Counter Reds U. S. Considers German Plan

WASHINGTON (AP) — Sen. William Fulbright (D-Ark.) said Monday night Secretary of State Dulles is seriously considering a counterproposal to Russia on the German issue.

Automobile Permissions For J-Hop

The department of public safety has granted special permissions for students attending the J-Hop, "Tambika," Friday and Saturday nights.

Cars may be driven on campus from 6 p.m. Friday evening through Sunday night.

The Women's Division has also granted 3 a.m. permission Friday night and 2 a.m. Saturday evening. J-Hop programs will be presented when entering women's living units after hours.

The jungle setting for the annual affair will be complimented by the music of Tommy Dorsey's band Friday night and the Inter-Finnegan orchestra Saturday evening.

Tickets are on sale at the Box ticket desk.

Economics Colloquium

Andrew Frank, assistant professor of economics, will address the economics colloquium Tuesday at 2:45 p.m. in 34 Union.

His topic will be "Goal Ambiguity and Conflicting Standards: an approach to the study of organization."

Virginia Quiet as Schools Integrate

6 Spartans Attend Model UN Session

Represent Byelorussia At Montreal Conference

Six Spartans left campus early this morning on a field trip to Montreal where they will represent MSU at an international model United Nations session, Feb. 4-7, sponsored by the University of Montreal.

Dairy Meet Kicks Off Farm Week

Farmers' Week opened Monday at noon with a flurry of livestock and dairy meetings. Seven cattle associations held their first discussions as livestock rolled in for judging today.

The Michigan Artificial Breeders Cooperative presented awards to six supervisors for their work in encouraging and sound breeding programs among the farmers with whom they work.

In further action, the National Dairy Products corporation presented six more awards for efficient dairy herd production.

Today's program will feature the judging of all contest cattle in the Livestock Pavilion. Participating will be the Michigan Beef Cattle Breeders, Angus Breeders, Hereford Breeders, Polled Hereford Breeders, Red Poll Breeders and Shorthorn Breeders.

Agricultural engineering will be the emphasis of the day with meetings on soil and water programs and power and machinery programs.

Farm crops, Dairy, Forestry, and Home Economics will all hold meetings throughout the day. Also meeting are visitors interested in poultry science, veterinary medicine, sociology and anthropology.

Heavy Snows Have Crews Snowed Under

Grumblings over MSU's snowy sidewalks are not limited to the pedestrian students — Campus Landscape Architect Harold Lautner reports that his maintenance crews are also snowed under.

The cost of overtime and extra manpower the last two weeks alone cost as much as snow removal all last winter.

Lautner states there has been more ice and to Jan. 19 almost as much snow as there normally is all winter. Every available grounds maintenance man and some 27 machines have put in much overtime.

Clearing and sanding MSU's 27 miles of roads, 53 miles of walks and 84 acres of parking lots—a total of over 200 acres—have resulted in the costly overtime and added manpower.

Lautner asked the understanding co-operation and forbearance of everyone on making special requests to the grounds maintenance department. The department, he reports, will continue to make every effort possible to keep the campus clear of snow and ice.

Senior Women Urged to Petition For Honor Rights

All senior coeds with a 3.0 all-university average are urged to petition for Senior Honor Women privileges in the Women's Division.

Mortar Board will present an \$85 grant to a selected Honor Woman, which may be used for any purpose, not necessarily tuition or books.

All Senior Honor Women will be invited by the Faculty Women's Assn. to a tea March 3 with Mrs. Ruth Useem as guest speaker.

Last year at this time, nearly 130 coeds had petitioned for the honor, but only 20 are on the list now, one spokesman said.

She urged coeds at home living off campus to apply to receive the additional benefits beside extended hours. Coeds reply each term for Honor privileges.

S'News Ad Execs Report to Retail Desk

All State News advertising account executives should report to Wayne Patrick at the retail desk any afternoon this week, either in person or by phone. A new list of accounts and executives is being presented, and account executives must report to maintain their present accounts.

IT'S A SELF-SUPPORTING, polyethylene greenhouse. That's what the ag. engineering department calls it anyway. The greenhouse works on the same principle as self-inflating life rafts.

