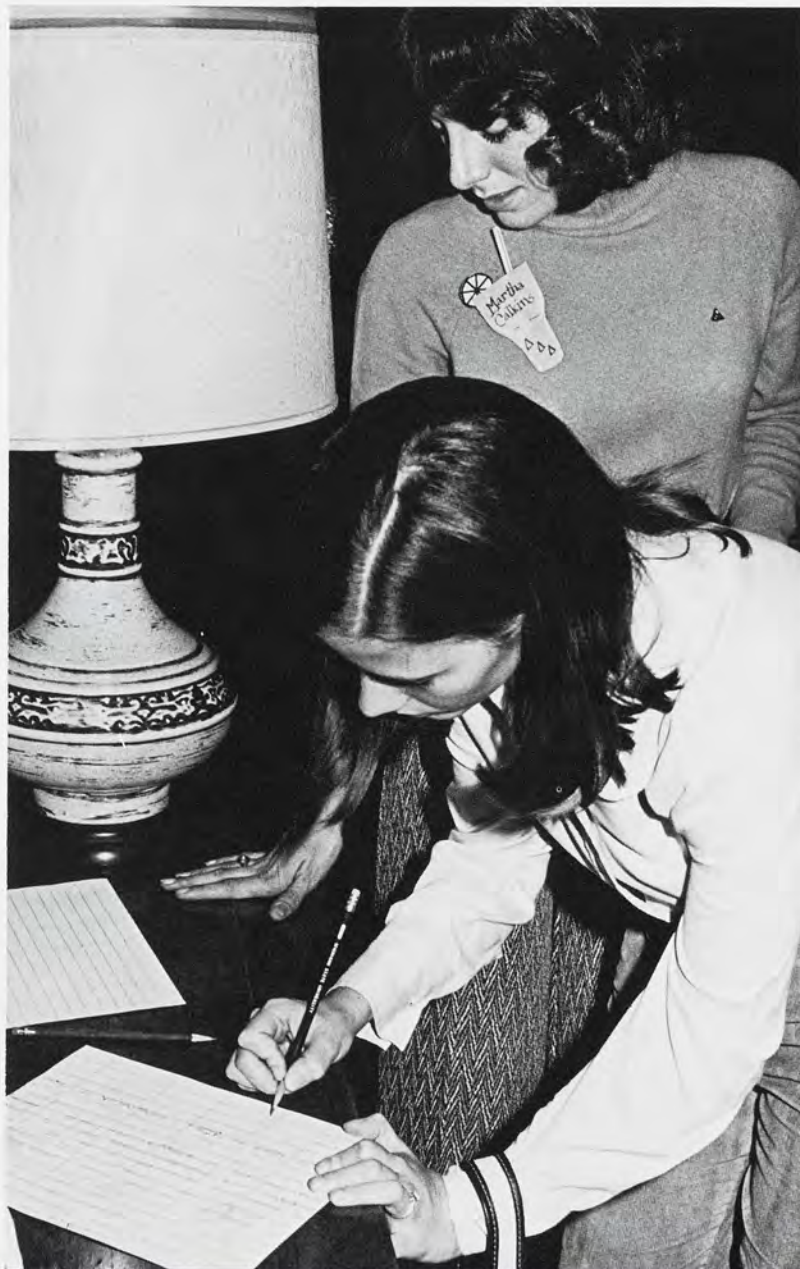

Panhellenic Council governs and coordinates activities for all sororities. Inter-fraternity Council operates in the same capacity for fraternities. Both Panhel and IFC work to enlarge and encourage campus and community relations.

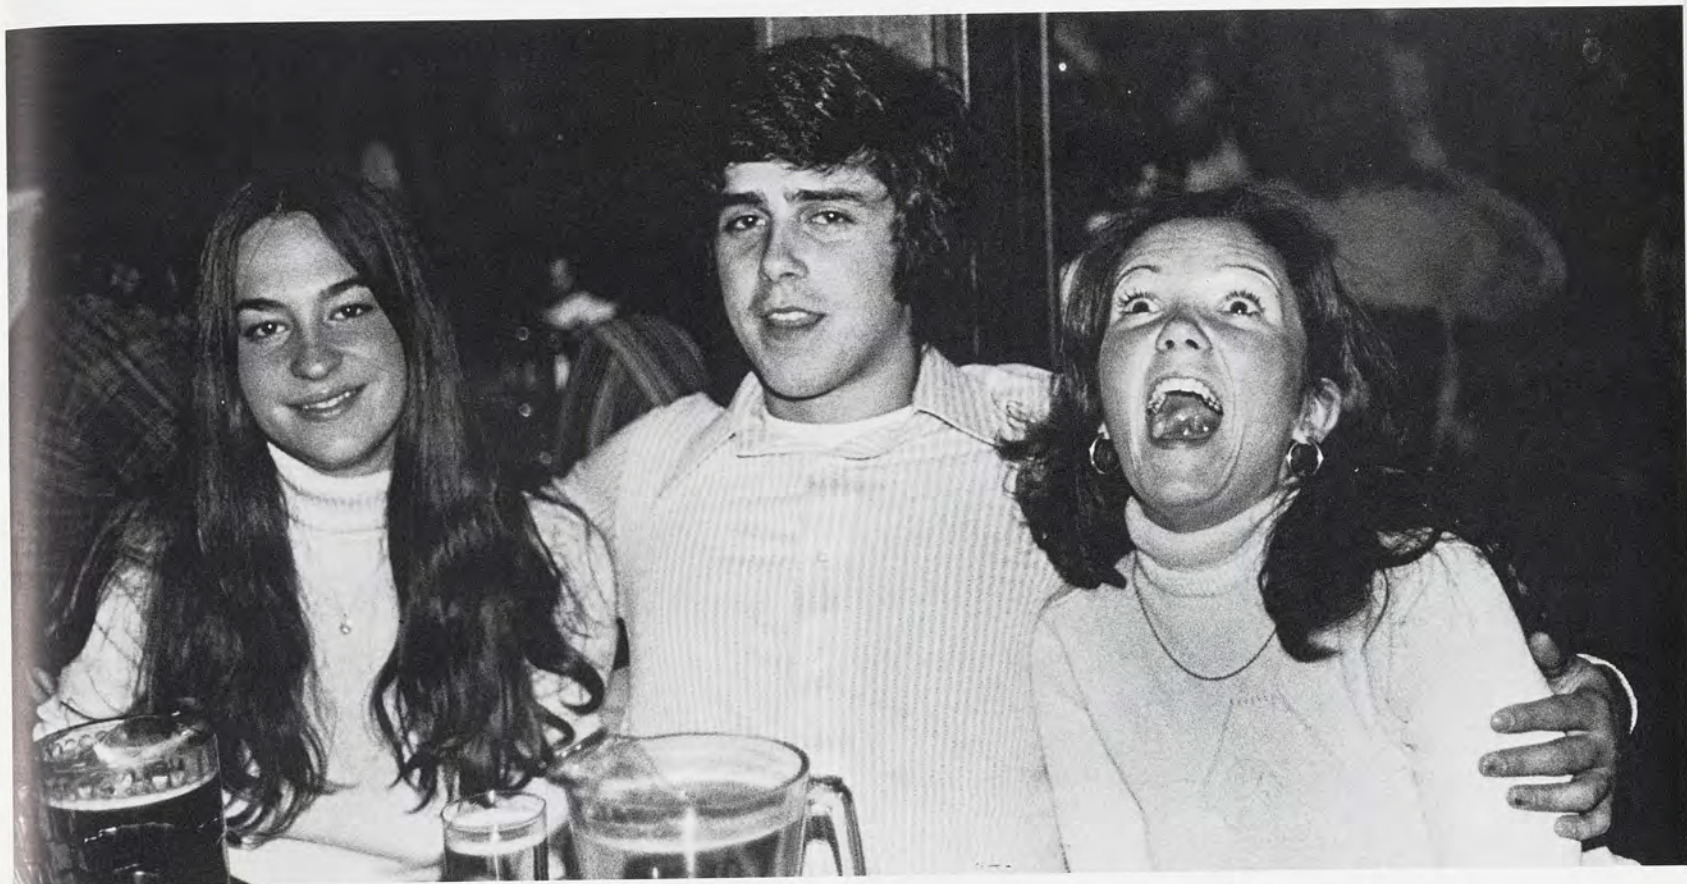

IFC sponsored a United Way drive this year. The fraternities worked jointly with Panhel and the sororities in the Muscular Dystrophy drive also. All Greek societies are proud of their efforts to work on various philanthropy projects — this brings Greek life to the community.

Brotherhood and cooperation between the fraternities became a project in itself as IFC initiated exchange dinners between big and small houses. Awarding the All-Sports Trophy to the fraternity with the highest total competition points was also delegated to IFC rule.

IFC seeks a role as the vehicle of communication and liason with the University. The Greek system pushes its members to use their talents within the system but also the University. Greek members become involved and hold positions on student government boards like ASMSU and Union Board.

Fraternities and sororities continue to change and adapt while maintaining meaningful traditions and customs plus offering a small group approach to college.

Opposite Page, Left: Pinning on nametags, meeting new friends, and signing your "John Henry" for the fifteenth time are a part of rush activities.

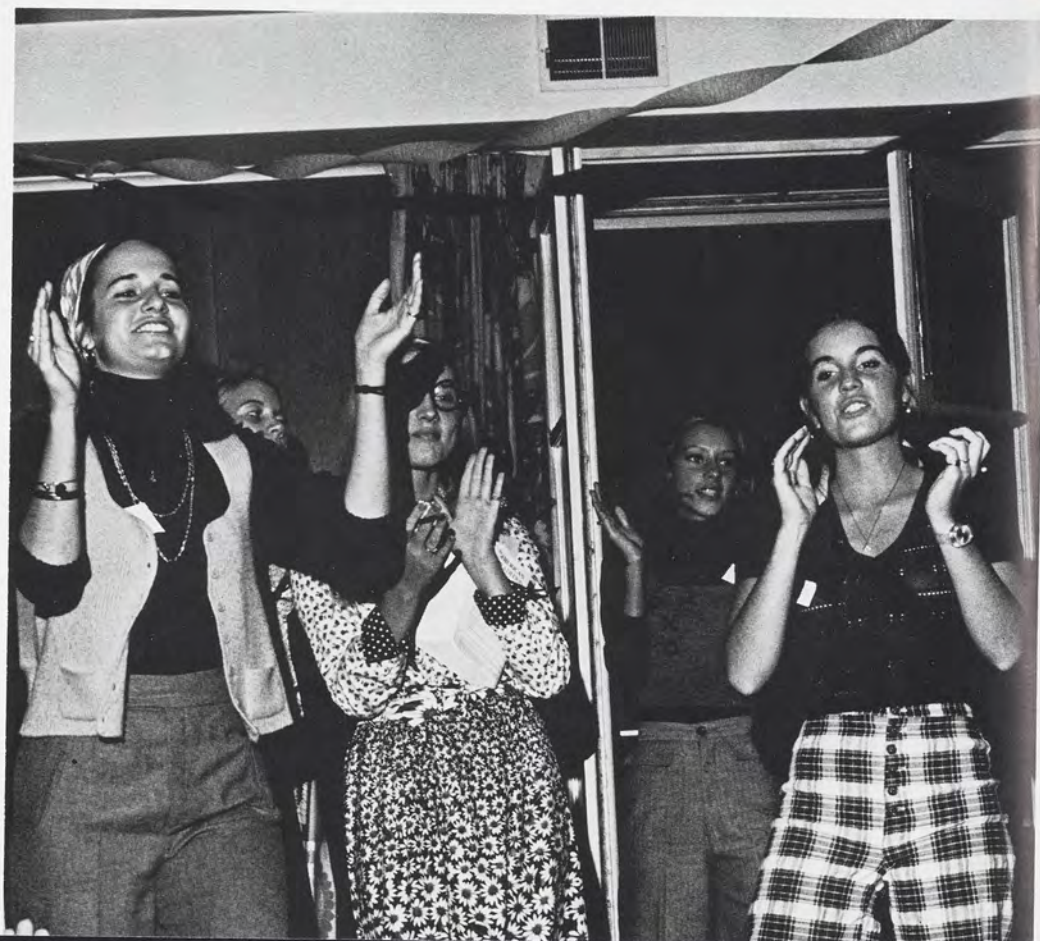

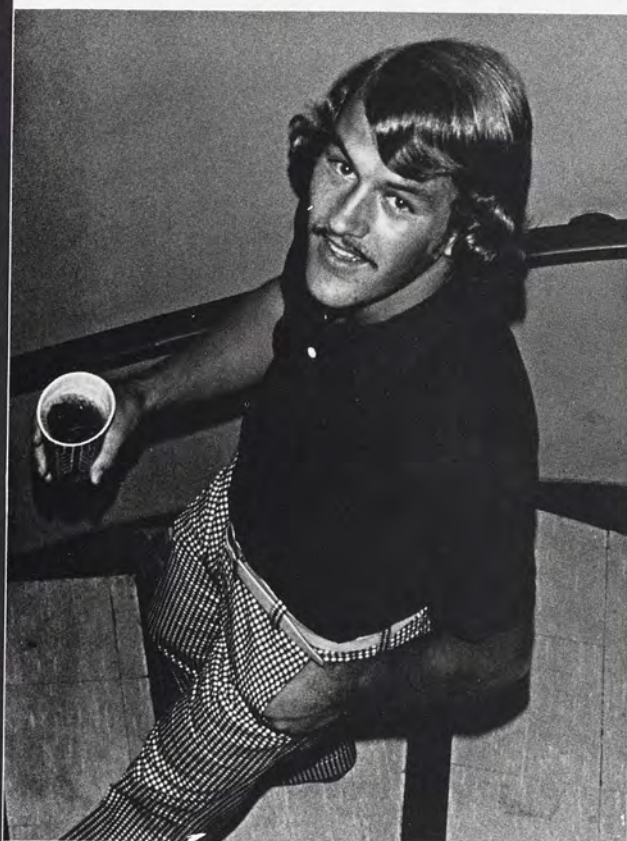

Opposite Page, Right: Fraternity housing provides a chance to combine individual tastes with thirty other brothers.

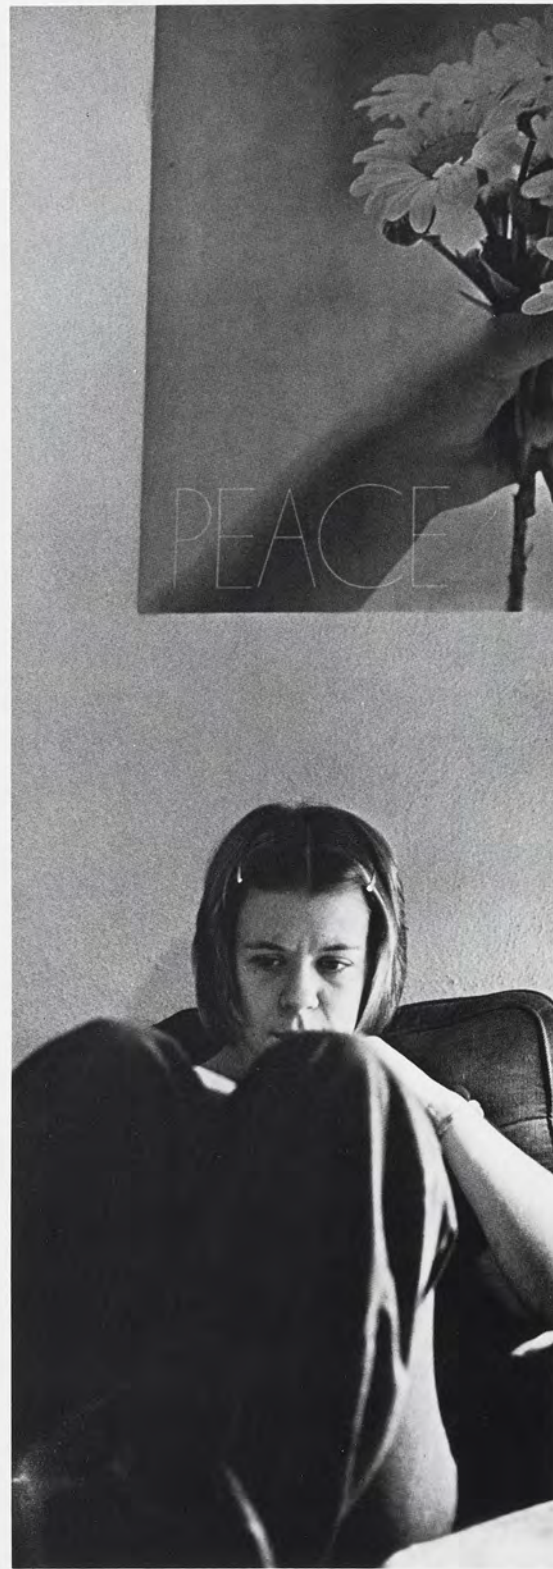

Above: Little sister, big brother activities include trips to Mac's Bar for the Monday night special.

Left: House meetings offer a time to talk business as well as rap with fellow brothers.

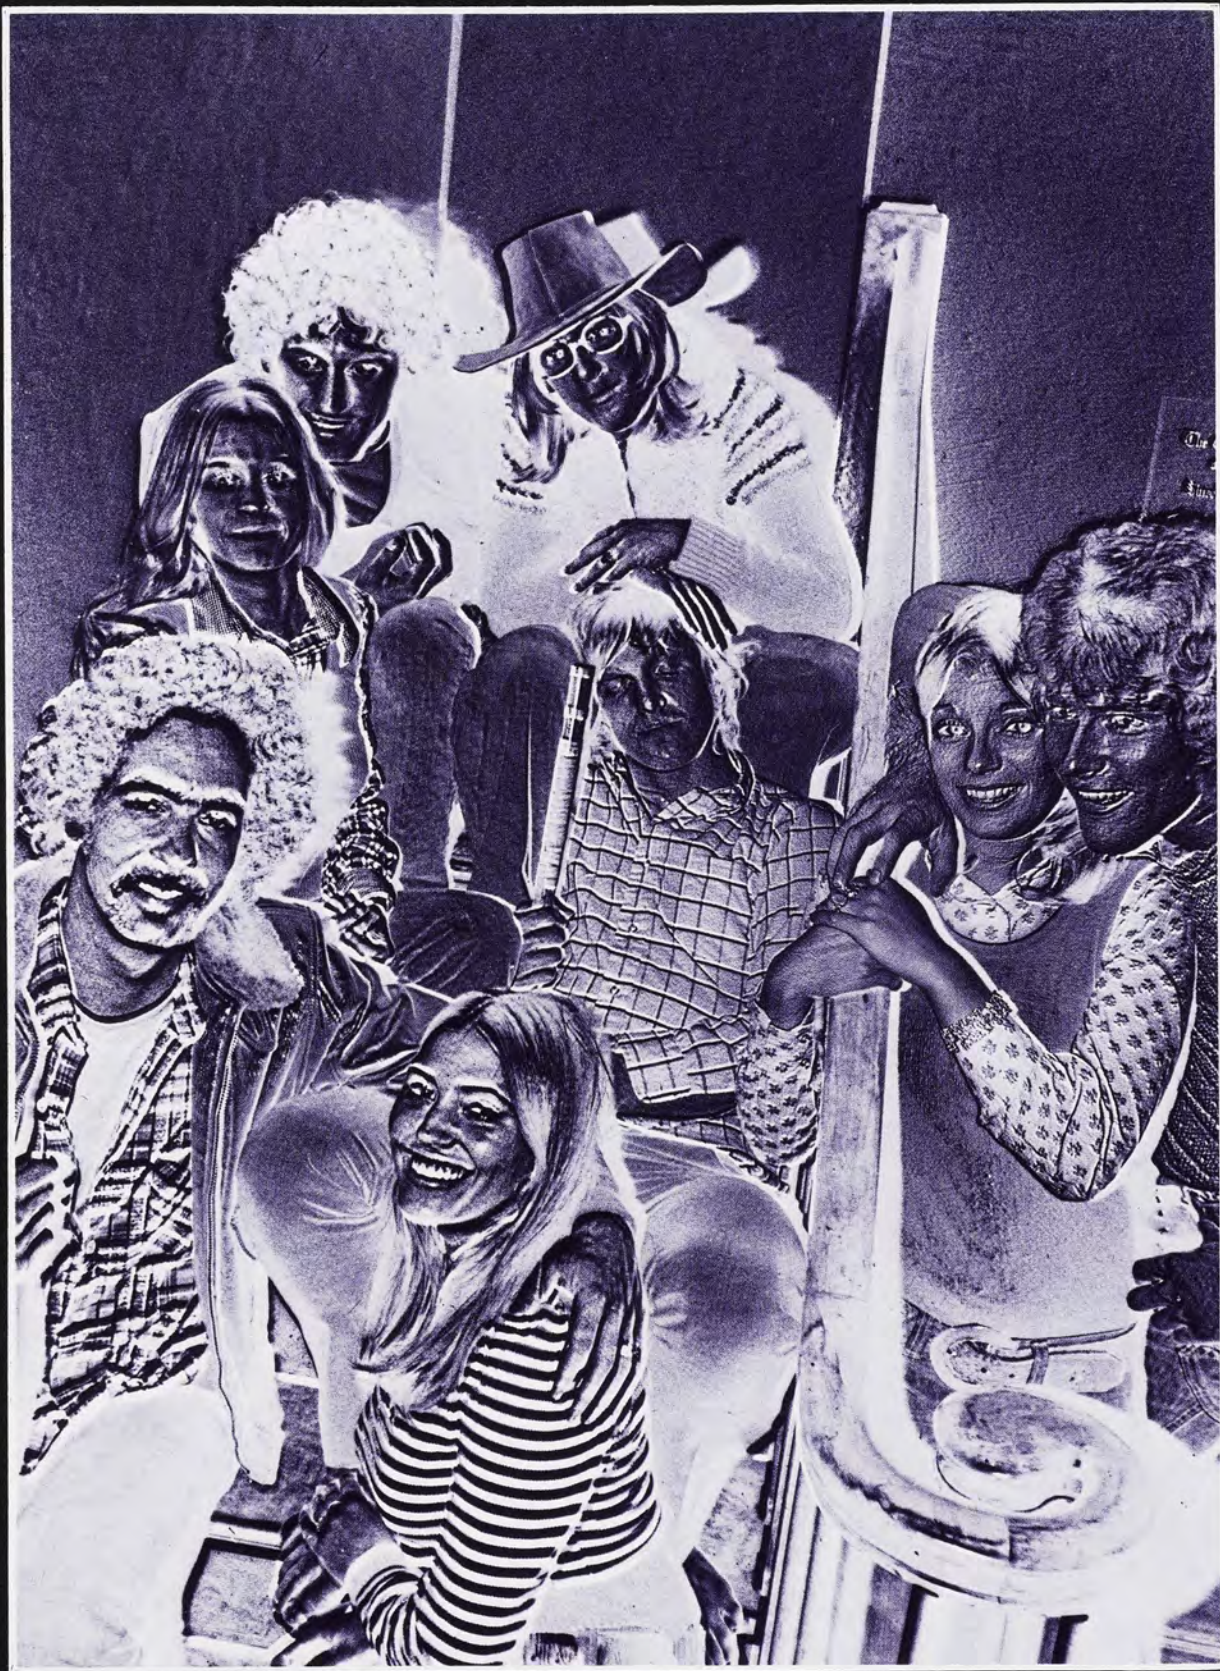

Right: Greek efforts in the Muscular Dys-
trophy drive helped make the East Lansing
campaign successful.
Below, Left: What is a fraternity man with-
out his glass of beer?
Below, Right: Alpha Phi's rush included
skits and songs to entertain the rushees.
Opposite Page, Top: IM sports creates great
fraternity rivalry.
Opposite Page, Bottom: Panhellenic Council
meets to plan sorority activities and com-
munication within the houses.
Opposite Page, Far Right: Greek life provides
for a solitude moment from time to time.

Organizations

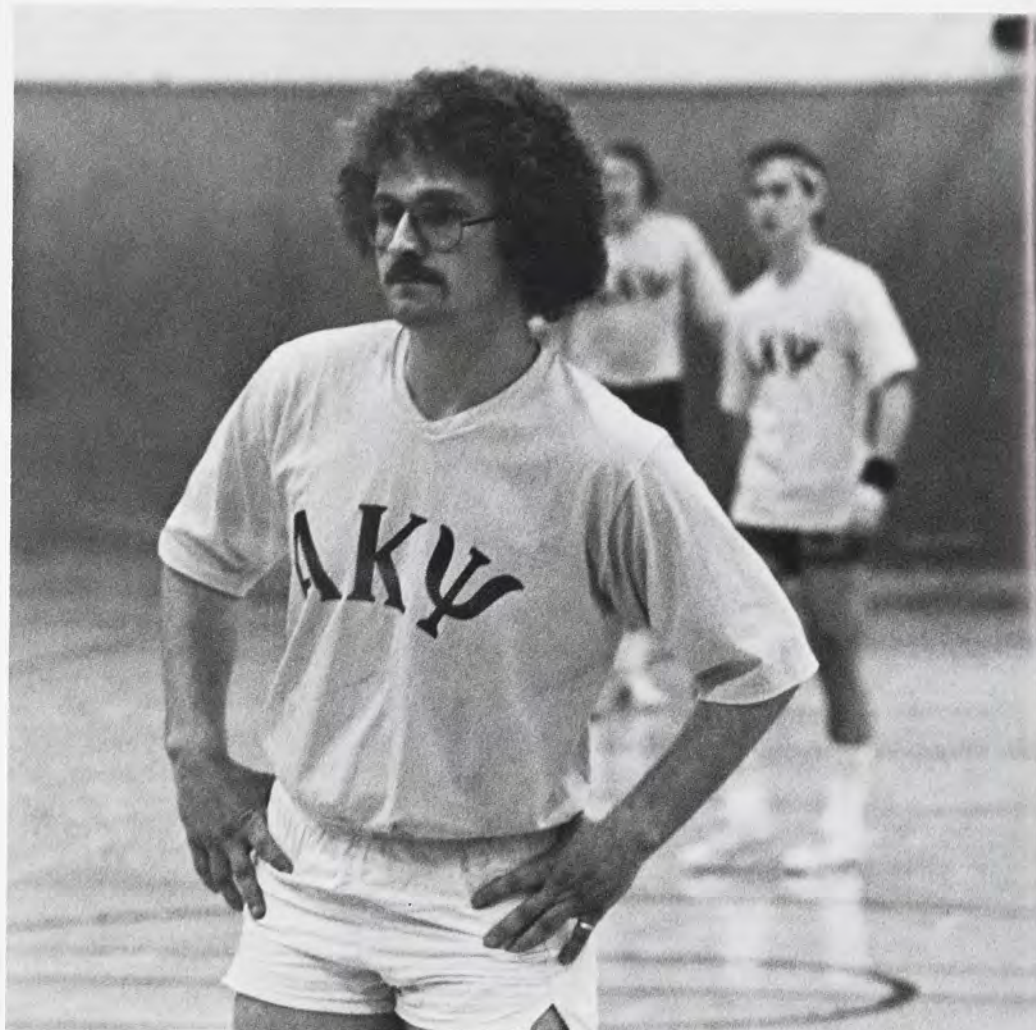

Alpha Kappa Psi

At Alpha Kappa Psi we strive to balance our activities between professional and social events. All year long, from rush parties to our spring dinner dance or from professional speakers to our three day field trip to a major business center, the men of Alpha Kappa Psi and our Little Sisters of the Yellow Rose enjoy a unique bond of friendship. Spirit, cooperation and dedication to the ideals of business make us the largest business fraternity and a successful social organization.

Alpha Kappa Psi: R. Moore, Pres., B. Becker, T. Blankenship, B. Bommarito, M. Bossler, G. Buccilli, S. Burkhardt, T. Clark, J. Crabtree, E. Dean, L. DeFrance, M. Deighton, R. Domire, G. Dunsmore, M. Eberhardt, R. Faberberg, J. Gabler, R. Gomez, D. Graham, G. Heath, B. Hutton, T. Kalis, S. Kowalski, J. Latta, S. Lemle, T. Michels, R. Milmine, M. Minich, D. Moore, P. Murphy, W. Nielsen, G. Paul, S. Preston, E. Prybys, M. Reifler, R. Ritter, M. Russey, T. Schuler, D. Swanson, R. Taylor, M. Vaughn, J. Webb, R. Will, F. Zeisler. *Little Sisters:* R. Adam, B. Bailo, H. Bonnington, E. Bower, J. Callahan, D. Celusnak, M. Linder, L. McCulrey, M. Peterhans, J. Rypma, J. Silvernail, C. Southworth, R. Wagoner, L. Wegienek.

