Big 10 Meet

Bill Steuart Wins 1500

By SUZETTE RAMSEY
Michigan State got off to a good start in the Big 10 Swimming Championships by copping the title for the first time. Bill Steuart, defending champion of the 1500-meter freestyle, kept his crown by finishing with an 18:36.6 time, a new record, since all winning times are records in the pool. Steuart, swimming in the last of four heats, had to hurry his closest rival, John Parks of Indiana, from taking the lead. For a time they were neck-and-neck, but Steuart held his lead to a few feet, won seconds ahead of Parks. His time was 18:40.5. Five of the six winners were in the fourth heat. OSU's Wayne Onken was fourth; U of M's Urbancok fourth; Ohio State's Joe Henry was sixth for Ohio State. The first race in the Western Conference meet had a close finish, since the first four winners come from coun-

BILL STEUART
... strokes to victory ...

other than the U.S. Steuart is from South Africa, Onken and Urbancok are from Hawaii and Urbancok is from Hungary. He is the only other MSU representative in the 1500-meter freestyle, came in last in the second heat. The Spartans didn't fare so well in the one-meter diving preliminaries, however. Eighteen divers performed three compulsory and one optional dives, and 16 were chosen from these 18 to perform two compulsory and one optional from which the final qualifiers for the finals were chosen. The No. 1 qualifier with 280.20 points was Joe Gerlach, No. 2 from U of M with 275.25 points, Ron O'Brien, another Buckeye, with 270.20 points. Jerry Chadwick of State twisted sideways in his first dive and wasn't able to improve much, so was one of the two eliminated. Ray Kaufman, the other Spartan diver, hit his head on the board as he dived downward, but emerged unhurt. He was on the list of the first 16, but ended up 15th, not enough to qualify. Michigan has four qualifiers, Gerlach, Dick Kimball, Turner and Ernie Misaner. OSU has three, Hall, and Mat Smith, and Iowa has Estel Mills. See SWIMMING, Page 5.

For the Gods' to Theme Greek Week May 10-17

"For the Gods" will theme the week 1959, general convocation, Rensselaer, Lansing, and Don McClain, Rensselaer, announced Thursday. The annual all-university convocation, sponsored by IFC and Phi Kappa Phi, is scheduled for May 10-17. Following the convocation, each day of the week will be themed after an episode of Greek week. Different events will be featured on each of these days. The 1959 convocation will be for the

Ike Invites Top Brass To Meeting

Heads to Discuss Berlin Situation
WASHINGTON (AP)—President Eisenhower Thursday asked Democratic and Republican congressional leaders to a White House conference today on the Berlin crisis and German problems generally. At the same time, the White House announced that Eisenhower has been in touch with Britain's Prime Minister Harold Macmillan regarding the President's invitation to Macmillan to come to Washington. Press Secretary James Hagerity said the United States and Britain will make a joint announcement dealing with that invitation at 7:30 a.m., EST, today. Eisenhower's arrangement to meet today at 10:30 a.m., EST, with the congressional leaders of both parties came a few hours after he had an extraordinary session of the National Security Council. The White House said the council's 1 1/2 hour session dealt with "the evolving situation in Berlin and the broader question of Germany." In reply to questions, Hagerity said the meeting with the congressional leaders Friday will deal with those same subjects. Asked if anything had developed in the last 24 hours to warrant characterizing today's meeting as an emergency session, Hagerity replied: "No, I wouldn't say that." He said the meeting will be simply a discussion of the Berlin situation and of German problems generally. Hagerity again replied, "No" when asked whether the session with the congressional leaders means that Congress will be asked to take some specific action regarding Berlin and the rest of Germany. Hagerity will be Secretary of Defense McElroy and Acting Secretary of State Bester. Hagerity declined to give any details about the extraordinary session of the National Security Council.

