DON'T FORGET the "SHOW OFF" TUES., JAN. 17

VOLUME 20

FRIDAY, JAN. 13, 1928

Number 26

## The Blarney Stone

### A GROWING PROBLEM

The rapid growth of our college has led to the spread of the early colonies. In those days of communication were, perhaps, about as efficient as those between the law library and the rest of the campus.

Presently only a candidate for both the swimming and track teams could be expected to cover the ground and appear between demonstration hall and the Horticultural building in the required time. Spartans aren't so fast, but it is no reason why their heraldic and good nature should be so severely tried every time that they report for a military class.

Trunks going out to the new armory and wash through ankle deep and mud, getting wet feet and muddy clothes from their morning start to classes. If it is impossible to do anything in the way of a walk over there, at least we might have a cinder path.

### BUILDING ATHLETES

It is a pity that Coach Young has issued a bulletin to all candidates that he has no place for them and not to find their way among the students.

Coach Young's work in the building shows that he can back his words. He has his judgment of a candidate's ability only on his stick-tick and not on his natural ability, which is all that should be.

### A NEW PUBLICATION

While the prospect of a new publication issued on the Michigan campus, and we extend congratulations to the staff, two items which are former workers on campus. The policy of the new publication is admirable. Awaiting of thought can never receive too much encouragement.

### A WORD OF CHEER

The bulletin on the women's department "Pressing Kills Germs" is a new light as matters to the cause of disease eradication, this bulletin on sanitation and good health, bearing their longest hours to a cheerful and busy day.

### FORMAL NIGHT

There are heard such a discussion on the campus as to whether the formal dresses of the student body should be worn to the formal evening. This year will see the first of continuous formal nights. Will not make that extra night? They might as well as those of us who have the honor and contribute to the production that will be seen, we hope, accumulate through the years?

### PIRATE STUFF

The college society must be trying to get out on a man whose last name is K. Judging from the plans they are spreading from their house out on the cold water.

### STUDENT COUNCIL OFFICE

The student council has a new office away from the old Union building. The council is a hearty welcome to all who wish to come and listen in on the council's work.

### CONVENIENT CAMPUS CALENDAR

"Show Moon" can't wait for the moon every day at 5 and 7 o'clock.

Friday, Jan. 13—Baseball, Michigan State vs. University of Detroit.  
Saturday, Jan. 14—Wrestling, Michigan State vs. Lawrence college.

Tuesday, Jan. 17—H. E. club meets in women's lounge, Peoples church.  
Theta Alpha Phi presents "The Show-off" at the State theater.

## NEW STUDENT MAGAZINE TO BE PUBLISHED

### Literary Effort to Be Called "The Student"; Will Be Open Forum

### TO APPEAR MONDAY

### Purpose to Stir Up Student Thought and Discussion on Current Problems.

"The Student" in the form of a literary magazine will make its initial appearance on the campus next Monday, as the newest publication to be created at State. It was announced here Friday morning.

Personnel of the new magazine will include the following: Editors, Rollin H. May, East Lansing; R. M. Bloss, Allegan; assistant, Jess Bird, Lake City; business manager, Gilbert Van der Made, Grand Rapids; assistant, Everett Peterson, Lake City; circulation manager, Roy L. Pennington.

The purpose of "The Student" as announced by the editorial staff will be to serve as a means for student discussion on the campus.

The student will contain eight pages and will appear five times per term. It is claimed that there is no organization behind this magazine, for any ulterior motive.

Contents of the new magazine will be varied, it is understood, but the purpose of all articles will be for the stirring up of student thought and such articles will be written by prominent members of the faculty. A department will be established for the expression of student opinion on various problems. The contents of "The Student" will be open to all students and read impartially will be shown, it was announced.

Articles by students, in addition to the letters of expression will be used from time to time, it is planned.

All of the members of the personnel are sophomores. It is rumored that "The Student" is the outgrowth of an organization formed here last fall for the purpose of writing a magazine for the State campus.

The editors of "The Student" however, deny that such is the case and claim that the one and only purpose that the staff has in mind is to run a magazine and not to overturn existing campus conditions.

### MATMEN ENGAGE WITH LAWRENCE

### Grapplers from Appletton Will Offer Opposition to Spartan Team.

The 1928 wrestling season will be opened upon the Spartans Saturday night when the Lawrence college grapplers from Appletton, Wis., will engage with Coach Ralph Leonard's matmen in the college gym at 7:45 o'clock.