Alpha Phi

It's hard to describe in one paragraph what Alpha Phi is. This year our philanthropic project was to raise money for heart equipment to be used in the Lansing area to fight heart disease in children. Alpha Phi is having sisters who are always there when you need a shoulder to cry on, a friend to laugh with, or a sounding post for new ideas. It's blind dates, Friday nights with the girls, TG's and exchange dinners. Alpha Phi is all this and more...

Alpha Phi: C. Weiss, Pres., D. Adamecyk, K. Allen, V. Anderson, S. Badestcher, K. Braun, M. Brooks, S. Brooks, J. Brown, A. Browne, D. Browne, S. Campbell, E. Charnley, N. Chester, S. Clements, J. Crengros, L. Dibble, D. Dye, J. Fascone, C. Feeheley, L. Fiesselmann, E. Fink, M. Hallbach, L. Hamilton, J. Hawkins, A. Hibbard, S. Hoffman, B. Holt, L. Huntington, L. Hyde, J. Joliet, L. Kronberg, D. Krutka, M. McCleary, C. McGlinnen, K. Markey, B. Markovich, B. Mattice, M. Meharg, J. Menzel, Pullman, L. Ranke, M. Ritchie, N. Robishaw, K. Schermerhorn, B. Schneider, S. Shumacher, M. Steggall, S. Sullivan, J. Wattles, M. Wright, L. Wurn, *Housemother*: Mrs. E. Karrol.

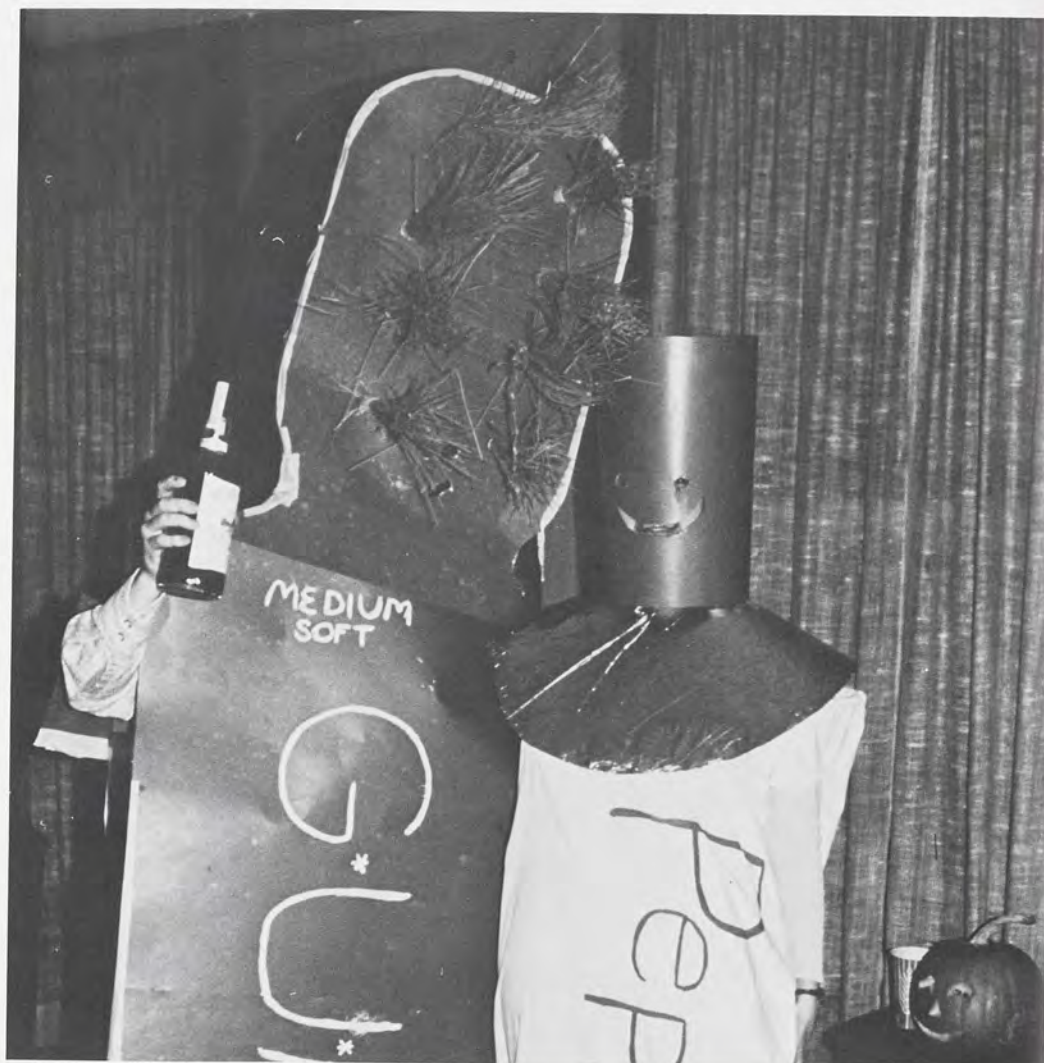

Beta Theta Pi

The Beta Theta Pi men come from many majors and colleges at MSU and have varied interests ranging from supporting a foster child in Viet Nam to being the top social house on campus.

The 1973-74 year has witnessed a major redecorating of the chapter house, activities with the other fraternities and sororities at MSU and expanded relations with many of the over 100 Beta chapters nationally.

Beta Theta Pi: R. Sayler, Pres., C. Ash, T. Benson, G. Cunio, G. Daszko, B. Davis, B. Eder, G. Elliot, B. Gager, M. Gaubatz, K. Hakala, R. Harsch, K. Huston, R. Kinghorn, G. Knapp, C. Macon, D. Martino, M. Masden, D. McHugh, D. Molenaar, I. Moyna, T. Opholt, E. Paquette, D. Payne, T. Perkins, C. Petreas, S. Reas, R. Shinkle, B. Sholten, C. Simonel, R. Smith, N. Steinhoff, F. Stratton, M. Vanderkloot, T. Westergaard, D. Wicks, W. Zelinsky, Chapter Advisor: C. Brooks.

Chi Omega

Chi Omega had a very rewarding year with our many social and civic activities. The father's day brunch and football game was a big success, as was trick-or-treating for UNICEF with a local fraternity.

Chi Omega is a sisterhood made of many individuals working as one. The most important aspect of our sorority, however, is our sense of togetherness and the band of friendship we share. What can you say about something that means so much to each girl? The answer is easy — Chi-O love.

Chi Omega: P. Sisson, Pres., B. Agnone, K. Ash, J. Barrie, C. Benes, S. Block, M. Carr, P. Cecil, C. Ellsworth, R. Esch, M. Foley, C. Gabler, M. Goodrich, R. Graham, G. Griffith, L. Hardy, S. Hartrick, C. Hendra, N. Howard, C. Irwin, L. Kehm, S. Ledbetter, B. Lee, L. Matrise, J. McDole, J. McErlain, G. Meyer, D. Miceli, S. Miller, J. Mynar, D. Peterson, M. Quatiere, M. Rex, J. Ribaud, S. Ripmaster, B. Rowe, L. Sauinilmi, A. Schofield, C. Scholfield, J. Spagnuola, A. Sudhoff, J. Terova, G. Tetrault, L. Varblow, G. Wendel, S. Welmers, S. Yerkes, T. Youngs, *Housemother*: Mrs. R. Hubbard.

Delta Delta Delta

We become involved in our sisters and our traditions through our activities as a sorority, for it is when we have fun with our sisters that we learn about them, ourselves, and our community. We learn of their background through Parent's Day. We learn of their singing ability through our fraternity and hospital serenades. We learn of their academic interests through faculty dinners. We see them entertaining blind children, participating in intramural sports, painting houses for MSU volunteers, attending canoe trips, hayrides, term parties, and surviving pledge raids. Who could be more involved?

Delta Delta Delta: S. Landane, Pres., G. Abdoo, A. Ackerman, T. Albrecht, L. Atwell, L. Babiary, M. Calkins, D. Clark, C. DeVries, A. Erickson, J. Gillam, M. Haelterman, C. Harris, M. James, S. Jourdian, S. Kopcynski, D. Lignor, K. Pasek, L. Pearson, M. Pershbacher, J. Pettys, M. Phaneuf, B. Reynolds, S. Roberts, K. Safko, J. Samaha, M. Simenton, P. Stafinski, S. Stone, D. Stuart, H. Testor, V. Vegis, D. Vocht, K. Walters, W. Ward, J. Winter, B. Witt, J. Ziegler.

Delta Sigma Phi

The men of Delta Sigma Phi embarked on a mission in 1974, to promote individual achievement within the shadow of Greek unity. Individual members excelled in fields such as karate, politics, business, and social work. In a loosely-structured environment, members enjoyed a wide range of social activities. These ranged in style from semi-formal term parties to fraternity-sorority exchange dinners. In keeping with true Delt Sig tradition, the primary goal of the house was to have fun and good times among the many academic pressures at MSU.

Delta Sigma Phi: L. Chan, Pres., F. Bieganousky, C. Brenner, W. Burkhardt, P. DeSteiger, G. Drutchas, R. Engel, J. Gadek, J. Grad, L. Higgins, T. Horton, T. Jenkins, G. Johnson, T. Lipps, R. Long, W. Long, T. Malpass, N. McCarthy, W. McCullough, J. Mountcastle, D. Niemiec, M. O'Toole, J. Palmer, M. Sablich, M. Steckley, C. TenBrink, D. Thompson, G. Walker, D. Wilking.

Kappa Kappa Gamma

The Kappa Kappa Gamma sorority involves itself in special activities that make our year meaningful. We enjoy a special day every fall with our dads, dining and dancing. A unique day of Greek culture includes an attempt to capture the grace of Greek dancers, which is unforgettable! The Kappa's hosted our second annual "Wines of the World" party. Everyday is a refreshing new experience and challenge!

Kappa Kappa Gamma: A. Miller, Pres., M. Abbot, M. Anderson, S. Bacon, A. Bailey, S. Beamer, P. Brooks, L. Bowden, L. Bishop, N. Brethen, J. Bussard, J. Bussard, C. Carson, C. Christain, E. Cox, K. Dane, S. Dewar, L. Doyle, W. Ewart, P. Fischer, C. Flintoff, P. Freeman, N. Fochtman, B. Fuller, D. Gerhart, S. Giovannello, M. Hall, S. Hancock, M. Haynes, A. Heinze, B. Henley, B. Huegerich, P. Jacoby, L. Johnson, S. Johnson, P. Kozloff, S. Larke, C. Lee, L. Long, P. Martinez, K. McNiece, S. Messerly, J. Miller, L. Newlin, S. Nicols, C. Parker, L. Peterson, M. Peterson, H. Pierce, M. Prescott, P. Reily, S. Richards, M. Roller, E. Roth, C. Savage, K. Seibold, L. Seibold, H. Shank, D. Spitzley, N. Stoutenburg, D. Theodoroff, A. Vedouras, L. Watkins, D. Wasilewski, L. Weller, W. Wertz, B. Wescott, P. Whelan, B. Winckler, *Housemother*: Mrs. N. Eckart.

Sigma Kappa

The Alpha Tau chapter of Sigma Kappa sorority represents a wide variety of young women. We pride ourselves on our individuality.

During the year our chapter holds a Mom's Day, Dad's Day, "Friendly Fairy" Week, Founder's Day and treat nights. Every term there are also term parties, exchange dinners and desserts, TG's, and philanthropy projects. Some of our projects include working with the Extended Care Facility, UNICEF, Big Sisters, and the Michigan School for the Deaf.

Sigma Kappa: J. Miller, Pres., C. Adamczyk, L. Adler, P. Alspaugh, D. Barnes, S. Barnes, K. Bell, D. Berry, J. Blaser, D. Bowers, B. Bujak, G. Camillo, S. Cantwell, G. Chaffee, B. Channel, L. Coleman, J. Daumler, M. Davey, D. Daleiden, S. Demby, M. Dloski, D. Fiedler, D. Fischley, J. Fleszar, S. Gillette, P. Glen, K. Gorajek, D. Halsey, P. Hampton, A. Harriman, J. Hughes, D. Jerger, R. Jones, J. Kilner, L. Lein, C. Livingston, C. McClain, A. McCotlough, R. McCollough, G. McGuffie, G. Noory, S. O'Connor, G. Park, S. Rindskopf, R. Rowan, S. Rupp, M. Seaman, B. Shacochis, S. Small, P. Symons, J. Thoeming, S. Trim, K. Watt, C. Wendt, K. Whipple, *Housemother:* Mrs. V. Lewis.

Theta Chi

What do you write about a fraternity and the house they live in? The brothers and their activities during any given time are innumerable: TG's, parties, pledge raids, sports, and general houlung. It is these times that are most often remembered but there is another side. The growing up, the learning, the pains, the giving and taking, arguing, agreeing, compromising, and sharing with some 50 other brothers who do the same for you because you're one of them.

Theta Chi: J. Greenough, Pres., R. Adams, D. Almas, D. Anderson, T. Baes, L. Barnes, J. Bouchard, R. Brown, D. Butler, J. Chapman, J. Dacus, P. Deford, M. Desimaraais, A. Dine, D. Doumachele, D. Emmenecker, C. Ferrel, T. Fredricks, A. Gambrel, R. Garankas, T. Gohde, P. Grooman, T. Guerre, D. Harris, C. Henderson, M. Hutt, J. Johnson, R. Jurens, B. Larson, R. Lavoie, M. Lock, M. Martin, M. McCabe, S. Morrow, D. Olmstead, S. Pavlich, M. Pflug, B. Renner, M. Rinke, N. Rilly, J. Sagady, L. Saudry, T. Sheridan, D. Tobe, J. Tobe, T. Vickling, D. Westol, K. Wixted, D. Zwak, J. Ziggler.

Zeta Tau Alpha

Activities for Zeta Tau Alpha this year included a hayride, ski trips, term parties, and lively serenades. Halloween became a special event for the Michigan School for the Blind as well as us, when we held a party for the children. We had the best Greek Week ever because of involvement which included sisterhood, enthusiasm, and love.

Zeta Tau Alpha: P. Hawk, Pres., L. Anderson, C. Cantlon, L. Cantonese, D. Carlin, S. Freeman, C. Furnish, T. Grimaldi, S. Holda, C. Kesslering, K. Kreger, K. Lane, D. Locke, B. Luberto, D. Maholy, C. Malta, S. Marshall, P. McNoldy, M. Merillat, P. Mitchell, C. Normandy, S. O'Hagan, J. Rudman, V. Rusztowicz, P. Sayer, M. Skutt, P. Tauber, M. Wierzbicki, S. Wilson, J. Woodrow, *Housemother*: Mrs. M. Beagle.

Alpha Chi Omega

Alpha Chi Omega offers the MSU coed a place to be herself. Individualism is the backbone of the sorority. Each girl is encouraged to expand her interests in all facets of campus and community life. This past year has offered a wide range of social and cultural activities such as exchange dinners with several fraternities; TG's; fall retreat; busboy dinner and Christmas party; wine and cheese tasting party with alums; pledge raids; and sponsorship of the Easter Seals Bikeathon.

Alpha Chi Omega: D. Renis, Pres., S. Balbach, N. Beers, J. Bogart, D. Chimko, K. Cook, C. Cole, P. Dawson, K. Depatie, C. Dray, J. Gronholz, D. Harper, M. Hendrian, S. Hultz, C. Jarboe, J. Jones, R. Kerin, D. Klukay, M. Kroupa, N. Kyle, B. Luce, M. Machon, A. Maclean, P. Marshall, P. Mixter, D. Moon, D. Moon, Y. Mose, S. Murray, C. Pence, K. Renis, M. Roney, C. Schroeder, D. Simpson, M. Spaniolo, B. Stotler, J. Strand, K. Tallarico, C. Tarnoff, C. Tarpoff, C. Teer, M. Tompkins, S. Veltman, D. Vickery, S. Walton, K. Wangsgard, M. Weishait, J. Wolf, *Housemother*: Mrs. H. Gay.

Alpha Gamma Delta: R. Saul, Pres., D. Ankli, G. Feehan, K. Franzen, V. Goudeseune, B. Hahn, D. Kempa, B. King, J. March, D. Ouska, C. Ploeger, J. Rennopoz, S. Schalon, J. Soma, *Housemother*: Mrs. M. Rogers.

Alpha Gamma Delta

The Alpha Gams combined altruistic projects, scholarship activities, and fun to make an enjoyable yet rewarding school year. IM sports; TG's; Homecoming and Halloween house parties; ski weekends; term party; and May Morning Breakfast were some of our activities. But just as important to us were our scholarship dinners; helping to give a party for the children at Lansing School for the Blind; and participating at Beakman Center.

Alpha Delta Pi

The Gamma Omega chapter of Alpha Delta Pi takes pride in doing things for others. Among our activities this year have been sponsoring a foster child from Indonesia, singing with the people at a Provincial house and making aprons for inner-city school children. We are also concerned about developing leadership qualities in our members and were pleased to send Kathy Hodges to a Midwest Panhellenic-Inter-fraternity Council Conference in Minnesota.

Alpha Delta Pi: L. Andrews, Pres., S. Cowan, D. Emmerich, P. Gayden, P. Griswold, K. Hodges, B. Horsey, C. Kompic, S. Longworth, M. Maurer, S. Miller, C. Ognjan, J. Schnebly, V. Trescott, S. Young, *Housemother*: Mrs. E. Stone.

Alpha Epsilon Phi

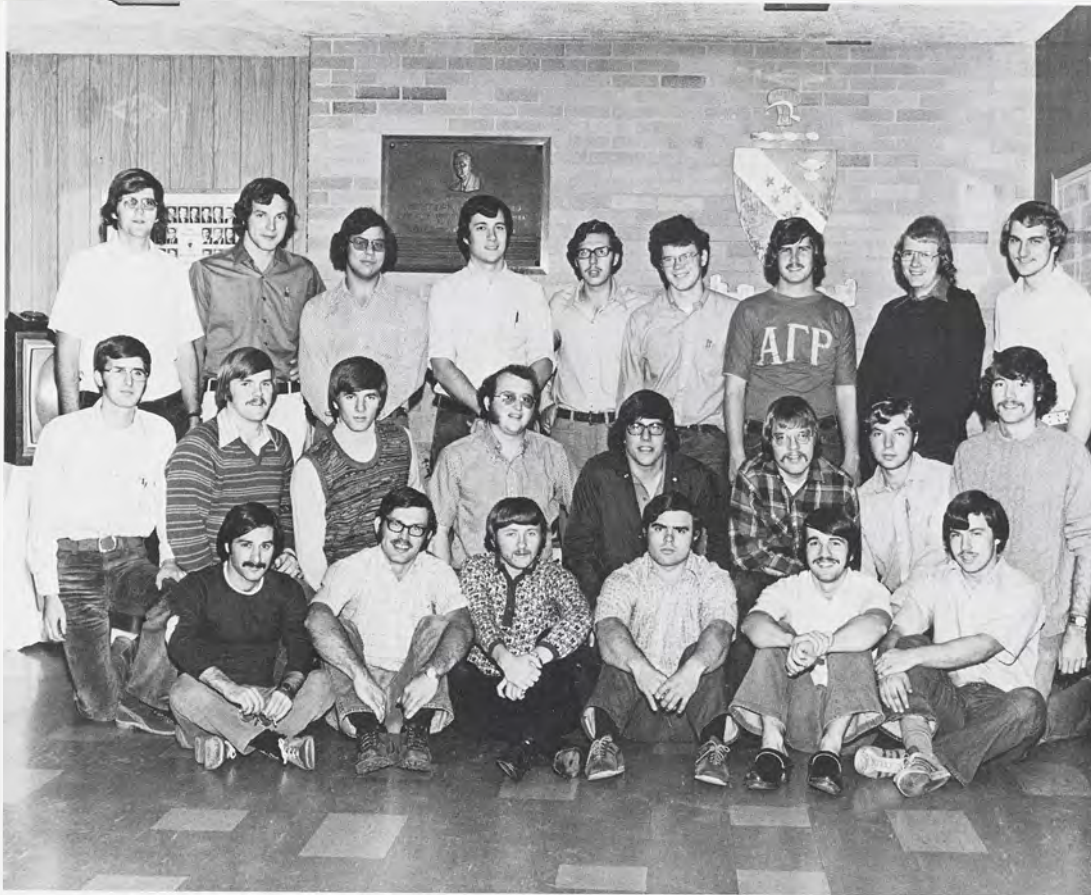

The women of Alpha Epsilon Phi believe they had a successful year, proving once again it's quality not quantity that counts.

Alpha Epsilon Phi: L. Russell, Pres., L. Cruvant, I. Klein, J. Makrouer, E. Shevin, J. Sikov, B. Silva, J. Simon, *Housemother*: Mrs. H. Hunt.

Alpha Gamma Rho

Alpha Gamma Rho provides a living experience for men in the College of Agriculture and Natural Resources. We had a seminar with former U.S. Secretary of Agriculture and MSU Dean Clifford M. Hardin this year; plus a hayride, TG's, Christmas party, community service as the March of Dimes, ski trip, Small Animals Day, barn party and canoe trip.

Alpha Gamma Rho: J. Francis, Pres., D. Baur, C. Bristol, R. Brown, B. Burmeister, W. Burnett, C. Chatfield, R. Doherty, B. Evans, T. Fulmer, T. Gawel, J. Gerlach, D. Glover, J. Greene, D. Hartsell, D. Hassel, J. Hemrick, T. Herceg, J. Hoose, L. Hubbell, J. Kuhn, P. Kern, M. Meece, D. Miller, W. Mitteer, L. Morrissey, D. Nicewicz, D. Noggle, G. Peterson, D. Postumus, E. Roberts, L. Rodgers, M. Rost, R. Rowan, D. Scott, K. Sherrill, A. Siirila, J. Sottosanti, T. Walton, R. Wery, *Housemother*: Mrs. H. Mutch.

Alpha Xi Delta: K. Gratot, Pres., J. Marling, M. Northrup, B. Price, K. Sherck, P. Slomski.

Alpha Xi Delta

The sisters of Alpha Xi Delta are again leaders on the MSU campus with scholarship, dramatics, volunteer work and the yearbook. We pride ourselves in the traditions of our National Fraternity and with our new reorganization program we hope to be at full strength by next fall. We offer our members leadership opportunity that carries us through our college years and benefits in those after.

Delta Chi

Delta Chi is probably best characterized by its diversity. Athletics, academics, and social activity have all been integral parts of our unfolding maturity. Among the unified accomplishments of the brothers include participation in the March of Dimes Campaign and finishing third in overall grade point between the fraternities. Even though the interests of the brothers are varied, the internal spirit comes to guide Delta Chi into the mid-'70s.

Delta Chi: S. Goethel, Pres., C. Adams, D. Artz, M. Best, D. Braun, B. Carlson, R. Corkery, R. Couzens, P. Didrichson, R. Dramm, M. Elliot, C. Genung, K. Hanson, R. Jordan, D. Kaidan, S. Kandt, T. Krigner, J. Lessard, M. Martin, G. Medler, J. Nancy, L. Nichols, R. Parise, T. Pichette, C. Pryser, M. Raven, B. Rayle, J. Rueber, D. Schlie, G. Silk, R. Smith, J. Whitmore, J. Weimeister, J. Wright, *Housefather*: J. Workman.

Delta Tau Delta: J. Schimmin, Pres., R. Anda, K. Angelocci, T. Baker, L. Bartrem, J. Bouck, K. Bowman, E. Beanam, F. Cecil, B. Comb, G. Cumpata, D. Dahlman, M. Doid, J. Egloff, B. Gleffe, P. Goldsmith, G. Graber, E. Grafton, M. Gregg, K. Harty, D. Howe, B. Johnson, J. Johnson, P. King, B. Lako, M. Lamson, C. Landrum, B. Madalin, R. Martini, G. Meyer, D. McNerney, T. McNinch, S. Musselman, D. Owsen, B. Peters, J. Petrus, D. Race, B. Rose, G. Rosenthal, K. Schermerhorn, J. Scott, T. Somers, E. Thorsrud, N. Valenti, G. Varndell, K. Verberkmoes, D. Watson, S. Webster, T. Zaharian.

We at Delta Tau Delta seek to provide our members with a well-rounded sphere of activities. Social functions are numerous as are fraternity sporting events in which all members are encouraged to participate. The Delt's have long been leaders in campus politics with a sizeable number of our past and present members having served as president, vice chairmen, and representatives of various colleges for ASMSU.

Delta Tau Delta

Delta Zeta

Delta Zeta involves itself with activities on campus and in the community to expand the interests of our group. Besides the usual social functions our house team participates in sports. Each term, speakers are invited to the house to talk on subjects of interest to our members. Serenades, desserts and impromptu dormer parties all help to add to the spirit of sisterhood we share.

Delta Zeta: C. Gilewicz, Pres., T. Aune, L. Carr, S. Vavalloro, D. Gorzynski, L. Herrington, E. Lindquist, N. Patek, K. Rogers, M. Stefan, B. Warren, M. Frank, J. Evert, *Housemother*: Mrs. K. Baker.

Gamma Phi Beta: M. Bauer, Pres., D. Bloch, P. Coleman, J. Diuble, L. Drummond, P. Ferris, A. Ginther, M. Geoffroy, C. Guba, S. Henning, J. Lim, C. Morrison, R. Oberman, L. Prepolec, D. Shelley, C. Smith, J. Smith, K. Suzuki, J. Van Huss, *Housemother*: Mrs. M. King.

Gamma Phi Beta

Excitement, travel, and sisterhood have characterized Gamma Phi Beta throughout the 1973-74 school year. We held TG's, a spring formal, a winter ski trip, and several "serenading" parties. A trip at Thanksgiving to the Montreal, Canada chapter gave the Gamma Phi's a touch of "French culture." As projects we have donated candy to the area Deaf Children's Christmas Party, participated in the March of Dimes Walkathon, and gave needed materials to the Gamma Phi Beta camps for the underprivileged.

Kappa Alpha Theta

Kappa Alpha Theta: K. Smith, Pres., L. Adler, A. Aslaksen, S. Bailey, D. Baughman, J. Bloomfield, B. Bond, A. Christie, K. Church, M. Clark, M. Crimmins, L. Crowder, A. Daiss, M. Dickson, S. Ducey, A. Fitzgerald, J. Fondrie, M. Franke, C. Freeman, L. Fretter, L. Friestad, C. Harris, J. Hislop, J. Hoover, H. Hubbell, M. Hunter, C. Knudson, C. Lapp, D. Leone, L. Letton, N. Lightbody, C. Lunan, A. Mabley, A. Mardirosian, A. Matheny, L. Maxwell, B. McClintock, D. McKay, M. McLeod, K. McNabb, K. Morley, J. Nause, C. Oppenheim, V. Peterson, C. Piehler, D. Piehler, S. Pratt, L. Rademacher, M. Reagan, J. Roberts, P. Rohacz, D. Ross, T. Rumsey, D. Strang, S. Sweeney, J. Tesar, J. Valrance, A. Van den Bosch, B. Wells, L. Wilcox, J. Yamaoka, J. Ziegler.

Kappa Delta: J. Andrews, Pres., N. Ambler, B. Bean, C. Becci, P. Beegle, L. Borgeson, A. Chmielowiec, D. Cort, R. Creque, A. Danto, K. Dierkes, T. Dilts, K. DeWitt, K. Filgo, C. Gregg, S. Graham, K. Guerre, C. Harrell, C. Hastings, K. Hubehie, C. Kosciolk, M. Kraay, E. Langhorst, G. Mann, M. Marshall, P. McLean, L. Metzger, L. Mrkva, P. Nancy, K. Reith, P. Seyfried, D. Sheets, P. Stansberry, K. Taboda, S. Van Eck, C. Wenstrom, *Housemother*: Mrs. G. Dunning.

Kappa Delta activities reflect on the sisters, who are of all personalities and interests. We are busy with numerous fraternity functions and a day of football and dinner with our dads. Placing second in sorority intramural football adds to our diversity. We support the Crippled Children's Hospital in Richmond, Virginia and are proud to be part of the National Kappa Delta

Kappa Delta

Lambda Chi Alpha

Lambda Chi Alpha is one of MSU's largest fraternities with over 90 members by spring term and also one of the oldest, celebrating its 50 year anniversary last fall. Lambda Chi has expanded to mean more than a social fraternity as it helped in the annual ALSAC Benefit football game, the muscular dystrophy drive and the annual Head Start Christmas parties for underprivileged children.