PRESIDENT EISENHOWER and his press secretary, James Hagerity, engage in some serious conversation Wednesday as they walk from the White House to the nearby Executive Office Building for the Chief Executive's weekly press conference. He has invited top leaders to confer with him on the Berlin crisis at a White House meeting today.

Warns West Against Bumping Red Elbow

LEIPZIG, East Germany (AP)—Premier Khrushchev eased away from his May 27 deadline on Berlin a free-wheeling talk Thursday and offered lightly to sign a western-drafted German peace treaty. He punctuated that with another warning to the West: "Whoever bumps us with his elbow will break it." The Soviet leader took the floor in high good humor after drinking a series of toasts to peace and trade—in white wine, rum and red wine—at an impromptu luncheon given by Leipzig's mayor. He said his deadline for an end to the four-power occupation of Berlin might be postponed, if the West will negotiate sensibly, until June 27 or maybe July 27. "We are in no hurry," he added, and for what it was worth, issued in an old Russian saying: "Never count your chickens until fall." Khrushchev insisted the deadline is not an ultimatum. At the same time he reiterated that the Soviet Union will sign a separate peace treaty with Communist East Germany, an eager potential heir to Soviet occupation controls, if the West refuses to sign an all-German treaty. His government has proposed that foreign ministers meet next month to consider the Berlin issue and a German peace treaty. In light-hearted banter with three British parliamentarians in town for Leipzig's spring trade fair, Khrushchev remarked with a smile: "I didn't come here to talk politics. I represent business circles of the Soviet Union." That drew the biggest laugh of the day. "Write out a peace treaty and we'll sign it," Khrushchev jokingly told the Britons, conservative Burnaby Drayson and laborite Ian Mihalovic and Arthur Lewis. That did not mean, of course, that he would sign anything he disagreed with. Despite his amiability, he indicated no real concessions. Khrushchev remarked that the people of the world did not want World War II and do not want World War III. **World Travel Series Feature on Norway** Hjordis Parker will present her film-lecture, "Norway—Land of Dramatic Beauty," in the World Travel Series Saturday at 8 p.m. in the Aud. In Mrs. Parker's all-new film about Norway she presents the life of the Norwegian people and the geography of their land, from the mountains to the sea.

Zimmerman New Activity President Heller Heads AWS Judiciary

By SUE PRICE
Nancy Heller, Howell Junior, and Sharon Zimmerman, Grosse Pointe Woods Junior, are the new presidents of AWS Judiciary and Activities boards. Miss Heller, a divisional social science major with a 2.5 average, has been AWS office secretary this year. Miss Zimmerman, a member of Alpha Delta Pi, is an elementary education major with a 2.4 average. Frances Ward, Maywood, Ill., junior and Marilyn Detweiler, Homeview, Ill., junior are vice presidents of Judiciary and Activities. Other officers of both Judiciary and Activities are elected by the respective boards. These officers include recording and corresponding secretaries and treasurers. Activities board also elects a second vice president. The 28-member Judiciary board consists of one member from each dormitory having 300 or less residents and two representatives from larger living units. Sorority representation is on an alternating basis, with three sororities on the board each year. In addition there is the sorority representative-at-large. One delegate is chosen from off-campus housing, and PunHellenic Council has a non-voting representative. Activities board representation is one delegate from each dormitory and two from off-campus housing. Sorority representation is the same as on Judiciary. There are 26 members on this board. Judiciary board has jurisdiction over house rules and it judges disciplinary cases. Activities board coordinates activities of the living units. Advisors of the boards are Miss Mabel Peterson and Miss Lauretta Beadle, assistant supervisors of women's affairs. Each board annually reviews the AWS Handbook which is distributed to all women students. This contains all rules and regulations to which women students are subject.

Graduation Set June 7

June 17 is the date which Senior Council will recommend to the Commencement Committee as the date for this year's graduation ceremony in accord with the results of its recent poll. The poll which was conducted among the June graduates Monday through Wednesday indicated about 90 percent of those voting favored the date rather than the other two choices of June 14 or 16 as suggested by the committee. This vote covered about 200 ballots. The committee held Senior Class President Steve Bell prior to the poll that it would be willing to change commencement from the 17th, for which it was scheduled on the university calendar, to one of the other two dates if a majority of the voting graduates preferred this.

