Proposed Bus Sked Claimed Inadequate For Student Vets

Bus Company Asked To Reconsider Collegefers On Campus Route

By Dwight Jarrell
Proposals by the City Coach Line to limit transportation facilities on the Kalamazoo-Harrison line servicing Michigan State college students residing in the trailer-quonset apartment area met with opposition by the Michigan State News staff on the grounds of extreme inconvenience caused on the student route.
The proposed schedule would have an infinite number of trips each morning from 7:15 to 11:15, with service interrupted until 4:15 to 6:15 p.m. bus facilities would be discontinued at 9:30 that morning and resumed at 11:30 the following night.
Complaints concerning the proposed schedule were received by the News staff in the trailer area proposed for use by the company to replace their service.
James A. Giddens, president of the City Coach Line, said a survey conducted by the company demanded more service on the Kalamazoo-Harrison line because of this.
A decision was obtained from college attorney Karl J. Donal, permitting the company to extend the Kalamazoo-Harrison line to include a stop on Shaw Lane and east of the line to include the Phillips dormitory. It was pointed out that the lengthened route would increase the number of passengers thereby creating a possibility of operating a line at a profit.
It was reported that such a proposal would increase the cost of operation and that no consideration would be given to the matter by the company. The new schedule, limiting bus service on a Kalamazoo-Harrison line, would go into effect June 25.

NSO Convo Makes Plans For Region

Miss Dowd Elected To Replace Fernick As Secretary

Seven representatives from Michigan State attended a regional session of the National Student Organization at the University of Detroit Sunday, June 15.
Included in the delegation were Lou Dowd, Tom Carney, Gordon Hanna, and Ed Howard, delegates, and Dan Geiss, Bob Kinney, and Evelyn Van Steenburgh, alternates. All were recently elected to serve at the Constitutional Convention of the NSO which will convene in Madison, Wis., Aug. 26.
Sunday's meeting was called by Frances Rollins of Marygrove, regional president, to enable participating schools to define and clarify regional policies before the Madison convention.

Miss Dowd, regional president, said the company was being replaced by the Michigan State News staff on the grounds of extreme inconvenience caused on the student route.
The proposed schedule would have an infinite number of trips each morning from 7:15 to 11:15, with service interrupted until 4:15 to 6:15 p.m. bus facilities would be discontinued at 9:30 that morning and resumed at 11:30 the following night.

It was reported that such a proposal would increase the cost of operation and that no consideration would be given to the matter by the company. The new schedule, limiting bus service on a Kalamazoo-Harrison line, would go into effect June 25.

Summer Enrollment At All-Time High

Registration Woes End At Checkout

Leading the early groups throughout the registration procedure were Joseph Emanuel and J. P. Walter Derayghayam, both from India. Behind them, pondering their schedules are John Duggan, Dearborn sophomore; Ralph Fisher, Midland freshman; Jim Ficus, Detroit sophomore; Vernon Fisher, Charleston, N. C., graduate student; and Al Dalhuski, South Bend, Ind., sophomore. In the immediate foreground is Perry L. Starbuck, International Business Machine representative from Endicott, N. Y., speaking with guests on tour of the registration facilities on campus.

Art Students Begin Classes At Leelanau

Classes in sketching and painting began Wednesday at Leelanau summer school, at Leelanau, conducted by the art department of Michigan State college.
Nicola Zirolli, well known Chicago painter and instructor at the University of Illinois, is in charge of the six-week session.
Zirolli has received 17 awards and prizes for his work during the past 10 years and his paintings were featured at a one man show in the Campus art gallery in April.
The Leelanau studio facilities have been remodeled and improved this year by the college, but most of the classwork, however, takes place in the surrounding countryside and at the lake shore.
The Leelanau school is in its sixth annual session at the Leelanau vacation spot.
An exhibition of the work done at the summer school will be shown on the campus in the fall.