With two veterans as a nucleus Coach Leonard has strong hopes for a successful season and a good showing Saturday night. The Lawrence matmen are experienced last year and made fine showings, last year, "killing" every reason to believe that they will more than hold their own against the Spartans.

Coach Leonard is not certain as to the men he will send against the Bulldogs, but it is certain that Captain Landberg and Kurlie veterans from the 1927 aggregation will take part in the 145 and 175 pound classes, respectively. Both are experienced and made fine showings last year, "killing" every reason to believe that they will more than hold their own against the Spartans.

## STRIP CHRISTMAS COLOR FROM LONELY SPRUCE

### Tree Stands Naked Before Eyes of Public and Morrell Hall.

The Christmas tree which stood over in front of the Women's building blushed in shame. But this gentle and dignified spruce is not ashamed because Frank Mitchell's men have taken away all its lights. No, not that. The spruce expected that one and expect to be lit up all the time. But the spruce was entrusted with a large number of varicolored lights and other valuable equipment and it felt a certain degree of honor and of modesty, etc. The exact number of varicolored lights is not known, but Professor Clark guessed about 400, and was not far from right. Frank Mitchell, however, says that 408 lights were installed on the tree.

And that is where the spruce is so sore. For someone committed assault and battery on the tree while it was in full possession of its shining glory and took some of the lights. The spruce tree did not think it was so nice but it could not help things any. So the lights were taken, right in the midst of the holiday season, and 408 lights were installed on the tree.

With the new completion of the new building on Michigan avenue for housing the weather bureau, other plans have been formulated in connection with this project for a different arrangement of certain departments on the campus.

### SHOW FEATURES HONEY EXHIBIT

### Will Display Product in Demonstration Hall Jan. 30-Feb. 4.

Another feature of Farmer's week to be held here Jan. 30 to Feb. 4 will be inaugurated this evening when the First Annual Honey Show will be inaugurated in the Rockwood Seminary, Michigan State, according to an announcement by Nelson C. Bryman, president of the organization.

Exhibitors are being received from throughout the state and a large success is expected in spite of the inclemency of the winter. Over \$120 worth of prizes is being offered, and there will be three classes of competition, in comb honey, extracted honey, and beeswax.

The show will be held in Demonstration Hall. Entries close Jan. 28 and details may be secured from President Nelson Bryman of the Beekeepers' Seminar or from Prof. R. H. Kelly of the entomology department, in charge of the exhibit.

### PROFESSOR REPORTS TO LAKES REGIONAL BOARD

### Prof. Dunford Addresses Great Lakes Regional Advisory Board.

Speaking before the Great Lakes Regional Advisory Board, a 12-man body of professional economists, described the industrial situation in America as one as unprecedented, with security, peace and a new peak.

Mr. Dunford is chairman of the transportation research committee of the advisory board. In his report he declared that since 1923 industry in this country has been gradually emerging from an era of seasonal production to an era which we now designate as "balanced growth."

### BARRY COUNTY BOYS TO BE GUESTS HERE

### Butterfield to Speak at Banquet Given by Barry County Students.

Guests from Barry county will be the guests of Barry county students at the college here Saturday night at a dinner to be given for them at the Hotel Food Shop at which President K. L. Butterfield will give a short address.

The boys will meet in the lobby of the hotel from 5:30 to 6 Saturday evening. Penn Road, Barry county agricultural agent, and Dad Angell, Barry county Y secretary, will come with the boys and assist in their entertainment.

N. C. Brunson and "Chief" Larry bank are representing the Barry county students of the college in acting as hosts to the boys.

## HOME ECONOMICS CLUB TO HEAR SPECIALIST

### Mary Barber, home economics specialist with Kellogg's sanitarium, will be the speaker at the meeting of the Home Economics Club which will be held Jan. 17 in the women's lounge of the Peoples church.

Miss Barber was formerly home economics demonstrator at Columbia university. She will talk to the club members on "Opportunities of Home Economics Women in Business."

### OLD STRUCTURE TO BE REMOVED

### Music Center and Practice House to Be Changed to New Location.

The old music center for years a sorry sight on the campus between the new Union and Home Economics buildings, is to be no more according to H. H. Hildaway, secretary of the college.

With the new completion of the new building on Michigan avenue for housing the weather bureau, other plans have been formulated in connection with this project for a different arrangement of certain departments on the campus.

