Number 41

Today's Editorial
Discusses Novelty of
Scholarship Day

Volume 21

The Blarney Stone

IS IT ENOUGH?

In a recent edition of a downtown newspaper appeared a story on a co-ed's appraisal of what she would prefer to find in a man. Although it is common knowledge that the most desired things in a man is money, several other prerequisites were mentioned among which are brunettes, tall stature, athletic physique, moustaches, good appearance, ambition, modern dress, good nature and generosity. We admit that the co-eds don't want much but the surprising thing is that a salary of only \$2,500 is set as the required income. Twenty-five hundred dollars might sound all right on paper but we would hate to try and support a modern wife with such a sum.

SCHOLARSHIP COMMITTEE

If there was ever a time when every good man should rise to the call of his country, the time is now, scholarship speaking. Although there may be a few attending school who are as good as A's and B's without much effort, the general run of mankind at present writing is confronted with a task better than C's, D's or worse. Although the family back home may smile and allow the last mentioned grades, it is common knowledge that the faculty has never been prone to do so nor is there any indication of its changing its front, in regard to such subject. With such a condition of affairs it behooves us of the less scholarly inclined to get in there and ball for the last two weeks.

HAUNTED?

There is a story abroad of ghosts working in the secluded recesses of the memorial tower, the Campanile. Screams and screeches have been heard about it upon the emptiness of the morning air and 'tis said that there may be foul play afoot. Anyhow there has been enough of the spooks in that quarter to route the police out of their quarters at every morning hour to make an investigation which disclosed nothing.

GRAYBEARDS

Organizations may come and organizations may go, but the Graybeards go on forever. The Graybeards, an organized group of five, six, and eight year men on this campus of ours, are several; have stepped into the empty shoes of the Little Men Devils and the Daddy Long Legs club that were in much prominence two years back. It is understood that several of their members are hoping to be college historians some day.

A LA DEMPSEY

campus-wide boxing tournament being staged in the gym this week is the idea in mind of finding the champion of each class. It is understood that the freshman class has several belligerents who have aspirations for the belt and an equal number of the second year men who would like nothing better than to prove their abilities against a yearling Jack Dempsey. The successor to Tex Rickard may be keeping an eye on the boys' hopes of lining up some more money to win the heavyweight championship, earn a million, resign the presidency, and marry an heiress. All these things, his college education will not have been in vain.

CONVENIENT CAMPUS CALENDAR

FRIDAY—
8 p. m.—Michigan Interscholastic swimming meet. Gym pool. Finals at 7 p. m.
10 p. m.—Sophomore Prom. Union ballroom.
SATURDAY—
10 to Church Sunday at Peoples Church.
McCune preaches for last time previous to going abroad.
SUNDAY—
8 p. m.—Preliminaries begin for annual inter-fraternity track meet.
LIBERAL ART STUDENTS
Liberal Art students who are in doubt as to the required courses which they should take during spring term are asked to call on the Liberal Arts office before the end of the term.

TO CELEBRATE SCHOLARSHIP DAY IN CONVO

Honor Students Will Receive Awards; to Introduce Election Candidates.

ASK STUDENT SUPPORT

Honoring students who attained a high scholastic rating during the past year, the last convocation of the year will be held in the gymnasium Wednesday, March 20, from 11 to 12 noon, on the occasion of scholarship day. It is to be celebrated.

Special scholarship prizes will be awarded to seven students who have attained unusual distinction in their college work. More than 200 students comprise the Honor Roll which signifies a "B average or better" in their credits. The complete roster will be featured in the next edition of the State News. Each student whose name is included on this list is to receive a brochure which contains his name.

President Shaw will preside at the convocation with members of the state board of agriculture present on the platform. Special awards totaling about \$500 in cash are to be presented by representatives of the various divisions in which the recipients are enrolled.

An added feature at the convocation will be the presentation to the student body of candidates for student offices in the election which takes place Thursday, March 21. Candidates for the State News positions, student council, Union board and W. S. G. A. are to be introduced.

Those arranging for the convocation have expressed the wish that the student body make it a point to attend the affair, not only as a mark of respect to the students receiving the scholastic honors, but also because of the importance of knowing the candidates up for election Thursday.

CULVER POLOISTS TO PLAY STATE

Spartans Gain Double Victory Over Ohio State in Detroit Last Week.

Scoring its first collegiate polo triumph over Ohio State with a double victory at the indoor arena of the Detroit Riding and Hunting club on Friday and Saturday evenings, the Spartans are preparing to meet the crack Culver Military Academy team for the final indoor polo game of the year in Demonstration hall on April 13.

The Culver team is rated as one of the best teams of the west, according to Col. Sherburne. The two victories of the Spartans over Ohio State in Detroit last week have given a great impetus to the men, and the game should be a hard fought match.

