## LIQUIDATION OF VETERANS FUND VOTED DOWN

DAVE SHANNON and John Korpela of the Knights of Saint Patrick serve refreshments to engineer queen candidates. Standing (l-r) are Lynn Kiester, Sue Brown, Karen Ross, and Sharon Struble.

Seated are Pat Lawrence, Sally Guthrie, Ginger Lewis, and Nancy Sessions.

### Research Institution Proposed

A proposal to establish an independent research center in Michigan was presented to the Committee on the Future of the University at its weekly meeting Thursday night.

The proposal, submitted by Dr. James P. Felt, pointed out that almost every industrial plant in the Midwest, except Michigan, now has a similar institution.

Felt, now a professor of chemistry, also proposed that a research center might be partially financed by the existing universities in the state. He said a proposal would be made to Michigan state officials, including Gov. George Romney, Sen. Dan Hoan, and Rep. John Dingell, who are studying the possibility of establishing a research center at the General Motors Research Center at Warren, Mich. Felt said that a portion of the large projects in the independent center.

The committee, which was established last winter quarter by President John A. Harlan to investigate and make recommendations for improvement of the many phases of university activities, was also addressed by Dr. Lawrence Will.

Will, professor of agricultural economics and director of studies for the Office of International Progress, felt that the allocation of research funds to individual researchers should be more critically distributed.

Research funds should be passed around, like a "Christmas bonus," said Will. Funds should be assigned only after a careful consideration of who is likely to be the most productive in the best interest of the university.

### Two Trustees Voice Opinions

Two members of the MSU Board of Trustees have said they strongly favor an extension of student and faculty opinion on the ROTC program. Jan. Vanderpool and Don Stevens, members of the State News staff, would like to consider it desirable to have an expression of student and faculty opinion on the question of changing MSU's ROTC program from a compulsory to a voluntary basis with a "moratorium."

Board chairman George Smith reported he would be guided by the recommendations of the Committee on the Future of the University.

H.C. AND PANHEL MEMBERS at MSU for the Big 10 conference take a moment out from conferences for a little entertainment. The dance was held in Kellogg Center Thursday night.

### Parties Call 3 Caucuses Over Issue

Party Lines Cross In Senate Voting

By BILL CALAHAN  
State News Editor-in-Chief

A bill to liquidate Veterans Trust Fund killed in the senate Thursday by a vote of 22 to 1.

Party lines were crossed by 5 Democrats joining 17 Republicans in voting down the Senate Democrats and four Republicans favored liquidation of the \$50 million fund. Sen. Elmer A. Benson (R-Mich.) did vote.

Most of the afternoon was spent in the Veterans Fund's one Republican and two Democrat caucuses called to discuss the issue.

Just before the session, Paul Younger (R-Lansing) he was opposed to the bill doubted that it would get through the senate. The bill was approved by the House and forwarded to the senate on March 24.

The bill will have no immediate effect, Younger said. It will do nothing after 90 days after the session adjourns. He said the majority vote in House would be required to make the bill effective immediately.

Younger said that if there enough votes in the Senate to keep the state going, Senate might be able to pass through some tax bills to pay the whole financial problem.

"The Veterans Trust Fund is not the issue," Younger said. "It would be only a one-measure and we would want merely raising up that and facing the same problem with six more weeks of session behind us."

Most of the discussion during the bill in the floor came around the timing of the Veterans Fund which can be a problem only a delaying tactic.

Senator Stanley Borwick (D-Mich.) said the Veterans Trust Fund bill would be a waste of time. He said he would be glad to see the bill go through Michigan's legislative process.

"I think it is time we should have legislative responsibility placed on a program which Michigan's financial problem," Borwick said.

A motion by Everett to table the bill until the Veterans bill was needed at a later date was later withdrawn to permit vote on the bill.

After the vote was taken, 5 John Sweeney, R-Cochran said that there were some doubts in financial reports to the state treasurer's office. A motion by Sweeney to refer the bill to the Senate Finance Committee was defeated. Sweeney and Sen. Conrad James Miller and Sen. Charles W. Sweeney were the only Democrats who voted against the bill.

### Green Splash Water Show Makes Debut to Full House

The 1959 Green Splash water show, "New York, New York," opened to a full house Thursday night with the presentation of synchronized swimming numbers based on a visit to New York.

The women's pool was decorated to represent the skyline and various street scenes of New York. Although hampered slightly by a few opening night mishaps and signal mishaps, "New York, New York" is a well-thrown show worth seeing.

The show will be presented today and Saturday at 4 p.m. The Women's Pool. Tickets available at the Union ticket desk for \$1.

### Osterink Leads Campus in Votes

## AUSG, Class Election Primaries Feature Sweeping Landslides, Photo-Finish Races

The results of Thursday's all-university primary elections ranged from landslides in some offices to photo-finish results in others. Two candidates from each of the following offices with the highest total of votes will oppose each other in the all-university final elections next Thursday.

The two selected in the senior class secretary race were Jackie Hultner with 237 votes and Vicki Smith with 214 votes. In this race Dave Donnelly received 80 and Sylvia Qualls took 62.

Senior treasury candidates for the coming election next Thursday will be Sue Clark who tallied 269 votes and Tom Booth with 218. Claudia Lemke received 182 votes.