Hannah Speaks on Civil Rights

Racial Crisis Should Aid To Strengthen, Unite U. S.

By SANDRA DOLLAHAN
"Not in decades have the American people been confronted with a situation so charged with prejudice, emotion, and bias, with the basic facts so clouded, and the very interpretation of fundamental law so much in dispute," stated President John A. Hannah Saturday in Detroit at the Governors' Conference on Civil Rights.

As chairman of the Civil Rights Commission, Dr. Hannah went on to say that every nation must encounter public affairs from time to time but the strong nation would emerge the stronger for the experience. "It is my belief that in good time we will pass through this crisis, too, and be stronger and more united because of it," continued Hannah.

Regarding the civil rights controversies, Hannah emphasized that the American ideal of equality of opportunity and protection by law was old and cherished. Along with the Declaration of Independence, the preamble to the Constitution, and the Bill of Rights, the Fourteenth Amendment specifically provides that no state shall deny to any person within its jurisdiction the equal protection of the laws.

"Although we have not fully achieved the great ideal in this country, we have made substantial progress," stated Hannah in this regard. Hannah stated that the one specific assignment of the Civil Rights Commission under the terms of the law was to investigate "denials of voting based upon color, race, religion, or national origin."

On the international scene, Hannah reiterated that the United States must "remember that most of the peoples of the remaining one-third of the world's population (which is not now firmly allied with Russia or the United States) are not white."

Hannah went on to emphasize that "if we can convince them, by word and action, then our future and the future of the world looks bleak indeed."

At a brief news conference after school, the four Negro students told reporters the day passed pleasantly and there were no untoward incidents.

Groundhog's Forecast—More Winter

Overcoats, earmuffs and galoshes will probably continue to be the wearing apparel outdoors for, at least six more weeks.

That is, if down to earth weather forecasts have value and we go by the groundhog's predictions.

This theory of future weather forecasting was introduced in the U. S. by immigrants from Germany and England.

Attention is centered around the woodchuck's actions, alias groundhog, on Feb. 2 annually. If he appears from his winter nap on this day and observes his shadow there will be six weeks more of winter weather. However, if he doesn't see his shadow he will not return to his den for another long nap, as winter will soon be giving way to spring.

Since Monday was bright and sunny our animal friend couldn't help but see his shadow, providing he awoke from his sleep.

Even though a woodchuck wasn't observed by this writer, or anyone at the Potter Park Zoo, there is one fact to keep in mind. Our calendar shows there are 46 days remaining until spring, Mar. 21, or a little over six weeks.

Hannah Attends Civil Rights Meet

President John A. Hannah, chairman of the Civil Rights Commission, left campus Saturday night for New York City. In New York, the Civil Rights Commission is holding a hearing on discrimination in housing.

New York was selected as it offers a broad cross-section of housing for persons of mixed races, religions, and nationalities.

Today Dr. Hannah will return to campus in time to attend the Farmers' Week luncheon.

Riot Squads Stand By; No Trouble

Picketing Absent As Color Line Falls

ARLINGTON, Va. (AP) — Four Negro children attended the formerly all-white Stratford junior high school Monday without major incident. It was the first break in the color line in Virginia public schools.

A virtual army of police, equipped with riot weapons, guarded the school building, but had no difficulty with anyone.

The Negroes — three boys and a girl — came and left by the rear entrance without encountering any picketing, boading or jeering.

Three white girl students walked out of the school in protest against the presence of the Negroes. And another white girl was sent home during the day for making derogatory comment about the school principal. The girl was reported to have attempted also to talk some classmates into slamming down their books and screaming.

In another disciplinary action three white boys were sent home for losing firecrackers from a window. But school officials said they did not know whether the episode was related to integration.

Some of the white children who were in these classes Monday said the Negro students were treated courteously and that their white classmates generally took everything cheerfully.

"They're nice," said Stephen Thorne, "I sat right next to one of the boys all day."

The Negro children had lunch with the white students in the school cafeteria. A school official reported that during classes they reacted normally and popped up with questions.