Lambda Chi Alpha: S. Sleight, Pres., B. Bactea, M. Baker, T. Balluff, J. Barbier, J. Bazydlxo, M. Bookmyer, C. Breen, P. Brubaker, D. Buck, K. Burke, R. Burns, M. Chmiel, L. Constantine, G. Corona, J. Currier, S. Dubs, H. Elfring, B. Elliot, T. Faulhabor, J. Gillis, D. Giroux, F. Gul-len, R. Gite, J. Hart, J. Hayes, J. Holland, T. Jackson, B. Kinner, D. Kuhnert, C. Lydy, P. Lydy, K. McKinney, B. Marx, D. Mason, B. Miller, R. Newton, G. Oehlke, C. Pretty, D. Reid, Sam, R. Scholfield, J. Sharp, D. Skala, M. Sulner, B. Stewart, L. Tundevold, R. Turkus, B. Watts, M. Weatherhead, D. Wheeler, D. Winstanley.

Phi Delta Theta: E. Wells, Pres., D. Appel, B. Baker, K. Bascom, B. Beilfuso, F. Bell, R. Bourgeois, R. Castelli, D. Darling, J. Dermody, B. Drummond, R. Dostie, R. Haag, R. Inatome, R. Johnson, T. Kafcas, T. Kirkpatrick, M. Lasecki, E. Leins, D. Logan, T. Lovell, D. Lukens, S. Meredith, R. Mikula, M. Mills, J. Moore, H. Pisoro, F. Pollina, P. Roman, R. Russell, T. Strickland, R. Sherwood, J. Thomas, T. Tourre, J. Turek, S. Vanker, J. Walainis, J. Wattles.

Phi Delta Theta

We the men of Phi Delta Theta are more than proud to be the oldest of MSU's 27 fraternities. This past year was our 100 year anniversary at MSU and 125 year nationally. We have no doubts that our future brothers will see yet another 100 years together. Many years and many faces have passed but we have been and always will be a very close, very unique group of men. Brothers firmly bound in the brotherhood by the strengths of the Greek way of life.

Phi Mu

Phi Mu is the second oldest national sorority. We are the only house on campus with young houseparents, have a liberal national liquor policy, plus a liberal house policy. In sports Phi Mu managed to take the all-sorority frisbee championship last spring during Greek Week. This year we are joining the men of Phi Gamma Delta in sponsoring a campus-wide casino party. Proceeds will be donated to the U.S.S. Hope, our national philanthropic project.

Phi Mu: S. Wojcik, Pres., D. Augustine, R. Bagby, P. Bartlett, M. Brown, S. Burdick, C. Deibert, L. Exworthy, J. Fons, S. Freeman, C. Gates, K. Graff, D. Kibbe, P. LaFrance, S. Langone, G. LaPratt, D. Mackey, C. Mueller, R. Mueller, S. Mueller, L. Shaw, C. Stein, M. Wysocki, *Houseparents*: Mr. and Mrs. J. Stratoudakis.

Pi Beta Phi: B. Strobl, Pres., J. Atkinson, W. Beckwith, C. Behrendt, P. Bemis, E. Bowman, D. Bradbury, M. Bryan, M. Connors, K. Contos, M. Crabb, T. Dennis, D. Dimitroff, D. Feeney, A. Galvin, N. Gillespie, S. Heinemann, B. Hutchings, J. Kuhr, L. Lamson, D. Long, N. Lumsden, C. Lutz, C. Mallehan, K. Mills, R. Monte, S. Morris, S. Mullholland, W. Pardee, D. Pijanowski, D. Pond, A. Probol, D. Reardon, J. Sanderson, P. Schmidt, L. Seeber, D. Selsemeyer, S. Seymour, R. Solomon, M. Stone, S. Ullenbruch, P. Welch, M. Yerkey, M. Yetter, A. Zaharian, P. Zimmerman, *Housemother*: Mrs. M. Boyles.

Pi Beta Phi sorority was founded over 100 years ago as the first national fraternity for women. Our year was highlighted by our winter term party with the Kappas, celebrating our dual founding at Monmouth College, fall term Dad's Day, followed by dinner at the Pretzel Bell, spring term Mom's Day and formal term party. We support UNICEF as a service project.

Pi Beta Phi

Psi Upsilon

Foremost in the minds of Psi Upsilon fraternity founders was to build a brotherhood of men who possessed the character, scholarship, and potential to become leaders in their fields. The Psi U's today are active in varsity skiing, soccer, and golf plus IM sports and IFC. We pursue our academic careers seriously, yet in the social world we never fail to "fire-up." Psi U is more than a home to us.

Psi Upsilon: J. Vranich, Pres., S. Banghart, D. Boisture, M. Burgess, G. Donley, J. Gardner, R. Gardner, J. Haedicke, M. Kenney, J. Kramer, M. Lindley, D. Morris, T. Ojczyk, D. Priouette, S. Richards, F. Sharp, P. Smith, R. Thueme, M. Timyan, K. Woodruff, *Housemother*: Mrs. M. Warhurst.

Sigma Alpha Epsilon

Sigma Alpha Epsilon has opened its door to a new era and a new house at MSU. We offer the fruits of true comradeship at its highest degree. And with any luck you still might get that degree. In any event the organization exists to enhance the young man's enjoyment of his fleeting college years and leave him with indelible golden memories. We remain undaunted in the face of opposition to our goals of truth, freedom, and the American Way.

Sigma Alpha Epsilon: R. Godwin, Pres., B. Alwald, T. Buckner, J. Hildbold, S. Lekas, J. Omerod, R. Pawlah, R. Risky, J. Ruzich, G. Skinner, R. Ulrey, *Housefather*: T. Bode.

Sigma Alpha Mu

Just two years ago some of us at Sigma Alpha Mu were wondering whether or not our chapter was going to be around much longer. Today our chapter feels that we're one of the strongest fraternities on campus.

We live in an apartment complex which we found worked quite well. There are 13 apartments plus a meeting room on our basement floor. This unique situation helped us during fall term to receive high grade points.

We plan to participate in the Michigan Heart Association Bounce for Beats drive this year. We broke the record for individual bouncing of a basketball with a record of forty hours last year.

Sigma Alpha Mu: F. Samson, Pres., D. Brasch, D. Becker, M. Belfer, P. Benson, S. Berman, R. Binder, P. Booner, P. Brown, R. Campbell, B. Chaiten, J. Cherney, M. Clem, K. Cran, R. Crawford, M. Daneman, D. Dangler, B. DeFranza, G. Effron, J. Eisenberg, B. Ellerhorst, P. Ellstein, M. Fishman, L. Franklin, R. Goldberg, J. Goldstein, B. Gordan, M. Gordan, T. Goren, D. Hawley, M. Heller, L. Hutton, R. Jacobs, M. Jourden, R. Kennedy, R. Klinsky, M. Levine, C. Ludin, A. Maisel, N. Oistacher, R. Phillips, R. Popper, L. Rosenberg, M. Rubow, D. Salk, L. Sarko, S. Schafer, D. Shufler, R. Sills, B. Simon, J. Simon, D. Sokolsky, B. Stein, B. Tabak, S. Weberman, W. Wolfe, J. Young.

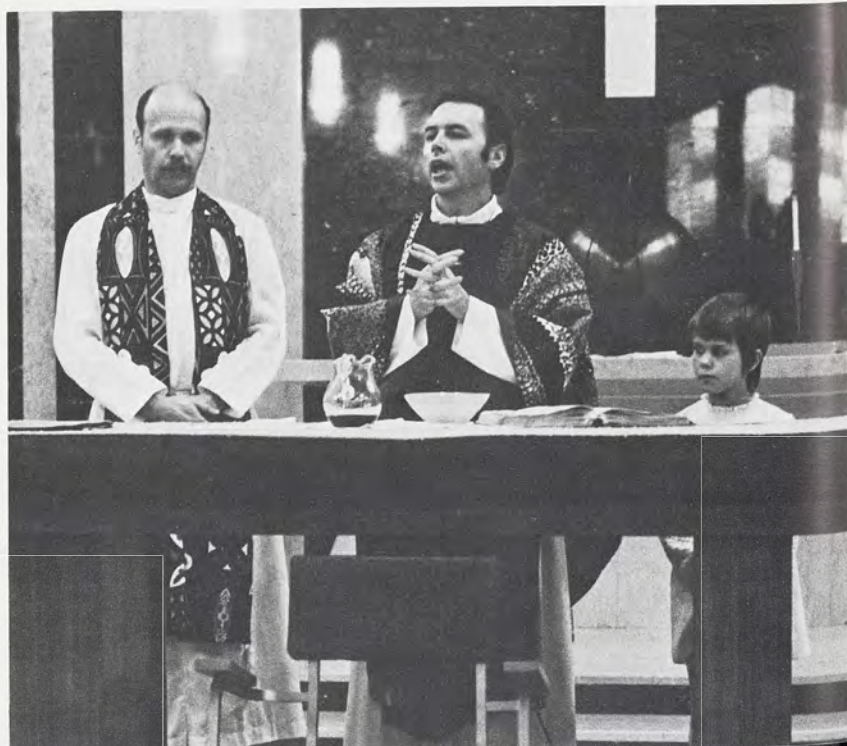

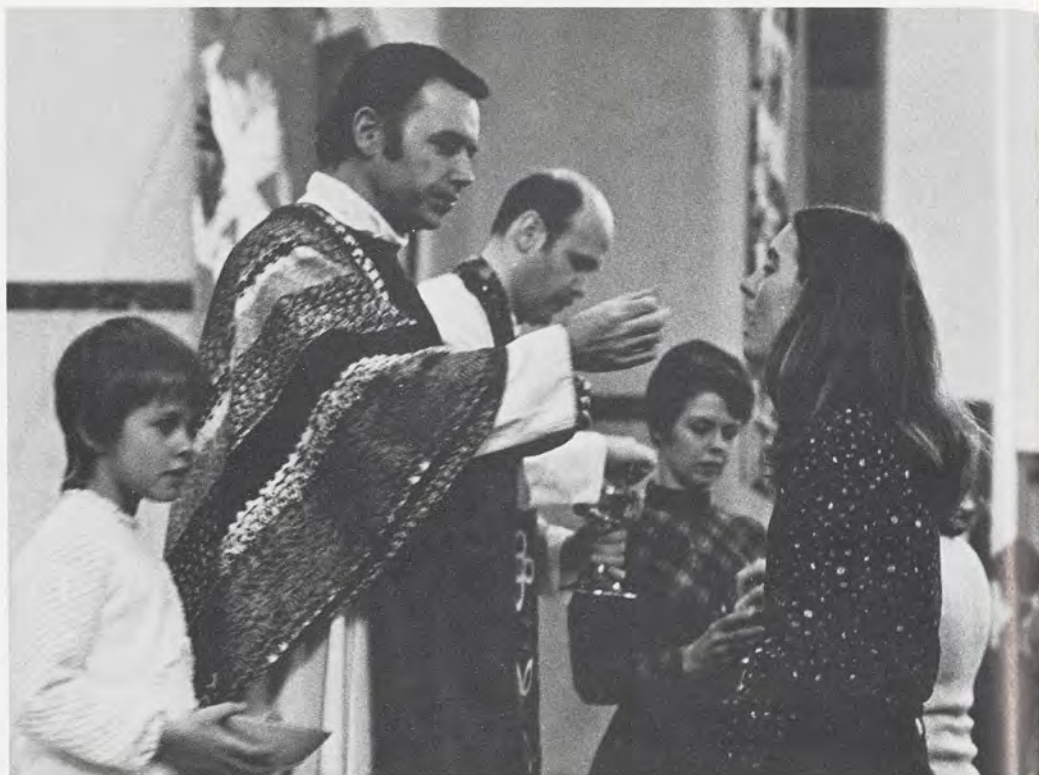

Asher House is a religious living unit which provides a college home for students wishing to share a life of Christian Science. The members of Asher House are active in volunteer work and also sponsor an open picnic for MSU students each spring. Asher House welcomes all to enjoy the recreational facilities available in its student center.

Asher House

St. John's

St. John's offers MSU and the East Lansing community a modern religious environment. The Student Center sponsors weekend retreats inviting students to come along for a living-learning experience. The Center also has musical get-togethers and offers various discussion-encounter groups focusing on a number of topics of interest. For convenience sake, St. John's has a branch center, located on Hagadorn, for students on east campus. The Center's doors are open to all and they invite people to drop in to meet the staff and make some friends.

PAC Lecture-Concert Series

The Performing Arts Company presents a series of plays each year for the viewing public. Wholly comprised of students, PAC's widely diversified productions are designed to please each individual's taste. Ranging from tragedy and realism, the Performing Arts Company excels in this creative endeavor.

Lending a helping hand for most of PAC's performances and Lecture-Concert are people who serve as ushers. A large portion of the ushers are undergraduate students who enjoy the various feature films and speakers offered through the university.

Cheerleaders

MSU cheerleaders undergo rigorous practices to keep in peak condition for every game.

But how are the cheerleaders chosen in the first place? Anyone can compete in the spring tryouts held for eight weeks. After that period of time, judges from many schools are asked to evaluate each performer. The top six are regular cheerleaders and two alternates are also chosen.

Cheerleaders: A. Ammismaki, J. Banks, C. Brown, A. Burgess, J. DeBarr, J. Drader, J. Krause, C. Malthaner, J. McCabe, J. Morlock, J. Olds, S. Simons, K. Tiplady, R. Turkus.

Pi Tau Sigma: J. Wilson, Pres., R. Buckley, A. Goodier, V. Jakas, R. Jorgensen, D. Reid, E. Sandell, D. Taggart, S. Tissue. Not Pictured: D. Albrechtsen, D. Braisted, B. Brogan, J. Bush, G. Copenhauer, R. Guthrie, S. Miner, R. Tanner, R. Telese, S. VanWieren, R. Vujovich.

Pi Tau Sigma

Pi Tau Sigma is an honorary fraternity for mechanical engineers. Members are chosen from the top 25 % in their field. The purpose of Pi Tau Sigma is "to recognize those students that have achieved highly in Mechanical Engineering at MSU." Members are recruited from high school students and freshmen.

Tau Beta Pi

Tau Beta Pi is the only national organization that honors outstanding students in all branches of engineering. Out of 150 chapters comprising Tau Beta Pi nationally, Michigan State is distinguished as having the second chapter founded.

Rangers I: J. Baker, S. Battdorff, J. Bierwirth, G. Black, P. Bradford, C. Brown, J. Carr, J. Comps, S. David, R. Hartline, J. Herron, B. Hoxie, D. Lundberg, N. Mooers, M. Mulvaney, K. Nelson, J. Nothstine, R. Schamper, J. Simons, B. Sweeney, Advisor, Capt. Porter.

Ranger I is an elite organization affiliated with Army ROTC. The unit is composed of Army and Air Force ROTC Cadets, Marine P.L.C., and civilians. The varied training provides instruction in survival, first aid, self-defense, mountaineering, small unit tactics, and other specialized skills. Their spirit, enthusiasm, and dedication has made Ranger I Honor Company for the last four consecutive years. Truly Rangers lead the way.

Women's Athletics

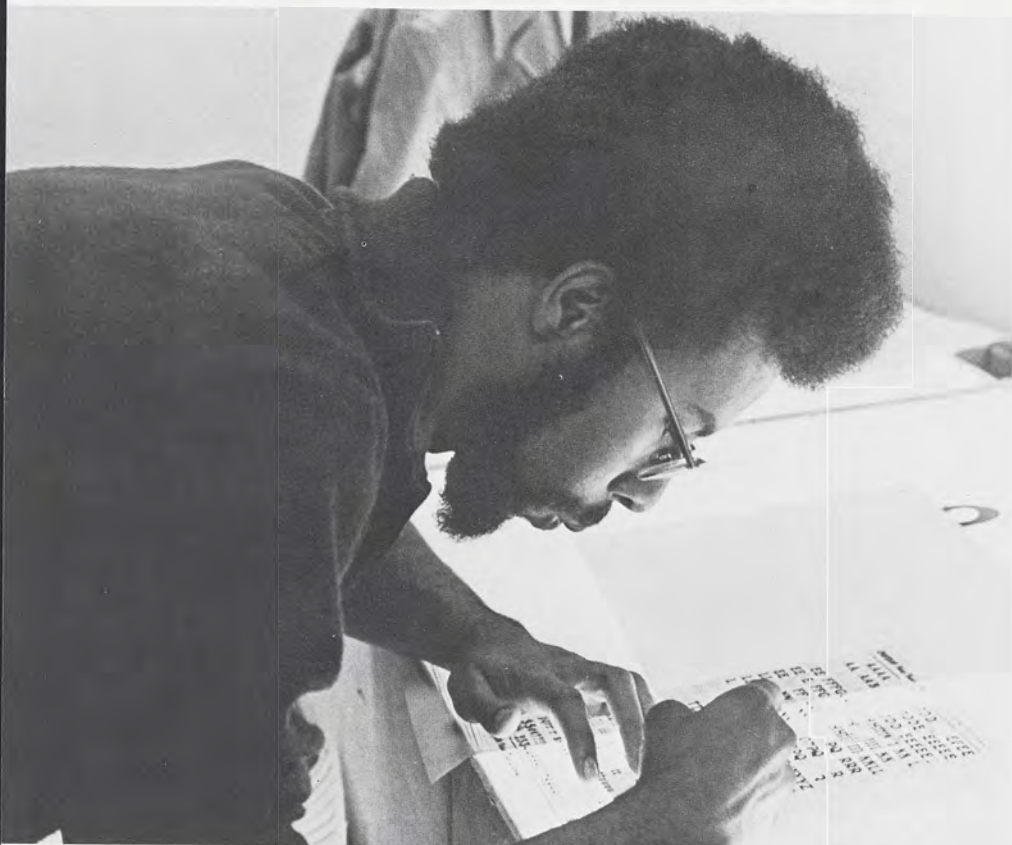

Women's athletics is enjoying success during its second year with varsity status. Under the directorship of Dr. Nell Jackson, women's athletics is comprised of nine sports. Women are competitive in softball, basketball, tennis, track, gymnastics, swimming, golf, field hockey, and volleyball. Considered one of the top schools in this field, MSU's women's athletics department is a forerunner in the development of women's sports.

Project Grapevine

Project Grapevine has been a registered student organization of student activities at Michigan State University since September, 1969. They have supported many minority student projects in assisting with technical help and encouragement in students involved in mass communication. Projects are developed by students in the areas of mass media such as: news publications, television, and radio. In 1973 Project Grapevine established a co-project in radio with a local radio station — giving students an opportunity to work in the electronic media.

Project Grapevine: J. Ballard, W. Heron, T. Landecker, A. Shelton, G. White, D. Whorf, J. Woods.

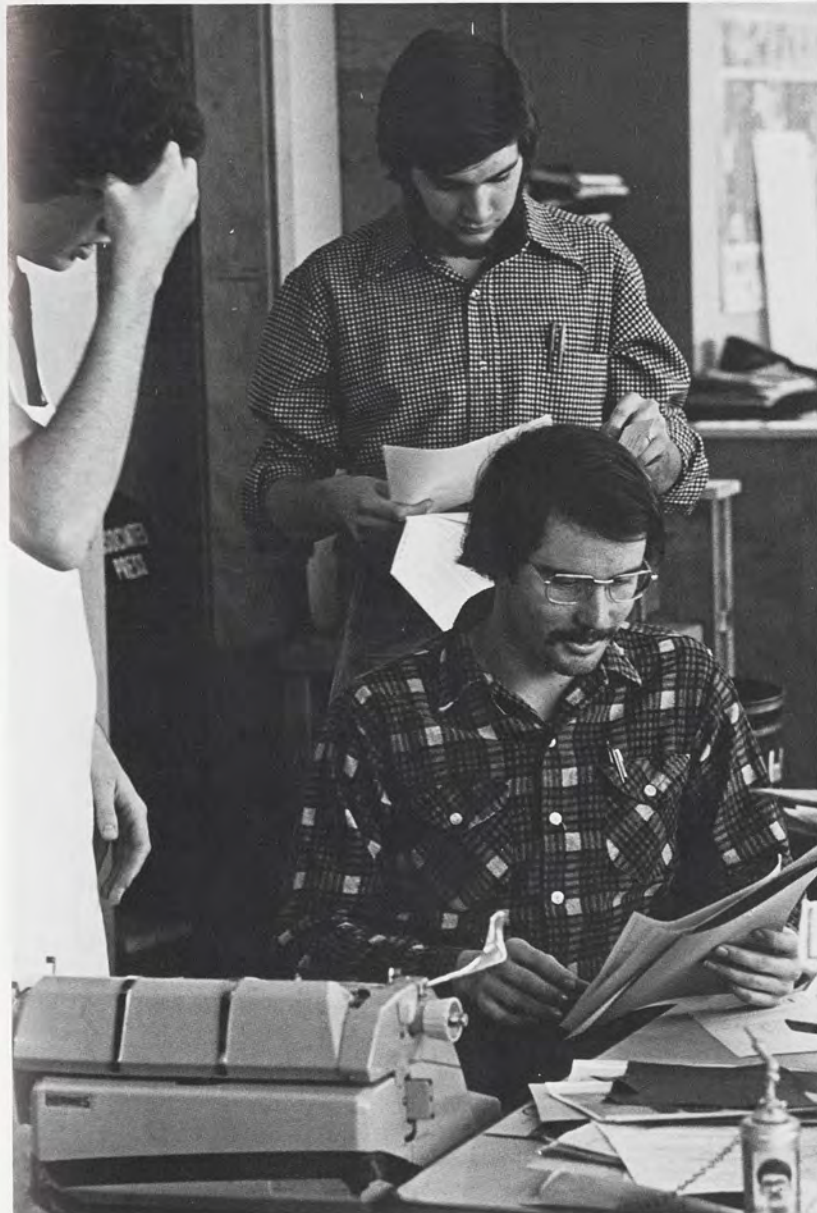

The State News

The State News, a student-operated campus newspaper, is printed five days a week and also provides an additional welcome week issue.

The State News keeps students and faculty aware of local, state and national news plus an array of features, editorials and advertisements.

A nationally recognized publication, The State News is a four time winner of the Pacemaker Award for excellence in a college publication.

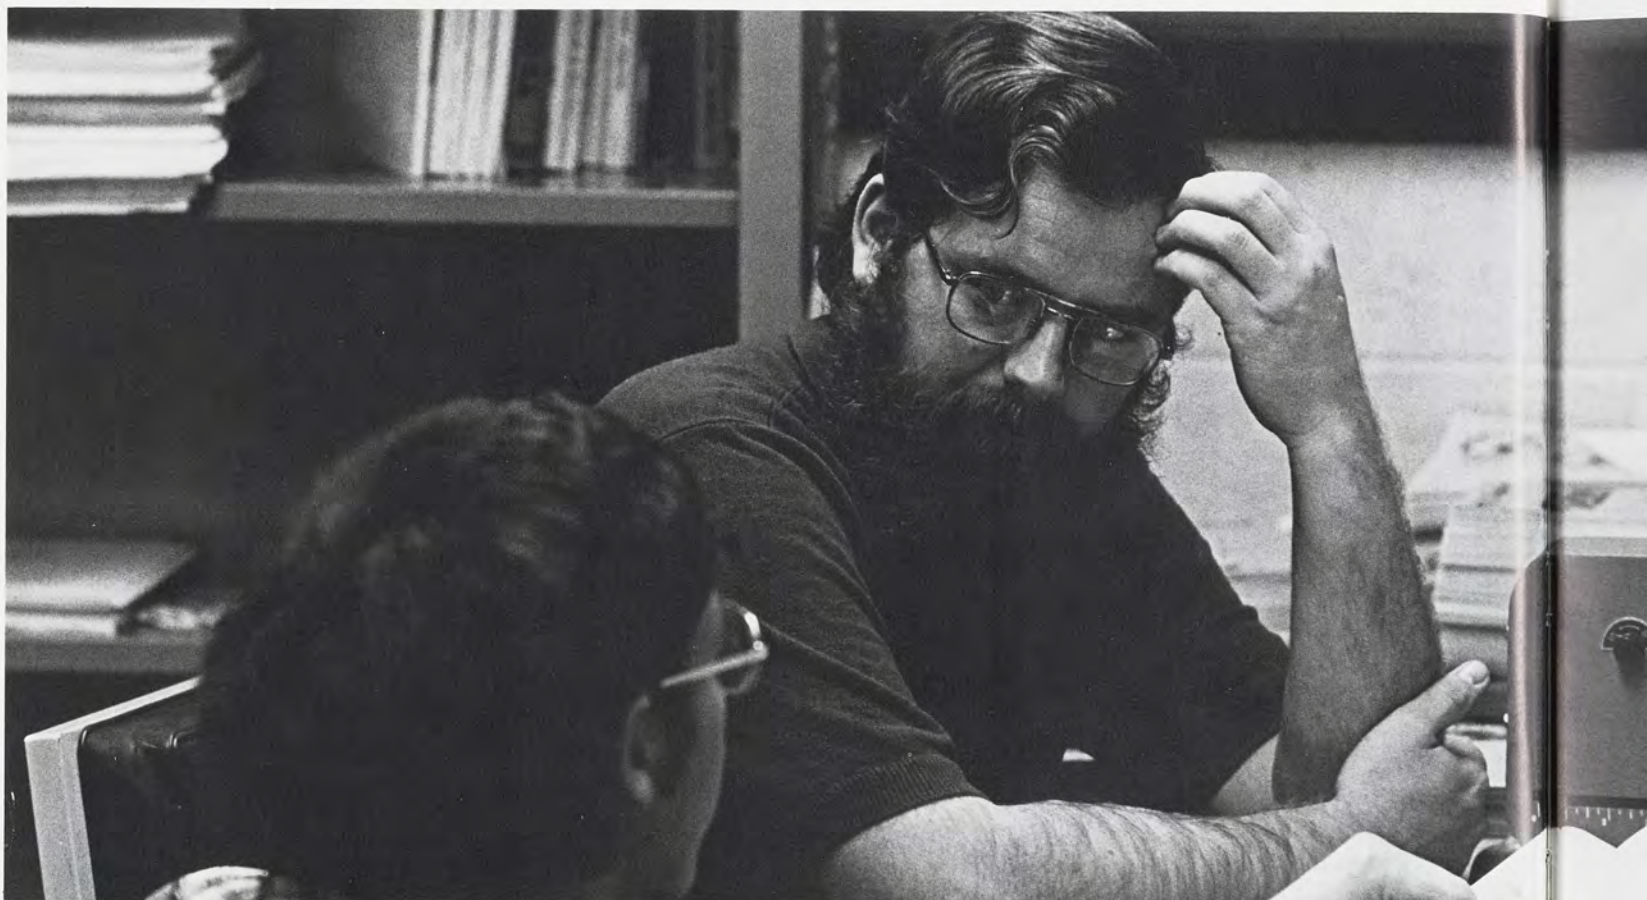

The State News has approximately 60 members in the editorial department. Eight student editors control the flow of news through campus, city, copy desk, national wire services, photography and sports. Student editors also comprise the editorial board, which guides the editorial policies of The State News. Additional freelance writers and photographers are used extensively to cover daily events.

The State News operates as an independent corporation and has an eight member board of directors. As overseer of newspaper operations, the board also appoints the student advertising manager, editor-in-chief and general manager.