Terry Davis landed 361 votes followed by Bill Barker with 294 in the junior class vice-president race. Mike Getton was a close third with 215 votes.

Mugs Fleischer was way up on the voters' pole in the junior class secretary race with 415 tallies. Sue Beekman remained in the race with 358, and Eppie Burkner dropped out with 219 votes.

The most popular candidate on campus at least according to voters, is Larry Osterink who picked up 618 votes in the sophomore class president race.

Larry Walker lost out on a close one to Pete Van Leer when Van Leer took second by only 40 votes. Van Leer had 368, and Walker 323.

Robbie Wood netted 341 votes in the sophomore vice president race and Ed Lublin totaled 446. Robert Partlo took 292 votes.

One of the most popular candidates for office was Pat Podas in the sophomore secretary race. Podas tallied 322 votes.

Results for Kay Wain, Pat Friesen, 34; Bonnie Baker, 15; Pat Hamilton, 12; Sue Harris, 8.

LeRoy Van Leer won the closest photo-finish of the day with 46 votes in the Gilbert race. Second was Carl Baker with 39 and third was Dennis Robinson with 34 votes.

In Abbott, Jean Hume tallied 31 votes and Myrna McMillan took 19 to win the semi-finals. Next in line were Jackie Shilling 18, Mary Cline 15, Jeanne Giroux 12 and Marcia Inerson 11.

Six out of eight treasury entries are left on the ballot Thursday. They are Larry Campbell 62, John Eason 34, Phillip Fife 26, Paul Malcock 62, Robert Pearson 23 and Richard Swope 42. Charles Gilla 29 and Stephen Vanna 24, were the two losers.

CHINA WARNS ALL HANDS OFF IN TIBET REVOLT

### China Warns All Hands Off In Tibet Revolt

TOKYO (AP) — Red China sharply warned Indian, U.S. and other critics Thursday against intervention in the Tibetan rebellion. It couped a fresh attack on India, host to the Dalai Lama, with a declaration that the shooting is all but over in Tibet.

The Chinese Communist command in Lhasa claimed it has crushed Tibetan strongholds in the mountains south of that capital, wiped out the bulk of the rebellion and killed, wounded or captured nearly 2,000 rebels. Red troops are mopping up the scattered remnants, it said, and "they will be wiped out in the near future."

"A part of the rebellious elements fled to India," said a communique broadcast by Radio Peiping.

A sidelight came in a dispatch issued in Taipei by the Taitao news agency, which is run by the Chinese Nationalist Justice Ministry and claims underground contacts on the mainland. The dispatch said the Reds are shipping 250,000 reinforcements to Tibet and that 70,000 of these have already been moved in by airlift.

Radio Peiping broadcast the Red military pronouncements along with officially inspired warnings from deputies in the National People's Congress to "the imperialists and Indian expansionists not to meddle in China's internal affairs."

Programs by the State Singers are rarely seen on campus during the school year, and the spring concert offers the only opportunity for students to hear this widely acclaimed group. The Singers have gained considerable recognition throughout Michigan by their annual concert tours during the spring vacation.

Sunday's concert will offer both unaccompanied selections and those performed with instrumental ensembles. A select group of vocalists from the larger organization, the Madrigal Singers, will sing one group of compositions. The choir is directed by Richard Klaus.

The program will include varied selections of madrigals, folk songs, spirituals, contemporary choral compositions and instrumental music scored for small orchestra.

To open the concert, the Singers will present "The Lamb that is to be Slain" from Bach's Cantata 21. This bold, powerful piece is followed by three early madrigals in Gregorian Chant.

The second section opens with "Song in the Night" for two harps, played by Karen Murphy and Arlene Toth. The Madrigal Singers turn to contemporary music with two Hindemith songs.

The program ends with several secular modern compositions. First is Toth's "Geographical Fugue," unusual in that all the devices of fugal writing are employed, yet the parts are spoken instead of sung.

A folksong "The Irish Girl" arranged by Cowell, is followed by the "Prologue to Catullus Carmina" by Orff. This furious baroque work for voice with percussion ensemble forms a brilliant climax to the evening's performance.

### Organist Slates Recital Tonight

Stephanie Koch, an applied organ major from Midland, will present a Senior Recital at the Peoples Church at 8:15 p.m. tonight. The public is invited.

The program opens with the Bach "Fantasia and Fugue in G minor," which is followed by four Chorale Preludes and Contemporary Hindemith "Sonata No. 1."

For her final group, she has chosen several classic and contemporary organ pieces, including Mozart's "Fantasia in F minor," and the concluding "Toccata" from the Modest Suite by Flor Peeters.

Board Replies Pave Way for Students

LETTERS RECEIVED from members of the MSU Board of Trustees concerning the desirability of student and faculty expressing their opinions to the Board on the ROTC question are, in the least, very encouraging.

A third, Connor Smith, said he would base his decision on the recommendation the Board receives from the Committee on the Future of the University. This, too, is a vote or an expression of opinion from those concerned.

A fourth, Clark Brody, indicated that he would abide by resident John A. Hannah's opinion regarding the question.

THE TWO OTHER members, C. Allen Harlan and Arthur Rouse, have not as yet replied.