Spartan Three On Sale Today

Spartan number three is on sale at all campus news stands beginning today. The sale will continue through Thursday.

The "Comeback with humor" magazine is being sold at the Union, Natural Science, Short Course, Olds, Student Services and Berkey.

15 Down at One Blow

PRETORIA, South Africa (AP) — All 15 men on a cricket field were knocked down by lightning Monday. No one was seriously injured.

Veiled Meters New Mystery On Campus

A new mystery at MSU. The case of the brown paper bags covering the parking meters throughout campus.

The solution: more free parking. This is just one of the many university courtesies being extended to the expected 50,000 visitors attending the 44th annual Farmers' Week program now in progress.

University officials feel that basically MSU has always been an agricultural college and believe this gesture will help to make the guests feel more welcome.

Free parking is available where meters are located, in the metered lots and in special areas that have been cleared of snow. Campus police have requested that regularly posted no parking zones be observed by all.

Although parking at no cost will continue all week students are reminded of the normal parking restrictions that remain applicable to them.

Vets Sign Checks

Veterans under the Korean War (P.L. 858) should sign for their January checks according to the following schedule:

- 1-2 — Today
- 1-3 — February 4
- 1-4 — February 5

TWO FUTURE FARMERS from Howell inspect an FFA display in the basement of the Aud Monday during the opening of Farmers' Week. The little bag the boys are inspecting is a demonstration of the effects of certain cattle diseases.

Reporter Lectures Tonight

John Strohm, the only American correspondent to visit Red China, will appear here tonight as a feature of MSU's Lecture Series. The topic of his talk will be "Behind Red China's Bamboo Curtain."

Visiting the China mainland at the height of the Quency bombardment, October, 1958, Mr. Strohm traveled some 7,500 miles behind the Bamboo Curtain. There he talked with hundreds of Chinese people and took thousands of uncensored pictures.

In 1946, Mr. Strohm became the first American reporter allowed to roam freely through the Soviet hinterland. At that time his story was featured by Reader's Digest, carried by 1,000 newspapers and won for him the Sigma Delta Chi Award for Distinguished Foreign Correspondence.

Mr. Strohm was requested by Secretary of State Dulles and Secretary of Agriculture Benson to coordinate the Russian farm officials' visit to the U. S. in 1955. He accompanied them throughout the country.

Strohm made his initial visit to China in 1937 after graduating from the University of Illinois. Since then, he has logged 70 countries as a correspondent and has interviewed such prominent people as Mahatma Gandhi, King Ibn Saud and Pope Pius.

Strohm's talk will be given in the University Auditorium in co-operation with Farmers Week and begins at 8:15 p.m. There will be no admission charge.

MSU Wins Debate

MSU won the annual invitational Gavel Debate Tournament Saturday at Ball State Teachers College, winning five of six debates to place first among 38 colleges and universities. It marked the second straight victory in two weeks for the group.

Indiana State was second and Ohio State third in the field of universities from five midwestern states.

The debaters argued the National College Debate topic, "Resolved, that the further development of nuclear weapons should be prohibited by international agreement."

Debating on the affirmative for MSU were Barry Boughton and Charles Herbert. Ralph Wilber and Steve Gronner were on the negative.

The group was directed by Prof. Jack Carter, director of debate in the speech dept.

Spartan Spirit Meet
Spartan Spirit will meet tonight at 7 in room 230 Student Services.

12-Year-Old Wins MSU Scholarship

A 12-year-old from a Kentucky mining town has been awarded a \$5,000 scholarship fund to attend MSU.

Parker Mills of Short Creek, Ky., received the award on the show, "It Could Be You," last Thursday night. The fund is being provided by the Harley V. McNamara Scholarship Foundation of Chicago. McNamara is the president of the firm which owns the National Food Stores chain.

The youth had expressed a desire to get an education so that he would not have to work in the mines after he finishes grade school.

In addition to providing expenses for college, the firm will also pay for his high school education and will secure for him a job in one of their stores when he attains the age of 16.

Water Carnival Rush

Water Carnival rush for all committee members will be held Wednesday in room 31 of the Union from 7-10 p.m. All students are invited to attend.