According to Secretary Hildaway the building formerly occupied by the music center will be given over to the union department, where better accommodations for an enlarged music center will be afforded. The wooden building between the Union and Home Economics buildings, is to be no more according to H. H. Hildaway, secretary of the college.

### CO-EDS LIST 29 RIFLE MATCHES

### Will Fire in Telegraphic Matches with Schools Throughout the Country

Coed sharpshooters will fire in telegraphic matches against 29 colleges and universities throughout the country starting Feb. 4 and continuing through the season March 17, according to the schedule announced by Captain Joseph H. Henshaw, coach of the team.

Practice is being held under way in the rifle range of the new armory here. Nearly 20 coeds are trying out for the team. A number of veterans from last year's track team, which won the highest score of any coed team in the Pacific states, are on hand, including Miss Frances Chubb, captain.

A team of 15 will be chosen, and 10 coeds from the group each week will compete in the matches. Results of which are to be exchanged by wire among the competing schools. The first week's firing starts Monday, Jan. 29, and is concluded Saturday, Feb. 4.

### SEARCH REVEALS INTERESTING FACTS ABOUT TERM REPORTS

### Search Reveals Interesting Facts About Term Reports

It is interesting sometimes to go around and just find out how things are done. For instance, you remember that in the study cards made out by the student at the time he registers, the report of your grades for last term. When one stops to consider that there were approximately 2,700 reports which had to be made out and mailed to so many different students, one realizes that that was quite a job. Perhaps it might have been possible to get the reports in our hands before Christmas, but then sometimes a vacation is made more enjoyable if we don't see our marks until it is nearly over. But to get back to the subject, just how do they manage things over in the registrar's office?

When registration is all over and the students are all nicely settled in more such of the study cards made out by the student at the time he registers, is checked against the schedule which was turned over to the class officer. This of course takes time and may be done very accurately. When all the cards have been gone over and are found to check, the list of studies taken by each student is entered on a report blank with the student's name on it and filed away in its proper group. These groups are divided by classes and subdivided into divisions. That is, all the freshmen are together, all the sophomore engineers, etc. By using this method, all the reports are ready and in order before the time when they are actually marked.

Then along about examination time when the marks will begin to come in, some 300 large sheets are sent out to the various departments of the institution and on them the professors sit under the proper subject heading the name of the student and their grades for the term. These sheets are then turned in at the registrar's office where clerks working in pairs turn over the grades onto the report slip. One of the clerks takes the group of freshmen liberal art students for in division and the other clerk takes the large sheets from the liberal arts division and together they enter on the report of Johnny Jones or Mary Smith the marks that he or she has received for the term. These marks are entered on the report with copy pencil so that duplicate copies can be made by running the original slip through the roller copier in the registrar's office. One of these copies is mailed to the student while another is turned over to the class officer in order that he may know just how you stand scholastically.

That is the system that is used in getting out report cards on time. Often students who are rather worried and anxious to see their grades slow up the efficiency of the method by asking of the registrar's desk for their marks. If one of the clerks stops to check this fellow out, it means that the clerk working with her must stop, too, and thus the work of two people is delayed and time is lost. It is for this reason that it is necessary to refuse to give out any grades until after all the grades have been checked over. It takes less time to run off an extra duplicate copy and leave it at the desk for the student than it does to search out the grades for him at the time when he is in the office.

## DEBATE SEASON TO BE OPENED FEBRUARY 25

### Eastern Trip and Triangle Debate to Feature This Year's Schedule.

### TO MEET EIGHT SCHOOLS

### Plan Participation in National Forensic Contest at Heidelberg.

The 1928 debating season of M. S. C. will be opened Feb. 25, according to plans announced by Professor Mench, who will be the speaker at the opening of the season.

An eastern trip, a triangle debate with Marquette and Purdue, and three debates in neutral towns will feature the schedule. The debates held in neutral towns are to be sponsored by local business organizations.

During the season, from Feb. 25 to March 29, the affirmative and negative teams will meet eight schools. The subject offered for debate this year is: Resolved, that the United States should cease to intervene by armed force in the government of Latin American nations.

The first debate given at home will be held March 9 with Purdue university. On the same night, one team from State will debate Marquette university at Marquette, competing a part of the triangle debate that has been arranged. A State team will meet Detroit City College at Hastings March 9, under the auspices of the local college club. March 20 has been decided as the date for the debate to be held with Kansas Agricultural College at Jackson, sponsored by the Jackson chamber of commerce.

