

SCOTT PRODUCTS

LAWN SEED

- Regular Mixture** 1 to 9 lbs., 60c per pound
Parcel Post or Express Prepaid 10 to 49 lbs., 55c per pound
Larger amts., 50c per pound

A combination of permanent turf producing grasses with Kentucky Bluegrass predominating. For open, sunny places. Contains three strains of Bent seed and small percentages of quick growing grasses, to provide turf while the Bluegrass is becoming established.

- Shady Mixture** 1 to 9 lbs., 80c per pound
Parcel Post or Express Prepaid 10 to 49 lbs., 75c per pound
Larger amts., 70c per pound

Composed of *Poa Trivialis* (rough stalked meadow grass), by far the best shade grass known, and other shade tolerant varieties. Guaranteed practically weedless. Will produce turf where other varieties fail.

Recommended for use under trees and other places of dense shade.

- Bent Mixture** 1 to 9 lbs., \$1.50 per pound
Parcel Post or Express Prepaid 10 to 49 lbs., 1.40 per pound
Larger amts., 1.25 per pound

A combination of four strains of Bent grasses. Makes beautiful turf, especially in New England and along the upper Atlantic and Pacific coasts. Does well in sand and other light soils but should not be planted in heavy clay. May be used to thicken up old lawns.

- Creeping Bent Stolons** \$20.00 per 1000 square feet of planting area, express prepaid

Grown in our own nursery. Shipped in shredded form ready for planting. We grow the genuine Washington strain.

LAWN FERTILIZER

- Scott's Turf Builder (10-6-4)** 25 lbs., \$2.25
Parcel Post or Express Prepaid 50 lbs., 4.00
Special price on larger quantities 100 lbs., 7.00

The ideal grass food. Contains both mineral and vegetable matter, thus assuring quick as well as lasting fertilization. Ten pounds is enough for 1000 square feet.

SCOTT PUBLICATIONS

Any or all of the following will be sent without charge or obligation to anyone who may find them of interest:

Bent Lawns a treatise on the planting and maintenance of a lawn sowed with Bent seed or planted with Creeping Bent Stolons. The two methods of planting are fully described.

Lawns a discussion of the essential things in lawn making. This booklet can be read in thirty minutes and will give the reader a clear conception of what it takes to make and keep a good lawn.

The Putting Green an illustrated book telling how to construct, plant and maintain grass greens. Greens chairmen, greenkeepers and any golf club officers will find this a most constructive publication. Edition limited.

Scott's Seed Guide a 72 page book published each year and devoted to a discussion of farm crops. Those who have farming interests will find this Guide immensely valuable.

Lawn Care the five times yearly bulletin which this binder contains. If you fail to receive Lawn Care in February, March, June, August and September be sure to write us.

Converting to Creeping Bent a small folder containing four suggestions for using Bent in an established lawn.

If the solution to your particular lawn problem is not found in any of our publications we invite you to tell us all about it in a letter.