The State team of Ted Leavitt, H. M. Ocker, Clarence Mullett, suffered from stage fright at the start of the first game but soon gained confidence with the brilliant leadership of Leavitt.

While it is conceded that indoor polo will never replace football in inter-collegiate sports competition, the two contests with Ohio State saw the sport get away to a flying start both from the standpoint of attendance and playing by the two teams.

Col. Sherburne states that interest in polo as a competitive sport was growing rapidly among the schools in the middle west.

FORESTRY DEPT. TAPS MAPLES ALONG RED CEDAR

With the tapping of 800 trees along the Red Cedar, the forestry department expects to start making maple sugar some time this week. The new sugar house and evaporator have been put into running shape, so everything will be sugar now.

HISTORY EXPLAINS ONE LONE SPIRE ON TOWER

Originated by Ancient Gothic Architects; First Used on Early Cathedrals.

What question has been uppermost in the mind of every student on our fair campus? Hasn't it something to do with the tower? Why that one lone spire that points toward the clouds, rising above its three brothers? Everyone has remarked upon that spire. Why isn't it the same height as the others?

Here is the astounding answer. Centuries ago when the colossal cathedrals were built in Europe, each had its own patron saint. Naturally the guardian angel of each parish was placed on a pedestal far above that of any other holy personage and thus not only literally speaking, but actually, the spire placed the stature of their patron on the spinnet pinnacle of their religious edifice.

If the church was not very tall, a spire was erected and the statue placed on the top of it. Gradually this became a part common to all types of Gothic architecture and has remained so to the present day.

Now, when anyone asks you the reason for the lack of symmetry of the tower spire, you can truthfully say that the spire was erected to honor the patron saint who had there been one.

CO-EDS SELECT OFFICE NOMINEES

Co-eds Announce Candidates for W. S. G. A., W. A. A., and Y. W. C. A. Positions.

Election of officers and class representatives for the Women's Self Government Association, the Women's Athletic Association, and the Y. W. C. A. will be made next Thursday, March 21, in the all-college elections held in the Union building. Candidates for these offices will appear on a separate ballot for women.

Candidates for the presidency of the Women's Self Government Association are: Winifred Kalkbrenner and Jean Anderson. Those running for junior class representatives to this body are: Marie Fox, Virginia Davis, Frances Perrin, and Margaret Patterson. Sophomores will choose their representatives from Martha Farley, Edith Lippa, Madeline Dillman, and Lou Miller. The freshmen candidates are: Alice Grable and Margaret.

The Women's Athletic Association names a total of nine candidates for many offices. Running for president of the association are: Shirley May and Frances Lamb. For vice-presidents, Margaret Wilson and Frances Perrin. For secretary, Ruth Preston and for treasurer, Ruth Preston and Shirley Miller. Candidates running for many positions are: For college basketball, Madeline Dillman and Edith Lippa. For swimming and hiking, Edith Lippa and Marie Fox. For tennis, Margaret Patterson and Frances Perrin. For basketball, Edith Lippa and Marie Fox. For basketball and tennis, Margaret Patterson and Frances Perrin. For basketball and tennis, Margaret Patterson and Frances Perrin.

The Y. W. C. A. announces its candidates for officers as follows: For president, Hattie Lucas and Ernestine Green. For vice-president, Phyllis Backus and Marie Hornung. For secretary, Mary Nelson and Jane Platt. For treasurer, Mary Pennington and Virginia Lazenby.

The Y. W. C. A. announces its candidates for officers as follows: For president, Hattie Lucas and Ernestine Green. For vice-president, Phyllis Backus and Marie Hornung. For secretary, Mary Nelson and Jane Platt. For treasurer, Mary Pennington and Virginia Lazenby.

Content of Books Perused as Exam Time Draws Near

Exams are hard upon us again and the campus shows signs of wear and tear. Despite the sudden warm weather, people are actually going to the library for study purposes in the evening and books are being kept over by the score. Last term papers, late now, nearly a two weeks' delay may be finished up.

The "Famous" tale of the professor who made one of his exam questions on the color of the course textbook, and flunked half his class, is again going the rounds, and eager students hasten to assure themselves of this important item before they buy their bluebooks. But the main thing after all maintains the old conservative element is knowing what the inside of the book looks like.

Students are getting the old brownie technique brushed up, and there are few men so generally admired agreed with, and asked out to dinner as professors two weeks before final examinations.

Final dean calls are another thing that keep a lot of us running from the offices of our various instructors, where we're explanatory and deserving of sympathy, to the offices of our deans, where we're merely plausible and regretful.

FOURTH OF MUSIC SERIES TO TAKE PLACE TUESDAY

Lewis Richards and Philipp Abbas to Play in Musical Program at Peoples Church.

DUETS TO FEATURE

Lewis Richards, director of the Music Institute, and Philipp Abbas, head of the cello division, will be featured in the fourth number of the concert series sponsored this week by the Institute. Tuesday evening, March 19, at 8:15 o'clock at the Peoples Church.