But we are certainly encouraged by the genuine interest expressed by Board members. We said earlier that we were certain the governing body of the university would not all to take into consideration the feelings of those who all under its jurisdiction. And these replies, in the main, seem to substantiate this statement.

The character of the Board has changed in recent years no longer are its members living in the "Ivory Towers" days. They recognize that MSU is a growing and increasingly greater university. Some of them, at least, apparently realize they must have a means of direct communication with students, faculty, administrators and alumni of this institution, to insure that their policy decisions will be based on the best interests of the university as a whole.

AN INDICATION of the changing character of the Board is the fact that the two men who replied in strong terms had an expression of student faculty opinion would be desirable are its two newest members.

Many students seem to feel that the ROTC proposal is just another campaign that will never get anywhere. So they continue, "What's the sense of trying to do something?"

But these replies from the people directly concerned with a possible change indicate that this is far from the case.

Student and faculty opinion can and very conceivably will affect the Board's decision. It is up to both students and faculty to let their voices be heard.

Petitions will be circulated during the coming week. We urge all those who feel a change from a compulsory to a voluntary ROTC program would benefit the university and its students to sign these petitions. Members of the State Board itself have opened up the way for you. Now it is up to you to make your feelings known.

"Aren't You Big Enough To Have A Key Of Your Own?"

On Voluntary ROTC Question

Two Board Members Desire Opinion of Students, Faculty

MEMBERS NOTE: The State News wrote last week to members of the MSU Board of Trustees the governing body of this university. We asked "Would you regard it desirable to have an expression of student and faculty opinion on the question of changing MSU's ROTC program from a compulsory to a voluntary basis?" So far four of the six Board members have sent their replies which are published below.

To the Editor: In reply to your letter of April 18, I am indeed gratified it is possible to have an expression of student and faculty opinion on the question of changing MSU's compulsory ROTC program to a voluntary basis.

I will always encourage any group, whether it be students, teachers, administrators, alumni or supporters of MSU, to take part in the process of democratic decision-making in our university and in the future, it is one which demonstrates that we have a responsibility as citizens of a great democracy and as citizens of the Free World.

Another demonstration that they believe their Board of Trustees is interested in their thinking and deliberations. To make MSU a greater center for the discovery of truth, for the preservation of knowledge and the dissemination of truth and knowledge, requires the thinking and action of all segments of the university.

Petitions are being set up in the democratic method for our student governing bodies with the desire and thinking of their community. I will always welcome them and give them honest consideration.

Jan B. Vanderploeg MSU Board of Trustees

To the Editor: In reply to your letter of April 18, I am indeed gratified it is possible to have an expression of student and faculty opinion on the question of changing MSU's compulsory ROTC program to a voluntary basis.

I will be guided by their recommendation on this question.

Connor D. Smith Chairman MSU Board of Trustees

To the Editor: I shall be glad to abide by President John A. Hannah's opinion regarding changing MSU's ROTC program from a compulsory to a voluntary basis.

Clark I. Brody MSU Board of Trustees

To the Editor: I am glad to be able to express my opinion regarding the ROTC question.

John H. H. Pennant Haters

To the Editor: Somebody stop the world and let all the Pennant Haters get off.

John H. H. Night Staff

Night Editor: All Erickson Assistant: Annette Krause Wire Editor: Sharon Coady Night Staff: George Ann Bauer, Nancy Schieman, Marg Jandacek, Sandy Fenwick

Letter Policy: Having recently received several cogent and timely anonymous letters about campus problems, we wish to make it clear to our readers that we will not publish any letters without knowing their source. We will withhold the writer's name by request if there is justification for doing so. In any event we will not publish anyone's name against his will.

Interpreting the News

Reds Want to Eliminate West Berlin As Channel to Freedom for East Zone

By J. M. ROBERTS Associated Press News Analyst

Nuclear armament isn't the only thing about West Germany that worries Russia.

In the old days the eastern part of Germany which is now Communist-controlled was considerably advanced over most of eastern Europe despite the fact that it was primarily agricultural.

Now East Germany runs far behind West Germany and may even be slipping while West Germany homes ahead—a poor advertisement for the Soviet system.

Trouble in East Zone And the East Zone may be coming into more and more trouble.

As workers in their prime up into West Germany by the thousands, the east zone's population—and labor force—gets older and less productive.

The Population Reference Bureau of Washington estimates that two million people have fled from east to West Germany since 1950, most of them in the past five years.

West German figures show more than half of these were under 25 years of age and another 27.8 percent between 25 and 45.

This has not only reduced the East German labor force, but shifted its base until it is now 42 percent women, as compared with 32 percent in the United States.

Reduced Birth Rate

It also reduced the birth rate in six years, 1951-57, from 16.9 to 15.6 per thousand, so that migration is now three times the increase through births over deaths.

At the same time West Germany was absorbing the millions of immigrants from the east, her own birth rate was climbing from 16.5 to 17.6, making her population of 53.7 millions, the largest in western Europe.

There was selectivity in the emigration from East Germany in other than the age field, which was caused by the fewer ties which bind youth to old homes.

Scientists Fled East Berlin

The latest report from Berlin shows 95 scientists fled in just the last seven weeks. They fled, they said, because of continued Communist interference in their work and lives, and despite Red efforts to improve their living conditions.

