Your Northrup King man is also your Adelphi man.

Adelphi Kentucky Bluegrass,* the man-made bluegrass, is one of the outstanding turfseed varieties your Northrup King man can offer you.

Adelphi may be the ideal turfgrass for your particular conditions. On the other hand, it may not be. Your Northrup King man can help you decide.

He's not committed to a particular variety. He has a professional

commitment to finding the best solution to a given problem. And following up with reliable delivery of quality seed.

Your Northrup King man is your Adelphi man. He's also your man for a lot of other varieties, blends, custom blends and good professional advice.

Write for the name of your Northrup King representative or distributor. He's a super person to talk with.

worth more

TURF PRO 84™

The hydraulic Turf Pro 84™ needs less maintenance — that, alone, makes it worth more.

Toro presents the first all-hydraulic tri-plex, for the same good reasons you find hydraulic power in heavy construction equipment — low maintenance, less shop time, high reliability and outstanding performance.

All of which adds up to a tri-plex worth more to you than any other make you can buy!

USS Tournament Plus 19-5-9... We'll help put the green back in your fairways!

If you're looking down yellow or off color fairways, take a walk on them with your local USS Vertagreen distributor as soon as possible. He'll show you how USS Tournament Plus 19-5-9 can be the answer to your problems. This great product, developed especially for fairways, will release 48% of its nitrogen content in a sustained, uniform manner because of the urea-formaldehyde

content. And that deep, dark green color will come from the sulfate of potash.

It also contains guaranteed amounts of secondary and micro-nutrients as well as chelated iron for uniform growth. USS Tournament Plus is another reason we say "see the best, for the best" — and that's your local Vertagreen distributor. He'll put the green back in your fairways.

Limestone Pellets

Gypsum Pellets

Dolomitic Limestone Pellets

Pelletized

Ampel®

Introducing . . . a new patented product that provides a virtually dust-free way to apply limestone and gypsum. How does it work? It's pelletized. The AMPEL process consists of mixing finely ground limestone or gypsum with a binder, producing a hard fertilizer-sized pellet. The pellet breaks down as soon as it is rained on, thereby releasing valuable nutrients into the soil. Your crop or turf benefits immediately.

These pellets are easily spread with any type fertilizer equipment or they can be blended into your fertilizer mix. The handling properties are greatly improved through the pelletizing process. Dust is nearly eliminated and accurate broadcasting rates are ensured.

AERATE 10 TIMES FASTER, REMOVE 3 TIMES MORE SOIL... WITH THE NEW CUSHMAN AERATION SYSTEM.

The amazing new Cushman Greensaver® attachment provides penetration down to 2-1/2", yet gets aeration and cleanup done up to 10 times faster than most methods.

Attachment is simple. Just put the two interlocking weight bins on your 3- or 4-wheel Turf Truckster chassis (equipped with hydraulic system), slide in three quick-release pull pins, add sand for weight, and you're ready to go.

You drive between work areas quickly, saving time. When you reach a green, just use the hydraulic lever at your side to lower the Greensaver into the turf. You keep moving, aerating at speeds up to 6 mph.

The inexpensive and easily-changed tines leave a neat 3-1/4" x 4" pattern of holes. The unique tine shape eliminates any pivoting action, allowing them to go deeper without damage to the green surface. So you

can remove up to three times more soil than with other drum-type aerators.

But the Greensaver also makes the aerating operation faster by automatically picking up the soil cores. As the tines enter the ground, the cores are forced through the tines into the drum. When it's full, just open the large door to empty it. Or you can leave the sides of the drum open, to deposit the cores on the green.

And the Greensaver features a special turf guard and roller which smooth the turf and prevent the sod from rolling up on the drum.

The new Greensaver is just one more way to put your 18-hp Turf Truckster to work.

With other accessories, your Cushman can spray, spike, dump, and top-dress. Use it.

It's more than basic transportation. It's a total turf-care system.

Write for your Cushman Turf catalog today.

THE FS-80.

**STIHL'S[®]
LIGHTWEIGHT
ANSWER TO
HEAVY-DUTY
TRIMMING.**

The new Stihl FS-80 portable trimmer is the first heavy-duty gasoline powered trimmer with a lightweight price. So now you can trim away unwanted grass, weeds, undergrowth and excess hedge easily (and even edge lawns) quickly and inexpensively. Buy one now and get our exclusive Polycut head with two extra sets of thermoplastic blades plus a reversible metal brush blade for tougher trimming jobs. Optional equipment includes Leeco[®] nylon line head and a heavy-duty saw-toothed steel blade for special trimming jobs.

STIHL[®]

The world's largest selling chain saw.