Visiting Officials Learn MSC's Registration Idea

By JAMES BURLINGAME
"It's absolutely amazing!" This was the reaction of registrars and business executives from 18 colleges and universities who observed registration system employed at Michigan State during workshop the last three days.
The workshop was arranged in response to the interest shown in the State system at the national convention of the American Association of Collegiate Registrars.
The 36 visiting officials held several sessions, both instruction and observation, in order to cover the entire set-up from beginning to end.
In the general instruction periods, lectures were given by Linton, assistant registrar Kermit Smith, Francis B. Martin, supervisor of the tabulating department, and representatives of the International Business Machines corporation.
After observing the Michigan State operations, the workshop participants were loud in their praise.
Registrar W. T. Southworth from the State College of Washington at Pullman, said:
"There may be something equal in the United States, but there is certainly no better system. The organization is amazing."
Lyman J. Templin, new registrar at Loyola university of Chicago, commented:
"I have just taken over at Loyola and really don't know too much about it, but I emphatically concur with Mr. Southworth that the organization of the program is simply amazing."
Ted McCarrell, assistant registrar at Iowa State, said:
"The system is certainly excellent for the student—I saw no long lines of waiting. It also gets a lot of records for the registrar in a hurry."
C. E. Denkins, director of student services at Illinois Institute of Technology, said:
"The set-up runs very smoothly and from a student standpoint, should be more than acceptable."
W. A. Fletcher, registrar at the University of Wichita, Wichita, Kan., stated:
"This workshop has been most helpful. We don't use a similar system, machine records, etc., but we intend to install one in 1948."
Registrar Emma Detert of the University of Buffalo said:
"I have never seen a smoother operation. The permanent record cards are a model of efficiency and neatness."
In commenting on the workshop, Linton said:
"I believe this is the first workshop of its type ever to be held. The interest shown has made it an invaluable source of information to both the participants and to Michigan State, the sponsors."

State Ag Board Sees Budget

The State Board of Agriculture, governing body of Michigan State college, met yesterday to consider problems involved in the operation of the college.
Top item on the day's agenda was the budget for the fiscal year, beginning July 1, which was to be presented for the Board's approval. At press time the Board was still in session, and details concerning the business transactions of the meeting were not available.
Grants to the college and new appointments and resignations accepted took up the balance of the meeting.

Beta Sigma Sigma Elects New Heads

Beta Sigma Sigma, landscape architecture and horticulture honor society, recently initiated ten Michigan State students and elected new officers for the coming year.
Alfred Himby, Detroit, was elected president and Paul Andrews will be vice-president. The secretary will be Eunice Miller with Nancy Beck as treasurer.

Dance, Movies Start Summer Society Season

Joe Cappa's 10-piece band and vocal soloist, which has just finished an engagement at the Delta, will make its first appearance on the campus when it furnishes the music and the entertainment for the Union Board dance tonight in the Union ballroom.
In addition to the vocal soloist, entertainment will be furnished by a vocal quartet composed of the girl vocalist, augmented by three men from the sax section. Maurice Styles will present variations on the vibraphone during intermissions.
Patrons for the dance are Mr. and Mrs. Ray Hatch and Mr. and Mrs. Lawrence Cooke.
Tonight the movie, "Fiesta," in technical, will be shown as a feature of the summer concert series. Starred in this "south of the border" production are Anne Ayars, George Negreta, and George Givote.
"Mollie Peppin," a musical starring Olson and Johnson, will be shown tomorrow night. Both pictures are free to students presenting their activities book and will be shown at Fairchild theater starting at 8.

Three Ag Men Talk On WGN Farm Program

Dr. James Tyson, associate professor of soil science, spoke yesterday on "Sub-surface Tillage" on WGN Chicago on the Farm Service Program. He is one of three members of the MSC staff who are speaking over this program.
"Some New Insecticides—Their Uses and Their Limitations" was a topic of discussion today by Roy L. Jans, extension specialist in entomology.
Tuesday, Leonard J. Branson, extension specialist in conservation, will talk on "Soil Conservation Farm Planning."
They were interviewed by Hal Peterson, WGN Farm Director, who conducted the interview on a recent trip to East Lansing. The program is heard from 6:30 to 6:45 p.m.

Art Group Award Goes To Sculptor Of Michigan State

Carl L. Schmidt, French-born New York sculptor, who is teaching here this summer, has been named to receive a \$1,000 award by the American Academy of Arts and Letters.
Schmidt moved to this country in 1938 and has received considerable recognition in recognition of his work. A one-man show of his work is currently being shown at New York by the Academy of Arts and Letters.
Funds for the funds of the new building will be donated by Schmidt.
He will teach sculpture, carving and clay modeling in the 13 week course, according to Howard Church, head of the Art department.

The Spartan Lines...

Where To Live And Eat This Summer

Men and women students who are leaving East Lansing's hot weather and have applied in summer school are quickly becoming familiar with the local restaurants and cafeterias open this summer, and the few dining services and faculty and society houses which have been left open for summer school.
The Union cafeteria, which will feed a large percentage of students, starts in summer school, and will be open the entire summer.
The cafeteria will serve meals on Monday through Saturday from 7:30 to 9:15 to 11:30 to 7. On Sunday the cafeteria will be open from 10:30 to 12:30.