They reported that the East German educational system was being handicapped by the flight of teachers. They said more than 375 scientists and 3,400 teachers fled in 1958 alone.

This emigration is one reason why Soviet Russia would like to eliminate the oasis of West Berlin and close the corridors by which these people reach West Germany. The emigration makes comparison between the two systems too easy and too obvious.

# Long Debate Precedes Congress' NSA Decision

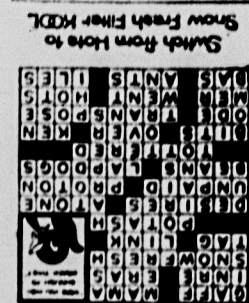

Congress' Wednesday vote to reaffiliate National Students' Assn. after a heated and long debate, with a number of members joining in.

out that NSA has more than 400 member schools, comprising about one million students.

lated now, how is it going to change?" "It's up to you," Hunter replied.

In the first vote, however, 15 out of 28 members voting favored re-affiliation, still not enough to meet the required two-thirds majority.

At the final reading of the bill, discussion was again heated. The resulting 14 yes, 11 no, ballot served only to substantiate the earlier decision not to re-affiliate with NSA.

Schedule Open House

Speech, Hearing Club to Meet

The Speech and Hearing Society of MSU will hold an open house Saturday morning to acquaint interested persons with the workings and rewards of their field.

The Speech and Hearing Society, made up of students in speech correction and therapy, was reorganized by Student Government last December. After a year's probationary period, the group plans to affiliate with the national professional speech and hearing fraternity, Sigma Alpha Eta.

Saturday's open house, which has been planned entirely by the student group, will begin at 9 a.m. in 235 And. Student guides will be on hand to greet visitors as they arrive.

"The program is designed for members of the student body, or any high school student, who might be interested in working in the field of speech correction, educational or medical," according to Dr. Ralph Leutenegger, head of speech pathology and audiology and advisor to the Speech and Hearing Society.

A faculty member, a correctionist and a student will open the program with a brief talk about the areas of activities, the rewards and satisfactions of correction work.

The morning's activities will be varied and informal, including observation of therapy in action, a discussion of occupational opportunities, and a chance to talk informally with students and faculty.

Coeds Awarded 2 Scholarships

Two MSU graduating seniors will receive dietician scholarships at the Spring Convention of Michigan Dietetics Association in Boyne Mountain, Saturday.

Kay Allington, Saginaw senior, will receive a \$250 Michigan Dietetic Association Scholarship. Rachel Dunham, Toledo, Ohio, senior will receive a \$200 T. Z. Dubois scholarship.

THE SPECIAL TEACHER is required to understand the individual needs of the child and is acquainted with equipment and materials which aid her in meeting these specific needs. More of these teachers are urgently needed at the present time.

Series Compares Systems

WSMB to Feature Red, U. S. Education

The first in a series of television programs on Russian vs. American educational systems will be offered at 1 p.m. Sunday on station WSMB, channel 10.

The series, in three parts, will feature many noted Russian and American educators," said Robert Rowland, Traffic and Continuity Director of WMSB.

In this series, entitled "Meeting of Minds," three Russian and three American educators will cross-examine each other on the educational concepts of the two countries.

The questions will center around the differences in the training and the education received by American and Russian students in their respective institutions.

Simultaneous translation is used during the program, which is on film.

Dr. A. I. Markusevich, first assistant minister of education of the Russian Soviet Federated Socialist Republic, (RSFSR), will be one of the educators on the first program, "New Perspectives in Education."

Along with him will be Dr. A. A. Smirnov, and Mr. S. G. Shapovalenko.

Most schools are eager to establish special classrooms since the programs are state reimbursed up to 75% of actual cost. Counties are rapidly voting mileage to provide special classrooms in out-county areas to supplement already existing community programs. Thousands of handicapped children, however, will not be provided an opportunity for a basic elementary education largely because of the lack of qualified teachers.

MSU has training programs for all areas of special education, both undergraduate and graduate. Students majoring in

Instructors Demanded For Special Education

350,000 Handicapped Children Require Special Facilities, Teachers

The field of special education—teaching children who are blind, deaf, crippled, speech handicapped, mentally retarded or emotionally disturbed—is a rapidly expanding field today.

In addition to the great demand for qualified teachers in these areas, the emotional satisfactions involved in this type of teaching should be more increased incentives for more students to major in special education.

Experts estimate that there are between 350,000 and 400,000 physically or mentally handicapped children who need specially trained teachers.

In most large cities special classrooms in their school systems are set aside for the training of handicapped children. Very different from ordinary classrooms, these classes are small, often ungraded, necessitating cooperative work with many other experts—therapists, psychiatrists and medical personnel—and the use of tools and techniques which are quite foreign to the ordinary classroom teacher.

Students interested in education are urged to display of special materials and therapeutic in the lobby of the Department of Education Building.

Two Seniors To Present Joint Recital

The music department will present a joint recital of seniors April 26, at the Music Aud.

Deanna Bauss, Honors student and Midland, a cello student of the University of Michigan, will present in the String Specialist program in music education. She has taken an active part in music, the University Chamber Orchestra, and the Chamber Orchestra.