Pioneer Almost 1/3 of a Million Miles From Earth

WASHINGTON (AP)—Pioneer IV streaked on through space Thursday nearly a third of a million miles from earth. The little gold-plated nose's transmitter was still radiating back the solutions of space mystery, from farther out than any such reports were ever received in the past. Government and private tracking stations disagreed slightly on just how far the space vehicle had gone since it was rechecked up from Cape Canaveral just after Sunday midnight.

Russians Denounce Boarding

Red Note Protests U. S. Search Policy
MOSCOW (AP)—The Soviet Union Thursday denounced the U.S. detention of a Russian fishing trawler off Newfoundland as a provocative act. A protest note said the Trawler, Novorossiisk, was fishing in the high seas Feb. 26 when she was suspected of cutting transatlantic cables and was boarded by a party from the destroyer Roy O. Hale. In Washington, state department press chief Lincoln White denied there was anything provocative in the U. S. action. He said the Soviet note was received "and we are considering it." The note handed to the U. S. Embassy said that "according to information available to the Soviet competent organs" the Novorossiisk had not done any damage to submarine telegraph or telephone transatlantic cables. "Reports in the U. S. press on the subject are a complete fabrication," the note continued. "Thus the U. S. naval vessel Roy O. Hale had no grounds to detain and inspect the above-mentioned trawler." "It is worth noting that these actions by the U. S. authorities were taken precisely against a Soviet vessel while hundreds of vessels are engaged in fishing off Newfoundland, many of which, it is reported, have on several occasions damaged transatlantic cables." The U. S. state department in its note to the Soviet Union said the boarding was carried out under terms of an 1884 Treaty permitting the inspection of ships suspected of damaging undersea cables. This treaty was signed with the Czarist government and later was subscribed to by the Soviet government, the U. S. note said. **ROTC Cadets to See Mortar Demonstration** Army ROTC cadets will participate in the firing of the Army's 81mm mortar weapon. The demonstration is scheduled Saturday from 8-10 a.m. in the Animal Husbandry area, south of the Bonhart rd. entrance.

Three to Speak On U.S.-Canadian Relations Monday

"Canadian-American Relations 1959: The New Awareness" will be the topic of discussion. Professor Edgar McInnis, president of the Canadian Institute of International Affairs since 1952, will chairmen the group. Paul Martin, member of the Canadian Parliament since 1955, and Frank Coffin, Democratic Congressman from Maine, are also to speak. Dr. Howard Barrow, assistant professor of political science, is chairman of the MSU group sponsoring the annual series of seminars.

Winter Graduates

Students graduating via the term may now pick up their commencement instructions at the alumni relations office, 320 Student Services.

The Michigan State News is published by students of Michigan State University, East Lansing, Mich. without direct faculty supervision.

Vol. 50, No. 148 Friday, March 6, 1959 Page Two

High Text Prices Can Be Eliminated

WE HAVE OFTEN HEARD—and indulged in—complaint about high textbook prices at East Lansing bookstores.

WHEN THE TEXT will be out of use the next term the bookstores give, so they say, 25 percent of the original price.

STUDENT OPINIONS expressed in answer to the "Question of the Week" in Thursday's State News pointed out that a tuition raise would seriously handicap many students.

THE AMOUNT of money a student loses because of inequitable book pricing and handling could easily equal a tuition increase.

HIGH PRICES for required texts may be a partial cause of the library's problem, too.

STUN, although no new books are handed, a student can sell his books at a price of his own choosing.

SINCE MOVING to the basement of Student Services, STUN has bettered its accessibility and increased its capacity for business.

TRUST, STUN leaves much to be desired. The bookstores can hasten its efficiency, speed and availability of books.