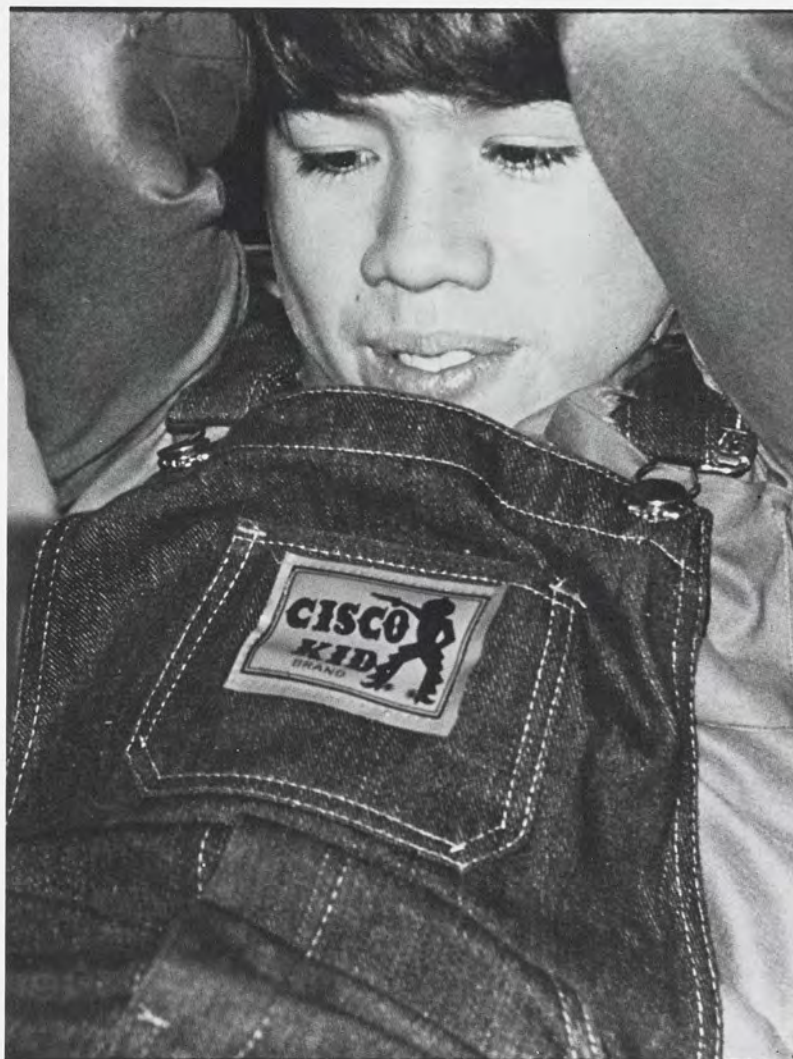

Happiness is helping, and that's what Michigan State's Volunteer Bureau is all about.

The Volunteer Bureau is an organization that works together with students to provide assistance to area residents. They are involved in national projects such as Headstart, Big Brother and Big Sister, just to mention a few.

They have initiated various local projects involving young and old along with those who have financial difficulties. Volunteers are carefully screened and undergo a vigorous orientation program before gaining actual field experience.

Sports

Highlight '74

Michigan State University has long been known as a football school. But during the past couple of years, hockey has taken a firm hold on campus. Probably the only drawback in the entire hockey program was the arena — ancient Demonstration Hall. But a welcome addition to the MSU athletic complex has changed all of that. South of old Dem. Hall and south of that familiar group of pine trees, a new ice arena is taking shape, and will be completed in June of 1974.

Executive Vice-President Jack Breslin, former Athletic Director Biggie Munn and present AD Burt Smith were major factors in building the \$4.5 million facility, which is to be named Munn Arena. And Amo Bessone, hockey coach at MSU for 23 seasons, played no small part in bringing big-time college hockey to State.

Bessone arrived in 1950, just in time to move the team from an outdoor rink to a newly installed surface in the Dem. Hall, which was built in 1928 and had been used for military drills, boxing matches and basketball games. It was, according to Bessone, "an adequate facility at that time, and one of the very few indoor rinks."

And so for the next 23 seasons, fans jammed their way into an arena which afforded an obstructed view of play from every location. The players were even forced to use the lockerroom facilities at Jenison Fieldhouse. It was painfully obvious that a new facility was desperately needed.

In 1966 the Spartans won the NCAA Hockey Championship and the push for a new arena was on. "We were close to getting a new one several years after the championship, but it got postponed," Bessone said. But finally, after years of effort by Munn, Smith and Breslin, among others, funds were allocated for construction, which began in Spring, 1973. "We set aside the money from student football tickets and we had some money for major improvements," said Smith.

So no longer will fans have to stand to see the action, no longer will players have to dress a block away. The new arena will seat 7,000 people, and this time, students will get a high priority on tickets. In Dem. Hall, many reserved seats were gobbled up early by alumni, townspeople, etc., while most students sat in the rows farther back.

It is very possible that the 7,000 seats will not be enough for the hockey-hungry fans of Michigan State University, but it will be an arena comparable to almost any in the country, which a top-notch hockey team deserves. A showcase, yes; a palace, no. But the new ice arena is a tribute to those administrators who pushed for it, and more importantly to Amo Bessone and his exciting team, which captivated a large audience before, and will capture an even larger one in the future.

New Ice Arena for MSU — at Last!

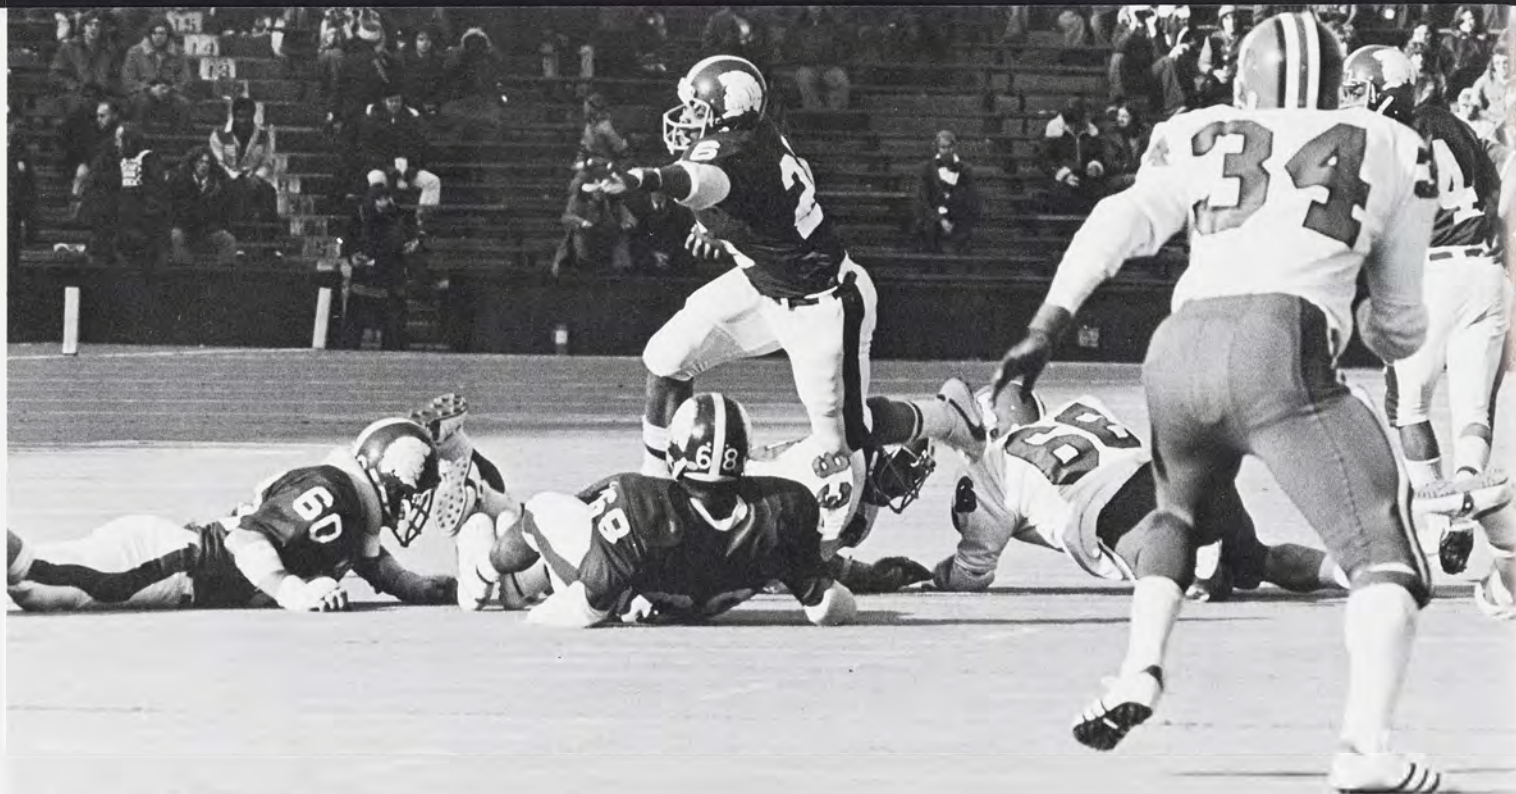

Opposite Page, Top: Spartan fans stand during play in order to catch the action.

Left: In a typical scene, MSU players raise their sticks after scoring on Notre Dame.

Football Team Starts Anew

When assistant Denny Stolz took over as head football coach at MSU, he knew exactly what he was getting into. After all, his predecessors were Biggie Munn and Duffy Daugherty, and all they did was compile the 13th best winning percentage in the nation since 1948. But Stolz also knew that the football program had been in a state of decay under Duffy since 1967. To change things, he quickly junked the Wishbone offense, put new uniforms on the players — including white shoes — and hired a virtually new coaching staff.

The new system, combined with the toughest schedule in the nation, made State an unknown entity for the first time in over 20 years. Would Stolz pull a Schembechler and win right away? Obviously not, and Denny knew that long before the opening game. "We have very few skilled football players," was his opening remark to writers at Press Day, which was held in late August.

He may have been right, but there were enough solid ballplayers to pull out a 5-6 overall record, and the Big Ten mark of 4-4 was good enough for a three-way tie for fourth. Quite respectable considering the rash of injuries and a woefully inexperienced offense.

Opposite Page, Bottom: All-American safety Bill Simpson gets punt away against Illinois.

Spartans Play Close Games — But Lose

MSU opened the two road games and got a split. Northwestern rallied from a 10-7 deficit in the season's inaugural game and downed the "new look" Spartans 14-10 — the same score by which Daugherty lost his first game after taking over from Munn. But the next Saturday was different. A regional television audience saw Quarterback Charlie Baggett engineer a last minute touchdown drive which gave Stolz his first win as head man. The rally — capped by tailback Tyrone Wilson's scoring plunge with 33 seconds left — erased an 8-7 Syracuse lead and made the final 14-8.

But highly regarded UCLA was slated to open State's home schedule, and open it they did. A second quarter scoring blitz obliterated a brief MSU lead, and only a dazzling 95-yard kickoff return by Co-Captain Mike Holt made the score respectable, as the Bruins returned west with a 34-21 triumph.

A trip to South Bend for a date with powerhouse Notre Dame loomed directly ahead, and no doubt many people thought that the Irish would scatter Spartan heads far and wide. But Notre Dame — eventual national champions — had to hang on for dear life in a tight 14-10 victory. Linebacker Ray Nester returned an interception for a score, and combined with his other stellar efforts, earned UPI Midwest Lineman of the Week honors.

After playing so well on the road, MSU seemed destined to pull off the one big upset that Stolz and his team so desperately wanted. What better time than against archrival Michigan? But a partisan Spartan Stadium crowd watched State get sunk in a torrential rain, 31-0. The execution, which had been increasingly solid, broke down completely and the game was never in doubt.

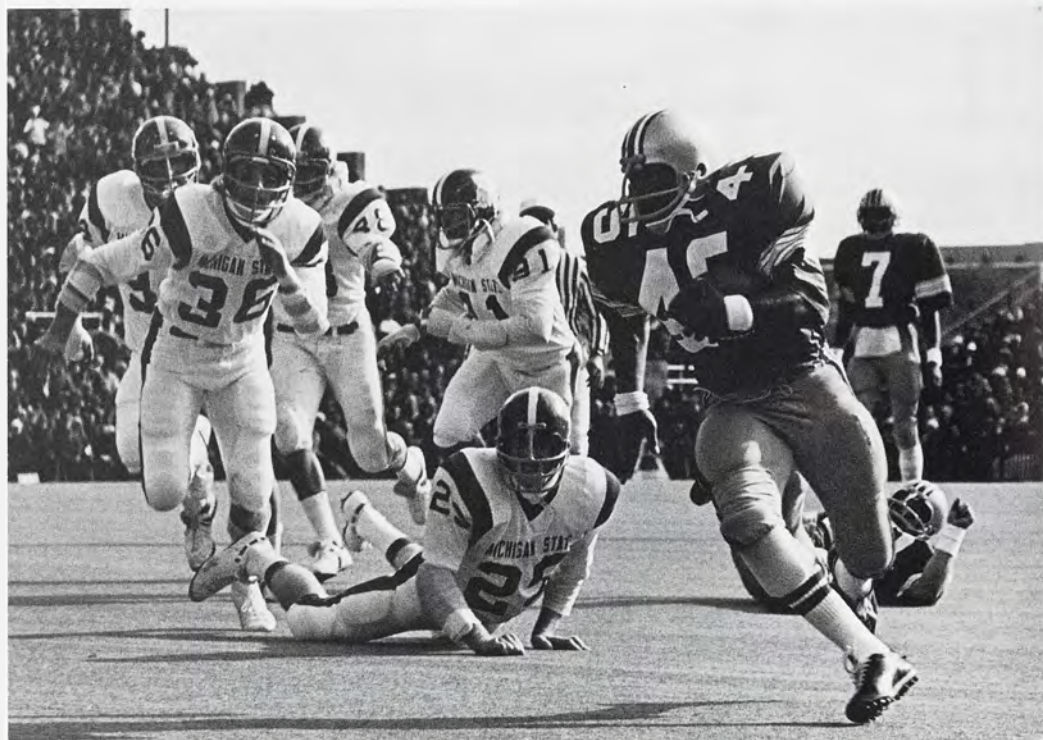

Then Illinois, a surprising contender in the Big Ten came to town, and, yawn . . . left with a 6-3 win in a mini-field goal contest (baseball anyone?). Dirk Kryt, the soccer-style kicker from the Netherlands, was responsible for the lone Spartan score.

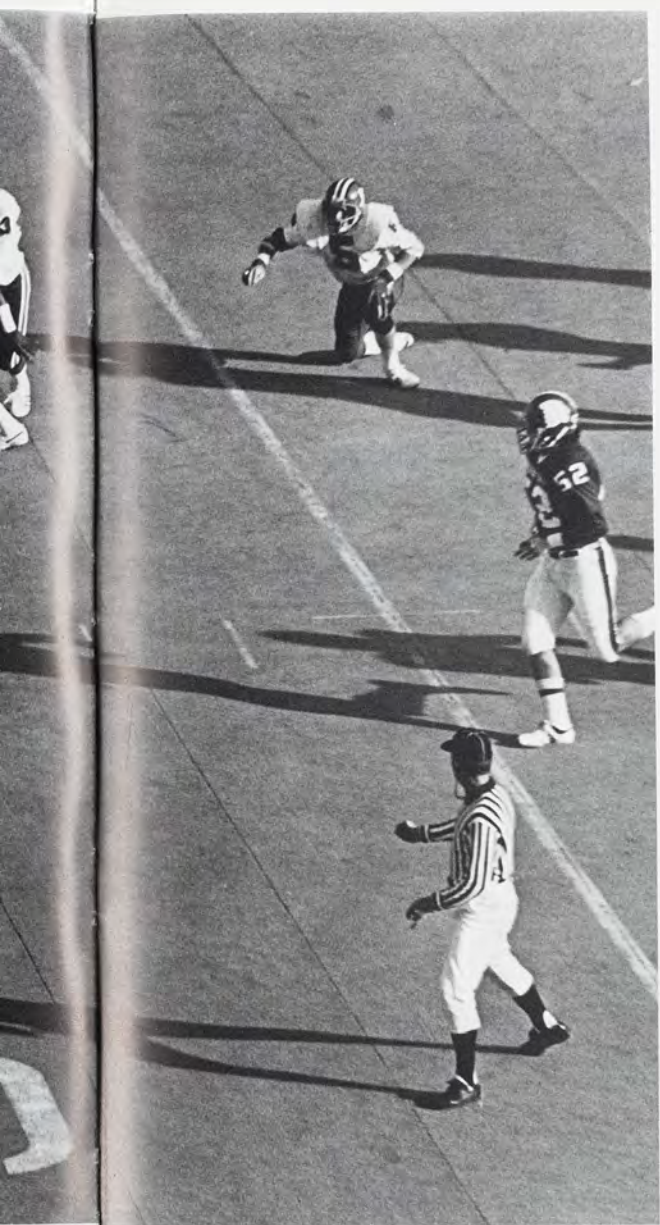

The overall record now stood at a less than mediocre 1-5. But a closer look shows that three opposing teams were ranked in the top ten, and that the other losses were by a total of seven points. MSU was about to embark on the second half of the year, but also about to embark on the long road back to football respectability.

Purdue — which has always had trouble with the Big Green Machine — had the dubious honor of hosting the "rebirth" of Michigan State football. Baggett ripped off a long touchdown run, and despite having another called back, was named UPI Midwest Back of the Week. But the victory was made possible by the defense, which was impeccable.

 Opposite Page, Right: The Spartan defense, a stalwart unit all season, asserts itself against the Hoosiers.

Gridders Resurge to Win Four Out of Last Five

The resurgence continued with a convincing 21-0 whitewash of Wisconsin at home, but the win was costly. Baggett was lost for the season with a knee injury, as were offensive linemen Phil Smolinski and Charlie Ane. 5'8" Tyrone Willingham — who had been QB for only one play previously — stepped in for Baggett in the second quarter and directed a potent offensive attack which featured State's first scoring pass of the season, a shorty to David E. Brown. In fact, "Indiana" tallied all three MSU touchdowns.

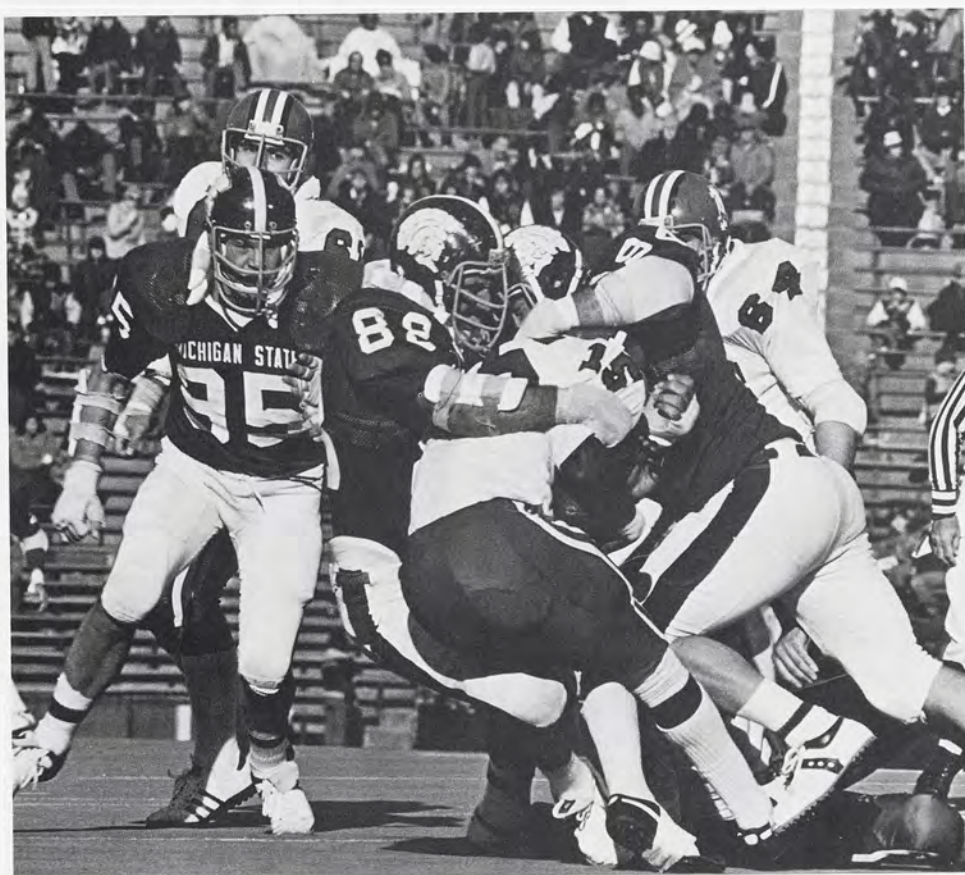

Eventual Rose Bowl champ Ohio State was next, and the Bucks were rude hosts to the Spartans, trouncing them 35-0.

But respectability was still the goal, and State finished the season with a home victory over Indiana, 10-9, and a road win against hapless Iowa, 15-6.

The 1973 team had some highlights statistically. Defensive backfield coach Sherm Lewis saw his secondary finish second nationally against the pass, and his safety Bill Simpson made All-America. Other defensive standouts were strong safety Paul Hayner, linemen John Shinsky, Jim Taubert, and Mike Duda, and linebackers Ray Nester and Terry McClowry.

The offense — made up of many freshmen and sophomores — was inconsistent, but still has its bright spots. Field goal kicker Kryt led the team in scoring with 38 points. But the running game was under a new system, and this, coupled with crippling injuries, didn't function well until the last portion of the season.

The foundation has been laid. It is now up to Stolz and his staff to build the program.

Lindsay Leads Harriers

Despite only one letterman's return to the MSU Cross Country squad, the Harriers polished off a fine 1973 season with a primarily freshmen team.

Coach Jim Gibbard, an MSU alumnus and former trackman himself, predicted a finish among the top five Big Ten teams and, indeed, the Spartans nabbed an honorable fifth place at the moderately flat University of Illinois 6-mile course in the conference meet. Sophomore letterman Fred Teddy placed 13th with a 29:43 time, and outstanding freshman Herb Lindsay took 17th place at 29:48. The meet's top finisher, Illinois freshman Craig Virgin, clocked a 28:30.8 time on his home course. Indiana took first place overall in the Big Ten with 49 total points, compared to MSU's 108 points at fifth.

In the dual meets, Michigan State mustered a commendable two wins against OSU and Notre Dame while losing their other five meets to the more experienced teams. But the Spartans plan a running rebound next season with an all-returning team.

In the simultaneous NCAA District LV and Central Collegiate Championship Meets, MSU tallied fourth place with 165 points and third with 96 points, respectfully. The top Spartan finisher was Lindsay with a 30:14 time, good for 17th in NCAA and 11th in CCC. Teddy followed at 19th place in NCAA, 13th in CCC with a 30:22 time.

Because of a recent athletic ruling that specifies MSU's harriers must place in the top three to compete in the NCAA finals, the fourth-ranking team rather regretfully stayed home — in preparation for next year's finals, no doubt.

Above: MSU's Tom Sherman runs astride a U-M opponent.

Fair Season for Booters

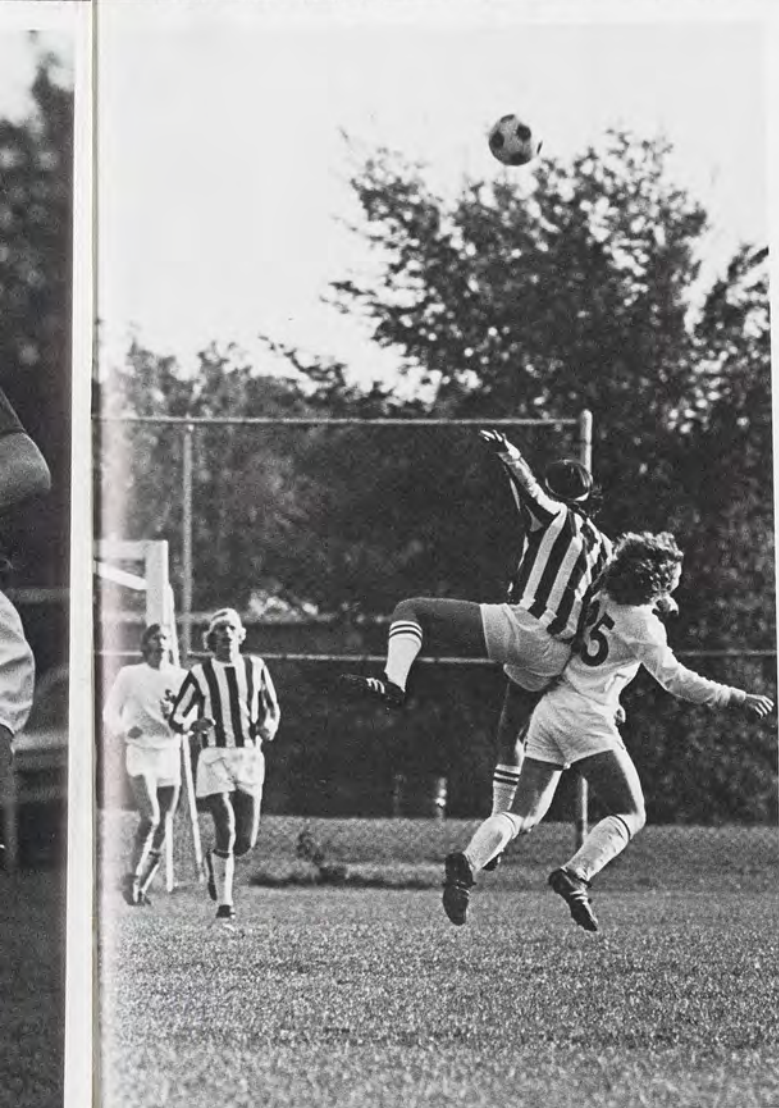

The Michigan State soccer team fell short of a successful 1973 record, tallying a 4-3-3 mark in the sport's 17th varsity season. Though five lettermen returned, the booters' downfall was understandable however, as they operated without any scholarships, independent of any league, and on a highly limited budget. Working against these negative forces as well as their fully-funded competition, the Spartans booted fairly well though far from ideal.

The Spartans started well with four consecutive victories which temporarily boosted hopes for an NCAA playoff berth, but three ties and three losses grounded them.

Veteran netminder Dave Goldman was elected All-Midwest Goalie and again Most Valuable player. The key to the defense, Goldman allowed only 13 goals and impressively shut out four opponents in his final Spartan season. Top scorer was Sophomore Mike Kenney, son of former soccer coach and current assistant athletic director Gene Kenney, who had 7 goals and 3 assists. Freshman Mark Karrer finished second, tallying three of each.

Only the second coach in Spartan soccer history, Payton Fuller lets no disappointing season mar future plans for his alumnus team, which boosted him to stardom in the 60's. The native Jamaican has set new strategies for his '74 men.

Desire, Determination Pay Off for MSU Women

In the Fall portion of their split season, Coach Mary Fossum and her Spartan golfers captured four of five tournaments played in grandiose fashion. The highlight of the season came at the Midwest Regional Tournament held at Central Michigan University. Manono Beamer was the medalist while outstanding performances were given by newcomer June Oldman, Carol Peterson, Cindy Vollmer and Sue Najduc.

While using mostly first year players, the volleyball team, coached by Karen Peterson, showed enthusiasm and improvement in achieving a 7-11 season record. Becky Dickieson, Jody Manore and Mary Beth Wysocki deserve an extra round of applause in rallying morale during the recently-formed team's difficult season.

Mikki Baile's field hockey team lost only one of its seven well-fought games, winning two and tying four. The team also showed well at the Waterloo Field Hockey Invitational and the College Weekend held at Sauk Valley, Ill. Leading scorers for the Spartans were Sandy Hudson, Joey Spano and Mary Scheurer. Co-Captains Polly Ayers and Jan Parker did an outstanding job in leading their hardworking team.

Spartans Become Contenders in Big Ten

The Michigan State basketball team played unimpressively during the nonconference portion of its schedule, but recovered in January to be a contender in the Big Ten race for the first time in years. The 5-4 record compiled against non-Big Ten schools left State on the outside looking in as the pennant chase started in January.

But after blowing an 18 point lead at Purdue and losing 77-75 on a Boilermaker basket with five seconds left, the potential that this Spartan team had all season came to the fore.

Led by vastly-improved center Lindsay Hairston, State rolled past Ohio State and Illinois before traveling to Ann Arbor to meet the University of Michigan. In a great performance of run-and-shoot basketball, the Wolverines scored at the buzzer to pull out a tight 84-82 triumph.