### A. I. E. E. PLAN IMPORTANT MEETING FOR SENIORS

### Will Discuss Positions for Those Graduating in June.

An important meeting of the A. I. E. E. will be held in room 210 this hall. All seniors expecting to complete their course and enter the engineering field are requested to attend this meeting. Opportunities for graduates in General Electric, Commonwealth Edison, Detroit Edison, New York Edison, Inc., Westinghouse, and other companies will be discussed by the professor in charge of the department.

### KEDZIE BANQUET FUNDS GO TO STUDENT LOAN

### Receipts of the funds contributed by various groups throughout the State to the Kedzie Memorial banquet given at the college last spring has been turned over to the Student Loan fund, it was announced by Prof. W. C. Hedrick.

Professor Hedrick, as chairman of the committee on the banquet, has been to deposit of the contributions through the channel that he feels is most helpful to the student body.

### STATE THEATER OFFERS MAT PICTURES TAKEN IN GYM

### Very interesting and instructive matting pictures on wrestling are being shown in the State theater this week. The shots were all taken in the State gym and Coach Leonard urges all interested in this sport to see the film.

### SPECIAL NOTICE

Students will be able to obtain Spanish Friday tickets for \$1.25 until Friday, Jan. 20. After that date all tickets will be \$1.50. Students will have two days' preference on reserved seats, Feb. 18-19.

## NOTICE TO FRESHMEN

The burying of the hatchet at the beginning of last fall term has not endowed the freshman class with any special rights and privileges. Hereafter it behooves all freshmen to wear their topees at all times and to obey the college traditions to the letter. Proper enforcement of these regulations will be maintained.

CLAUDE OLAN, President of the Student Council.

## THIRD ANNUAL POOL AND BILLIARD TILT TO START

The third annual billiard and pool tournament sponsored by the Union will begin Jan. 16, providing a sufficient number have signed up, according to Paul Smith, the director.

The tournament will be for members of the Union only, and will consist of a series of elimination contests, with prizes awarded the winners. Games are to be given to those taking first place while runners-up will receive a silver playing cup.

A rotation pool contest is planned soon, according to Smith, for those who favor the more manly art of pushing all the ivories in the pocket at once.

## 'SHOW-OFF' TO BE GIVEN TUESDAY

### Preparations-Nearly Finished with Final Rehearsals in Progress.

Work on the "Show-off" George Kelly's delightful comedy, at the State theater, is nearly finished and final rehearsals will be held this week. The play will be presented Tuesday, Jan. 17, at the State theater under the auspices of Theta Alpha Phi, the national honorary dramatic society.

The play is under the direction of Prof. E. S. King of the English department and should prove very entertaining. The action of the play centers around a young man who, in his bluffing and outwitting, acts himself into all sorts of scrapes. It is supported by the following: Marvin Woodworth, Marvin Eddy, Marvin Trumbull, Frank Gresham, Joe MacEachron, Lewis Under, and John Kaiser.

## BANQUET AND DANCE TO FEATURE LEGION MEET

### To Use New Armory and Military Ball Decorations for Dance Jan. 28.

With a dance and the decorations of the Military ball in the new armory as the feature, members of the William Hiker Johnson post of the American Legion are making arrangements for the 6th district meeting of the American Legion in East Lansing, Jan. 28, according to A. C. Baltzer, commander.

A banquet at the Michigan State Union will precede the dance and speakers of prominence in state will be invited to address the program. The American Legion, Michigan division, is the principal speaker. General Wilson and Father Pennington, state officer with the American Legion, second A. C. E. and representative and speaker.

It is expected that 300 legionnaires and their wives will attend the meeting and participate in the program.

## NEW OFFICER ASSIGNED AS R. O. T. C. INSTRUCTOR

First Lieutenant, Horst Roskafellow, of the 34th Infantry, United States Army, has been ordered from Fort Eustis, Virginia, to take up the duties of instructor in the ROTC at Michigan State University. Captain Clyde Kelly, according to a dispatch from Washington.

## REVUE DIRECTOR STARTS CHOICE OF COMEDY CAST

### Glee Club to Participate as "Terror Chorus" in Play.

### WORK ON LEADS

### Play Promises Song Hits and Variety of Good Choruses.

With the arrival of H. Edmund Hill, professional director for the Michigan State Union dramatic organization, choice of cast and choruses has been made for "Spanish Mission," the 1928 production to be presented at the State theater on Feb. 24 and 25.

The entire comedy will require the aid of 100 people, both men and women, for its presentation. About the latter part of the work the choice of choruses will be complete and intensive practices will be held in the Union hall, where members of the various participating choruses meet.