The first half of the program will be devoted to the harpsichord and the viola da gamba, both instruments being almost obsolete. The viola da gamba was very popular in the time of Bach and Handel, but is now superseded by the violin. The harpsichord, a two manual instrument, was very popular and much used 200 years ago.

The second half of the program will be given over to piano and violin duets, which will give a comparison between the ancient and the modern instruments.

In Europe Richards is known as an artist of attainments. His ability as an ensemble player won him recognition through his association as pianist with the famous Capet string quartet and as harpsichordist with the Societe des Instruments Anciens of Paris.

It was through his connection with the group that Richards became interested in the harpsichord and finally received its dormant glory. Accordingly he induced the Pleyel piano firm of Paris to construct for him a replica of about the finest harpsichords of the 18th century.

Philipp Abbas has been active in bringing back in prominence the viola da gamba in prominence the viola da gamba. Since joining the music department Abbas has devoted much of his time to concertizing and teaching.

The program, beginning at 8:15 p. m., includes: Sonata in A Major, A. Ariotti. Viola da gamba and harpsichord, Cantabile, T. Minetti. Minuetto, Adagio, Sarabande, Bourree, Gavotte, Prelude.

Messrs. Abbas and Richards. Harpsichord, Mr. Richards. Viola da gamba, Mr. Abbas. Cello, Mr. Abbas. Piano, Mr. Richards.

Mr. Abbas. Sonata in A Minor. For cello and piano. Allegro, Andante, Molto tranquillo, Allegro molto marcato.

Messrs. Abbas and Richards. The 1929 Wolverine is being rapidly pushed toward completion with June 1 definitely set as the date of publication. Much of the material is already assembled, and the engravers are being supplied with material daily according to Lewis Snider, editor of the publication.

The greatest thing holding up the work, Snider says, is the failure of students to comply with urgent requests for immediate return of proofs to LeClair's studio. The freshman edition is already complete, but the sophomore class has been particularly delinquent in this matter and the seniors, who are now being taken care of, are doing little better. Snider asserts.

Dale Stadford, who has had charge of the athletic section, assisted by Al O'Donnell, has completed this part of the yearbook and it is ready for the printers. The feature section, under the direction of Harold Mero, organization editor and Marion Trumbull, feature editor, assisted by Gilbert Thompson, art editor, is nearing completion and it is expected that this essential part of the annual book will be finished by the end of the term.

Edward Ellsworth, faculty editor and Lewis Snider, have the faculty section ready for the printers and with the advertising section, nearing completion, much of the details have been completed.

It is planned to make final collection for payment of the Wolverine the first week of spring term.

The new members of the society are: H. O. Miller, R. R. Clark, M. J. Zimmerman, J. R. Anderson, A. V. Nomi, M. F. Parsons, R. L. Boxer, G. R. Barnes, V. H. Donaldson, F. B. Farley, J. J. Howell, M. M. Mason, K. W. Thompson, L. L. Cooley, M. H. Doerr, and N. Blum.

The new members of the society are: H. O. Miller, R. R. Clark, M. J. Zimmerman, J. R. Anderson, A. V. Nomi, M. F. Parsons, R. L. Boxer, G. R. Barnes, V. H. Donaldson, F. B. Farley, J. J. Howell, M. M. Mason, K. W. Thompson, L. L. Cooley, M. H. Doerr, and N. Blum.

CO-ED RIFLE COMPETITION CLOSE IN RECENT CONTEST

The Eta Alpha rifle team scored 109 points in the intramural tournament held between March 4 and March 9, winning the championship. Five girls were required for the entry of a team, and their scores were averaged.

The Besames and Alpha Chi Omegas tied for second place with 99 1-3 each. Third place went to the Sigma Kappas who totaled 95.

U. OF ILLINOIS PROFESSOR SPEAKS TO CHEM. SOCIETY

Dr. Roger Adams, professor of organic chemistry at the University of Illinois, spoke at a meeting of the M. S. C. division of the American Chemical society which was held in the Kedzie Chemical laboratory on Thursday, March 14, at 7:30 p. m. The topic upon which Dr. Adams spoke was "A Resume of the Work Done on Synthetic Acids and Their Effect on Bacillus Leprosus." His lecture was of much interest and value for he is one of the outstanding authorities on the treatment of leprosy.

CANDIDATES FOR CAMPUS OFFICES NAMED TUESDAY

Union Board Makes Nominations and Classes Eliminate for Student Council.

ELECTION IS THURSDAY

The class candidates to appear on the ballot in the all-college elections on Thursday, March 21, were chosen in eliminations held by the Freshman and Sophomore classes and the Union Board last Tuesday and Wednesday nights.

As a result of the class eliminations on Tuesday evening, Student Council nominees from the Freshman class are Dale Vaughan and Russ Swanson. The Sophomore candidates are John Knight, Charles Ladd, Douglas Carruthers, and Roy Sample.