Phi Eta Sigma Scholarship

Graduating seniors who plan to work for advanced degrees and who are members of Phi Eta Sigma, freshman honor society, are eligible for two \$300 scholarships.

The scholarships are awarded by the fraternity each year on the basis of the student's scholastic record, evidence of creative ability, financial need, promise of success in chosen field and personality.

Only members of Phi Eta Sigma are eligible for these gift scholarships.

Students interested in the award should get in touch with Dr. Alexander Butler, humanities, faculty adviser of MSU chapter at room 316 Morrill.

Local deadline for applications is Feb. 20.

THE CAST OF THE musical comedy "Pajama Game" is kicking up their heels in preparation for the MSU Players' presentation which opens February 18 in Fairchild. They are: Jo Ann Harrison Jr.; Amy Salisbury; Hart Jr.; James Taylor; East Lansing soph.; Bethany Baldwin; Livonia soph.; Robert Hallahan; Corning, N.Y.; Carol Foxen; Lakewood, Ohio, fr.; Linda Kohlhof; Birmingham soph.; and Mary Sue Rascoette; Okemos soph. Tickets went on sale Monday.

Tickets on Sale in Union

'Pajama Game' Opens Feb. 18

The "Pajama Game," which produced the famous song hits "Paper Moon" and "Bernadine," and became the eighth longest-running musical comedy in New York theatrical history, will be presented by the MSU Players in Fairchild Hall through Saturday, Feb. 21 at 8:15 p.m., plus a matinee on Saturday at 2 p.m. Reserved seat tickets are on sale at the Union ticket office.

The plot of the musical centers around a union-management conflict.

Jerry Flood (Sld), E. Lansing, a conscientious pajama factory superintendent intent on upping production norms, and Linda Kohlhof (Rabe), Okemos soph., the union grievance-committee chairman he falls in love with and must sternly fire when she and the other employees go down their buzzing sewing machines preliminary to a strike.

A counter-point to Sld's conflict between loyalty to his employees and to the girl he loves, is the factory's time-study manager by Terrence Sullivan (Bob), Snyder, N.Y., sr., who isalous of the pretty secretary Mary Sue Rascoette (Gals), Okemos soph., of the president, James Taylor (Baker), E. Lansing soph. Another romance running rampant through this story of

industrial management, is the blossoming affair of union president Patton Lockwood (Pres), E. Lansing, 4r. sr., for affection from a girl who army dismisses him. All these romances and personnel-management disputes are in the end resolved in a tavern whose name gives the "Pajama Game" the title for one of the biggest song hits, "Bernadine."

In addition to these actor-stunt roles, the large cast includes Bethany Baldwin (Mabel), Livonia soph.; Carol Foxen (Mae), Lakewood, Ohio, fr.; Jo Ann Harrison (Bernadine), Harrison, fr.; Amy Salisbury (Phoebe), Holt, N.Y., sr.; and Matt Sorell (Floyd), Newburgh, fr.

"Pajama Game" is one of the

modern musical comedies that have stemmed from the new style first established by Rodgers and Hammerstein with "Oklahoma," "Carousel," and "South Pacific," by which the songs are integrated into the story and carry it forward.

Based on Richard Bissell's best-selling novel, "74 Cents," which was a Book-of-the-Month selection, "Pajama Game" was written by George Abbott and Bissell; the songs are by Richard Adler and Jerry Ross, who also wrote the songs for "Damn Yankees."

The cast and the choruses are accompanied by the University Orchestra conducted by Dr. Hans Lampi. Choreography is by Dorothy Cleveland, and stage direction by Dr. Colby Lewis.

Pizza Hour Set
The Fresh-Soph Council will have a kickoff coffee hour Pizza Week in the Old College Hall Feb. 10 from 3:30 to 5 p.m. Free pizza will be given and Paul Hollinger's Combo will supply the entertainment. Everyone is welcome. Pizza Week is Feb. 10-12.

DUAL FILTER

THE TAREYTON RING MARKS THE REAL THING!

A FAR REACHING ADVANCE IN FILTER SMOKING!
From Me. to Mo. and clear out to Calif. New Dual Filter Tareytons have quickly become the big smoke on American campuses.