Miss Van Epps, senior, studying music, has also been an active member music group, University Symphony. She studies flute with Friedewald and was first with the orchestra in the year's Honors Concert. Imelda Sjojo and Rickard are accompanying the concert.

The program opens with compositions, "The Caplet and the Presto," by Enescu. Miss Van Epps, who opens her solo part with the Allegretto movement of the concerto in D Major, by

### Faith Groups Set Activities For Weekend

Local religious groups have scheduled a full week-end of parties, dances and worship services.

Wesley Foundation will hold a swimming party tonight in the new intramural building. A pizza party will follow at the Wesley House. Sunday evening Wesley Forum will view the film "Martin Luther."

Hillel Foundation will celebrate Passover and Sabbath services tonight at 7:30 at Hillel House.

Canterbury Club meets Sunday at All Saints Episcopal Church for a coat supper. Following this the Rev. John Baxter will lead a discussion, "Discerning the Body of Christ."

Gamma Delta will hold a scavenger party this evening from 7:30-12:30. Headquarters is the Martin Luther Chapel.

Chapters of Gamma Delta at colleges throughout Michigan have been invited to participate in a bowling tournament Sunday afternoon at 2 at the Union League. Catholic Student Organization will have a card and dancing party at the Catholic Student Center tonight from 9-12. "April Showers" is the theme of the informal dance to be held Saturday night at the Center.

### Engagements

Chi Omega: Nancy Balle, Dearborn sophomore to Trent Krantz, MSU graduate and Theta Chi.

## Track Squad Enters Drake Relays

With his sights set on improving last week's performances, Head Track Coach Fran Dittrich left Thursday, taking a nine-man relay team to Des Moines, Iowa to compete in the Drake Relays on Saturday.

All week Coach Dittrich has been putting his thinclads through timing sessions in preparation for an assault on four different relay events—the dis-

tance medley, four-mile, two-mile and one-mile relays. State may compete in the sprint medley.

In the Ohio State Relays last week, the distance medley team, composed of Capt. Fordy Kennedy, Bob Lake, Jim Carr and Brian Castle, lost a very tight race to Notre Dame, covering the distance in 10:02.

This event is made up of a 440, 880, 1,760 and one-mile leg, run in that order unless there is a large number of entries. In the case of a large field, the half-mile leg will be slated first.

A breakdown of last week's distance medley performance shows these splits—Castle (4:00), Carr (1:37.5), Lake (2:59) and Kennedy (4:16.5).

Lake and Castle are one-half of last year's successful two-mile relay team which broke the existing world's record with a 7:21.4 effort only to finish second to a great University of California squad which set a new world mark at 7:20.9.

In addition to the four men on the distance medley relay team, Jim Horan, Bob Hughes, Don Marsh, Tony Smith and Max Weissengruber will accompany Dittrich.

## Netters Face Ohio State In 1st Conference Match

Provides Chance to Show Improvement Over Last Year's Sixth Place Showing

Chaffing at the bit after over two weeks of idleness, MSU's tennis squad travels to Columbus, Ohio, this afternoon at 3 p.m. to open up their 1959 season against Ohio State.

Looked upon as the first real test of the year for the netters, Saturday's meet should go a long way toward revealing whether the Spartans can do any better than their sixth place finish of 1958 in the Big 10 championships.

Coach Stan Drobac's chief concern earlier in the week was the condition of Bill Hotchkiss. The Grosse Pointe junior contracted a sore throat and there was some doubt as to whether he would be able to hold down his No. 1 slot in the singles division in Saturday's match.

In the only meet in which they competed against OSU last year, the Spartans edged them by the narrow score of 15-14 in a quadrangular meet in which Iowa and Minnesota also participated.

In other matches, Roger Plagenhoef defeated Bob Sassaak, 6-2, 6-2, to haul down the No. 4 position, and Ron Mescall beat Jim Musell, 6-4, 6-1, to travel with the squad in the No. 6 slot.

Completing the 6-man team will be Doug Smith in the No. 2 singles position. Hoffman will be No. 3, while Sassaak competes as No. 5.

The doubles team will consist of Hotchkiss-Smith as the No. 1 team and the duo of Sassaak-Hoffman as No. 2. Holding the No. 3 spot will be the Plagenhoef-Mescall combo.

In the only meet in which they competed against OSU last year, the Spartans edged them by the narrow score of 15-14 in a quadrangular meet in which Iowa and Minnesota also participated.

## Gridders Work on Belly Series

# 2nd Full-Scale Scrimmage Set for Stadium Saturday

Spartan gridgers prepared to wrap-up the second week of spring practice with a full-scale scrimmage Saturday, the second of the season.

Students are again invited to view the scrimmage which begins at 2 p.m. Saturday.

Thursday's workout consisted mainly of learning the belly series plays of the double wing "T" and the first punting of the spring.

Bianche Martin, the fullback who is making a comeback after a disastrous knee injury, put his toe into the pirkin for fair punting yardage. But Dean Look is expected to do the booting again this fall. He had a fine 46.1 yard average last season.

A practice-long scrimmage emphasized the belly series and passing. Four strings had a turn in the workout.

Martin again stepped aside and avoided scrimmaging. Carl Charon, a sophomore running from Martin's slot, was the chief victim of a siege of fumble-titis that hit the team.

