

## Randall, Sprague Appointed to Wolverine Positions

Joy Randall, Lansing junior, and Kay Sprague, junior from Royal Oak, will be editor and business manager respectively of the 1944 Wolverine, it was decided by the college Board of Publications yesterday.

Miss Randall will be the first woman editor of the Wolverine in at least 12 years. Publications row oldsters observed.

### Board Accepts Members

The board also formally accepted the editor, business manager and faculty adviser of the MSC Veterinarian magazine as new members, giving that publication equal rank on the board with the Wolverine, Spartan and State News.

Miss Randall, a member of Alpha Gamma Delta sorority, is also vice-president of SWL and has been active in speakers' bureau. At present she is Wolverine organizations editor.

### Women Have Experience

Miss Sprague, a member of Zeta Tau Alpha sorority and UDC, is a member of the annual's advertising staff. Both women have had three years' experience with the yearbook.

New members of the board are Dr. C. F. Cairy, assistant professor of veterinary physiology and veterinarian adviser; Norman Haddy, Detroit senior, editor; and Jack Preston, junior from Wells, Minn., business manager.

The Wolverine appointments will not become effective until approximately July 1, when present Editor Paul Wileden and Business Manager Helen Sayers retire.

JOY RANDALL, former organizations editor of the Wolverine, was named editor of the annual for next year by the Board of Publications.

KAY SPRAGUE, member of the book's advertising staff, will be business manager of the 1944 Wolverine, following her appointment yesterday.

## Today's Campus

### ... Spartan Spirit

The effect of Michigan State has really hit the aircrewmembers for these men from all parts of the country, who have attended colleges in New York, Idaho, Minnesota, New Jersey and Colorado, march along to classes singing the MSC fight song as lustily as if they were true Spartans. Might add that the newcomers really catch on quickly.

### ... Strained Loyalty

It is accepted that laying down one's life for a friend is the supreme test of loyalty, but to date this tops the yarns for devotion of a subscriber to his newspaper. In Latin-American history class yesterday Instructor Harrison hoisted himself up on the desk for the last five minutes of his lecture and apologetically explained to the class that he had strained his back reaching for his State News which had blown into the bushes in the morning.

## UNDER THE WIRE

LONDON, April 22 (AP)—The British government in an extraordinary announcement said today that it had received reports that "Hitler is making preparations for using poison gas against the Russian front," and warned that such a development would find the British retreating with the same weapon "upon munitions centers, seaports and other military objectives throughout the whole expanse of Germany."

LONDON, April 21 (AP)—Sweeping out in force in perfect flying weather, British bombers last night blasted manufacturing and other war installations in the Baltic ports of Stettin and Rosstock, left Berlin alight with fires.

CORPUS CHRISTI, Tex., April 21 (AP)—The United States welcomed the president of Mexico to its soil at a naval air training center today.

## First STARS Finish Tests; Begin Work

By JOAN MEYERS

Fifty-three students will begin the first day of refresher work today after successfully passing the elementary stages of the testing program as prescribed by the Army STAR program newly installed here, according to Coordinator S. E. Crowe.

Crowe described the basic tests as the American Council of Education psychological test (the same given to freshmen entering MSC), and the army specialized training test, known as the Officer Candidate Test. These two must be passed successfully before the student can advance in the STAR program, he added.

After these two tests have been passed, the student is then interviewed and given further specialized tests according to his interests. Specialized tests may include such things as math, which is a basic test for engineers, and language.

The STAR student's life is catalogued as consisting of arrival day, intervening day, a series of 'X' days, and a series of 'T' days; the 'X' days being military training and the 'T' days testing periods.

Crowe pointed out that even on intervening days the STAR students have physical training.

See STARS—Page 4

## Airmen Will Meet to Discuss Chorus

The singing squads of aircrewmembers will be offered a chance to develop their lustrous talents, according to Roy Underwood, music department head.

A meeting of all aircrewmembers interested in forming a chorus will be held Sunday morning at 10:30 in the Horticulture auditorium. Prof. William Kimmel, choir director, will conduct the chorus.

If it is a success and the army authorities agree, it will sing with the college band during the Sunday concert planned for this spring. All pre-cadets planning to attend the meeting Sunday should turn their names in to Lieutenant Miller at Abbot hall.

### MSC Grad Goes to Africa

Dr. Floyd S. Markham, MSC graduate of 1930, has gone to North Africa to head the laboratories of the Rockefeller foundation's typhus commission. Glen O. Stewart, director of alumni relations, announced today. Dr. Markham, a native of Cadillac, has been a member of Ohio State university's faculty since 1935.