Why so? It's because the unique Dual Filter does more than just give you high filtration. It actually selects and balances the flavor elements in the smoke to bring out the best in fine tobacco taste. Try Tareytons today—in the bright, new pack!

Here's why Tareyton's Dual Filter filters as no single filter can:

1. It combines the efficient filtering action of a pure white outer filter...
2. with the additional filtering action of ACTIVATED CHARCOAL in a unique inner filter. The extraordinary purifying ability of Activated Charcoal is widely known to science. It has been definitely proved that it makes the smoke of a cigarette milder and smoother.

THE REAL THING IN BOLDNESS IN FINE TOBACCO TASTE!

NEW DUAL FILTER Tareyton

Icers Lose Bepi Polano

The Spartans icers, back from their trip to Houghton, received a blow Monday when Capt Bepi Polano was sent to Olin Health Center with a possible groin injury at a practice session. The team arrived back at East Lansing by train at 3 p.m. on Monday after splitting a two-game series with Michigan Tech, 7-0 and 4-5.

Sophomore Dave Diget Wins Outstanding Swimmer Award

By MARY WATSON

Sophomore Tanker Dave Diget broke into the winners' circle two weeks ago and did equally well in the Minnesota meet.

At Iowa Diget finished the 200-yard individual medley in 2:17.6 for first place. This performance brought him the Bill Campbell award for that week, each week a particularly outstanding swimmer is recognized.

Although he finished second behind Minnesota's Chip Peterson, again this was a good showing. Moreover, this may be an indication of better things to come for Diget says he doesn't like water kicked in his face.

As a freshman Dave was selected as the outstanding freshman swimmer. Coach Charles McCaffree calls him an individual with a great deal of potential.

In regard to his competition he doesn't worry, but only does his best. "But of course I like to win," comments Diget. His specialties are freestyle and butterfly strokes and since he's been at State he has been swimming the individual, an event that calls for an all-around good swimmer.

As a member of two National record holding relays, 200 and 400-yard freestyle, he made three school All-America for three years. Dave also co-captained the Battle Creek Bearcats in 1957.

While in high school Dave swam under State's present as-

stant coach, Bob Moswerson. More of a coincidence is that Dave's father swam for McCaffree in his first high school state championship in 1931.

A physical education major Diget calls geography a favorite subject and may seriously consider teaching it. Most of his spare time he devotes to his family while some goes to his hobby, carpentry.

IM Highlights

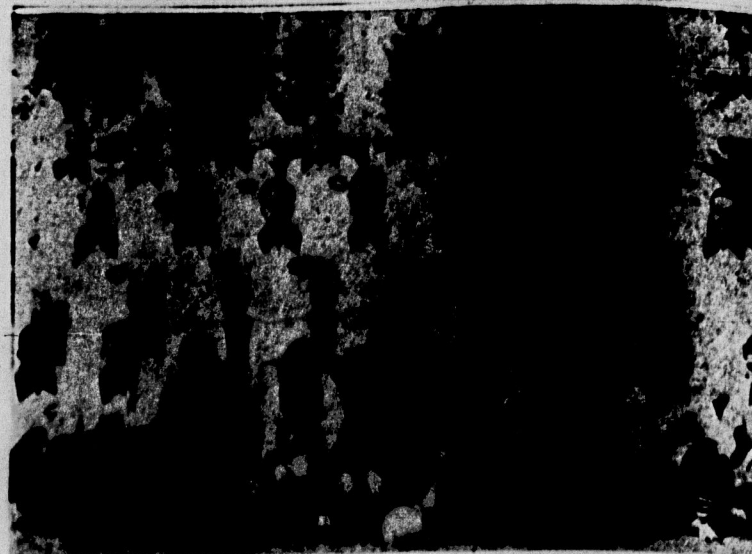

Entries for all-university badminton singles tournament, are now being accepted by the IM office, IM supply room, or by calling extension 2881.

The IM office is conducting a special free throw tournament for all male participants in Farmer's Week.