Blocking weakness was shown by all strings. First string backs had particular trouble with their assignments.

Pass protection was poor. Tom Wilson, directing the first team, was snowed under time after time by crashing defenses.

Ike Grimsley and Leroy Loudermilk both had a hand in running the second 11. On his first play from scrimmage Louder-

milks connected on an play with this favorite target as freshman, Art Brandstatter.

The day's only long touchdown run was scored by string quarterback Larry B... He took the ball through the line on an option play.

Gary Ballman, second string halfback, loomed as the top candidate to be named the outstanding sophomore of the spring. He had outperformed such challengers as Art Brandstatter, D. Oxendine and Charon.

If Ballman does take the honor, it will be the second straight year that the winner has been a graduate of East Detroit High School. Mickey Walker, Ballman's former teammate, was named top sophomore last spring.

The pair led East Detroit to an unbeaten season in 1958. Ballman, as a halfback, was named to all-state teams.

Walker has since converted to a guard and should play a string in the fall.

## Play Central and Western

# Golfers Tee Up for First Meet

Central Michigan and Western Michigan provide Michigan State's golf squad with its first taste of competition this spring in a triangular match today at Forest Akers golf course.

The Spartans, who didn't take the usual southern tour this spring, will be using the match as a tuneup for the Big 10 season to open one week later.

Jack Reynolds, by winning the team tournament this spring, will shoot in the number one position on the squad. Reynolds, a junior letter winner, held down the number six position on last year's squad with a record of three wins, a loss and a tie and a 78.2 average.

Coach Ben Van Alstyne has named junior letter winner Tim Baldwin and sophomore Ty Cap-

lin to the number two and three spots respectively. Baldwin ranked number four on the squad last year while Caplin is considered one of the top newcomers.

The newcomers to the squad, Gary Whitener and Gary Barrett, rank right behind the leaders and should be in the four and five slots.

C. A. Smith, Steve Miller and Bob Walsh round out the team. Smith is a sophomore, while Miller and Walsh are junior letterwinners. Both Miller and Walsh posted winning dual meet records last year, with Miller holding down the number five position.

Tee off time is at 10:30 Saturday. The match will be the Spartans' only home appearance

before another triangular match here against Indiana and Detroit on May 8.

JACK REYNOLDS ... leads Spartan golfers ...

## Crew Opens This Weekend

Opening its spring season, the Spartan rowing team will tangle with Wayne State University Saturday at the Tartars' Detroit River course.

Scheduled races include the freshman and varsity eight-man shells and the varsity four-man shell, according to Coach Jim Tyler. In last year's meet Michigan State won three races, all

in "eights." Wayne State is the Spartans' only Michigan competitor scheduled this year.

Heading the Spartan entry will be veteran crewmen Tyler, Milan Savich and Hap Joy. All other members of this year's 12-man crew are newcomers to the sport. Ron Westen, counted on to be one of the team mainstays this year, was recently sidelined for the season with a shoulder injury.

# this man is flying an airplane?\*

**Sure, he is!**  
Oh, not literally, of course. Actually, he's an expert in aircraft fire control and missile guidance systems. He's part of the research and engineering team of the U. S. Naval Avionics Facility at Indianapolis, Indiana.  
His job offers him a new opportunity every day, and he likes it. He enjoys working in diversified programs that challenge his ingenuity. He is given assignments with significant responsibility. He appreciates discussing his problems with colleagues who are recognized authorities in their fields. He knows that he is gaining valuable tech-

nical experience with industry's finest professional tools at his disposal.  
The Facility has immediate openings for engineers, electronic scientists, physicists and mathematicians. Personnel enjoy competitive salaries, unequalled opportunity for recognition and advancement, professional freedom, liberal vacations, accumulative sick leave, attractive retirement benefits, and advanced educational programs.  
The Facility has major responsibility for the Navy's research and development programs in such areas as: airborne electro-mechanical and electronic systems, inertial components, radar components and computers, electronic counter-measures, heat transfer studies, and anti-submarine warfare systems.  
Accomplishment of the impossible is tradition at NAFL. If you are a young man or woman with initiative and imagination who has talent to contribute to a dynamic Navy, consider Naval Avionics Facility Indianapolis as an outlet for your professional expression.  
All positions will be filled in accordance with applicable Civil Service procedures.

## Beal Throws No-Hitter

### Lambda Chi Stopped Cold By Sigma Chi's Fastballer

Big Tom Beale completely baffled Lambda Chi batsmen Thursday as he hurled a no-hitter to give Sigma Chi a 6-0 victory. Hank Fronczak suffered the loss.

Beale chalked up eight strikeouts over the five-inning route. Leading Sigma Chi's eight-hit attack was second baseman Bob Gemund, who was two for three.

The winners' big inning was the second. Mel Albrite knocked a line drive single and moved to second on an outfield error. Ken Winnert then smashed a single into centerfield to get two RBIs. He scored seconds later on a hit by Jack Pattison.

In the third Sigma Chi came back with two more tallies on the strength of two singles and two hit batsmen.

Lambda Chi couldn't connect solidly with Beale's blazing fast ball and failed to get a ball out of the infield. Although they were a little shaky on defense at times, their second baseman, Bill Swarrels, made the best play of the game. In the final frame he went far to his left to snatch a hard hit ball off the bat of Dave Gradison and got the runner at first.