INCREASED advertising and a larger staff—expenses too great for A.S.C. Activities Board now operating STUN—would certainly add to its effectiveness and efficiency.

AS ANY rate, STUN does provide a beneficial service to students.

Roman Splendor Set For Gourmets' Dance

By Sue Price

"A Night in Imperial Rome," Les Gourmets' buffet dinner-dance, is the highlight of the weekend social activities. The dance will be held in Kellogg Center Saturday evening from 6-12. An hors d'oeuvres buffet will precede dinner in the Red Cedar room.

Decorations will include a Roman Temple and garden. Entertainment be based on Nero's court.

Alpha Sigma Phi, Delta Zeta and Phi Kappa Psi will hold the annual "Triad" dance this evening from 9-12 at the American Legion Hall. Music for the semi-formal dance will be by the Modern-Airs band.

"Kiddy-land" is the theme of the Alpha Omicron Pi informal party this evening. Lollipop, toys and teddy-bears will be the vogue as members and guests attend costumed as children.

Alpha Gamma Delta's annual party will be this evening at a local country club. "Reminiscence in Red" will be the theme.

Ballot Box

ALPHA DELTA PI

Recently elected officers of Alpha Delta Pi are: president, Nancy Bancroft, Morenci junior; vice president, Nancy Gray, Western Springs, Ill., junior; recording secretary, Martha Schmitzberger, Grosse Pointe Woods, junior; corresponding secretary, Karen Thompson, Birmingham, junior; treasurer, Priscilla Dowd, Storrs, Conn., junior.

Phi Beta Phi: president, Mary Watson, Dearborn, junior, vice president, Judy Farris, Central Lake, sophomore; recording secretary, Dion Wagner, Bloomfield Hills, junior; corresponding secretary, Dorcas Wood, Seneca, N.Y., junior; treasurer, Gail Miller, Sheboygan, Wis., junior.

Zeta Beta Tau: president, Sandy Klein, Wilmette, Ill., junior; vice president, Laurence Ginsberg, Baltimore, Md., junior; secretary, Fred Bigio, Washington, D.C., sophomore; treasurer, Irwin Elson, Detroit, sophomore.

Faith Groups Set Activities

Weaver Foundation and Christian Student Foundation will present Dr. Kermit Eby, professor of social science at the University of Chicago, at Peoples Church at 8 p.m. Sunday. Topic for the meeting is "The Life and Mission of the Church and Its Social Responsibility." Dr. Eby, an ordained minister, is the author of "The God of You" and "Paradoxes of Democracy." He also has a wide background in the education field. In the past he has served on the Federal Advisory Committee for the United States Office of Education.

Catholic Student Organization meets Saturday evening at the Catholic Student Center for a St. Thomas Aquinas party.

Sabbath services are scheduled for 7:30 tonight at Hillside House. "Hillside - A Poppin'" will be presented at the Shaker Zwick Temple in Lansing at 8 p.m. Sunday. The program includes skits, a buffet supper, and crowning of the queen.

Kappa Phi club will sponsor the "Meal in the Upper Room" dinner at Sunday, March 15, at Wesley House for reservations.

BS CANDIDATES
Choose employment or graduate study

MS, PhD CANDIDATES
Choose development

... As an RCA Engineer

Only RCA is Electrical Engineering, Mechanical Engineering or Physics at RCA's approach through the RCA Graduate Study Program. At the same time, you're beginning your RCA career as an engineer on a fully professional level, getting a head start in the field you prefer. RCA pays the full cost of your tuition, fees and approved texts while you take graduate study part time at the University of Pennsylvania or Rutgers University.

You may prefer a different path ahead... RCA Design and Development Specialized Institute. Here is another of RCA's programs for careers, in which you begin by working full-time on planned technical assignments. Experienced engineers and technical management guide your progress. You may receive assignments in design and development of radar, airborne electronics, computers, missile electronics, television, radio and other equipment fields, as well as in Electronic Tube, Semiconductors and Components. MS, PhD Candidates are eligible for direct assignments in the above mentioned fields.