The contest will be held at 1-3 p.m. on Tuesday, Wednesday and Thursday in gym 1 of the IM building.

Second round all-university handball tournament line-ups for Tuesday at 9 p.m.

The 1958 Soccer Team—unbeaten Big 10 and Midwest champs.

3 Players Make All-American

Booters Voted 2nd in Nation

Three members of Michigan State's soccer team were voted to the All-American team at the recent National Soccer Coaches Assn. meeting.

At "Phantom" Sarria's position on the first team was previously announced. Leo Vander Horst and Bernie Cook were placed on the third team.

According to Coach Gene Kenney, there is little difference between the first three teams, and all three received certificates as All-Americans.

The undefeated booters received another honor at the meeting. They were voted second in the balloting for the "most outstanding U. S. team" award. Since there is no other national soccer rating, this gives them the distinction of being the No. 2 soccer team in the country.

The booters were named the No. 1 squad in the Midwest for the third straight year. Joining Sarria, Vander Horst and Cook on the All-Midwest team were Neil Butler and Erich Streder.

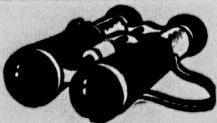

The Michigan State soccer team thus wound up with an impressive series of honors, three years, ever since it joined the varsity program, the booters have never been beaten. The undefeated streak of 22 games marred only by three ties.

The booters won all eight of their 1958 games.

They won the first Big 10 championship in history last year, were voted No. 1 in the Midwest, No. 2 in the country and placed five men on the All-American team.

Sarria, top scorer over the years, Vander Horst, Most Valuable Player in 1958, and Butler, a great defenseman, all graduating Cook and Streder will be back next season.

Lockheed Missile Systems Division is systems manager for such major, long-term projects as the Navy Polaris IRBM, Q-3, X-3, Army Kingfisher and other important space, research and development programs. The Division was honored at the first National Missile Industry Conference as "the organization that contributed most in the past year to the development of the art of missiles and astronautics."

Headquarters for the Division are located at Sunnyvale, California, on the San Francisco Peninsula. Research and Development facilities are in the Stanford Industrial Park in nearby Palo Alto. Other Division locations are at Van Nuys, Santa Cruz, and Santa Maria, California; Cape Canaveral, Florida; Alamogordo, New Mexico; and Hawaii. Together, they provide complete facilities with the latest scientific and technical equipment, including one of the most advanced computing centers in the nation. Employee benefits are among the best in the industry.

Graduate Study Program

For those who qualify and desire to continue their education, the Graduate Study Program enables them to obtain advanced degrees at the University of California at Berkeley, or Stanford University, while employed in their chosen fields at Lockheed.

Our college representatives will be available on campus for interviews on FEBRUARY 9 For appointment, please see your Placement Director now.

Spartans Trounce Wisconsin, 88-57

Green Garners 18, 5 in Double Figures

Indiana Sets New Records, Beats Ohio State, 122-92

By CHUCK RICHARDS

MADISON, Wis. (AP)—Four home state players turned on the University of Wisconsin, Monday night, as Michigan State rolled to an easy, 88-57, Big 10 victory.

Bob Andereg and Dave Fahs of Monroe, Lance Olson and Rand of Green Bay, all Wisconsin prep stars, were instrumental in keeping Michigan State untouched in its place in the Big 10.

The former three all hit in double figures along with two Spartans to turn the game into a rout. State was never ahead in running its winning streak in five straight and 13 overall. They are 6-1 in league play.

Michigan nipped Illinois, 87-85, on M.C. Burton's two free throws with four seconds left. Indiana set all kinds of records in annihilating Ohio State 122-92, to remain tied for second place with 4-2 marks.

Wisconsin, which lost leading scorer Brian Kulas (appendicitis) and center Ray Gross (injury) a few weeks ago, had no match for the red hot Spartans.

State hit on about 90 percent of its shots after experiencing trouble finding the range early in the game. Once they got rolling, however, State moved to a 24-point lead and completely dominated play.

The Spartans led by as much as 41 points at one stage of the game and half before Coach Fordy Johnson cleared the bench. Actually, the real glory belonged to little 5'9" sophomore Dave Fahs who made his college appearance in Wisconsin before a large group of fans from Monroe. He made the most of it, throwing some fancy dunks and scoring 12 points.