On another diamond, Sigma Nu trounced Delta Chi behind the two-hit pitching of John Altenburger.

Ross Zerrup was the big man with the stick as he went three-for-three and smashed two home runs. Tom Riley also homered for the winners.

## Latest Tiger Loss:

# 10-4

DETROIT (P)—Believer Dick Woodowski put down a budding Detroit rally in the fifth inning and hurled shutout ball the rest of the way, saving Cleveland's 10-4 triumph over the Tigers Thursday.

Billy Martin slammed a three-run homer that helped sink his ex-teammates and paced a 10-hit attack off six Detroit pitchers.

The victory gave the Indians a sweep of the three-game series. Cleveland, winner of nine of its first 10 games, took the other contests by 14-1 and 10-1.

Starter and loser Ray Narveski, who came to Detroit in the Martin trade, yielded two runs in the second inning, then loaded the bases on a single and two walks in the third before Jim Bunning took over. A hit batsman and an infield out produced two more runs before Martin belted his winning-margin homer.

**HUSBANDS, ANYONE?**

It has been alleged that men go to college for the wife instead of finding husbands. This is of course, an inference, correct, and I give fair warning that, small and meany as I am, anybody who says such a diabolical thing when I am around had better be prepared for a sound thrashing!

Girls go to college for precisely the same reason as men do to broaden their horizons, to broaden their vision, to climb to the front of wisdom. But if by pure chance, while a girl is engaged in these meritorious pursuits, a likely looking husband should pop into view, why, what's wrong with that? What's wrong with that?

The question now arises, what should a girl look for in a husband? A great deal has been written on this subject. Form his character is most important, wide my background, and my appearance, wide my education. All are wrong.

The most important thing—far more—in a husband is health. Though he be handsome as Apollo and rich as Croesus, what good is he if he just lies around all day accumulating testimonials?

**The most important thing in a husband is health!**

The very first thing to do upon meeting a man is to make sure he is sound of mind and limb. Before he has a chance to sweet-talk you, snap a thermometer in the mouth, roll back his eyelids, yank out his tongue, rub his testicles, palpate his throat, ask him to straggle out a horsekick with his teeth. If he fails these simple tests, phone for an ambulance and go on to the next prospect.

If, however, he turns out to be physically fit, proceed to the second most important requirement as a husband. I mean to a sense of humor.

A man who can't take a joke is a man to be avoided. There are several simple tests to find out whether your prospect can take a joke or not. You can, for example, wash his tires. Or burn his "Mad" comics. Or steal his watchband. Or turn loose his pet raccoon. Or shave his head.

After each of these good-natured pranks, laugh gaily and shout "April Fool!" If he replies, "But this is February nineteenth," or something equally childish, cross him off your list and give thanks you found out in time.

But if he laughs slyly and calls you "Little miss," pass him to the next test. Find out whether he is kindly.

The quickest way to ascertain his kindness is, of course, to look at the cigarette he smokes. Is it mild? Is it elegant? Is it humane? Does it minister tenderly to the psyche? Does it excite the synapses? Is it a good companion? Is it genial? Is it bright and friendly and full of dulcet pick-ups from cookware till the heart of darkness?

Is it, in short, Philip Morris?

If Philip Morris it be, then clasp the man to your bosom with hoops of steel, for you may be sure that he is kindly as a summer breeze, kindly as a mother's kiss, kindly to his very marrow.

And now, having found a man who is kindly and healthy and blessed with a sense of humor, the only thing that remains is to make sure he will always earn a handsome living. That, fortunately, is easy. Just enroll him in engineering. *— Max Graham*

For after smokers the Philip Morris Company makes Marlboro, the cigarette with better "makin'." New improved filter and good rich flavor. Soft pack or flip-top box. A lot to like!

April 24, 1959

# 'Rule of Law' Celebrated Law Day Program Scheduled for May 1

Law Day USA will be celebrated for the second year this May 1 as the campus, and organizations and individuals all over the country honor the American "rule of law."

At MSU the department of insurance, law and real estate administration will sponsor a lecture by Justice George Edwards on "The Law—Our Concept of Ordered Liberty."

## Professor Distributes Filmstrips

The program will be at 7 p.m. in Falchid Theater, Hendrik Zwarenstein, associate professor in business administration, said recently. All interested are urged to attend.

Pictures taken in Russia by Dr. Lincoln Pettit, assistant professor of natural science, will receive world-wide distribution as part of a filmstrip series produced by the Society of Visual Education Inc., Chicago.

"May 1 is not a day just for lawyers, but a day for all patriotic citizens," Raymond Dresser, president of the Michigan Bar Assn., stated in the Michigan State Bar Journal.

Pettit toured the Soviet Union with the Comparative Education Society group last August and September.

A special event of Law Day will be the dedication of the new headquarters building for the State Bar of Michigan.

The collection constitutes the first American education filmstrip series dealing with the Soviet Union to be released. The have the distinction of being 100 per cent photographed and produced by Americans — there are no Soviet Photo Agency pictures included.

"The rule of law which characterizes our freedom influences the lives of all Americans," Gov. G. Mennen Williams said in his proclamation of Feb. 24.

