What does your Northrup King man offer you besides quality turfseed?

A willing ear. We listen carefully to your problem and study it thoroughly so we can solve it together.

The voice of experience. Northrup King continues to be a leader in the development of new varieties and blends.

Reliability. Northrup King has a testing and quality control program that is your assurance of quality seed.

The right turfgrass decision can improve the quality of your turf. It can also save you maintenance dollars.

So the person who helps you make that decision is very important to you. That's why we stress the professionalism of your Northrup King man. And his willingness to get involved with your needs.

For a thoroughly professional evaluation of your turf requirements, talk with your Northrup King representative or distributor. He offers you quality turfseed—and a lot more.

At his fingertips, a wide range of proven turfseed varieties. And we can custom blend to meet your special needs.

Grass-stained knees, if that's what it takes to understand your problem. Northrup King people get involved.

Feet firmly planted in your area, so we can recommend varieties and formulate mixtures that will work in your particular region.

NORTHROP, KING & CO.

USS Tournament Plus 19-5-9... We'll help put the green back in your fairways!

If you're looking down yellow or off color fairways, take a walk on them with your local USS Vertagreen distributor as soon as possible. He'll show you how USS Tournament Plus 19-5-9 can be the answer to your problems. This great product, developed especially for fairways, will release 48% of its nitrogen content in a sustained, uniform manner because of the urea-formaldehyde

content. And that deep, dark green color will come from the sulfate of potash.

It also contains guaranteed amounts of secondary and micro-nutrients as well as chelated iron for uniform growth. USS Tournament Plus is another reason we say "see the best, for the best" — and that's your local Vertagreen distributor. He'll put the green back in your fairways.

CUSHMAN TURF TRUCKSTER

THE 12hp and 18hp RUNABOUT

**The Cushman solution
for economical turf transportation
and light
hauling.**

The Truckster Runabouts are designed to provide basic transportation and light hauling capabilities at a price that will fit into any budget. They have the speed and versatility to increase your efficiency by getting workers and equipment from job to job more quickly. With a Truckster Runabout workers spend less time walking and more time working. And they won't tie up a golf car that could be on the course earning a profit.

There are two models. Model 52477 has a 12 hp air-cooled single cylinder engine and handlebar steering. Model 50477 is powered by a twin-cylinder, 18 hp OMC engine and has wheel-type steering. Both units use a 3-speed H-shift pattern transmission and feature a permanently-mounted pick-up box measuring 46" x 34 $\frac{3}{4}$ " x 12".

If you work on turf at a golf course, large buildings and grounds complex, or as a landscaper, one of the most economical and valuable machines you can own is a Cushman Truckster Runabout.

TORO

worth more

TURF PRO 84™

The hydraulic Turf Pro 84™ needs less maintenance — that, alone, makes it worth more.

Toro presents the first all-hydraulic tri-plex, for the same good reasons you find hydraulic power in heavy construction equipment — low maintenance, less shop time, high reliability and outstanding performance.

All of which adds up to a tri-plex worth more to you than any other make you can buy!

J-M irrigation systems save water, time and money

Some of our most beautiful and best cared for environments are golf courses. We can help make the good ones better and keep the great ones great . . . easily, in fact automatically, with complete Johns-Manville turf irrigation systems.

Here are all automatic systems that give you the controlled accuracy, the efficient use of water and the ease of maintenance that add up to the lushest settings a club could ever ask for.

ROSEMAN TOW-TYPE HYDRAGANG

HEIGHT OF CUT

$\frac{1}{2}$ " to $\frac{3}{4}$ " in any desired increment. 6" front caster wheels $\frac{1}{2}$ " to $2\frac{1}{2}$ ". 8" front caster wheels $1\frac{1}{4}$ " to $3\frac{1}{4}$ ". Cutting height is gauged by ground reference to provide even cut over undulations.

WIDTH OF CUT

30" per unit. Cutting swath varies for 3, 4, 5 & 6 mowers with maximum of 15' for 7 gang.

TRANSPORTATION WIDTH

From operator's position all mowers are quickly raised and locked into 8' transport width. Overall length 12'.

TRANSPORT CONTROL

Five control levers raise or lower number 4, 5, 6 or 7 units individually and the three center units simultaneously.

REEL

$7\frac{1}{2}$ " diameter 4-blade or 6-blade. Heavy duty chrome-nickel alloy.

REEL POWER — Each reel mounted directly to individual hydraulic motors.

POWER SHARPENING — Back lapping by reversal of control valve handle.

BEARINGS — Anti-friction reel & roller. MOWER FRAME — All steel welded.

ADJUSTMENT — Hand, no tools needed.

BED KNIFE — Oil-hardened alloy steel.

JACOBSEN®

76" AND 84" TURF KINGS

The new JACOBSEN 76" and 84" TURF KINGS have been redesigned to incorporate engineering and comfort features not previously available in a mower of this type. Like a new hydrostatic drive; a sleek new steering wheel in place of the old handlebars; a new comfort-cushioned seat with backrest; a recoil starter that's mounted so that the unit can be started from the operator's seat; optional electric start; a 50% increase in mowing speed; a 67% increase in transport speed; and an increased fuel tank capacity to reduce re-fuelling stops.