Bob Andereg, who has already gained the favor of Wisconsin fans, also put on a fine demonstration in scoring 14 points and playing well.

Olson was hampered with a knee in the second half but finished with 10 points while Rand was held to four.

A pair of MRU players who came from Wisconsin also had

a great deal to do with the outcome of the contest.

John Green continued his spectacular play at center by leading all scoring with 18 points and completely controlling the backboards.

Horace Walker, who also had a big night on the boards, came through with 16 points to round out the fine balanced scoring.

Anderson substituted freely in the closing minutes to keep the Spartans down. Another 5'9" guard sophomore Dave Richey, played his first game in a Spartan uniform.

The victory put State in a commanding position in the Big 10 Monday's win, coupled with Saturday's 81-72 triumph over Northwestern, left the Spartans practically alone as favorite for the basketball crown, one they have never won outright.

But only the return bout with Wisconsin could be classified as a "breather" for State while all the rest figure to be tough encounters.

Baseball Team Going South

The Michigan State baseball team will participate in an eight-team round robin spring training baseball tourney at Florida State University, Tallahassee, Fla., March 26-April 4.

The trip this spring will also take the team to East Knox, Ky., for three games with the service team.

State will play a 34-game regular season schedule, it was announced by Athletic Director, Biggie Munn.

Women to Meet in Gym

The Women's Athletic Association will meet tonight at 6:15 in the lounge of the women's gym.

BAILEY 1 REBOUNDS as his lone player, right, gets the ball from two of Bailey 7's players. Bailey 1 took the game, too, winning 30-26 in one of the IM basketball games Monday night.

In IM Basketball Bailey 1, West Shaw 5, Emmons 3 Win Games

By SUZETTE RAMSEY

Bailey 1's fast break was too much for Bailey 7 as it overpowered its opponents 30-26 Monday night.

Bailey 7 used a zone defense through most of the game, but Bailey 1's press was more effective. The losers had the high point man, though, with George Johnstone scoring nine. Bob Hren for the victors had seven.

Bailey 7 never trailed, setting a fast pace at the beginning and never losing it.

W Shaw 5, 42; W Shaw 9, 10. West Shaw 5 had a one-sided game with West Shaw 9, winning 42-10.

West Shaw 9 never found the range, missing most of its tries at a basket. Bob Susi led West Shaw 5 with 12 points, followed by Bill Spull with eight and Bill Stoney with seven. Most of the West Shaw 5 team got a chance to score.

Emmons 3, 48; Emmons 5, 24. Emmons 3 overcame a 24-12 half-time deficit to defeat Emmons 5, 48-24.

The game started with a ragged first quarter with only five points scored by each team.

Spartans Ranked 7th In AP Cage Rankings

By THE ASSOCIATED PRESS

The Michigan State basketball team moved up one notch to seventh place in the Associated Press poll this week.

It was Kentucky on top again by a comfortable margin over North Carolina with the order of the leaders unchanged until seventh place where the Spartans moved in to fill the gap left by St. John's.

In third place was Kansas State followed by Auburn, Cincinnati, North Carolina State, Bradley, St. Louis and West Virginia.

Dropping out of the top 10 ranking was St. John's which had a 12-1 record. They lost two last week on a midwestern tour, losing to St. Louis 72-63 and

Well-seasoned, ready to serve
America's second largest telephone system!

Dishing up telephones in the right place at the right time is the sort of catering service Gen Tel specializes in.

As servants to over 3 1/2 million telephone subscribers, we strive to make communications so dependable that no one need ever give his phone a second thought.

And, in the growing communities we serve, our job is to enable more people to communicate with one another.

Indeed, Gen Tel is determined to give its growing "family" nothing but the best. That's why we never cease in our efforts to develop new products and services that will make the telephone still more convenient, economical and useful.

Knowing how vital the telephone is in modern American life, Gen Tel "invests ahead" in new plant and equipment to make sure that our telephone system will be equal to whatever task it is called upon to perform.
