19. Communication from Mrs. Bryan thanking the State Board of Agriculture on behalf of herself and her daughters for the Board's consideration in the matter of Dean Bryan's salary.
20. Mr. Meredith Clark, chairman of the journalism committee of the Michigan Press Association, has accepted the invitation of the Board to meet with the Board at the October meeting.
21. Recommendation that the following charges be established for the public area space in the Kellogg Center ballroom and auditorium:

Ballroom		Auditorium	
Outside groups	\$200	Outside groups	\$150
Student groups	175	College use	75
College use	100		

22. Secretary McDonel recommends that the Board approve the recommendation of the Alumni Advisory Committee designating the Willet Stained Glass Company of Philadelphia to eventually manufacture the stained glass windows for the alumni memorial chapel. This does not involve a purchase order or any commitment to proceed with these windows until such time as funds to pay for them have been raised.
23. The following organizational changes are recommended in the handling of the work of the Scholarship Committee, to be effective September 17, 1951:
 - a. It is proposed to relieve Professor Clark of the responsibilities of this office with the request that he give his successor all possible assistance and with the understanding that he will be compensated for the Scholarship Committee work through December although his responsibilities other than those attendant with acquainting his successor with the details of his work will be terminated as of September 20.
 - b. The Faculty Committee on Scholarships will be reconstituted with the Dean of Students made chairman of the new committee.
 - c. John Robert Stewart is appointed to take over the responsibilities of the Scholarship Office. It is understood that he is to work directly under Dean King, and the portions of his time that are not fully required for the work of the Scholarship Office will be subject to assignment to other responsibilities.
 - d. It is contemplated that Dean King and Dean Osgood will work out a mutually satisfactory procedure for handling scholarships in the Graduate School. It is suggested that all details for awarding such scholarships be handled by the Dean of the Graduate School but that all contacts with the Controller's Office be through the central Scholarship Office so that there will be one central clearing house for all matters pertaining to scholarships, student prizes, etc.

On motion of Mr. Brody, seconded by Mr. Mueller, it was voted to approve Additional Items 18 through 23.

1. Mr. Wilder and Mr. Turner, representatives from Ernst and Ernst, met with the Board to present the audit for the 1950-51 fiscal year.

On motion of Mr. Armstrong, seconded by Mr. Akers, it was voted to accept the audit as presented.

2. Discussion of the desirability of approving coverage of College employees under Federal Social Security, such coverage to be in addition to the present retirement plan. Based on an annual payroll of \$12,000,000, the College's share of such a program would be approximately \$150,000 per year under present rates.

On motion of Mr. Mueller, seconded by Mr. Armstrong, it was voted to advise those interested that this Board advocates additional changes in the federal legislation that will permit inclusion of our employees under the Federal Social Security program.

3. Mr. O. J. Munson, architect, met with the Board to present the plans for the proposed building to house some of the operations of the State Department of Agriculture to be built with their funds.

On motion of Miss Jones, seconded by Mr. Armstrong, it was voted to approve the sketches as submitted. The Secretary was instructed to inform Commissioner of Agriculture Figy, that the Board would be very hesitant about beginning a building which would cost more than funds now available for such a building.

4. Dean Anthony appeared before the Board and discussed his recent trip to Colombia, the negotiations now in progress with the Department of State covering the proposed long-time cooperative agreement for continuing cooperation between Michigan State College and the Central University of Colombia and particularly its two agricultural colleges at Medellin and Palmyra.

On motion of Mr. Akers, seconded by Mr. Armstrong, it was voted to authorize Dean Anthony and the President to complete these relationships as contemplated.

SPECIAL MISCELLANEOUS, continued

5. The following letter from Fred P. Warren, President of The Edward K. Warren Foundation and Henry Chamberlain Memorial Museum, is presented for consideration:

"In behalf of the Board of Trustees of the Edward K. Warren Foundation, and pursuant to a resolution unanimously adopted by said Trustees at a meeting held August 16, 1951, I do hereby offer to transfer and convey to Michigan State College, its successors and assigns, all of the right, title and interest of the Edward K. Warren Foundation and/or Henry Chamberlain Memorial Museum located in Three Oaks, Michigan, along with all of the cases and other detachable equipment now being used in exhibiting these items of personal property, but expressly excluding the property of the Three Oaks Township Library located in the present Museum building, and also expressly excluding all items located in the Founder's Room in the Museum building, and also expressly excluding the Edward K. Warren Foundation Library now located in the present Museum building. This offer is made with the intention that title to the above described exhibits shall vest in Michigan State College as of the time they are removed from the present Museum building, and it is hoped that the removal of these exhibits will be accomplished not later than October 15, 1952.

Acceptance of
Warren Museum

"Also in behalf of the Edward K. Warren Foundation and in addition to the above, I do hereby offer to expend not to exceed twelve thousand (\$12,000.00) dollars of our funds during the above mentioned one year period for the purpose of defraying the expenses incurred by Michigan State College in preparing for transfer and actually transferring the exhibits to East Lansing. Because we intend that Michigan State College will assume the responsibility and expenses in connection with preparing the accomplishing the transfer of the exhibits to East Lansing, this \$12,000.00 will be disbursed by our treasurer pursuant to written instructions received from time to time from your Museum Director, or whomsoever you may designate. During this one year period I do further offer, at our expense, the services of our present Museum staff, excepting Mrs. Hunerjager, to assist you in this work.

"The above offers are made with the understanding that at our expense, we will maintain the Museum building and provide heat and light and thereby keep it available while the exhibits are being prepared for transfer, and during that time we will allow your duly authorized employees and agents access to the building for the purpose of carrying out their work, subject of course, to the continued use of the Museum building by the Township Library now located therein.