Emphasizing the atmosphere of old Spain, the comedy will have a "Terror Chorus" composed of the members of the college glee club. This chorus will have as its number the original "Song of the Terrorists."

About half of the cast is composed of men and half of women. The choruses are divided into eight groups, two of which will double it at all. Upon inspection of the program, Director Hill asserted that it would adequately fill the requirements of its cast.

Comments upon the large numbers made by those who have practiced their parts indicate that they are very satisfactorily that they will be given a perfect performance. That is, the original "Song of the Terrorists."

The best playing of the part of Juan, Austin in the comedy, the coming over advertising and a fine good vocal abilities will be given by George Kelly. Hill claims to have found the right cast and that he will release the names of the actors and choruses in a few days.

This year a substantial number of girls has been attending the different choruses and the production staff has had a large quantity of material to choose from. The organization was begun under the direction of Prof. J. S. Taylor of the music department, and Director Hill has been keeping it ever close.

Continues for the next full year during the fourth week of February, and dress rehearsals will be held several times before the first stage appearance. The various singing members of the chorus have received their parts and have begun the work of memorizing them.

Mr. Hill has taken an assistant at the Union and has asserted his intention of living with his task during the production of the play.

### AT THE UNION

Of the books in the reading library more than fifty per cent are continuously in circulation. All of the books used in book shelves are included and a variety of books of general interest is available. The rental charge is immediately credited in book checks.

Paul Smith is ready for entrance in the pool and billiard tournaments. You can view the schedule in the billiard room.

M. Joslyn, winner of first prize in 1927, will have charge of the student check tournament and Nathan Brewer, checker champion last year will conduct that competition for 1928.

If you plan on using a room in the Union for a party guest you should make reservations early.

# Michigan State News

Published twice weekly during the college year by the students of Michigan State College. Entered as second class matter at the postoffice, East Lansing, Michigan, College. The Michigan State News office is located on the fourth floor of the Union building, Telephone, college exchange, extension 131.

Editorials appearing in the Michigan State News are written by the editor-in-chief and his assistants, who are students. They can in no way be interpreted as representing the official viewpoint of the college or of the college officials.

### RESPECT YOUR COUPON BOOKS

For the past few years many students have been misusing their athletic book privilege by allowing outsiders to use their books when they themselves were unable to attend. Few students realize the consequences of such a policy. The athletic department issues these athletic books to every student for the almost negligible sum of \$5. The coupons in this book entitle the student to admittance to an average of at least 30 athletic events a term.

Figuring on the basis of 30 events per term, the student pays about 17 cents an event. General admission prices for these events are usually 75 cents per person so that the athletic book saving is a big one. Whenever any student loans his book to an outsider or to someone who has not the privileges of a student, he is virtually robbing the athletic department of the price of one ticket.

### Campus Forum

#### I SAY, YOU AGS!

On Jan. 19 will be held an Ag banquet. It is the revival of an old custom that has fallen into the discard because of the lack of an "esprit de corps" among the students studying agriculture. At this time we will get together and out and make merry. A meeting like this, at which we can get some inspiration to relieve the monotony of continued study and get a glimpse of the human aspects of college life from behind our formal and orderly programs, acts as a stimulant to the heart and mind.

Don't complain about the \$125. It's better to pay a little and have good food and a good time than to put on a cheap affair that disappoints everyone. No one is trying to give us. It costs that much to put on a decent feed.

Chalk a red ring around Jan. 19 on your calendar and buy a ticket to the Ag banquet.

E. P.

### STUDENT COUNCIL PROCEEDINGS

Regular meeting, Jan. 11, 1927. Meeting called to order by the president, Mr. Olin.

Roll call. Present: Olin, Carls, Anderson, Pierce, Goodwin, McInnis, Cummings, Hannah, Greene, McCosh, Abbott, Craig, Kelly.

Report on National Student Federation of America convention at Lincoln, Neb., was heard from Mr. Pierce.

Prof. Lewis Richards appeared before the council to bring up the question of a campus clearing house for dates of the various functions of the college and student body. Favorable opinion was expressed by the council. Goodwin moved, Anderson seconded.

### GLEE CLUB PLANS TRIP FOR SPRING VACATION

The Glee club under the direction of Professor Taylor is planning an extensive trip into the upper peninsula during spring vacation. It is expected that about ten concerts will be given in the larger cities in that part of the state.