There's a lot more that's extremely interesting about an RCA engineering career. You should have these facts to make a wise decision about your future. Get them in person very soon when an RCA engineering management representative arrives on campus.

Mr. Robert Hubback, Manager
College Relations, Dept. CE-11
Radio Corporation of America
Garden 2, New Jersey

Right now, though, see your placement officer. Get squared away on a specific time for your interview. And get your copies of the brochures that also help you in on the RCA picture. If you're tied up when RCA's representative is here, send a memo to:

Tomorrow is here today at RCA

Northern Michigan Skiing Report

Despite conditions in this area, both Caberfae and Traverse City report favorable skiing and expect it to remain good over the weekend. Caberfae sees five inches of new snow and Traverse City two. Caberfae continues to offer night skiing from 7 to 10.

5 Question Marks Hit State's Wrestling Quest

When does five add up to one? Mathematically it is impossible. But to Wrestling Coach Fendley Collins five problems add up to one big problem. The five-problem is the quintet of wrestlers on Collins' squad that pose as question marks in the Big 10 wrestling tournament which begins today in Iowa City.

Collins' one big problem is trying to win the team title with only three sure point makers—Tim Woodin, Jim Ferguson and Norm Young. And Woodin and Ferguson, both seniors, should come through with a pair of championships.

State is in pursuit of Iowa, the present titleholder. But Collins needs points from his dubious quintet to catch the strong defenders. The grapplers have to get by three other clubs, Indiana, Minnesota and Michigan, if they plan any success. The other five Big 10 schools are not expected to put up too much of a fight.

The Spartans that pose the question are Joe Marchal, Bill Gucciardo, Duane Wohlfer, Gordon Johnson and John McCray.

McCray and Wohlfer appear to be the next best bets for points, but neither has been consistent this season.

Iowa, the host school, has, by far, the strongest team. The Hawkeyes are led by Larry Moser, Gene Luttrell, Jim Craig, and Gordon Trapp. Iowa finished its dual meet card with a 10-2 overall record and 8-0 in the conference.

State's Woodin is one of the returning champions. Last season he took 177 honors.

OSCAR ROBERTSON ... top all-American ...

AP Names State Pair, Green and Andereg to Team

NEW YORK (AP) — Johnny Green, who sparked Michigan State to its first undisputed Big 10 title, was named to the second team of the 1959 Collegiate Basketball All-American selected by the Associated Press.

Oscar Robertson, the "Big O" of the University of Cincinnati, dominated the voting. Named to the top five along with the nation's leading scorer were Jerry West of West Virginia, Bob Boozer of Kansas State, Bailey Howell of Mississippi State and Kentucky's Johnny Cox.

Bob Andereg, State's rugged forward, received honorable mention.

Spartans Eye Revenge In Cage Final With Iowa

By CHUCK RICHARDS You have to like activity if you want to win the Big 10 basketball title.

Take Fordy Anderson, for instance. The coach of Michigan State's championship team hasn't ever had time to sit back and enjoy being on top.

"I'm so busy I haven't had time to look at films," moaned Anderson as he rubbed his tired eyes.

It was an effort to talk about the Spartans' clash with Iowa Saturday in Jenison Fieldhouse.

"They're the only team we haven't beaten in the Big 10 this year," noticed Anderson (Iowa defeated State, 80-68, early in the season). "Iowa is one of the best teams in the conference; they have a lot of poise."

How could a coach inspire a team to defeat Iowa when it has already clinched the championship by a four-game margin, the largest since 1908-09?

"This will be a big game for our four seniors," he observed. "We want the best record we've had in the conference (now 11-2), it's the last performance before a great student body and fans, and a chance to wipe off our worst loss of the year."

The seniors, playing in Jenison Fieldhouse for the last time are center John Green, forward Bob Andereg, and guards Tom Rand and Jim Stouffer.