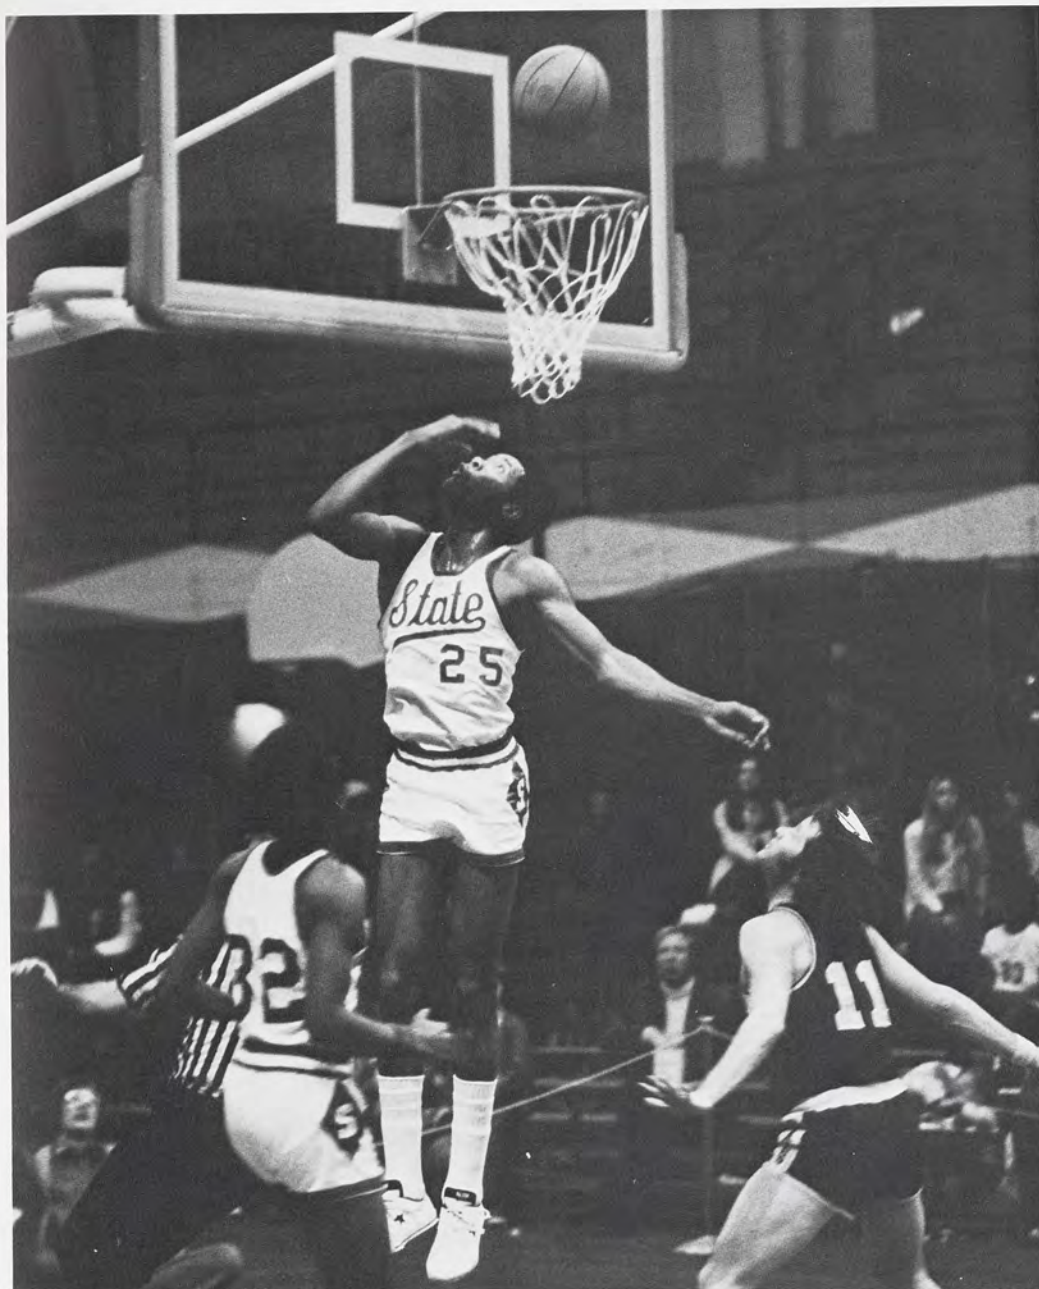

Opposite Page, Top: Mike Robinson uses his unique jump shot to can two more.

Left: Bill Glover on the move against Notre Dame.

Lower Left: Furlow sinks a neat reverse lay-up.

Below: Bill Glover twists and turns on his favorite drive for another basket.

But the team showed its championship caliber shortly thereafter by handling Iowa 95-86. The suddenly tough got tougher. Playing at Minnesota before a regional TV audience, MSU eked out a 67-66 win, overcoming a 10 point deficit enroute.

The Spartans powered their way past the Illini again, 93-82, and, according to Coach Gus Ganakas, set up the "biggest basketball weekend in our history."

All-American guard Mike Robinson, who had another super season, nailed a 20-foot jumper at the buzzer to avenge the earlier loss to Purdue, 76-74. The conference race was really on now, but Notre Dame loomed ahead as a chance for State to gain national recognition.

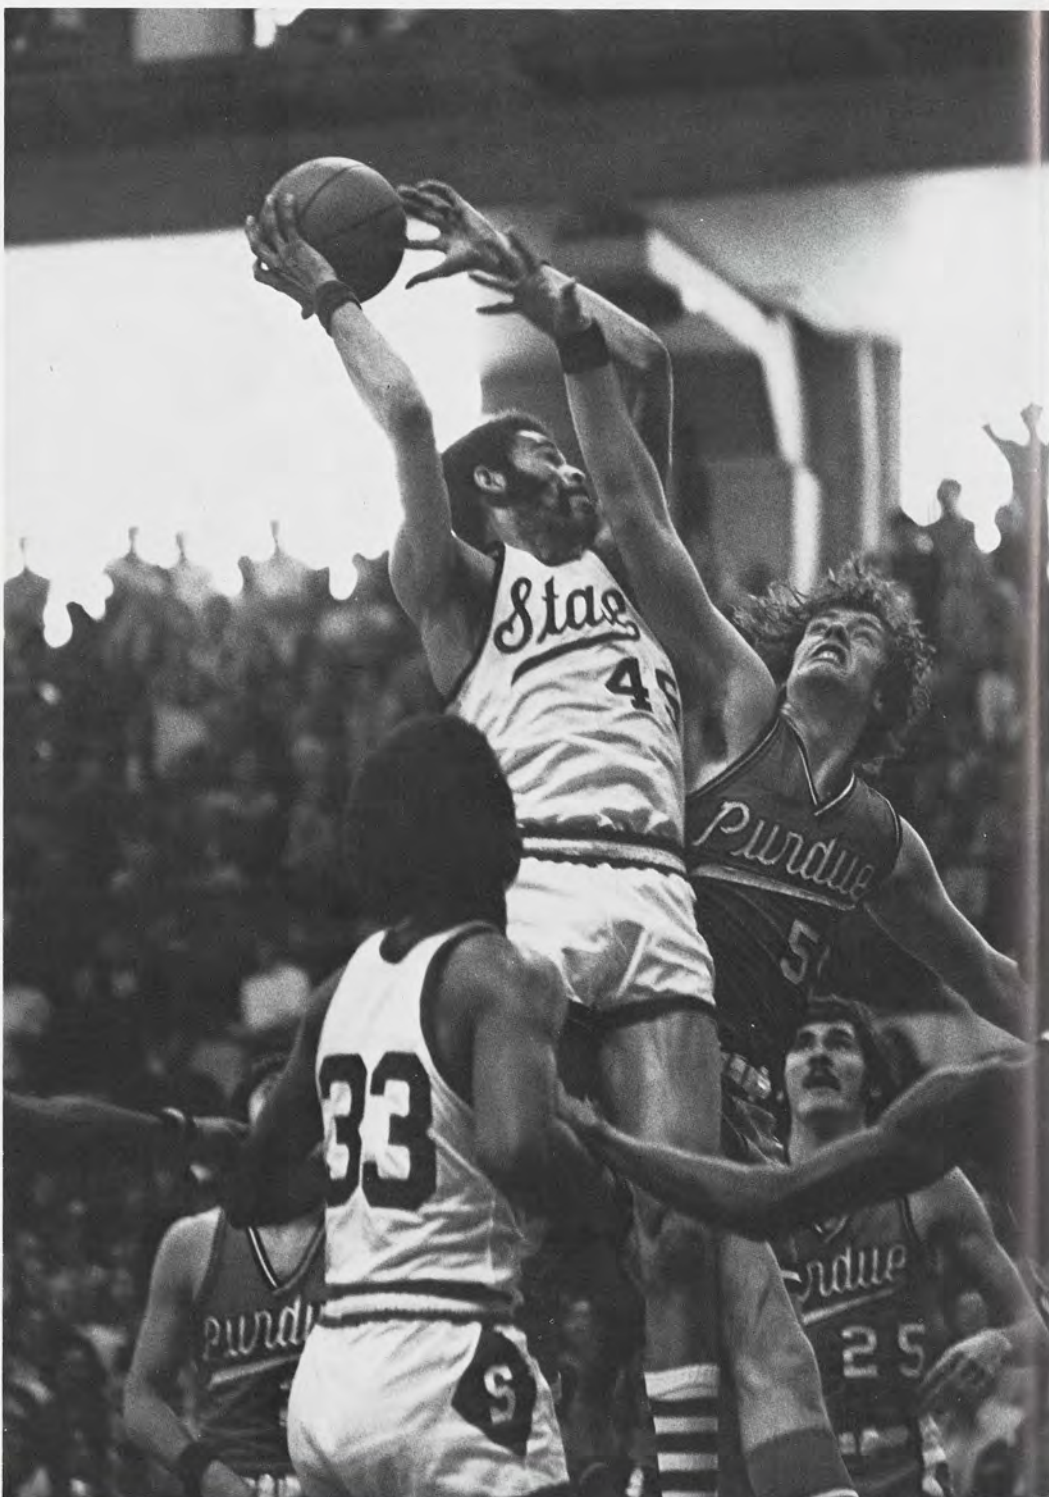

The Irish — ranked two nationally — scored with two seconds remaining to overcome one of the greatest MSU efforts ever, 91-89, before a sellout crowd in Jenison.

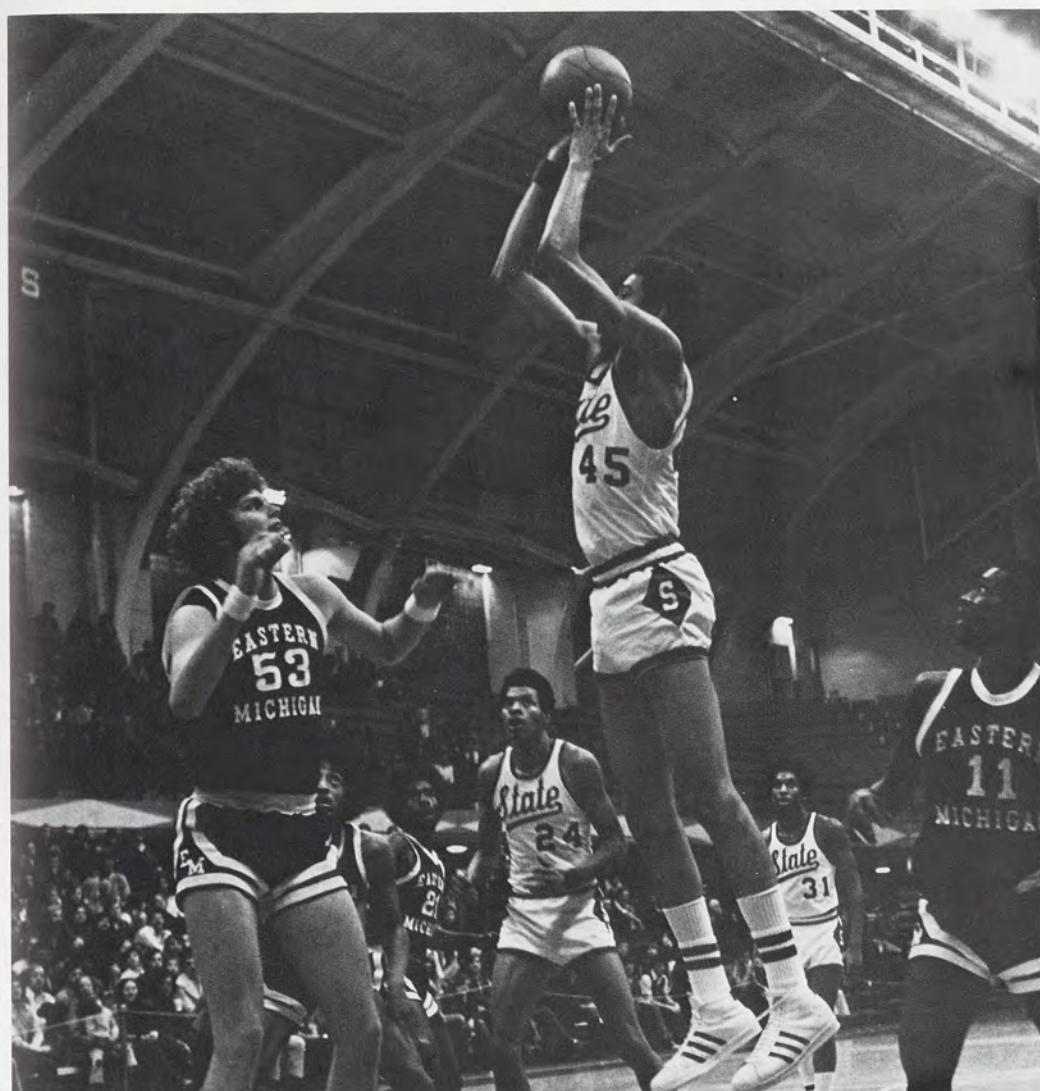

Robinson sprained his ankle in practice, and State was forced to go into overtime in Columbus before beating Ohio State for the second time by a score of 75-67. Terry Furlow picked up the scoring slack as he tossed in 26 points.

Then the Big Ten title hopes faded as the Minnesota Gophers came to East Lansing and stalled their way to a 56-50 win. The team wasn't playing well at all, and against Northwestern the next Saturday, MSU trailed by 10 with less than five minutes to go. But Robinson came to the rescue with a three-point play at the end for a 73-70 victory.

League-leading Indiana was next. State went to Bloomington and impressed a lot of people, but left with another loss, this time by a score of 91-85. Wisconsin added insult to injury with an 87-80 conquest, and all that remained for Michigan State was the spoiler role in the season's last game against Michigan at home.

Opposite Page, Far Left: Freshman Edgar Wilson connects after one of his patented steals.

Opposite Page, Bottom: Lindsay Hairston proves he is the best Big Ten center as he shoots over Purdue's John Garrett.
Left: A not-so-fluid but very effective shooting style of Hairston baffles Eastern.
Below: The winners celebrate with a TV interview after Robinson beat Boilermakers at the buzzer.

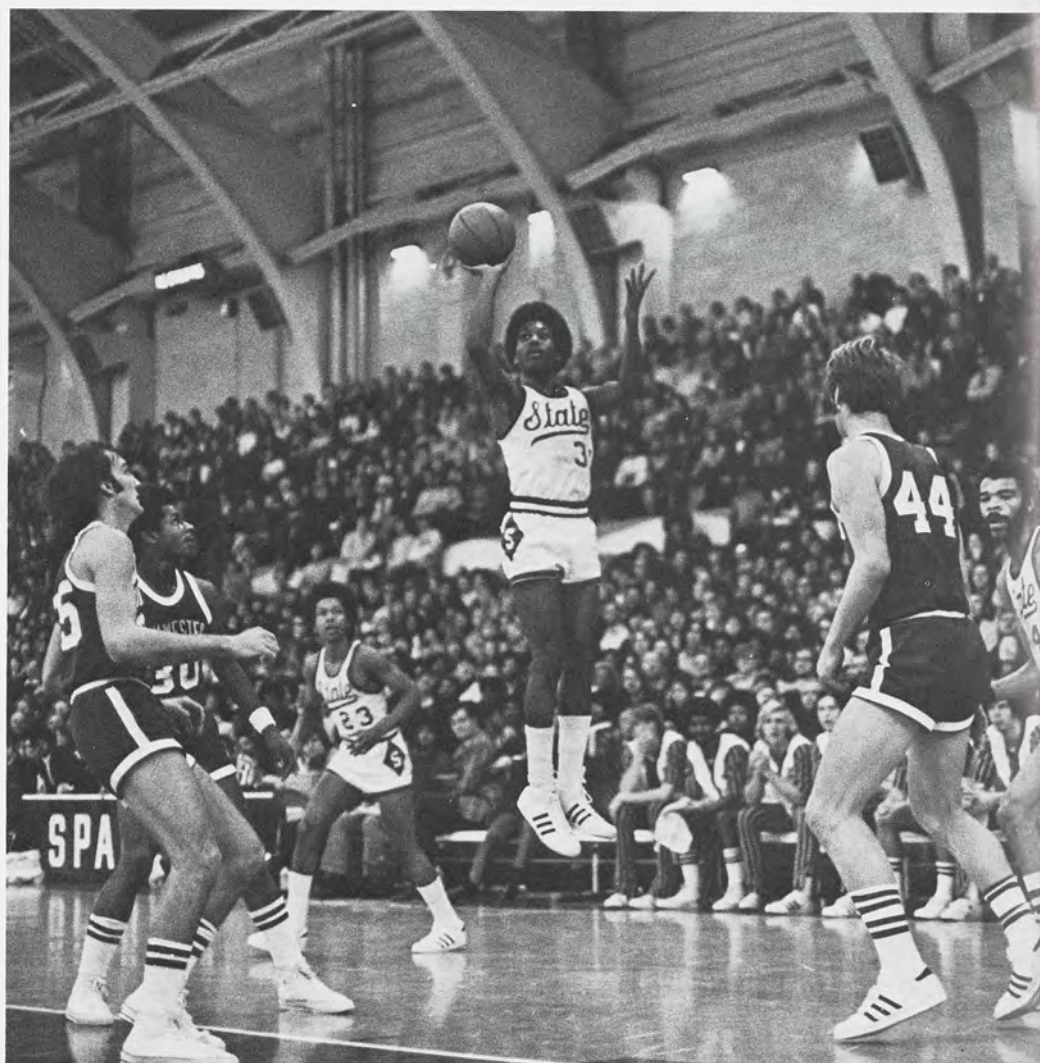

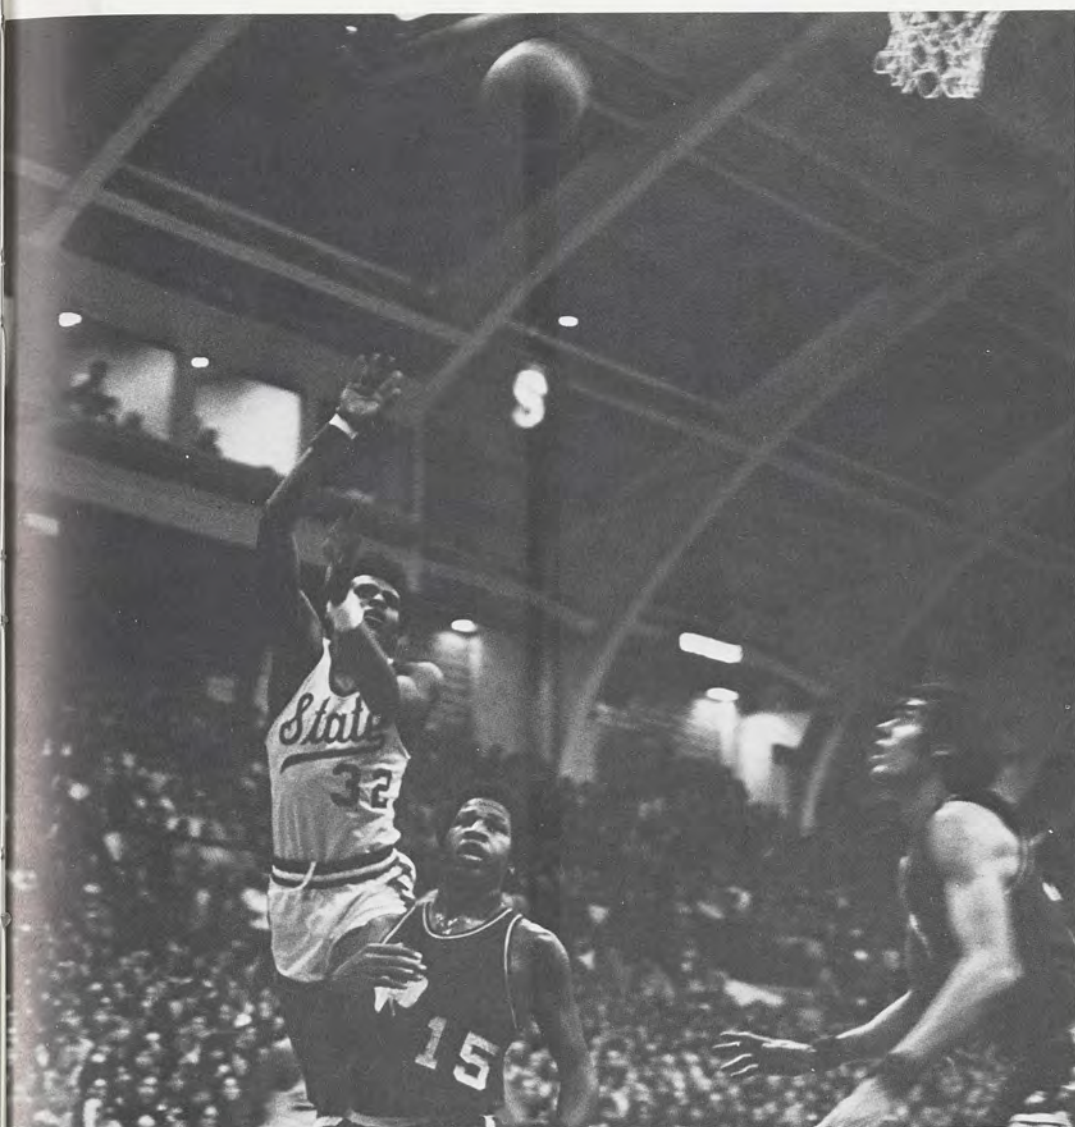

The last game of the season with Michigan proved to be disastrous. Entertaining slim hopes of an NIT Tournament bid, the Spartans were flattened to the tune of 103-87. By winning, the aroused Wolverines gained a first place Big Ten tie with Indiana.

Robinson put on a brilliant second-half shooting performance and wound up with 30 points, but couldn't match U-M's Campy Russell, who had 36. Robby finished with 1,718 career points, far and away an MSU record.

Hairston led the Big Ten in rebounding, but State finished just 8-6 in the conference after contending much of the way. The overall record of 13-11 matched the performance of the last two seasons, although this team was the most exciting in years.

Robinson Ends Brilliant Career

MSU Icers Shatter Many Records Enroute to Home Playoff Berth

MSU's hockey season started in November, and when the schedule was completed in early March, the Spartans had earned a playoff berth at home against Wisconsin by virtue of their 15-12-1 WCHA record. The overall mark of 21-12-1 clearly shows the superior competition the team waded through in the WCHA to get as far as it did.

Excitement filled the entire season, but so did injuries, and Coach Amo Bessone had to constantly juggle lines in order to come up with the right combinations.

Sellout after sellout crammed their way into the Ice Arena, and most of the time the fans went away pleased. Home ice sweeps over Wisconsin, Notre Dame, Michigan, North Dakota, Minnesota-Duluth and Western Ontario proved that MSU could put things together when on familiar ice.

On the road the team played well, too, taking six out of nine during a three-week stay in Colorado. The Great Lakes Tournament held at Detroit's Olympia Stadium was good for another trophy, as State beat host Michigan Tech in the final. Team and individual records fell at an astounding rate.

Sophomore Steve Colp broke his own single season scoring record as he notched 38 goals before the playoffs began. His 46 assists made him the league's leading scorer this season.

Fellow sophomores Tom Ross and Daryl Rice also contributed fantastic scoring totals, as did speedster John Sturges.

"Secretary of Defense" Norm Barnes was considered the best defenseman in the country, and combined record assists with sterling play all season long.

MSU Wins to Advance to WCHA Semi-finals

The first round of the two game total goal WCHA playoffs was great. Darl Bolton, Daryl Rice, Tom Ross and Jeff Addley scored in the opener as MSU won 4-1 over Wisconsin, but the defense suffered when Norm Barnes was tossed out late in the game and was out for the series.

The Badgers squared things at 5-5 in the second game before John Sturges took a pass from Ross in the slot with 1:31 left and put State on top. Steve Colp added an open net goal to make the final count 7-5, though Wisconsin won the second game 4-3.

Goalie Gary Carr was magnificent in both games, but particularly, in the second when he and a patchwork defense held the 1973 national champs scoreless for the last 38 minutes.

Amo's Army qualified to play Michigan Tech at Houghton to see who would go to the NCAA Championship at Boston.

Opposite Page, Top: Power play works against Wisconsin with some perfect positional hockey.

Opposite Page, Bottom: Goalie Gary Carr, defensemen Norm Barnes (Left) and Kelly Cahill (Right) stop North Dakota in the slot. Above: Iceers charge to gain possession of the little round black disc.

Left: Tom Ross tries to center puck for John Sturges, who battles Michigan Tech player in front of the goal.

In typical never-say-die fashion, the underdog Spartans fought Tech right to the bitter end before succumbing 6-2 in the final game and losing the total goal series 12-10. It was a bitter pill to swallow after winning the first game 8-6 with a six goal third period.

Ross tallied four goals in the series, including a first game hat trick which gave him 36 for the season. Colp scored three times to run his record-breaking goal total to 43. Outstanding senior defenseman Chris Murfey, Bolton and Addley also scored in the series, which ended the season three goals short of Boston.

But it was a young team which was able to extend number one Tech to the limit, and the 23-14-1 record is bound to be only the beginning of things to come for MSU's fastest growing sport.

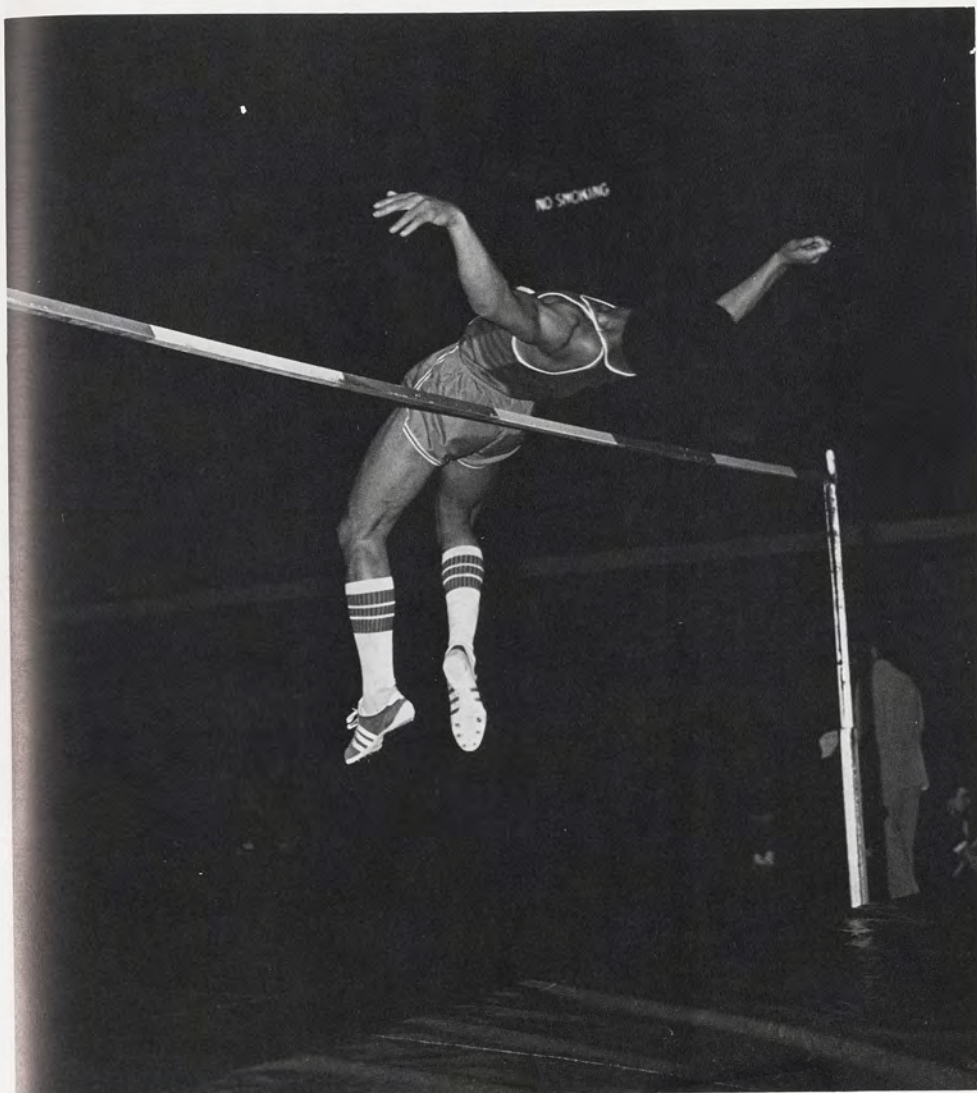

Indoor Track Second in Big Ten Meet

Paced by world record holder Marshall Dill, Michigan State's indoor track team completed another banner season, and qualified a substantial number of performers for the NCAA Championship Meet to be held in Detroit's Cobo Arena.