Lack of nominees from the Junior and the original candidates will appear on the ballot. They are Harold Hannah, John Gould, Leland Cribbs, and Henry Morse.

On Wednesday night the Union Board selected Frank Conover and John Williamson from the Freshman class, Wayne Scott, Howard Come, Bernice Sexton and Mary Hewitt from the Sophomore list, and Bernard Critchenden, Lawrence Brehdal, Maurice Baxter, Maurice Dixon, Ann Anderson and Mary Jennings from the Junior candidates.

A comparative lack of interest in the class eliminations was shown by the Fresh as only about 90 votes were cast. The Sophomores had a little larger attendance of about 160. It is expected that a much larger vote will be polled in the coming all-college elections as a greater opportunity to vote will be given in an all day ballot.

WELL-KNOWN STATE GRAD TO LECTURE HERE MONDAY

Dr. E. W. Brandes, one of the foremost authorities in sugar plants and a graduate of Michigan State college with the class of 1913, will give an illustrated lecture at the State theatre at 4:30 next Monday. Dr. Brandes appears here as a lecturer on the sugar industry, which has made it a practice to secure at least one well-known speaker a year to speak here.

Dr. Brandes is connected with the United States Department of Agriculture and will illustrate his lecture with five reels of pictures. No admission fee will be charged and all students are urged to attend and here this special list.

Dr. Brandes received his master's degree from here in agriculture in 1915 and has since been identified as an authority in his line.

PLANS STARTED FOR HORSE SHOW

Annual Two-Day Show Will Be Held Here May 29 and 30, Sherburne Announces.

Plans for the annual spring horse show were discussed last Monday in a meeting held in Colonel Sherburne's office. The show will be held on May 29 and 30, as it has been for the past several years.

There will be four shows held afternoon and evening of the 29th, and morning and afternoon of the 30th. As yet no definite plans have been decided upon, however, the final entry date will be May 20.

The evening show on May 29 will be held in the arena of the Armory. The outside shows are to be held in the ring, which was the scene of last year's exhibition. The ground has been re-graded and the site has been made permanent in every way.

Charles Halstead, of Lansing, has been unanimously re-elected chairman of the state committee for the seventh consecutive year. According to Colonel Sherburne, prospects are especially bright, and the show will be well advertised, the experience of seven years tending to increase its attractiveness.

SCHOLARSHIP

Announcement comes in this issue of a scholarship day, to take place next Wednesday, the feature of which is to be a convocation where awards will be made to those who have especially distinguished themselves in scholastic endeavor.

We have had many fetes in honor of our athletic heroes, those prominent in campus activities receive numerous honors, but the occasion is rare where the virtue of scholastic excellence receives its due.

And it is peculiar. We attend college fundamentally, at least it should be the basic purpose, for enlightenment in the lore stored within textbooks. Yet those taking a front rank in this line of activity are the last to receive our approbation. It seems unjust.

However, Wednesday a special hour has been selected in which we shall pay our tardy respects. This occasion is one convocation which we should attend 100 per cent.

WE OBJECT

It is seldom that we take sides with our neighboring institution at Ann Arbor, the University of Michigan, but when the controversy rages outside the state, we must take issue and back the Wolverines.

Prof. Frank G. Dickinson of the University of Illinois rates Wisconsin as superior to Michigan through his "point system" that he has used in the past to determine disputed football championships. He bases his conclusions on the fact that Wisconsin defeated Purdue twice in basketball, a team Michigan did not meet, and Michigan losses to Northwestern and Illinois. Wisconsin defeated the former twice and Illinois is rated a second division club. All this evidence, Dickinson asserts, overweighs the fact that Wisconsin had a clean slate with the exception of a brace of reverses at the hands of the University of Michigan. It seems to us that the best way of determining the best team is to set the two together on the same floor and let them fight it out. This they did and both times Michigan came out the victor. Can there be any doubt as to the champion of the Western Conference?

HARD TO ARRANGE

Those in charge of the Union matinee dances tell us that they would like more co-eds to attend and also desire less smoking.

STATE CAFE

121 E. Grand River Ave.

The Most Up-to-Date Place in East Lansing

ing. At first glance this wish seemed rather hard to fill, but on closer scrutiny we decided that the smoking clause was meant for the male attendants, because no one would certainly accuse co-eds of smoking. Such a thing is almost impossible.

However it reminds us that when this regime started on the paper, one of the policies adopted advocated smoking privileges for women equal to those of the men. We have never decided whether this policy won out or not. As the situation stands now co-eds are not permitted to smoke in dormitories, and according to the latest placards, in the Union ballroom. But neither can the men. At least, the argument has finished in nothing worse than a draw.

CAMPUS POLITICS AT M. S. C.