This aggregation has been instrumental in compiling the winningest record ever held by a State team. Besides the record 17-3 season this year, these four were in on two years with 16 victories.

It would take an entire book to elaborate on how much these players have meant to the success of Michigan State basketball.

Green has played the most spectacular player in history here and by far the best rebounder. Andereg's rough, aggressive play has been a delight to fans.

Rand has been less touted but has improved rapidly and consistently into a fine player while Stouffer's service has been limited to reserve duty. He had 19 points against Wisconsin, however.

The Hawkeyes are chafing at the bit to get at the Spartans. They would like to knock off the champs twice in one year and earn a tie for second in the six-team battle.

Paced by Clarence Wordlaw and Dave Gunther, Iowa would be happy to spoil State's farewell festivities.

Stouffer, and Art Gowen, will probably miss taking part in the final game. They have been touched by flu but will be on the bench for the game.

Spartans Sharpen Swords For Big 10 Championships

Six members of the Spartan fencing team will travel to Columbus, Ohio, this weekend to compete in the Big 10 fencing championships.

Terry Glimm, who boasts an 18-14 record for the season, and Dick Lawless, with a 15-15 total, will be the foil entry.

Art Dowd, who has a 15-15 record, and Chuck Schmitter, Jr., will be on the epee strip. Schmitter, who has compiled the top team record of 26-6 in foil, will switch to epee to strengthen MSU's chances.

Competing in sabre will be Steve Arnest, team captain, who is 14-19 for the year, and Dan Johnson, 13-19.

The Spartans will face Ohio State, Illinois, Indiana, Iowa and Wisconsin. The meet is the qualifying event for the NCAA Championships which will be hosted by Navy at Annapolis, Md., on March 27 and 28.

SPARTAN BROTHER combination, Bruno and Ed Pollesel, combine another episode of hockey together. The pair have been responsible for many defensive thrills during the last three years.

Tonight at 8 Officers Wrap-up Home Season With U of M

With a share of the Big 10 title guaranteed, the Michigan Trophies already won, a bid to the NCAA Championship finals all but made official, and a record number of wins in a season to its credit, the greatest Michigan State hockey team in history plays host to an upstart Michigan squad at 8 tonight in the Ice Arena.

The Spartans enter the two-game home-away series with a record of 11-1-1. The Spartans have already won 11 of their 12 home games. Tonight's game is expected to be a close one. Michigan State has a 2.6 goals-per-game average. The home game of the last season set an all-time high for Michigan State. The Spartans will lead the team into the game for the last time before the crowd. Selinger leads the team with a 2.6 goals-per-game average. The home game of the last season also set a record for Michigan State. The Spartans will lead the team into the game for the last time before the crowd. Selinger leads the team with a 2.6 goals-per-game average.

In Two Meets Track Team Faces Rough Weekend

Michigan State's track team left for Harrison, Wis., and the Big 10 championship Thursday afternoon in hopes of a first division finish despite their failure to win one indoor meet this year.

Coach Alan Dittlich in his first year as head coach, feels that Michigan, Illinois and Indiana will make it very difficult for other conference sisters to land the remaining two spots in the first division.

Taking only a 11-man team, Dittlich faces a large order of work for the weekend. After the Big 10 meet, the Spartan coach will take five men with him to the Milwaukee Relays on Monday.

The track and field team played some meet in Western Michigan in a triangular meet and set four meet records in a losing cause at Iowa last week.

A summary of the favorites in each event on the basis of last 1957 performance: 60-yd dash—Tom Robinson (Mich); 100-yd run—Robinson; 440-yd run—George Kerr (Ill); 500-yd run—Kerr; 880-yd run—Kerr; mile—Jack Hill (Iowa); two-mile—George Harvey (Iowa); 10-yd H.H.—Dave Olegard and Skip Pederson (Mich); 70-yd H.H.—Glen Davis (OSU); Pederson; mile relay—Illinois; high jump—Eric Haxley and Ron Mitchell (Ill); broad jump—Lee Bird (Mich); pole vault—Ester Landstrom (Mich); shot put—Tom Brown (Mich).

