

We feel that the College owes to his memory a deep debt of gratitude, as one who with rare wisdom, patience and devotion, helped to pilot her through the rocky shoals of adversity to her present sphere of influence.

RESOLVED, That the Secretary be instructed to transmit a copy of these resolutions to the family of Mr. Monroe.

On motion adjourned.

Will B. Brown  
Secretary.

Waggoner in-  
creased \$100  
per annum.

On motion of Mr. Woodman, the salary of Miss Marie Waggoner was increased \$100.00 per annum, beginning November 1.

Pres. & Sec.

to draft res-  
olutions on  
death of Dr.  
Snyder.

On motion of Mr. Beaumont, the President and Secretary were appointed a Committee to draft appropriate resolutions upon the death of President Emeritus Snyder and the following resolutions were submitted by the committee and adopted:

"Deeply moved by the unexpected death of Dr. Jonathan L. Snyder, President Emeritus of Michigan Agricultural College, we desire to record our appreciation of his character and services, during the long period of his official connection with this Board and this Institution.

Assuming the burdens of the College at a critical period in its history, with a student body dwindling rather than growing, with discouragingly small financial resources and an indifferent public support, Dr. Snyder brought to his task an undaunted courage, inspiring faith and prophetic optimism, coupled with an aggressive energy that stopped at no obstacle.

He believed deeply in the new technical education, wherein hand and eye effectively aid the mind in studying the laws of nature and wherein learning is largely aided by doing. He was unalterably committed to democracy of living and democracy of learning and he successfully struggled with the problem of building up a great democratic institution and student body, where snobbery is unknown and where worth and honesty, in whatever guise they appear, are uniformly respected.

Always solicitous that the lives of the students should be clean and wholesome, it was his constant effort to surround them with an atmosphere as free as possible from temptations and evil influences.

Few men were better qualified by nature and experience to grapple with the parsimonious conditions that surrounded M.A.C. in those early days of his administration. Accustomed from boyhood to the most careful economy, he applied his experience to the conduct of the institution and made her limited resources accomp-

lish the best possible results.

His unfailing hospitality to those who visited the institution, either officially or otherwise, made many friends and his efforts to bring the College to the attention and favorable consideration of the people of Michigan were crowned with much success. During his vigorous administration the number of students was multiplied five fold and the courses of instruction greatly amplified.

Resolutions  
relative to  
Dr. Snyder.

When Dr. Snyder laid down the mantle of his authority, he had undoubtedly accomplished the bulk of the task that was set before him and could look back upon his twenty years of service with a deserved satisfaction. We are glad to officially recognize that service for its full worth and to place upon the permanent records of this Board this expression of our deep appreciation of the accomplishments of one whose life and work will be forever bound up with the progress and welfare of Michigan Agricultural College.

RESOLVED, THAT the Secretary transmit a copy of these resolutions to the family of Dr. Snyder."

On motion of Mr. Beaumont, the following resolutions of the faculty relating to the death of Dr. Snyder were made a part of the minutes:

"It is fitting that this faculty shall express its appreciation of the services of President Emeritus Snyder, whose passing has so recently occurred. The twenty years that he spent in the President's chair of this college were of remarkable advancement in the activities of the institution. To set forth in any adequate manner the debt of this college and of the commonwealth of Michigan to President Snyder would be possible only after a careful consideration of the events of that period.

It may be said in brief that under his direction there was a remarkable increase in the attendance of students. The existing courses of study were reorganized and new divisions were created. Graduate courses were instituted, extension plans developed and put into operation. These were ventures into new fields in a realm of education as yet imperfectly explored. The degree of success already apparent in all these lines is sufficient to give Doctor Snyder rank as one of the leading administrative directors in the history and development of training in agricultural and mechanic arts.

His work was conspicuous not alone in the field of organization and technical education, but also in the realm of citizenship and personal character. His sincerity, his modesty, his earnestness, his integrity, his stability are qualities which have impressed themselves upon the lives of his associates and are among the enduring assets of Michigan Agricultural College. There was combined in his personality a triumvirate of qualities - unusual practical sense, keen penetrating analysis, simple belief in the virtues of living.

As a citizen Doctor Snyder took interest in the community activities, always lending his influence for the best interests of his fellow citizens. His judgment was a community asset often sought by his fellows in matters of public concern.

Be it resolved that our sincerest sympathy be extended to Mrs. Snyder and her sons at this time, that these resolutions be spread upon the minutes of the faculty, and that copies of this record be sent to Mrs. Snyder and to the Board of Agriculture.

Committee:

(Signed)

R. S. Shaw  
G. W. Bissell  
Mary E. Edmonds  
E. H. Ryder  
W. W. Johnston

On motion of Mr. Woodman, the following resolution was unanimously adopted:

RESOLVED, That A. M. Brown, Secretary of the State Board of Agriculture, be and hereby is authorized to execute a bond to The United States of America in the penal sum of \$146,900.00 to cover issues and returns of public animals, arms, uniforms, equipment, etc.