College Announces Library Hours

A new schedule of hours at the library will be in effect summer term, it was announced yesterday. Monday through Friday the library will be open from 8 a.m. to 5 p.m., and on Saturday will close at 12. The library will be closed on Sundays.
Students may take reference books to the assigned reading room, which will be open Saturday afternoons, if the library desk is notified before 11 Saturday morning.

Ernest Wolff Will Conduct Voice Classes

A series of summer classes will be conducted by Ernest Wolff, vocal coach, pianist and conductor, according to Prof. Underwood, head of music department. He will give instruction to vocal pupils from July 14 to August 1.
Wolff has appeared with many of the world's leading orchestras. He has served as advisor for many of the festivals in Europe and is internationally known for his knowledge of song literature.
Singers have traveled from many countries to study with Wolff, including Ross Hampton, Bonelli, Gauthier, Gerhardt, Ivogun, Kipnis, Jepson, Maynor, Onegin, Schlusnus, Schumann, Slezak, Stueckgold, Jagel and others.
Wolff has appeared with such instrumentalists as Barrer, Enoch, Beurman, Kreisler and Piattorshy.

Big Tree Sought By Forestry Head; Will Give Syrup

Finding the largest tree in Michigan may prove to be a big job but will be profitable to the winner of the half-gallon of pure maple syrup, which is the prize in the contest announced yesterday by Paul A. Herbert, head of the department of forestry.
The contest is an outcome of many questions by the foresters regarding the location of the state's largest tree. Herbert hopes that the contest will provide the answer.
Anyone may enter the contest by reporting the tree that they may see. Information should give an accurate account of the location by land description. The largest entries will be checked by the forestry department.
Labor Day is the final date that entries will be received and they should be mailed to Lester Bell, forestry department, Michigan State College, East Lansing, Michigan.

Registration Totals To Rise; Many Attend Special Courses On Six-week Short Program

Shows Open With Music On Monday

Ensemble, Singer To Give Program In Auditorium

Josephine Antoine and the Chicago String Ensemble will present the first concert of the summer school lecture-concert series Monday, June 23, at 8:15. The program will be the only one of the series held in the College auditorium.
The Chicago String Ensemble, conducted by Rudolf Serkin, is made up of 13 musicians from the Chicago Symphony Orchestra. Carl Pink is conductor. Florence Henline accompanies Miss Antoine.

Student Body Numbers Over 500 More Than Last Years Record

Summer school registrations hit an all time high at Michigan State as 4,639 students registered for six and 12 week courses.
Last year's record enrollment saw 4,139 students attend either six or 12 week sessions. This year's total is the highest on record by some 500.
Registrar Robert S. Linton said that he expected registrations to continue heavily throughout the rest of the week.
Of the 4,639 students, veterans numbered 2,767 of the total. The rest of course, are civilian students.

350 Students Depart For ROTC Camps

A small scale army mobilization began yesterday as the first contingent of MSC's 350 advanced ROTC students left for summer camp by train, bus and truck.
In keeping with tradition, wives and sweethearts waved farewell and returned to dorms, trailer-cab or their parents.
In the meantime army camps over the country are reaping the benefits for the thousands of advanced military students arriving for summer camp.

There will be a meeting of all prospective State News members Monday at 1 p.m. in the News office. Union announced.

MSC students are scheduled for four camps in the east and Midwest. They will spend weeks applying theories and classroom problems to actual situations in the field.
Infantry, cavalry, field art and signal corps cadets travel farthest, with their destination Riley on the prairies of Kansas.
Quartermasters to Lee
Second longest journey is that of the quartermaster students, training area has been set in Lee, Va. Headquarters of quartermaster troops, Ft. Sheridan, Ill., on the skirts of Chicago, has been selected for coast artillery and infantry police students.
An corps cadets will be Chanute Field, Ill., base for corps engineering training.

Art Institute Buys Jones' Lithograph

Prof. W. Murray Jones of the Art department staff, widely known for his prints and oil paintings, has been informed that one of his lithographs has been purchased by the Art Institute of Chicago.
The picture is entitled "April Is the Cruellest Month." It will be added to the Institute's permanent collection of prints.
Jones is teaching oil painting for the six-week period, after which he will do special research in print making.

Guidance Men To Instruct As Visitors

Six faculty members will teach counselor training courses at other universities this summer, said C. E. Erickson, director of the institute of counseling, guidance and testing. Requests were made by the schools in recognition of the institute's type of work, this field being done at Michigan State college.
Dr. Erickson will teach at University of Southern California and Dr. Edgar L. Mearns, associate professor, will join New York university's staff during August.
Faculty members from other departments include Harry Smith of the college counseling department who is to teach at the University of West Virginia; Ernest Hansen, doctoral assistant in the institute, to teach at Montana State college; Harold B. Poppo, assistant professor of effectiveness, teaching at New York university; and George Myers, instructor of effective living, will teach at the College of Ham and Mary.