## Senior Week Calendar Completed; Announcements on Display Today

Senior invitations and announcements for commencement will go on sale in the lower lounge of the Union Monday through Friday next week, from 8 a. m. to 5:30 p. m., Jack Bush, senior class president, announced yesterday.

There is no limit to the number of announcements any one person may buy, but cash will be required when orders are taken. They will be on display at the Union desk until Monday.

With the Water carnival and the Alumni day proving the only war casualties for this year's senior week, other activities will go on as scheduled, Bush stated, following a meeting with class and faculty advisers.

Four senior dances, scheduled

for successive Wednesday nights beginning May 12 and continuing each week with the final one slated for Wednesday, June 2, will be the leadoff events. The dances will be held in the Union ballroom from 9 to 12 p. m. Detailed plans regarding the dances will be announced later, according to Bush.

Senior Swingout, the first all-senior event, has been planned for Wednesday, June 2, from 7:30 to 9 p. m.

The first big event of Senior week will be baccalaureate service on June 6. Lantern Night is scheduled for Tuesday, June 8. The senior play will be Wednesday and Thursday, June 9 and 10.

Commencement will be held in the College auditorium at 3 p. m. on June 12, he added.

## Captured Yankee Fliers Executed by Japanese

### General Arnold Urges Vengeance for Cruelties Committed by Barbaric Jap War Lords After Tokyo Bombing

By William T. Peacock

WASHINGTON, April 21 (AP)—General Henry H. Arnold pledged the army air forces tonight to the utter destruction of Japan's "inhuman war lords" in vengeance for the execution of American fliers captured after last year's raid on Tokyo.

"We must not rest—we must redouble our efforts," the air forces commander said in a message to all his personnel.

President Roosevelt disclosed the Japanese had acknowledged putting to death some

## Allied Ship Losses During Past Year Exceed Total Built

WASHINGTON, Apr. 21 (AP)—The Truman committee disclosed today that approximately 12,000,000 tons of Allied shipping were sunk last year—more than the total tonnage built in 1942 by the United States and Great Britain combined.

Calling the losses "heavy but not disastrous," the special senate unit investigating war production problems reported losses were reduced in the latter months of the year, and declared confidently:

"The submarine menace can and will be effectively met."

The answer to the threat of the undersea raiders, the committee declared in a report on shipbuilding and shipping, is the stepped-up production of new merchant and escort vessels, and the combined use of destroyers and destroyer escorts, escort airplane carriers, land-based airplanes equipped for anti-submarine work, and sub-chasers.

## Preliminary Tryouts to Be Judged Today for Poetry Contest

Contestants in the preliminary poetry contest, to be held this afternoon from 3:30 to 5 p. m. in room 49, College auditorium, will be judged by Moiree Compere, O. B. Nickle and J. D. Menchhofer, all of the speech and dramatics department, according to Mrs. Compere, chairman of the contest.

The college speech department will award \$30 in prizes, \$10 going to the first place man and woman and \$5 to the second place man and woman, who will represent Michigan State in the statewide contest.

All those prepared to read two poems, which together make a six-minute reading, will be heard in the preliminary contest.

Plans for the preliminary prose contest will be announced next week, and the statewide contest will be held at MSC on May 7.

## National Home Ec Conclave Scheduled Here May 7, 8

Approximately 200 members of the Michigan Home Economics association will hold their annual conference at Michigan State college, May 7 and 8, with discussions scheduled to center on wartime planning problems.

Speakers will include Miss Jessie W. Harris, president of the association; Dr. Marie Dye, dean of Home Economics, and Mrs. Olga B. Nickle, chief nutritionist for the state office of civilian defense.

of the eight Americans—they did not say how many—and were treating other captured fliers as criminals, denying them all rights as prisoners of war.

Arnold made clear that the Japanese inhumanity will not

Aircrewmembers in Squadron E who are planning to go on the canoeing trip Saturday should sign with their squadron leader and then buy tickets at the canoe shelter Saturday night. Civilians may also get tickets at the shelter.

deter this country from further raids on Tokyo.

Saying the victims of the Japanese died as heroes, Arnold told the American airmen:

"Remember those comrades when you get a Zero in your sight—have their sacrifice before you when you line up your bomb-sight on a Japanese base."

President Roosevelt announced the American government had solemnly warned Tokyo that for this and any future "acts of criminal barbarity" just punishment will be administered to the responsible Japanese officials.

The president's statement was supplemented by the state department.

