

EIGHTY-EIGHTH ANNUAL
COMMENCEMENT

MICHIGAN STATE COLLEGE

COLLEGE AUDITORIUM
SATURDAY, JUNE EIGHTH
NINETEEN FORTY-SIX

ALMA MATER

Close beside the winding Cedar's
Sloping banks of green,
Spreads thy campus, Alma Mater,
Fairest ever seen.

CHORUS:

Swell the chorus; Let it echo
Over hill and vale;
Hail to thee, our loving mother,
M.S.C. all hail!

First of all thy race, fond mother
Thus we greet thee now,
While with loving hands the laurel
Twine we o'er thy brow.

Backward through the hazy distance
Troop the days of yore,
Scenes and faces float before us
Cherished more and more.

College Hall and Wells and Williams,
Abbot and the rest,
Halcyon days were those spent with you—
Days of all the best.

Fold us fondly to your bosom
Alma Mater, dear,
Sing we now thy endless praises
Sounding cheer on cheer.

MICHIGAN STATE COLLEGE

AS THE OLDEST land grant college in the United States and the oldest agricultural college in the world, Michigan State College provides a technical, practical, and cultural education for its student body.

In its 91st year since its founding in 1855, M.S.C. has grown from one building and four faculty members to a progressive university with an educational program that includes the adult and youth, the scientist and the non-technical man, the agriculturist and the engineer, the homemaker and the dietitian, the businessman and the teacher. It has approximately 785 staff members, 137 modern buildings, and more than 11,000 acres of land. Five sub-stations of the Agricultural Experiment Station on the campus are maintained in various parts of the state.

Ninety-one years ago the course of study at Michigan State College consisted largely of learning the fundamentals of farming by cultivating the college grounds. Students removed stumps, dug ditches, and farmed the cleared land. Today, the course of study is divided into six schools, namely, Agriculture, including Forestry, Horticulture, and Landscape Architecture; Engineering; Home Economics; Veterinary Medicine, including Medical Technology; Science and Arts, including the divisions of Language and Literature, Fine Arts, Social Sciences, Physical Sciences, Biological Sciences, and Education; and the School of Business and Public Service. A Basic College has been established to provide general education with terminal two-year courses and degree courses for all students. In addition, students may follow prescribed courses in Pre-medicine, Pre-dentistry, and Pre-law.

The School of Graduate Studies provides opportunity for students to enroll in courses leading to the degrees of master of arts, master of science, master of music, master of forestry, doctor of veterinary medicine, doctor of philosophy, and doctor of education.

In the agricultural, business, and professional fields, Michigan State College has proved its worth to the people of the State of Michigan, paying dividends many times the appropriation for its maintenance made each year by the state and national governments. Noted for its democratic and friendly spirit, the student body harmonizes with the college faculty to provide a first class educational institution.

Michigan State College operates on a four-quarter basis, a quarter being approximately twelve weeks. Students may enter M.S.C. at the beginning of any quarter during the school year.

THEY GAVE THEIR LIVES

TO FAMILIES and friends of the men who made the supreme sacrifice for their country while serving in the armed forces during or following World War II, Michigan State College extends deepest sympathy. The names of 320 graduates and former students of M.S.C. who gave their lives have been assembled by the Alumni Relations office from official reports. These names, appearing below, are inscribed on the everlasting Honor Roll of Michigan State College, which is located in the Union Memorial lobby.

VISITORS ARE WELCOME

COLLEGE MUSEUM—

The College Museum, on the ground floor of the College Auditorium, will be open to visitors this afternoon from 1:00 to 5:00. Attention of the public is called especially to the Henry Haigh gun collection, Shao Chang Lee's collection of Chinese art and costumes, Carolyn Wicker's oriental jewelry, silver plates, Florentine books, Hara-kiri sword, the Gladys Olds Anderson Indian basket collection, five fish habitat groups, the Col. Mack and Irma T. Ireland South Pacific Island collection, and the Barlett-Burgess Liberian artifacts collection.

THE MUSIC ART GALLERY—

The Music Art Gallery can be found on the ground floor of the Music Building. On exhibition in this room are many examples of student work in the Department of Art for the year 1945-46. The Art Gallery is open all day to visitors.

WKAR, COLLEGE RADIO STATION—

WKAR, the 5,000 watt College Radio Station with studios above the main entrance to the auditorium, is open all day to visitors.

BEAL BOTANICAL GARDENS—

In the Beal Botanical Gardens are between two and three thousand botanical plants. The Gardens are open to visitors any time.

THE FREDERICK COWLES JENISON GYMNASIUM AND FIELDHOUSE—

The Frederick Cowles Jenison Gymnasium and Fieldhouse is one of the largest and best equipped buildings for physical education and athletics in the nation. It houses the Department of Physical Education for men and provides facilities for all collegiate sports. The building will be open all day to visitors.

HORTICULTURAL GARDENS—

The Horticultural Gardens, east of the Horticulture Building and the greenhouses, will be open all day to visitors.

THE COLLEGE FARMS—

The College Farms are located on the south side of the Red Cedar River. By driving south on Farm Lane, the road running north and south past the College Auditorium, many of the farm buildings can be seen. Attention of the visitors is called specially to the College Dairy Barn, the Beef Cattle Barn, the Pavilion, and the Forestry Nursery.

BUILDINGS UNDER CONSTRUCTION—

An extensive building program is now underway at Michigan State College, and progress of construction can be viewed by a drive over the campus. Names and locations of buildings being constructed are: Three women's dormitories, at northwest side of campus near present women's dormitories; two men's dormitories, at east side of campus just south of present men's dormitories; science building, just east of M.S.C. dairy building; classroom building and home management building, along Grand River avenue; addition to administration building, across from Agricultural building; six married student apartment buildings, Quonset huts and temporary housing for veteran students and faculty, southwest of Jenison fieldhouse.