Guidance Men To Instruct As Visitors

The registration figures for the Leelanau art camp and the forestry camp at Dunbar, as well as the journalism students taking their fieldwork this term.

Fourth Holiday

Thursday, June 26, is the last day that classes will be added to a student's class schedule. The only holiday that will give students a breather throughout the summer will be Friday, July 4, when no classes will be held.
Classes scheduled throughout the quarter include the home management workshop, the government workshop, and the rural education workshop.

AL'S HALF ACRE

So You're In Summer School

By AL BERGLUND

FIRST OFF, I want to extend a word of welcome from the State News to every student who is enrolling at Michigan State for the first time.

The State News particularly welcomes any student, new or old, who is interested in working on the paper this summer.

in summer school was provided yesterday, when only one coed, Flo Bilinsky, showed up at our first staff meeting.

SO YOU are in summer school. To those of you who are not acquainted with the rigors of a summer session at Michigan State, allow me to warn you that when it comes to entertainment, the student is left pretty much to his own devices.

Summer sports facilities at Michigan State are in the process of being organized for the use of students, and announcement will probably be made next week regarding the availability of the college swimming pools and the tennis courts.

Psych Pro Studies Learn Summer Quarter

Dr. M. Ray Denny, assistant professor of psychology, has been released from teaching duties this summer quarter to enable him to carry on five studies of learning.

Doctor Denny will study learning under conditions of various degrees of work and the acquisition of habits under varying conditions.

In Doctor Denny's experimental study of animal learning published in the "Journal of Experimental Psychology" he showed that learning is a function of the number of rewarded trials and not simply the number of practice trials.

S' Wives Add To Income By Holding Unique Jobs

By JEAN BOWERS

Spartan wives, those who are not raising a family, and some of those who are, have found ways to keep busy and fatten the family finances at the same time.

One of the most unique jobs held by a Spartan wife is that of Martha Donnelly Mueller, of Lansing. Mrs. Mueller is the only woman in Michigan to sell radio advertising.

Mrs. Welcoe Palmeter, who has a two-year-old son, plans to own and operate her own beauty parlor somewhere in East Lansing.

Gerry Hallock was intrigued with her work at the Parenthood League in Lansing. She advised mothers on such matters as planning families and baby spacing.

Some of the wives have found work helping the faculty, or in the Ad building. Dorothy Taylor has worked in the financial office of the Ad building for some time now, and likes it.

Some of the wives have found work helping the faculty, or in the Ad building. Dorothy Taylor has worked in the financial office of the Ad building for some time now, and likes it.

Many wives are clerks, some sew and do alterations, while others are baby sitters. Those who have homes, or lots of space, rent or board other students.

Nancy Waterson is a Y-teen advisor at the YWCA in Lansing. Although modest, Nancy admits she has received state recognition for her activities in the "Y".

Five of the wives are instructors at State. None have had their husbands in their classes yet.

And men! Be wary when you flirt with an operator on the college switchboard. She may be the wife of a fellow Spartan.

CRIN AND BEAR IT . . . By Lichy

"I told you I could only afford a week's vacation and coming to this pokey old resort will make it seem like a month."

YARDBIRD'S CORNER

Veterans who have been attending school under the GI Bill may not use unemployment allowances as summer vacation pay between school terms, officials at the Veterans Administration Branch Office in Columbus emphasized today.

VA officials pointed out that only veterans actively seeking and willing to accept any suitable work may legally receive unemployment allowances. Even then, veterans are not eligible for unemployment pay during any period for which they receive subsistence allowances under the educational and training provisions of the GI Bill.

VA officials said that veterans remaining in school during the summer will continue to receive subsistence allowances, but payments are stopped for those who interrupt their studies during the summer months.

Student veterans who submit changes of address to the Veterans Administration should indicate whether the changes are temporary or permanent. VA officials said today.

Education and job-training benefits are available to eligible World War II veterans under provisions of the GI Bill (Public Law 346) and the Vocational Rehabilitation Act (Public Law 16).

Of Ohio's 770,000 World War veterans, 325,688 have been approved for training benefits and 150,933 actually have commenced training courses.

In Michigan, 184,471 of the state's 344,000 World War II veterans have been approved for training and 103,000 have started training programs.