(State Journal)

Colleges ought to afford more hope than they do. To bring this little discussion down to cases, the students out at Michigan State college should, every one of them, show a greater personal interest in politics. That is what the state is educating and training them for. Incidentally the state is glad to produce able farmers, able teachers, able engineers, and all the rest, but primarily the state wants men and women in return for its money who can exercise political leadership—or statesmanship. If some prefer it that way.

Down from the college, just outside the city wall, so to speak, drifts news of an impending college election. The information is that it has to do with choosing the management of the college paper—a matter that ought to interest every student, providing the student is not too preoccupied with his own affairs. But whether it has to do with the college paper or something else of campus interest, the principle is all the same.

The students do not vote in as great number as they ought to vote. At the corresponding election last spring it was stated that less than half the possible vote was cast. No reason can be learned why this was so other than that all too many have the "oh-what-difference-will-it-make" complex.

The state and the nation is already bogged down under a load of oh-what-difference-will-it-make citizens. The fact that there is such a disposition is one of the weakest spots in American public life. A large, full representative vote always makes for good politics and yet there are all too many who cannot apprehend the fact.

It is certainly disheartening to hear of a college where less than half the student body characteristically fails to do its duty as student citizens. There are something like 2,800 possible campus voters at the college and yet at the campus election a year ago only about 1,100 votes were cast.

A great many students are never able to repay the state for the money expended by it on them, but the account would be more nearly even if every student who goes out from college carried with him a sense of political responsibility. If we are educating non-voters in our colleges, what's the use?

Minneapolis, Minn. (AP)—Two dormitory fires with 14 hours at the University of Minnesota are being investigated by university authorities. The first totally destroyed Sanford annex at a loss estimated at \$50,000. The second drove 11 co-eds to the street but was brought under control before it did any great damage.

Combustion Plays Havoc With Reserve Stock of College Fuel

Over behind the power house things have been going on this week. Every day or so the whole place, consisting mostly of a huge pile of reserve coal, bursts into flame, and all the power house help have to rush out and squirt water.

Though they've got it, by persistent toil with a hose, pretty well down to the smoldering stage now. The coal is sodden but it still burns merrily on now and again, and here and there.

The coal managed all this excitement without help. No careless student dropped a contraband cigaret stub, and no one flipped a match out of the window into the coal pile. The stuff just suddenly burst into flame—spontaneous combustion as the chemistry physic departments have it.

Now the mammoth furnace, which keeps M. S. C. warm—or at least, as the more discontented among us declare, tepid—burns two carloads of coal a day, and consequently, we have quite a coalbin back there. Recently this pile was moved from its resting place behind the blacksmith shop to a pile behind the power plant. New coal coming in by box cars was dumped on top of it. Then something happened. The comfort of the college for the next month, in the form of its coal, started to go up in smoke.

And then for a while the Women's building, Abbott, Wells, and a number of classrooms had the odd experience of actually being forced to open the windows on a cold day. For coal was lifted from the pile in huge steam shovels, and poured into the funnels leading to the power house furnace. A stream of water was turned on the rest of it, to prevent serious results, and the first was, to all practical intents and purposes, ended.

But something, decidedly, lingered on. The pile still smolders. The inmates of the campus dormitories would, perhaps, in the cold bits that we're getting alternately with pieces of summer, like another heap of coal to burst

MARCH 17 TO BE COLLEGE DAY AT PEOPLES CHURCH

Sunday, March 17, has been designated by the college Y. M. C. A. and Y. W. C. A. as "Come to Church Sunday." This date is set aside for this purpose largely due to the fact that the N. A. McCune, who will leave soon for a tour of the Holy Land and for a term of study at Oxford, England, will preach a special sermon at the Peoples church for college students on the subject "The Cross Looms."

It is of interest to note that very few colleges can boast of a unified program such as the Peoples church presents to our campus, and the credit for this is mainly due to the unceasing efforts of Dr. McCune.

M. S. C. MATH. DEPARTMENT MEMBERS TO ATTEND MEET

Twelve members of the Michigan State college mathematics department will attend the annual meeting of the Michigan section of the United States Mathematical association in Ann Arbor on Saturday, March 16.

Professor Plant, head of the local department, will be the general chairman of the meeting, while Professors Emmons and Crowe are scheduled to present papers dealing with reports of the recent placement tests conducted at State and with requirements for high school teachers' certificates.

The Mines Field Illumination

Where do young college men get in a large industrial organization? Have they opportunity to exercise creative talent? Is individual work recognized?

MINES FIELD, Los Angeles, is famous as the scene of the 1928 International Air Races and Aeronautical Exposition. Equally famous among flyers is the perfect illumination which enabled pilots on the night programs to land with all the ease and assurance of those who did their flying there by day.

To blanket the field with brilliance and yet avoid dangerous glare was the problem assigned to the Westinghouse engineers who designed the Mines Field lighting for this greatest of air meets. Twenty-one huge floodlight projectors, each with a maximum beam candlepower of one million, provided the brilliance. An ingenious system of louvers cutting off upward rays of light provided protection from glare at all times.