See JAPS—Page 2

## Induction Orders Pending for ERC

Approximately 250 ERC orders are yet to be received by the military office, according to an announcement made by Jean Osgood of the military science department.

Those calls that have not been received fall mainly in the category of marine reservists who failed to qualify for their reserve program and a number of juniors and seniors.

However, a list of those who have not received their orders has been sent into the headquarters of the sixth service command and action should be expected in the near future.

## TIME TABLE

## LETTERS . . . To the Editor

**TO THE EDITOR:**  
Campus rumors come and go, but the barb of the latest one is liable to stick in the craws of a majority of Spartans, especially in those of the coeds. We refer to the statement made by the good dean of women, on the basis of rumors she had heard, that in the future perhaps the Variety show should be dispensed with.

The dean is reported to have

uttered for publication, that comments on the all-coed production "gave her the impression that there were incidents in several of the acts which were beneath the dignity and standards of State women." A rumor, no less.

The Variety show is condemned by a rumor, advanced as comments by a prejudiced few. "You can't please everyone" is a true See LETTERS—Page 3

## ALONG THE WINDING CEDAR

By Len Barnes

**WAR** in men's eyes shall be  
A monster of iniquity  
In the good time coming.  
Nations shall not quarrel then.  
To prove which is the stronger:  
Nor slaughter men for glory's sake;  
Wait a little longer."  
—C. Mackay

Thinking people the world over are wondering what is to happen when the Axis is finally ground down in defeat. Though much has been said on what should be done, none of the writers has spoken with any conviction that anything specific would be done.

Although a small organization of faculty men and a few students has been meeting regularly to consider post-war problems, the average student or soldier on campus has done very little thinking about it. Some hold the view that there will never be peace permanently. A look at history indicates that it would be extraordinary if we never had a war again.

"I said the other day that I wished we trained young officers especially for leading discussion (peace) groups . . . an ex-sergeant of the marines boiled over on the subject of what this would do in the way of softening the men.

"He just did not seem to realize that was a part of the mental toughening our men need," says Mrs. Franklin D. Roosevelt on the subject.

The Beveridge report in Great Britain, she points out, shows now much they are thinking of post-war problems. Any thinking done now on it will hasten the reconstruction period after the war.

**A**NYONE on campus who thinks the 1943 Variety show was at all out of taste should see parallel productions at other colleges. Some of them compare, we're told, with Broadway burlesque which is masquerading on the stages of the nation as legitimate theater these days.

After Director Don Buell told us last Friday that he'd had trouble keeping this show clean, we expected at least one sparkle of sex. But the night we saw it the veriest prude could have raised an eyebrow but once—when Hopie let slip a muffled "damn" in one of his tumultuous exits between acts. We think its cleanliness is a tribute to Buell, who seemingly even censored the ad libs.

**A** RMY life—The boys at Camp Tyson, Tenn., claim "as a campmate the man with the 'reddest face in Tennessee." Arriving from Florida, a corporal proceeded to unpack his barracks bag, and pulled out dainty feminine undergarments in a steady stream.

The reason: Enroute, he'd accidentally exchanged his bag with one belonging to a WAAC.

## JAPS

(Continued from Page 1)

partment. Together, the statements disclosed that:

The American government initiated inquiries through the Swiss government immediately after Tokyo's radio broadcast, last October 19, that military trials were planned for the eight Americans.

It was not until Feb. 17, however, that the Japanese government replied, acknowledging that the Americans had been tried, sentenced to death, and that, as the state department phrased it, "following commutation of the sentence for the larger number of them, the sentence of death was applied to certain of the accused."

The Japanese accusation was that the fliers had bombed non-military targets and shot civilians.

The state department said the American forces had instructions to attack only military objectives and it is known they did not deviate from these orders.

## Spartan Nine Leaves Today for Ohio State Double Bill

Coach John Kobs sent his baseball squad through an intersquad game yesterday afternoon in place of the postponed Notre Dame game and in preparation for the Ohio State two-game series on Friday and Saturday.

Taking advantage of the afternoon's warmth and sunshine, the first of the week for the Spartan diamondmen, Kobs sent Pitchers Pinky Getz and Dick Bernitt onto the mound for four innings each as varsity pitchers.

### Manko Reserve Pitcher

Denny Manko pitched for the reserves, setting the varsity bat.

The opening tennis match of the season for the Spartans which was scheduled with Michigan for yesterday afternoon was called off because of threatening weather conditions. It will be played off here next Monday afternoon, Tennis Coach Charles D. Ball announced.

ters back on their heels several times with strikeouts and holding their hits to singles or short ground balls to the infield for the most part. Manko is the brother of Frank, lively sophomore halfback for Charlie Bachman last fall until the army air force called him from school.

