MEMBER, BIRMINGHAM C.C., RESIDENCE

GROSSE ILE C.C.

MEADOWBROOK C.C.

TREES X-ED for removal for a variety of reasons - they die, become trouble spots, hit by lightning, etc. . . If you have a stump 3' to 40' tall and a minimum of 15" in diameter or larger. . .

YOU STILL HAVE ONE ALTERNATIVE!!!

TURN THE PROBLEM AROUND! AND INTO A BEAUTIFUL TURF SCULPTURE!

Any Form (within reason) Custom Made - Your Club Logo,

Decor or Mascot, Classical Design, Contemporary Sculpture, Animals, Totems, or whatever!

OR. . .

SAVE me a portion of your tree which could be replanted into a more appropriate location outdoors. It can also become a portable or free-standing sculpture which can be carved at any time, your place or mine, and used indoors as a men's or women's locker room decor or at the entrance of you clubs' foyer. A unique gift for any occasion, for that special person you or your club wants to honor.

Call or write:

Finally an alternative.

Toro's new Greens Aerator can help you aerate your greens faster than the leading competitive machine. But that's not the only advantage. Toro also outdistances the competition by adding **greater horsepower**, **heavy duty construction**, and a modular design for easy servicing. All that you need to make one of your seemingly longest tasks in golf course maintenance a whole lot shorter.

TORO

The No. 1 name in golf course irrigation.

It's no coincidence that the country's top golf courses use TORO irrigation systems. Because there are more TORO systems installed on golf courses than any other kind. For a number of very good reasons.

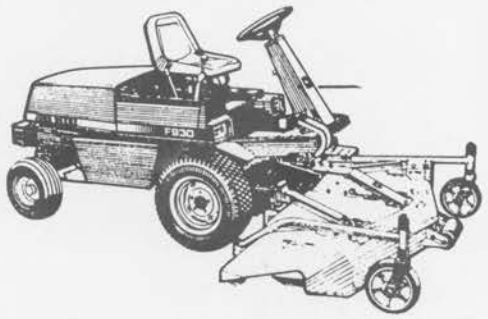
John Deere compact diesels come in eight models, so you can match horsepower to your needs. All are packed with performance features that make them small giants on any big job. More than 50 capacity-matched attachments are available to keep the tractor you buy busy the year round. See us for a test drive soon.

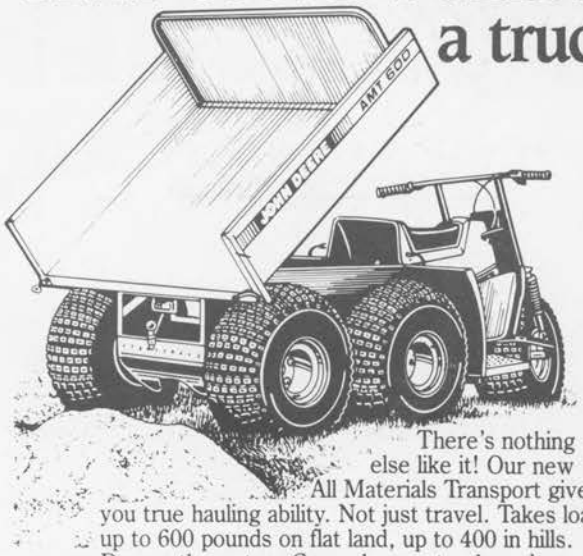
JOHN DEERE FRONT MOWERS

The most versatile equipment a groundskeeper can own

- ☐ Mowers 50 to 76 inches
- ☐ Snow Blowers
- ☐ Front Blades & Brooms
- ☐ Vacuum Attachments & Cabs Available
- ☐ Gas or Diesel Engines



New John Deere AMT 600. It's almost a truck.



There's nothing else like it! Our new All Materials Transport gives you true hauling ability. Not just travel. Takes loads up to 600 pounds on flat land, up to 400 in hills. Dumps them, too. Goes places a truck can't.

Unique 5-wheel stability and 4-wheel differential lock traction. 341 cc engine and 62:1 torque ratio transmission for pulling power. With no gears to shift. Spring-loaded front fork cushioning. Low compaction. Anti-skid features.

GIVE US A CALL AND WE'LL DROP ONE OFF FOR YOU TO USE FOR A DAY!

Golf's Premier Irrigation Control System

Repeatedly the choice of the world's leading architects and superintendents, MAXI® III from Rain Bird is recognized as golf course irrigation's most exciting and versatile computerized control system.

Sophisticated. Reliable. Powerful. MAXI® III offers state-of-the-art irrigation technology. An IBM computer, too. Not to mention the ability to handle a wide range of important functions. Lighting—security—and a host of other necessary operations.

Legends in the making—the great golf courses of tomorrow are being built today. And MAXI® III is there!

Controllers. Rotors. 50 years of golf course irrigation experience.

Rain Bird — the choice from coast to coast

The Ryan GA™ 30 beats the competition in versatility, speed and precision.

Ryan continues to set the standard to which others compare.

The new Ryan GA 30 is designed to aerate golf greens, tees, fairways, sports turf and commercial grounds. With a flexible aerating pattern ranging from 1″ X 2½″ to 5″ X 2½″, you can aerate from 5,625 square feet/hour up to 28,125 square feet/hour. The GA 30 is not only faster on the green, but with a transport speed of up to 6 mph, it gets you off the golf course twice as fast. It's a tractor and aerator in one compact, durable riding machine. Ask for a convincing demonstration today.