The result was an achievement in airport lighting which has been pronounced the most nearly perfect of any in the United States.

The outstanding jobs go to organizations with the resources and facilities to handle them. Westinghouse, because of the outstanding opportunities which are of almost daily occurrence within its organization, offers strong attractions to young men of enterprise and ability who are anxious to make a mark in the world.

Sophomore Prom Tops Week-end Replete With Society Affairs

The approach of spring is heralded by still another flurry of events on the social calendar for this week-end. The near approach of term examinations does not seem, as yet, to have caused any respite in the strenuous flutter that has persisted throughout the term. Crowded full of fraternity and sorority affairs—not to mention the prominent Sophomore Prom, which will climax the late social season on campus—this week-end will not pass unnoted.

The Sophomore Prom is of course, to society the calendar's most important event, with five society formal dinners and five open houses drawing the rest of the attention. The Ero Alphan and Hesperian formal parties will complete the list of formal parties for Friday night. Saturday evening, besides being favored with the Sophomore Prom, is popular with the Ulysians, Phi Chi Alphas and the Union Literary societies.

It is expected that the annual Sophomore Prom, to be given in the Union ballroom Saturday evening, will be second in prominence only to the J-Hop. With Bob Cruzet's Cotton Pickers a popular seven-piece Detroit organization, furnishing the music, it is a certainty that the party will be a success as far as peppy selections are concerned.

Decorations of unique attractiveness have been promised, carrying out the theme of a Venetian water scene. The orchestra pit, with its background of blue and gold, will be canopied with stars. The novelty favors will be designed with a futuristic motif.

Patrons for the affair include Major and Mrs. Thomas-Stahle and Mr. and Mrs. Harry G. Kipke, while on the guest list are President and Mrs. Robert S. Shaw, Secretary and Mrs. H. H. Halladay and Dean Elizabeth Conrad. Committee heads include Frank White, general chairman; Mary Lou Lipka, music; Claude Streb, decorations; Margaret Stephens, favors; Douglas Carruthers, tickets; James Haskins, publicity.

The regular meeting of the Faculty Folk club was held this afternoon at 7 o'clock in the Woman's building. In the form of a St. Patrick's day program, this meeting was very interesting as well as unusual. Mrs. W. L. Melham acted as chairman of the program and she was assisted by Mrs. T. C. Emmens, Mrs. R. C. Huston, Mrs. B. E. Hartsuch, Mrs. J. F. Cox, Mrs. K. C. Randall, Mrs. R. E. Larson and Mrs. C. S. Dunford.

The only sorority formal party to be given tonight is that of the Ero Alphas. The girls are planning a very charming party in the Wisteria room of the Hotel Olds with Bob Cruzet's Cotton Pickers furnishing the dance selections. Covers will be laid for 55 couples on tables effectively decorated with spring flowers and tapers. The decorative theme will follow their color scheme of pink and white. Patrons for this affair include Col. and Mrs. T. L. Sherburne and Mrs. Colman. Several guests are expected to turn up.

Ward Kelly's orchestra will play for the Phi Delta open house which will be held this evening from 8:30 until 12 o'clock. Prof. and Mrs. C. S. Sanford will act as patrons at this affair while Mr. and Mrs. Gerald Peterson are the expected guests.

The Herman society will hold an open house Friday evening from 8:30 until 12 o'clock. The Phi Chis will furnish the music for the dancing. Mr. and Mrs. P. H. DeVries and Mr. and Mrs. H. R. Pettigrove will act as patrons.

Members of the Lambda Chi Alpha society will also entertain at an open house Friday evening between 9 and 12. Prof. and Mrs. H. Kelly, E. E. Schweizer and Mr. and Mrs. Harold Huntley will act as hosts for the evening and Bruce

HOLD SOPH PROM SATURDAY NIGHT

Complete Major Arrangements for Last Open Formal of Season; Tickets Selling Fast.

The open formal dancing party season will reach its height tomorrow night with the holding of the annual Sophomore Prom in the ballroom of the Union building with dancing starting at 8:30 and closing at 12:00.

Music for the Prom will be furnished by Bob Cruzet's Cotton Pickers of Detroit. This band has been very popular and much in demand all season around Ann Arbor and Detroit and have played on the State campus for fraternity and sorority parties. Saturday evening will be the first time however that the Cotton Pickers have played for an open party here.

Carrying out the theme of a Venetian beach scene, the decorations planned for the party will probably be the most elaborate of any this year with the exception of the J-Hop. The orchestra pit will be cleverly worked out in the class colors, with a blue and gold ground. Palms and other plants will be on the platform while various other decorations will also help to carry out the unique scheme.