## America Discovered for \$7200

Old records show that the cost of Columbus' first expedition to America amounted, in modern exchange, to only \$7200. To finance Columbus, Isabella, Queen of Spain, offered to pawn her jewels. Today word comes from Spain indicating that a twentieth century importation from the new world is fast effecting a sufficient saving to ransom many royal jewels. The Spanish Northern Railway reports that the American equipment with which in 1924 the railroad electrified a mountainous section of its lines from Ujo to Pajares has accomplished the following economies:

1. A 53% saving in the cost of power.
2. A reduction of 40% in the number of engine miles for the same traffic handled.
3. A saving of 73% in the cost of repairs and upkeep for locomotives.
4. A saving of 63% in crew expenses.
5. A reduction of 31% in the cost of moving a ton-kilometer of freight.

In every part of the world, electricity has replaced less efficient methods and is saving sums far greater than the ransom of a queen's jewels. You will always find it an important advantage in your work and in your home.

# STATE TO GET FIRST REAL TILT TONIGHT IN U. OF D. CONTEST

Spartans Benefit from Week's Rest; Men in Good Condition.

HEAVY SCORERS TO START Detroit Squad Includes Many Members of Football Team; Spartans Out for Revenge.

After a week of hard practice, the Michigan State basketball five will meet the University of Detroit tonight at 7:45. This tilt will be the first real test for the State five on their home floor, having won their three home games with ease this far and only losing to Michigan at Ann Arbor before the holidays.

The visitors will put a strong combination on the floor against Coach VanAlstyne's men tonight. Several stars of the gridiron will appear in the Detroit lineup. Some of the men who are likely to be seen tonight are Ed Maloney, Lloyd Brazil, Tom Connell, Butcher, Dowd, Phelan, and Korschun. The U. of D. five won their opening game against the Battle Creek college five in an easy manner last week.

The Spartans, remembering the 21-7 football defeat which the University of Detroit eleven inflicted here last fall on Homecoming day, will undoubtedly try very hard to trouble the visitors. Last season the Michigan State boys were able to defeat the Detroit five at East Lansing but were trounced later at Detroit. This year a return game will be played in Detroit in February.

The State squad with the exception of VanZylen is in good condition. VanZylen sustained some injuries in the Hillsdale game, but should be ready to start tonight. If Coach VanAlstyne calls on him, Dickson and VanZylen are favored to start at forwards to night, while the center position is yet a shakup between Felt, Totten, and Den Herder. At the guard posts Colvin is almost sure to start, while McGillicuddy, Russo, or Schan are likely to get the other call.

The game will start at 7:45 p. m. sharp and it will be broadcast by the college station, WJAL. Jimmie Hiss, who will call the play.

Don't Miss "THE SHOW OFF," Jan. 17

## TRACKMEN START SEASON'S WORK

Practices for the Michigan State indoor track squad began in earnest this week. About 50 men turned out for the varsity track team while only 30 freshmen candidates reported.

Coach Ralph H. Young is in charge of the sprinters while Mike Cantoni and Mort Mason have charge of the hurdlers and distance men respectively. The removal of the varsity basketball squad to a new practice gym in the armory has relieved the congestion in the regular gym and now the track men hold full sway.

Among the sprinters, only three letter men are back. They are Lang and Hansen, short sprints, and Kroll, quarter miler. On the shoulders of these three men will be placed the hopes for a successful relay team this year.

Wareham is the only letter man back who is out for the hurdles. In the weights division, Paul Smith and Tilton are the only letter men out. Harold McAtee is the lone letter man who is out for pole vaulting, while

Davis and Wareham are letter men who are out for the high jump. In the distance division there are three track letter men back and six who are out for the high jump. Cap letter men who are trying to make the indoor track team.

The turnout of freshmen for the indoor track squad has been exceptional and it is expected that the Michigan State cross country letter men, Cap letter men who are trying to make the indoor track team.

## What lies beyond the mountains?

MOUNTAINS blocked the trail of the pioneers who opened up the far west. But that impelling urge of the true pioneer—to explore and know the country beyond—spurred them to surmount these barriers.

In office and laboratory, mountainous problems in management, in methods and in scientific research confront the men of the Bell Telephone System. Yet that same

pioneering instinct—the urge to better the known and at once the unknown—will carry them through.

Just as it has brought them through the difficulties in achieving nationwide uniform service, efficiently engineered and wisely administered. To the modern frontiersmen who carry on this work, still greater developments will be given the thrill of adventure that lies in discovery.