Making their final appearance are Dick Hamilton, second to Polans in writing; Bill McKennzie, the fastest skater in the league; and Fred DeLuomo, a rugged winnman with powerful drive.

Both Miles and Glenn Mace Donald, who teams with Bob Armstrong and Mel Christofferson, so form the penalty killing crew, will also close out their last season. Reserve defenseman Paul Harris rounds out the list of the seniors who have provided a nucleus for this year's championship team.

Naturday night the Spartans go to Ann Arbor to wind up the season.

what is "WASH 'N' WEAR" really?

There are many confused ideas about "Wash 'N' Wear" fabrics. Might be a good idea if we tried to explain it to you.

A "Wash 'N' Wear" cotton fabric is processed so that it can be washed easily by hand, machine or laundry. If it is skillfully processed, it should dry out quickly and—most important, iron out its own wrinkles and be ready to wear without ironing.

Now there are all kinds of wash and wear... good and bad, as with everything in life.

The best "Wash 'N' Wear" we have seen is the Manhattan® Mansmooth® No-Iron 100% Cotton Shirt.

Mansmooth is the only "Wash 'N' Wear" Cotton with "Molecular Memory"—a great scientific achievement. Not only does Manhattan Mansmooth wash like a dream no matter how it is washed—dry out in a jiffy—iron itself out—but, also, it is a shirt that never wrinkles in wear. It always looks freshly laundered! Amazing? Yes!

And the price for this finest example of "Wash 'N' Wear" Shirts... Manhattan Mansmooth... is only \$5!

H. Kostelchek Bros.

Gymnasts Seek Big 10 Upset

Spotting its most solid lineup—both in terms of numbers and physical condition—in more than a month, MSU's gymnastics team is in Bloomington, Ind., today for the opening of the two-day Big 10 championship meet.

Co-NCAA team champs with Illinois and third in the conference title behind the Illini and Iowa last year, the Spartans loom as top prospect for a dark horse upset of pre-meet favorites Illinois and Michigan.

Senior all-around man Angie Festa, who was allowed to re-join the team when a probation penalty on him was lifted last week, is the latest Spartan to resume duty. His surprise return may give the squad enough depth to make it a serious threat for the team title, according to Coach George Szypula.

Festa is at his best in the still rings event, and is a contender for first in the event, Szypula added.

Sophomores John Daniels and Chuck Thompson, recovering from arm and ankle injuries, respectively, for the last month and a half are near full strength—their physical best since mid-season.

Daniels works free exercise, trampoline and tumbling. Thompson the latter two events. Both are considered among the league's best—Daniels in free ex and tumbling and Thompson on tramp.

Stan Tashiro, junior horizontal bar specialist, is State's only defending Big 10 champion. He is entering this season, except for one meet when he missed a leg grip after a bar vault and fell from the apparatus prematurely.

Against Illinois' potent high bar contingent in last week's dual meet, fine the best Aule Grosfeld when the NCAA tournament missed several tricks and tied Don Touhy for first.

Captain Cal Guard, Spartan all-around mainstay for three years, was top point man this season. He will be out to do through 1958 winners Grosfeld and Iowa's Bill Buck in the parallel bars and side swing events, respectively.

Discoverer Satellite Discovered

INGLEWOOD, Calif. (AP) — Discoverer 1 is a mystery satellite no more.

The Air Force said Thursday it definitely has achieved the first polar orbit as planned.

The reason its fate has been a question mark since it was blasted aloft last Saturday is that, instead of pointing dart-like at the horizon as it circles the earth, it has been tumbling. This made its radio signals, directional like a flashlight beam, extremely difficult to track.

Apparently to blame is a scanning device intended to keep

the 1,300-pound, 19-foot-long cylinder horizon-bound. When it failed, the satellite apparently tumbled and turned as it sped through space.