Slightly less than half of the World War II veterans in Ohio, Michigan and Kentucky who have applied for education or job-training benefits provided by the government actually have entered into any type of training program, VA reported.

Officials at the VA's tri-state Branch Office in Columbus said 405,926 applications for education and job-training have been approved, while 68.3 per cent, or 294,100 veterans, have taken advantage of their benefits.

We Need An Ambulance

On June 12 a letter was received from the War Assets Administration stating that 7 ambulances were available to hospitals, institutions, and local units of government that are in need of such vehicles.

The letter further said that the ambulances could be offered to purchasers who will certify that the equipment will be used for ambulance purposes only.

Here is a real opportunity for Michigan State to get a much-needed ambulance, and to get it cheap.

During the last term, there were three specific incidences in which an ambulance could have been profitably used and in which it was definitely needed. We didn't have one!

On the same day, two persons were seriously injured—one a student, one a construction worker. The construction worker later died of his injuries. It is not known whether an ambulance on the scene might have saved his life. We didn't have one!

Also in spring term, a coed suffered a heart attack in one of the classrooms—an ambulance was needed. We didn't have one!

Granted, these are unusual situations. But, if an ambulance could save one person's life every 10 years, or even every 100 years, the money involved would be negligible.

There are many places on campus where a serious accident could occur. The chemistry labs, the machine shop, and especially the athletic fields are possible danger spots.

The college has no ambulance standing by at any of the athletic events. There is an ambulance at football games, but it is privately owned. Our athletes deserve the protection an ambulance would afford.

The ambulances available are at Perry Jones Memorial hospital at Fort Custer. They are priced from \$134.50 to \$630.88 and the college is entitled to a 40 percent discount on these prices. With the discount, the most expensive ambulance would cost only \$498.53. That is a cost of 3.8 cents per student—a small price to pay for protection.

The cost of the ambulance is not the only one to be considered, but certainly student drivers could be obtained at nominal rates. Michigan State college is a big city. The citizens of this city are entitled to the public service of ambulance facilities.

Entered as second-class matter under act of March 3, 1879 at the post-office, East Lansing, Mich. Offices located on ground floor of east wing of Union Building Annex, room 1.

Published daily except Sunday and Monday mornings during the regular school year and Wednesday and Friday mornings during summer session by the students of Michigan State College.

TRAILER TALK

The Trailer Village will be practically deserted this summer. A few of those who will hold the tent, however, are George and Jean Hawes of E-6. George, a Flint senior, is going to continue hitting the books with a trip to Shelby at the end of the term coming as a welcome break.

Jim and Hazel Harle, of E-25 both from Grosse Pointe, are hoping to move over to the backhacks apartments this summer. It's a chemistry major. They will relax for two weeks at their cottage in Kingsville, Canada, after the summer term.

Herbert Craig, C-6, chemistry major from Detroit, and his wife, Lizzy, are staying to supervise the growth of their newly planted gourds. The rain has raised havoc with them so far. Herbert hopes to finish his senior credits this summer.

Six weeks with the ROTC in Chanute Field this summer is the plan of Elwood Vengon, E-8, horticulture sophomore from Buchanan. His wife, Betty, will vacation at her home in Plymouth, Ind., during that time.

Lee and Pat Post of J-14 will stay in town and work to replenish the family jackpot. Lee is a Sturgis sophomore.

After graduation week, Ed and Doris Lowry, M-8, are settling down in Columbia, Mo., where Ed has a position as an aquatic biologist. Doris has been teaching in Hasielt this past year.

Another couple, planning to be in Lansing this summer is Doris and Doris Vanderscors, P-10. Doris is a chemical engineering junior from Grandville, Pa. Doris is going to work for the Michigan State Police.

Major Letters Won By 54 MSC Athletes For Spring Sports

Track Leads Spartan Teams; Twenty-Five Given Varsity 'S'

Athletic Director Ralph H. Young has announced the award of 54 major varsity letters to Michigan State college athletes for spring sports. Twenty-three additional awards were made to members of the rifle and pistol teams.

Coach Karl Schlademant's track and field squad led in all letter winners, 25 in all. The cindermen led all sports with an 833 average. The trackmen won five outdoor meets against a single loss. In the lost one, State split with Michigan and Ohio State, losing to the Wolverines and to the Buckeyes.

Baseball
Robert A. Fraser, Adolph J. Weinacker, all of Detroit.