President and Mrs. Robert S. Shaw, Sec. and Mrs. H. H. Halladay, and Dean Elizabeth Conrad will be the honor guests for the party while Major and Mrs. Thomas-Stahle and Coach and Mrs. Harry G. Kipke will act as patrons.

The novelty favor-programs will be of a futuristic design and will be distributed at the party. In order to secure the favors it will be necessary to present favor stub which is attached to the tickets. The favors arrived early this week.

Sale of tickets has been going faster each day and today only a limited supply was available. Douglas Carruthers, in charge of the tickets for the party, stated however that there would be tickets on sale at the Union for the late buyers until the entire number was sold out.

Campus Girls' Assembly is cooperating with the other student organizations of the Peoples church in the "Go to Church" Sunday, March 17, for which Dr. N. A. McCune, who is soon leaving for a term of study at Oxford, England, will give a special sermon for college students.

He coughed
..the Villain!

and the love scene had to be taken all over!

MADGE BELLAMY... Beautiful Fox star in her latest release, "Mother Knows Best."

Madge Bellamy explains the growing popularity of Old Golds in Hollywood

"The 'hero' in a movie may easily become the 'villain' if he coughs at the wrong time. A cough isn't ever nice, but when it interrupts the taking of a movie scene, it's a calamity!"

"The high tension of movie work makes smoking a vital relaxation. But we relax with OLD GOLDS."

They're as smooth as the polished manner of Adolphe Menjou, who himself is an OLD GOLD fan.

"While they're the most enjoyable of cigarettes, OLD GOLDS mean absolute 'fade-out' for throat-scratch and smoker's cough."

Madge Bellamy

Why not a cough in a carload...?

OLD GOLD cigarettes are blended from HEART-LEAF tobacco, the finest Nature grows... Selected for silkiness and ripeness from the heart of the tobacco plant... Aged and mellowed extra long in a temperature of mid-July sunshine to insure that honey-like smoothness.

ON YOUR RADIO... OLD GOLD PAUL WHITEMAN and His Orchestra, King of Jazz, with his complete orchestra, broadcasts the OLD GOLD hour every Tuesday, from 9 to 10 P. M., Eastern Standard Time, over the entire network of the Columbia Broadcasting System.

SEVEN SPARTANS GO TO BIG MEET

Coach Young and Squad Leave for University of Illinois

Seven Spartan track men, with Coach Ralph Young left last night for Champaign, Ill., where they will enter the 12th annual University of Illinois indoor relays at the armory.

Last year the State four mile relay team, pushed the Illinois quartet to a new record and incidentally broke the old mark by 11 seconds themselves, while Harold McAtee tied for second place in the pole vault. This state vaulter is expected to top better than 13 feet Saturday. He barely missed 13 feet 6 inches last week at Notre Dame. He will get plenty of competition from Henry Canby of Iowa and Wayne of Northwestern. The former holds the world's indoor record on the dirt floor at 13 feet 7 inches. This mark was made last Saturday at the Big Ten meet. Wayne, who placed second at the same meet, held the former record at 13 feet 6 3/4 inches.

Henry White through graduation and Oliver Rossen because of an ankle strain are missing from the four mile relay squad that was named out by Illinois last year. Meredith Clark and

Clark Chamberlain will take their places. The Illinois will have the same quartet back tomorrow, which includes Dave Abbot, conference champion, record holder and member of last year's Olympic team in the 1,500 meter run, as anchor man. Clark will probably hold this position for State. The other men who were on the Spartan four last year and will run tomorrow are Lauren Brown and Theodore Willmuth.

Lewis Hackney will enter the 1,000 yard run while Bill Kroll and Captain Lyle Henson will compete in the 300 yard dash.

LAMBDA CHIS TOP LIST IN INTER-FRAT TANK MEET

Twelve Fraternities Enter; Clark Stars for Winners with Two Firsts.

In the annual interfraternity swimming meet held on Monday and Tuesday nights, the Lambda Chi Alphas carried off first place honors with a total of 34 points. The Delta Upsilon were second with 18 and the Sigma A E third with 15. Howdy Clark, Lambda Chi, was the star of the meet, winning two first places. Twelve fraternities entered teams and eleven figured in the scoring.

KOBS MEN WORK OUT ON DIAMOND

Large Squad Prepares for Southern Baseball Trip; Cut to Come Soon.

Coach John Kobs led his charges across the Red Cedar Monday night for their initial workout on the outdoor sacks. Although the diamond is still muddy, practice sessions will continue to be held on the outdoor diamond as long as weather permits.

Although the slingers experienced some difficulty in competing with the pill at first, improvement has been rapid under outdoor conditions. Seven games are scheduled for the southern tour during Easter vacation. The first stop will be at Lebanon, Tenn., where the Green and White will meet Cumberland university in two games. Two contests with Vanderbilt university at Nashville follow, with three clashes with Ohio schools to finish the trip. Coach Kobs expects to have his charges back in East Lansing April 10 or 11.