The series includes more than 500 color pictures selected from several thousand recent photographs made in Siberia, Uzbekistan, Yalta, Kirakow, Kiev, Moscow and Leningrad.

"The law epitomizes the freedom for which Americans have fought and given their lives since the independence of this nation was established."

Purpose of the films is to present a factual, pictorial story of life in the Soviet Union under the present conditions there.

"The vitality of our legal system, so essential to maintaining our freedom, depends on broad understanding and support," the proclamation said.

## Businessmen Attend Week Conference

Dresser announced last month that the Freedom Foundation of Valley Forge has awarded the American Bar Assn. the George Washington honorary medal for the inaugurating of Law Day USA.

Twenty senior executives from major firms across the nation Monday began a week-long comprehensive program in marketing management at MSU.

## Coed to Judge Earth Samples At Soil Contest

The men met at Kellogg Center in an effort to determine how to best serve the American consumer by providing him with the goods he wants at prices he can afford to pay, program officials point out.

One coed, pooling her skill with seven male students, will represent MSU at the Regional Collegiate Soil Judging contest Saturday at the University of Illinois.

Major attention was given to problems of innovation and adjustment, price trends and policies and other topics related to creative marketing action.

The only girl majoring in soil science at MSU, Miss Patricia Vogel, Garden City, junior, will be one of the representatives.

An outstanding staff composed of MSU faculty members from the department of marketing and transportation administration and other distinguished marketing executives led the study sessions.

Participants hailed from firms in Illinois, Kentucky, New York, Pennsylvania, Wisconsin and Massachusetts.

The program is a continuing education activity of the MSU College of Business and Public Service.

## Non-existent College Honors Eisenhower

## With Electricity Yet! East Shaw 'Hoboes' Ready to Stage Authentic Jungle Party in Box Car

The popular hobo pastime of "trading the rats" will get a working over Saturday night when the boys of precinct five in East Shaw throw their Hobo Party — complete with a real, full-size box car.

With the return of warm weather and Stein the party idea was rejuvenated. Next came the task of clearing the party with the administration. After a brief hesitancy, due to the uniqueness of the idea, the party was cleared.

Rapids and arranged to route in down to East Lansing.

But the temporary inhabitants of this box car won't have to be on the lookout for the railroad detectives. For not only do the buns have the permission of the Chesapeake and Ohio Railroad to use the car, but the railroad is bringing in the car from Grand Rapids just for the party and setting it up on campus complete with a platform to allow easy entrance and exit from the car.

Brown found the boys one of the C&O's newest and biggest aluminum box cars in Grand Rapids and arranged to route in down to East Lansing.

The University agreed to send a truck down to pick up the loading platform and to wire the car for lights.

The car will be used for dancing and entertainment and a hobo jungle equipped with charcoal grills will be set up outside the car for refreshments.

The idea, easily one of the most original to hit MSU in a long time, began last Fall term.

Speculation among the party planners is that this is the first time in history that a legal, coed, hobo jungle wired for electricity, has ever been set up.

The next logical step was to bring the freight yard to the party. Stein contacted Ray Brown, the C&O agent in Lansing and he agreed to supply a box car for the students. But before the idea could go any farther, cold weather set in, Stein left to attend Mexico City College and the hoboes went into hibernation.

The present Social Chairman, Don Stein, New York City, junior, recalled a party he had attended once in a freight yard.

Requirements for the fellowship include a bachelor's degree, high scholastic ability and work or school experience in the field of highway traffic administration.

Participants hailed from firms in Illinois, Kentucky, New York, Pennsylvania, Wisconsin and Massachusetts.

The fellowship is offered for master's degree work in the fields of traffic safety organization, administration, traffic safety and public information or related areas.

Applications must be sent to the Director, School of Police Administration and Public Safety by June 1.

## Dulles Assumes Another Job

Foster Dulles took on another job Thursday, in a touching little hospital ceremony that seemed to please him.

Dulles, sick and unable to do in his office, there was no doubt about it, you treatment was up.

President Eisenhower, a man who likes to mix sentiment with the chores of office, drove out to Walter Reed Army hospital and handed his old friend a commission as special consultant on foreign policy.

The job carries a White House cabinet rank and questions to to just how much a year.

Dulles was up and dressed. For a time at least he was able to rise above the cancer that forced his resignation as Secretary of State a week ago.

chase a neat blue suit, blue shirt and blue necktie.

This was no time to be wearing a bathrobe, his attitude seemed to say. But neither did it call for any long-tailed coat and striped trousers. Dulles

## Viewpoint Plans To Discuss Profs

Maybe the same thing can be said about professors as women — despite their imperfections they're the best thing of their kind we have.

**It might be nice to be an early bird ... but who likes worms**

Whether you're an early bird or not, start your day the nicest way by enjoying a big breakfast or a roll and coffee at Odam's.

The Spartan Breakfast, a slice of ham, 2 eggs cooked to your choosing and a large pan cake (for only 95c) will fill you up and give you that Good Morning feeling. Or if you're rushed for time a roll and a cup of delicious hot coffee will really perk you up.

Stop in Odam's tomorrow and enjoy your favorite breakfast.

**Odam's - the place for perfect coffee**