Other track lettermen are: Capt. James M. Fraser, Webberville, Fred Johnson, Grandville, Walter A. Kaimbach, Grand Lake, Detroit, Jack B. Buffalo, N. Y., Harold D. Mayhew, Charlotte, John H. Mueller, Elmhurst, Ill., Roy K. Niemeyer, Arlington Heights, Ill., Robert E. Schepers, McLean, Robert A. Sewell, Cleveland, Edmund H. Shields, Manchester, Conn., George Shuman, Escanaba, Robert L. Vosburg, Pontiac, James J. Zito, Geneva, Ohio, John A. Warner, Lake Odessa, won a manager's award.

Baseball
Frank A. Bardoun, Rockford, Ill., Edward R. Barberio, New Haven, Conn., Richard J. Dietz, Harrison, W. Va., Rodney S. Morgan, George H. Rutenber, all of Detroit, Jack B. Dillon, Grand Pointe, Edward M. Erickson, Dunkirk, N. Y., Martin W. Ramon, Flint, Donald R. Harris, Genoa, Ill., Richard C. Mammuth, Lansing, Richard L. Mincevasser, Pontiac, Albert P. Poppler, Milwaukee, Robin E. Roberts, Springfield, Ill., Stephen R. Sieradski, Muskegon, Edward F. Sobczak, Pittsburgh, Eugene J. Walsh, Buffalo, Minn., letters were awarded to Neil M. Ricketts, Lansing, Elwood R. Suter, Detroit, and Daniel A. Uthman, Flint, Kenneth C. Clark won the manager award.

Golf
Robert E. Billig, Dearborn, Brian C. Charter, Jack C. Muntzer, Jackson, Duncan G. Fisher, LaGrange, Ill., Robert L. Taney, East Lansing, Donald E. Vantine, Pontiac.

Rifle

Spring Grid Practice Set New Mark

By BILL FRASER

When spring football practice opened March 31, MSC's new head coach, Clarence "Biggie" Munn, greeted his first Spartan grid squad in Jenison fieldhouse.

Nearly 200 hopefuls answered the first call for players and soon Munn and his assistants, Forrest Evashevski, Hugh Daugherty, Kip Taylor and Lou Zerna, were tutoring 234 men on all-time record total.

In the opening sessions, emphasis was placed on blocking and other basic problems. By the end of the first week, the candidates were divided into a dozen teams and introduced to the new, single-wing, unbalanced line system.

Moving outdoors April 14, contact work became the keynote of the daily workouts. Every Saturday the gridlers went through long, game-type, intra-squad workouts.

To make the best use of his material in the new system, Munn shifted several lettermen to new positions.

The quarterback slot, focal position in the "T", was involved in all player shifts. Former left halfbacks Gene Glick and Tony Waldron were made signal callers to make use of their passing talents.

Carl Cappaert, Russ Gilpin and Bob Oting, all quarterbacks last year, were moved into the forward wall. Gilpin and Oting were converted into guards and Cappaert was moved into a tackle post.

A dinner was held Friday, May 17, to honor outstanding squad members.

McCurry Named Captain
Bob McCurry, Lewiston, Pa., sophomore and first string center last fall, was named captain of the 1947 eleven by vote of last year's letter winners.

Jim Blunkhorn received an engraved gold wristwatch from the coaching staff for being the player who showed most improvement during the workouts.

Munn told the squad he was satisfied with their efforts and announced that about 65 players would be invited to come out for fall practice, beginning Aug. 25.

State Enters Top Stars For NCAA Track Final

Spartan Aces Seek Victory To End Successful Season Plan To Honor Old Mentors At NCAA Meet

Winding up the most successful track season in Michigan State's history, four men will represent the Spartan cinder squad in the NCAA meet at Salt Lake City Friday and Saturday.

Coach Karl Schlademant has taken Jack Dianetti, Bob Schepers, Fred Johnson and Hal Mayhew to the meet. They will compete in eight of the 14 events.

It was this quarter that paced Michigan State to the Central Collegiate conference indoor and outdoor titles and second place in the IC-4A championships.

Four Dual Wins
The State squad also recorded outdoor victory over Michigan, Notre Dame, Penn State and Marquette in dual competition. In addition the Spartans placed second behind Ohio State in a triangular test with the Buckeyes and Purdue.

"Since Illinois and Southern California will be present at full strength, we figure it best to concentrate on our best individual events."

He predicted that the increasing strength of Michigan State's track squad would place the Spartans in a position to be a serious contender for the NCAA team title in a few years.

Schepers had an off day at the IC-4A after running up an amazing 10-race winning streak in dual competition. His best time for the 100 is 09.7. He has done the 220 in 2:13.

Johnson in 3 Events
Johnson will appear in three events, the broad jump, low hurdles and 100 yard dash. The versatile freshman topped all individual scorers in the IC-4A meet with 34 points on first places in the hurdles and broad jump and second place in the dash.