Kobs stated that he knew little of the Buckeye team this year but thought they would have their usual strong club as in past years. Last year the Ohioans beat both Al Jones and Joe Skrecki, the Spartans' top pitchers, in the two-game series here.

### Fifteen Make Trip

Fifteen men will make the trip, including four pitchers in Manko, Getz, Bernitt and Vavra. Others include Capt. Roy Chlopa, Bill Reavely, Howie Ladue, Bob Andreoli, Art Maischoss, Frank Pellerin, Ed Ciolek, Duane Faulman, Art Cigan, George Killmaster and Ken Zerwas.

The team will leave for Columbus at 2 p. m. today for the two-day trip. Their first home appearance will be against either Notre Dame playing the game cancelled for today on April 29 or against the University of Detroit on May 1.

## LETTERS

(Continued from Page 2)

proverb—as is "the majority rules." And we'll bet our shirt that the majority of those who saw the Follies were pleased with the acts.

This is not a condemnation of our dean, nor an upholding of the latest Variety show—merely an expression on my part against opinions based on second-hand information and attempts to turn all college productions into bed-time stories for Little Lord Fauntleroy. We're collegiates on the threshold of a realistic world—not a gateway to a cloistered convent.

J. T. H.

### Indians Win 1 to 0 on Bagby's Hit

CLEVELAND, April 21 (AP)—Pitcher Jim Bagby lined a deep fly to right field in the ninth inning today to give the Cleveland Indians a 1 to 0 triumph over Tommy Bridges and the Detroit Tigers before an inaugural crowd of 13,847 in Cleveland stadium.

Roy Cullenbine, who walked and advanced to third on Buddy Rosar's double, scored the winning run after Rip Radcliff took the drive from Bagby.

## Second Term Seniors Advised to Sign Now for Record Exam

"Any senior who may not have amassed 180 credits at the end of spring term but who will have as many at the end of the first summer session is advised to take the Graduate Record exam on May 11 and 12," Examiner Paul Dressel said yesterday.

Dressel pointed out that it is extremely improbable that the test which requires two half-day sessions will be offered again during the summer.

Satisfactory scores earned by men who took the test winter term, although they did not have 180 credits at that time

but have since become eligible, may be used in their favor if they are called into service before graduation.

"Many sophomores have said that they are afraid the test will be too difficult, but the material covered in the general test is information contained in freshman and sophomore subjects," Dressel said. He added that he considered the test a valuable measure in helping undergraduates to select a major subject.

Expense of the exam will be borne by the college for seniors, but underclassmen will be charged a fee. Registrations will be accepted until Tuesday at the Orientation office.

## Winners of Kellogg Fellowships Chosen

Winners of the W. K. Kellogg foundation fellowships were announced today by Dean Ward Giltner, dean of the Veterinary division. Although the winners were chosen last winter, the list has not been officially published.

The eight junior medical biology students from MSC are Donna Dewey, Benton Harbor; Betty Robb, Lansing; Mary Ellen Stack, Milwaukee, Wis.; Gloria Pettit, Eaton Rapids; Ellen Newman, Lansing; Jean Sharrard, St. Johns; Kathryn Elliot, Colon, and Leona Haegle, Pontiac.

They were chosen through recommendations, scholastic showing, financial need and personality factors.

## STARS

(Continued from Page 1)  
classes taught by the MSC physical education department.

"Twenty-two is the critical age in this program," Crowe said. He pointed out that if a student is under 22 considerably more programs are open to him whereas if he is over 22, he is required to have a year's college and his further progress in the program is subject to other certain limitations.

It is uncertain exactly when the next group of STARS will arrive.

## Town Girls' Blanks Ready

All town girls who have not filled out a petition for elections are requested to obtain one from Mrs. Warren's office in the Union by Monday, according to Pres. Doris Harford, East Lansing.

## Dr. Foster Speaks At Home Ec Convocation

The first Home Economics divisional convocation yesterday proved to be one of the most successful of its kind, according to Dean Marie Dye. Speaking on "Marriage, Now or Later," Dr. Robert Foster, of the Merrill Palmer school in Detroit, answered questions on problems faced by both wartime marriages and those planned for after the war.

Dr. Foster's subject for the senior lecture last night was "Marriage in Wartime," following the same general outline as his afternoon talk in more detail.

Venereal disease has been treated in France since the Nazi occupation.