The team for the southern trip has not yet been picked. At the present time competition is so keen for all the positions that batting efficiency is expected to determine the Spartan representation in the south. The State mentor plans to select a team of 25 numbering five or six hurlers in about a week.

ANNOUNCE VARSITY AND FRESH HOCKEY AWARDS

Announcement was made Wednesday of the hockey awards for 1929. Seven minor letters, seven service awards, and a managerial award, were given in varsity competition, while two numerals were awarded freshmen.

Donald Clark, 31, John B. Hawkins, 29, Elwood K. Harris, 29, Arthur E. Harper, 31, Donald Jones, 30, Willard Kennedy, 30, J. Parks Pinson, 29, received the minor letters, while Koester, 29, Marvin Horne, 31, Carl A. Lindberg, 29, James S. MacKinnon, 31, Silver Olson, 30, Peter Stimac, 31, received the service awards. The managerial award was given Burrell E. Henry, 31. Two freshmen numeral awards were given to Dell Hailey, 32, and Ennor W. Schraft, 32.

STATE FRESH SET SWIM RECORDS IN RECENT MEET

Break Three Breast Stroke Marks, Set New Medley Record; John Hake Star.

The Michigan State freshmen swimming squad, coached by Russell Dambert, broke four freshmen tank records in a recent meet with Lansing Eastern high school in the Spartan pool.

John A. Hake was personally responsible for cracking three records and contributed to the breaking of a fourth. Hake set up new marks in three breast stroke events, he swam the 200 yards in 2:58.6, the 100 in 1:19.5 and the 50 yards in 43 seconds flat. The medley relay team composed of A. N. Unken, Hake and H. C. Hagley set a new record of 2:12 flat in the 150 yard medley relay.

BOXING TOURNAMENT PROVES OF INTEREST

Many Fast Bouts Feature Amateur Novice Tournament in College Gym.

Some very interesting and hard fought bouts featured the final rounds of the all college amateur novice boxing tournament Thursday evening in the college gym. The tournament was conducted by Frank R. Hoerber, physical ed. instructor and coach of swimming. A capacity crowd witnessed the bouts.

In the 126 lb. class McClean won from Kottney on a decision. 135 lb. semi-final: Hinkley defeated A. J. Jones; decision. 147 lb. Ferrari defeated Pinneo; technical knockout. 160 lb. Kossko defeated Robinson; decision. 160 lb. Kurlie defeated Nolan; decision. 175 lb. LaVerne Joslin defeated Chuck Ladd; technical knockout. Heavyweight: Handler defeated Turner; foul.

HIGH SCHOOL MEN HOLD MEET HERE

Best Prep Swimmers in State Compete This Week in College Tank.

The Michigan State college pool will be the scene of the sixth annual state interscholastic swimming meet today and tomorrow when the leading prep splashes of Michigan gather for the big annual event.

Thirteen Class A high schools, the largest number in the history of the event, will be represented. For the first time the meet will be divided into classes and Class B schools will compete among themselves for honors, instead of facing the stiffer opposition of the Class A ranks.

The list of schools competing and the numbers follows: Detroit Northwestern, 15; Battle Creek 12; Jackson, 11; Detroit Northern, 10; Ann Arbor and Pontiac 8; Redford and Kalamazoo Central 7; and Detroit Central 6.

Highland Park, defending champions, is a strong favorite to retain its title. Six of the seven records, only the 50-yard free style mark escaping the onslaught, indications are that they will smash the records again this year, as virtually every one is a veteran of improved form. The team is also national high school champion.

The Detroit preps are also national scholastic champions, and proved their strength last Saturday by running away with the invitational meet at Ann Arbor.

The fancy diving preliminaries are to be held Friday afternoon at 4 o'clock with the trials for the other events scheduled for 7 o'clock. Finals in all events will be held Saturday afternoon starting at 1 o'clock.

LAMBDA CHI ALPHA WINS INTER-FRAT CAGE TITLE

Finishing a series of games marked by top-sided scores, Lambda Chi Alpha proved its claim to the 1929 interfraternity basketball trophy by defeating the Union Literary society 14 to 8 in the finals Tuesday night.

The Lambda Chis started the season by handing their opponent the small end of a 21 to 8 score. Similar scores marked their efforts throughout the remainder of the season until the Union Lits challenged their claim to the championship. After the runners-up had held the Lambda Chis to the closest score of the series, the champs still boasted a total score of 94 to their opponents 26.

In the inter-ward basketball league, Ward E claims the championship. The team from E has a record unmarred by defeat and showing a total score of 77 to opponents 43. An extra game between Wards F and A, who tied for second place, was necessary to decide the runner-up in the inter-ward series. Ward F claimed the honor after defeating A 18 to 8. Eight members of the championship team were awarded gold medals, while members of the team from F were given silver medals.