"We make this offer with the understanding that a letter of acceptance from you will constitute the full evidence of the transfer as hereinabove provided for.

"May we please receive your early reply."

On motion of Miss Jones, seconded by Mr. Brody, it was voted to accept with thanks the offer of Mr. Warren, under the terms he has outlined including various collections and gift of \$12,000. It was also voted to send Mr. Warren an illuminated resolution of thanks from the Board.

Budget re-
quests for

6. The Comptroller discussed with the Board the preparation of a budget request for maintenance and operation for the fiscal year 1952-53.

After considerable discussion, certain general policies were arrived at and on motion of Mr. Brody, seconded by Mr. Akers, it was voted to authorize the Comptroller to prepare the budget request on the basis of these policies.

7. The following recommendations have been submitted by Dean Emmons, Chairman of the Athletic Council:

Approval of
Rather
Scholarships

The Athletic Council recommends that the State Board of Agriculture set up a scholarship fund of \$15,000 per year from athletic receipts to provide a series of scholarships, no one of which shall exceed \$1000 in amount in any one year.

These scholarships are to be known as the Howard C. Rather scholarships and are to be awarded to undergraduate students under the following conditions:

- A student receiving a Howard C. Rather Scholarship shall possess unusual qualities of leadership, demonstrated mental ability and physical strength and vigor.
- Mental ability shall be deemed to have been demonstrated by an entering freshman only if he shall have graduated in the top quartile of his high school or preparatory school class, and by an entering transfer student if his previous college record shall have been substantially as high as a B average.
- Renewal of these scholarships shall be made only to those students who shall have established a record as high as that required by the college of all students receiving similar awards.
- These scholarships shall be awarded by the regular Scholarship Committee, which makes all other scholarship grants, and upon recommendation of members of the faculty.

On motion of Mr. Brody, seconded by Mr. Akers, it was voted to approve the above recommendation. Miss Jones wished to be recorded as voting "no".

8. Recommendation from Mr. May that he be authorized to transfer the \$12,500 salary allowance for Mrs. C. S. Bryan to the pension and retirement fund where it can be invested to earn approximately the amount which Mrs. Bryan would receive in the form of interest on the unpaid balance. This arrangement will provide an annuity of \$190 per month for approximately 6 years.

On motion of Mr. Armstrong, seconded by Mr. Mueller, it was voted to approve the above recommendation.

SPECIAL MISCELLANEOUS, continued

9. The Administrative Group recommends that the Board approve the following recommendations:

- a. That the State Board of Agriculture establish extension centers of Michigan State College at locations to be specifically designated where study for credit can be carried on under conditions approaching those on the campus.
- b. The objectives in recommending the establishment of extension centers of Michigan State College are three-fold:
 1. To bring the facilities and opportunities provided by Michigan State College to a larger number of people than are reached by the central campus in East Lansing alone.
 2. To provide extension courses at the graduate and undergraduate levels under such good conditions that credit so earned may be recognized as of equal over-all value to that earned on the campus.
 3. To justify a re-evaluation in the direction of increased liberality of the rule now governing the amount of residence credit required for earning a degree.
- c. An extension center of Michigan State College may, in the opinion of the committee, be defined in the following terms:

A location may be designated as an extension center only if:

1. Adequate classrooms and/or laboratory space are provided by local enterprise.
2. Adequate library facilities are available locally in all fields of advanced study in which courses are offered at that location.
3. Adequate concentration of population exists from which classes of satisfactory size may be drawn.
4. Competent instructors are available in the event that classes cannot be taught by members of the regular Michigan State College faculty and adequate opportunity exists for the supervision of their work by Michigan State faculty.
5. Adequate communication exists between the location of the extension centers and Michigan State College.

- d. The committee now recommends that extension centers be declared established at Grand Rapids, at Flint, and at Midland, Michigan, effective September 1951.

On motion of Miss Jones, seconded by Mr. Armstrong, it was voted to approve the above recommendations.

10. The President, Secretary and Comptroller discussed various matters pertaining to the proposed request for capital improvement appropriations to be submitted to the State Department of Administration.

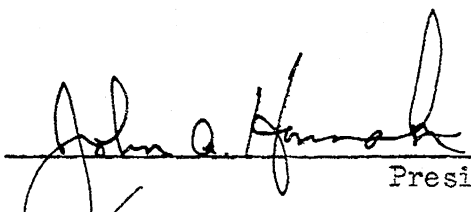

On motion of Mr. Mueller, seconded by Dr. Smith, it was voted to authorize the Comptroller to advise the State Budget Office that the College is requesting the following capital improvements appropriations:

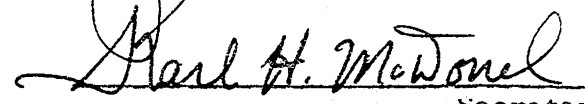

Library - R. R. Calder, Architect	\$4,887,500
Animal Industries Building - O. J. Munson, Architect	3,850,000
Seed Storage Laboratory - O. J. Munson, Architect	69,000
Cattle and Sheep Barns	300,000
Building for the School of Business and Public Service	3,500,000

11. Mr. Harry Fee, the donor of Hidden Lake Gardens and the trust funds for their maintenance, had lunch with the Board and expressed his pleasure with the willingness of the Board to administer the Gardens in accordance with his wishes.

The Board adjourned at 4:30 p.m.

The next meeting of the Board is scheduled on the regular meeting date, Thursday, October 18th.