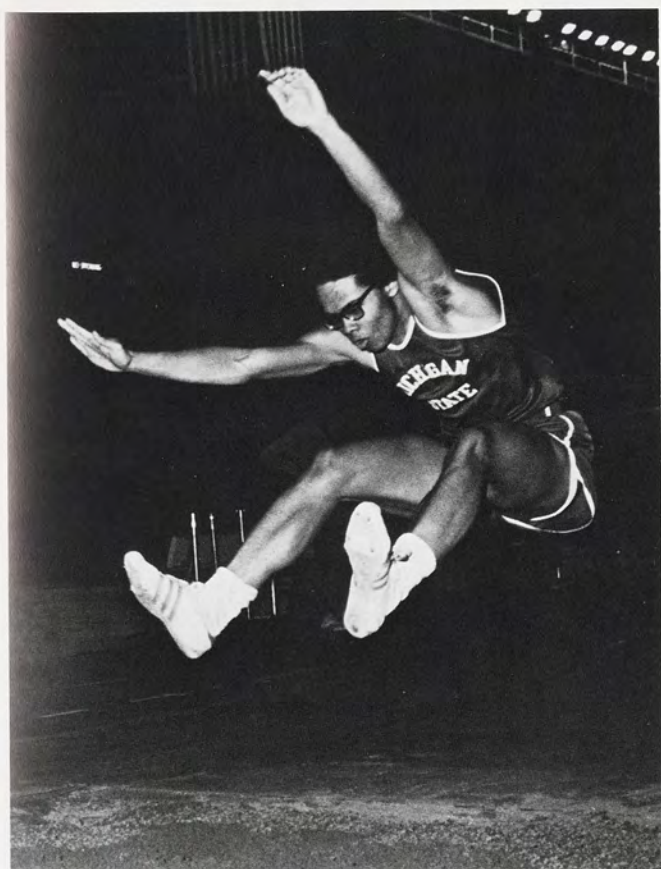

The squad turned in commendable jobs in the University of Michigan Relays, the Western Michigan Relays, and its own Michigan State Relays. Dill broke his own world record in the latter as he sprinted to a 29.3 clocking in the 300-yard dash to the delight of a large, enthusiastic crowd.

U-M fell prey to the Spartans, 70-61, in the first dual meet of the year, and then State took on defending Big Ten champ Indiana in the final tune-up for the Big Ten Meet. The Hoosiers flexed their muscles to the tune of 88-42 despite several outstanding individual performances by MSU.

Opposite Page: Marshall Dill crosses finish line as anchorman on mile relay.
Left: High jumper Ralph Simpson shows fine form in his specialty.
Lower Left: Spartan long jumper in mid-flight.
Lower Right: It's up and over for pole-vaulter Tom Wilson.

Above: Bill Nance sprints into the lead as he runs his leg for the Spartans as part of the mile relay team which set an American record.
 Above Right: Steve Kemp stretches for distance in the long jump.
 Right: 1,000-yard man Dane Fortney is well in front during Michigan State relays.
 Far Right: Hurdlers practice hard.

Spartans Gear for NCAA Finals

The difference was clear. Indiana employed a vast amount of depth in collecting their total while State was forced to rely on individual talent. It was a sign of what was to come in the Big Ten meet. This year the event was held in Jenison Fieldhouse before thousands of track fans from all over.

The event, Big Ten's 64th annual, held no surprises as the Hoosiers amassed 57 points, with MSU and Wisconsin tying for 2nd with 36 points each. As usual, the Spartans grabbed four first places but fell by the wayside to Indiana as the unbelievable depth allowed the Hoosiers to gain point after point. But, had Mike Holt not been disqualified in the 440-yard dash for running outside his lane, second place would have been in sole possession of the host school. In any case, the highlights of the event were accounted for by the Spartans.

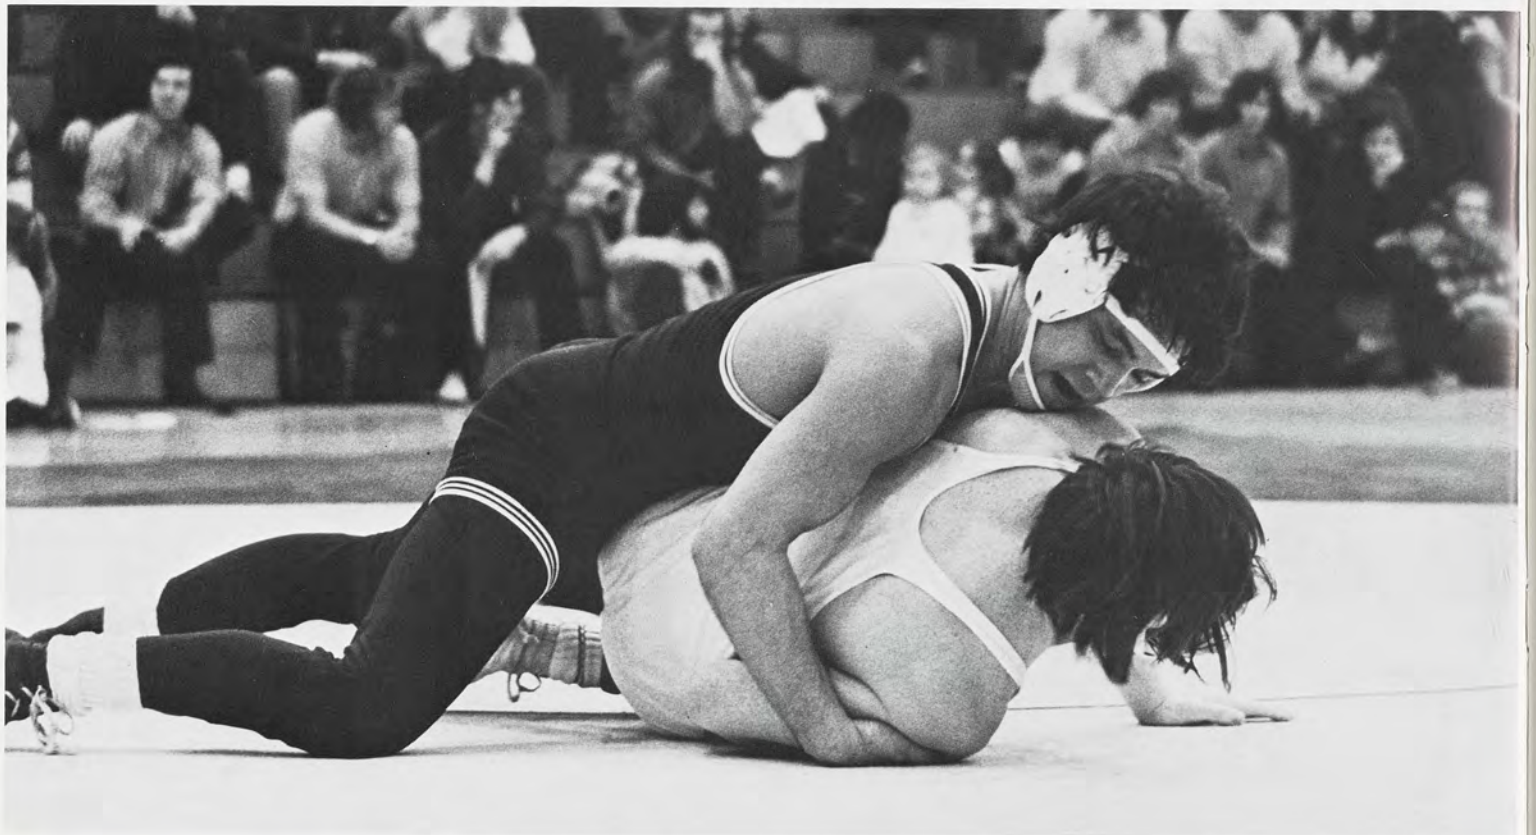

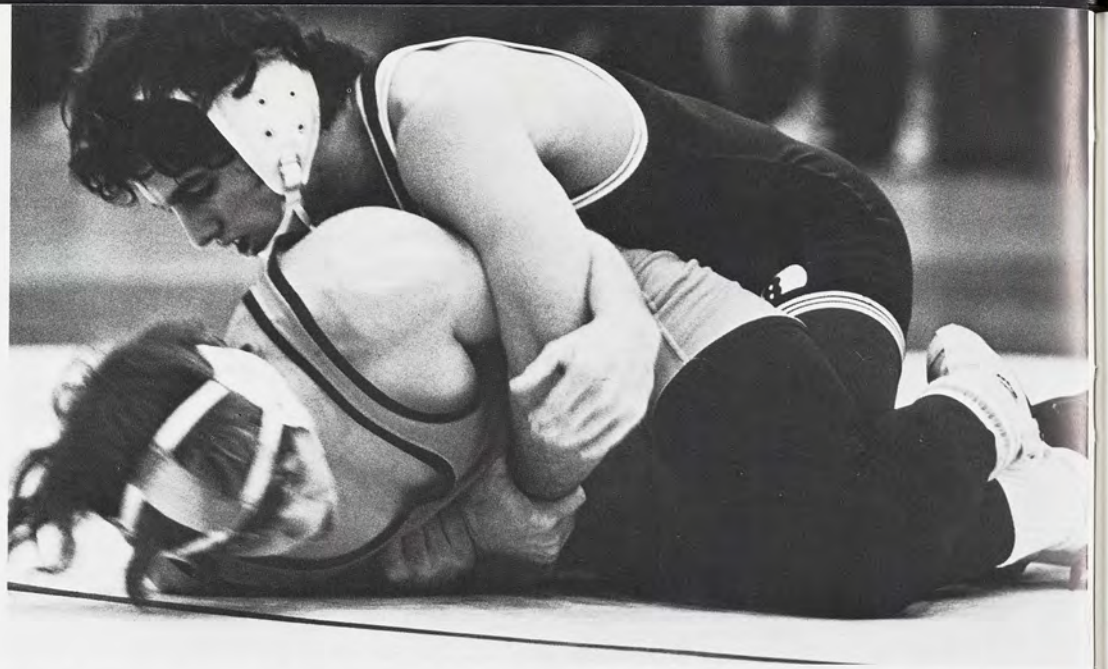

Probably the most sensational performance of the entire meet came when the Spartan mile relay team consisting of Bill Nance, Bob Cassleman, Dill and Holt shattered the world indoor record with a winning time of 3:11.7. Dill then won his third straight 300-yard dash with a time of 30.2.

Cassleman became the first runner ever to win four straight Big Ten indoor championships in his event, when he easily won the 600-yard run with a 1:10 clocking.

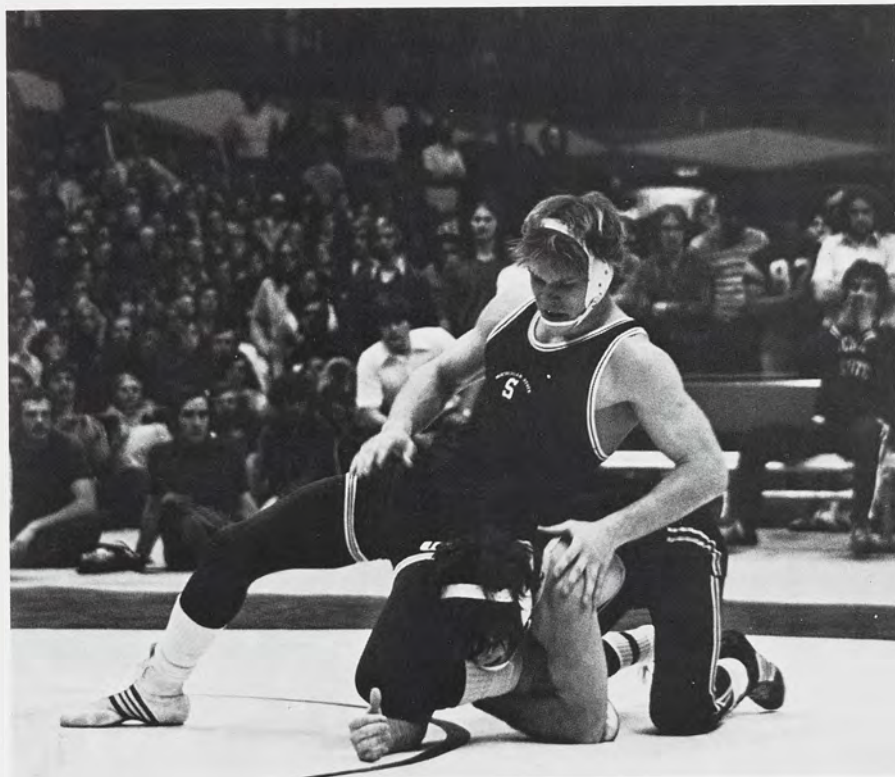

Surprising Mike Hurd then won the 70-yard high hurdles in a record-tying time of 8.2 seconds.

Dill, Cassleman, and the mile relay unit automatically qualified for the NCAA Meet. Dane Fortney in the 1,000 yard run, Stan Mavis in the mile, and hurdler Paul Zolynsky also finished with qualifying efforts. A high finish in the NCAA finale looks promising.

Wrestlers Take Third in Conference

The Spartan wrestling team sprang back to a top position at third place in the Big Ten, up from fifth last year.

The grapplers chalked up twelve fantastic wins in the dual meets before archrival Michigan downed the Spartans, 23-10. The competition was intense for the Spartans, pressured by hopes for a conference title in their remaining four meets.

They breezed by OSU, 30-5, but Wisconsin barely defeated them with a surprising 18-16 score. Later, Iowa tied them but Iowa State marked their final loss, 21-12, for an overall dual meet record of 12-3-1.

The grapplers placed seventh in the Midland's Tournament with 40 ½ points. In the Big Ten meet the Spartans grappled a proud third place with 86 points, following Iowa at first with 151, and Michigan at second with 127.

Junior Pat Milkovich at 126 pounds took a Big Ten championship over Bob Suzuki of Iowa, 6-0. Milkovich was NCAA champ twice, missing last year due to injuries. He is hoping to regain his title in the upcoming nationals where he is headed.

Jeff Zindel finished fifth place at 177, and Don Rodgers took fourth at 142 pounds; Scott Wickard roped third at 190, and Steve Rodroquez was fifth in the 150.

The Spartan wrestlers are not content with just third, and plan to clinch the title, definitely, next season.

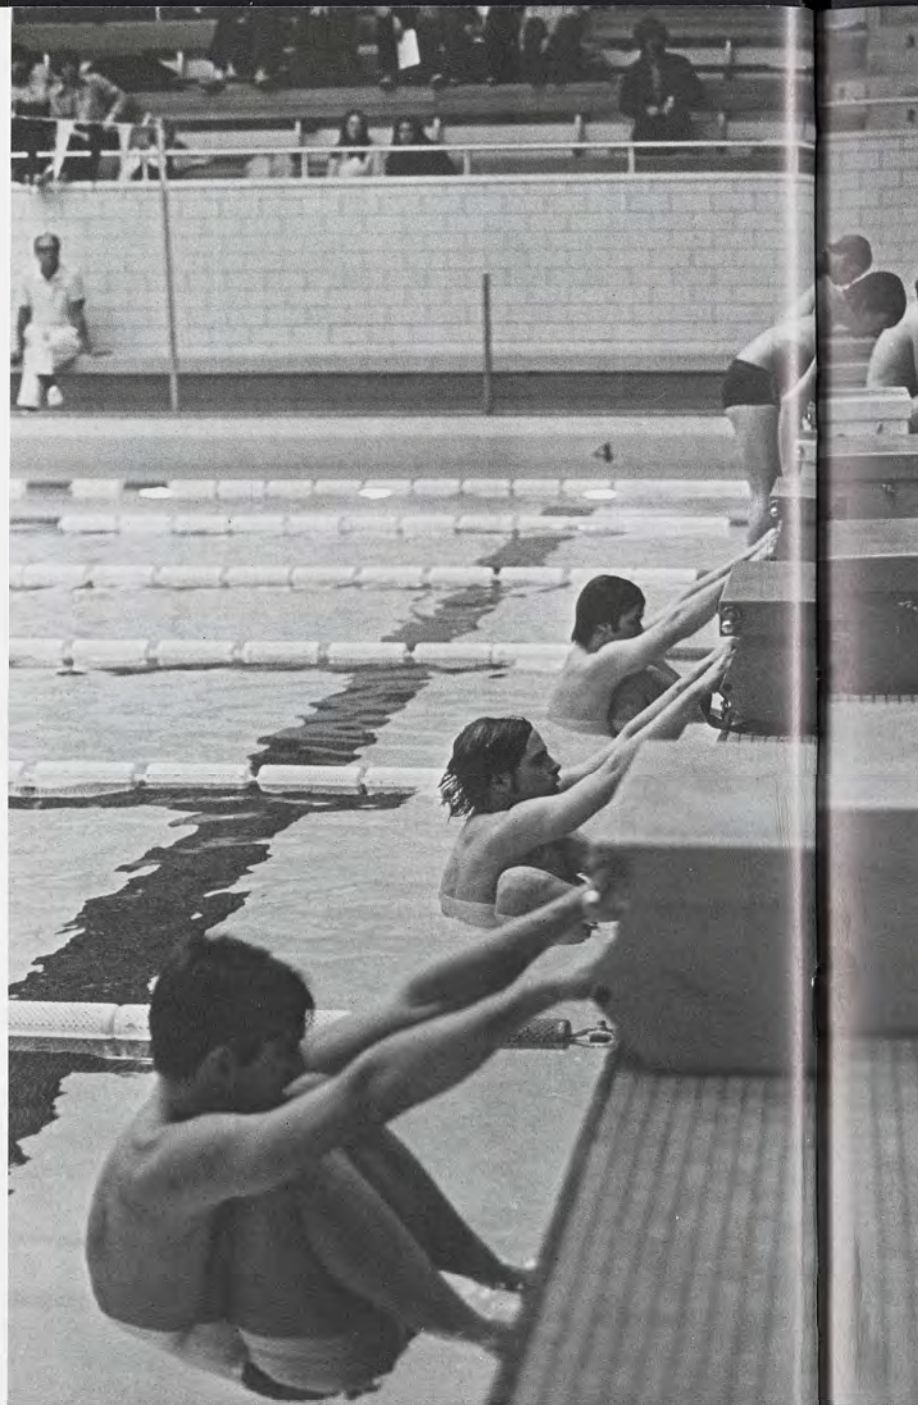

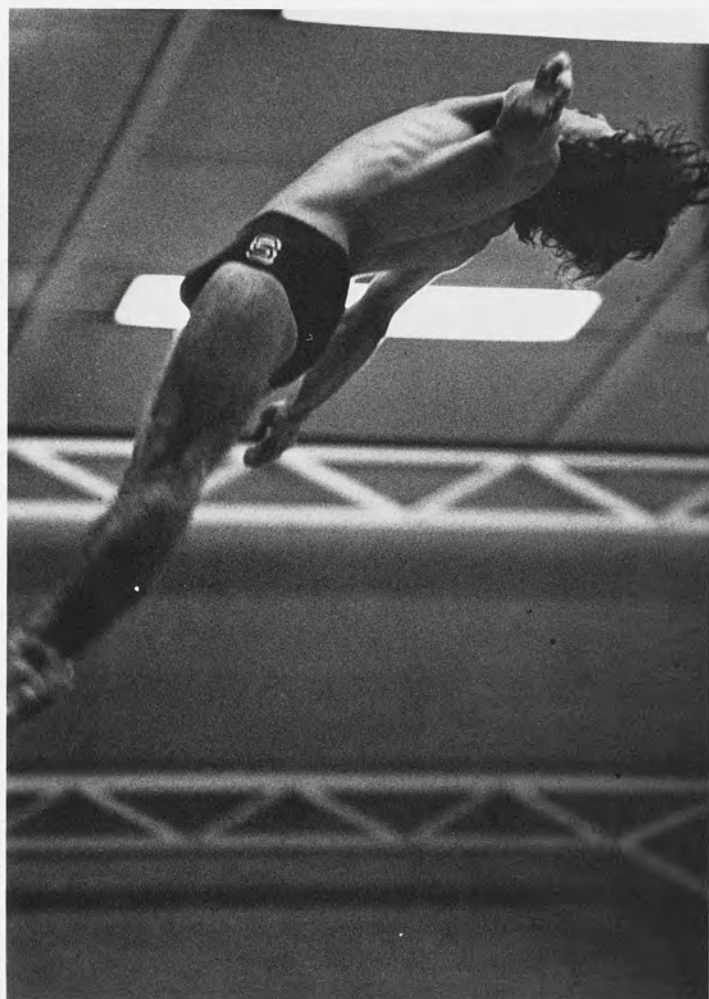

Divers Add Zest, Style

MSU divers added stardom to the team with senior Mike Cook, junior Barry Van Amberg, and sophomore Dave Bugering.

Cook marked 316.75 on the one-meter and 329.80 on the three-meter in his best performances. He won All-American honors last year on the one-meter board by placing tenth in the nationals.

John Narcy coached his ninth diving season at MSU. As an undergraduate at U of M, Narcy captained the swim team to an NCAA team crown. He was named an All-American twice in his career after finishing third in the NCAA one-meter championships.

Spirited Tankers Mark Good Season

The Spartan swim team marked a fair season with a 7-4 dual meet record as expected from last year's 9-3 record even with a loss of four important lettermen.

A suprising fourth place in the Big Ten Relays held in Ann Arbor gave the Spartans temporary hope. But three consecutive losses to Illinois, Wisconsin, Michigan, and a later loss to mighty Indiana grounded the tankers' hopes for top berth.

The tankers clinched a good sixth place with 157 points in the Big Ten Meet held in Madison, Wisconsin. In the 100-yd. freestyle, sophomores Bruce Wright and Glenn Disoway placed third and eighth, respectively. Mark Paglia placed thirteenth in the 1,650-yd. freestyle. Mark Outwater finished at tenth and Paul Feters at twelfth in the 200-yd. backstroke, while Ken Holmes and Tim Ranval captured fifth and twelfth places in the 200-yd. breaststroke for Michigan State.

Head swimming coach Richard B. Feters returned for his fifth season. For seven years previously, he was assistant coach. Feters is looking forward to assisting the U.S. swim team at the World Championships in Belgrade, Yugoslavia, in September.

Fencing Team Tallies Even 8-8 Dual Meet Record

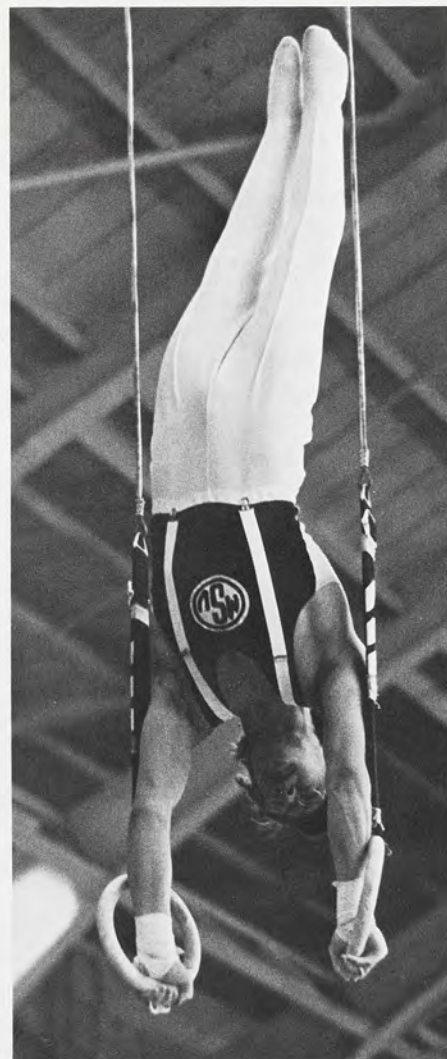

The MSU fencers polished off a decent season with eight wins, eight losses and a fine fourth place in the Big Ten.

Held at OSU on March 2, the Big Ten meet proved Spartan strength as they gathered 18 points. Illinois was top team with 31 points, followed by OSU at 26 and Wisconsin at 20 points.

Senior Fred Royce dominated the Sabre competition with a first-place championship after taking second in the event last year. The captain and double-lettermen Royce added to the 11-point score in the Sabre, while the Epee totalled five and the Foil only two. Coach Schmitter's 35th year was good.

Talented Gymnasts Add Unique Touch to Sports Scene

With an energetic team of half veterans — half new comers, the Spartan gymnasts encountered a difficult season and tallied only a 2-10 record. The Spartans easily beat Eastern and Western Michigan Universities, but succumbed to ten teams who just marginally defeated them with scores such as MSU: 155.75 — Indiana: 157.25.

Led by George Szypula in his 27th season as head coach, the gymnasts placed seventh out of eight teams in the Big Ten, but hope to gather strength for next year.

Gymnasts Reach for Nationals

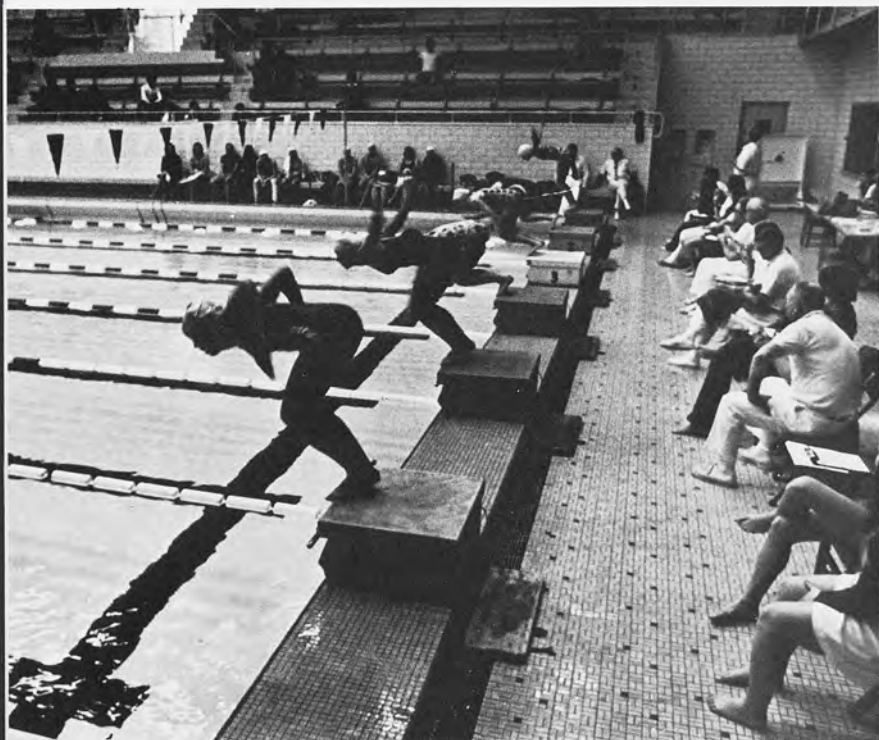

Maintaining a high level of determination and a lot of hard work, the MSU women's gymnastics team qualified for the regional meet, and hope to be the first to go to the nationals as a team.

Averaging 95 total points throughout the season, the Spartans, coached by Barb McKenzie, took first place in five of their six meets.

Their only loss was an outstanding performance against 3rd-ranked Indiana State. MSU's 95.40 cumulative points fell five short, however.

Competing in all four events were highest-scoring individuals freshman Anne Weaver and junior Raeanne Miller (captain).

Adding to the vast accumulation of points for the team were freshman Andrea Schwartz and junior Cathy Lynn Welsh.