Johnson's winning broad jump covered 24 feet 7 1/2 inches, the best mark of his career. He won the low hurdle race in 23.7 seconds and turned in a 09.8 clocking while qualifying for the 100.

Dianetti will concentrate on the half mile, where his best time is 1:51.7, as he finished second to Regie Pearson of NYU in the IC-4A. The freshman mid-distance runner has run a 4:12 mile this year and may also be entered in that event.

Mayhew will be entered in both hurdles. He has covered the high hurdles in 1:42 and the low in 23.9.

Johnson will appear in three events, the broad jump, low hurdles and 100 yard dash. The versatile freshman topped all individual scorers in the IC-4A meet with 34 points on first places in the hurdles and broad jump and second place in the dash.

Six Spartan Golfer Enter NCAA Tourney At U of M Monday

By BILL SAILE

The curtain falls on another MSC sport Monday, June 23, when a six man Spartan aggregation tees off with a record field of entries in the 1947 NCAA golf tournament at the University of Michigan course.

Coach Ron Van Alstyne will rely on the same sextet that rank up a 4-6 record last term. Bob Billig, the only upper classman on the squad, will head the list as honorary captain. Billig will tee off in the number six spot.

Tamey Number One
Holding down the number one slot on the Spartan team will be Bob Tamey. Bob has held the post all year and leads the line-up with a low 73 season average. On the last appearance at the Michigan course Tamey won the Michigan course Tamey won the Michigan course Tamey won the Michigan course.

Number two spot on the Spartan squad has been given to Dan Stanford. Stanford has a 74 average and is the only Spartan to have won a national title in several years and is rated an inside favorite for the host team.

Stanford Favored
Heading the list of favorites in the six man squad from the University of Michigan with many veterans from last year's NCAA championship team.

Another favorite is the home team, the University of Michigan. The Wolverines will send the same squad that finished just a few weeks behind Stanford last year. Michigan will be pointing to its first national title in several years and is rated an inside favorite for the host team.

Four other teams, and even more, will be in the field. The field will include Stanford, Michigan, Penn State, and even more, will be in the field. The field will include Stanford, Michigan, Penn State, and even more, will be in the field.

Fundamental Engineering Studies

In a company like Du Pont the diversity of chemical operations is great and the investment in equipment is high. In addition to the engineering work done in the ten industrial departments, the responsibility for design and construction of manufacturing plants is undertaken by the central engineering department, which also maintains an engineering research laboratory. This laboratory is staffed by chemical, metallurgical and mechanical engineers, and physicists, whose function is to carry on fundamental and pioneering applied research to develop new methods of processing and equipment design, improve equipment, materials

Developing greater knowledge is an essential every day. G. J. Ganshous, G. S. Ganshous Engineering, Georgia Tech. '41; F. A. Ganshous, G. S. Ganshous Engineering, Penn State '42.

of construction, and methods of manufacturing and control; and establish fundamental relationships in unit operations and unit processes.

temperature along the dryer, it was possible to calculate the air temperature at each point in the dryer and thereby to determine point values of the heat transfer coefficient. This procedure permits the calculation of a more accurate average temperature difference, which gives more accurate heat transfer coefficients than can be obtained from terminal conditions only.

Studies on a Laboratory Scale
Fundamental studies of heat transfer and mass transfer were made in a laboratory scale rotary dryer, 1 ft. in diameter by 6 ft. long. To determine the true heat transfer coefficient, special methods were devised to measure the material temperature along the length of the dryer and to measure continuously the temperature of the resulting air stream. These determinations permitted calculation of all the heat transfer coefficients of the dryer: overall, film air to solid, film solid to solid, and film air to shell.

During the course of the study, every opportunity was taken to obtain heat transfer data on large-scale plant dryers in order to establish scale-up factors. This procedure permitted the correlation of heat transfer coefficients from a 1 ft. diameter dryer with those of full plant size.

Questions College Men ask about working with Du Pont

WHAT KIND OF OPPORTUNITY DOES DU PONT OFFER?

All new employees receive on-the-job training. Men who are engaged in research, development or engineering have the opportunity to add considerably to their knowledge and experience in specific fields. The practical training is supplemented at many Du Pont plants and laboratories by courses, seminars and lectures. Write for booklet, "The Du Pont Company and the College Graduate," 2001 Station Road, Inc., Philadelphia 26, Pa.

Boys' State Ends Stay Today

Citizens To Get Diplomas After Eight Days At MSC

Nine hundred boys, the citizens of Wolverine Boys' State, will receive diplomas today at the climax of eight days of governing the mythical "49th state."