It circles the Earth every 85.5 minutes, with a maximum altitude of 519 miles and a minimum of 176. It should stay up at least 30 days.

Discoverer 1 is the first in a series designed to solve the problems of getting man into space and back safely. Later shots in the series will send mice and monkeys aloft. The first was but a test of hardware.

Mounted on the nose of a Thor intermediate range ballistic missile, it thundered aloft from Vandenberg AFB, Calif., last Saturday. Both the Thor and second stage Bell-Hustler rocket engines worked perfectly.

It was aimed due south, into an orbit that will carry it over virtually every point on Earth as the earth spins beneath it. All previous U.S. satellites, fired from Cape Canaveral, Fla., have orbited the equator.

An announcement by the advanced research project agency,

in charge of the Discoverer series, said:

"Although it appears that the radio beacon is transmitting full time — the highly directional signals are only occasionally being beamed toward the earth."

Still, ARPA added, 41 separate tracking reports have been received since Saturday at tracking headquarters.

Cheering Tickets

Tickets for the cheering section at the Iowa game can be picked up today between 1 and 5 in 329 Student Services.

Spring Rush Next Week

Coeds interested in participating in spring rush must sign up between March 9-13 in the Pan-Hel office, 338 Student Services, 9-4.

To be eligible a 2.0 all college average and a 2.0 winter term is required. There will not be a rush fee for spring rush as previously required in winter rush.

Spring rush will officially begin with convocation planned for April 2. All rushees must attend.

Remember the Alamo Today

By BOB MITTENDORF

Texans are celebrating something different today.

The fall of the Alamo in San Antonio, Texas, and the 187 men who died defending it on March 6, 1836.

Celebration of defeat is not a common thing to mankind, but the Alamo is looked upon by Texans as the infancy of the liberty they possess today.

Built as a church in 1722, the Alamo was occasionally used as a fort. In 1836 it was garrisoned by the Texans in their fight for

independence against the Mexican leader, Santa Anna.

Several attempts to seize the Alamo in January and February by the Mexican army failed.

After two attempts to overtake the fort on March 6, the Mexicans succeeded in the final assault. Hand to hand fighting followed the last attack until all but five of the defenders had been killed.

Among the five was Lt. Col. William Travis, commander of the fort, James Bowie, co-commander and David Crockett.

They were shot on the orders of Santa Anna.

"Remember the Alamo" was the cry shouted by Texans in the battle of San Jacinto seven weeks later.

For almost 80 years the Alamo remained in ruins.

In 1913 it was restored to original condition and today remains the patriotic shrine the "cradle" that once held the infant of Texas liberty and independence.

International Theme Reigns At Club Dinner

Featuring an exotic menu ranging from Turkish delights to Texas, the International Dinner will be held Saturday at 6:30 p.m. in the Short Course Cafeteria on south campus.

The dinner designed to please the adventurous stomach will also include dishes from Germany, Japan, Viet-Nam, Iran, Sweden and Hawaii.

Fund for the annual dinner sponsored by the International Club will be prepared by foreign students and faculty.

To add cosmopolitan flavor, foreign students will attend in native costumes and entertainment will feature performers from India, China and South America.

Tickets for the International affair are \$1.50 per person.

Tickets Available For Tournament

Today is the last day students may obtain bus transportation and game tickets to the NCAA basketball regional, March 13-14 at Evanston, Ill. Students may sign up and purchase tickets in 329 Student Services between 1 and 5 today.

Cost of the bus ticket has been reduced from \$10 to \$7 round-trip. A \$5 deposit is required and will be refunded if the necessary number of tickets are not sold.

Philosophy Instructor To Address Faculty

Harold Walsh, philosophy instructor, will speak on "The Philosophy of Discovery" before the Philosophy Colloquium in the Physics-Mathematics conference room tonight at 8.

Faculty members and graduate students are invited to attend.