Cagers Enjoy Successful Year

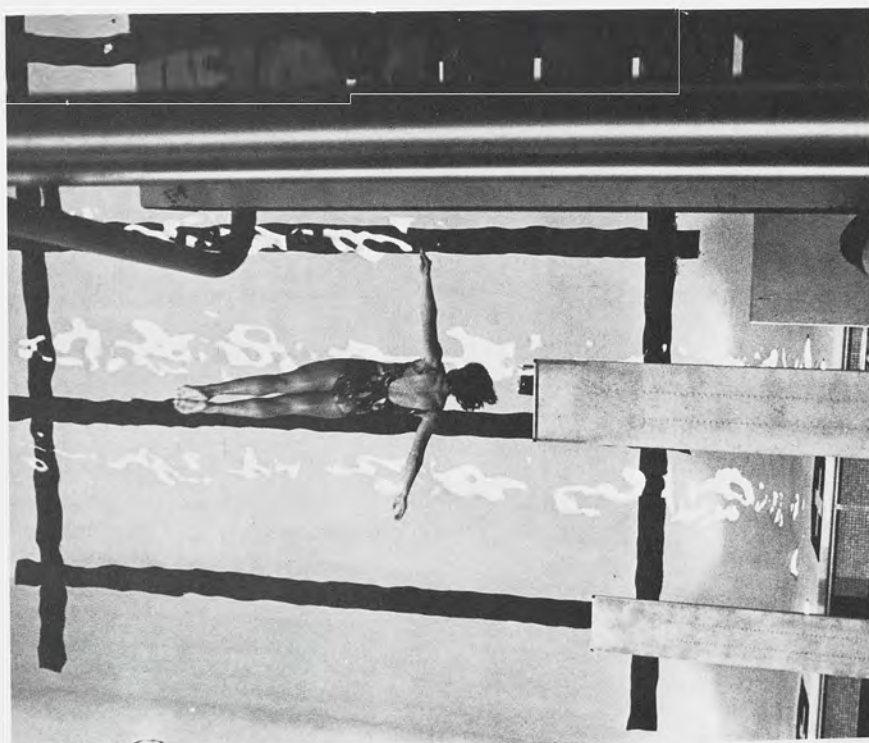

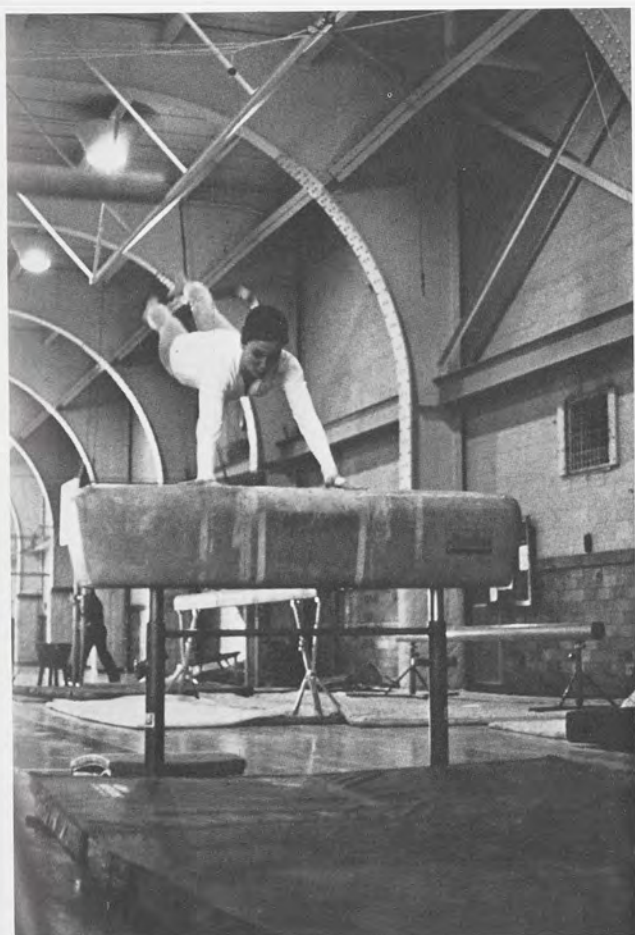

An outstanding record of 16-2 and a third place finish in the state has allowed MSU's women's basketball team to be invited to the regionals at Indiana State.

Linda Stoick, Joey Spano, and Diane Phillips scored in double figures as State buried U-M in the opener, 73-35.

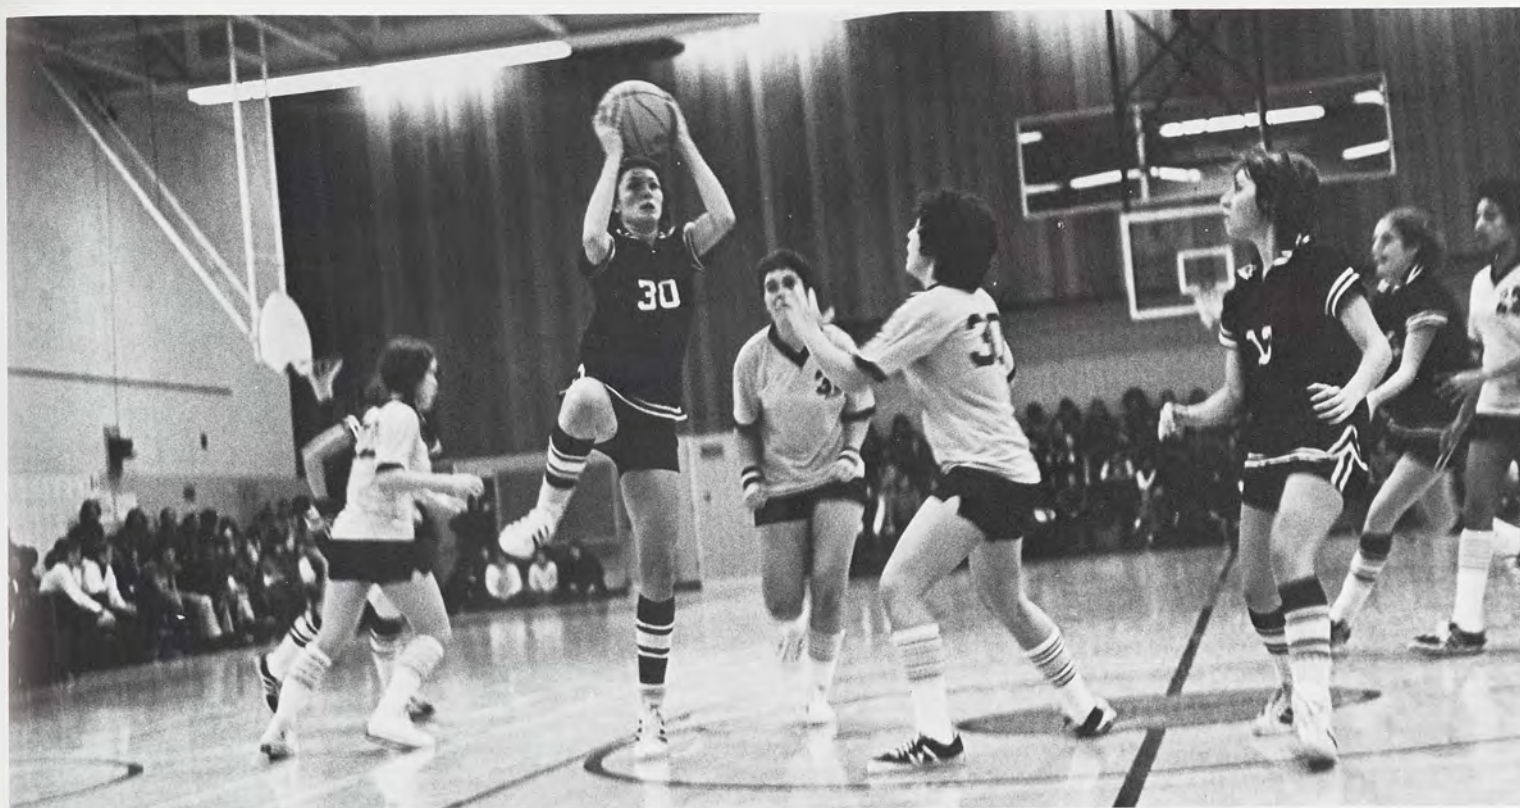

The girls, coached by Mikki Baile, had spirit, drive, and total performance as they proved masters at the game. MSU piled up victories against Wayne State, Central Michigan, Eastern and Western Michigan.

The Spartans surrendered their perfect record when they lost to Calvin, 44-41. MSU avenged the loss, 46-31, later in the season.

Entering the state tournament with only one loss, the Spartans defeated Olivet 56-26 and Central 47-45, but lost a close battle with Western Michigan 51-55.

The MSU women's swimming team rode the crest of an impressive winning streak and captured the Big Ten title and Midwest Championship, and qualified for the nationals in mid-March.

At the International Championship held in Ontario, MSU totaled 390 points, second only to defending champion Arizona State with 441.

MSU defended its Big Ten title at the meet held in Madison, Wis. Reigning national champion Jane Manchester continued to hold first place finishes in three-meter springboard diving, and freestylers Jane Waldie, Lucy Johnson, Vicki Riebeling, Rebecca Lunsford, Kathy Barrett and Dawn Jacobs all contributed to the Spartans 736 points.

The Midwest Championships, held at Chicago, saw the Spartans tie a national record in the 200-yard freestyle relay with a 1:42.8 clocking. Cheryl Solomon set a new record for the Midwest in the 400-yard freestyle with a time of 3:49.7.

Waldie left the meet as the highest-scoring individual and, with the help of her teammates, will try to challenge Arizona State in the finals.

MSU Baseball Team Has Its Ups and Downs

When you're hot you're hot — but when you're not you're not. Such a phrase applies to the 1973 Michigan State baseball team, which started slowly, turned it around, but then tailed off in a season best termed as "fair".

Minus Brad Van Pelt and Larry Ike, who signed pro contracts with a year of eligibility remaining, the Spartans lost the first four games of the Hurricane Twin Tournament held in Miami.

Although two of those defeats were out-and-out routs, the team came back to post a 5-1 record in the second phase of the event to cop the championship. The overall southern swing mark was 9-6.

MSU rolled through the northern non-conference portion of the schedule, and soared to the top of the Big Ten when the pennant race got underway. Doubleheader sweeps over Purdue and Iowa, sandwiched around splits with Illinois and eventual champion Minnesota left the Spartans with a league leading 6-2 record.

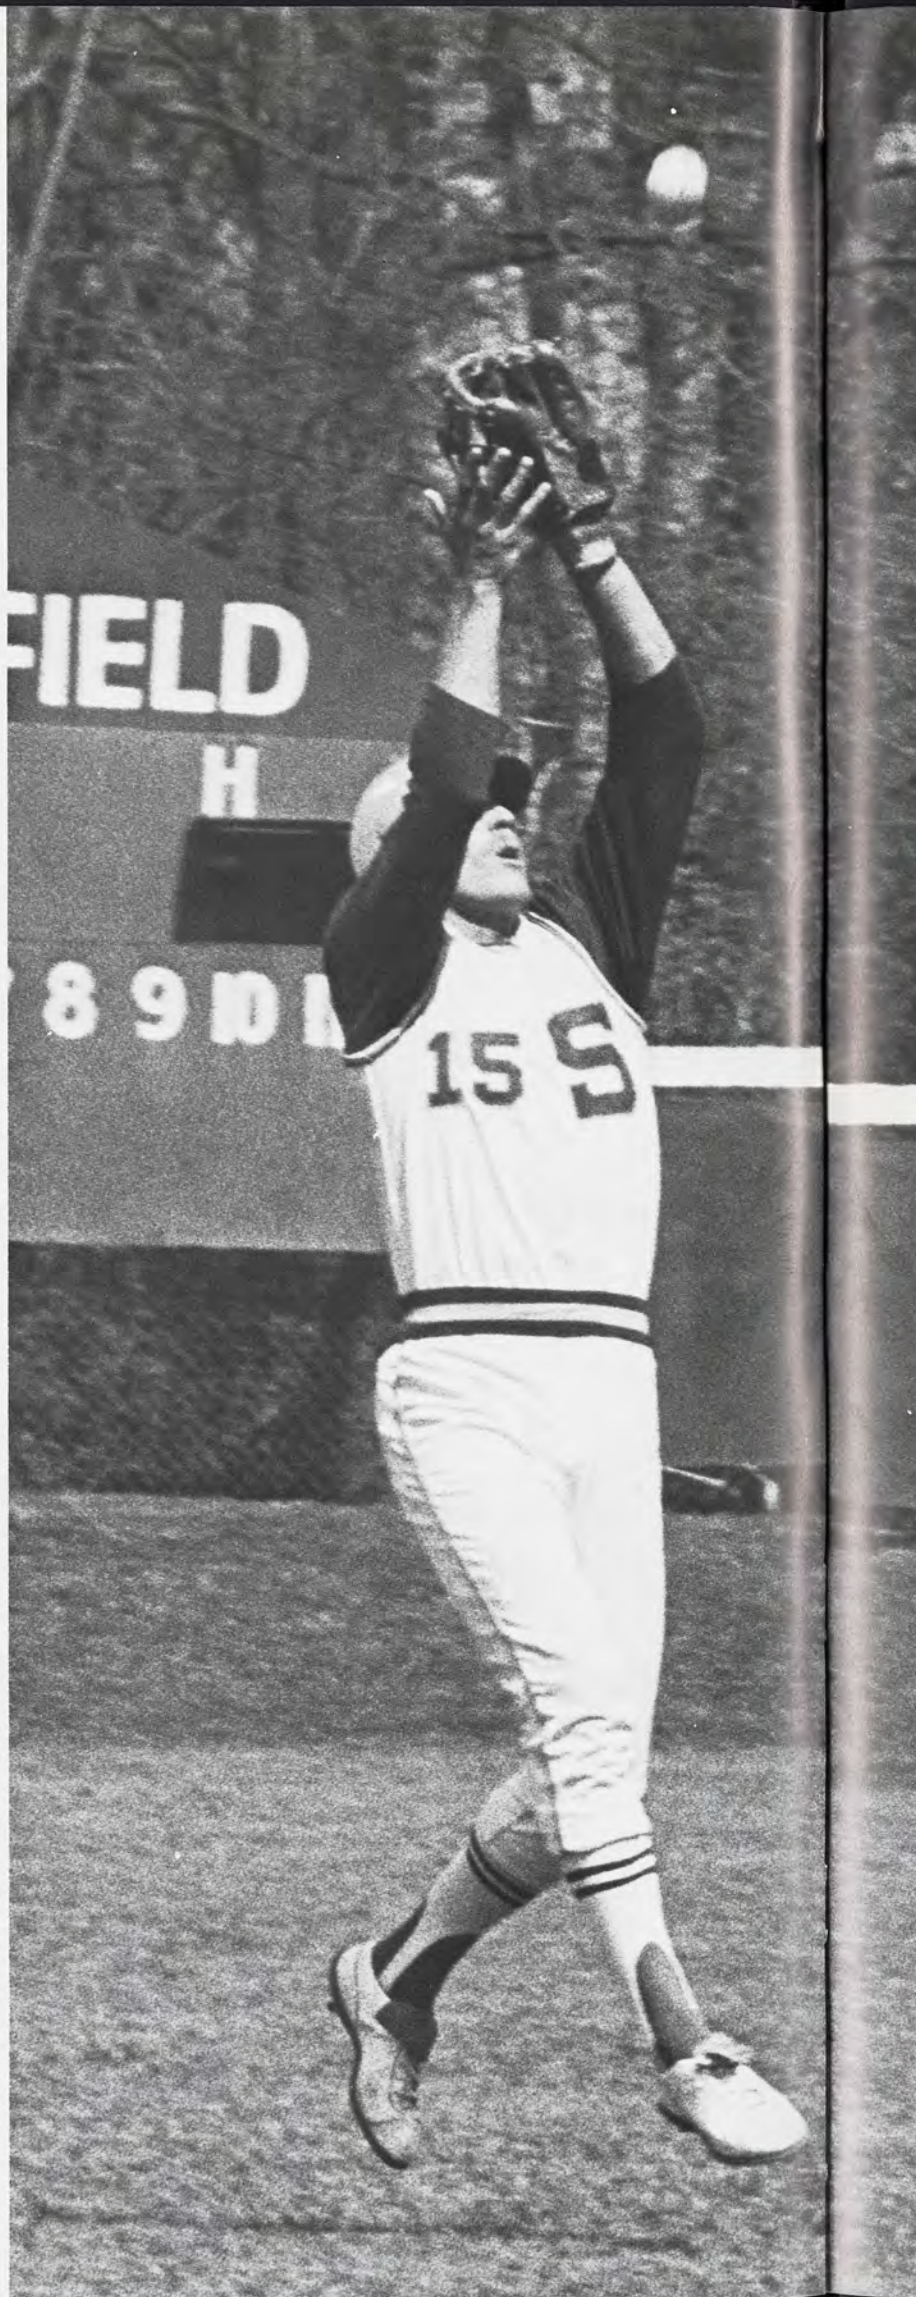

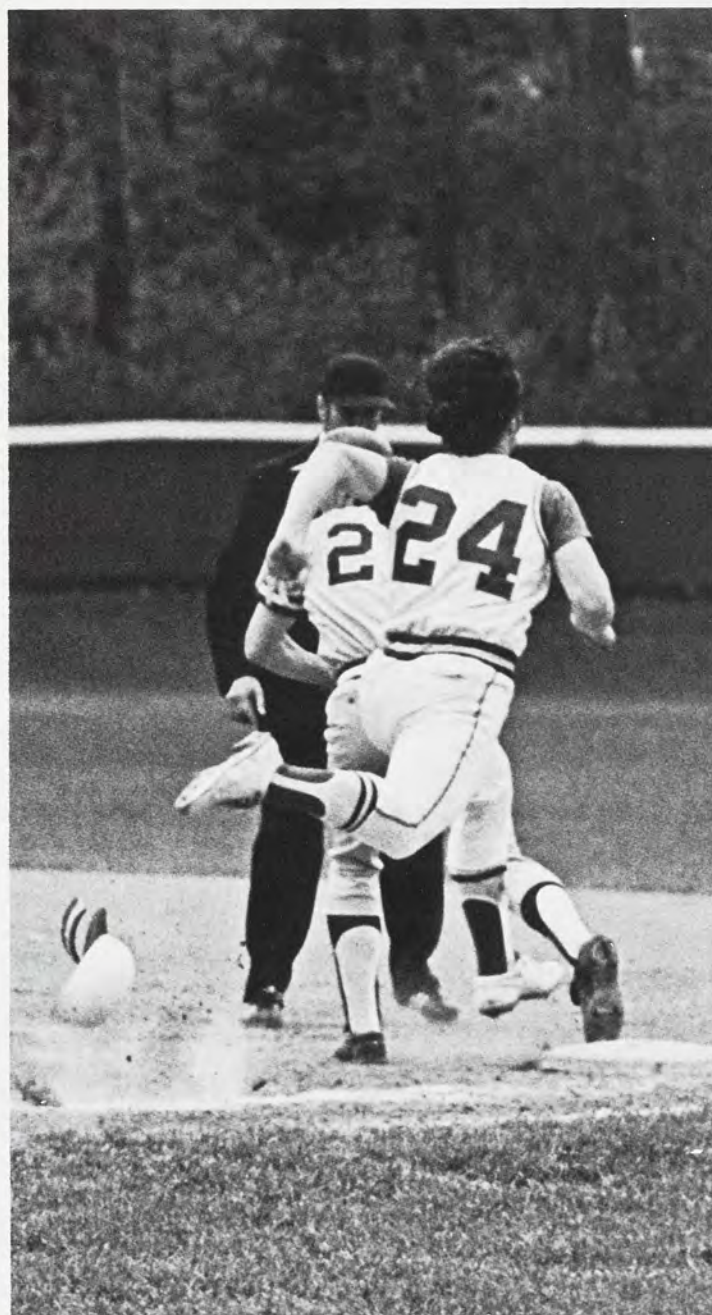

Opposite Page, Top: Catcher Baily Oliver picks off foul pop-up near the screen.
Opposite Page, Bottom: John Rhode makes circus catch of foul just off first base.
Left: Steve Cerez greets Jerry Sackman at home plate after the outfielder slugged another home run.
Below: Amos Hewitt lays down a sacrifice bunt.
Bottom: Craig Gerard fakes a throw to Cerez, as Spartans have CMU runner in a pickle.

Below: Dale Frietch races the ball to first, as helmet goes flying.
 Right: Steve Cerez makes an easy putout against Wayne State.
 Opposite Page, Top: Cerez retreats safely back to first on attempted pick-off.
 Opposite Page, Bottom: Top hurler Elliott Moore delivers to the plate.

State Drops to Fourth in Big Ten

State consistently continued to win over non-conference rivals, and at one point in the season had built up a highly commendable 23-10 record. Sadly enough, it was archrival University of Michigan which burst the Spartan's bubble as the Wolverines swept a home-and-home series.

Now just 6-4 in the conference, skipper Danny Litwhiler commented, "We can't count ourselves out yet. But we have to win all of them and need some luck to go with it." To make a long story short, neither the luck nor all the wins were to surface for MSU, as the team won only three of its "must" battles.

Thus the season's end found State located in fourth place in the Big Ten with a 9-9 record, and a 27-20 overall mark.

Infielder John Rhode led the hitting parade with a .316 average, followed by versatile Bill Simpson, who swung his way to a .304 season.

Steady performer Elliott Moore pitched his way to a fine 8-2 record to lead the club. Sophomore Duane Bickel went 8-6 with an earned run average of 4.11, and Rod Craney was 4-2 with an amazing 1.71 ERA, but quite before the end of the season.

Outdoor Track Team Takes Central Collegiate

It was another highly successful season for Coach Fran Dittrich's Michigan State outdoor track team, despite finishing only third in the Big Ten.

Nationally renowned sophomore Marshall Dill, the world record holder in the 220-yard dash, was named the outstanding athlete at the Central Collegiate Conference Track and Field Championships, pacing the Spartans to a resounding first place finish. MSU's 89 point total easily bettered Western Kentucky's 72. Indiana, the team which swept the Big Ten championship just a week earlier, finished a distant third much to the delight of Spartan followers.

Rob Cool in the 3,000 steeplechase, Dill in the 100-yard dash and 220-yard dash, and Bob Cassleman in the 440 intermediate hurdles all won first places to lead State to its convincing championship.

Opposite Page, Upper Left: Sprint star Marshall Dill breaks the tape in his customary #1 position.

Opposite Page, Upper Right: Del Gregory tries for another record-shattering leap.

Opposite Page, Bottom: All-American Ken Popejoy and Olympic star Dave Wottle strain for the finish line.

Left: High jumper Chris Villadsen just makes it over the bar safely.

Lower Left: Unorthodox high jump specialist Ralph Simpson tries to flop over the bar.

Lower Right: Popejoy and Wottle walk out the kinks after their popular mile-run.

Right: Shotputter Marv Roberts readies himself for another throw.
 Below: The thrill of victory or the agony of defeat?
 Opposite Page, Center: Record-setting miler Ken Popejoy gets the congratulations of asst. coach, Jim Gibbard.
 Opposite Page, Bottom: Rob Cool strains to beat out Indiana runner.

Popejoy Finishes Great Career As MSU Miler

The Spartans then finished eleventh in the NCAA meet, led again by Dill, who captured the 220. Castleman continued to place consistently, taking third place in the 440 intermediate hurdles.

But the biggest story of the year had to be little Ken Popejoy, who finished only fifth in the NCAA mile run. But Ken's time was a fine 3:58.5. However, he ran in a field which included eight sub-four minute milers! As a matter of fact, Pope ran five consecutive sub-four minute miles during the season, putting him head and shoulders above any other miler in Michigan State's illustrious track history.

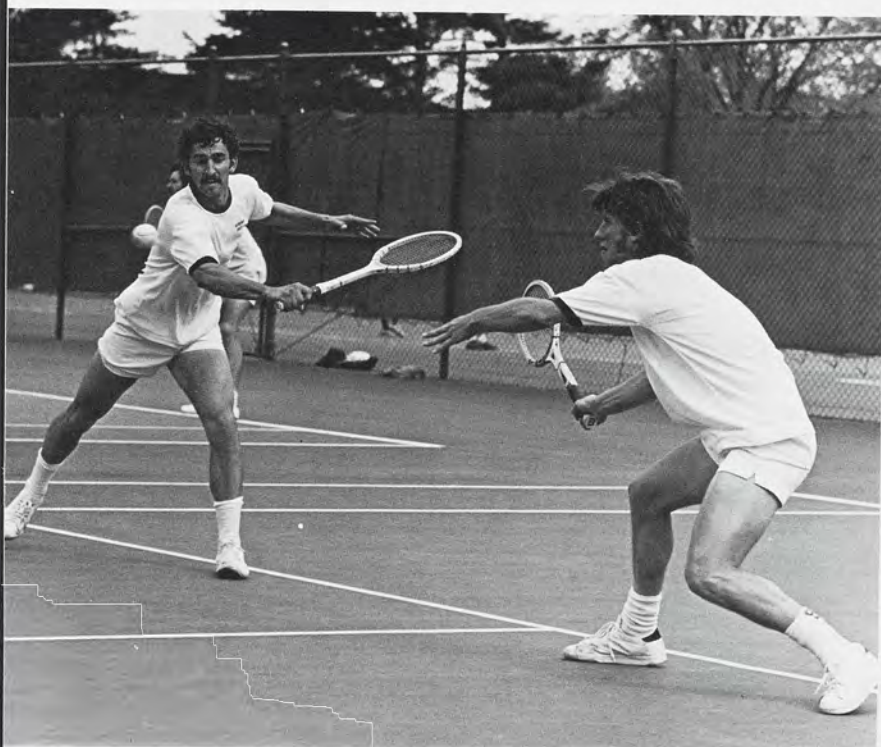

Golfers Show Promise for Future

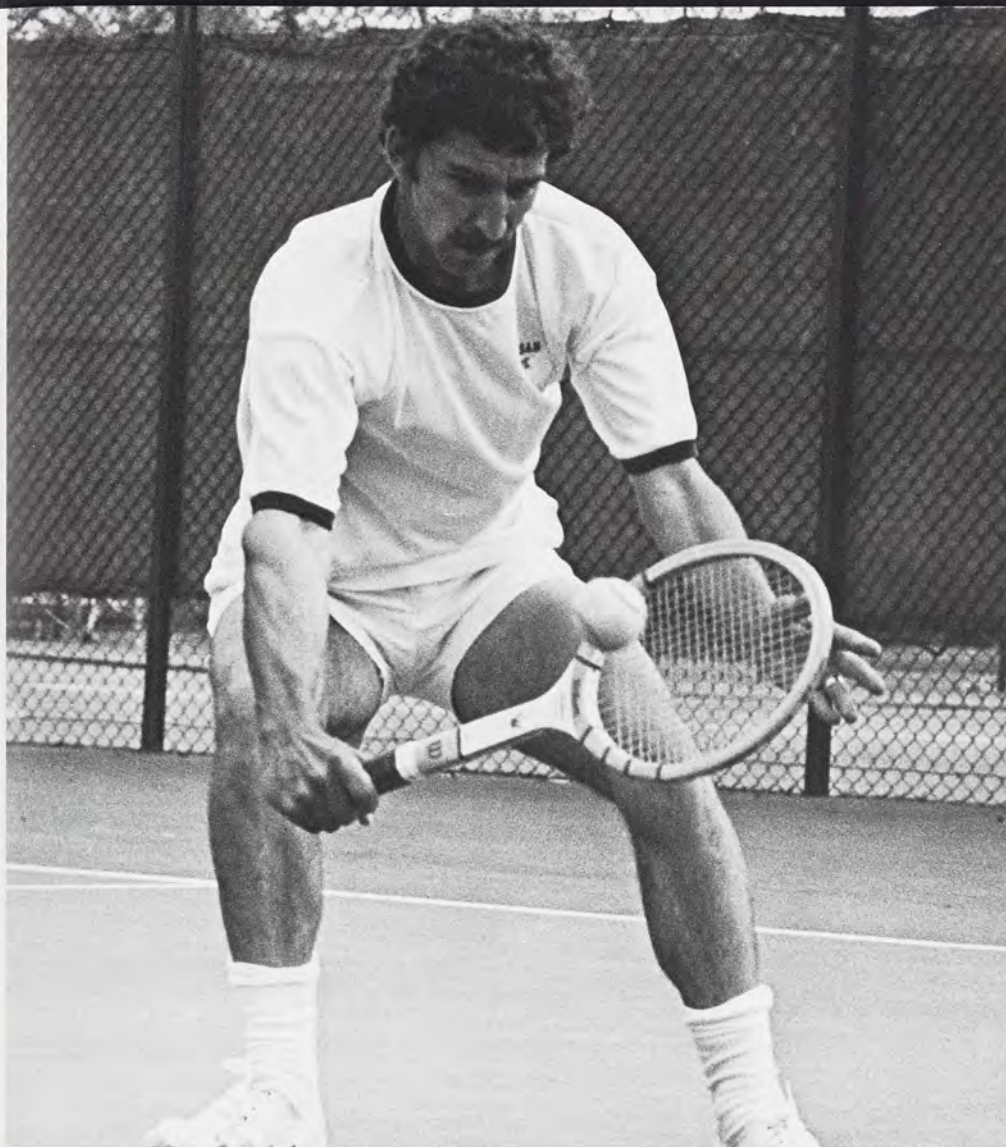

Michigan State fielded an extremely young golf team during the 1973 season, and achieved moderate success, finishing fifth in the Big Ten match, and placing respectably in the various invitational tournaments.