Convening in Jenison fieldhouse, the citizens of the American Legion sponsored experiment in practical government will hear Owen Cleary, president of Cleary Business college and former major general in the Michigan State troops, give the commencement address.

300 Freshmen To Get Trip To Fall Camp

Yesterday, the boys marched upon Lansing where the boy officials took over the offices of their grown counterparts in the state government.

Wolverine Boys' State was held in the quonset village this year for the first time. Citizens occupied some 60 of the hut, and ate their meals in the quonset cafeteria Jenison fieldhouse was the headquarters for the group and all the state offices and general assemblies met there.

Roy Goethe, of Ishpeming, was elected governor of the 49th State while Ray McCamey of Detroit held down the office of lieutenant governor.

Foremost among the measures passed by the Boys' State house of representatives was a resolution against compulsory military training. The senate passed a resolution favoring the 18 year old vote.

Organizations who wish to place announcements in the information column must have them in the State News office before 5 p.m. two days before publication date.

The state board of agriculture also ruled that all dandelions were food and could not be picked and that all grass was pasture and could not be walked upon.

The American Legion sponsors the event which draws boys from all over the state. The boys are sponsored by local legion posts and service clubs, such as the Lions, Kiwanis and Rotary.

The boys are divided up into cities and counties within the state. Each unit of government has a full set of officers from mayor down. A full slate of state officials is elected or appointed.

Upon arrival at Boys State, the citizens are divided into two parties, the Athenians and the Trojans. Each party then goes through the standard procedure with county and state conventions, nomination of candidate and setting up a platform.

The citizens arrived at State Thursday, June 12. By Friday they had nominated and elected mayors for the cities. Saturday the election for state officers was held. The Trojan party won all the state offices except lieutenant governor.

A full program of athletics is provided for the boys. MSC coaches hold athletic clinics for interested citizens of Boys' State. Softball and volleyball tournaments are held.

Activities at Boys State are under the direction of a group of American Legion commissioners, headed by Dwight Rich, superintendent of schools in Lansing. College students from Michigan State, Kalamazoo college and other schools serve as counsellors and advisors to the group.

NSO

necessity of expanding the number of member schools in all regions, including Michigan.

Miss Dowd was elected regional secretary to succeed Joe Pernick, also of State. Howard was appointed to act on a committee to survey the possibilities of reducing the present number of regions, 30, to a smaller number of larger functional areas.

The next meeting will be held Sunday, Aug. 3, at Michigan State.

Dramatic Classes To Begin Tuesday For Children

The Children's theater of Michigan State college will offer creative dramatic classes for children of two age groups, Paul D. Bagwell, acting head of the department of speech, dramatics, and radio education announced.

Classes will be in charge of Miss Eleanor Chase, director of children's work at Texas State College for Women.

The younger group of 8 to 10 years of age will meet Tuesdays at 1 p.m. and Thursdays at 3 p.m. The 11 and 12 year olds will meet Tuesday at 3 p.m. and Thursday at 1 p.m.

Registration will be held Tuesday and classes are scheduled to begin the same day.

Petition White House

A group of CIO leaders pose at the White House door with boxes of petitions which they say contain a half-million signatures asking veto of the Taft-Hartley labor bill. (AP Wirephoto)

4-H To Hold Conference On Campus

Dr. John A. Hannah will welcome 650 Michigan 4-H club members and 100 leaders to MSC when the first of the state 4-H club camps convenes here on Tuesday.

Delegates will register Tuesday morning and club leaders indicate that many activities have been planned for the MSC camp which is being held for the members in the 41 southern counties of Michigan.

Hannah to Speak
Tuesday afternoon will be devoted to meetings of local leaders and organization of groups. After President Hannah's welcoming address in the evening, Clarence L. (Biggie) Munn, head football coach at MSC, will describe a Canadian canoe trip. Recognition to older club members will be given in an address by A. G. Kettunen, state 4-H club leader.

Featured on Wednesday's program will be classes and trips to Michigan State's agricultural buildings during the day. A candle-lighting service conducted by R. J. Baldwin, director of the Michigan agricultural extension

service, will highlight the evening program.

To Meet Night

Discussions, more classes and tours will be held on Thursday and Friday with the annual trip to the state capital as the last event on the camp program. At the capitol the group will be greeted by Governor Elm Storer and Commissioner of Agriculture Charles Fig.

of by Governor Elm Storer and Commissioner of Agriculture Charles Fig.

Camps will be held at Gaylord and Chatham later in the summer for clubs in the northern counties.