The Spartans best tourney finish came in their own Spartan Invitational, as they finished second. MSU had to be disappointed, however, as the team had been defending champions.

Freshman Steve Cole posted a fine average of 75.7 to take honors for State. The next three lowest season averages were all compiled by sophomores, with Mark Timyan's 76.5 the best.

The prospects look good for Coach Bruce Fossum's team in the future, due to an abundance of returning talent.

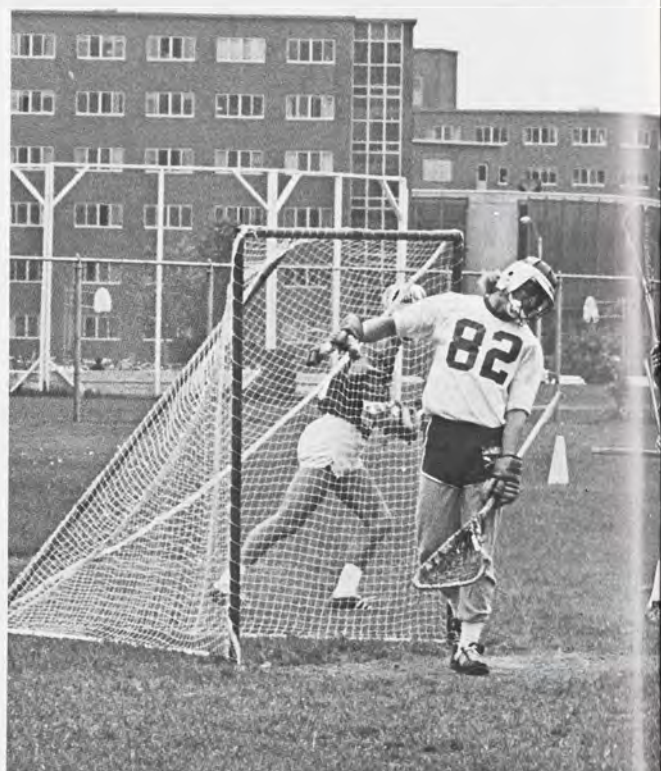

Netters Paced by Rick Vetter

Coach Stan Drobac's tennis charges achieved some success during the 1973 campaign, finishing with an 8-4 dual match record and sixth place in the Big Ten competition. These figures, plus the 5-4 Big Ten dual record, were all improvements over the 1972 season.

Senior Rick Vetter contributed greatly to the Spartan's fortunes. "Rick is a talented young man who knows all angles of the game," according to Drobac, and his 11-1 record as #1 man on the heels of a 9-4 junior year certainly bear this out. Vetter advanced to the semi-finals in the Big Ten match.

Junior college transfer Brian Smith was 10-2 playing the #5 position for runner-up honors in singles play. Dave Williams — the only other senior on the squad — combined with Joe Fodell and Smith at various times to come up with a 9-3 doubles record, best on the team.

Washington And Hebert Lead MSU Lacrosse

Lacrosse, Michigan State's newest varsity sport, didn't fare too well in competition during the 1973 season. The squad finished 2-8 in the tough Midwest Lacrosse Association, and 3-9 overall.

All-time leading scorer and Midwest star Val Washington led the team in goals with 20, and combined two assists for 22 total points. Fellow junior Tom Hardenburgh was second in both goals and assists, but led in total scoring with 26 points. Most Improved Player Steve Urbin placed third with 13 goals and 10 assists for 23 points.

Goalie Ron Hebert made a record-shattering 251 saves to rank near the top among the country's netminders. With Hebert's return, along with the top scoring trio, MSU's chances of future success look good.

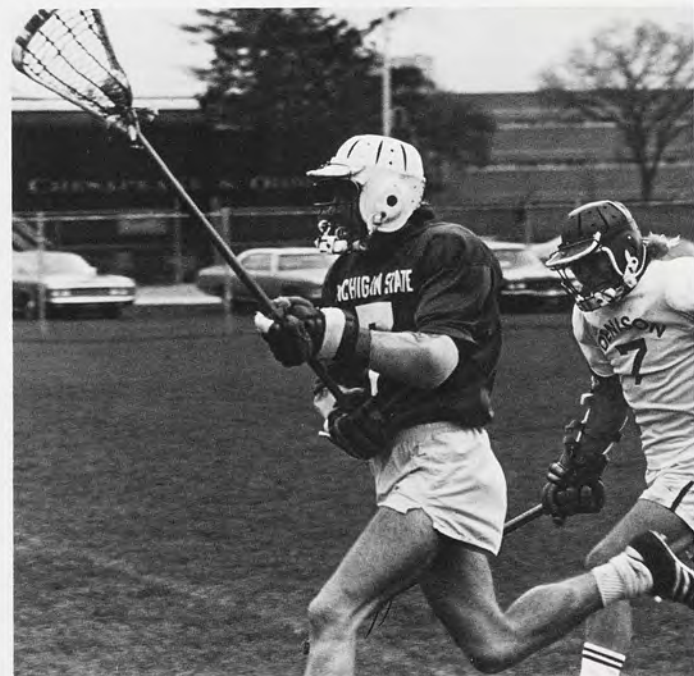

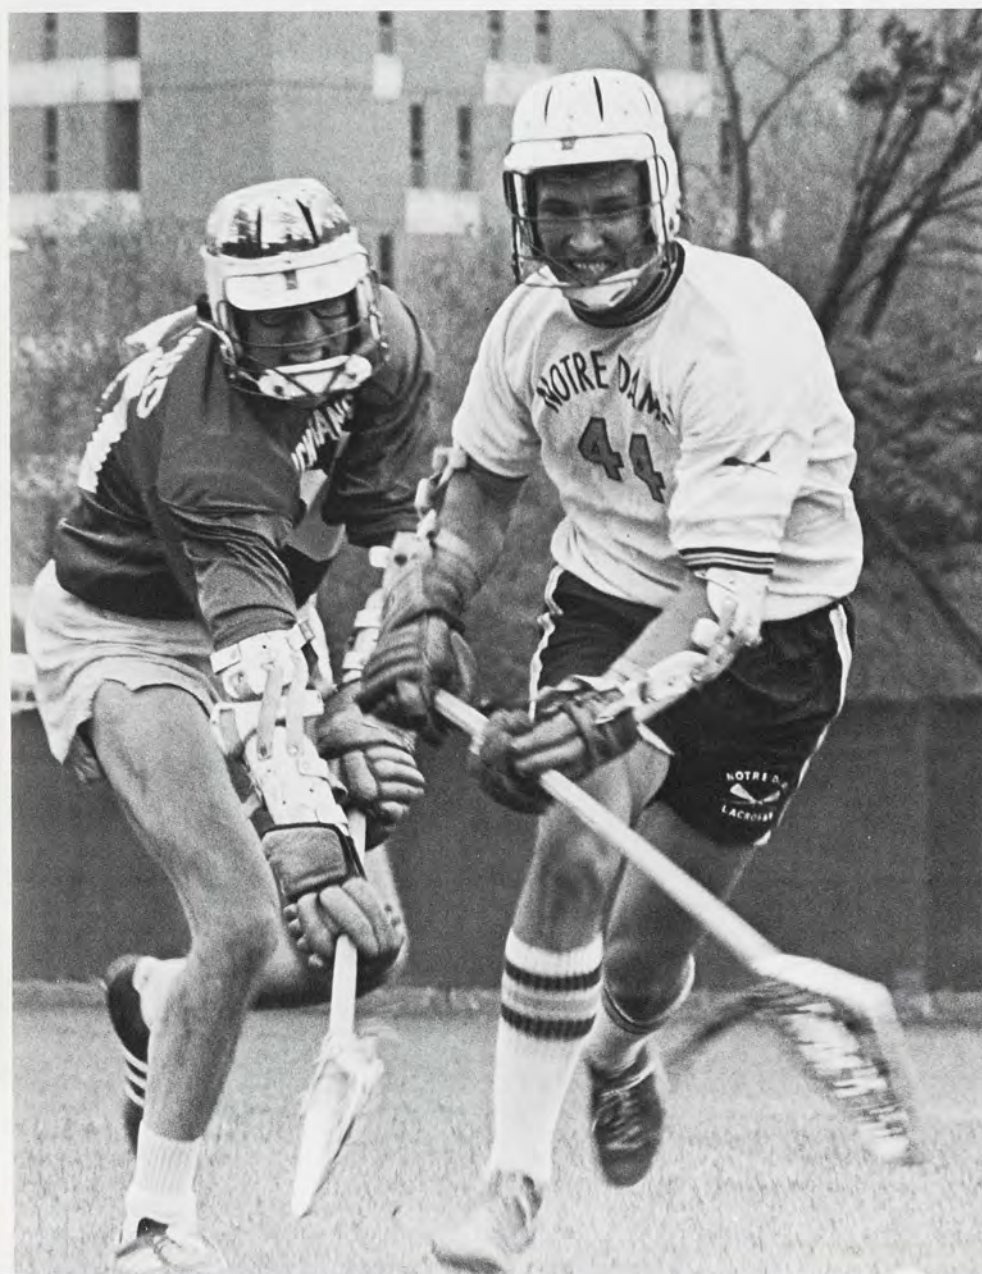

Opposite Page, Upper Left: Michigan State swarms around goal in order to set up a play.

Opposite Page, Lower Right: Don Schulz races downfield toward opposition's goal.

Left: Tom Hardenburgh raises arms after popping in another goal.

Bottom Left: Mike Richard contests Irish for possession.

Bottom Right: Hank Cashen beats Denison stickman down the field to help set up a scoring opportunity for the Spartans.

Top Left: While winning six matches and losing none, MSU's women's tennis team also brought home the Big Ten title from Madison, Wis.

Top Right: New volleyball coach Karen Peterson. Lower Left: The women's softball team placed 11th in the College World Series, and also had a fine season record of 11 wins, five losses, and a tie.

Lower Right: Bonnie Lauer led the Spartans to victory in the Midwest Collegiate Tournament, and captured the national competition herself in Massachusetts.

Opposite Page, Upper Left: Field hockey and lacrosse coach Mikki Baile.

Opposite Page, Upper Right: New athletic director, Nell Jackson.

Opposite Page, Lower Left: New golf coach, Mary Fossum.

Opposite Page, Lower Right: First women's athletic director, Carol Davis.

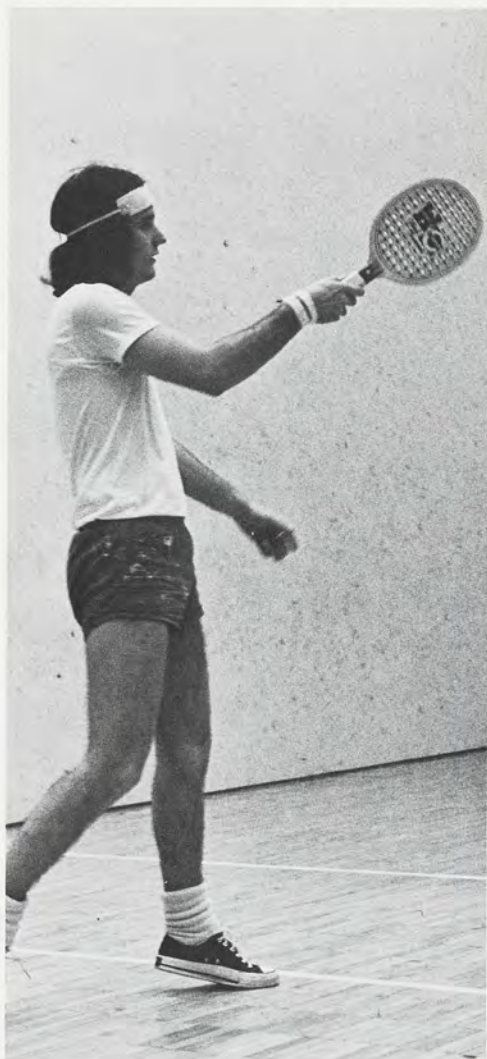

Women's Sports Growing: Teams Are Rising to Summit

Long noted for its liberalism toward women's athletics, MSU has become the first Big Ten school to absorb women's intercollegiate sports into its athletic department. Although the 1973 budget of \$90,000 couldn't match the men's budget, it was much more than the \$3,000 budgeted in 1971.

Carol Davis, first woman representative in the athletic dept., has resumed her teaching duties, and was succeeded in fall of last year by Dr. Nell Jackson, Assoc. Prof. of physical education at the University of Illinois.

Ms. Jackson's staff has added three coaches, Elaine Hatton in tennis, Mary Fossum in golf, and Karen Peterson in volleyball. With an increased budget and scholarship possibilities, this is only the beginning of big things.

Participation rockets at IM's

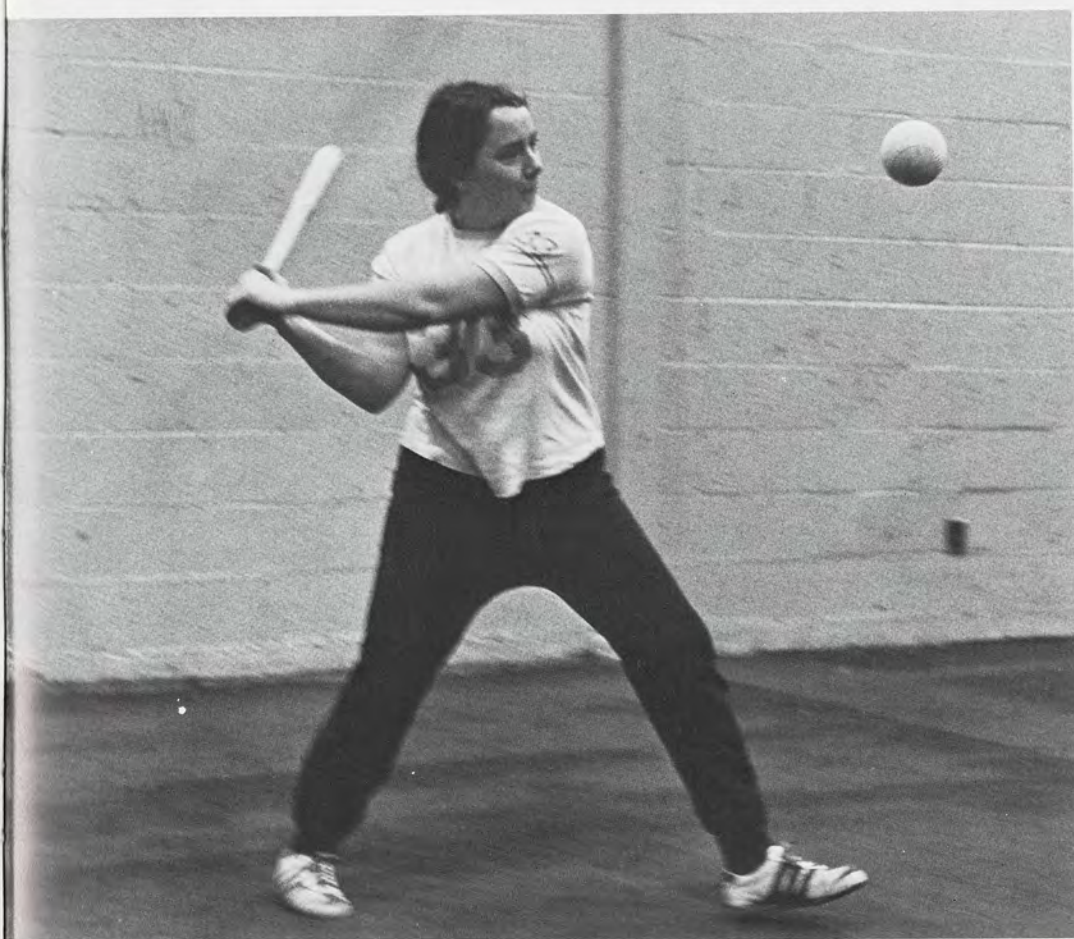

During 1972-73, intramural sports reached an all-time peak at Michigan State. Total participations rose to over 650,000 between the Men's and Women's IM buildings. In other words, over 650,000 times during the year, a student "dropped in" at the IM's to participate in an activity.

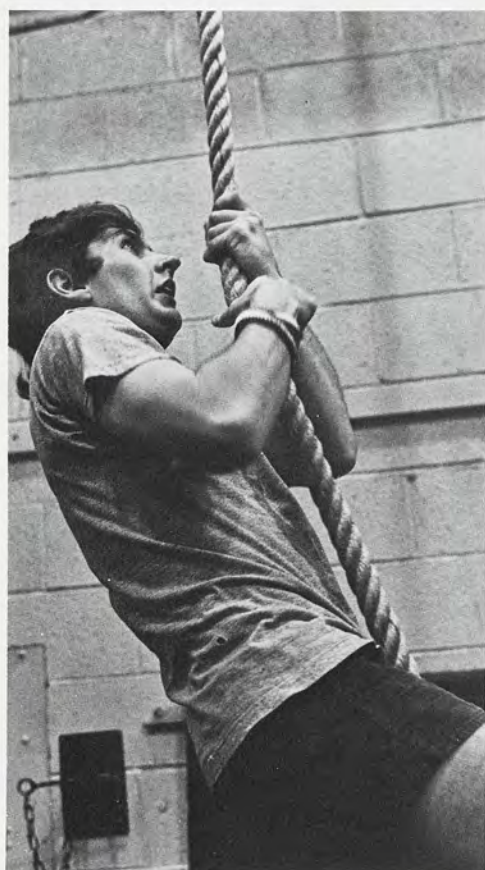

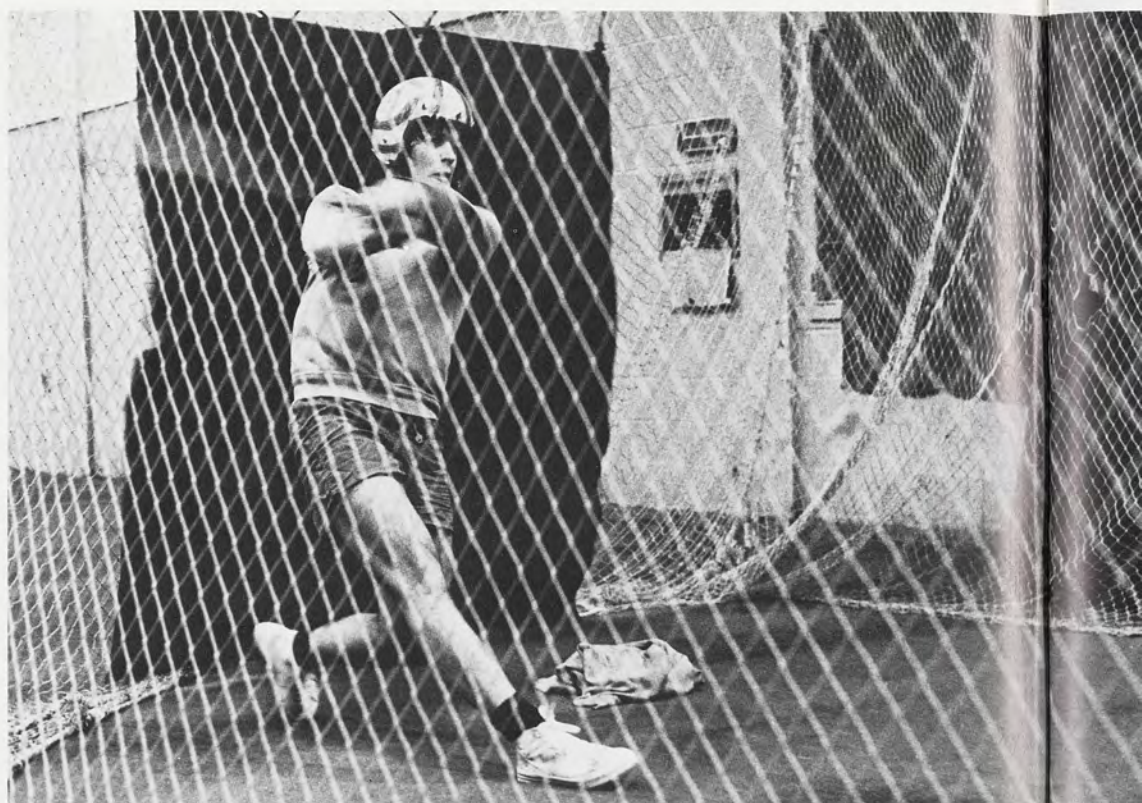

One must also consider the various IM organized leagues, in which men and women fill the rosters of a staggering number of team entries.

But beyond the more popular league sports such as football, basketball, and softball, a vast array of other sports was offered. Included in these were paddleball, jogging, pingpong, squash, handball, fencing, swimming, tennis, wrestling, karate, judo, volleyball; the list is endless.

There is little doubt that for much of the school year, the IM's are the most popular buildings on campus.

Highlight '74

In the spring of 1901, legend has it, Michigan Agricultural College decided on a name for its yearbook. They named it after the state animal, the wolverine. In the fall of 1901 the University of Michigan also chose the wolverine to be their mascot. It's a matter of pride; The Wolverine refuses to give up the name that we obviously had first!

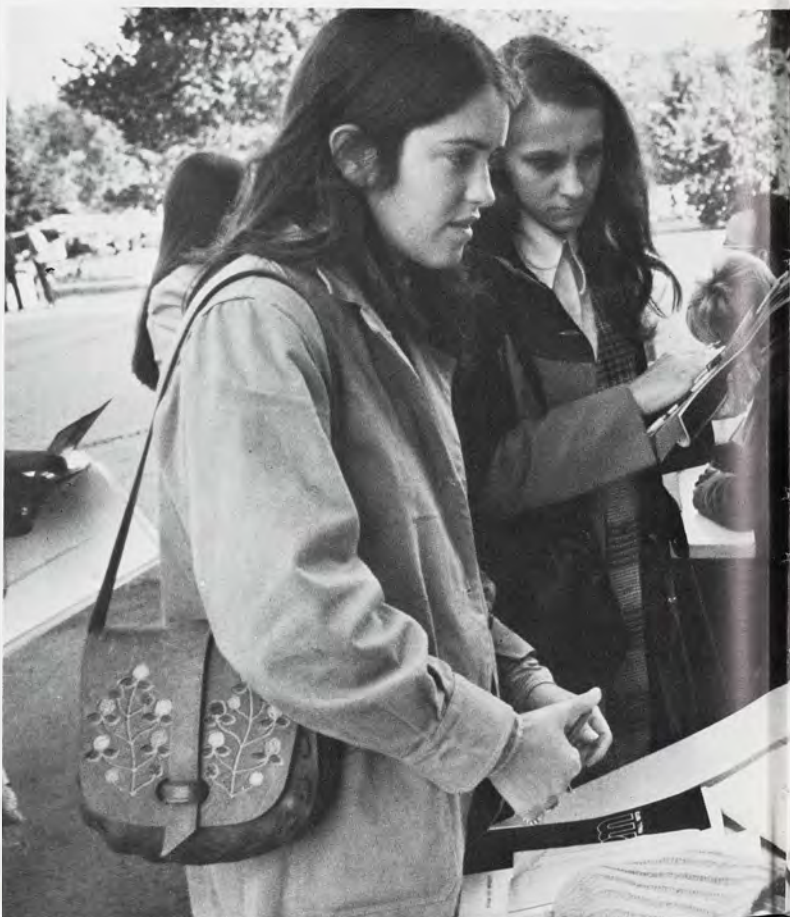

The preceding paragraph answers the most frequent question directed to the yearbook staff. Once curiosity about our name has ceased we are forgotten by most of the student body. Seniors know we take pictures for free and many buy the book as a final remembrance of MSU. The rest of the students never appear to be interested; in the last few years our sales have reached about 5 % of the student population.

Perhaps it is best to analyze what the purpose of a yearbook is. A yearbook is pure nostalgia. No apologies are necessary, for this memory book serves many purposes. It is an official university record of the year — with student life, activities and the issues surrounding our campus. It is also each individual student's university diary — as a single picture in the book may provoke a thousand memories.

For 73 years The Wolverine has met this purpose at Michigan State. During this period the book has certainly seen many changes and different student responses. The fifties were the peak period for yearbooks; the sixties almost brought about their destruction, for people were protesting tradition — and what is more traditional than a yearbook? Yearbooks in the seventies have new hopes and face new problems. Nostalgia is returning to campus in great waves and this has brought a rise in sales. Yet a faltering economy sends printing costs up and student's purchasing money down.

The Wolverine is a completely student-run publication, receiving no financial support from the school. We must support ourselves through our sales — a very difficult task at times. Staff members are recruited from the campus-at-large. This gives each book a variety of outlooks on the MSU scene. A faculty adviser is our one official tie with the university. Mr. William McIlrath, advisor of The Wolverine for 24 years, will be retiring after this year. He has seen this book through many ups and downs, and with his help The Wolverine has survived while many other Big Ten books have folded. The 1974 Wolverine, speaking for staff members of the past 24 years, wishes to thank "Mr. Mac" for his dedication.

A yearbook is an odd tradition — for it constantly changes! A change in style, content, size, price — any of these things may be needed to make the book meet present needs. There is no doubt that The Wolverine will make the necessary changes and continue fulfilling the purpose of a yearbook. As long as it does so, The Wolverine will continue to be a service and a source of pride to the students of MSU.

The Wolverine Lives!

Opposite Page, Top: After much administrative work, The Wolverine was allowed indoors at registration to sell books.

Opposite Page, Bottom: Yearbooks are sold at fall registration in a constant battle with the elements.

Upper Left: "Mr. Mac", advisor for 24 years, smiles when asked about upcoming retirement.

Above: The yearbook staff, in an effort to promote sales, conquers the "other" wolverine.

Left: Three staff members discuss the problems and pleasures of yearbook work.

It's What Happened!

The 1974 Wolverine happened.

It happened in the midst of smiles, anger, laughs, misunderstandings, last-minute problems and some excellent work. Maybe it happened in spite of all that. And though I am responsible for its being here — I am but pleased with the final result. This book happened because — and in spite of — everything I did.

Unlike most parting letters I want to express some ingratitude. I have no thanks for the rain and other circumstances that thwarted us in every attempt to succeed. But these hardships caused the staff to bond together for awhile, and I do thank them for their dedication. I also thank those staff members who caused me to smile every now and then — for that was something I needed.

It had been five years since a person was editor of two consecutive Wolverines, and I now understand why. My second year was much different than the first. The frustrations were twice as upsetting — cover controversy; less sales and seniors; missed deadlines; Bob Dylan; plummeting grades; misunderstandings. But great rewards were there also — friends who bought the book; the realization that pages wouldn't have to be cut; the deadline that really wasn't missed; the smiles of Jack, Dan, and Richard; John and Mr. Mac's ability to keep us alive. It was such an up-and-down year for me — I often felt like smudged sunshine! And to those friends outside the office who never understood the pressures I was under, but put up with me anyway, I give them much love.

Once again I was given the challenge of recording MSU between these covers. I considered it a privilege to have this responsibility; through this job I felt very close to this university in all its aspects. I will miss it very much when I leave. But I have this book, which has successfully recorded everything I saw, heard and felt, to bring back MSU in the years to come. I know that the 1974 Wolverine will do the same for you.

It was a good happening!

May all yours be too!

Shalom.

Karen Sherck

Cover photograph and design of Sparty was prepared by Richard Politowski.

Opening section color reproductions were produced from Ektacolor prints prepared by Richard Politowski with assistance from Mike Drysdale and his color equipment.

Divider-page special effects were prepared by Ted Wycoff from staff photographs under the direction of Richard Politowski.
